County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 9th day of January, A.D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Claims having been filed from time to time by stenographers for matters pertaining to the Comptroller's office and the County Attorney's office and seemingly in excessive amounts, for instance, stating \$.20 per folio for this work. County Attorney Bohart and Court Reporter Marvin were called and were asked relative to these charges. The only fees shown in the codes comparing with this are relative to depositions given before a Notary Public, the fees for this being \$.20 per folio, and the fees for Court work being 5¢ and 7½¢ per folio. Considerable discussion ensued and the Board allowed 5¢ per folio on Mr. Marvin's bill instead of 20¢ per folio for a copy of transcript given to the County Attorney's office. The original of this was charged and approved through the Justice of the Peace office at \$.20 per folio. This did not meet with Mr. Marvin's approval and he said he would take it up with the Attorney-General's office.

A man by the name of Kirsch met the Board and asked for County aid. He informed the Board that a man owed him some money but that he was unable to collect it. The Board informed him that as long as he had money coming from one who was able to pay that the Board did not feel like using any of the County funds for his assistance.

Cliff Waite and E. E. McMahon were called relative to insurance on the County machinery. After considerable discussion, it was decided to increase Item 7 from \$3,000.00 to \$10,000.00, this increase to be written by Waite-Parkin Co.

Mr. Waite was also asked to cancel the insurance on the Wade property and give the County a refund on the premium.

Surveyor Waldorf informed the Board that he had tried out the County snow plow on the Third Avenue road running as far as Leverich Canyon. He stated in his judgment that it would be poor business for the County to use this plow on unsurfaced roads.

Billy Peete met the Board as one of the officers of the new Gas Users' Association and discussed the probability of bringing the matter before the State Meeting of County Commissioners at Lewistown.

The Clerk was ordered to post notices for an extra session beginning Monday, the 13th of January, 1930, not to exceed two days.

The Board adjourned at five o'clock P. M.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 14th day of January, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Road petition #564 was brought up for discussion. Viewers having reported favorably on this road on April 5, 1928, provided right-of-way and fencing were secured without cost to Gallatin County, said report having been accepted by the Board, and it appearing that said right-of-way had been secured and the road graded during 1929, it was therefore, on motion duly made and seconded, declared a County road and open to traffic.

Road petition #566 by Arthur O. Reed et al. was again brought up for discussion. This petition asked for a new road to be constructed along the C., M. & St. P. right-of-way in Section 31, Twp. 1 South, Rge. 6 East, and connecting County roads No. 90 and No. 139; the petition further asked that as soon as this new road was constructed a certain portion of road No. 139 be closed. Upon investigation, it having been determined that Road #139 should be improved and left open, it was therefore deemed advisable to deny this petition. Upon motion duly made and carried, Petition #566 was denied.

The time having arrived for hearing on closing of the road east of the Brenden house on the old Yellowstone Trail, approximately one mile to the Fort Ellis school, and there being no objectors, same was taken under advisement to see Mr. Brenden, inasmuch as he had now acquired the land lying north of this road, and had requested that a connecting road north with the new Yellowstone Trail be improved. #563

As by former arrangement, a committee from the Chamber of Commerce, consisting of A. T. Rutledge, Chairman of the Building Committee of the local Chamber, Marshall and Richardson, and City Commissioners Purdy and Steffens, and Architect Fred Willson, met the Board for information as to a proposed new Court House. The matter was taken up in detail as to requirements, such as vault space, size of offices, proposed cost, location, etc. The committee was conducted through the various offices in the Court House and the various officers interviewed as to their ideas of their particular requirements in their respective offices.

The Treasurer's report for the month of December was received and approved.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 27th day of January, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf met the Board and reported that he and Attorney Bohart went to Manhattan and made an investigation of the water users on Baker Creek. They found that a number of men who are users of Baker Creek water had torn out the crib which the County had put in sometime before. While this was not done generally by all of the water users, still the man in charge was ordered to tear out the crib claiming that it was an obstruction to the outlet for their water.

On motion made and carried, the Board, together with Surveyor Waldorf went to Manhattan, picked up George Taylor, road and river man in that district, and proceeded to the head of Baker Creek and investigated such heading for approximately a mile up and down the river. Found same all buried in ice, the water being open in only a place or two, and from indications the ice was from one foot to sixteen feet deep. It appeared that nothing could be done until the weather warmed up.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 29th of January, 1930, not to exceed two days.

Constable Voight called the Board's attention to one or more families which the Amalgamated Sugar Co. had shipped into Manhattan for this season's work and that the Sugar Co. had apparently refused to aid them and that they would be on the County. The Board informed Mr. Voight that they would write the Sugar Co. and that in previous dealings the County had always found the Sugar Co. very fair in their dealings with their help.

P. J. Hanley, representative of the Reynolds Tobacco Co., met the Board and left prices on their products.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 28th day of January, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Delmar White of the Russell Oil Co. met the Board relative to handling the County's gas and oil. It was agreed with him that for hauling gas and oil to Bozeman from Belgrade he was to be allowed one cent per gallon, for hauling to the caterpillar outfits one cent up to five miles, one and one-half cents from five to ten miles, and two cents up to thirty miles.

R. J. Quigley and Mr. Ewing of the Forestry Department met the Board, as arranged by Supervisor Abbott, relative to abandoned horses in the Sixteen Mile country. This proposition was discussed pro and con and they were advised how to proceed according to law with petition, etc.

George Arnold, City Manager of Bozeman, met the Board and left copies of the new City Ordinance #170, relative to the Health Unit as between the City of Bozeman and Gallatin County.

Frank Rugman met the Board relative to water from the dragline ditch along F. A. P. #41 flowing into a ditch in which he is interested, then freezing and gorging in the City of Manhattan. He was advised that it was the understanding of the Board that the City of Manhattan had agreed to take care of this water, but that same would be looked up and he would be advised later.

After looking up the records, this was found to be correct, and a letter was written to Mr. Rugman asking him to come in the office next time he came to Bozeman and the agreement would be shown to him.

Carl Brenden met the Board relative to closing a road which had been posted, said road running from his house to the Fort Ellis school. He was advised that the Board had taken action conditionally--this road to be closed if Mr. Brenden would give the County sufficient right-of-way to go down the gulch from just north of his house and across the bottom land to the Yellowstone Trail, or F. A. P. #222, but not closed unless this was granted as he owns most of the land in the vicinity of the old road and the proposed change.

Harry Wood, having presented a petition some little time back and said petition having been returned to him on account of not having the signature of a sufficient number of property owners in the district for a continuation of the road south of the Ravet house and farm, now resubmitted the petition with additional names. Same was given to the Clerk for the purpose of checking the names.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 29th day of January, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

R. D. Rader and Pat Newlan of the State Highway Commission dropped in and met with the Board and discussed various State Highway problems in this County, principally as to the Jefferson Canyon road near Willow Creek. Mr. Rader stated that in his opinion it would be much better for the new road to come across the steel bridge near the Green ranch and then into Willow Creek than over the old Williams bridge as they had at first partially figured.

George K. Clarke, Receiver of the Home State Bank, met the Board relative to procuring the figures on the expense of the County in procuring the Wade-Curtis "forty" which "forty" had recently been sold to the Federal Land Bank of Spokane. This was gone into thoroughly.

Dr. Joseph Piedalue, County Physician, presented a personal bond in the sum of \$2000.00 with himself as principal and A. C. Roecher and E. J. Hines as sureties. Same was approved. X

Deputy Clerk and Recorder Taber presented budget balance sheets for the month of January.

Mrs. Robert Gideon met the Board and stated that she had four children, one of whom was sick at this time, and that she was not able to have a doctor. County Physician Piedalue was called to attend the case.

There appearing to be some misunderstanding with the undertakers of the County as to the burial of the County Poor, Mr. Dokken and Mr. Hagaman were called to discuss the matter. Same was discussed quite freely, they taking the stand that they were losing money at the present rate of \$50.00 per case. The Board informed them that the budget had been set up last July and that this was the price at that time and that in their judgment they did not see how the change could be made at this time. They also informed them that other counties of similar size as Gallatin, for instance Boone County, were getting their cases cared for at \$35.00 each. The two undertakers presented their side of the case and the Board implied that from the talk they would let the old rate run until the first of July or the end of the fiscal year.

The Board received word that the Carney family were in need of further help. A requisition was ordered given them for some groceries.

First 4 1/4% coupon Liberty Loan Bonds, par value	\$18,000.00

Dr. Brewer presented an application for Mrs. Anna Lux for admittance to Galen as a T. B. patient. Mr. Lux accompanied Dr. Brewer and stated he would reimburse the County from time to time for the charges billed the County by the Sanitarium.

In September, 1929, this Board had considerable correspondence with the Jacob Humbird estate relative to a new right-of-way for road through a section of land owned by the estate, being the NW 1/4 of Sec. 13-2N-4E. At that time the estate agreed to give a new right-of-way for the proposed road change if the County would quit-claim the old right-of-way which the County agreed to do with the exception of a portion of the used old right-of-way by Mr. Shanholtzer for entrance to his property.

On motion made and carried, a quit-claim deed was ordered drawn and authorized to be signed by the Chairman and Clerk and Recorder, the description having been made out by the Surveyor.

Mr. and Mrs. Leffingwell of Wilsall met the Board relative to the case of Thomas Broadway who had been drawing an Old Age Pension and living in their vicinity. Some little time back, he was taken sick and the County sent for him and had him brought to the Pinewood Hospital and on his release he was asked to go to the County Farm. The Board deemed it for the best interest of all concerned that he stay at the Farm, but it seemed these people had told him when he was brought to Bozeman that upon his release from the hospital they would come and get him. The Board advised them that the County would not do anything more for Mr. Broadway if he went back to Wilsall inasmuch as they deemed it best for him to stay at the County Farm where he would be close to medical aid and taken care of in first-class manner. They advised that if he went to Wilsall they would not ask for any help from the County for Mr. Broadway, but that they would care for him.

(Road Fund Transfer #3)

A license was issued to H. L. Woods of Livingston for the period of one year for dances to be held at the Bozeman Hill dance hall.

The following letter was received from the State Examiner's Office in answer to an inquiry of February 6th:

"Replying to your favor of the 6th inst., we desire to say that the budgets made for the Justice Court and the Coroner for this fiscal year were undoubtedly based on expenditures for past years, which would be the logical way to arrive at budgets for the next year, therefore the increase of expenditures could not reasonably have been foreseen, and an emergency exists and warrants can be drawn and stamped "Emergency" and paid if there be any moneys in the general fund. If there are no moneys in said fund the warrants should be registered and be provided for in the next budget. This is one method.

"Method No. 2

"You have the authority to make a transfer under "Maintenance and Operation" in some other office or department to "Maintenance and Operation" for Justice Court and Coroner a sufficient amount to cover the excess expense incurred. While the Budget Law gives you authority to do this, it would seem that a suggestion on our part would not be out of place and that is, the Board in the spirit of fairness to other offices and department would refrain from arbitrarily taking any portion of their budget if it worked a hardship upon them."

Mr. and Mrs. Pat O'Ragen of Three Forks met the Board relative to the Farrell property on

Monday the 10th day of February 1930

the lot adjoining their home at Three Forks. After some little talk, the property was priced at \$250.00.

Under the contract entered into by and between the County and the Trustees of the Deaconess Hospital for the remodeling of part of the Deaconess Nurses' Home for use as a Detention Ward, a date of acceptance was to be entered thereon, but inasmuch as a contagious case had been sent to the Detention Ward before its completion, the contract work was necessarily held up. In consideration of the above and also for the use of such equipment as was necessary out of the Main Hospital because of all of the equipment for the Detention Ward not having arrived, this Board deemed it to the best interest of all concerned to now accept said contract and notify the trustees to bill the County for the monthly payment of \$50.00 mentioned in said contract beginning with February 1st and from thence on.

Seth Bohart, County Attorney, turned over to the Board an application for Old Age Pension for Humphrey Barbour, he being the father of Mrs. Agnes Lingren. The Board decided to inform Mrs. Lingren to bring her father in during some meeting of the Board and the matter would be gone over and the proper information secured.

Surveyor Waldorf met the Board and stated the mechanic who had been overhauling the County cars at the County shop was out of work and ready for another car. Dr. Brewer was interviewed relative to a time for sending his car to the shop. He stated he could spare his car about Wednesday. This date was agreed upon.

Mr. Bull was asked to take a petty cash check to the Stapleton family at Manhattan, they having been investigated and found very much in need.

R. Russell met the Board and asked to buy Lots 5 and 6, Block 8 in Ferris Addition to Belgrade. He stated that he would meet the Board again on Tuesday and perhaps would purchase the same.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 19th day of February, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Walter Vogeli met the Board and asked if the County would not send a large truck up the West Gallatin road Sunday, February 23rd, as there was quite a delegation of people, who have summer homes in the Canyon contemplating opening up the road on that day. Both the County and State Engineers reported that they deemed it inadvisable to send any equipment at this time of the year and Mr. Vogeli was so informed.

Clara Morgan met the Board and she was given a requisition for supplies.

Dr. Piedalue presented a bond with the Maryland Casualty Co. in the sum of \$1000.00. Same was approved and the personal bond formerly put up was ordered released.

Wells-Dickey Co. of Minneapolis wired that they thought they could procure \$33,000.00 worth of Gallatin County bonds at \$102.00 and accrued interest. The Board wired them that the Sinking Fund was invested to date, but that they might have some money after taxes were paid in May. The Treasurer was informed of this offer and asked if he would confer with the various local banks and see if any of them might want these bonds.

The Board wired the J. M. Cleminshaw Co. of Cleveland relative to appraisal of the dities and towns of Gallatin County stating that \$5500.00 was the limit for such work and that we were awaiting their answer.

County Agent Bodley and Helen Westlake met the Board and stated that the typewriter in their office was getting quite old and in need of considerable repairs and that they would like to have a new machine. Troy Evans of the L. C. Smith Typewriter Co. offered to put in a new machine at \$112.50, less 7%, and to take the old machine at \$25.00. On motion made and carried, he was given the order for a new machine.

Ernest Montforton living west of Gallatin Gateway about two miles met the Board and informed us that at the foot of the hill at the southwest corner of John Cloninger's ranch the culvert on the Montforton ditch had been badly washed out to the extent of about three feet. He stated that if the Board would give him permission he would throw the ditch up the hill about 30 feet and place there a Gibson culvert about two feet in size which would be ample for the amount of water in the ditch and that he would do this work free of cost to the County. The matter was taken up with Surveyor Waldorf who thought it would be advisable to do this for the reason that the ditch being washed out in the roadway it would be impossible to repair it at the present location.

Duncan McRoberts met the Board and asked for a County cook car to be used at the Fair Grounds during the lambing season, this to be taken on the 19th of February, and to be turned back to the County at any time they would need it, the charge to be \$.20 per day.

Sam Rickels of the Holland district met the Board and asked to drag the road in his vicinity. The matter was referred to Surveyor Waldorf and he said that he would endeavor to get the blade out on the road as soon as possible.

Monday the 14th day of April 1930

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 14th day of April, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Trustees of the Low Line Ditch Company, consisting of Fred B. Williams, E. S. Ecton, Ray Ecton and Pete Dyke, together with Superintendent Jimmie Jones, met the Board and discussed at length the repairing of the damage done to the road below the bridge which was obstructed by weeds just north of the Harmon place. After considerable discussion it was decided that the Ditch Company move their ditch back some thirty or forty feet north and come straight across the road instead of at an angle as it now is, they to procure right-of-way for the County for dirt for repairing the washout, or making the fill, and to repair fences. They further agreed to put in a spillway on the draw just west of this bridge which caused the trouble.

Mrs. Jensen and Mrs. Mann met the Board and were given a requisition for \$5.00 worth of supplies and a ton of coal.

As per order of the District Court as follows, the Mothers' Pensions for the month of March, 1930 were allowed:

IN THE DISTRICT COURT OF THE NINTH JUDICIAL DISTRICT OF THE STATE
OF MONTANA IN AND FOR THE COUNTY OF GALLATIN.

In the Matter of the Mothers'
Pensions for March, 1930.

It appearing to the Court that the authorizations for payment of Mothers' Pensions for the month of March, 1930 have not been presented to the Board of County Commissioners and that the regular session for the approval of the aforesaid authorizations having passed, IT IS NOW ORDERED, and this does authorize, the Board of County Commissioners to approve the authorizations for the Mothers' Pensions for the month of March, 1930.

Dated this 14 day of April, 1930.

B. B. LAW
District Judge.

At a meeting held sometime back, Robert Bryan was to let the Board know about when he thought it would be possible to get up to the Baker Creek heading on the West Gallatin River. He now having left word that it would now be possible to get to this heading, letters were written to the various parties to meet at the road corner by Mr. Bryan's place on Thursday, the 17th of April, 1930 at one o'clock P. M.

Joe Elings met the Board and stated that the old County cook car which he had been using was in bad shape. He was authorized to get enough material to floor and seal the cook car and otherwise fix it up in good shape for the season's use.

Lan Lawrence of Bear Canyon met the Board and reported some bad mudholes in the road caused by springs and said that a culvert would be needed to repair the road. He was informed that at some future time the Board would try to go over this road and endeavor to make arrangements to take care of same. He was given an order for the steel drag which had been used for the past few years in Bear Canyon and which had been left at Bill Saisbury's place, he living on the old Trent place.

Mrs. Ethel Stevens reported to the Board that she had received notice to vacate the house in which she was living. She was asked to look around and endeavor to locate a house and report back to the Board.

Monday the 14th day of April 1930

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 16th day of April, 1930, not to exceed two days.

Bud Story and Monroe Bucy met the Board and stated they thought it might be advisable to take the snow off the road to West Yellowstone, particularly in the corner of the Park in the west end of the County, the balance of the road being fairly well open from information they had obtained. After considerable discussion they were advised to get additional information as to about how long this work would take, etc. and report later.

Tuesday the 15th day of April 1930

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 15th day of April, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board received Notice of a Public Hearing ^{from} George J. Oswald of Butte for the transportation of persons and property by motor vehicles between Harrison and Three Forks, Montana, the time set for hearing being April 24th at two o'clock P. M. at Helena in the office of the Railroad Commission. Same was posted on the bulletin board.

Ezra Allsop, Superintendent of the Farmers' Canal, together with Surveyor Waldorf, met the Board relative to contemplated repairs of the Canal, and more particularly as to waters flowing through natural or diverted ways into their canal from above and as to the probability of providing some way to take care of these waters in other directions. He was advised that the M. P. Lewis drainage water which was now coming out on the Patterson road on V. I. D. #5 would be looked after by the County in the next few days in some manner.

The dragline ditch just south of Frank Gray's house along the west side of the County road could not possibly contribute much water on account of its being so short and no water originating in it other than the overflow of ditches on the west side of it, but if anything did occur or water develop and become a menace it could be thrown across the road to the east side.

The Board received a check from the H. B. McCay Hardware Co. in the sum of \$30.00 in payment of 150 lbs. of powder received by them in 1929.

Walter Sales met the Board and talked over road matters in his district and he was informed that sometime next week the Board would endeavor to go over this particular road and at the same time would call on him to point out the spots to which he was now referring.

T. A. Gunby met the Board and reported that he had worked two days with four men and four horses grading the road and throwing out rocks. The Board agreed to allow him the sum of \$14.00 for this work.

He was also given an order for a grader now in charge of August Rohla at Clarkston to take into his district.

Also an order for a County plow to be used for road work in his locality.

The Board adjourned at five o'clock P. M.

Dear Sir:

Mr. M. P. Lewis has a drainage system on his place of 160 acres, being the Northeast Quarter (NE¹) of Section Twenty-six (26), Township Two (2) South, Range Five (5) East, and an outlet of this drainage system is now and has been for sometime emptying water in the roadside ditch on the west side of the County road, known as the Patterson road or Voluntary Improvement Road #5, this road being on the east side of Mr. Lewis' quarter-section for one-half mile, and this drainage outlet being about midway on his place on this road.

The said water from this outlet is damaging the road for a considerable distance north and running very slowly and seeping into the roadbed, making it very soft and damaging the same by this action. Mr. Lewis formerly had the outlet extended across the road, but the extension in the road is evidently stopped up now. He could probably put it back across the road if he has a right to put the water in this ditch on the east side of the County road. Of course, if this is done, he should comply with the County Surveyor's regulations for culverts across County roads, or the water could be run on his own place down a swale or draw and be cared for in this way.

You are hereby notified of the damage being done to the road as above mentioned and your attention is respectfully called to Sections 1738 and 11464, Revised Codes of Montana, which are as follows and on which we wish you to take action at once:

"1738. Penalty for obstructing or injuring highways. Whoever obstructs or injures, or causes to be obstructed or injured, any highway, or diverts or causes to be diverted any watercourse thereon, or drains or causes to be drained any water from his land upon any highway, to the injury thereof, is liable to a penalty of ten dollars for each day such obstruction or injury remains, and must be punished as provided in section 11464 of the Penal Code. It shall be the duty of the road supervisor to notify the county attorney of any and all violations of this act."

"11464. Injuries to highways, private ways, and bridges. Every person who maliciously digs up, removes, displaces, breaks or otherwise injures or destroys any public highway, or any private way laid out by authority of law, or bridge upon such highway or private way, is punishable by imprisonment in the state prison not exceeding five years, or in the county jail not exceeding one year, or by fine not exceeding one thousand dollars, or by both such imprisonment and fine."

Yours very truly,

BOARD OF COUNTY COMMISSIONERS,
Ex-officio Road Supervisors of
Gallatin County,
By F. L. Benepe, Jr., Chairman

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 21st day of April, A. D., 1930 at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Mowge, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board reports that they met with several of the water-users of the Baker Creek south of the Erwin bridge on Thursday, April 17th, at one o'clock P. M. and inspected conditions from the Erwin bridge to the Cameron bridge, taking in all the various angles of the water proposition in that territory and discussing pro and con with various people the probability of their making one canal or ditch heading just below the Cameron bridge. It seemed to be the consensus of opinion of the majority of the people so interested that it would be best to have a preliminary survey and estimate made in the near future.

The Board received an agreement from nine citizens of the town of West Yellowstone in which they state they will furnish 47 yards of gravel for the jail building to be constructed there.

Surveyor Waldorf reported to the Board that Saturday afternoon he had ordered the dragline north on the Springhill road and while the same was crossing the Nelson bridge, the center of the bridge having first been jacked up, an accident happened, the bridge buckled and the dragline, bridge and all dropped down in the river. He stated he had taken precaution to barricade the road on both ends with good substantial barricades and also lights at night.

