Memory	8GB, 16GB, 32GB (LPDDR5 RAM)
Processor	12th Gen Intel® Core™ i5-1245U processor 12th Gen Intel® Core™ i7-1265U processor Options with storage 256 GB and above built on the Intel® Evo™ platform
Security	TPM 2.0 chip for enterprise-grade security and BitLocker support Enterprise-grade protection with Windows Hello face sign-in Windows 11 Secured-core PC
Software	Windows 11 Pro or Windows 10 Pro Preloaded Microsoft 365 Apps[2] Microsoft 365 Business Standard, Microsoft 365 Business Premium, or Microsoft 365 Apps 30-day trial
Sensors	Accelerometer Gyroscope Magnetometer Ambient Color Sensor (Brightness and Color)
What's in the box	Microsoft Surface Pro 9 for Business Power Supply Quick Start Guide Safety and warranty documents
Weight[3]	1.94lb (879 g)

Pen compatibility	Designed for Surface Slim Pen 2* Integrated storage and wireless charging for Surface Slim Pen 2[4] with Surface Pro Signature Keyboard* Supports tactile signals[5] with Surface Slim Pen 2* Supports Microsoft Pen Protocol (MPP)
Keyboard compatibility	Surface Pro Signature Keyboard Surface Pro Keyboard Surface Pro X Signature Keyboard Surface Pro X Keyboard
Storage[6]	Removable[7] drive (SSD) options: 128GB, 256GB, 512GB, 1TB
Battery life[8]	Up to 15.5 hours of typical device usage
Graphics	Intel® Iris® Xe graphics
Ports	2 x USB-C® with USB 4.0/Thunderbolt™ 4 1 x Surface Connect port 1 x Surface Keyboard port
Cameras, video, and audio	Windows Hello face authentication camera (front-facing) Front-facing camera with 1080p full HD video 10.0 MP rear-facing autofocus camera with 1080p HD and 4k video Dual far-field Studio Mics 2W stereo speakers with Dolby® Atmos®[9]
Network and connectivity	Wi-Fi 6E: 802.11ax compatible Bluetooth® Wireless 5.1 technology
Exterior	Casing: Aluminum Colors[10]: Platinum, Graphite, Sapphire, Forest Physical Buttons: Volume, Power
Warranty[11]	1-year limited hardware warranty

*Sold separately.
[1] Requires Dolby Vision® encoded content and video.
[2] Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/Microsoft 365businesstrialinfo.
[3] Weight not including Surface Pro Signature Keyboard and Surface Slim Pen 2 (sold separately).
[4] Sold separately. Software license required for some features. Charger for Surface Slim Pen 2 sold separately. Surface Slim Pen 2 can charge with Surface Slim Pen Charger, Surface Pro Signature Keyboard, Surface Pro X Signature Keyboard, Surface Laptop Studio, and Surface Duo 2 Pen Cover.
[5] Tactile signals with Surface Slim Pen 2 can be experienced on some applications on Surface B&P running Windows 11.
[6] System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface.com/Storage for more details.
[7] Components available through your Surface Commercial Authorized Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required for repair. Opening and/or repairing your device can present electric shock, fire and personal injury risk and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans.
[8] Up to 15.5 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in August 2022 using preproduction software and preproduction Intel® 12th Gen Core™ i5, 256GB, 8GB RAM device. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150 nits with Auto-Brightness and Adaptive Color disabled. Wi-Fi was connected to a network. Tested with Windows Version 11.0.22621 (21H2). Battery life varies significantly with settings, usage and other factors.
[9] Requires Dolby Atmos® encoded content and audio.
[10] Colors available on selected models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration.
[11] Microsoft's Limited Warranty is in addition to your consumer law rights.

Warranty[11]	1-year limited hardware warranty

[1] Surface Pro 9 with 5G comes with Windows 11 Pro on ARM. At this time, Surface Pro 9 with 5G with Windows 11 Pro on ARM will not install some games and CAD software, and some third-party drivers or anti-virus software. Certain features require specific hardware (see aka.ms/windows11-spec). Find out more in the FAQ
[2] Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/Microsoft 365businesstrialinfo.
[3] Weight not including Surface Pro Signature Keyboard and Surface Slim Pen 2 (sold separately).
[4] Sold separately. Software license required for some features. Charger for Surface Slim Pen 2 sold separately. Surface Slim Pen 2 can charge with Surface Slim Pen Charger, Surface Pro Signature Keyboard, Surface Pro X Signature Keyboard, Surface Laptop Studio, and Surface Duo 2 Pen Cover.
[5] Tactile signals with Surface Slim Pen 2 can be experienced on some applications on Surface B&P running Windows 11.
[6] System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface.com/Storage for more details.
[7] Components available through your Surface Commercial Authorized Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required for repair. Opening and/or repairing your device can present electric shock, fire and personal injury risk and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans.
[8] Wi-Fi: Up to 19 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in August 2022 using preproduction software and preproduction SQ® 3, 128/256/512GB, 8/16GB RAM device. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150 nits with Auto-Brightness and Adaptive Color disabled. Wi-Fi was connected to a network. Tested with Windows Version 11.0.22621 (21H2). Battery life varies significantly with settings, usage and other factors.
[9] eSIM support may vary by carrier. Individual device activation for eSIM is supported, however bulk activations leveraging eSIM on devices with Windows 10 are not currently available.
[10] 5G not available in all areas, mmWave in US only. Supports Sub-6 GHz, not available in all areas; compatibility and performance depend on carrier network, plan and other factors. See carrier for details and pricing.
[11] Microsoft's Limited Warranty is in addition to your consumer law rights.

