

POWERED FOR
HIGH PRODUCTIVITY.
DEMANDING EFFICIENCY.

WHAT DO YOU HAVE TO SAY?

HP LaserJet M9040/M9050 MFP

The HP LaserJet M9040/M9050 MFP is perfect for large, demanding workgroups looking for a fast, high quality, high-volume business laser MFP that offers low cost of printing and ownership. Together with A3 printing, copying, scanning, and optional faxing¹, its productivity-driven features help simplify and streamline workflow. This well-rounded productivity device is suited to help enterprises enhance office efficiency and cost savings, while delivering superior performance and outstanding print quality to meet the demands of large workgroups and departments.

Exceptional performance for high-volume printing

Fast first-page-out in less than 8 seconds
— shorten print and copy jobs

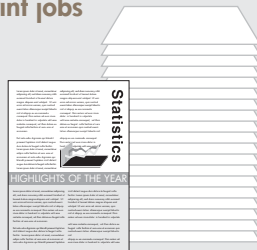

HP LaserJet M9040 MFP
Print/Copy
up to **40**
ppm black

HP LaserJet M9050 MFP
Print/Copy
up to **50**
ppm black

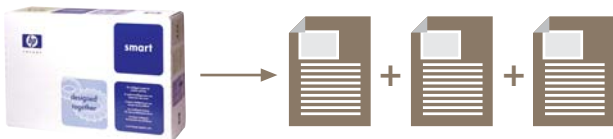

Built to handle high-demand print jobs

Monthly print volume of
up to **300,000 pages**

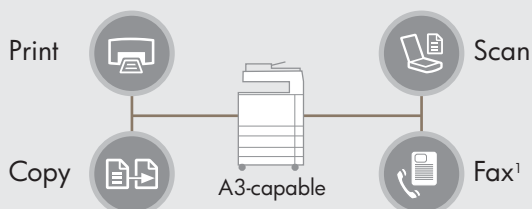

Total input capacity of
3,100 pages

Get sharp print quality and high-volume output with advanced print cartridge technology

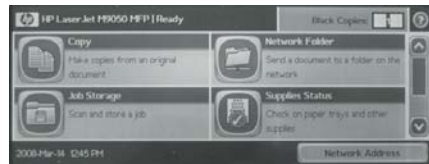

High performance features, one easy-to-use device

Enhance user experience and ease of use

HP Easy Select Control Panel — easy to navigate and troubleshoot, available in localised languages

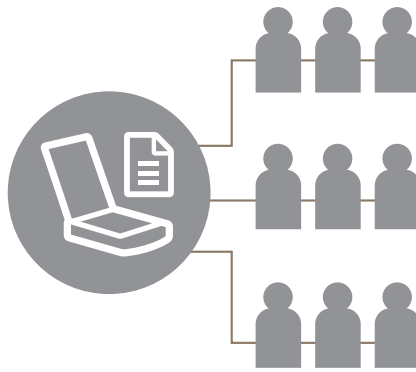

Work in the language of choice² with the Input Method Editor (IME)

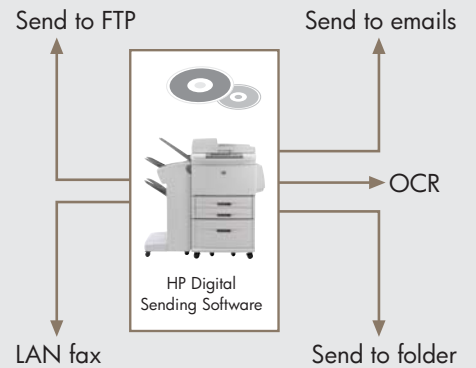

- Simplifies workflow with native language option for better productivity
- Reduces the need to train every operator, saving time and resources
- Allows for future addition of required languages

Improve workflow

Scan-to features — easily capture documents electronically

HP Digital Sending Software³ — cost-effective digital workflows

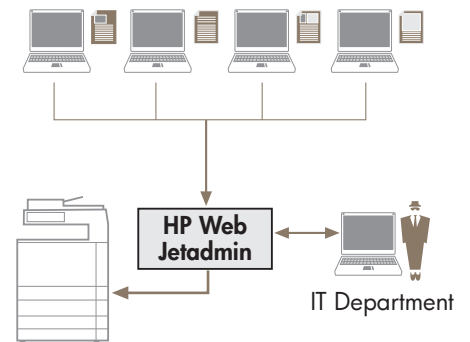

Cost effective and uncompromising security features

- HP Secure Erase technology
- Private printing

HP Web Jetadmin — provide full fleet connectivity and management from a standard web-browser

¹ Via optional HP LaserJet MFP Analog Fax Accessory 300.