On motion made and unanimously carried, he was authorized to remove the present structure and make arrangements immediately to replace the bridge.

Judge Law met the Board and stated that Mr. and Mrs. Leffingwell and Mark Cowan from the Wilsall country had seen him Saturday, inasmuch as the Board was not in session at that time, and asked for some aid for Thomas Broadway. The Judge was informed as to this Board's former action relative to the care of Mr. Broadway.

Judge Law also stated that a telegram had been given him which had been sent to Mrs. Raymond Cook by the Mayo Clinic Social Service stating what the cost would be for her husband's care at Rochester. He further stated that Mrs. Cook is now working for John Holland for \$35.00 per month and that she had previously to taking this job made arrangements for rooms for herself and three children with Mrs. Agnes Campbell. It now appeared that it would take all of the money she could earn to pay for her husband's care at Rochester and that she would be unable to aid very materially her children, who had been left at Mrs. Campbell's place to continue their school activities, and that she was very much worried about their board, room and care. Judge Law was advised the matter would be looked into immediately.

On motion made and unanimously carried, the following Resolution was passed:

RESOLUTION

WHEREAS, It appears to the Board of County Commissioners of Gallatin County, Montana that the estimate for Justice Court Budget No. 211 for the period ending June 30, 1930 was insufficient; and

WHEREAS, It appears that the funds are already exhausted for the payment of witnesses and jurors in criminal cases in said Justice Courts in Gallatin County; and

WHEREAS, Said situation is a public emergency, which could not reasonably have been foreseen at the time of making the budget for said Justice Courts; and

WHEREAS, The law requires that jurors and witnesses in criminal cases in Justice Courts are entitled to payment for their services; and

WHEREAS, No payment could be made to said witnesses or jurors in said cases, other than by a transfer of moneys to replenish said Justice Court Budget for said purposes; and

Monday the 21st day of April 1930

WHEREAS, After due consideration, it is estimated by the Board of County Commissioners that the sum of Three Hundred (\$300.00) Dollars will be sufficient to take care of all witness fees and One Hundred (\$100.00) Dollars is estimated to be sufficient for jurors' fees until June 30, 1930;

NOW, THEREFORE, We, the Board of County Commissioners of Gallatin County, Montana, deeming that a public emergency exists as hereinbefore stated, and that it is necessary to transfer from the General Fund of said Gallatin County to the said Justice Court Budget No. 211 the sum of Three Hundred (\$300.00) Dollars to care for witness fees and the sum of One Hundred (\$100.00) Dollars to care for jurors' fees, hereby direct that a copy of this Resolution shall be published for one week in The Bozeman Courier and a public hearing be had at two o'clock P. M. on the 5th day of May, A. D., 1930, at which time any taxpayer may appear and be heard for or against the transfer and expenditure for money for such alleged emergency.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 22nd day of April, A. D., 1930 at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk & Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, together with Surveyor Waldorf, went to the Nelson bridge on the East Gallatin River and viewed possible road change on both sides of the river for a new structure. Had an interview with R. P. Jones relative to the possibility of the County obtaining some additional right-of-way on his land on the east side of the Springhill road north of the present bridge. He stated for the County to take whatever was necessary and asked if they would not make a little change in the river bed on the north side of the river. Surveyor Waldorf deemed this advisable and this was agreed to.

Mr. Robert Kilbride was phoned, but being unable to connect up with him, it was deemed advisable for Commissioner Moore to interview him on his way home. Mr. Kilbride and Mr. Moore went over the proposed road change adjoining his property and Mr. Kilbride agreed to give the County all of the necessary right-of-way provided the County would change the present fence and in addition supply the posts needed in case the present posts would not be adequate for replacement. He also agreed to do this work to his own satisfaction if the County would pay him for same.

County Clerk & Recorder Harris met the Board and asked for extra help from time to time to assist with election work. He was allowed one extra person.

Guy Saunders having met the Board some little time back and stated that in his opinion the County in constructing the road just east of the Catholic cemetery with the dragline, said road running east and west, had out his supply of water which was running in a slough through Gilkerson's and on which he claimed he had filed and which he had been using on the place he had recently purchased from the State. Mr. Saunders had seen Attorney Bunker relative to this proposition and Mr. Bunker now met the Board and stated that he thought Mr. Saunders would be satisfied if the County would pull some clay down in the bottom of the dragline ditch for the purpose of sealing the bottom of said dragline ditch where he thought they were losing some water by seepage. After considerable discussion, it was deemed advisable to possibly pull some clay down in this borrow pit if Mr. Saunders would sign an agreement that this would be final as to any further cost to the County.

Sam Kelly, a resident of the Horseshoe Hills, met the Board and stated there was a very soft place near the Mt. Zion school and asked if same could not be taken care of. He was advised it would be looked into in the near future.

Mr. Van Weshel living in Yellow Dog Canyon met the Board and asked if the County would not put up a sign at the corner just west of the Pine Butte school with an arrow showing or stating where the Madison River is. He was advised that same would be taken care of in the near future.

Mrs. Rose Pinkerton met the Board and stated that she was out of work, out of money and supplies. After some considerable discussion, she was granted temporary aid in the sum of \$5.00.

Mr. Ferney of Belgrade met the Board and reported the Warren family out of supplies. He stated he had furnished them some groceries a few days prior. It was decided to give him a requisition for \$10.00 worth of supplies for them.

Tuesday the 22nd day of April 1930

Mrs. Agnes Campbell met the Board and stated that she was caring for three of the Cook children, their mother being out at John Holland's at Gallatin Gateway. After considerable discussion, she was allowed the sum of Seventy Cents per day for caring for and rooming said children and was allowed a requisition for \$7.50 for groceries and \$1.00 petty cash for milk for said children.

Dick Murray of West Yellowstone met the Board and discussed matters pertaining to that section of the country.

Mrs. Sadie Baker was given a requisition for \$10.00 worth of supplies.

Minutes of the previous meeting were read and approved.

Wayne Richardson, Secretary of the Chamber of Commerce, met the Board and stated that the road committee had been over the proposed road at the Dale ranch and that Mr. Dale complained of the road being too close to the house and asked if a slight change could not be made. The matter was referred to Surveyor Waldorf and he informed the Board that he had run three lines through the Dale property and he deemed it best not to deviate from the last survey.

Henry Morrison of Manhattan met the Board and made application for an Old Age Pension. He was asked to get two signers on his application.

On motion made and carried, the Board inspected work recently done by the maintainer crew on that portion of the West Gallatin road still maintained by Gallatin County. Found the work done in a satisfactory manner but found that a little bit more work either with the maintainer blade or handwork was necessary at the top of Sage Brush point.

Minutes of the previous meeting were read and approved.

Commissioners Moore and Benepe reported that on Friday they met on the Baxter place near the Nelson bridge with Surveyor Waldorf and George Baxter and deemed it advisable to change the river channel in two places on the Baxter place to which Mr. Baxter agreed. The first change was for the protection of the bridge making a more direct shot of the water under the bridge and the second change was for the protection of the road opposite the Kilbride house, thereby in the future eliminating probable high cost of riprapping, etc. at these two places.

A number of people were consulted of which only Mr. Nash, who runs a restaurant at Belgrade, had seen it. The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 8th day of May, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The following letter was received from the Town Clerk of Belgrade which will automatically put the Town of Belgrade under the County Board of Health as provided by Section 2464 of the 1921 Session Laws of Montana:

"Your letter of April 24th in regard to the Town of Belgrade having made no provision to come in under the County-City Health Unit.

"This matter was taken up at our regular meeting May 5th and Motion made and carried that the Town of Belgrade join the unit.

"Kindly advise if there are any further steps to take in this matter."

A letter was written to him asking if they had sent a copy of their letter to the State Board of Health, and if not, to do so.

Supervisor Abbott of the Gallatin Forest was notified that the Board could meet with him at the Eldridge bridge on Tuesday, May 13th, at approximately 8:30 A. M. He stated this would be satisfactory.

The matter of getting dirt for making a fill in the dragline ditch on the Stevens road for an irrigating ditch that crosses the dragline fill was taken up with Mr. Bull to see if the ground could be secured just inside of his field for making said fill. After investigating, Mr. Bull advised that he could not permit getting the dirt at that place but that the County could use the dirt just on the north side of the ditch.

On motion made and carried, Commissioners Morgan and Moore, together with Frank Breeden and Jack Cain, went up the West Gallatin Canyon to see about moving the Buell cabin up the hill for the purpose of road right-of-way.

Mr. J. W. Winning met the Board relative to the purchase of about 74 feet of old pipe and 34 feet of new pipe. The matter was considered and prices checked by Surveyor Waldorf and he was quoted a price of \$2.31 a foot for the new pipe, \$1.00 a foot for a 20-foot joint of old pipe and \$.75 a foot for some additional three links of pipe. Mr. Winning purchased the same.

Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 14th day of May, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board reports that on May 13th, pursuant to an order of May 12th, they, together with Surveyor Waldorf inspected roads and bridges through the Gallatin Canyon to the Cinnamon Creek ranger station where they met Supervisor Abbott of the Gallatin Forest and all went and inspected the present bridge at Eldridge. It was tentatively agreed that the County and Forestry Department fix up the abutments and piers, put on new pole stringers and a new floor, the cost to be split fifty-fifty. Surveyor Waldorf was asked to get in contact with the Forestry Department and draw up plans and specifications and notify parties who might be interested in the letting of the contract for same.

Then went on up the Canyon to the northwest corner of the Park, found the road a little rough and where the snow had been shoveled off there was considerable mud. Coming out in Gallatin County on the west side of the Park just after crossing Grayling Creek bridge, there was quite a bad place, seemingly several different ones had been getting stuck in this soft, boggy place; inspected the Duck Creek, Cougar Creek and Madison River bridges and on into West Yellowstone, spotted site for the new jail building, for which contract had recently been let, on the lot purchased from Bucy.

Several citizens of that community interviewed the Board about various problems there, the most important of which seemed to be the matter of a Deputy Sheriff being put on earlier this year than heretofore on account of weather conditions opening up activities in their town earlier. They stated that a large number of people were dropping in there and with no police protection the condition was quite bad.

Jay Whitman was interviewed and a deal made with him to corduroy the bad, boggy hole or place in the road near Grayling Creek on the Gallatin road. The local officer of the Forestry Department at West Yellowstone was interviewed relative to getting trees for the corduroying which was readily granted.

The streets of West Yellowstone seemed to be in a good, moist condition to be bladed at an early date, and as the Gallatin road, particularly in the Park, seemed a little tough going, it was deemed advisable while close to the park headquarters at Mammoth to run over to Mammoth and see the superintendent relative to getting a permit, in case it was necessary, to send a road outfit through the Park from Gardiner to West Yellowstone. This was done and Assistant Superintendent Edwards stated that it would be all right and a letter to that effect was given to the Board.

Dr. Brewer of the County-City Health Unit met the Board relative to a nurse for the month of June to do similar work for which the state, through the Sheppard-Towner money, employed a nurse last year. After some talk relative to the benefit of such work, he was authorized to make arrangements for such a nurse for a month or for a part of a month.

Sheriff DeVore met the Board and stated that he had been to West Yellowstone recently and that the citizens of that town had asked him if it were not possible to put on a Deputy Sheriff earlier this year than heretofore as there was quite an unruly condition existing at West Yellowstone at this time which with a peace officer would readily be checked or held in control. After some discussion, the Board deemed it advisable under existing circumstances and authorized the sheriff to put on his deputy as special fifteen days in advance of the regular time.

On motion made and carried, the Board, together with Surveyor Waldorf, inspected the work being done in the vicinity of Willow Creek by Grader Outfit #2, running out on the road to Table Mountain, cutting across at the Earl Davis place and back down the "pole line" road to Three Forks.

E. A. Stiefel of Belgrade, Mr. Stoudt of Manhattan and Ed DeBoer of Amsterdam met the

Wednesday the 14th day of May 1930

Board relative to change of road or building of new road from Vincent to Ancney near the present railroad right-of-way and they were advised that the Surveyor had made a petition for this some little time previous and that it was out for signatures. They were asked if they did not deem it advisable while circulating the petition for the new road to take one along for the abandonment of the old road from Vincent to the Virginia City road near Ancney. They stated they thought this might be advisable.

Mrs. Ethel Stevens was granted a requisition for \$5.00 worth of supplies.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 15th day of May, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Some time ago, Mr. O'Connor, State Scale Inspector, met the Board relative to various scales for which the County had been paying inspection charges and repairs from time to time. He was advised that the Board would take the matter up with the users in the various districts adjacent to the different scales and the following letter was written to the users:

"There has been a scale in your neighborhood for sometime which the County has been keeping in repair and paying the inspection to the State Scale Inspector. We are now going to discontinue this, but thought if you and your neighbors there who use the scale want it badly enough you will get together and keep it up, paying for inspection, etc.

"Please see those interested and let us know as soon as possible whether you want the scale left under these circumstances."

Letters were also written to both railway companies asking them if they would not take over or maintain the scales on or near their right-of-way.

Some little time having passed since the roof on the jail building had been put on, the Board deemed it advisable to order a barrel of top dressing to renew or revive the life of the roof and a 65-gallon drum was ordered from Mr. Dickey of the Arco Company at a price of \$1.30 per gallon, F. O. B., Bozeman, with a discount of 2%.

On motion made and carried, Morgan and Moore went to the Stevens road where the County crew was making a fill on a ditch for irrigation purposes, which had been put through by the dragline. Also went to the Nelson bridge where Taylor and his crew was working and after arriving at the office reported that Mr. Taylor was in need of some 4 x 5's to nail the floor to and asked that they be sent out immediately.

Mr. Voight of Manhattan called the Board and stated that there was a party at Manhattan wanting a small house which the County owns, known as the Gilbert Monroe property. He stated that this party would pay \$4.00 per month as rent for this property. Mr. Voight was informed that if the party would send a check for \$24.00 that he could have the use ~~rent~~ of this property until the last of the year.

Raymond Lewis, administrator of the Buell estate, was again called relative to procuring right-of-way near Cave Creek where they have a lease on a Forestry site and on which they now have two cabins. After some discussion as to the best mode of procedure, whether for the County or for the estate to move their cabin #1 as shown on the Gallatin highway project maps, Mr. Lewis emphatically stated that if the right-of-way and road were put where the white line shows on the present road map sent by the Bureau of Public Roads they would move cabin #1 themselves for \$400.00. This seemed to be the best solution of the problem and it was tentatively agreed upon.

The Clerk was ordered to post notices for an extra session beginning Monday, May 19th, 1930, not to exceed two days.

The Board adjourned at five o'clock P. M.

Mr. G. W. Spring met the Board relative to placing a culvert across the road just east of the N. P. freight line on the Weaver road north of Belgrade. He explained his proposition which was not quite clear to the Board and in his conversation he mentioned that the Railroad Company would take care of the water in some manner. EXAMINER'S NOTES

The records of the Secretary were found to be written up to date and in a neat manner.

Monday the 19th day of May 1930

The Cash Fund balance was in agreement with the account of the County Treasurer.

The outstanding warrants were in reconciliation with the outstanding warrant account as kept by the County Clerk.

With very few exceptions, the claims for the period were in very good form and all were properly approved and systematically filed.

Claims such as the claim for Warrant No. 382, in amount of \$33.50, for the use of a car, should be more fully itemized by showing the basis upon which the charge is made.

The itemization should always appear upon the claim itself, and not by reference to bills, checks and papers attached to the claim; such papers are easily detached and lost, leaving the claim void of any information whatever; further, it is required by law that claims be itemized.

Respectfully submitted,

On motion made and unanimously carried, the following Resolution was passed:

RESOLUTION

WHEREAS, It now appears to the Board of County Commissioners of Gallatin County, Montana that there was no budget appropriation for the item of "Right-of-Way" under the said budget on the Road Fund for the period ending June 30, 1930; and

WHEREAS, It now appears that the U. S. Bureau of Public Roads through an appropriation of \$98,000.00 is to construct a forest highway in the Gallatin Canyon from approximately Squaw Creek to Greek Creek in said canyon and the said Bureau has requested Gallatin County to obtain the necessary right-of-way so that they can advertise for bids for said construction to begin work about the first of July, 1930; and

WHEREAS, Said situation is a public emergency which could not reasonably have been foreseen at the time of making the budget for the Road Fund; and

WHEREAS, The Bureau of Public Roads has always required the Counties in which Forestry highways were constructed or about to be constructed to obtain the necessary right-of-way for such highways; and

WHEREAS, No payment can be made to owners of the necessary right-of-way other than by an appropriation of moneys to an item of "Right-of-way" under the Road Budget for said purpose; and

WHEREAS, After due consideration, it is estimated by the Board of County Commissioners of Gallatin County that the sum of Four Hundred (\$400.00) Dollars will be sufficient to take care of the necessary right-of-way on the Gallatin Canyon Forest Project as before described;

NOW, THEREFORE, We, the Board of County Commissioners of Gallatin County, Montana, deeming that a public emergency exists as hereinbefore stated, and that it is now necessary to set up an item for "Right-of-Way" under the Road Budget of said Gallatin County and to appropriate out of the moneys of the Road Fund the sum of Four Hundred (\$400.00) Dollars to care for said right-of-way on said Forest Project, and hereby direct that a copy of this Resolution shall be published for one week in The Bozeman Courier and a public hearing be had at two o'clock P. EXAMINER'S NOTES.

The Petty Cash Fund has been used for the payment of allowances and aid to the poor, pensions to the old, rents, labor, water rent, supplies for the Health Department and other departments, identification expense, citations and other similar items, some of the aid allowances running back month after month for the past year or more. Payments of this nature are not such as are contemplated or authorized by the law governing the Petty Cash Fund. Only such payments should be made, as must necessarily be paid in cash at the time service is rendered, such as postage, freight, express and similar items. All payments, such as those enumerated above, should be paid by claim in the regular manner provided by statute.

The official bonds of the several officers were found to be properly approved, recorded and filed as provided by statute.

An overdraft in the amount of \$37.19 is shown in the General Fund of School District No. 59. The County Treasurer must not allow an overdraft in any of the funds under his control.

A check must be made of all license accounts and all delinquent licenses collected. Also, all licenses must be collected where a license is required by law and same has not been secured.

The County Treasurer must make up the two registers, "Land Acquired by Tax Deed" and "Tax Sale Certificates and Redemption Certificates." The proper entries have not been made in these registers for a number of years.

The County Treasurer must deposit the county funds under his control, as provided by Chapter 49 of the 1929 Session Laws, same to be distributed ratably among the solvent banks of the county, said banks qualifying therefor substantially in proportion to the paid-in capital and surplus of each such bank, to receive such deposits under the terms of said Chapter 49. An excess deposit in the amount of \$3,867.60 over the approved bonds and securities was shown in the Commercial National Bank of Boseman, such excess deposit was reduced within the approved depository bonds and securities during the examination.

The records of the Public Administrator are not written up promptly. Receipts must be issued for all funds received and such funds deposited with the County Treasurer as provided by law. An overdraft in the amount of \$9.00 is shown in the estate of Julia Baltezar. This estate has been distributed and when all warrants have been presented for payment there will be insufficient funds to meet the last warrant presented. It appears that an error was made by the Public Administrator in computing the matter of distribution.

CLAIMS:

Due care must be exercised before a claim is allowed for payment to see that the same is up to legal requirements as provided by Section 4605, A. C. 1921, that the same bears a complete date, that the itemization is clear and explicit of the services rendered and supplies or material furnished, that the same is duly signed and sworn to, that the date of approval and approval signature of the chairman is indicated on the face of the claim. Your attention is called to the following claims:

No. 3114 and others of the Sheriff, contain items such as "General Investigations, Boseman and vicinity, 150 miles at 12 1/2 cents, \$18.75." Such claims must be fully itemized by setting forth each trip separately.

Tuesday the 27th day of May 1930

No. 3115, the Sheriff charged \$8.00 for six hours service in examining two horses that evidently had been shot, at Three Forks. The Sheriff receives a regular salary and there is no legal authority for any additional charge for services rendered.

No. 3384, Bob Gordon, is not sworn to.

We find many claims for commissions for the collection of rentals on property acquired by the County by tax deed. The Attorney General has held in an opinion which will be found on page 292 of Volume 12 of the Opinions of the Attorney General, that the county cannot legally lease any property that has been so acquired.

The claims for the period examined were found to be in very good form, properly itemized, signed, acknowledged and approved with very few exceptions.

Respectfully submitted,

G. M. Robertson, State Examiner.

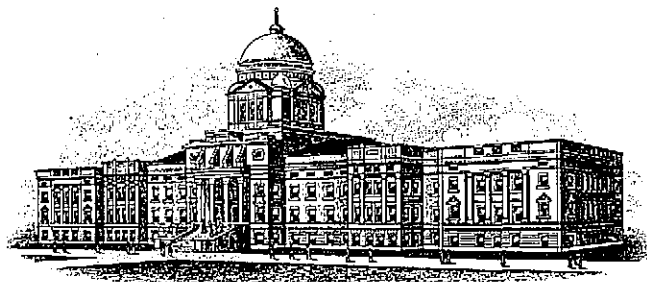

Per R. N. Hawkins, Assistant State Examiner.

A. E. Williamson, Second Assistant State Examiner.

R. A. Lathom, Deputy State Examiner.

We are in receipt of a letter bearing date of June 17, 1930 from Mr. O. L. De Vore, Sheriff of Gallatin County, to the effect that you desired authorization for having eliminated a criticism as made by Mr. A. E. Williamson, Second Assistant State Examiner, against Mr. De Vore in a report covering an examination of your county officials, which reads as follows:

Mr. L

that

"No. 3115, the Sheriff charged \$8.00 for six hours service in examining two horses that evidently had been shot, at Three Forks. The Sheriff receives a regular salary and there is no legal authorization for any additional charge for services rendered."

In a letter to this office of May 29, 1930, from Mr. De Vore, he established to our satisfaction that Claim No. 3115 covered his services as a Veterinarian, and at such time he was not a Sheriff of Gallatin County, therefore, the facts were not known to Mr. Williamson, and the criticism should be eliminated from our report covering the examination, and stricken from your minutes.

A road committee from the Chamber of Commerce consisting of J. R. Chambers, Wayne Richardson and Harold Korslund met the Board relative to a proposed extension opposite Matt Neibel's gate for approximately 500 feet. They were advised that under the petition they were to care for such problems themselves.

