

# Education Solutions

Kensington®

smart. safe. simple.™

## Tablet Solutions for Teachers and Students

Don't lose a minute of valuable learning time due to broken or stolen tablets. Protect and secure your iPads with these innovative solutions.

Fact: 30% of iPad® deployments in the US are in Education.\*

## Create a Convenient Workstation in or out of the Classroom with a Kensington Keyfolio

In the classroom and on the go, the Kensington KeyFolio delivers productivity and the protection the education environment demands. The Bluetooth® keyboard is the ultimate productivity booster with a built-in stand that adjusts to the perfect position. There are even SecureBack models that add theft protection. And no matter which KeyFolio you choose, you'll gain complete screen and case protection for the iPad.

## Help Protect a School's Greatest Asset

Kensington education solutions are designed to protect a school's most valuable asset - learning time. By maximizing productivity and usability, plus eliminating downtime due to device damage and theft, Kensington accessories for tablets, laptops, and PCs allow you to make a significant positive impact on the classroom.

Compatible with iPad

## Rugged Cases, Worry Less – Learn More

Nothing can cut into learning time like a damaged or stolen iPad. Kensington Rugged Cases for iPad are built to protect the iPad in the demanding K-6 environment. Each features a tough padded case and a beefy handle that doubles as a convenient stand. Rugged Security Case models add theft protection.

Fact: 5-10% of school iPads are damaged annually