* Sold separately.
[1]System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface Storage for more details.
[2]Surface Pro 8 battery life: Up to 16 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in August 2021 using preproduction software and preproduction Intel® 11th Gen Core™ i5-1135G7, 256GB, 8GB RAM device. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150nits with Auto-Brightness and Adaptive Color disabled. Wi-Fi was connected to a network. Tested with Windows Version 11.0.22000.9 (21H2). Battery life varies significantly with settings, usage and other factors.
[3]Requires Doby Vision® encoded content and video.
[4]Requires Dolby Atmos® encoded content and audio.
[5]Requires license or subscription to activate and use.
[6]Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/m365businesstrialinfo.
[7]Colors available on selected models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration.
[8]Microsoft's Limited Warranty is in addition to your consumer law rights.
[9]Weight not including Surface Pro Signature Keyboard or Surface Pro Keyboard.
[10]Tactile signals with Surface Slim Pen 2 can be experienced on some applications on Surface Pro 8 running Windows 11. Surface Slim Pen 2 sold separately.

Weight[9]	1.7 lb (774g)	**Pen compatibility**	Surface Pro X supports Microsoft Pen Protocol (MPP)
Keyboard compatibility	Surface Pro Signature Keyboard Surface Pro Keyboard		

* Sold separately.
[1]System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface Storage for more details.
[2]Surface Pro X: Up to 15 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in August 2021 using preproduction software and preproduction Surface Pro X with Microsoft SQ® 1 and Surface Pro X with Microsoft SQ® 2, 256GB, 8GB RAM devices. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. Tested with Windows Version 11.0.22000.9 (21H2). All settings were default except screen brightness was set to 150 nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Battery life varies significantly with settings, usage and other factors.
Surface Pro X with LTE Advanced Pro: Up to 15 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in September 2020 (Surface Pro X with Microsoft SQ® 1 and Surface Pro X with Microsoft SQ® 2) using preproduction software and preproduction configurations of Surface Pro X. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. Tested with Windows Version 10.0.19041.1(20H1) and Edge version 85.0.564.51. All settings were default except screen brightness was set to 150 nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Battery life varies significantly with settings, usage and other factors.
[3]Wi-Fi models of Surface Pro X come with Windows 11 Pro on ARM. LTE models of Surface Pro X come with Windows 10 Pro on ARM. Surface Pro X running Windows 10 Pro on ARM does not install 64-bit applications that have not been ported to ARM. At this time, Surface Pro X with Windows 11 Pro on ARM will not install some games and CAD software, and some third-party drivers or anti-virus software. Find out more in the FAQ.
[4]Requires license or subscription to activate and use.
[5]Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/m365businesstrialinfo.
[6]Service availability and performance subject to service provider's network. Contact your service provider for details, compatibility, pricing, SIM card, and activation. See all specs and frequencies at surface.com.
[7]Colors available on selected models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration.
[8]Microsoft's Limited Warranty is in addition to your consumer law rights.
[9]Weight not including Keyboard.

Warranty[9]	1-year limited hardware warranty

[1] Requires Dolby Vision® encoded content and video.
[2] Sold separately. Software license required for some features.
[3] Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. If you activate your trial outside your organization, after 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/Microsoft 365businesstrialinfo.
[4] System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface.com/Storage for more details.
[5] Customer Replaceable Units (CRUs) are components available for purchase through your Surface Commercial Authorized Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. Components will be available shortly after initial launch; timing of availability varies by component and market.
[6] Up to 18 hours of battery life based on typical Surface device usage on Surface Laptop 5 13.5": Testing conducted by Microsoft in August 2022 using preproduction software and preproduction 13.5" Intel® Core™ i5, 256GB, 8GB RAM device. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150 nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Tested with Windows Version 11.0.22621 (21H2). Battery life varies significantly with settings, usage and other factors.
Up to 17 hours of battery life based on typical Surface device usage on Surface Laptop 15": Testing conducted by Microsoft in August 2022 using preproduction software and preproduction 15" Intel® Core™ i7, 256GB, 8GB RAM device. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. Exterior	Casing: Aluminum Power and volume buttons on keyboard Surface Laptop 4 13.5" colors:[1] Platinum with Alcantara® material palm rest Ice Blue with Alcantara® material palm rest Matte Black with metal palm rest Sandstone with metal palm rest Surface Laptop 4 15" colors:[1] Platinum with metal palm rest Matte Black with metal palm rest
Warranty[10]	1-year limited hardware warranty