- - - - -

Jimmie Jones, Superintendent of the Low Line Ditch Company, met the Board and reported that there had been a leak in the Low Line Canal in Godfrey Canyon which was caused by a squirrel hole and that perhaps 100 inches of water had poured out for a short time at that place. He informed the Board that at this point this was not used at any time any more for a blowout and that unless some other trouble of similar nature came up that this would be entirely eliminated.

- - - - -

Mr. Leh and Mr. Helm of Trident met the Board and stated that the change of the Yellowstone Trail had made a very material change in the flow of the water at that place and that in their judgment it would perhaps be necessary to change the drainage along the trail on the roads leading to Trident. The matter was referred to Surveyor Waldorf and he stated that in his judgment this was probably true and that he would make an investigation and make alterations as needed.

Mr. Leh also asked that some change be made in the rock point west and south of Trident and that he would furnish the powder and powdermen for such change. He was informed that the Board would endeavor to make a change at this place sometime in the future.

- - - - -

C. B. Hawes met the Board and was given a requisition for \$8.00 worth of supplies.

- - - - -

Wales Lillard met the Board and complained that the road running south to his place was in very bad condition and stated that the boys had rolled the large sod up into the center of the road, making the road almost impassable.

Mr. Lillard informed the Board at this time that he would see the neighbors regarding the making of a fill on the road south of the Ft. Ellis school in the second draw, if the County would furnish the necessary equipment, and provided the County would run the blade over this road.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 28th day of May, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, and Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Treasurer Bell met the Board and stated that he had taken from the Belgrade State Bank to secure County deposits 46 registered warrants of School District #44 in the sum total of \$2726.11. Same was approved.

Gene Randall met the Board relative to the Old Age Pension of his father, W. H. Randall, who had recently passed away and for which he had signed an agreement to the effect that he would reimburse the County out of some insurance which had been previously made to him. He stated that now his father had left a will and named an administrator and that it would be quite impossible for him to pay the entire amount of \$540.00, but that he believed he could pay one-half of this bill. Same was agreed to.

Don Christie met the Board and asked that the Board go over the Bridger Canyon road as soon as possible. He stated this road was very rough.

On motion made and carried, Mr. Morgan and Mr. Moore went over the Lillard road on which Mr. Lillard had complained of some very poor work having been done by the maintenance crew. After having looked over this road the entire distance, it was decided that Mr. Lillard was somewhat mistaken in his ideas.

Also went over the Wyatt road and met Mr. M. P. Lewis. The matter was brought up relative to the changing of his water at the place talked about a great many times. Mr. Lewis insisted that he would not have anything to do with this water and that it was strictly up to the County to take care of the matter if they wanted it changed.

Lan Lawrence met the Board relative to the Bear Canyon road and said it was in very bad shape. On motion made and carried, the Board, together with Surveyor Waldorf went up Bear Canyon and inspected this road; found it rough and cut up some. The matter was taken up with one of Frank Heall's sons and he was asked to do some little filling on the worst spots and prepare a small channel to lead the water off the grade.

Jack Johnson of Bear Canyon informed the Board that if he could get the little steel drag which had been used in Bear Canyon and also a plow and scraper that he and Mike Morgan and perhaps others would do some work on this road and try to make it passable. He also said that in his judgment this being only a woods road that it was their duty to assist in work of this kind. The drag, plow and scraper were sent out by Mike Morgan.

The matter of caring for the Warren family at Belgrade was taken up and after discussion it was thought advisable to put the family on a monthly allowance. An allowance of \$20.00 per month was made until further notice.

Bill Taylor of Willow Creek met the Board and stated that he was leaving Willow Creek and would therefore have to resign as Meat Inspector for that place. He suggested the name of Mr. Hilke. After conferring with Wm. Buttlemann of that place, Mr. Hilke was appointed.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 2nd day of June, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Mitchell & DePue of Butte met the Board and asked for specifications for Dry Creek Projects #1 and #2. Copies of same were given them.

Treasurer Bell reported that he had taken from the Security Bank & Trust Co. Custodian's receipt of the Federal Reserve Bank #549 covering First 4 1/2% Liberty Loan Bonds in the sum of \$30,000.00, same to secure County deposits in that bank.

Also that he had taken Receipt dated June 2, 1930 from the Labor National Bank of Three Forks to secure County deposits covering eight warrants of School District J-24 in the sum of \$1690.25. Same was approved.

Mrs. Nate Callantine met the Board and was allowed her rent for one month.

W. P. Dugger called relative to the road running west from the Bob Wyatt ranch. He stated that when watering the land on the north side of the road that the water overflowed the road on account of the levy in which the water was conveyed being in not too good a condition. He further said that if the County would furnish some machinery he would gladly do some work at his convenience to prevent this overflow. He also stated that the dirt at that place was not very plentiful due to the road being narrow. He was informed that the matter would be taken up with Mr. Waite, who is guardian for the owner of the land just south of the road, to see if enough dirt could be obtained to raise the road slightly.

The matter was taken up with Mr. Waite and he informed the Board that sometime at their convenience he would gladly go out and look the situation over with them.

Mrs. Tom Young of Three Forks met the Board about the Mathis family. She stated that she was very well acquainted with conditions and with the family and that in her judgment none of the children were able to support the family for the reason of having such large families themselves that it was rather a difficult matter for them to care for their own families.

A requisition for \$5.00 worth of supplies was issued to Mrs. Jensen and Mrs. Mann.

Dick Hammond called relative to an irrigating ditch. He stated the County a number of years ago had put in a pipe and that it had been badly washed out. He asked if the Board would furnish him a piece of pipe for extension, and if not, if they would sell him a piece in order to remedy the situation. He was informed the matter would be discussed by the Board and a report made to him later.

Ollie Barnes, Chief of Police, met the Board relative to a family consisting of a man, his wife and three children, who were stranded in Bozeman, they being without funds and unable to get out of the City. He stated that the City had kept them over night and that if they could get a little assistance they could probably get to their desti-

nation. They were allowed supplies in the amount of \$5.00.

The time having arrived for public hearing on public emergency to care for road right-of-way as per the Resolution hereto attached, and said Resolution having been advertised as required by law, (Chapter 148, Session Laws of 1929) and there being no protests, on motion regularly made and unanimously carried, the sum of \$400.00 is hereby ordered set up on the records for such road right-of-way.

This situation is one which could not reasonably have been foreseen at the time of making the Road Budget, and inasmuch as the Bureau of Public Roads has always required the County in which forestry highways are constructed or about to be constructed to obtain the necessary right-of-way for such highways, and there being no provision for right-of-way under the Road Budget, and there being danger of the County losing the Government appropriation of \$98,000.00 made for said Squaw Creek to Greek Creek project in the West Gallatin Canyon unless such right-of-way is obtained, it is therefore deemed to the best interest of Gallatin County to make this appropriation at this time.

The Board adjourned at five o'clock P. M.

WHEREAS, The Bureau of Public Roads has always required the Counties in which Forestry highways were constructed or about to be constructed to obtain the necessary right-of-way for such highway; and

Thursday the 5th day of June 1930

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 5th day of June, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion regularly made and carried, the Board inspected roads up Bridger Canyon, down Brackett Creek, in the Sedan country and back down Bridger. Found that the roads from Brackett Creek junction towards Sedan, particularly, had become harrow from stock tramping the upper roadside down. The road on both sides of the divide where the lumber company had been hauling large loads of lumber out was badly rutted.

Received the report of the Clerk and Recorder for the month of May, 1930. Same was approved.

Charles Anceny met the Board relative to licenses for the Yellowstone Park Transportation Company's busses, cars and trucks entering Gallatin County during the season.

Dr. Brewer of the Health Unit met the Board relative to some work on the road from the east end of the Williams bridge to the Health Camp on the Charles Anceny ranch near the head of the Kleinschmidt canal.

The Clerk was ordered to post notices for an extra session beginning Monday, June 9th, 1930, not to exceed two days.

Dr. Brewer met the Board relative to the County furnishing gas for Miss Mostu's car while on duty in the Health Unit. Miss Mostu went to the shop and inquired what kind of gas was being used and she immediately said it was not good enough for her car. Dr. Brewer was called and informed that if this gas was not good enough for Miss Mostu that she could get the gas wherever she pleased and pay for it.

The Board, together with County Treasurer Bell, approved the following depository bonds:

"Mr. T. B. Weir of the Yellowstone Park Transportation Company met with this Board this morning and we arrived at the following relative to licenses for this Company's busses, cars and trucks entering Gallatin County for this season:

"The Company will have made application for the maximum number of such cars, busses and trucks that may come out in our County at any one time. Cars, etc., coming to Gallatin Gateway and to Bozeman and any work or other cars parked around the streets of West Yellowstone to carry Montana plates. Trucks entering the County to pay except when help train comes in and goes out, these excess trucks those days hauling employees' baggage to and from the railroad station, not to exceed two days a year.

"They now have licenses for 2 two-ton trucks, 1 five-ton truck, 7 Lincolns and 44 busses. When this number is exceeded at any one time in coming out in our County, the Company must at once apply for additional licenses to bring the number of such licenses up to this new maximum, which, of course, will be applied to our County.

"You will please advise your deputies, particularly at West Yellowstone, so he can cooperate in this matter and govern himself accordingly."

On motion made and carried, Morgan, Benepe and Surveyor Waldorf went to the Stevens road where the dragline was working and after sizing up the situation from every angle it was decided on account of the soft dirt back on the east side of the dragline to change the ditch crossing up near Mrs. Hoffman's house, thence down on the inside of her field joining at the south line of the Stevens place with the old ditch. It was further decided to eliminate one pipe which Mrs. Hoffman had asked for further south from this point.

On motion made and carried, the Board, together with Surveyor Waldorf, went to the divide up Bridger Canyon as per previous arrangement made with Supervisor Woosley and Forest Ranger Ainger relative to proposed road change on the divide at Battle Ridge. Same was carefully gone over and the parties there were advised to see what aid they could get toward making fills, putting in pipe, bridges, etc. and let the Board know. The County proposed to do the grading while the caterpillar outfit was in that vicinity.

The time drawing near for action on the budget for the fiscal year and on account of crop conditions and general depression all over the country, Harvey Griffin, Manager of the Fair, was called and discussed the feasibility of calling off the County Fair for this fall. Same was gone into in detail and he showed that various contracts for their race circuit program had been completed and in his judgment it would be fatal to call off the Fair at this late date, breaking faith with the circuit which would probably set the Fair back five or ten years by having to go on a minor circuit. The balance of the money on hand at this time showed in the neighborhood of \$9500.00. Mr. Griffin stated they would not ask for any increase in taxes keeping everything down to a minimum.

From there went to the office of the Montana Coal and Iron Co. and endeavored to secure prices and to ascertain whether they would ship coal to Gallatin County. Also went to the office of the Washoe Coal Co. and talked over matters there along the same line. From there went to Billings, stayed overnight, saw T. P. Clemow of the Montana Coal and Iron Co. He informed us that he would take the matter up with the General Sales Agent and report to us at a later date. From there we went to Roundup and met Mr. Maddock and Mr. Bunker of the Roundup Coal Mining Co., Mr. Bunker being the General Sales Manager of the Company. Had quite an interview with the two gentlemen and they asked to have a little time in order that they might go over our proposition and report to us at a later date. Returned to Bozeman the same evening.

Mrs. Romine and Lee Hayes, Trustees of School District #3, and Mrs. Wright, Clerk for that District, met with the Board and school matters in their district were discussed at length.

As per request of Surveyor Waldorf, S. P. Eagle of West Yellowstone was called relative to dragging the streets at that place. Minutes of the previous meeting were read and approved.

The Board met as a Board of Equalization at ten o'clock A. M. The following proceedings were had and done, to-wit:

A committee, consisting of Charles Vandenhook, L. W. Truitt, E. J. Parkin, R. E. Brown and John Lovelace, acting in W. S. Davidson's place, which committee was chosen from a taxpayers' meeting called by the Bozeman Chamber of Commerce for the night of July 28th at the Emerson School in Bozeman, met the Board and discussed at some length the changes of assessment as proposed by the Board for cities and towns. The Committee asked the Board to defer action for another year on proposed changes and to agree for a committee of three to be appointed by Judge Law to sit with the Board as an Equalization Board. Answer to this proposition was deferred until three o'clock and in the meantime the Board discussed the proposition and it was unanimously decided to carry over the contemplated changes in assessment for another year, but that the Board had been elected to care for problems of this kind and they deemed it inadvisable to have any committee appointed by anyone to sit in or pass judgment on any future action.

The following Resolution was put and unanimously carried:

WHEREAS, The Board of County Commissioners has heretofore entered into a contract for the reappraisalment of all real and personal property in all cities and towns within Gallatin County; and

WHEREAS, It has just come to the attention of the Board of County Commissioners that many apparent inequalities have crept into the valuations; and

WHEREAS, It appears to the Board to be humanly impossible to listen to the protests that will be made to such assessment during the time allotted therefor by law; and

WHEREAS, This Board deems it expedient that further evidence be taken for the purpose of making more equal the taxes to be levied in cities and towns;

NOW, THEREFORE, BE IT RESOLVED, That the Notices, heretofore sent out raising or lowering valuations on real or personal property, be and hereby are declared of no effect and void, and that persons will not be required to appear and make objection thereon, and that all valuations will remain as they are, except as to those valuations which shall be hereafter specially noted, or which shall be protested and changed, and that a Notice be given to the public of the action of this Board; and

BE IT FURTHER RESOLVED, That this Board shall spend the entire ensuing year in taking evidence as to change in the method and manner as it shall deem best suited to arriving at equitable valuations.

- - - -

The committee was advised of the action of the Board and they agreed to same and the following notice was given to the various papers of the County:

NOTICE

As the servants of the taxpayers of Gallatin County, Montana, and considering the number of protests that apparently will be submitted to us as a Board of Equalization during the next two weeks, and considering the human impossibility of considered judgment thereon in the few days allotted by law for that purpose, this Board, sitting as a Board of Equalization, has determined that none of the contemplated changes will be made in taxable valuations for this year in cities and towns and that evidence for use in making valuations for the year 1931 will be gathered by this Board during this entire ensuing year, looking toward the equalizing and leveling off of property values which will affect the taxes for the year 1931 and following years.

This Board will expect every taxpayer to lend his assistance for that purpose.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 18th day of August, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Chairman Benepe asked for a thirty-day leave of absence from the State beginning immediately. On motion made and carried, same was granted.

On motion made and carried, Morgan and Moore went to the dragline and inspected the work there.

Also went with Surveyor Waldorf to see the people living in the vicinity of the Rea school on account of it having been reported that some of them were objecting to the dragline going through that road. After investigation it was found that J. D. Huffine, whose land parallels this road for one-half mile, was the only one objecting. Mr. Huffine stated that while he has a gate on this road that he would not ask for any crossing, but seriously objected to having the dragline put in there for the reason that he thought it would drain his ranch.

Mr. Leedham was consulted relative to drainage of this road at the corner of the Cline ranch. Mr. Leedham stated that he would gladly make the ditch large enough to care for the drainage of this water and the dragline could be used for the present ditch running along the road which he now uses. It was decided to make the drainage at that place and build up the road.

There being one party who could not take care of the pipe necessary for his crossing it was decided good business to put in enough pipe for his outlet.

George Miller, Road Supervisor of District #21, met the Board and stated there had been a cloudburst in Sixteen Mile Canyon and that the road was badly washed and in need of repair. He was told the Board would inspect same next day.

Treasurer Bell met the Board and stated that he had taken to secure County deposits with the Security Bank & Trust Co. Custodian's Receipt #572 of the Helena Branch of the Federal Reserve Bank of Minneapolis, said receipt being dated August 14, 1930, and covering Fourth ⁴/₄ coupon liberty loan bonds in the sum of \$3400.00.

Also that he had released Custodian's Receipt #537 of the Helena Branch of the Federal Reserve Bank of Minneapolis put up by the same bank and covering Liberty Loan Bonds in the sum of \$13,400.00.

Both of the above were approved.

Dr. Piedalue met the Board and stated that Pete Jensen and Lee Walker had been in the hospital and were now ready to leave there, but were both still in quite bad condition and asked that they be sent out to the Poor Farm for a short time. The Board asked Dr. Piedalue to have these men meet them and after talking over matters with them and finding conditions about as the doctor had reported them it was decided to send them to the Farm for a short time.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 20th of August, 1930, not to exceed two days.

Also inspected the roads up Sixteen Mile Canyon as far as the Campbell hill and laid out work for Supervisor Miller.

While in Maudlow, the Board interviewed L. D. Smiley relative to taking some bridge plank and putting in a bridge which the Board ^{thought} was of personal interest. Mr. Smiley informed the Board that there were at least three or four different parties using the bridge and if the Board would care to consider it that he would be glad to make it a private bridge, pay for the lumber he had used and allow no one else to cross the bridge. County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 5th day of September, 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf met the Board and stated that it would be an opportune time to get under way for the graveling of the Amsterdam-Vincent road. It was decided to mail information to the subscribers on this road asking them to get their subscription money in the hands of the County Treasurer by September 10, 1930.

The time having arrived to inspect all official bonds, same was done and the bonds were all found in order.

The regular quarterly inspection of the County jail was made.

The Clerk was ordered to post notices for an extra session beginning Monday, September 8th, 1930, not to exceed two days.

A delegation of citizens from West Yellowstone met the Board, their object being to ascertain whether or not the State intended to oil the streets of West Yellowstone to the Park entrance. A telegram was immediately sent to the State Highway Commission at Helena and a reply thereto received, stating that they had no intention of oiling the streets of West Yellowstone to the entrance of the Park at this time.

The time having arrived to appoint Judges of election, the following Judges were appointed and the following Clerks recommended:

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 8th day of September, A. D., 1930, at nine o'clock A. M.

Minutes of the previous meeting were read and approved.

Mr. Leh of the Three Forks Portland Cement Co. of Trident called and stated that Oscar Williams who had worked for the Company up until two weeks ago had come and taken his wife and two children from Trident and left his wife at the Three Forks hospital for medical attention. Mr. Bull was instructed to go to Three Forks and interview her and if possible bring her to the Bozeman hospital. Mr. Bull made the trip and phoned from Three Forks that the hospital there would care for Mrs. Williams at the same rate as the Bozeman Deaconess Hospital and that Dr. Dimon would make no charge for his services to the County.

Wm. Figgins met the Board and said there was a small bridge east of his house which had three or four planks broken out of it and that if the County would send him the necessary planks and a plow and two slips that he would do some road work gratis to the County.

Whitfield Spain from the Owenhouse Hardware Co. and a representative from the International Co. met the Board in the interest of selling the County an International truck.

John Crowley of Logan met the Board relative to the scales at that place. He informed the Board that he would guarantee the inspection of said scales and would keep up the necessary repairs if the County would permit the scales to remain at Logan. He was informed that under these conditions the request would be allowed.

Mr. Cummings met the Board and said he was having hard luck in collecting the money for the Amsterdam-Vincent road. He was asked to see Mr. Steifel of Belgrade, Emmett Brown of Bozeman and someone of the Manhattan people and endeavor to get together and see if collections could not be made at once.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 10th of September, 1930, not to exceed two days.

Minutes of the previous meeting were read and approved.

George Richie and W. H. Lee of Brackett Creek met the Board and brought with them John Ritter, a neighbor living close to them, and stated he was in very bad health and 69 years of age and asked that a doctor give him immediate attention. They also asked if he could not be placed either in the hospital or at the Poor Farm as he was unable to care for himself and was living alone. Dr. Piedalue was called and after making an examination, Mr. Ritter was taken to the hospital for a few days care.

On motion made and carried, Morgan and Moore went to Cottonwood to interview some of the people of that district relative to grading and preparing for gravel the road connecting up the Cottonwood road with the "Black" road south of Gateway. A number of people were interviewed in that vicinity relative to moving the fences on the south side of the John Holland ranch next to the "Black" road. This being quite favorable with them they agreed to assist in moving the fence when it was agreeable with the rest of the people in that locality.

On motion made and carried, this was done, and after viewing the pit location Mr. Waldorf had in mind for this gravel, Wilbur Smith, owner of the property was called, and asked to meet the Board. After considerable discussion, it was agreed to locate the pit at the place determined by Mr. Waldorf.

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 17th of September, 1930, not to exceed two days.

The Board having noticed in the daily papers that the Montana Automobile Association had petitioned the Governor to call a special session of the legislature, particularly to raise funds for the matching of Federal Aid money now available for the State of Montana, a letter was written to the officers of the State Association of County Commissioners calling to their attention the attitude of this Board as had been previously gone into when the State Officers met at our City some few weeks past and urging them to get in touch with the various other counties of the state, and they in turn, either through the Association or through each county, to state their sentiments to the Governor, as to a Special Session, particularly as to not calling such Special Session, inasmuch as it is only approximately 100 days until the regular session of the legislature to take care of such matters at that time.

Jack Nichols met the Board and asked for an Old Age Pension. He was asked to fill out an application blank for same and to get two signers and return the application to the Board.

Gordon Mandeville informed the Board that he was going to thresh soon and if the County cared to secure some wheat for use at the Poor Farm that he would sell to them at the market price and supply the amount needed.

E. F. Bunker, Acting County Attorney, was called and matters pertaining to County interests were taken up with him, particularly as to settling the old claim of the County against the Home State Bank. He was advised to get in touch with Walter Aitken, Attorney for the bank.

Mrs. Kirby McCusker met the Board and stated that she had received notice from the District Judge to the effect that her Pension of \$25.00 per month would be discontinued owing to the release of her husband from the State Prison and that she did not see how she could manage to care for her three children and keep them in school without some aid. She asked if the County could not grant her the same amount she had been getting. She was asked to sign two claims and the Board would decide upon the amount later.

After considerable discussion, the Board agreed to allow her \$20.00 per month.

George Duncan of the Poor Farm was called and asked how much granary room there was at the Farm. He informed the Board that he could easily take care of 100 to 150 bushels of wheat.

The contract for Virginia City road #2 was awarded to the Standard Construction Co. in the sum of \$10,000.00.

Following up suggestions of the State Examiner's office, an agreement was signed by the

Mrs. John Newberry appeared before the Board and stated that her teeth were in bad shape and that she was without funds to have same cared for. After some discussion, she was given authority to have the work done and to have Dr. Holm bill the County not to exceed \$10.00.

On motion regularly made, seconded and carried, the following Resolution was passed:

Minutes of the previous meeting were read and approved.

