<u>Claim For Tax Refund Under Revenue And Taxation Code §§ 5096 & 5097</u> To: Board Of Supervisors, County of Mendocino, State Of California

This claim of Mendocino Redwood Company, LLC, respectfully shows:

Mendocino Redwood Company, LLC (MRC) owns and operates commercial timberland located in the vicinity of Albion and Little River, California. MRC's commercial timberland has been erroneously and/or illegally assessed and taxes have been collected by Mendocino County (the County) under the Albion-Little River Fire Protection District Special Parcel Tax, Measure M, which was recently approved. A map and list of the illegally taxed assessor parcels are attached as Exhibit A (collectively, the Property).

#### State & Local Jurisdiction

Wildland fire protection in California is the responsibility of either the state, local government, or the federal government. A "State Responsibility Area" (SRA) is an area where the state has financial responsibility for wildland fire protection. Public Resources Code (PRC) § 4102 defines SRAs as areas of the state in which the financial responsibility of preventing and suppressing fires is primarily the responsibility of the state.

The prevention and suppression of fires in all areas that are not in a SRA is primarily the responsibility of local or federal agencies. Any county, city, or district may adopt ordinances, rules, or regulations to provide fire prevention restrictions or regulations that are necessary to meet local conditions of weather, vegetation, or other fire hazards. (PRC § 4117.) Local responsibility areas (LRA) include incorporated cities, cultivated agriculture lands, and portions of the desert. LRA fire protection is typically provided by city fire departments, fire protection districts, counties, and by CAL FIRE under contract with local government. (www.fire.ca.gov\_fire\_prevention/fire\_ prevention\_wildland\_faws.php.)

# Boundaries & Jurisdiction Of Albion-Little River Fire Protection District

The Mendocino County Assessor has informed us that the following website depicts the State Responsibility Areas in Mendocino County:

http://bofdata.fire.ca.gov/sra\_viewer/. The referenced website establishes that the Property referenced in Exhibit A and all of the Albion and the Albion-Little River Fire Protection District is located in a SRA.

The Property referenced in Exhibit A is commercial timberland that should not be included in the local district under Health and Safety Code § 13811 and the Forest Practice Act.

Local districts do not have jurisdiction over commercial timberland. Health and Safety Code § 13811 addresses the inclusion of land classified as SRA within a local fire district. Specifically, Health and Safety Code § 13811 provides:

"Territory which has been classified as a state responsibility area may also be included in local districts, *except for commercial forest lands which are timbered lands declared to be in a state responsibility area*... Upon the inclusion of a state responsibility area in a district, whether by formation or annexation, the state shall retain its responsibility for fire suppression and prevention on timbered, brush, and grass-covered lands. The district shall be responsible for fire suppression and prevention for structures in the area and may provide the same services in the state responsibility area as it provides in other areas of the district." (Health and Safety Code §13811, emphasis added.)

Under this statute, commercial timberlands in a SRA cannot be included in a local fire district, even if the commercial timberland lies within the fire district boundaries.

Health and Safety Code § 13811 provides a local district responsibility over fire suppression of structures in an SRA, but a local district's taxing power does not extend to commercial timberland because the statute *clearly and unambiguously* states that commercial timberland in a SRA is not to be included in a district. This language granting exclusive jurisdiction over commercial timberland in a SRA to the state is not in any way modified by the remainder of the statute.

"The words of the statute must be construed in context, keeping in mind the statutory purpose, and statutes or statutory section relating to the same subject must be harmonized, both internally and with each other to extent possible." (*Dyna-Med, Inc. v. Fair Employment & Housing Com.* (1987) 43 Cal. 3d 1379, 1387.) If possible, every word or part should be given significance and harmonize the parts by considering a particular clause or section in the context of the whole. (*Moyer v. Work. Comp. App. Bd.* (1973) 10 Cal. 3d 222, 232.) Additionally, "every statute should be construed with reference to the whole system of law of which it is a part, so that all may be harmonized and have effect". (*Moore v. Panish* (1982) 32 Cal. 3d 535, 541.)

Under § 13811 commercial timberland is not to be included within a local district. Since Albion-Little River Fire Protection District has no jurisdiction over MRC's commercial timberland, it has no power to levy taxes for fire suppression on such timberland.

The state's retention of jurisdiction over commercial timberland is also in harmony with the jurisdictional rules established in the Forest Practice Act.