² Comes preloaded with Simplified Chinese, Traditional Chinese, Japanese, Korean, with more optional languages available.

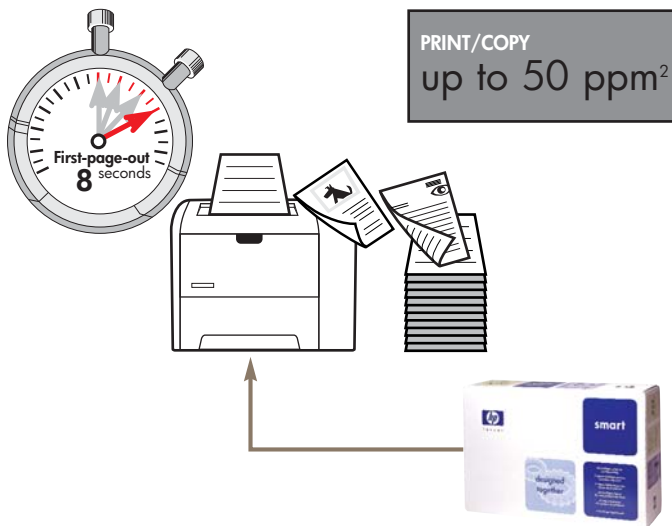

³ Optional software sold separately.

Exceptional performance for high-volume printing

The HP LaserJet M9040/M9050 MFP delivers A3-capable general office-use printing, copying, scanning, and optional faxing¹ on a high performance black-and-white laser MFP. It meets the needs of demanding workgroups of up to 50 users with fast, high-volume, cost-effective printing and copying — reducing complications and costs, while enhancing stability and security.

High productivity with fast prints

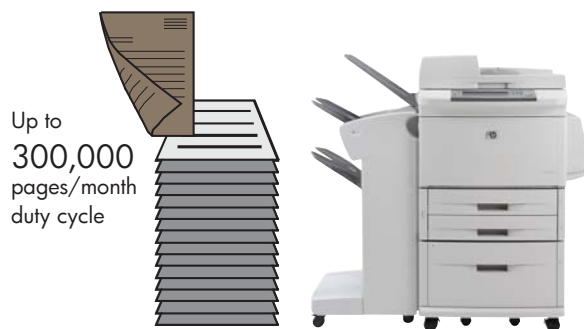

Improve productivity and reduce waiting time

Experience exceptional print and copy speeds of up to 50 ppm², and fast first-page-out under 8 seconds, reducing the time required for print jobs to be done.

Built to handle high-volume departmental printing

Enhance productivity with robust 300,000 pages per month duty cycle that handles heavy printing jobs easily. An input capacity of up to 3,100 sheets, and high-output, intelligent cartridges provide for high-volume jobs while minimising intervention rates to lower costs.

300,000 pages a month—tough enough to take on departmental workloads

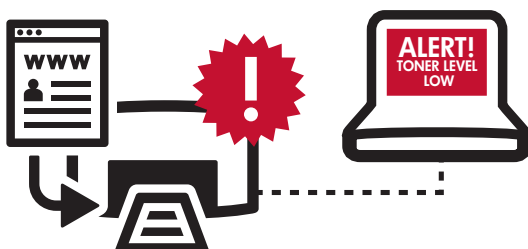

Capture images and create high-impact documents easily

Print and scan wide-format documents such as spreadsheets or architectural drawings with the A3 capabilities. Built-in colour scanner delivers up to 600 x 600 dpi for high image quality.

Process complex jobs effortlessly

Equipped with 533 MHz processor, 384 MB memory (upgradable to 512 MB) and Memory Enhancement technology (MEt) that almost doubles effective memory by compressing data.

Manage with ease through HP Smart printing technology

Proven print reliability and consistency with HP Smart printing technology

Built-in HP Smart printing technology intelligently communicates with the device to optimise and calibrate output quality, monitor print jobs and supplies level. This ensures consistently high quality prints and hassle-free management.

¹ Via optional HP LaserJet MFP Analog Fax Accessory 300.