Morgan and Benepe reported that they, together with Surveyor Waldorf, met with a delegation at Amsterdam the night of the 16th relative to improving the Amsterdam-Vincent section of road. After considerable discussion, they asked if the time for raising the money could not be changed once more to September 24th. The Board reports that, pursuant to an order of September 18th, they went to West Yellowstone, inspected roads on the way up as far as Duck Creek, then down the Hebgen Dam road to the County line. As this road was being worked by the Bureau of Public Roads, it was decided in order to save time to detour around through Madison County via Henry's Lake to West Yellowstone. The Bureau of Public Roads having completed oiling the Targhee Pass road, the section of this road in Gallatin County was observed very closely, it seeming to be a very fine piece of work.

The Board met various property owners at West Yellowstone relative to their oiling problem at the west side of the townsite and discussed the problem pro and con for a considerable time and finally all parties interested on the two proposed roads agreed to consolidate their interests and to oil both the roads making an entire loop in the townsite of West Yellowstone from voluntary subscriptions and without cost to Gallatin County.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 6th day of October, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf called all the members of the Board on Saturday, October 4th, and had a meeting with them and the road committee of the Chamber of Commerce, which committee, together with other signers on the Virginia City road #1, were to furnish right of way for said project. It now appeared that Mrs. Elizabeth Todd Roble objected to granting a small piece of land owned by her for the necessary right of way on this project, which right of way had been signed for on the original petition by her son. Inasmuch as no agreement could be arrived at with her it was now deemed necessary to condemn this strip of ground and an agreement was entered into between the Virginia Road Committee and Gallatin County, whereby said road committee would reimburse Gallatin County for the necessary expense of condemnation proceedings and damages that might be awarded by appraisers. This agreement, having been entered into on October 4th, on motion made and unanimously carried, is now ratified. Said agreement was ordered filed with the Clerk.

On motion made and unanimously carried, the following Resolution was passed:

RESOLUTION

WHEREAS, It appears to the Board of County Commissioners of Gallatin County, Montana that there was no budget appropriation for the item of right-of-way and condemnation proceedings under said budget on the Road Fund for the period ending June 30, 1931; and,

WHEREAS, The County of Gallatin has appropriated funds for building a road known as Virginia City Road #2, the right-of-way for which was to have been procured for the County by the petitioners for the road; and,

WHEREAS, Contracts had been let for the building of portions of said road upon which a strip of right-of-way has now become necessary which has not been secured and upon which condemnation proceedings must be had; and,

WHEREAS, Said situation is a public emergency which could not reasonably have been foreseen at the time of making the budget for the road fund; and,

WHEREAS, No payment can be made to the owners of the necessary right-of-way other than by an appropriation of money to an item of right-of-way under the road budget for said purpose and no money can be expended in condemnation proceedings for commissioners appointed by the Board and the like; and,

WHEREAS, After due consideration, it is estimated by the Board of County Commissioners of Gallatin County that the sum of One Hundred Fifty (\$150.00) Dollars will be sufficient to take care of the necessary right-of-way and condemnation proceedings expense on the said Virginia City road, being Project #2, as hereinbefore described;

NOW, THEREFORE, We, the Board of County Commissioners of Gallatin County, Montana deem that a public emergency exists as hereinbefore stated and that it is now necessary to set up an item for right-of-way under the road budget of said Gallatin County and to appropriate out of the moneys of the road fund the sum of One Hundred Fifty (\$150.00) Dollars to care for said right-of-way and expense of condemnation proceedings and hereby direct that a copy of this resolution be published for one week in The Bozeman Courier and a public hearing be had at two o'clock P. M. on the 15th day of October, A. D., 1930, at which time any taxpayer may appear and be heard for or against the appropriation and expenditure of money for such alleged emergency and the County Attorney or the Special Deputy County Attorney is hereby ordered and directed to bring the necessary condemnation proceedings to secure said right-of-way.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Received the Clerk and Recorder's report for the month of September and also the report for the quarter ending September 30th. Same were approved.

J. H. Harris,
County Clerk.

F. L. Benepe, Jr.
Chairman, Board of County Commissioners,
Gallatin County, Montana.

The Clerk was ordered to publish the above Notice four times in the Bozeman Courier, the official paper.

Treasurer Bell reported that he had sent in for collection \$12,000.00 worth of City of Akron bonds which had been invested from sinking funds money, due in October, 1930, and that he had received proper credit for same.

The Board received the Treasurer's report for the month of September, 1930.

Mr. Russell of Butte called and stated that his Company is now selling the "Coleman" truck and that he understood the County had in mind purchasing a four-wheel drive in the near future for County work. He was informed that if any purchase was made it would be at a later date.

Owen Benson met the Board and asked to go to the Poor Farm. He was given an order to be admitted with the understanding that he is to conform to the regulations of the Farm.

Sam King met the Board and offered some wood for sale, quacken asp and willow, sawed up in stove lengths, for the sum of \$6.50 per cord at the ranch or \$7.00 delivered. He was asked to cord up the wood and the Board would inspect same at a later date.

A. Dornbos met the Board and asked to have the dragline complete the grade west of the Milwaukee railroad on the Virginia City road. He was referred to Surveyor Waldorf, but informed by the Board that if agreeable with Mr. Waldorf and he could spare the dragline, that the Board would permit the dragline to do this work at the rate of \$45.00 per day.

At the regular session of the Board, October 6th, 7th & 8th, various claims were presented to the Board by the Clerk, and after due consideration, the following were allowed and warrants were ordered drawn in payment of same on the various funds of the County:

VIEWERS' REPORT ON ROAD # 572.

To the Board of County Commissioners,
Bozeman, Montana.

Gentlemen:

We, your viewers appointed to view Road #572, wish to report that we viewed said road on October 29th, 1930 and found the following conditions existing:

- (1) That said road would run along the C., M., St. P. & Pac. right-of-way from Sappington to the new State Highway between Sappington and Harrison, a distance of approximately one-half mile, and that said road would be the most practical way of reaching the State Highway from Sappington.
- (2) The Railroad Company is willing to give the right-of-way specified only that the center of the road must be placed 35 feet from the center line of the high-tension pole line running parallel to the railroad track.
- (3) Grading for the most part can be done with a truck and grader, fresno work being required in a few places.
- (4) Such drainage and irrigation structures as are required are small and inexpensive.

We recommend the following:

- (1) That said Petition be granted.
- (2) That truck and grader unit #9 be ordered to do the blading work at once and that Supervisor Woodward be ordered to do the fresno and culvert work at once so that this road may be opened to traffic before winter weather sets in.

Dated this 30th day of October, 1930.

Respectfully submitted,

J. E. Moore
S. D. Waldorf

On motion made and carried, the above Viewers' Report was approved.

On motion made and carried, Commissioners Morgan and Moore went to the County Poor Farm and inspected the work done by D. H. Budd Co. and found same satisfactory.

From there went to the Kerns ranch and found that a portion of the fence just east of the Luther Ferguson house on the Kern's ranch had been moved and this would throw the dragline ditch out in the road, not giving sufficient room to make the proper roadway. Mr. Kerns was seen and asked to move this fence which he did; also a ditch owned by John Wiley. Mr. Kerns stated that the ground could be used and that he would move the ditch to the satisfaction of Mr. Wiley east of its present location.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 7th day of November, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

John Martin met the Board and stated the road running north from his ranch was in very bad condition and he suggested that while the dragline is in that vicinity that gravel might be put on the road and better the conditions very much. He stated that he had an excellent pit of gravel and that he would furnish the gravel free of cost for this road running south of Shed's bridge on the west side of the river and also for the abutments of Bridge No. 13 (Shed's Bridge).

On motion made and carried, Morgan and Moore went to where the dragline was working on the Kerns lane. It was decided to extend the work about 450 feet and Mr. Kerns was asked to move his fence to allow additional right-of-way, which he did, without cost to the County.

The Board adjourned at five o'clock P. M.

Wednesday the 10th day of December 1930

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 10th day of December, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Fred Hafner and wife of Logan met the Board and stated that he was out of employment at present and that they were in need of assistance. After considerable discussion, it was deemed advisable to give them an order on the Logan Mercantile Company for \$20.00 a month for supplies. The Board agreed to pay the rent to C. W. Logan in the sum of \$6.00 per month, beginning December 1, 1930.

Grant Thompson and Mrs. C. T. Stanley were given a ton of coal each.

Dr. Whitehead called and stated that J. A. Reynolds of Manhattan had a child eleven years of age who had a bad case of mastoiditis and that he would take care of the operation if the County would pay the hospital bill. This was agreed to.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Commissioner Benepe reports that Hans Biering called him Sunday and discussed re-funding bonds as to amortization or serial bonds. He states that he told Mr. Biering he was quite certain it was the sense of the Board to issue ten serial bonds in the sum of \$10,000.00 each and that the Board would call the Helena office of the State Land Board Monday morning relative to who was to print the bonds. This matter was taken up with the Board and the Helena office was phoned to go ahead and print the bonds.

Commissioner Moore states that he was advised Friday that Mike Mongan had been hurt near his home in Bear Canyon. His friends were advised to bring him to the Deaconess hospital. It was later reported that he would not go to the Deaconess hospital, but was brought to the home of Al Sawyer in Bozeman and he was given medical attention by Dr. Piedalue.

Mrs. Horace Biggs and Mrs. Annie Dale were allowed a ton of coal each.

Jerry Weidenaar, Sr. reported that he was out of fuel and that if the County in place of allowing him \$5.00 per month for fuel as had been agreed upon would give him \$20.00 that he would purchase enough coal to last him for four months. He stated that on small deliveries he was charged \$2.00 for delivery and that it would save him approximately \$6.00. He also asked that the County in some way allow him \$2.00 cash per month. He was advised that the County was putting out no money and that he would have to get that in some other way.

IT IS HEREBY ORDERED that an extra meeting of the Board of County Commissioners of the County of Gallatin be held by the said Board in the Court House, in the City of Bozeman, County of Gallatin, State of Montana, on the 17th and 18th days of December, 1930 at the hour of nine o'clock A. It was deemed advisable to riprap the entire length. From there went to the Amsterdam-Vincent road where Everett Brown is surfacing the road and then to the rock quarry at the Gabriel hill and inspected work there and then back to Shed's bridge and inspected a pier which is being put out into the river in order to protect the new bridge which is now under construction.

On motion regularly made and carried, the County agreed to furnish the County Attorney's office with a desk, the price to be \$104.00, F. O. B., Bozeman.

On motion made by Morgan and seconded by Moore, The Bozeman Chronicle was awarded the County printing contract for a term of two years, beginning December 31, 1930 and ending December 31, 1932. The Chairman was authorized to sign the bond in the sum of \$2000.00 with George Cox and W. S. Davidson as sureties; and also to sign the contract.

Frank Slaughter, Pete Brenden and Wm. Sterzick met the Board relative to Nels Johnson and asked if the Board would permit him to go to the County Farm. This was agreeable to the Board. They stated they would use every effort to induce him to go for the reason that he was practically helpless and not able to care for himself.

Frank Slaughter later reported that he had seen Nels Johnson and that he would not go to the County Farm under any consideration and that he would rather be found dead in his cabin than to go to the Farm.

After considerable correspondence with the State Land Board, who recently purchased the \$100,000.00 worth of refunding bonds, and with the Attorney-General's office, and after several conferences with Deputy County Attorney Bunker, the following resolution was offered by Morgan, seconded by Moore, and upon being put by the Chairman was unanimously carried:

WHEREAS, There are now outstanding and unpaid of said issue bonds in the amount of \$138,000.00, all of which bonds are now redeemable and are subject to refund, and there is in the bond sinking fund and interest fund of Gallatin County applicable to the payment of said bonds the sum of \$38,000.00 leaving a balance of bonded indebtedness subject to be refunded of \$100,000.00 and that there is no other money or funds applicable to the payment of said bonded indebtedness, and that in the judgment of the Board of County Commissioners of Gallatin County, refunding bonds can be issued and sold at a lower rate of interest than six per cent sufficient in the amount to redeem the whole of said outstanding and unpaid issue and to thereby effect a substantial saving in interest to the County of Gallatin and the taxpayers thereof during the remainder of the term said bond issue aforesaid.

If amortization bonds are issued, the entire issue may be represented by one bond in the total amount of \$100,000.00, at the option of the purchaser. If serial bonds are issued they shall consist of ten bonds, which shall be in the amount of \$10,000.00 each, numbered from one to ten inclusive, dated on the first day of January, 1931, bearing interest at the rate of $4\frac{1}{2}\%$ per annum, payable semi-annually on the first day of July and January of each year. W. M. Plummer's son met the Board and stated that he had received notice to move from where they had been living and that he had been able to rent a much smaller house for \$5.00 per month, but would not have room for his father, being pressed financially. There being no other suitable place available for the care of his father, he was allowed to go to the Poor Farm for a few months.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 24th of December, A. D., 1930, not to exceed two days.

James Curley met the Board and asked for assistance. He was questioned as to where he had lived for the past few years and he informed the Board that he was a native of Missoula County and had been for the past six years. He was informed that the County was in no position to assist one just coming into the County as we had enough to do to care for our home people.

Joe Menapace of Three Forks called the Board and stated that a young child of Clarence Myers of Three Forks had died and that the family had no funds for burying the child. He stated that Mr. Kvalnes of Three Forks would bury this child for \$22.50 and asked what disposition to make of the case. He was informed to let Mr. Kvalnes take charge and bury the child.

The legislators of Gallatin County were asked to meet the Board and talk over matters of interest to the County. With the aid of the forecaster and the latest weather map, says Dr. Humphreys, the aviator earns what sort of weather to expect. But weather does not always come exactly according to forecast. It, therefore, is essential that he know not only what kind of weather he probably will encounter, and where, but he must definitely understand the significance of clouds and other weather appearances. He must know to a certain extent from the looks of things whether the expected storm, for instance, is developing sooner or later than anticipated. In addition to being able to consult with the forecaster and to read the weather map, he must be able to visualize that map in terms of actual weather conditions.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 30th day of December, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Frank Olsen met the Board relative to the charge being made for the care of her husband at the Deaconess Hospital. Sometime previously she had agreed to pay as much as possible of his bill. She stated that she is working at Gilkerson's and has some money and that just as soon as Mr. Olsen's condition warranted it she wanted to take him to Salt Lake where his aunt would care for him and if she used her money to pay for the hospital bill she would not have money enough for transportation to Salt Lake City. The Board deemed it advisable under the circumstances to assume the hospital bill.

Thomas Kirk met the Board and complained of additional right-of-way having been used on the County road west of the Milwaukee railroad near the West Gallatin River and also stated that a pit had been dug on the southwest corner of his place across the river and that he had previously asked \$150.00 for damages but agreed with Mr. Doornbos to take \$100.00 in settlement in full for his claim. Mr. Doornbos saw Mr. Kirk and he stated that it was up to Gallatin County. Mr. Kirk at this time was informed that the Bozeman Chamber of Commerce was to secure the necessary right-of-way and that in the judgment of the Board it was up to Mr. Doornbos to settle for the additional damage west of the river.

Mrs. Roy Callantine met the Board and stated her husband had deserted her and three small children. She asked the County for support for at least two or three months or until spring and stated that she thought perhaps at that time she would be able to care for herself and her children. She was asked to come back and take the matter up with Judge Law, which she did, and the Judge reported to the Board that she would again return and talk over matters further with the Board.

On motion made and carried, Commissioners Morgan and Moore went to Belgrade to a meeting of the Gallatin County Tractor Owners' Association, it being their annual meeting and the Board being interested for the reason of their having purchased gas, oil and greases for the past year.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 31st day of December, A. D., 1930, at nine o'clock A. M.

Those present were the Hon. F. L. Benepe, Jr., Chairman, Hon. Glenn Morgan and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board called the Secretary of the Chamber of Commerce and asked him to have at least a part of his Madison County road committee meet with the Board relative to the claim of Thomas Kirk. Secretary Richardson, George Baxter and J. R. Chambers of the road committee, together with Contractor Doornbos, met the Board and after some discussion it was deemed advisable to have Mr. Kirk meet their committee, together with this Board Friday morning at about ten o'clock A. M.

The Board allowed regular salary claims for the month of December.

There having been considerable discussion among the lawyers, the Chamber of Commerce and others interested regarding the law enacted at the last legislature changing this judicial district, the Board was asked to pass a resolution, which on motion regularly made and unanimously carried was passed as follows:

Senator E. J. Parkin,

Fred M. Brown, Robert J.
Dunn and George Darlinton,
Representatives:

R E S O L U T I O N

WHEREAS by an act of the Legislative Assembly of the year 1929 the Counties of Gallatin, Park and Sweet Grass were placed in one judicial district and designated as the Sixth Montana Judicial District, to take effect on the first Monday in January, 1933; and

WHEREAS we believe that the best interests of the public cannot be served by such grouping of said counties for judicial purposes, for numerous reasons among which are:

1. That the proposed district includes within its boundaries two of the larger counties of the State, namely, Gallatin and Park, and two of the larger cities, namely, Bozeman and Livingston;
2. That the proposed district does and will embrace a population which cannot, we believe, be successfully and satisfactorily served by one district judge;
3. That the population and business interests of Bozeman and Livingston, respectively, are such that each of said cities requires and is entitled to a resident district judge;
4. That the necessary increase in traveling expense of the judge and stenographer will be such as to largely offset any economies contemplated by the redistricting act;
5. That great inconvenience and additional expense will be imposed upon litigants and others having business with the court or the judge thereof; and
6. That the proposed district will have at least from eight hundred to one thousand cases and matters annually which will require the personal attention of the judge, and that, we are informed and believe, proper and careful attention to so large a number of matters cannot be given under the circumstances which would prevail in said district.

THEREFORE, BE IT RESOLVED, By the Board of County Commissioners of Gallatin County, State of Montana, that we do respectfully request our Senator, the Honorable E. J. Parkin, and the members of the House of Representatives, the Honorable Fred M. Brown, the Honorable Robert J. Dunn, and the Honorable George Darlinton, to en-

Chairman,

Those present were the Hon. Glenn Morgan, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Hafris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:-----
Minutes of the previous meeting were read and approved.-----
The Clerk was ordered to post notices for an extra session beginning Thursday, the 8th day of January, 1931, not to exceed two days.-----
Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.-----
The Commissioners' car was taken to the Lovelace Company and they were informed that the car was wandering and that it was almost impossible to keep it in the road. They stated that the car would be checked over and that no doubt the trouble could be remedied. After taking the car out and using it for a short time it was found that the trouble had not been overcome. The car was again taken back and worked on with the same results. They then informed the Board that perhaps it would be well to have someone else check it over and if they were able to fix it they (The Lovelace Company) would not put in a bill for the work they had done. This was done.-----
C. H. Grant of Belgrade met the Board and stated that he had six children ranging in age from nine months to eleven years and that they were in destitute circumstances and asked that the County furnish them with supplies at the rate of \$5.00 per week. The Board agreed to do this and to furnish them with potatoes in addition.-----
Clarence Myers of Three Forks met the Board and stated that they were entirely destitute and that he would like to get some aid. He was informed that the Board would be in that vicinity in a short time and that they would go into details further with him at that time.-----
Mr. R. W. Deichen, right-of-way man of the Northern Pacific Railway Co., met the Board and again renewed the matter of the Trail Creek road leading from the State highway and still contended that the Board should take care of the right-of-way, clearing it of weeds and maintaining the fences. He was asked by the Board to go with them to this place and that in the judgment of the Board they could soon show him that it was not necessary to clear the weeds at that place nor was it necessary to keep up the right-of-way fence. After investigation of same, he stated that so far as he was concerned he might close his eyes on the proposition but that he would refer it to the Company and he did not know what action they might take.-----
Mrs. Edith Mize met the Board and asked that the County pay her rent for the month of January. She stated that her husband had been contributing slightly toward their support and that if he continued that in all probability she could get along if the County would allow her rent. She was given a claim in the amount of \$12.00 to be signed by her landlord, P. C. Poynter.-----
Dr. Piedalue, County Physician, met the Board and asked for leave of absence from the State for thirty days, beginning January 17, 1931. This was granted. Dr. Piedalue stated that in all probability he would be back in two weeks.-----

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 8th day of January, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to Belgrade, thence to Three Forks and there met Clarence Myers and talked with the family relative to the amount necessary for them to get along on. The Board informed them not to get anything except what was actually necessary. Then went to the grocery store of James Aulhouse and left him a requisition for supplies for this family in the amount of \$5.00 per week for two weeks and also informed him to be careful and not let the family have anything but good substantial food. The Board having talked this matter over with Mr. Aulhouse they found this family was apt to come into the store and buy anything they saw regardless of cost and for this reason this precaution was taken.

The Board then went and saw W. H. Buttlemann to ascertain if Mr. Myers could be put to work. Mr. Buttlemann informed the Board that close to Three Forks he had some land on which there was a large amount of cottonwood and that he would gladly let Mr. Myers go to work there and cut wood on shares. Then went back to Three Forks and reported this to the Myers family, hoping that some results might come from it.

Then went to Belgrade and there saw C. H. Grant and arranged to allow them a \$10.00 requisition for supplies which was to last them for fifteen days.

Surveyor Waldorf, having informed the Board that morning before leaving that Mr. Leh of Trident had reported water running over the Trident road caused by running through a dike built by the State Highway Commission, the Board inspected this road and found there was only a small amount of water running through this dike and that water seeping from the barrow pit about a half mile away caused about fifteen inches of water to overflow the road at that time. The matter was referred to the Highway Commission and they said they would endeavor to care for it.

Deputy Treasurer Taylor reported that he had put on as extra help in his office Irene Huntsburger.

The Clerk was ordered to post notices for an extra session beginning Monday, the 12th day of January, 1931, not to exceed two days.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 12th day of January, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, January 14th, 1931, not to exceed two days.

Judge Law met the Board and stated that the matter of furnishing a rocking chair for an old lady who is staying at the County Farm had been taken up with him and he now asked the Board if the County would not supply a rocker or some easy chair for her room as she is quite old and had nothing in the room but a straight chair. He was informed that the matter would be taken up with Caretaker Duncan, which was done, and Mr. Duncan said he thought he had a chair which would be suitable.

R. E. Bodley met the Board and stated that it was getting the usual time for ordering poison for use in poisoning oats for gopher destruction. He stated that by placing his order at this time that he would be able to get the poison at about one-third of the ordinary price. He was given permission to place the order.

