- High-quality remote assistance and convenient onsite support available the next business day
- Global SKUs: U7899E, UE334E

Zoom Rooms hardware and software

A purpose-built portfolio designed for any conference room configuration with worldwide support from HP.

End-user benefits

• Ready to go

Simplify your Zoom Rooms deployment with a compute device pre-imaged with Zoom Rooms software and packaged with an easy-to-use, moveable 12.3" diagonal Center of Room Control display, HDMI ingest module, and secure port cover.

• One-touch collaboration

Enjoy on-demand calling and flexible accessibility. Easily add attendees and share content with one touch of the anti-glare screen on the Center of Room Control with dual viewing angles and the familiar Zoom Rooms interface.²

• Crisp, clear audio and video

Isolate voices with advanced noise cancellation for clear communication and cast your team in the best light with optional cameras.³

ITDM benefits

- All-in-one configurations simplify purchasing and support
- Familiar end-user interface means easier training, adoption, and provision
- Peace of mind with security at the BIOS level with HP Sure Start G3 with Dynamic Protection—important for a standalone IoT device
- Easy installation and secure cable and port management ensure cables will not “walk away” or be pulled out

Why HP and Zoom Rooms?

Stress-free, worry-free collaboration and conferencing

- Get set up quickly with hassle-free installation and intuitive user operation—no assembly or specialized skills required. Easily manage, deploy, and secure your meeting room system.
- Cut the cable and easily present content wirelessly from your laptop or mobile device to the Zoom meeting.²
- Call control is easier than ever with controls on the HP Elite Slice G2 with Zoom Rooms and the Center of Room Control.
- The bright tri-colored light ring lets everyone in the room know the status of the call.
- HP Noise Cancellation improves collaboration by applying industry-leading noise-filtering technology to all inbound and outbound audio for effective online calls and meetings.
- Make sure that people calling into your conference can be heard and can hear you. Communicate clearly on your call with 90dB of space-filling audio and far-field mic pickup, which allows everyone on the call to participate in the conversation.
- One-touch capacitive controls launch conference calls quickly, saving you time and boosting productivity.
- The port cover on the HP Elite Slice G2 with Zoom Rooms and the optional HP Keyed Cable Lock 10mm help secure your system in the conference room.⁴
- Protect your PC from the ground up with a self-healing BIOS. HP Sure Start Gen3 automatically recovers the BIOS from malware, rootkits, or corruption to help increase security, minimize downtime, and prevent breaches.⁵

The HP advantage

HP offers a platform with security and manageability, engineered for enterprise-class performance, with the added benefits of:

- Global reach and services and support¹
- Fully tested and certified solutions
- Scalable hardware with an extensible collaboration software platform
