

## ClickSafe® Twin Laptop Lock - Master Keyed

K64640M

### Product Description

The Kensington ClickSafe® Keyed Twin Laptop Lock - Master is designed for effortless protection of computers, peripherals and your business's most important data. Locks attach to hardware in a single step. Just one click and it's secure. There's no need for employees to insert a key or follow multiple steps. ClickSafe combines a cable made from superior materials with a tamper-proof disc-style lock to deliver the strongest security available in a cable lock.

### Features

- Free Register & Retrieve™ on-line key and combination code registration for secure key replacement or code retrieval
- Watch employee compliance rates rise! ClickSafe makes security effortless
- Tamper-proof disk-style lock combined with superior materials provide near-impenetrable protection
- Super-strong steel cable provides the strongest physical security on the market
- Attaches to laptops, external hard drives or other peripherals via the Kensington Security Slot found in 99% of computers
- Master access keying protects multiple computers and peripherals with a single master key for the utmost in control
- Security in one step-simplified design protects computers and peripherals with a click