Mrs. Boyts of Logan was reported to the Board as being in very bad condition and her husband unable to care for her and that it was thought that she needed hospitalization. Commissioner Morgan ordered that she be brought to the hospital.

Jacob F. Voigt, having served as Constable and having been reelected at the election on November 4th, but having failed to file his bond within the time prescribed by law, this office was declared vacant and Mr. Voigt was appointed by the Board to fill the vacancy and was asked to furnish the necessary bond.

On motion made and carried, the Board, together with A. Doornbos, went over Project 1 of the Virginia City road, Mr. Doornbos being somewhat dissatisfied with the final settlement and feeling that he had purchased some ground for which he should be reimbursed. After looking over the situation the Board agreed to see him the next morning at ten o'clock A. M.

Ben Walker, having reported water running over the road near the intersection of the main spring and Gateway road, the Board while out with Mr. Doornbos went to view this road. It was reported that the water seemed to be coming out of the Creek caused by a gorge which would probably leave the road in bad shape if this was allowed to run. It was found that the water had receded and in all probability would not cause any future trouble.

Deputy Treasurer Taylor reported that Mary Callaghan had been put on as extra help in his office.

G. W. Holman, who is out of employment and has a sick wife, met the Board and stated that if the County would give him temporary relief that he would take his wife and go to Gardiner where he has relatives to care for them. He was given a check on the Petty Cash Fund in the sum of \$2.00 for temporary relief and the Board agreed to give his wife a ticket to Gardiner as soon as she is able.

Marshall Hankinson met the Board and stated he had a sister 38 years of age by the name of Ruby Cheeseman who is an epileptic; that she is in good health from 20 to 25 days of every month but when these spells came on it left her in bad condition for a number of days. He stated that he was unable to take care of her for the reason that he has a

family of his own dependent on him and that he is only a day laborer. He also stated that his father is 68 years of age and practically destitute and only made his existence by a few days' work herding sheep or otherwise and that it would be impossible for him to care for her. He was informed that at this time the Board had no knowledge of any place they could put her but that they would see the two hospitals here and perhaps would go to the Poor Farm to see whether or not it would be possible for Mrs. Duncan to care for her there and have her help with the work whenever she was able.

Deputy Treasurer Taylor reports that he had released Treasurer's receipt dated February 13, 1930 in the sum of \$20,000.00 covering Goodyear Tire & Rubber Co., Cities Service and Eastern Utilities bonds; also Treasurer's receipt dated May 12, 1930 in the sum of \$20,000.00 covering American Service Co., LaSalle-Wacker Co. Building Corporation and Joint Stock Farm Loan Bonds of Dallas, Texas & Chicago, Illinois; and Treasurer's receipt dated May 20, 1930 in the sum of \$50,000.00 covering U. S. Treasury notes, all of the above receipts having been taken to secure County deposits in the Commercial National Bank.

Deputy Treasurer Taylor also reports that he had released Custodian's Receipt #549 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated May 26, 1930 covering Liberty Loan Bonds in the sum of \$30,000.00, same having been taken to secure County deposits in the Security Bank & Trust Company.

The time having arrived as prescribed by law to make up the jury list for the year, the Assessor, Treasurer and Chairman of the Board of County Commissioners met and adjourned to Tuesday, January 20, 1931, for the reason that the Treasurer's office being short of help at this time could not lend assistance until the following week.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 26th day of January, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Chairman Morgan reported that he with Assistant Treasurer Brandenburg and Deputy Assessor Evans completed the jury list on Friday, January 23, 1931.

Commissioner Moore made the following report of his attendance at the State Convention at Missoula:

On January 20th they met at the Court House in Missoula and the minutes of the last meeting were read and approved. Then the resolution committee and other necessary committees were appointed and matters pertaining to the different counties in the state were discussed.

On the 21st, O. S. Warden met with the Commissioners and gave a talk on road matters over the entire state. He informed the Commissioners that a large program was planned for the year and that in his judgment this would require a great number of laborers which would undoubtedly be of considerable support to the counties. J. C. Taylor also gave a lengthy talk and informed the Commissioners that seed loans could be secured from the Government for the purpose of carrying on the farming industry of the State. Two others gave lengthy talks on tax matters.

On the 22nd reports of the different committees were given. Regarding the time and place for the next State Meeting a committee reported that Miles City, Billings and Bozeman were in line, and this matter was left for discussion among the members of the Association. After some little discussion, it was agreed to take a vote as to the next meeting place and Bozeman was chosen as the meeting place for next year. The time was not decided upon for the reason that the second week in July was suggested and finding that this interfered with the primary election it was decided to leave it to the Secretary to notify the different counties of a suggested date and announce the time later.

In the afternoon election of officers took place and Mr. Moore reports that he went to Helena and there met O. S. Warden, Chairman of the State Highway Commission, whom he interviewed and also had an interview with R. D. Rader. Mr. Rader outlined the fact that Gallatin County would this year get considerable interest stating that Highway #10 from the Park County line to Bozeman would be oiled and also the road from Bozeman to the Bozeman Hot Springs. He also stated that he thought the work in the West Gallatin Canyon would practically be completed this year. He further said that Mr. Clark was endeavoring to make a survey at an early date and be able to let a contract for the road to connect up with the Government road at the south entrance to the Park a distance of about $3\frac{1}{2}$ miles to Duck Creek. This would be done on a 100% basis.

The Clerk was ordered to post notices for an extra session beginning Wednesday, January 28th, 1931, not to exceed two days.

A requisition was issued for a half-ton of coal for W. J. Bailey, same having been ordered by Judge Law in the absence of the Board.

Mr. Strahn of Logan reported the Mize family of that place destitute and out of employment. He stated they had a number of children and that the people of that vicinity were contributing to them and asked if the Board would make an investigation and contribute to their wants.

He stated that Bill Harvey had thrown a dam in the dragline ditch and that it had caused the water to back up and wash out the road making it somewhat dangerous at that point.

Mr. Waldorf also informed the Board that in the ditch of A. McGinley and Ray Lewis brush had been allowed to grow and the water flowing against the side of the road had washed the road out a distance of about ten feet.

Also that Harold Chaney had permitted stock to water in the road badly damaging the road.

On motion made and carried, the Board together with Surveyor Waldorf and County Attorney Lay made a visit to the ditch owned by McGinley and Ray Lewis and decided that it was good business to have this ditch attended to immediately.

Also went to where Bill Harvey had caused the dam to be put in and found conditions very bad. This being true, the County arranged with Joe Kerns to furnish the necessary right-of-way for moving this ditch a distance of about 300 or 400 feet thereby making Mr. Wiley's ditch in good condition so that it would carry the water which he owns.

Thursday the 29th day of January 1931

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 29th day of January, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

J. M. Wiley met the Board and on motion made and carried, he with the Board and Surveyor Waldorf went to the Luther Ferguson ranch and there looked over the damage done to Mr. Wiley's ditch east of the Ferguson house. After considerable discussion and looking into the matter, it was agreed to place a dam where Mr. Wiley's ditch strikes the dragline ditch and throw the water north to hook up with the ditch leading across the road.

Mr. Wiley also informed the Board that the ditch south of the creek about 400 feet had also been molested at the time of the grading of this road. This was gone into at considerable length and it was found by interviewing people of that district that Mr. Wiley had not used this ditch for the past ten or fifteen years and that the water could run on the west side of the road leading to the main channel of the creek and that Mr. Wiley could pick water up at that point. It was deemed good business to allow the water to run at that point this year and not put in the culvert connecting up the ditch. Mr. Wiley said that he felt that he would get by and that he would not ask the County to put in this culvert.

A. McGinley and Ray Lewis were called relative to the washout in their ditch on the road north of Carroll Bros. house and they informed the Board that they would immediately proceed to straighten out and repair the damage. They asked if the County would not haul a few rocks and throw in this road as it was washed so badly and not enough dirt there to make the proper fill. The Board agreed to and did put in a number of loads of rock.

A ton of coal and some wood was ordered delivered to Mrs. Dona Newman at 230 Plum St.

Regular salary claims for the month of January were approved and warrants signed for same.

Mr. Bull reported that Pauline Wortman had been committed to the Florence Crittenden Home by order of Judge Law and Mrs. Bull was given petty cash in the amount of \$11.20 to make the trip with her.

Surveyor Waldorf reported that he had seventeen men on the payroll and that he only needed about half of them. He was told to select the ones he could use to do his work according to his best judgment.

The matter was gone into and Surveyor Waldorf gave his estimate on the cost of the work and after considerable discussion the Company offered the County \$500.00 to \$600.00. This was talked over for some little time and the Board asked them to return at 1:30 P.M. at which time they would be informed of the Board's decision.

At 1:30 P. M. Mr. Whitlock and Mr. Kiester again came before the Board and were advised that the changing of this crossing would cost the County in the neighborhood of \$800.00 more than it would on the old crossing. Therefore they would be willing to accept \$800.00 as compensation. They then strained a point and agreed to pay Gallatin County \$700.00 but at this time this proposition was not accepted by the Board.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 26th day of February, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board reports that they, together with Surveyor Waldorf, went to Helena to meet the different Chambers of Commerce of Gallatin County and with them to go before the State Highway Commission and take up the matter of extension of the Jefferson Canyon road by way of Willow Creek and thence to Three Forks. The Commissioners having car trouble on the way failed to connect up with the Committee in Helena. However, the meeting was held and the Board after arriving in Helena endeavored to meet with the Highway Commission, but they being busy it was impossible to do this.

After some discussion it was decided it would be good business to write a letter to the State Highway Commission informing them that the Board was very much in accord with just what was put up to them relative to the extension of the Jefferson Canyon road. A letter along these lines was written.

C. A. Strabley and Mr. Warner living east of Bozeman on the cut-off between Rocky Canyon and Bridger Canyon met the Board and complained of snow conditions being quite bad on their road and that it was impossible for them to get out. They were informed that similar conditions existed all over the County and that it would be impossible for the County to get off on side roads and do much of any work owing to the budget set-up being somewhat depleted at this time.

Tom Gilkerson met the Board and asked to have some cooperation in filling a ditch on the roadside at the northwest corner of his ranch. He was informed that this particular ditch was on the State road and that the County had nothing to do with it whatever.

Joe Elings and others from Amsterdam met the Board and took up the matter of moving the Amsterdam schoolhouse. They were informed that this matter had been taken up previously by several other citizens of that district. They said they knew nothing about that but were anxious to get some consideration on the matter.

County Attorney Lay reported a family by the name of Imes living about two miles south of Belgrade much in need of supplies. Same was reported to Mr. Bull for investigation.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, together with Surveyor Waldorf went to the Charles Anceney ranch and there met Mr. Anceney relative to the proposed change in the road made by the Bureau of Public Roads. Mr. Anceney went over the map with the Surveyor and pointed out that the changes at the rock point were all right in his judgment but rather preferred that it go higher up which would be more protection to his ditch. He also consented to the survey crossing Spanish Creek and said he thought it should have been done years ago. Where the survey runs through the golf links at Spanish Creek he stated that he would not in any way permit that. He also stated that he permit the road to run on the east side of the golf links as it now is and would permit sharp curves being taken out and permit ground to be taken from the golf links at those points.

The Board also interviewed Ira Kindig, another party affected by the survey, and arranged with him to meet the Board at a later date and submitted a price to him of \$50.00 for the ground that was to be taken for road right-of-way.

Mr. Glover of Manhattan reported that the Hafner/^{family} of Logan had been ordered to vacate the house in which they are living, this house having recently been purchased by Mrs. Esther Olson, to whom the County paid rent for the Hafners.

County Attorney Lay met the Board relative to the Justice of the Peace at West Yellowstone. He informed the Board that it was within their power to make any changes of the Justice at that place due to the fact that nobody had been elected nor did anyone qualify.

C. F. McAllister of 431 Ida Avenue was given a requisition for \$5.00 worth of supplies for himself and family.

The Board approved regular salary claims for the month of February.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 4th day of March, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

C. B. Hawes met the Board and took up his note of \$24.00 and interest and also paid \$21.50 on rent which had been paid out for him by the County from July 15th to February 15th, leaving a balance owing the County from him in the sum of \$52.00.

A. C. Gross of Three Forks met the Board and asked to purchase Lots 7 and 8, Block 4, Buttlemans Addition, in Three Forks. He stated that he would pay \$150.00 and \$15.00 for advertising. He was informed that the Board would be down sometime next week and at that time would look over the property.

Mr. Todd living about $3\frac{1}{2}$ miles west of the West Gallatin River reported that a lot of the soil from the new grade had been washed down into his garden and that this soil would not be very productive and asked that something be done to remove same. He was informed that at some later date the Board would come out and look over the proposition and try to work out some solution.

O. H. Campbell, H. W. Bryan and Ollie Edsall, members of the American Legion at Manhattan, met the Board and stated they would like to purchase three lots in Manhattan on which they now have some cabins, these lots being located on the south side of the pavement just west of the hotel. The Board stated that they would be in Manhattan sometime the next week and at that time would take up the matter with them.

John Lawrence working at the County Shop was called and asked to meet the Board at 4:45 P. M. At that time the matter of his acting in the capacity of oiler on the dragline was taken up with him. He informed the Board that he would rather not do this work for the reason that it necessitated his working in bad weather and oftentimes on muddy, wet ground and because he was subject to rheumatism he would rather not act in this capacity. He asked if it would not be possible for him to drive a truck or run a caterpillar and was informed that there were no openings for these jobs.

Ollie Edsall asked to rent three lots owned by the County in Manhattan just west of where he is living. He stated that heretofore these lots had grown in weeds. The Board agreed that on their trip to Manhattan next week they would take up the matter with him.

At the regular session of the Board, March 2nd, 3rd and 4th, the following claims were allowed and warrants were ordered drawn in payment of same on the various funds of the County:

On motion made and carried, the Board, together with Surveyor Waldorf, went to Manhattan and there saw Henry Davis and informed him that he had been appointed as oiler for the dragline and that he would later be informed as to date of beginning work; also informed Lee Hayes that his son had been put on as caterpillar man, the date of starting work to be announced later.

While in Manhattan John J. Roth was seen relative to leasing a number of lots owned by Gallatin County. He stated that he would like to get some lots adjoining the County property and owned by other parties and if he was able to secure these lots that he would pay the County \$10.00 for the pasture on the County lots for this year.

^{saw} Also Mr. Campbell, a member of The American Legion, regarding some lots owned by the County on which are located some cabins owned by The Legion. He was informed that they could either buy or lease these lots. He stated that after the next meeting of The Legion he would see the Board again and try to arrive at some solution.

Harold Chaney of Manhattan was interviewed regarding a large barn owned by the County which some of the people there claimed is a fire hazard. He was informed that in order for the Board to sell the barn that it would have to be condemned by the State Fire Marshall. He said that sometime in June he thought he would be in a position to buy the property and pay cash for it.

From there went to Three Forks and there saw Joe Menapace relative to the payments past due on his contract for the sale of property. The Board insisted that he make up his back payments as soon as possible for the reason that the State Examiner had been here and had informed us that these payments must be brought up to date.

Also saw Mrs. Mamie Tibbs regarding her contract and she stated that she could perhaps meet this obligation about next May.

Mrs. A. C. Gross who had asked to purchase some property in Three Forks was seen and informed that the County would accept the proposition of \$150.00 which they had previously offered. She stated that her husband was away and as soon as he returned she would inform him of the Board's decision.

Deputy Fire Marshall C. E. Crist was interviewed relative to some County houses in Three Forks which some of the people were complaining of as being fire hazards and asking that they be condemned. Joe Menapace stated that after this property had been condemned he felt sure that he had a buyer who would pay the County \$40.00 or \$50.00 for some of these buildings.

Mr. Joseph R. Glover of Manhattan was seen relative to his contract for sale of property on which he was in arrears. He stated that at this time he was unable to pay anything but that he would use every effort to try to meet the obligation as soon as possible.

The Board saw Mr. Helm of Trident relative to some oil leases which he had previously talked to the Board about. He was told that as soon as they were ready to erect a derrick and start work that a lease could be obtained.

While at Logan, Jack McDonald was interviewed relative to a piece of property owned by the County. He stated this was not the piece of property he had in mind; that he had in mind the old jail property owned by the County before the erection of the newer jail. The Board told him they would look up the records and see whether or not the County still owned the property to which he referred.

The Clerk was ordered to post notices for an extra session beginning Monday, March 16th, 1931, not to exceed two days.

EXAMINER'S NOTES

The official bond of the County Treasurer was examined and found to be approved, recorded and filed as provided by law.

The County Treasurer must deposit the County funds under his control, as provided by Chapter 49 of the 1929 Session Laws, same to be distributed ratably among the solvent banks of the County, said banks qualifying therefor, substantially in proportion to the paid-in capital and surplus of each such bank.

The approval of Corporation Bonds or of Custodian's Receipts covering such securities should be made upon the basis not to exceed 90% of the market value of such bonds and not upon the full par value. The Board of County Commissioners should indicate upon the Custodians' Receipts and also show in its minutes the amount of such approval.

Overdrafts are shown on the School District books as follows:

District No. 1	General Fund	\$254.48
District No. 4	" "	201.34
District No. 28	" "	37.99
District No. 48	" "	83.46
District No. 54	" "	138.74
District No. 73	" "	46.91

The County Treasurer must not allow an overdraft in any of the funds under his control.

A number of licenses are delinquent and a few have never been collected. A check-up must be made of all licenses and all collected as required by law.

The County Treasurer must make up to date the two registers "Land Acquired by Tax Deed" and "Tax Sale Certificates and Redemption Certificates."

Section 2219 of the 1921 R. C. M. requires that the current tax rolls must be reconciled. The County Clerk must carefully compare the delinquent list with the assessment books and, if satisfied that it contains a full and true statement of all taxes due and unpaid, he must foot up the total amount of taxes so remaining unpaid, credit the County Treasurer, who acted under it, therewith, and make a final settlement with him of all taxes charged against him on the assessment books, and must require from him an immediate account for any existing deficiency. When this settlement is completed, the Treasurer must make a reconciliation of the operations of taxes charged, collected, abated and delinquent in one of the assessment books, and such reconciliation must be subscribed and sworn to by the County Treasurer. (See Chapter 96 of the 1923 Laws and Sections 2177, 2178 and 2179, R.C.M.1921). We will expect that the 1930 taxes be reconciled as required by law and that we be furnished with a copy of the reconciliation.

Under the detail of Sale of Real Estate by County, you will note that a great many payments due the County are past due. We believe that this matter should have the attention of the Board of County Commissioners. Proper records should also be kept of these accounts by the County Clerk.

The several miscellaneous items, including cash and a U. S. Liberty Bond shown in detail in this report, should be properly disposed of and we would advise that in the future the Treasurer refrain from accepting any moneys that cannot be receipted for and put through the regular County business.

Respectfully submitted,

G. M. Robertson, State Examiner.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 19th day of March, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Wm. Papke, Water Commissioner, met the Board regarding the water-right records, stating there had been many changes since the records were last printed, and asked if the Board would not permit him to bring the records up to date. He was told that the Commissioners had no jurisdiction over this matter and for him to see the Judge.

Lee Murphy met the Board and wanted to get a road drag. The matter was referred to Surveyor Waldorf and he stated that at this time some road drags were being made and perhaps in the next ten days one would be available.

Miss Mostu, School Nurse, reported that Mrs. Judson Bailey was keeping her children out of school for the reason that they did not have supplies nor the proper clothing. She was referred to the County Superintendent of Schools.

Miss Mostu also reported the Mann children out of school and was told to take this up with the Superintendent also.

Jerry Weidenaar, Sr., whom the County has been helping, came before the Board and stated he would like to get a ticket to Denver, Colorado where his son is living, his son having written that if he could get to Denver he could get him a job as janitor. The Board wrote the son a letter asking him for information relative to his parents.

Mrs. Dona Newman met the Board and asked for some assistance. She was given a sack of potatoes and a requisition for \$10.00 worth of supplies; also some wood was sent to her from the County Shop.

A delegation of farmers from the Gooch Hill country met the Board regarding the road in that vicinity. Those present were A. J. Hanks, Ralph Story, Fred Enders, Ben Walker, Harris Kirk, Elmer Strong, H. W. Cramer and Harry Wilson. They had in mind getting a petition and endeavoring to get the road properly graded and drained and get it graveled in the near future. They were referred to Surveyor Waldorf for preparing the petition.

E. L. Heidel submitted Insurance Policy #77616 of the American Surety Company insuring money and securities in the County Treasurer's office against loss by burglary in the sum of \$5000.00 and loss by robbery in the sum of \$5000.00, the premium on this policy to be \$90.25 for a three-year period.

J. L. Ketterer having offered his Boyle-Dayton gas pump to the County for the sum of \$60.00, after some little discussion, the Board agreed to purchase same from him at that price.

The Chairman approved the Sheriff's monthly report for February, 1931.

Thursday the 19th day of March 19 31

Jim Arnold representing the Ohio Oil & Gas Co. asked about purchasing a small piece of land off of the alley on the Dale place at 519 E. Lamme for the purpose of erecting a test house. This property was obtained by the County through granting an Old Age Pension to the Dales and permission was given them at the time of taking the deed to reside on the premises during the remainder of their life time. In view of these facts, County Attorney Lay was called and asked if the County had the right to sell or transfer any part of the property. He informed the Board that this would be permissible if the parties would sign the deed jointly with the County.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 23rd day of March, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, March 25, 1931, not to exceed two days.

J. W. Arnold met the Board and asked that they go with him to look up several locations for test houses desired by the Ohio Oil and Gas Co. After going over the different locations which Mr. Arnold had in mind it was found that the property on which they wanted to locate belongs to Gallatin County. A price of \$40.00 was made to him for a strip of ground 16 ft x 16 ft. in Lot 16, Block 25, West Park Addition. Mr. Arnold stated that he would also like to get a piece of ground 20 ft. square in Block 2, B & D Addition which had been deeded to the County by Mrs. Anna Dale. He was informed that if it could be done the Board would prefer to give the ground on the east side of the house next to the street.

Mr. Jeter living on West Babcock St. called and said the roads near his place were impassable and wanted the County to furnish about thirty bridge plank and they would furnish some men to place them and in this way he thought they would be able to get over the road. He was informed that the County had nothing but new bridge plank and would rather not put them out for that purpose but that we would endeavor to drain the water from the road and as soon as it dried up we would put forth our best efforts to make it passable.

Alburn Walton, Jailor, met the Board and asked to get a requisition for six flashlight batteries and six bulbs. Same was allowed.