### The Forest Practice Act Expressly Preempts Local Jurisdiction Of Fire Prevention On Commercial Timberland

Timber harvesting operations in this state must be conducted in accordance with the provisions of the Forest Practice Act (FPA). (*Big Creek Lumber Co. v. County of Santa Cruz* (2006) 38 Cal. 4<sup>th</sup> 1139, 1146-1147.) The FPA was "intended to create and maintain a comprehensive system for regulating timber harvesting in order to achieve two goals: to restore, enhance, and maintain the productivity of timberlands where feasible; and to achieve the maximum sustained production of high quality timber products, while giving consideration to values relating to recreation, watershed, wildlife, range and forage, fisheries, regional economic vitality, employment, and aesthetic enjoyment." (*Big Creek Lumber Co. v. County of Santa Cruz, supra*, at 1147; *Sierra Club v. State Bd. of Forestry* (1994) 7 Cal 4<sup>th</sup> 1215, 1226; PRC § 4513.)

In passing the FPA, the Legislature expressly preempted regulation of the conduct of timber harvesting operations. (*Big Creek Lumber Company, Inc. v. County of San Mateo* (1995) 31 Cal. App. 4<sup>th</sup> 418, 424.) "Public Resources Code section 4513 declares the Legislature intended 'to create and maintain an effective and comprehensive system of regulation and use of all timberlands ....' The Board was directed to divide the state into districts (PRC § 4531) and to adopt 'forest practice rules and regulations' for each district." (*Big Creek Lumber Company, Inc. v. County of San Mateo, supra,* at 424; PRC § 4551.)

"By statute, these district rules and regulations 'shall apply to the conduct of *timber operations*' and deal, inter alia, with *fire prevention*; soil erosion; water quality; watershed and flood control; stocking; protection of young timber growth and soil productivity; control of insects, pests, and disease; protection of natural and scenic qualities; and preparation of timber harvesting plans." (PRC § 4551.5, emphasis added; *Big Creek Lumber Company, Inc. v. County of San Mateo, supra,* at 424; *Big Creek Lumber Co. v. County of Santa Cruz, supra,* at 1152-1153.)

Of particular significance here, PRC § 4516.5 expressly preempts local attempts to regulate the conduct of timber operations. (*Big Creek Lumber Company, Inc. v. County of San Mateo, supra*, at 424.) Although counties may recommend rules and regulations to the State Board, (PRC § 4516.5(a)) "individual counties shall not otherwise regulate the conduct of timber operations, as defined by this chapter, or require the issuance of any permit or license for those operations". (PRC § 4516.5(d); *Big Creek Lumber Company, Inc. v. County of San Mateo, supra*, at 424.)

Pursuant to the FPA, the Board of Forestry has exclusive jurisdiction over fire prevention on commercial timberland. The county and/or a local fire district is preempted from raising fire issues relating to commercial timberland, exercising control over commercial timberland, and is preempted from levying local fire taxes against such commercial timberland.

#### **Conclusion**

The County must refund the taxes paid and not issue tax bills to MRC for its commercial timberland under Measure M.

Wherefore, pursuant to §§ 5096 and 5097 of the Revenue and Taxation Code of the State of California, claimant MRC demands that the Board of Supervisors of Mendocino County, State of California, effect an order directing and authorizing the controllor of the County to refund the claimant the illegally collected first installment of the Albion-Little River Fire Protection District Special Parcel Tax, Measure M, that were paid to the County of Mendocino under protest for the Property in the total sum of \$9,834.18.

Dated: December 8, 2015.

#### Affidavit For Refund Of Real Property Taxes

I, Robert W. Mertz, being first duly sworn, depose:

- I am the Chief Executive Officer of Mendocino Redwood Company, LLC, P.O. Box 996, Ukiah, CA 95482, a limited liability company existing under the laws of the State of Delaware, and on whose behalf I make this affidavit.
- 2. I make this affidavit pursuant to the provisions of § 5096 of the Revenue and Taxation Code of the State of California, claiming refund of taxes that have been erroneously or illegally collected, illegally assessed or levied, or paid on Assessor's clerical error, or erroneous property information supplies by assessee because the Property is not within the jurisdiction of the Albion-Little River Fire Protection District.
- 3. There was paid, on behalf of MRC, for the Albion-Little River Fire Protection

. 5

District Special Parcel Tax, Measure M, taxes levied against the Property. Copies of the tax bills are attached as Exhibit B, amounting to \$19,668.36 for the year.

4. MRC is rightfully entitled to a tax refund of \$9,384.18 for the taxes that were paid under protest for the reasons referenced in the above claim. A refund of such payment has not been previously made by the County.

Dated: December 8, 2015.
