General Instructions

Section references are to the Internal Revenue Code

Purpose of Form

Use Form 8271 to report the tax shelter registration number the IRS assigns to certain tax shelters required to be registered under section 6111 ("registration-required tax shelters") and to report the name identifying number of the tax shelter. This information must be reported even if the particular interest is producing net income for the filer of Form 8271. Use additional forms to report more than 10 tax shelter registration numbers. **Note:** A tax shelter registration number does not indicate that the tax shelter or its claimed tax benefits have been reviewed, examined, or approved by the IRS.

Who Must File

Any person claiming or reporting any deduction, loss, credit, or other tax benefit, or reporting any income on any tax return from an interest purchased or otherwise acquired in a registration-required tax shelter must file Form 8271. If you are an investor in a partnership or an S corporation, look at item G, Schedule K-1 (Form 1065), or item C, Schedule K-1 (Form 1120S). If a tax shelter registration number or the words "Applied for" appear there, then the entity is a registration-required tax shelter. If the interest is purchased or otherwise acquired by a pass-through entity, both the pass-through entity and its partners, shareholders, or beneficiaries must file Form 8271.

A pass-through entity that is the registration-required tax shelter does not have to prepare Form 8271 and give copies to its partners, shareholders, or beneficiaries unless the pass-through entity itself has invested in a registration-required tax shelter.

In certain cases, a tax shelter that does not expect to reduce the cumulative tax liability of any investor during the 5-year period ending after the date the investment is first offered for sale may be considered a "projected income investment." Such a tax shelter will not have to register, and thus not have to furnish a tax shelter registration number to investors, unless and until it ceases to be a projected income investment. It is possible, therefore, that you may not be furnished a tax shelter registration number, and not have to report it, for several years after you purchase or otherwise acquire your interest in the tax shelter. If you are later furnished a tax shelter registration number because the tax shelter ceased to be a projected income investment, follow these instructions. However, you must file Form 8271 only for tax years ending on or after the date the tax shelter ceases to be a projected income investment.

Note: Even if you have an interest in a registration-required tax shelter, you do not have to file Form 8271 if you did not claim or report any deduction, loss, credit, or other tax benefit, or report any income on your tax return from an interest in the registration-required tax shelter. This could occur, for example, if for a particular year you are unable to claim any portion of a loss because of the passive activity loss limitations, and that loss is the only tax item reported to you from the shelter.

Filing Form 8271

Attach Form 8271 to any return on which a deduction, loss, credit, or other tax benefit is claimed or reported, or any income reported, from an interest in a registration-required tax shelter. These returns include applications for tentative refunds (Form 1045 and 1139) and amended returns (Form 1040X and 1120X).

Furnishing Copies of Form 8271 to Investors

A pass-through entity that has invested in a registration-required tax shelter must furnish copies of its Form 8271 to its partners, shareholders, or beneficiaries.

However, in the case where (a) the pass-through entity acquired at least a 50% interest in one tax year in a registered tax shelter (and in which it had not held an interest in a prior year), and (b) the investment would not meet the definition of a tax shelter immediately following the acquisition if it had been offered for sale at that time, the pass-through entity need not distribute copies of Form 8271 to its investors. The pass-through entity alone is required to prepare Form 8271 and include it with the entity tax return.

Penalty for Not Including Registration Number on Return

A \$250 penalty will be charged for each failure to include a tax shelter registration number on a return on which it is required to be included unless the failure is due to reasonable cause.

Enter the social security number or employer identification number shown on the return to which this Form 8271 is attached.

THE FORD FOUNDATION
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of The Ford Foundation (the Foundation) are prepared on the accrual basis. The significant accounting policies followed are set forth below:

Investments

Equity and fixed income investments are generally valued based upon the final sales price as quoted on major exchanges. However, certain fixed income securities are valued based upon yields or prices of securities of comparable quality, coupon, maturity and type as well as indications as to values from brokers and dealers. Short-term investments generally represent securities with maturity of 1 year or less and are valued at amortized cost. Limited marketability investments, representing amounts in venture capital and equity partnerships, are valued at the quoted market price for securities for which market quotations are readily available or an estimate of value (fair value) as determined in good faith by the general partner. Significant changes affecting the values of these limited marketability investments that occur between the time net asset values are last communicated by the general partner and the close of the Foundation's fiscal year are reflected in the fair value.

