Product **Description**

The ViewSonic VA2261-8 is a 22"(21.5" viewable) Full HD LED Monitor which is ideal for business or home usage. It features 1080p resolution which delivers stunning image quality and more detailed content. ViewSonic's exclusive ViewMode feature provides intuitive presets that deliver optimized screen performance in different applications. Besides, Flicker-Free technology and a Blue Light Filter help to eliminate eye strain from extended viewing periods for improved productivity. VGA and DVI provides flexible connectivity, and a VESA-compatible mount adapt easily to multi-monitor or wall-mount set ups.