The time having arrived to sell the property described in the attached Notice of Sale, W. L. Stockton appeared and bid the sum of \$1.00 per acre. This being the highest bid offered the property was sold to him for the sum of \$617.79, which amount included \$4.25 for advertising costs. The County Attorney was asked to draw a contract for same, Mr. Stockton making a down-payment of \$137.70, the balance to be paid in four installments, one for \$120.09 and three for \$120.00 each.

A. M. Brandenburg reported that he no longer wished to lease Lots 21 & 22, Block 5, West Park Addition, from the County.

J. C. Neeley came before the Board and inquired about some fencing to be done on the road right-of-way in the West Gallatin Canyon. He submitted a price of 40¢ a rod for 210 rods and 75¢ a rod for approximately 400 rods. The Board informed him that as soon as the right-of-way was procured that in all probability he would be employed to do the work.

Mrs. Edith Mize asked that the Board pay her rent of \$12.00 per month for the month of March. She was asked to have Mr. Poynter, owner of the house, come in and sign up a claim.

Mrs. White, Mrs. Thomas and Mrs. Monroe met the Board and asked for a ton of coal for the Parmer family. They stated that at this time they had plenty of food but were entirely out of fuel and were very cold. A ton of coal was ordered for them.

Roy Border of the Gallatin Farmers' Co. submitted prices on oil and gas delivered in barrel and in tank wagon lots; also submitted a price on greases.

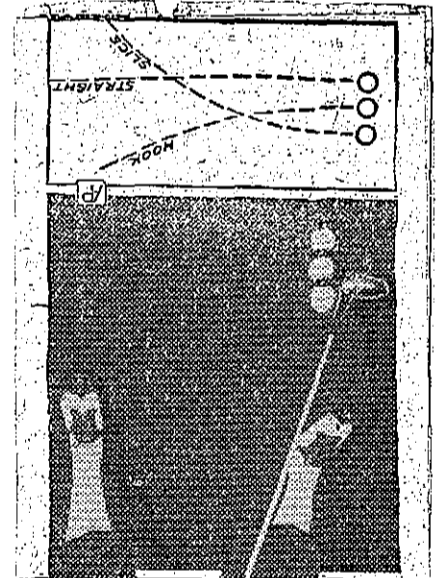

The Board received and approved the bond of Supervisor Don Christie in the sum of \$500.00, with himself as principal and W. E. Wicker and W. N. Conz as sureties.

Ezra Allsop and John Puckett/complained about there not being enough drainage at the Frank Gray corner. On order of the Board, Commissioner Pasha, together with Ezra Allsop and John Puckett, and L. F. Hardie went to the Gray corner and looked over the situation. Mr. Allsop claimed that there was a drain pipe under the road which had been covered up. Then went south to the Patterson place and concluded that if the farmers' ditches had some opening in the draws that there would not be any surplus water coming down to the Frank Gray corner and that the County road ditches would not have this water to carry if it was not for the irrigation ditches picking it up.

Thursday the 9th day of April 1931

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 9th day of April, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

J. H. Harris, W. S. Erwin, M. F. Getchell, O. L. DeVore, R. E. Bodley and Dr. Brewer met the Board and the matter of reducing the salaries of the various deputies was taken up with them. After considerable discussion, Mr. Harris informed the Board that it would be agreeable with his deputies that a reduction of \$12.50^{per month} be made. The rest of those present coincided with his remarks. R. E. Bodley and Dr. Brewer voluntarily took a cut of \$20.00 per month. This matter was discussed after their leaving and the Board unanimously agreed to make this reduction.

The Board approved the monthly and quarterly reports of the Clerk and Recorder for the period ending March 31, 1931.

The Clerk was ordered to post notices for an extra session beginning Monday, April 13th, 1931, not to exceed two days.

On motion made and carried, the Board, together with Surveyor Waldorf went to Manhattan and there met Jake Zilliox and Lawrence Dean of the maintenance crew and looked over the shack in which they were living and decided it would be advisable to make some repairs so as to make it somewhat comfortable for them during the summer. Also laid out work for them to be done sometime during the month.

Then went to Three Forks and there went over the South Bench and viewed roads in that locality; then went to Willow Creek and south on the upper Willow Creek bench and inspected the Willow Creek bridge and decided it would be necessary to put on some flooring; then back and up Willow Creek a distance of about three miles, inspected the road and met Mr. Cook at that place and decided to put in a culvert in an old ditch which had been used for a number of years for the purpose of running water to the ranch on which Mr. Cook lives; then to the bridge due west of Willow Creek and decided that some flooring was very necessary and that repairs would be made immediately. Then went to Three Forks and to the bridge west of Old Town and inspected the riprap at that place; also inspected the bridge on the main stem of the river; then back and inspected two other small bridges and decided that it would be best to make some repairs soon on one of these. Then went to Manhattan and south on the road leading to west of the Erwin bridge; then back to Bozeman.

The Board adjourned at five o'clock P. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

- - - -

Minutes of the previous meeting were read and approved.

James Wm. Moore of the Clerk of Court's office, Chan McKenzie and A. M. Brandenburg of the Treasurer's Office, James Taber of the Clerk and Recorder's Office, and Alburn Walton and Gordon Mandeville from the Sheriff's Office met the Board and complained of the cut that had been made in their salaries. The Board listened to their complaints and it was decided to leave the matter as decided upon on April 9th.

Park Addition,
Mr. Letsworth met the Board and asked to lease Lots 21 and 22, Block 40/ Bozeman. He was told that he could rent these for the year for the sum of \$2.50 per lot. He informed the Board that he would be in at a later date and turn in the money for rental on these lots.

Frank Machemer met the Board and stated that the Chinaman living near his place of business would be compelled to move; also that there was a shack belonging to R. S. Dawes close to the one he was now living in which could be rented for \$2.00 per month. It was agreed that the County would pay this amount.

Mr. Machemer also informed the Board at this time to make the requisition for supplies for the Chinaman direct to him for the reason that he could make purchase of his supplies much more conveniently than he.

Mrs. Frank Stone called the Board and stated the County could discontinue the allowance to Art Lenihan for the reason that he could along without aid now.

George Forrest, Surveyor for the Bureau of Public Roads, on the West Gallatin Canyon project met the Board and asked if some arrangements could be made for clearing the road to West Yellowstone. He stated that he thought he could arrange for a Government truck and five men and that he would report to the Board within the next few days after securing information from the Forest Ranger up the West Gallatin Canyon as to the condition of the road.

Dean Chaffin, Manager of the Northern Automobile Co., met the Board and sold to the County a small Chevrolet truck for the use of the County Surveyor's Office for the sum of \$603.75, 10% discount having been allowed to Gallatin County as a fleet owner. At the same time Mr. Chaffin purchased the old Ford truck which had been used by the Surveyor for the sum of \$53.75.

The Clerk was ordered to post notices for an extra session beginning Wednesday, April 15th, 1931, not to exceed two days.

A delegation of women composed of Mrs. T. B. Story, Mrs. M. L. Wilson, Mrs. G. Y. Patten, Mrs. M. H. White, Mrs. Benj. Thomas, Mrs. Conklin, Mrs. W. F. Cowan and Mrs. E. Broox Martin met the Board relative to the Parmer family. They contended that the Farmers were entirely destitute and that the County had not given them sufficient aid to buy the necessary supplies. After some discussion, the Board informed them that the Farmers had received a check for about \$12.00 a few days before and that we thought that would be sufficient for a few days. In final conclusion, Mrs. M. H. White was given a petty cash check in the sum of \$12.00 with which to purchase supplies for the Farmers with the request that she make this go as far as possible.

The Board protested against Mr. Parmer for the reason that he had used no efforts to get work and showed no inclination of wanting to support his family. Mrs. White and others agreed to see the Ohio Oil & Gas Co. and endeavor to get Mr. Parmer a job, they thinking and believing that he would work if he had a chance to do so.

Mrs. Linney, Ruby Miller, Miss Lochrie and Charles McDonald met the Board relative to Elsie Miller. Miss Miller stated that her mother's health was such that she could not care for her and asked that the County do something for her. They also stated that she had a desire to get out and work and receive some money for it. Mr. McDonald and Commissioner Moore went and had an interview with her but could get no consideration from her. Mr. Bull was asked to go and see Mrs. M. O. Smith to ascertain if she would not take her for a short time. He later reported that Mrs. Smith would take her for the sum of \$1.00 per day, which the Board agreed would be satisfactory.

L. R. Hutzel and Harry Bolinger who had previously met the Board relative to a road through the Wheat ranch reported that the Board could at any time get up and view the road and have the County Surveyor make a survey. They thought arrangements could then be made for this road.

Monday the 13th day of April 19 31

Ed McGinn came to the office and asked to rent a couple of small rooms belonging to the Clark property for the use of Mrs. Joe Yadon. The Board rented the rooms for the sum of \$2.00 per month.

D. E. Moser was given a permit to put a drain pipe across the road in front of his house south of the college grounds.

Tom Powell of West Yellowstone called and stated that the people of that place were getting short of supplies and wanted to know what assistance the County could give in opening up the road to West Yellowstone. He was told that the Board would try and make some arrangements and let him know later.

Mrs. R. H. Dean was given authority to purchase a pair of shoes for Elinor O'Connell for the sum of \$5.00.

Ira Kindig met the Board and signed a quit-claim deed for right-of-way along his place in the West Gallatin Canyon and received a warrant for \$50.00 in payment in full for said right-of-way.

The Board allowed Mrs. Edith Lewtz of 101 South Church a requisition for supplies in the sum of \$6.00.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 27th day of April, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and unanimously carried, the following Resolution was passed:

RESOLUTION

WHEREAS, Joe Galle of Manhattan, Montana has appeared before the Board of County Commissioners and has offered the sum of Sixty Dollars (\$60.00) for

Lots 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 in Block 24, O. P. Manhattan, Montana, according to the plat and records thereof in the office of the County Clerk and Recorder of said Gallatin County;

and

WHEREAS, the appraised value of said property does not exceed the sum of \$100.00, and that the sum of \$60.00 is a reasonable sum to be paid therefor; and

WHEREAS, in accordance with the provisions of Subdivision 10 of Chapter 100 of the Session Laws of 1931, notice and publication of sale of said property is unnecessary; and

WHEREAS, the Board of County Commissioners has deemed it to be to the best interests of said Gallatin County to sell said property at private sale,

NOW, THEREFORE, in pursuance of the provisions of Subdivision 10 of Chapter 100 of the Session Laws of 1931, we, the Board of County Commissioners of Gallatin County, in extra session assembled, with all members present and voting in favor thereof, HEREBY RESOLVE that the property hereinabove described be sold to Joe Galle of Manhattan for the sum of \$60.00 cash, and that on payment of said sum a sufficient deed be issued to the said Joe Galle for said property.

The County Attorney was asked to prepare a deed for the above described property.

John Cloninger informed the Board that he was living on the home ranch west of Gallatin Gateway, that he had previously been supervisor of that district and that if anything came up in that district needing his services that he would gladly do the work at any time except during haying time.

Treasurer Gatchell reported that he had released Custodian's Receipt #8-M of the Federal Reserve Bank of Minneapolis dated December 29, 1930 in the sum of \$90,000.00 taken to secure County deposits in the Commercial National Bank.

Same was approved.

P. J. Seifert, N. P. Railway Agent, met the Board and suggested the crossing east of Manhattan be abandoned and offered letters from the Railway Company and from the citizens of Manhattan, stating that this crossing is dangerous and recommending that the south side of the railroad right-of-way be used for the purpose of making a County road.

On motion made and carried, the Board, together with Surveyor Waldorf, went to Manhattan to look over the proposed change of road. It was found that the ditch on the south had thrown up a very high embankment and in the judgment of the Board it would be very poor for a road. Also found that a ditch crossing the Warm Springs canal and leading into the railroad right-of-way change would necessitate a large pipe and a headgate and considerable length of ditch; also that this road would run into the State highway at a bad curve in the road which would be an objection to the highway. It was therefore considered not advisable to make the change.

V. G. Lindenberg, representing the Austin-Western Grader Co., met the Board and stated that he had received the letter which the Board had written to the Company relative to the change in the raising and lowering device on the blade just purchased. He stated the Company would gladly make the change and that he would wire for it immediately.

The Board received a check for \$20.00 from R. E. Davis for rent for the year 1931 for the NE $\frac{1}{4}$ of Sec. 18-19-1E.

The Clerk was ordered to post notices for an extra session beginning Wednesday, April 29th, 1931, not to exceed two days.

The Chairman was authorized to sign a deed for Lots 2 to 12, Block 24, O.P. Manhattan, which had been sold to Joe Galle.

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, together with Surveyor Waldorf, went up Bridger to meet L. R. Hutzel, Don Christie and Mr. Wheat relative to a proposed right-of-way which Mr. Wheat was giving to L. R. Hutzel. A preliminary survey was made by Mr. Waldorf for this road. It was agreed that Mr. Hutzel is to make the road and maintain it, it being a private road and for his individual use.

Farrell of Seattle, Washington, representing the Harnishfeger Sales Corporation of Milwaukee, came in and informed the Board that there was a second-hand shovel located at Deaver, Wyoming which he thought could be purchased for \$1500.00. After considerable discussion, the Board offered \$1200.00 for this shovel, F. O. B., Deaver, Wyoming.

O. P. Biley asked to have Blocks 19 and 20, Butte Addition, Bozeman, appraised. At this time the Board with Mr. Biley inspected this land and appraised the same at \$10.00 per lot.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

James H. Ping of Logan, Montana met the Board and stated that the County road which leads into Logan had been closed by the State Highway being constructed at that place. He said this road would very materially affect him and asked that the matter be taken up with the State Highway Commission asking them to put in a fill so as to have the same route into Logan as before. The Board agreed to take this matter up with Mr. Rader, State Highway Engineer, and report to him later. Mr. Rader was called by phone and the matter discussed with him. He stated that this would be cared for as soon as he could get in touch with the engineer in charge.

A telegram was received from J. L. Farrell at Helena stating that the Deaver Irrigation District had informed him that the price of \$1200.00 would be accepted for the shovel attachment, F. O. B., Deaver, Wyoming.

J. H. Harris, Clerk and Recorder, met the Board and asked to put on Margaret Cousins as an extra clerk for a short time. Same was authorized.

Ed McGinn and Dick Young met the Board and talked over matters pertaining to the Babcock road. They were anxious to get this graded and were informed that it would be best to raise this road with the dragline before doing any graveling. They were also told that if it was decided to use the dragline on this road that it would be later in the season before it would be available.

F. W. Bull informed the Board that Mrs. Edith Lewtz wanted to move and that he thought if she could be moved that she would be self-supporting. Inasmuch as the County has been giving her aid it was deemed good business to have one of the truck crews move her at once.

A Chinaman by the name of "Callaghan" met the Board and stated he was 66 years of age, had no means of support and could not get work. He was given a requisition for \$7.00 worth of supplies. He also stated that he had no place to live and a room was secured for him from R. S. Dawes for the sum of \$2.00 per month.

M. F. Getchell met the Board and asked to put on an extra deputy in his office to bring down to date the "Land by Tax Deed Register". He stated it would necessitate a man about thirty days and asked to pay him \$137.50 per month. There being no funds in the Treasurer's budget for the extra deputy, County Attorney Lay was asked to draw up a Resolution to cover same.

James Arnold of the Ohio Oil Company met the Board with a right-of-way permit to be signed by the Board for running their pipe line along the County road in Sections 8, 16 and 17, Township 2 South, Range 6 East, a distance of 479.14 rods, for which the County was paid \$119.78.

Riley LaMunyon met the Board and stated he would like to purchase some houses in Three Forks and that he would pay \$50.00 for three and four-room houses. He was advised that in the judgment of the Board it would not be advisable to make the sale of these houses at that price.

The Clerk was ordered to advertise for sale the NE¹/₄ of Sec. 30-4N-3E and the SE¹/₄ of Sec. 8-3N-3E, on which W. L. Stockton had previously made a down-payment, the sale to be held on Monday, June 1st, 1931, at two o'clock P. M.

WHEREAS, the situation is a public emergency which could not reasonably have been foreseen at the time of making the budget for the County Treasurer's office; and

WHEREAS, after due consideration, it is estimated by the Board of County Commissioners of Gallatin County that the sum of \$343.75 will be sufficient to take care of this expenditure, and that an appropriation of said amount be set up in said County Treasurer's budget to take care of same;

NOW, THEREFORE, we, the Board of County Commissioners of Gallatin County deeming that a public emergency exists, as hereinbefore stated, and that it is now necessary to set up an item for an additional deputy to take care of the work of bringing the "Land by Tax Deed Register" up to date, and to appropriate out of the moneys in the General Fund the sum of \$343.75 to take care of said expenditure, as aforesaid, hereby direct that said appropriation be made; that the County Clerk and Recorder, as ex-officio Clerk to the Board of County Commissioners, set up said appropriation to cover said item of \$343.75, that said budget be amended so as to show said appropriation, and that this RESOLUTION directing the same be spread upon the minutes of the County Commissioners' Journal; and further direct that a copy of this Resolution be published for one week in the Bozeman Daily Chronicle, and that a public hearing be had on Monday, the 11th day of May, 1931, at 2:00 o'clock P. Also that the scales at Menard should be taken out and that the beams for the scales at Lux, Potter and Hillman had been left with L. E. Plummer.

WHEREAS, Section 4614, Supplement to the Codes of 1921, and acts amendatory thereof and supplementary thereto, vests in the Board of County Commissioners of Gallatin County power and authority to issue and negotiate on the credit of the County of Gallatin, either serial bonds or amortization bonds, sufficient in amount to fund or refund all legal outstanding warrants, orders or bonds, issued prior to May 1, 1923, without the approval of a majority of the qualified electors of such county, voting at an election at which the question of issuing and selling, or exchanging, such bonds has been submitted; and

WHEREAS, heretofore, to-wit, on the 18th day of November, 1921, Gallatin County duly and regularly issued and sold Gallatin County Road Bonds in the total amount of \$125,000.00, bearing interest at the rate of 5½ per cent. per annum, payable semi-annually on the 1st day of January and July of each year, which said bonds were redeemable on the 1st day of July, 1931, or any interest bearing date thereafter, which said issue of bonds was duly authorized at an election duly called and held in said County, at which the question of issuing said road bonds was duly submitted to the electors of Gallatin County and carried at such election; and

WHEREAS, there are now outstanding and unpaid of said issue, bonds in the amount of \$125,000.00, all of which bonds are now redeemable, and are subject to refund, and there is in the bond sinking fund and interest fund of Gallatin County applicable to the payment of said bonds the sum of \$25,000.00, leaving a balance of bonded indebtedness subject to be refunded of \$100,000.00 and that there is no other money or funds applicable to the payment of said bonded indebtedness, and that in the judgment of the Board of County Commissioners of Gallatin County Refunding Bonds can be issued and sold at a lower rate of interest than 5½ per cent. sufficient in amount to redeem the whole of said outstanding and unpaid issue, and thereby to effect a substantial saving in interest to the County of Gallatin and the taxpayers thereof during the remainder of the term of said bond issue aforesaid;

NOW, THEREFORE, for the purpose of paying an equal amount of said outstanding issue of July 1st, 1921, and to redeem and retire said issue, there be issued and sold negotiable coupon bonds of the County of Gallatin in the amount of \$100,000.00; that said bonds shall be payable on the amortization plan during a period of twenty years from their date, and shall be redeemable at any time after the expiration of six years from the date of issue, if bonds in this form can be sold and disposed of at a reasonable rate of interest advantageous to the County of Gallatin; but, otherwise, serial bonds shall be issued. If amortization bonds are issued, the entire issue may be represented by one bond in the total

Monday the 4th day of May 1931

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 6th day of May, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Walter Aitken reported a man by the name of Frank Johnson, 71 years of age, sick in bed with rheumatism and without funds. Mr. Aitken asked that he be given an Old Age Pension. After some discussion, it was decided the best thing to do would be to make arrangements for his care while in his present condition. Mr. Aitken informed the Board that a lady by the name of Mrs. Anderson would care for him for the sum of \$12.50 per month and that he thought if the County would allow Mr. Johnson \$5.00 in addition for medicine and other necessities that he would be amply cared for while in this condition. The Board agreed to do this.

On motion made and carried, the Board, together with Surveyor Waldorf, went to Shedd's bridge and inspected the work done on the bridge and the work that is being done by the dragline; then inspected the road to Anceney station, thence north to Amsterdam, then to Logan and there looked at the road which the State Highway Commission had closed by raising a very high grade. After looking over locations further down the road, it was decided that if the "Highway" would put an approach just east of the Main Street of Logan that it would be more advisable than to place it at any other location.

Also saw Mr. McLaughlin, the contractor, relative to the dump wagons which he had rented from the County and also relative to the bridge timbers which had been taken out in the town of Logan. He stated that he would meet the Board soon and settle this matter.

A dance hall license was issued to J. B. Robbins of Willow Creek for one night only for the sum of \$2.50. There having been some complaints that Gallatin was charging more for a license for a single dance than other Counties, the Board decided to cut the fee from \$3.00 to \$2.50; the fee for other licenses to remain the same.

The Clerk was ordered to post notices for an extra session beginning Friday, May 8th, 1931, not to exceed two days.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 7th day of May, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Thomas Kirk was called relative to securing some dirt for the County road in order to bring the grade up to standard.

Undertaker H. H. Dokken called the Board and stated that Andrew Olostad had left no funds and asked that the County pay his burial expense. The matter was discussed and Mr. Dokken was asked to take care of the body for \$75.00 which he agreed to do.

Mr. Turpen of Gallatin Gateway came before the Board and stated that Art Lenihan's aunt and two half-sisters were out of supplies and were in a very bad financial condition. He insisted that the County give them some assistance. He was given a requisition for \$10.00 worth of supplies to be allowed them as needed.

John Kunze of Three Forks met the Board and stated he would like to purchase one or two lots in Three Forks. He not being very familiar with the location decided he would go back and look up the lot and block numbers and report to the Board later.

Peter Kerznmacher of Greyling reported the roads up the West Gallatin Canyon in fair condition with the exception of a short place from Greyling Creek up to the top of the divide. He also asked that the Board sometime in the future blade the road from Greyling to Duck Creek for the reason that he said he understood that the Forestry Department was not going to continue the building of the road from Duck Creek to the project north and west of his place at this time. He was informed that when the Greyling to Duck Creek road would be taken care of they would endeavor to look after the road in his vicinity.