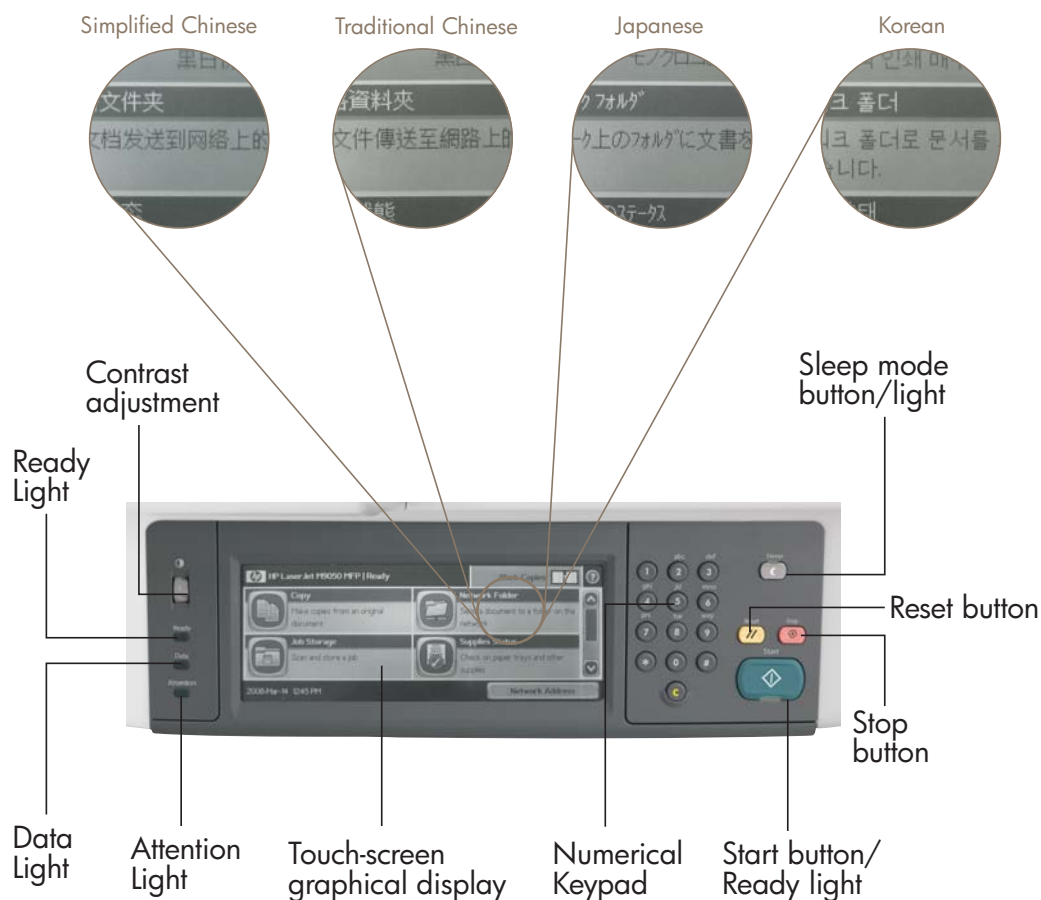

² Print speed of up to 50 ppm for HP LaserJet M9050 MFP, up to 40 ppm for HP LaserJet M9040 MFP.

Enhanced features and functions for productivity and smoother workflow

Improve user experience and ease of use with intuitive and user-friendly controls, functions and features.

Award-winning¹ HP Easy Select Control Panel

Designed for simple and user-friendly navigation and troubleshooting, the HP Easy Select Control Panel is available across all HP LaserJet MFPs, providing a familiar and consistent user experience. With an intuitive touch-screen display that clearly highlights available applications, hassle-free troubleshooting and installation wizards to assist with setup, and advanced print management with customisable settings for individual jobs, users enjoy ease of use and confidence over a full range of advance print features. Now available in a variety of Asian languages.

Added flexibility with Input Method Editor (IME)

Improve productivity and consistency across the laser MFP fleet by allowing the user to easily work in their native language. The Input Method Editor (IME) provides Asian language input at the control panel and allows computer users to enter characters and symbols not found on their keyboards (Simplified Chinese, Traditional Chinese, Japanese, Korean), with more optional languages available.

¹ Buyer's Lab gave HP a "Pick of the Year" award in December 2006 for "Outstanding Achievement for the User Interface Design of its Multifunction Printers."

Engineered to help optimise and manage IT infrastructure and improve document workflow

The HP LaserJet M9040/M9050 MFP is more than just a multifunction device. With added printing and imaging solutions, these devices are designed to improve document-intensive processes, accelerate business results and enhance user efficiency.