Transactions are recorded on a trade date basis. Investment related receivables and payables are included in the accompanying statements of financial position as part of investments at fair value. Realized and unrealized gains or losses on investments are determined by comparison of specific costs of acquisition (identified lot basis) to proceeds at the time of disposal, or market values at the last day of the fiscal year, respectively, and include the effects of currency translation with respect to transactions and holdings of foreign securities. Dividends and interest are recognized when earned.

Cash

Consists of cash on hand and operating bank deposits.

Program-Related Investments

The Foundation invests in projects that advance philanthropic purposes. These program-related investments are mainly loans outstanding for up to 10 years at below market interest rates and are presented at net realizable value based on an evaluation of recoverability that utilizes experience.

Fixed Assets

Land, buildings, furniture, equipment and leasehold improvements owned by the Foundation are recorded at cost. Depreciation is charged using the straight-line method based on estimated useful lives of the particular assets generally estimated as follows: buildings, principally 50 years, and furniture, equipment and leasehold improvements, 3 to 15 years.

Expenditures and Appropriations

Grant expenditures are considered incurred at the time of approval by the President of the Foundation. Uncommitted appropriations that have been approved by the Board of Trustees are included in appropriated unrestricted net assets.

Taxes

The Foundation qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, accordingly, is not subject to federal income taxes. However, the Foundation is subject to a federal excise tax.

The Foundation follows the policy of providing for federal excise taxes on net appreciation (both realized and unrealized) on investments. The deferred provision for federal excise tax represents taxes provided on net unrealized appreciation (depreciation) on investments

Risks and Uncertainties

The Foundation uses estimates in preparing the financial statements in conformity with generally accepted accounting principles which require management to make estimates and

assumptions. Actual results may differ from these estimates. The most significant estimates and assumptions relate to valuation of limited marketable securities, allowances for possible losses on program-related investments and employee benefit plans.

Accounting for Derivative Instruments and Hedging Activities

The Foundation records all derivative instruments, as defined in accordance with accounting principles generally accepted in the United States of America, at their fair value. The fair value adjustment is recorded directly to the invested asset and recognized as an unrealized gain or loss in the statements of activities.

NOTE 2 – INVESTMENTS

Investments held at September 30, were as follows:

	<u>2004</u>		<u>2003</u>	
	<u>Fair Value</u>	<u>Cost</u>	<u>Fair Value</u>	<u>Cost</u>
	(in thousands)		(in thousands)	
Equities	\$ 6,042,267	\$ 4,190,563	\$ 5,446,096	\$ 4,102,042
Fixed Income	3,044,052	2,987,111	3,025,184	2,903,708
Short-Term Investments	356,691	358,577	463,253	472,586
Limited Marketability	<u>1,049,951</u>	<u>1,692,250</u>	<u>884,413</u>	<u>1,637,294</u>
Total	<u>\$ 10,492,961</u>	<u>\$ 9,228,501</u>	<u>\$ 9,818,946</u>	<u>\$ 9,115,630</u>

Included in investments are \$125.8 million and \$77.2 million of investment-related receivables and payables for pending transactions, respectively, in fiscal year 2004 and \$317.3 million and \$329.9 million in fiscal year 2003

The Foundation purchases and sells forward currency contracts whereby the Foundation agrees to exchange one currency for another on an agreed-upon date at an agreed-upon exchange rate to minimize the exposure of certain of its investments to adverse fluctuations in currency markets. As of September 30, 2004 and 2003, the Foundation had

foreign currency contracts with notional amounts totaling \$170.8 million and \$305.9 million, respectively. Such contracts involve, to varying degrees, risks of loss from the possible inability of counterparties to meet the terms of their contracts. Changes in the value of forward currency contracts are recognized as unrealized gains or losses until such contracts are closed.