Mrs. Benjamin Thomas met the Board and took up the matter of the Parmer family. She stated that all of the money given her for supplies for the Farmers had now been used and asked what the Board intended doing. She was told that Mr. Parmer should be having work and should be able to care for his family at this time.

On motion made and carried, the Board, together with Surveyor Waldorf and T. S. Kirk, went to Shedd's bridge and picked up Matt Niebel and took him with them. It being necessary to have some dirt to make a fill on the south side of the road near the river a strip thirty feet in width between two lines 35 and 65 feet in a southerly direction from the center of the survey on Virginia City Project #1 extending from Station 56 of said Survey was secured from Mr. Kirk for the sum of \$100.00, this strip of ground being located in the SW 1/4 of Section 10-28-4E. The Board deemed it good business to purchase this strip feeling it would be a saving to the County of about \$200.00 as otherwise it would be necessary to haul the dirt a distance of about 300 yards.

At the regular session of the Board, May 4th, 6th and 7th, the following claims were allowed and warrants were ordered drawn in payment of same on the various funds of the County:

Tuesday the 19th day of May 1931

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 19th day of May, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Thomas Kirk and Harold Korslund met the Board relative to the survey the County had made on Mr. Kirk's land. Mr. Kirk protested the right-of-way as mapped out by the Surveyor and stated that he would much rather give the 60 feet on the west line of his ranch. After some discussion, it was agreed to accept Mr. Kirk's proposition of a sixty-foot right-of-way, he giving the connection where the new road joins the Virginia City project #1, which conformed with the County requirements.

On motion made and carried, the Board, together with Surveyor Waldorf, went out to the Boylan and Collins ranches on the Reservation east of Bozeman and talked with them relative to the amount of right-of-way each should give. It was agreed by all parties concerned that the necessary right-of-way would be given in accordance with the survey to be made by Mr. Waldorf.

The following concerns were called and asked to give a bid on tires for the County cars and trucks for the remainder of 1931:-Pete's Tire Shop, Belshaw for Tires, Northern Automobile Co., Lovelace Super Service Station and Hogan Hansen Tire Shop.

Mrs. Frank Smart met the Board and protested about not receiving her usual allowance. She was informed that the Board had understood that they had received a sum of money sometime ago and in the judgment of the Board they had ample to get along on for at least a few months. She stated they could along until July 1st and if the Board would reinstate them for the month of June it would be satisfactory. This the Board agreed to do.

George E. Herring and his wife and baby, floaters, met the Board and stated that the baby was sick and that they were financially embarrassed. They said they had come from New York and were trying to get to Helena where Mrs. Herring's parents live. The Board deeming it good business gave them their night's lodging, dinner and breakfast and sent them on their way.

Treasurer Gatchell reported that he had taken to secure County deposits in the Belgrade State Bank Custodian's Receipt Receipt #661 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated May 18, 1931 in the sum of \$12,000.00 covering the following:

San Antonio Public Service Co. First Mortgage & Ref. Gold Bonds	
30-year, 5%, Series B, due 1-1-58	\$3000.00
Central Illinois Public Service Co. First Mortgage Gold Bonds,	
4 1/2%, Series F, due 12-1-67	3000.00
Cities Service Co. 5% Gold Debenture Bonds, due 4-1-58	1000.00
Illinois Power and Light Corp. First & Refunding Mortgage	
5% Gold Bonds, Series C, due 12-1-56	2000.00
Oklahoma Natural Gas Corporation First Mortgage 5% Gold Bonds,	
Series B, due 2-1-48	3000.00
	<u>\$12000.00</u>

Same was approved.

P. E. Bates of Kelly Canyon was in and asked to have the grader sent over the road in that canyon. Same was referred to the Surveyor.

Jakie Crowley came before the Board and asked the price of the old Lucy Adams place on South Black. He was informed this property had been appraised at \$900.00.

On motion made and unanimously carried, the following Resolution was passed:

RESOLUTION
AUTHORIZING THE ISSUANCE OF REFUNDING
BONDS OF GALLATIN COUNTY, MONTANA, IN
THE SUM OF \$100,000.00

BE IT RESOLVED by the Board of County Commissioners of Gallatin County, that:

WHEREAS, Section 1, Chapter 185 of the 22nd Session Laws of the State of Montana of 1931 vests in the Board of County Commissioners of Gallatin County power and authority to issue, negotiate and sell on the credit of the County of Gallatin, either serial bonds or amortization bonds sufficient in amount to refund, pay, and redeem optional, redeemable or maturing bonds, issued prior to May 1, 1923, when there are not sufficient funds available to pay such bonds, and it is deemed for the best interest of the County to refund such bonds, without the approval of a majority of the qualified electors of such county, voting at an election at which the question of issuing and selling, or exchanging, such bonds has been submitted; and

WHEREAS, heretofore, to-wit,-on the 18th day of November, 1921, Gallatin County duly and regularly issued and sold Gallatin County road Bonds in the total amount of \$125,000.00, bearing interest at the rate of 5 1/2% per annum, payable semi-annually on the 1st day of

Tuesday the 19th day of May 1931

January and July of each year, which said bonds were redeemable on the 1st day of July, 1931, or any interest paying date thereafter, which said issue of bonds was duly authorized at an election duly called and held in said County, at which the question of issuing said road bonds was duly submitted to the electors of Gallatin County and carried at such election; and

WHEREAS, there are now outstanding and unpaid of said issue bonds in the amount of \$125,000.00, all of which bonds are now redeemable, and are subject to refund, and there is in the bond sinking fund and interest fund of Gallatin County applicable to the payment of said bonds the sum of \$25,000.00, leaving a balance of bonded indebtedness subject to be refunded of \$100,000.00, and that there is no other money or funds applicable to the payment of said bonded indebtedness, and that in the judgment of the Board of County Commissioners of Gallatin County Refunding Bonds can be issued and sold at a lower rate of interest than 5 per cent. sufficient in amount to redeem the whole of said outstanding and unpaid issue, and thereby to effect a substantial saving in interest to the County of Gallatin and the taxpayers thereof during the remainder of the term of said bond issue aforesaid;

NOW THEREFORE, for the purpose of paying an equal amount of said outstanding issue of July 1st, 1921, and to redeem and retire said issue, there be issued and sold negotiable coupon bonds of the County of Gallatin in the amount of \$100,000.00; that said bonds shall be payable on the amortization plan during a period of ten years from their date, and shall be redeemable at any time on and after the expiration of five years from the date of issue, if bonds in this form can be sold and disposed of at a reasonable rate of interest advantageous to the County of Gallatin, but, otherwise, serial bonds shall be issued. If amortization bonds are sold and issued, the entire issue may be put into one single bond or divided into several bonds, as the said Board may determine upon at the time of sale, both principal and interest to be payable in semi-annual installments during a period of ten (10) years from the date of issue. The said bonds, whether amortization or serial bonds, will bear date of July 1, 1931, and will bear interest at a rate to be determined by Resolution at the date of sale, said interest rate not to exceed five per centum (5%) per annum, payable semi-annually, on the 1st day of January and July of each year, and will be redeemable in full on any interest paying date on and after five (5) years from the date of issue. Both principal and interest shall be payable in lawful money of the United States at the office of the County Treasurer of Gallatin County, or, at the option of the holder, at the fiscal agency for the State of Montana in the City of New York, State of New York, or, should the State Board of Land Commissioners of the State of Montana become the purchaser of said bonds, then at the option of the said Board said bonds shall be payable at the office of the State Treasurer of the State of Montana, at Helena, Montana.

If serial bonds are issued, they shall mature annually on the 1st day of July of each year, beginning with the year 1932, in numerical order, lowest numbers first, as follows:

That annually at the time of making the levy of taxes for county purposes, while any of said bonds shall be outstanding and unpaid, there shall be levied a separate and special tax upon all taxable property in the county for the payment of interest on and principal of said bond issue, and the tax levy for said bond issue shall be entirely separate and distinct from any levy for any other series or issue of bonds; the levy made for the purpose of paying interest on and principal of said bond issue shall be high enough to raise an amount sufficient to pay interest on and so much of the principal, if any, of such bonds as will become due and payable during the then current fiscal year or within ninety days thereafter, as such amount is shown by the Treasurer's statement.

Dr. Brewer reported that Mr. Foote of the State Board of Health would be in West Yellowstone on May 23rd to take up the water and sewer problems of that place. The Board agreed to go with Dr. Brewer to West Yellowstone on the morning of the 23rd and endeavor to have a meeting with the citizens of that place in the afternoon.

On motion made and carried, the Board with Matt Niebel went to the Niebel ranch and pointed out to him the survey which had been made by the Surveyor and asked that he donate the right-of-way for the road as surveyed. Mr. Niebel opposed same very much but was informed that this would be necessary to meet with the requirements of the County Surveyor. He finally stated that if the Board had to have that amount of land to go ahead and take it.

Harry Figgins reported the top of a culvert on the road leading into the Irwin Kent ranch broken down and asked that it be repaired. He also reported another culvert in the same lane in bad condition.

Mrs. Webster met the Board and asked for some aid. After going into details relative to her finances she informed the Board that she had at this time about \$300.00. She was told that in the judgment of the Board that amount would keep her for at least another year and that it would be impossible for her to secure County aid at this time.

Anton Blas to whom the County has given aid at previous times was given an order to get 300 lbs. of potatoes from the County farm.

The Board received \$7.00 from M. H. Woods as one month's rent for the old Frank Collins house in Manhattan.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 25th day of May, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board reports that while in West Yellowstone on the 23rd they had a meeting with the citizens of that place relative to the water and sewer system. The Health Department had reported the water at that place contaminated by various causes and at this time made a report of conditions. After considerable discussion, a committee was appointed to interview the people of West Yellowstone, which committee was to report to the Board of Commissioners and they in turn to report to the Board of Health. It was thought by those present that a water and sewer system would be of considerable expense but if it could be worked out that it would be good business for the health interest of the place.

While in the vicinity of West Yellowstone, the Board went over the road from Duck Creek to the new project on the Vigilante trail and found it very rough. Decided that it would be advisable to try to make some arrangements with the State Highway Commission to smooth up this road while working their roads in that vicinity, and also to try to get them to keep the road from Grayling Creek to Duck Creek in shape for the season.

Arrangements were made with Mr. Shadoan of Gallatin Gateway to furnish Ray Hill six spools of wire in order that he could complete the fencing on the West Gallatin project.

William Alberda and Henry Leep met the Board and asked to get Mr. Leep on with Joe Elings' crew. They were informed that they would have to see Mr. Elings as the Board had nothing to do with this.

Trena Hollier, Superintendent of Schools, reported the windshield on her car broken. She was authorized to get a new one from the Northern Auto Co.

F. W. Bull reported the Warrens at Belgrade, whom the County had been keeping for some time, wanted to go back east to her father in Canton, Pennsylvania. They stated that if the County would furnish railroad fare for them that in all probability they would stay for the remainder of their lives. After some discussion, the Board deeming this good business, authorized Mr. Bull to make the necessary arrangements for them to go.

Mr. Knadler living on the Cameron bridge road reported a culvert on the main highway badly washed out. Same was referred to Surveyor Waldorf.

Ray Hill reported the fencing on the West Gallatin Project ready for inspection and stated that if it could be inspected at an early date same would be greatly appreciated.

Emmett Stucky met the Board and reported the pipe which carries the water across the County road and which the County had put in for him some years back not large enough to carry the water and besides the abutment at the lower end washed out and in bad condition. He asked if this could not be replaced at this time by a concrete wall with check-gate. The Board agreed to make an inspection of same.

George Bond, George Lewis and Aaron Ecton reported their ditch which crosses the road just east of the Matt White place in very bad condition and washed out. The County had put this in with cement walls intending to fill it up with dirt. Owing to the fact that the soil was very loose at the time this was done a temporary wooden box was put in. At this time this box was going out and it was decided by the Board to have this box torn out and make a fill with dirt and boulders.

Alfred Walton reported that Frank Norman had closed up the road running up the canyon east from the Alice Corbly ranch. He asked the Board to write Mr. Norman a letter insisting that this fence be taken out as a great many used this canyon road and others owning land in the vicinity also had to use the road.

Wayne Richardson and Harold Korslund met the Board and stated the money for Virginia City Project #1 was coming in fast and that the County could advertise for the crushing and hauling of the gravel at any time and that they would guarantee to the Board this money would be put up at any time called for.

The Clerk was ordered to post notices for an extra session beginning Wednesday, May 27th, 1931, not to exceed two days.

Judge Law reported a woman by the name of Denham with one child without funds and in need of supplies and house rent. Same was referred to Mr. Bull.

On motion made and unanimously carried, the following Resolutions were passed:

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 26th day of May, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, and Hon. J. E. Moore, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf met the Board and said he would like to have the Board go with him to the Williams bridge on the Jefferson river and endeavor to make some decision on just how to repair the approach which had been broken down a few days ago. On motion made and carried, the Board went with him and looked over the bridge and decided that it would be good business to wait a few days and try to see State Highway Engineer Rader at Helena and if they could be induced to bring the Jefferson Canyon road across the river into Willow Creek that fewer repairs would be made on this bridge.

Also went to where the dragline is working on Shedd's bridge road and laid out work; then inspected the work near the Greenwood elevator, thence went to Godfrey Canyon and laid out work for Joe Elings and his crew; also looked over some ground with a view of cutting out a steep hill on the road coming out of Godfrey Canyon.

Also inspected the Trident bridge and found it needed some new planks in the floor and inspected the two small bridges just west of the Old Town of Three Forks and made arrangements with Surveyor Waldorf to do some repairing on them.

Emmett Stuckey called and said he would like to have the Board come out and stake out the location where they desired to put in a concrete wall in the dragline ditch in order that the water might be turned into their ditch. On motion made and carried, the Board with Surveyor Waldorf went out and Mr. Waldorf staked out the location as he thought best. Arrangements were made with John Railey to deliver ten yards of gravel to this location for constructing the dam.

George Lewis was called and asked to dry the ditch which the County was endeavoring to repair for them on the Matt White ranch. He informed the Board he had endeavored to do this and had failed but that he had been promised this would be done the next day and at that time they would be ready to have the work done.

J. S. Taylor, Deputy County Treasurer, and E. A. Peterson, Deputy County Attorney, were called and asked to see if the tax deed taken by the County for the land on which the oil well is being drilled near the townsite of Belgrade was regular. After checking the records they reported that the proceedings appeared to be regular as far as could be ascertained from the records with the possible exception that the descriptions of the land intended to be conveyed were too general and in order to be definite and certain, metes and bounds descriptions would more definitely describe the premises.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 27th day of May, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

George Bond informed the Board that their ditch was dry and that the County could proceed with the work at once.

T. S. Kirk met the Board and asked to have a culvert placed in the road just north of the turnout connecting up with the Virginia City road. He stated he was desirous of getting his water across the road and that a culvert 12 inches in diameter would be sufficient. He was informed that the County had no culverts at this time but as soon as he got the water and it was necessary to put it across the road that the County would place the culvert.

Mrs. Olivia Bohart interviewed the Board relative to caring for the old ladies whom the County had been helping. She stated she would submit a bid for same.

D. D. Nix informed the Board that he was in need of supplies. He was given a requisition for \$7.00 worth.

Otto Seifert met the Board and stated he had been informed that the County did not intend to grade the road in his vicinity which they had agreed to do sometime before. He was advised that this would be done in a short time.

A requisition was issued to J. R. Janzig for \$5.00 worth of supplies and one to Mrs. Ethel Stevens for the same amount.

George Pease met the Board and protested the Board allowing a concrete headgate to be placed in the dragline ditch along his ranch. He insisted that the Board go out with him and he would briefly state his objections. After making an investigation of same, Mr. Pease still protested this being done. He was asked the reason for his objections in view of the fact that there was a similar one a short distance up the same ditch. He stated that he objected for the reason of anticipated damage to his ranch. After being informed that the County would endeavor not to damage his land in any way he still protested and said he would not allow this work to be done for he considered the land was his to the center of the road. The Board feeling that that was no objection and that they had a right to use the County road for the benefit of the public decided to place a concrete wall with check-gate across this ditch for the reason that the present pipe which flows the water was in need of repair and that this would be the best solution.

The Clerk was ordered to post notices for an extra session for Friday, May 29th, 1931, due to the fact that it had been decided that the Board, together with Surveyor Waldorf go to Helena to see R. D. Rader, State Highway Engineer, and take up the matter of the Jefferson Canyon road. The Board deemed this good business for the reason that they wished to get information so as to ascertain just what to do with the Williams bridge across the Jefferson Canyon road.

W. J. Cloninger reported the bridge for the Mammoth ditch across the Jack Rabbit road too small which caused the water from the ditch to overflow the road. He was told this would be looked into in the near future.

The Board adjourned at five o'clock P. M.

The Board decided after considering the objections made by George D. Pease to their putting in a concrete wall across the dragline ditch in the road just west of his land decided to take County Attorney Lay and Deputy County Attorney Peterson out and go into the matter with them to ascertain if in their judgment this would cause any serious damage to the road or the land. They stated that in their judgment it would not do any damage.

Mrs. Hannah Andrews, whose husband has deserted her, and who has three children dependent upon her for support, met the Board and stated she was having hard work making a living and that if the County would permit her to use four lots in Block 5, Park Addition, for a garden that it would very materially lend to her support next winter. The Board deemed this good business and granted her permission to put these lots into a garden she to keep the weeds down and keep the lots in good condition.

J. L. Farrell representing the Harnischfeger Sales Corporation inquired if the shovel which the Board had purchased sometime ago had been shipped in good condition. He informed the Board that he was very anxious to have this road gravelled but that in his judgment this road was wide enough to make an ordinary grade and that if a large grade was thrown up there it would be of very little use during the winter months to the people of that district for the reason that the snow gets so deep that it would be impossible for them to maintain and make a winter road of it. He said he would be willing to go in with the neighbors of that district providing such arrangements could be made.

Nels Quist stated that he was in need of some clothing. He was given a requisition for two suits of underwear, a pair of shoes and a pair of overalls.

Thursday the 4th day of June 1931

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 4th day of June, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

E. A. Peterson, Assistant County Attorney, was called and asked to take charge of the suit which George D. Pease had filed against the County.

The Board called Mr. Terrall of the Brown sawmill and asked if the County could purchase about thirty pieces of lumber 21 feet in length, 4 inches thick and 12 3/4 inches in width. He stated that he could get this lumber but that it would necessitate going into the hills and getting it and first he would have to see the Forest Supervisor and have him to spot the lumber for them. He stated that he could get this lumber within five days from the time that it was spotted by the Forest Supervisor and that he would make delivery for the sum of \$30.00 per M.

The Mountain States Telephone Co. called and stated that the County blacksmith shop had trouble hearing their rings. They advised that the County put in extension bells for their convenience.

Mr. and Mrs. George E. Herrin with two small children appeared and stated that they had nothing to eat. They were given supper and breakfast at the Main Cafe, they being floaters in the country.

The Clerk was ordered to post notices for an extra session beginning Monday, June 8th, 1931, not to exceed two days.

The regular quarterly meeting of the Board of Health was held at 2:30 o'clock P. M. Those present besides the Board of County Commissioners were Dr. Brewer, Miss Brye, Mrs. Kremer, Mrs. Erwin, Mrs. Hartman, Mrs. Patten and Mrs. Bovee.

Minutes of the last meeting were read and approved and a discussion of same was had.

The matter of a social worker was discussed and it was brought out that some of the ladies were endeavoring to get information relative to someone who would be capable of handling the work.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

A number of the citizens of Bozeman met the Board relative to awarding the contract for graveling Virginia City Project #1. They contended that the Standard Construction Co. being second lowest bidder should be awarded the contract. The Board informed them that there was a difference of \$289.00 in the two lowest bids and that in their judgment as long as they had invited outside bidders that the lowest responsible bidder should be awarded the contract. They further stated that if the bid was given to a home contractor that the money for supplies would all be spent at home and that undoubtedly if the bid was given to J. C. O'Connor that he would order his supplies, gas and oil shipped from Butte. Mr. O'Connor was called at Missoula and asked what he intended doing about his supplies in case the contract was awarded to him. He stated he would bring his machinery over and perhaps his head man but that he would purchase all gas and oil in Gallatin County and would also hire the necessary men in Gallatin County.

The Board took up the matter with the State Highway Commission for whom Mr. O'Connor had worked and found him to be a good responsible workman. On motion made and carried, the contract was awarded to Mr. O'Connor.

The Board appraised Lots 21, 22, 23 and 24, Block 47, Park Addition, Bozeman, at \$160.00 per lot.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 18th day of June, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

City Manager George Arnold having reported that people were getting stuck on the Sour Dough road, on motion made and carried, the Board went out and after looking over the proposition found that the Creek was badly washed and that the bridges had gone out and that water was running over the road and that there could be little done with that piece of road.

The Board then went to see the Dick Smith road which Mr. Smith had asked to be graded. He said if this road was graded that he would endeavor to put gravel on it. The matter was referred to Surveyor Waldorf who said he would endeavor to have this road bladed while the "cat" was in that neighborhood.

Then went to see the road which leads to the Irwin Kent ranch and found what Mr. Kent had said about water running over the road to be true. It was decided that when possible a grade should be built and culverts put in.

Also went up Cottonwood to look over the road which had been reported in bad condition. Found that this road had just recently been dragged and was in good condition. Also looked over the Cottonwood bridge and found it to be in need of repairs. Same was referred to Surveyor Waldorf.

Then went up Bear Canyon and saw an old man by the name of James Mason, 83 years of age, who had been reported by Mr. Nixon as being destitute. Found him working and he stated he thought he could along at this time.

Then went to Belgrade and west to the second road leading north and there looked over the road and decided it would be good business to put in the dragline and make the grade.

Deputy Sheriff Waterman of West Yellowstone reported a family in destitute circumstances. He was instructed to give them a small amount of gas and some supplies and ask them to leave town.

Walter H. Hodges met the Board and stated he had some of the city bonds and asked for information relative to tax deeds. He was informed that in the judgment of the Board that there would be nothing against the property when a tax deed was given. He asked if the land after deed was made would still carry its part of the bonded indebtedness and was told that in the judgment of the Board perhaps it would and perhaps not and that he could ascertain for himself through legal advice.

William Bradley, an Old Age Pensioner, was given a requisition for two shirts, two suits of underwear and three pairs of socks.

Dr. Brewer and Mrs. Peters, who is an applicant for the position of County Nurse, met the Board and this position was discussed with her.