Simplify workflow and save time

Streamline work processes with easy-to-use scan-to-email and additional digital sending features that help your workgroup easily integrate hardcopy and digital documents into one workflow for reduced manual labour.

Scan-to features — scan directly to email/network with a PC

Gain better insights into usage and cost, while increasing security

These HP LaserJet MFPs come with a host of third party solutions, such as job accounting, authentication, and card reader functions, features that also help save time spent on managing the HP LaserJet MFPs.

HP Secure Erase technology — Built-in security capabilities safely erase job files and histories from the hard disk in three methods:

- All associated files can be overwritten upon job completion
- User data stored in the form of Proof and Hold, Quick Copy, and Stored Jobs can be overwritten at specific time intervals
- Overwrite the entire contents of the hard drive when it is decommissioned or redeployed

Private printing — Four standard and one optional job retention features enable private printing:

Proof and hold — Quick and easy way to print one copy and proof it before printing the remaining copies.

Personal Job — Protects confidential documents. Job will not be printed until released with a 4-digit Personal Identification Number (PIN).

Quick Copy — Prints the requested number of copies of a job and stores a copy on the laser MFP's hard disk for future printing.

Stored Job — Allows download of a print job to the laser MFP's hard disk to be printed when required.

Pull Printing — Saves document electronically in the device, or on a server, until authorised user is ready to retrieve and print.

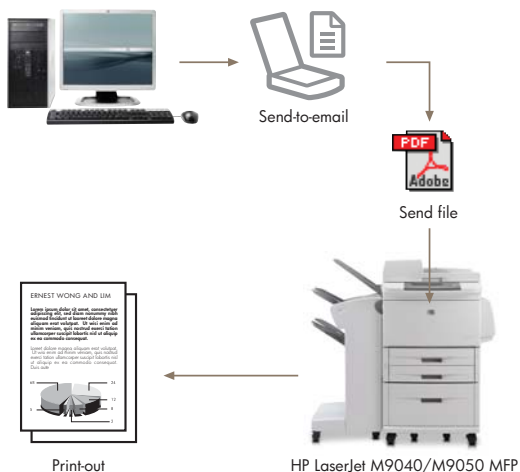

Enhance security with user authenticated printing

Confidential document

Only prints after keying access code

Simplify document workflow

Lower cost, more productivity and better security

Reduce the cost of physically handling, storing and distributing paper documents with the optional HP Digital Sending Software¹. By transforming paper documents to electronic formats, the organisation benefits from:

- Improved productivity and increased competitiveness by allowing content to be more readily available and processes initiated faster
- Simplified sharing, editing, storage, retrieval and printing by merging paper and digital data
- Enhanced efficiency, productivity and cost reduction by incorporating paper documents into business process
- Greater confidentiality and added security with user authentication, file encryption, and the option of erasing the laser MFP's hard drive

Enhance productivity and performance

Reduce costs and accelerate business results by optimising IT infrastructure, manage printing environment, improve document-intensive processes and security.

Ascent Capture — Converts information from scanned and electronic documents into digital form and routes the data to an archive, database or any next process in the workflow.

SecureJet — Protects and encrypts print jobs from the application to the physical delivery of the document to the intended recipient. It offers greater security control over sensitive print jobs.

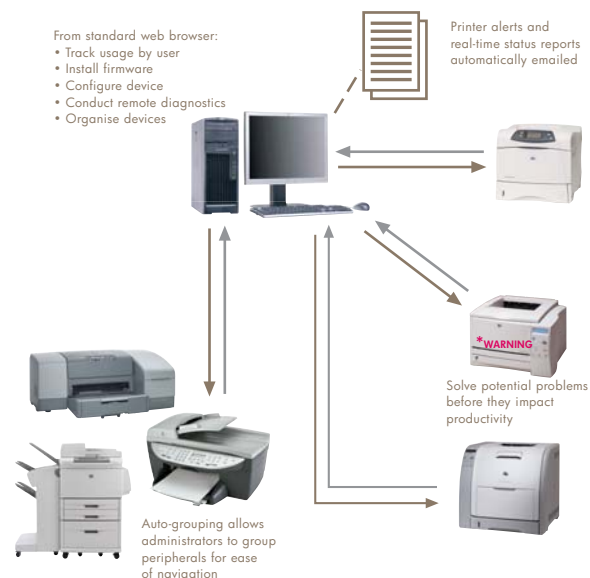

MegaTrack In Printer Agent (MIPA) — Records and monitors printer and laser MFP activity directly at the device. This precise accounting of printing function can then be used to track copying, faxing and scan-to-email functions.