NOTE 3 - FIXED ASSETS

At September 30, fixed assets are comprised of:

	<u>2004</u>	<u>2003</u>
	(in thousands)	
Land	\$ 3,736	\$ 3,736
Buildings, net of accumulated depreciation of \$23,712 in 2004 and \$22,859 in 2003	9,793	10,540
Furniture, Equipment and Leasehold Improvements, net of accumulated depreciation of \$47,076 in 2004 and \$44,719 in 2003	<u>19,375</u>	<u>22,016</u>
	<u>\$32,904</u>	<u>\$36,292</u>

NOTE 4 - PROVISION FOR FEDERAL EXCISE TAX

The Internal Revenue Code imposes an excise tax on private foundations equal to 2 percent of net investment income, which is defined as interest, dividends and net realized gains less operating and capital losses on partnership investments and expenses incurred in the production of income. The tax is reduced to 1 percent for foundations that meet certain distribution requirements. In fiscal years 2004 and 2003, the Foundation satisfied these requirements and is therefore eligible for the reduced tax. The provision for federal excise tax (based on a 1 percent rate in fiscal years 2004 and 2003) consists of a current provision on net investment income. A deferred excise tax provision is recognized on current net unrealized gains on investments.

The amount of excise taxes paid were \$6.5 million and \$3.1 million in fiscal years 2004 and 2003, respectively.

NOTE 5 - RETIREMENT PLANS

The Foundation's defined benefit pension plans and the defined contribution plans cover substantially all New York appointed employees (staff who are locally appointed by overseas offices are covered by other retirement arrangements). Pension benefits generally depend upon age, length of service and salary level. The Foundation also provides retirees with at least five years of service and who are at least age 55 with nonpension postretirement benefits which include medical, dental and life insurance. The defined benefit pension plans are annually funded in accordance with the minimum funding requirements of the Employee Retirement Income Security Act. The nonpension postretirement benefits are not funded by the Foundation.

Discount rate	6.00%	6.25%	6.00%	6.25%
Expected return on plan assets	7%	7%		
Rate of compensation increase	4%	4%		

For measurement purposes, a health care cost trend rate of 9% and 10% was used to measure the accumulated postretirement benefit obligation at September 30, 2004 and 2003,

respectively. The health care cost trend rate is assumed to decrease ratably to 5% by the fiscal year 2008 and thereafter.

	<u>Pension Benefits</u>		<u>Other Benefits</u>	
	(in thousands at September 30)			
	<u>2004</u>	<u>2003</u>	<u>2004</u>	<u>2003</u>

Employer contribution	1,400	10,970		
Benefits paid	696	298	2,192	1,883

The expense recorded by the Foundation related to contributions to the defined contribution plan aggregated \$4,882,000 and \$5,080,000 for the years ended September 30, 2004 and 2003, respectively.

The Foundation's weighted-average asset allocations at September 30 by asset category are as follows:

	<u>Pension Benefits</u>		<u>Other Benefits</u>	
	<u>2004</u>	<u>2003</u>	<u>2004</u>	<u>2003</u>
TIAA-CREF Group Annuity Contract	55.7%	62.5%		
CREF Stock Variable Annuity	31.3%	26.4%		
CREF Inflation-Linked Bond Variable Annuity	6.7%	5.6%		
TIAA Real Estate Variable Annuity	<u>6.3%</u>	<u>5.5%</u>		
	<u>100.0%</u>	<u>100.0%</u>		

The investment strategy is to manage investment risk through prudent asset allocation that will produce a rate of return commensurate with the plans' obligations. The Foundation expects to continue the investment target allocations as noted above in 2005. The Foundation's overall expected long-term rate of return on asset assumption is based upon

historical returns of the investment target allocations adjusted to reflect expectations of future returns. The Foundation does not expect to have a contribution requirement to the pension plans in fiscal year 2005.

Estimated future benefit payments, which reflect expected future service, as appropriate, are expected to be paid as follows:

	<u>Pension Benefits</u>	<u>Other Benefits</u>
	(in thousands at September 30)	
2005	\$3,170	\$2,302
2006	1,686	2,417
2007	1,873	2,538
2008	1,642	2,664
2009	1,616	2,798
2010-2014	7,594	12,661

NOTE 6 - CONTINGENCIES, COMMITMENTS AND GUARANTEES

The Foundation is involved in several legal actions. The Foundation believes it has defenses for all such claims, believes the claims are substantially without merit, and is vigorously defending the actions. In the opinion of management, the final disposition of these matters will not have a material effect on the Foundation's financial position.

As part of its program-related investment activities, the Foundation is committed to provide \$27,568,000 of loans to not-for-profit organizations once certain conditions are met. Further, as part of its investment management activity, the Foundation is committed to additional funding of \$539,966,000 in private equity commitments.