*Sold separately
**AMD Ryzen™ Microsoft Surface® Edition processor only available in select configurations.
[1] Colors available on selected models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration.
[2] Hard drive is not user removable. Hard drive is only removable by skilled technician following Microsoft provided instructions
[3] Surface Go and Surface Go 2 use a third-party UEFI and do not support DFCI. DFCI is currently available for Surface Laptop 4, Surface Pro 7+, Surface Laptop Go, Surface Book 3, Surface Laptop 3, Surface Pro 7, and Surface Pro X. Find out more about managing Surface UEFI settings.
[4] Advanced Exchange Service is available at no additional charge with the following Surface for Business products: Surface Laptop 4, Surface Pro 7+, Surface Laptop Go, Surface Book 3, Surface Go 2, Surface Laptop 3, Surface Pro 7, Surface Pro X, Surface Pro 6, and Surface Laptop 2. Advanced Exchange is only available in supported markets. Restrictions apply. See Surface for Business warranty page for AES terms and conditions and list of supported markets.
[5] Requires license or subscription to activate and use.
[6] Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/m365businesstrialinfo.
[7] System software and updates use significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000GB. See Surface.com/Storage for more details.
[8] Surface Laptop 4 battery life: Up to 19 hours on Surface Laptop 4 13.5" AMD Ryzen™ 5 Microsoft Surface Edition; up to 17.5 hours on Surface Laptop 4 15" AMD Ryzen™ 7 Microsoft Surface Edition; up to 17 hours on Surface Laptop 4 13.5" Intel® Core™ i5; up to 16.5 hours on Surface Laptop 4 15" Intel® Core™ i7. Battery life based on typical Surface device usage. Testing conducted by Microsoft in February 2021 using preproduction software and preproduction devices. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Battery life varies significantly with settings, usage and other factors.
[9] Requires Dolby Atmos® encoded content and audio.
[10] Microsoft's Limited Warranty is in addition to your consumer law rights.

Disclaimers

* Surface Laptop Go 2 display has rounded corners within a standard rectangle. When measured as a standard rectangular shape, the screen is 12.45" diagonally (actual viewable area is less).
[1] Requires license or subscription to activate and use.
[2] Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See https://aka.ms/m365businesstrialinfo.
[3] System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface Storage for more details.
[4] This device does not contain user serviceable parts. Hard drive is only removable by an authorized technician following Microsoft provided instructions.
[5] Customer Replaceable Units (CRUs) are components available for purchase through your Surface Commercial Authorized Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans.
[6] Field Replaceable Units (FRUs) are components replaceable by Microsoft or a Microsoft Authorized Service Provider.
[7] Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See http://aka.ms/SurfaceBatteryPerformance for details.
[8] Available colors may vary by market.
[9] Microsoft's Limited Warranty is in addition to your consumer law rights.

[1] Testing conducted by Microsoft in November 2021 using preproduction software and preproduction Gemini Lake refresh N4020 device. Testing consisted of full battery discharge with a mixture of active use and sleep state. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook Web, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150 nits with Auto-Brightness. Wi-Fi was connected to a network. Tested with Windows 11 SE 22000.
[2] Testing conducted at Microsoft in October 2021 using pre-production devices and Software. Tested with the inbox 45W PSU under controlled conditions. Device was powered on to desktop screen with default display brightness settings. Actual charge time will vary based on operating conditions. Measured at typical office ambient temperature of 23C.
[3] Testing conducted at Microsoft in October 2021 using pre-production devices and Software. Tested with the inbox 45W PSU under controlled conditions. Device was powered on to desktop screen with default display brightness settings. Actual charge time will vary based on operating conditions. Measured at typical office ambient temperature of 23C.
[4] Requires license or subscription to activate and use.

*Sold Separately.
[1]Excluding Surface Duo Bumper.
[2]Local video playback: Testing conducted by Microsoft in September 2021 using preproduction Surface Duo 2 units and software. Testing consisted of full battery discharge during local video playback on a single screen. Video playback consisted of a repeated 30-minute .mp4 file in 1080p at 24 fps. Device was connected to a cellular network and Wi-Fi was associated with a network. All settings were default except: Wi-Fi 'ask to join' and Adaptive Brightness were disabled, and screen was set to 100 nits. Battery life varies significantly with network and feature configuration, signal strength, settings, usage, and other factors. Battery has limited recharge cycles and cannot be replaced.
Talk time: Testing conducted by Microsoft in September 2021 using preproduction Surface Duo 2 units and software. All settings were default, and device was connected to a cellular network and Wi-Fi was enabled but not connected. Battery life varies significantly with network and feature configuration, signal strength, settings, usage and other factors. Battery has limited recharge cycles and cannot be replaced.
[3]Specified minimum dual battery capacity is 3462mAh.
[4]Network availability and coverage vary by carrier. See your carrier for details.
[5]Use of eSIM requires a wireless service plan (which may include restrictions on switching service providers and roaming, even after contract expiration). Not all carriers support eSIM. Use of eSIM in Surface Duo 2 may be disabled when purchased from some carriers. See your carrier for details.
[6]System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB = 1 Gigabyte. 1 TB = 1,000 GB. See Surface.com/Storage for more details.