HP Digital Sending Software¹ — Authenticates users at device level and sends documents to email, folders, ftp, LAN-fax, printer or document OCR. Optional HP Digital Sending Software streamlines your document workflow by incorporating paper documents into business processes to improve efficiency and productivity, and to save cost.

Protect and encrypt sensitive print jobs

Manage your print environment easily

Effective IT resources deployment

Save time and resources with HP Embedded Web Server, which provides customisable email status alerts and allows performing of diagnostics, job tracking and accounting remotely. HP Web Jetadmin provides full connectivity and management over a fleet of printers from a standard web browser. You can install, monitor, troubleshoot, and manage printing supplies with ease.

Highly manageable networking

The HP LaserJet M9040/M9050 MFP is designed to integrate seamlessly into all major networking environments. The powerful HP Jetdirect Gigabit Ethernet Embedded Print Server is compatible with most major network operating systems and protocols, providing a simple and reliable way of sharing printing devices.

Hassle-free supplies management

HP SureSupply² saves time and minimises work with proactive supplies management.

¹ Optional software sold separately.

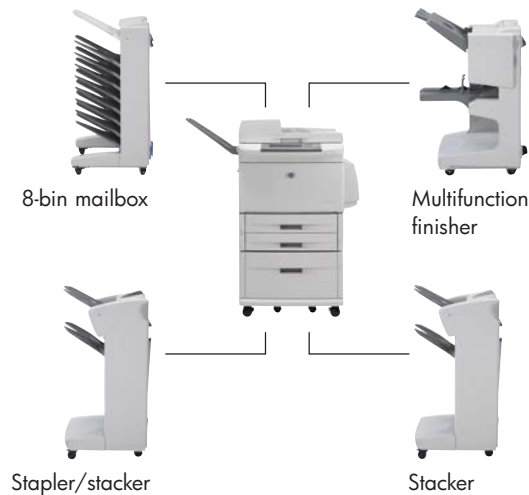

² HP SureSupply programme features and availability may vary by country. For more information, visit www.hp.com/learn/suresupply

Versatile paper handling features for professional-quality documents

Designed to meet a wide range of office printing needs, turn digital documents into complete, ready-to-use booklets or stapled reports in one simple step with the optional multifunction finishing options.

Finishing options to meet your needs

One of the following paper handling options must be ordered with every purchase of either the HP LaserJet M9040 or M9050 MFP

Achieve professional results effortlessly

Create professional-looking prints in-house while saving the time and cost spent outsourcing print jobs. Business documents can come in glossy heavyweight covers, white content pages and saddle-stitched with a host of functions and finishing options such as:

- An 8-bin mailbox that can be configured as a sorter/collator, stacker, and job separator, and allows each bin to be assigned to individuals, workgroups, or departments for easy job retrieval
- A 3,000-sheet stacker accessory with automated stacking and job offset processes to avoid tedious manual sorting
- Multi-position stapling for up to 50 sheets of paper in addition to stacking and job offset functions
- A multifunction finisher which provides a stacking capacity of 1,000 sheets, staples up to 50 sheets of paper per job, folds sheets into booklet-styled sets, and supports saddle-stitching for booklets of up to 10 sheets of paper

Take advantage of versatile features

Save time and eliminate wastage without hassle

With paper trays that feature automatic media size detection, these HP LaserJet MFPs deliver accurate printing and reduce media and toner waste.

Save on costs and resources

Dual-head colour scanner for two-sided copying and scanning saves time and makes paperwork more manageable — virtually doubling input capacity and reducing paper wastage. Automatic Document Feeder provides easy, unattended copying and scanning benefits.

Renowned HP LaserJet quality and reliability

HP Universal Print Driver is precisely designed to simplify the task of managing multiple devices with the use of a single driver. It works with a wide range of HP devices, and effectively reduces IT management costs and help desk calls.

Rely on HP.
PC Magazine's Readers' Choice for service and reliability for 16 straight years.

September 18, 2007 — HP Printers

PC Magazine Readers' Choice Award logo is a trademark of Ziff Davis Publishing Holdings Inc. Used under license.

Be assured of award-winning customer service and support. HP LaserJet MFPs are backed with a one-year, online limited warranty.

