FedRAMP is a federal government-wide program that provides a standardized approach to security assessment, authorization and continuous monitoring for cloud offerings.
Canon U.S.A., Inc. has been granted a Moderate-level Authority to Operate (ATO) for Canon Office Cloud, meaning that Canon has met all relevant FedRAMP security, process, and monitoring requirements and is authorized to operate their cloud solution with customers.
US federal, state, local, tribal, educational, and territorial government entities, organizations subject to government regulations, such as hospitals, health insurance carriers, financial companies, government contractors, and critical infrastructure, can leverage Canon Office Cloud to support their print-related objectives. Eligibility is subject to validation.
