LEXMARKTM

Lexmark XC2132

Why Lexmark.

Founded in 1991 from an IBM heritage in Lexington, Kentucky, Lexmark is focused on delivering tailored solutions to solve the unique challenges businesses face. Lexmark's broad portfolio of high quality products, solutions, and services help improve productivity, increase efficiency and empower employees to perform at their best.

Eco-responsible.

Printing responsibly and reducing the impact of printing on the environment is a win for your business and your budget. Our goal is to design, package and deliver innovative products and solutions that produce high quality output with reliable performance. And at the same time, help you minimise the number of cartridges you use over the life of a printer and conserve paper and energy.

The Lexmark Cartridge Collection Programme provides a variety of methods for free returns of your empty cartridges to Lexmark or our collection partners. Programme availability and details vary by country.

Environmental protection is a shared responsibility.

Through work with industry groups, Lexmark helps guide the formation of standards and guiding principles for environmental sustainability.

Our memberships include

- AeA Europe
- Ecma International
- Electronics Industry Citizenship Coalition (EICC)
- DIGITALEUROPE
- European Information & Communications Technology Industry Association (EICTA)
- Information Technology Industry Council (ITI) Environmental Leadership Council

Lexmark XC2132 Overview

Powerful performance. The Lexmark XC2132 multifunction systems will help propel your business forward. Our solutions capable, eco-friendly systems can simplify processes and help you quickly respond to changing business needs.

- Process even the most complex jobs utilising the 800MHz dual-core processing power and up to 3GB of memory, with print and copy speeds up to 30 ppm with time to first page in as little as 10.8 seconds; in black (monochrome)
- Produce professional colour in-house, on demand output with a system that delivers consistent image quality on a diverse range of materials
- Advanced copy functions let you interrupt long print runs to make a quick copy and proof the first copy set before completing your copy job

Accurate Colour. The Lexmark XC2132 Series MFP delivers rich, consistent colour printing that can enhance your company's materials and brand. It's faster and more reliable than ever.

- Professional colour matching - Lexmark Named Colour Replacement and PANTONE® calibration make it easy to develop a consistent brand image by accurate colour matching
- High resolution graphics - with up to true 1200x1200 dpi resolution, images and graphics stay crisp. Lexmark's Unison™ Toner ensures consistent quality, too
- Super fast and quiet output - quickly print, copy and scan up to 30 pages per minute in black only, plus produce a 1-page colour document in as little as 11.5 seconds in colour

Easy and intuitive. The Lexmark XC2132 is designed for easy operation to allow you to stay focused on customer engagements instead of routine maintenance.

- Easy to navigate 17.8-cm (7-inch) touch screen provides audible feedback to make completing tasks intuitive, and with print and scan preview features you can select documents or specific pages within a document
- Extend your environmental responsibility with energy-efficient settings such as the Sleep Button and Hibernate Mode, and instant warm-up fuser helps reduce energy consumption and improve time to first page
- Manage your devices with available software, scan to multiple destinations, including scan to network, email, FTP, fax, and more
- For higher volume print needs, optional input capacity can be added to keep jobs moving

Propel your business forward

Our solutions are designed with your productivity in mind. The Lexmark XC2132 platform lets you interact with business applications directly on the device or with a server, on premise or hosted in "the cloud". Reduce unnecessary printing and simplify work processes with Lexmark solutions.

Lexmark XC2132 Solutions

Navigate to efficiency. The Lexmark colour touch screen is a key access point to your device. The customisable, 17.8-cm (7-inch) interface gives you the ability to preview thumbnails of documents prior to printing, as well as change print job settings at the device. You can even view, select and print specific pages within a document directly from the touch screen. Its easy-to-use, intuitive navigation provides fast access to the functions and shortcuts.

The following are examples of preloaded solutions on XC2132 MFPs.

Multi Send

Capture and route a document to multiple destinations simultaneously and print a copy if you choose. Documents can be routed to email, network folders, or FTP sites.

Forms and Favorites

Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

Scan to Network Basic

Scan a hard copy document and route the image to one of 30 predefined or public shared network folders.

Customer Support

This application provides you with an easy way to send information about your device to your authorised dealer or internal help desk.

Device Quotas

Lexmark Device Quotas allows an administrator to configure user level quotas for print, scan, copy, and outbound fax.

Additional Lexmark solutions are available through your authorised Lexmark Business Solutions Dealers.

Lexmark XC2132 Vertical Solutions

Professional quality output is only part of the story

By leveraging our industry expertise, you can generate efficiency and increase productivity across business processes to gain the power you need to move ahead. Lexmark technology solutions are tailored to your business environment – where business interactions and decisions are happening.

Empower your employees with workflow solutions that refine work processes, capture critical data, and deliver information to the right place, at the right time, and in the right format.

Contact your Lexmark Business Solutions Dealer for specific vertical solutions*. Solutions are customised through your dealer.

* Optional software available. Licensing fees may apply.

Keep sensitive information and documents secure

Lexmark builds network devices with security in mind to protect your data and documents throughout your entire workflow. Our wide range of security functions include device management, device hardening and device operation.

Device management. Tools include administrative access and passwords, HTTPS, SNMPv3, IP security (IPSec), and 802.1x support to remotely monitor and manage device usage.

Device hardening. Includes port filtering, TCP connection filtering, hard disk encryption, hard disk wiping and digitally signed firmware updates that enhance the security of the device's network interface.

Device operation. Reduce vulnerabilities with authentication and authorisation features, address book lookup via LDAP over SSL and device lockout for protection of user information.

Lexmark has shown its strength and leadership with respect to security.

- Forming and chairing the group that created the IEEE 2600 standards for security on hard copy devices.
- Becoming the first hard copy device manufacturer to take a holistic approach with the National Information Assurance Partnership (NIAP) Common Criteria evaluation.

¹ Yield at approximately 5% print coverage per colour. ² "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³ "Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴ Print and copy speeds measured in accordance with ISO/IEC 24734, excludes first set of test documents. For more information see: www.lexmark.com/ISOspeeds. ⁵ Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798.