HP's commitment for a safer environment

With HP's Design for the Environment initiative, products are designed with their entire life cycle in mind — from product design to manufacturing, and from usage to recycling — in an effort to reduce energy, paper, packaging and materials used, as well as to lower running and wastage costs for users. By providing customers with safe, high quality products that are environmentally-sound throughout their life cycle, HP aims to reduce the environmental impact of our products, and that of our customers.

1 DESIGN FOR ENVIRONMENT

Save power automatically. Using HP Web Jetadmin, you can remotely schedule sleep and wake-up modes or automatically turn off devices on nights and weekends for savings of up to 66 percent in energy costs.

Globally proven energy efficiency. As an ENERGY STAR® partner, HP LaserJet M9040/M9050 MFP meets ENERGY STAR® guidelines for energy efficiency.

Get added value with an environmentally conscious HP LaserJet MFP. The HP LaserJet M9040/M9050 MFP has met stringent requirements to reduce energy consumption, noise levels, and chemical emissions.

2 MANUFACTURING

Use of fewer materials. HP LaserJet toner cartridge packaging uses 45 percent less packaging material (by weight) than previous designs. The more compact package also contains an innovative multi-chamber air bag that protects the cartridge from transport damage, dust, moisture and light. 30 percent more cartridges can be shipped on one pallet (1500 more cartridges can be shipped in one ocean container).

3 USE

Consume less paper by printing on both sides. HP Web Jetadmin and the HP Universal Print Driver make it easy to set automatic duplex printing for the individual printer or an entire fleet, allowing you to reduce the cost and volume of paper used.

Capture and send documents electronically. HP can help automate workflows and help change the way you do business. With the ability to capture and deliver documents digitally, you can speed document-based workflows, virtually eliminate the need for faxing, and lower the amount of paper your organisation uses.

Less extra pages printed. HP Smart Web Printing improves printing from Web pages. Eliminate extra pages and right-edge clipping and enjoy the ability to combine content and print exactly what you want, without wasting resources.

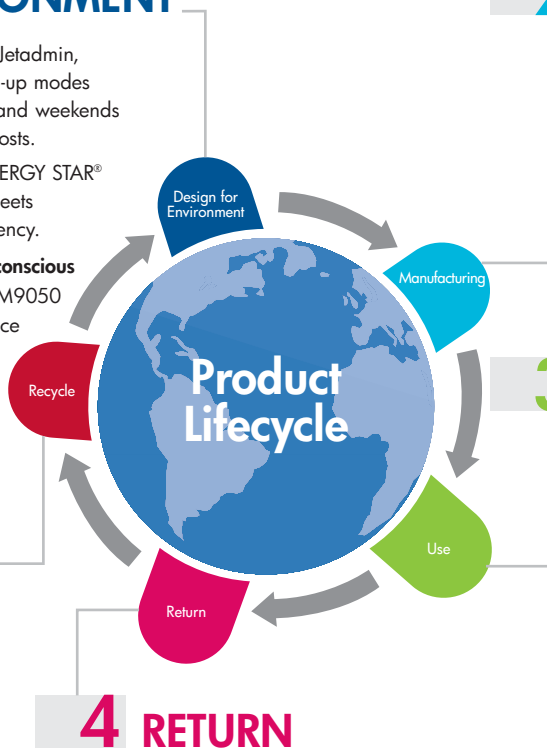

5 RECYCLE

Less waste through recycling. All returned Original HP print cartridges go through a multiphase recycling process where they are reduced to raw materials that are used to make new metal and plastic products.

4 RETURN

Simplify the management and disposal of products. HP Planet Partners¹ — a free, convenient return and recycling programme available in more than 40 countries.

¹ Programme availability varies. HP printing supplies return and recycling is currently available in more than 40 countries, territories and regions in Asia, Europe, and North and South America through the HP Planet Partners programme.

HP award-winning service and support

Efficient, flexible and cost-effective — HP offers you a broad spectrum of extensive Print Services that range from vital hardware repair support and the management of print environments, to a comprehensive, scalable portfolio of customisable service components with end-to-end capabilities that can meet ever-changing business needs.

For more information, visit www.hp.com/sg/enterpriseprint/services

Support Services

What: Choice of high quality support services, delivered by HP for a worry-free printing experience

When you need: Reduced device repair costs and maximised printing uptime across branch and remote office locations

It includes:

- Choice of same day or next day on-site services
- Expert technical phone support
- HP original parts, materials and labour

Smart Print Services

What: An affordable usage-based contract ensuring continuous printing and productivity

When you need: Peace of mind with low total cost of ownership

It includes:

- Choices from a comprehensive fleet of single function and multifunction printers
- Hardware maintenance
- Supplies replenishment
- Device monitoring and usage visibility
- Priority phone support

Managed Print Services

What: Comprehensive and sustainable portfolio of services customised to meet your document capture and output strategies

When you need: Focus on your core business while having control of your imaging and printing network infrastructure

It includes:

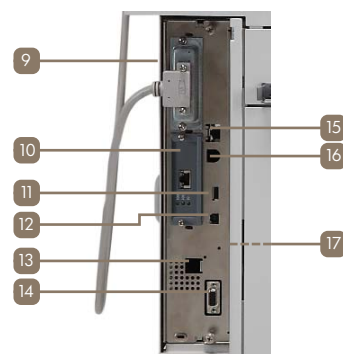

- Assessment Services
- Financial and Procurement Services
- Transition and Implementation Services
- Management and Support Services
- Document and Workflow Services

HP LaserJet M9040 MFP (CC394A)

HP LaserJet M9050 MFP (CC395A)

Print and copy speed¹	Up to 40 ppm (letter/A4)	Up to 50 ppm (letter/A4)
First-page-out	Less than 8 seconds from Ready mode, letter (less than 9.5 seconds, A4)	
Resolution	Up to 600 x 600 dpi; HP FastRes 1200 (1200 dpi quality); HP ImageREt technology	
Features		
Copying	Up to 999 multiple copies, reduce/enlarge from 25 – 400% (from scanner glass), two-sided copying, contrast adjustments, image adjustment, content orientation, N-up, optimise text/picture, crop, move, hide	
Scanning	Colour flatbed scanner and ADF, up to 279 x 432 mm (11.7 x 17 inches); scan input modes: front-panel scan, copy, fax (optional), email; file types: PDF, JPG, TIFF, MTIFF	
Digital Sending	Standard: scan to email; optional: send to folder, authentication, send to LAN Fax, send to printer, send to application; file types: PDF, JPG, TIF, MTIF	
Faxing	Via optional HP LaserJet MFP Analog Fax Accessory 300: Up to 33.6 kbps, fax forwarding, fax polling, broadcasting (up to 100 locations), speed dial (up to 100 lists), auto redialing, Windows [®] faxing supported, fax memory depends on the free storage on the hard drive, telephone mode supported	
Processor	533 MHz	
Memory	384 MB, expandable up to 512 MB; Memory Enhancement technology (MEt)	
Durability ratings	Recommended monthly volume: 15,000 to 50,000 pages ² ; Duty cycle: up to 300,000 pages per month ³	
Paper		
Input	100-sheet automatic document feeder (ADF), 100-sheet multipurpose tray 1, 500-sheet trays 2 and 3, 2,000-sheet tray 4	
Output	Choose one finishing output solution: 3,000-sheet stacker, 3,000-sheet stacker with stapler, multifunction finisher, or 2,000-sheet 8-bin mailbox	
Two-sided printing	Automatic	
Sizes	ADF: A3 (ISO), A4 (ISO), A4-R (ISO), A5 (ISO), B4 (JIS), B5 (JIS), letter, legal, executive, tabloid; 148 x 210 mm (5.8 x 8.3 inches) to 297 x 432 mm (11.7 x 17 inches); Multipurpose tray 1: A3 (ISO), A4 (ISO), A5 (ISO), B4 (JIS), B5 (JIS), letter, legal, executive, tabloid, JPostD; 98 x 191 mm (3.9 x 7.5 inches) to 312 x 470 mm (12.3 x 18.5 inches); Trays 2, 3, and 4: A3 (ISO), A4 (ISO), A4-R (ISO), A5 (ISO) (except tray 4), B4 (JIS), B5 (JIS), letter, letter-R, legal, executive, tabloid; 148 x 210 mm (5.8 x 8.3 inches) to 297 x 432 mm (11.7 x 17 inches); Duplex: A3 (ISO), A4 (ISO), A4-R (ISO), A5 (ISO), B4 (JIS), B5 (JIS), B6 (JIS), executive (JIS); letter, letter-R, legal, executive, tabloid	
Weights	Multipurpose tray 1: 64 – 227 g/m ² (16 – 58 lb bond); input trays 2, 3, and 4: 64 – 199 g/m ² (16 – 53 lb bond)	
Types	Paper (bond, colour, letterhead, plain, preprinted, prepunched, recycled, rough), transparencies, labels, cardstock	
Connectivity		
Interfaces	Hi-Speed USB 2.0 device port, HP Jetdirect Gigabit Ethernet Embedded Print Server, embedded 80 GB hard disk, 1 open EIO slot, Jetlink connection for paper handling device, host USB port for additional functionality, 1 Foreign Interface Harness	
Languages and fonts	HP PCL 6, HP PCL 5e, HP postscript level 3 emulation, direct PDF printing (v1.3) with at least 128 MB memory enabled, XHTML:Print v0.95, HP PJI (Printer Job Language), PML (Printer Management Language); 80 internal scalable TrueType fonts; additional font solutions available	
Client operating systems	Microsoft [®] Windows [®] 2000, XP [®] Home, XP Professional; Windows Vista [®] ready; OS/2 v3.0 or later; Mac OS 10.2x or later; Linux; AutoCAD	
Network operating systems	Microsoft [®] Windows [®] 2000, Server 2003, XP, Windows Vista [®] , 2003 64-bit, XP 64-bit, Vista [®] 64-bit (for Microsoft IPv6 compatible with Windows [®] 2003, XP, and Vista [™]); Novell 5.1 and later; Mac OS X v10.2, v10.3, v10.4 and later; Red Hat Linux 7.x and later; SuSe Linux 8.x and later; HP-UX 10.20, 11.x, 11.i; Solaris 2.5 and later (SPARC systems only); IBM AIX 3.2.5 and later; MPE-iX; Citrix MetaFrame Server; Windows Terminal Services	
Network protocols	IPv4/IPv6: Apple Bonjour compatible (Mac OS 10.2.4 and later), SNMPv1/v2c/v3, HTTP, HTTPS, FTP, Port 9100, LPD, IPP, Secure-IPP, WS Discovery, IPsec/Firewall; IPv6: DHCPv6, MLDv1, ICMPv6; IPV4: Auto-IP, SLP, TFTP, Telnet, IGMPv2, BOOTP/DHCP, WINS, IP Direct Mode, WS Print; Other: IPX/SPX, AppleTalk, NetWare NDS, Bindery, NDPS, iPrint	
Security	Management security: SNMPv3, SSL/TLS (HTTPS), 802.1X Authentication (EAP: PEAP, EAP-TLS), IPsec/Firewall with Kerberos, Certificate, and PreShared Key Authentication	
Minimum system requirements	Windows 2000: 300 MHz processor, 64 MB RAM; Windows XP: 233 MHz processor, 64 MB RAM; 180 MB of free hard disk space, CD-ROM drive or Internet connection Mac OS 8.6, 9.0, 9.04, 9.1, 9.2, Mac OS X v 10.1 and later, 160 MB free hard disk space, 4 MB RAM, AppleTalk	
Dimensions (w x d x h)	With 8-bin mailbox: 1092 x 838.2 x 1219 mm (43 x 33 x 48 inches); With stacker: 1168.4 x 787.4 x 1193.8 mm (46 x 31 x 47 inches); With stacker/stapler: 1168.4 x 787.4 x 1193.8 mm (46 x 31 x 47 inches); With multifunction finisher: 1295.4 x 787.4 x 1193.8 mm (51 x 31 x 47 inches)	
Weight	143 kg (317 lb) (without finishing output solution)	
What's in the box	HP LaserJet M9040/M9050 MFP, 38,000-page black HP LaserJet print cartridge ⁵ ; in-box documentation (Getting Started Guide), software drivers and documentation on CD-ROM, HP Digital Sending Software demonstration CD, control panel overlay, power cable, 100-sheet multipurpose tray, two 500-sheet input trays, 2000-sheet input tray, choice of output paper handling device, automatic two-sided printing accessory (installed), HP Jetdirect Gigabit Ethernet Embedded Print Server, automatic document feeder	
Warranty	One-year, next day, on-site limited warranty	

¹ All printed pages originate from the default tray of a HP LaserJet M9040/M9050 MFP with high-capacity input trays.

² HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

³ Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs.

⁴ Requires software from the NOS vendor.

⁵ Declared yield value in accordance with ISO/IEC 19752. Actual yields vary considerably based on images printed and other factors. Please visit www.hp.com/go/learnaboutsupplies