H. P. Griffin inquired as to whether the Board would allow the same privilege with the Fair Board in regarding to getting gas and oil at the County yards as they did last year, they to pay for same in a lump sum. He was informed that the Board did not see any objections to same.

William Parkin of Belgrade inquired as to whether the County would gravel the side road at Greenwood. He was told that the County would gravel the road to that place but would not gravel the road into the elevator.

On motion made and carried, the Board with Surveyor Waldorf, went to the Kinkle bridge and inspected same. They found this bridge to be somewhat out of line but in fairly good shape for the time being.

Ed Hoell met the Board and deposited the sum of \$170.00 as part payment and advertising costs for Lots 21, 22, 23 & 24, Block 47, Park Addition, Bozeman, which lots had been appraised by the Board on June 16th. On motion made and carried, the following Resolution was passed:

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 23rd day of June, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. G. Y. Patten, Mrs. Marsh, Charles E. Potter and Dr. Brewer met the Board in the interest of the road to the Sunshine Camp. They talked about a bridge somewhere on the river close to the camp that they might be able to get into the camp at all times and use the graveled road.

Bert Mougey met the Board and stated that Everett Brown was going to construct a bridge on the West Gallatin River just north of the Spanish Creek crossing and that it was barely possible that the County might get in and get a bridge at a location that would be suitable to all parties concerned.

Mr. Mougey also stated that he had been informed that Gallatin County was intending to build a new bridge at Trident, that he was anxious to get the "low down" on it and would be very glad to submit a bid in case same would come up.

On motion made and carried, the Board, together with Mr. Potter, went up the West Gallatin to see Everett Brown about a bridge that he was planning to build for the purpose of hauling gravel across the river. After seeing the location, the Board and Mr. Potter went around on the east side of the river and examined the approach on that side; also examined the road very closely and found the distance too great to entertain the idea of lending any assistance in building the bridge.

The Board also inspected the Kelly Canyon road on which Caterpillar Crew #1 was working and also inspected the brush cutting which was done in Bear Creek Canyon. Found same had been cut but the work not done in very good condition and also found that not all of the brush had been burned.

The Chairman was authorized to sign a deed to Lot 4, Block 6, Original Plat, Three Forks, to W. A. Carlson, said lot having been sold to him for the sum of \$10.00.

The Board adjourned at five o'clock P. M.

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, as previously arranged, went to Cardinal and met the Broadwater County Commissioners, Mr. Stockburger and son, and George Wallace. The road proposed by Mr. Stockburger was looked over by both Boards it being a joint proposition for part of the way. After due consideration, the two Boards decided that it would be impossible to build a road at that place due to the heavy grade. Mr. Stockburger then proposed that we come in at another angle to his ranch. The Board went to Toston and from Toston to Mr. Stockburger's ranch and looked over this proposed road and found it not feasible. Then Mr. Stockburger proposed another location leading down to the schoolhouse on Cottonwood where he had built a road and had used same for light hauling for sometime. He stated that if he could get some extra work done on this road that it would enable him to deliver his crop to Cardinal. After looking over this road, all of it being in Gallatin County, it was decided if Mr. Stockburger would do the work and not consider this a County road that the Board would allow him the sum of \$100.00, he to bill the County for the amount of work done up to \$100.00 and in excess of that it was to be done gratis.

The Board having had an inquiry regarding the value of the S $\frac{1}{2}$ S $\frac{1}{2}$ of Sec. 18-5N-4E, the E $\frac{1}{2}$ E $\frac{1}{2}$ of Sec. 20-4N-3E and the NE $\frac{1}{4}$ of Sec. 22-4N-3E, this land was appraised by the Board for the sum of \$2.00 per acre.

While in that district, the Board went to Mr. Stockton's ranch and found they were out of gas. They got five gallons of gas of Mr. Stockton and he said he would meet the Board and this could be applied on the sale of land which he had purchased sometime ago and for which the contract had not yet been made.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board went up Bridger Canyon, picked up Don Christie, and went over Mr. Christie's entire district, down Brackett Creek and over a portion of Supervisor Woosley's district. Looked at a road east and south of the schoolhouse and found this road not in bad condition at all. However, it appeared as though it had washed some little but had been lately dragged and conditions were better. Also went over the newly made road in Bridger Canyon and found it was narrow due to the fact that the right-of-way had not been cleaned out. Ordered Mr. Christie whenever convenient to cut the timber, pile the wood up, so that it might be hauled to Bozeman and used for the County poor. Then went over the cut-off between Bridger and Rocky Canyon and thought it best, if possible, to get the machinery there and do some work in order to put the road in good condition. Also found that there was some irrigating water running over this road and felt that by putting in a substantial grade that it would eliminate same. Went over the Kelly Canyon road and inspected the work being done by the caterpillar crew and found the work progressing very well.

John Wiley met the Board and asked to have the County put in a culvert across the road where he claims an old ditch for the use of waste water from the Luther Ferguson field. He was informed that the Board would go over the road and take up the matter again with him sometime in the future.

Minutes of the previous meeting were read and approved.

The Board, together with Fred Lay, County Attorney, went to the Stucky ditch and there looked over the ditch which the Board proposed to make at the George Pease ranch. The Board felt that it was only good business to place this ditch back in as good repair as it was before it was taken out for the purpose of grading this road. The County Attorney took observation of the location of the ditch and also the Armco culvert which is now being used for said water.

Also went to the Luther Ferguson ranch and met John Wiley there and went with him to view the culvert which he claimed had been destroyed by raising the grade. The Board agreed that when he was ready to use this culvert to put in a fifteen-inch pipe across the road he to take the water at the end of the culvert carried across the dragline to the ditch which conveys his water. He was informed that when conveying this across the ditch that he would have to take the matter up with ~~the~~ Joe Kerns, the present property owner.

Mr. Plowman met the Board and said the people of South Cottonwood were changing the road. He asked that the County connect up with this new road so that they might have the use of the new road and abandon the old.

John Maxey met the Board and wanted to make a ditch in front of the Woosley property on West Babcock. He stated this would be agreeable to parties along the roadside but the Board advised him that it would be best for him to make arrangements to put this ditch somewhere else as it was bad business to put a ditch in front of property along the roadside.

Mrs. Walter Hartman and other ladies made an appointment to meet the Board at 10:30 o'clock A. M. on business pertaining to the Health Unit.

J. C. Menapace met the Board and took up matters pertaining to property in Three Forks. He was informed that the Board would be in Three Forks and would go over the property with him and be in a better position to know just what he had in mind.

Mrs. Ed Parsons met the Board and was given a requisition for \$5.00 worth of supplies.

John Kountz from the Commercial National Bank met the Board and presented a receipt from the First National Bank of Butte for a deposit of \$100,075.00 to the credit of Gallatin County for the sale of bonds sold on June 19th. After the receipt was signed, \$100,000.00 was sent to the Hanover National Bank of New York to take up the old bond issue.

Complaint had been made to the Board that the road from the Huffine lane north by the Quade ranch was in very bad condition. After going over this road, the Board felt that they had no complaint as the road was in as good condition as any dirt road in that vicinity.

A letter was written to R. D. Rader, State Highway Engineer, relative to a bell being placed on the freight line east of Belgrade, informing him that the citizens of Bozeman and Belgrade had complained of this crossing due to the fact that it was a fast road and that several accidents had occurred there up to date and that they were insisting upon the Board taking some action on same.

Treasurer Getchell reported that he would like to put Earl Walton on as extra help in his office. Permission was granted.

The Board adjourned at five o'clock P. M.

B. A. Black met the Board relative to the roadside ditch. While the County was grading this road, the County did not have right-of-way enough to complete the road and therefore his ditch was used. Mr. Black asked that the roadside be used for his ditch. He was informed by the Board that they thought it would be much better to have the ditch on the inside of his fence and that if he would agree to this they would endeavor to put the blade in there and make the ditch large enough to carry his water.

Pierce Elmore, Deputy Sheriff of Three Forks, called the Board and said there was a man sick in Three Forks and that Dr. Koehler had reported he had typhoid fever. He stated he was stopping at a private house and that they wished to have him taken away as soon as possible. Mr. Pierce was asked to see the man and ascertain as to whether or not he was a citizen of Gallatin County. After questioning him he reported back and said that this man had been in Gallatin County off and on for the past 35 years. The matter was referred to Dr. Piedalue and he called the ambulance and had the man sent to the hospital in Bozeman, this man being out of funds.

John Anderson met the Board and reported the road leading from #10 to Trail Creek very rough. He was informed that as soon as possible the road would be gone over and smoothed up.

Surveyor Waldorf met the Board and said he would like to have two tires for the F.W. D. truck. He was authorized to get same at the Lovelace Super Service Station.

Grant Thompson was given a requisition for \$5.00 worth of supplies.

The Board adjourned at five o'clock P. M.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Miss Eberl, Superintendent of the Deaconess Hospital, called and reported a man by the name Frank Harrison had a bad case of appendicitis and that Dr. Heetderks would perform the operation free of cost if the County would pay the hospital bill. She stated the man was entirely destitute and that his father and mother were hardly able to care for themselves. Also that Mr. Harrison had said he had been in Gallatin County four months and during this time had had only five days' work so that he was penniless. The matter was discussed and the Board agreed to pay the hospital bill.

The Clerk was ordered to post notices for an extra session beginning Wednesday, July 22nd, 1931, not to exceed two days.

The Board called County Attorney Fred Lay and asked if there was any way the County could sell property which had been taken over from an Old Age Pensioner, the property having been deeded to the County for the granting of an Old Age Pension. He stated that if the party would join in signing the deed that in his judgment it would be all right.

L. W. Keller who had been furnishing Mrs. Ed Long with milk from July 1st to date was notified that her husband had been released from the County Jail and that hereafter the County would not pay the bill for milk furnished to them.

Mrs. O. M. Gosnell, who had previously called and asked to purchase Lot 2, Block 8, Original Plat of Three Forks, the Board being acquainted with this lot appraised and sold same to her for the sum of \$60.00. She paid the sum of \$15.00 in cash and the County Attorney was asked to draw a contract for this sale, the payments to be as follows:

\$15.00 on the 20th of July, 1932;
\$15.00 on the 20th of July, 1933;
\$15.00 on the 20th of July, 1934.

All deferred payments to bear interest at the rate of 6%.

Treasurer Gatchell reported that he had released Receipt dated June 5th, 1931 in the sum of \$72,000.00, same having been taken to secure County deposits in the Commercial National Bank. Same was approved.

Surveyor Waldorf reported to the Board that the Manhattan-Dry Creek road east was ready for graveling and asked that the head petitioner be notified to collect the money which had been subscribed. Mr. Stoudt and Mr. White of Manhattan were also notified.

This being the day set for the consideration of rejected budgets of district high schools according to Section 90 of Chapter 148 of the 1931 Session Laws, Commissioner Moore, together with County Superintendent Miss Hollier and E. A. Stiefel, member of the High School Board of Belgrade, met and took up the items of registered warrants, transportation and expense. Mr. Stiefel informed the Board that they wanted to be congenial in every way and it was agreed to leave the matter of the registered warrants in the sum of \$600.00 and take it up with Mr. Moe, General Supervisor of High Schools of the State, as he was to be in Bozeman soon and whatever he said relative to this that they would be willing to conform to.

Commissioner Moore and Miss Hollier also met with George Sinton, a member of the Manhattan High School Board, and transportation, repairs and expense items were taken up with him. Mr. Sinton was quite agreeable and stated that he would endeavor to conform with whatever regulations Mr. Moe made in this matter. The items of expense on High School and grade schools was requested by this Board to be equal. He stated that he would either have to receive rent or ask the lady to vacate. Mrs. Mars having at times previously been helped by the County and she stating at this time that she was unable to pay rent, the Board decided to allow rent in the amount of \$10.00 per month.

In talking to Mrs. Mars, she stated that her former husband was living here in Bozeman and that he was working and if there was some way to get some action that it was barely possible that he might contribute something to her support. The Board informed her that they would take up this matter with him and try to get some assistance from him.

Dr. Piedalue, County Physician, reported to the Board that Robert Coliss would be released from the hospital the next day.

Dell McLees from the Upper Madison reported a bad place on the "hill" road near the Harry Everson ranch. He stated this was a very dangerous place due to the fact that the bank was quite high, which obstructed the view of approaching cars. Same was referred to Surveyor Waldorf who said he would endeavor to give this his attention sometime this fall.

Leonard Hinsen reported to the Board that there were some Idaho people camping in Mrs. Biggs' yard. Mrs. Biggs, being a County charge, Mr. Bull was asked to go down and investigate and see that they moved, which he did.

Mrs. Gora Townsend, who has been for sometime caring for W. D. Brock, an Old Age Pensioner, met the Board and stated that it was impossible for her to care for him on the allowance the County was making him, this being \$12.50 per month. She stated that the medicines required to take care of Mr. Brock would far exceed that amount, which left her nothing for her care or room rent. She asked that the Board either move him elsewhere or compensate her for her labor and room. She was informed that Dr. Piedalue would be sent to make an investigation and that the Board would await his report before taking any action.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session and as a Board of Equalization on Tuesday, the 4th day of August, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

Joseph Yadon met the Board and stated that it was impossible for him and his wife to exist on the \$10.00 per month allowed him by the County. The Board informed him that the allowance was greater than this for the reason of furnishing him a house. He stated however that the \$10.00 would not pay for provisions and clothing. After considerable discussion, the Board agreed to make his allowance \$15.00 per month.

Dr. Piedalue was called and asked to see W. D. Brock who is staying at Mrs. Cora Townsend's at 423 North Black. After making an investigation the doctor advised that Mr. Brock either be taken to the hospital or left with Mrs. Townsend. The Board decided to again see Mrs. Townsend and endeavor to arrange with her for his care. After discussing the matter with her, she stated she would care for him for the sum of \$2.00 per day. This being cheaper than he could be cared for at the hospital the Board agreed to pay her this amount.

Mrs. Mary Townsend, a Widow's Pensioner, called from Three Forks and stated she would like to move into a County house in Bozeman if at all possible for the reason that she is ill and not able to do much. She stated this would benefit her considerably. The Board decided it best not to make a change at this time.

Matters pertaining to equalization were taken care of.

The Board adjourned at five o'clock P. M.

A committee, consisting of F. L. Benepe, Jr., W. H. Buttlemann, N. L. Towne, Walter White and W. O. Bohart of the Taxpayers' Association, and several other taxpayers met the Board and made recommendations as to the budget.

R. E. Bodley was called and asked to explain his budget and was also asked if he would not work as County Agent for the sum of \$2500.00. He informed the committee that he could not accept such a proposition as he had better offers at this time. After considerable discussion, Mr. Bodley was excused.

Clerk & Recorder Harris was next called and asked why Item "B" in his budget was more than last year. Mr. Harris called his deputy, James Taber, and a full explanation of Item "B" was given. Also the bond item under county account 213 was mentioned and explained.

The Treasurer was asked why \$5.50 per day was being paid. He stated that \$5.50 was the maximum and that if he could secure labor for less than that he would endeavor to do so. He was asked why his budget called for \$1400.00 over last year's expenditures and informed the committee that the last legislature had imposed on his office the duty of taking care of all licenses for the County and that it would necessitate the additional to take care of same. The bond item was also mentioned and it was explained that each office must make provision in their office for the premium on bonds. The committee recommended that the budget be held to last year's expenditures and they were informed that this could not be done due to the reasons given.

Assessor Cowan was called and it was recommended that his budget be held to last year's expenditures. Mr. Cowan informed them that it was impossible due to legislative actions and this was accepted.

Surveyor Waldorf was next called and the bond item again brought up and the recommendation made that he hold down to last year's expenditures. Mr. Waldorf was given a chance to make a talk before them and he asked them what they had in mind. They stated that it was only business under the depression to hold down each item as low as possible. He informed them if they wanted to cut out the five-mill levy that that could be done but in his judgment it would not be best. He stated that the license money was to be spent on roads and nothing else and also explained to them that at this time work was being done at perhaps 50% less than former years and that the people could receive more for their money and therefore in his judgment it would be useless to think of holding down and not progressing in road interests at this time.

It was recommended that the Clerk of Court be cut down to \$12,000.00. Judge Law spoke on behalf of the Clerk of Court, Mr. Erwin being present. The judge explained to them

Wednesday the 5th day of August 19 31

that he did not have to set up a budget himself and that the Clerk of Court was setting up Court expenses and had not raised their budget over last year. Also that the expense of the Court was very much of a guess and that he would endeavor to hold this expense as low as possible.

The Sheriff was called and it was recommended that his budget be held down to last year's expenditures with special mention of mileage items. He informed them that he could have but little knowledge of this until such time as they might come up, but he assured them that he would put forth his best efforts to hold all items of expense as low as possible.

Under Account #213, County Buildings, it was urgently recommended that the maximum salary of the janitor be \$100.00. The Board informed the committee that perhaps some of them had not knowledge of just what the janitor's duties were in the Court House. They were told that he was taking care of the Court House from cellar to garret and that he was taking care of the lawns, providing heat for the jail and the health office, and taking care of the health office and that many times during the winter he was on duty from four o'clock in the morning until nine o'clock at night and often makes his room in the Court House during the cold winter days.

The committee recommended that Item "H" be held to last year's expenditures. They were informed that many things might come up and the Board thought it best to raise from \$648.00 to \$1000.00.

Item 243, New Buildings, they were informed was to take care of interests at the shop and that in the judgment of the Surveyor this work was very much needed.

Item 250-E, Weed Commissioner. They asked why this item was being set up and nothing being done in that direction. They were informed that a number of petitions had been gotten out and that the law provides that in case of fifty petitioners it is the duty of the Commissioners to provide a Weed Commissioner and therefore the Board thought it would be folly to cut out same.

Item 242, Burial of Soldiers. They were informed that this was an act of the legislature and that in cases of the death of soldiers the Board was compelled to pay \$150.00 and this amount of \$1200.00 only provided for a small number and that in the judgment of the Board this amount was not too strong.

Item 238, Industrial Accident Board. They were informed that the fees were gradually going up and that in the judgment of the Board this amount was small enough.

Item 237, Slaughtered Cattle. The committee asked that this be cut in two. They were informed that in the judgment of the Board in case of an epidemic that it would be folly to even cut this below what was set up.

Item 250-B. The committee recommended "no Fair" in 1932.

Item 250-C was recommended to be "cut out." Surveyor Waldorf was called and he stated that he had been for the last two or three years wanting to designate and lay out roads by the use of guide boards. He explained that this would be of material help to the traveling public and that no doubt in many cases this would eliminate danger for the reason of cars coming together on account of no signs being put up.

Item 250-D-Yellowstone Improvement District. This item being only a small amount, they were informed that this had been previously set up for years and that in the judgment of the Board might be called for at any time.

The committee asked why Item 235, Damages and Judgments, had been set up and were told that this could be used at almost any time and if it was not necessary it certainly would not be used.

up
High School to be taken/before teachers were hired next year.

Item 210-County Attorney. The committee recommended that the stenographer be paid not to exceed one-half and that the total budget be held to not to exceed \$4000.00 with special mention of investigations and mileage. County Attorney Lay was called in and he stated that by no means should his stenographer be cut. He stated that the salary received by him was not any more than sufficient for him to exist on and that he personally could not and would not pay any of the stenographer's salary due to the reason that he was unable to do it. He was asked if much of her work was not done for his own interest and said that in some cases there was some additional work being done, but in his judgment his stenographer should be raised rather than lowered. Relative to mileage, he said he would make that expense just as small as possible.

It was recommended that the Justice of the Peace be held to \$1000.00. The committee was informed that this amount was set up to cover all Justices in the County and that business had been growing and is apt to continue and in the judgment of the Board the Justices could be lowered but very little.

Account 212-Coroner. The committee commended the commissioners on this cut.

Dr. Brewer, Health Officer, was next called, the committee having stated that they thought there were too many employees and recommended a substantial reduction. After an explanation by Dr. Brewer showing cooperation all over the County, the committee still recommended a reasonable reduction if possible.

On the road fund, it was recommended that grading and graveling projects be discontinued and no new machinery purchased, and that labor be reduced from \$5.25 to \$4.00 per day and others in proposition. Relative to new roads, they were informed that each and every

Wednesday the 5th day of August 1931

individual on the committee had a graveled road to their door. They were informed that in the judgment of the Board that it would be a bright idea to refuse to do road work when others needed the work as bad as they did and that they were entitled to same and therefore the Board could not allow the request.

Relative to the gravel projects they were informed the Board felt the same about these as the grading.

Regarding the reduction in wages from \$5.25 to \$4.00, they were informed that the laborers had been cut early in the spring and in the judgment of the Board they were under contract the same as teachers who had been hired by the high school and other district interests.

Under the bridge fund, it was recommended that wages be cut in proportion to road men and the committee was informed that these men were laboring under the agreed price the same as the road men.

No criticism on policy toward the poor fund was made by the committee, but they urged that due investigation be made as to merits. They were informed that the Board had used every precaution and that Mr. Bull had lent his assistance whenever asked to and that at all times in the past we had endeavored to use our best efforts in securing the best interest in that direction.

Regarding the budget for the County Superintendent of Schools, the committee asked why the raise in the budget over last year. The question was raised with the County Superintendent of Schools as to why she rode her car down to get her mail. It was answered by saying that in her judgment this question was pure and simple silly. These questions were all raised by Mr. Benepe. She was asked why she takes her deputy with her to visit schools and stated "the law requires that the deputy be familiar with the affairs of the office and it is necessary that she go with me from time to time on official visits in order that she may be familiar with the affairs in the school districts. The law requires that her expenses be paid on official business." See Section 418, Chapter 36, and 4948, Chapter 25, Political Codes of the State of Montana."

Before adjournment, W. O. Bohart and others complimented the Board and said they realized there was a great deal of work and that the Board gave it considerable attention and in their judgment they were doing as well as could be expected and that the committee wished to commend them on their best efforts and that if they could assist the Board in any way they would gladly do so.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 17th day of August, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

S. D. Waldorf, County Surveyor, met the Board and reported that he had several days previously sent a quit-claim deed to Emmett M. Ford and one to W. J. Counter, asking them to sign and return same, these being for right-of-way for a road being built by the Bureau of Public Roads from Grayling Creek to Duck Creek near West Yellowstone. Mr. Waldorf reported that Mr. Ford had immediately signed and returned his deed. W. J. Counter, however, informed the Surveyor that he would not give the right-of-way unless he was paid the sum of \$100.00. Surveyor Waldorf asked that the Board take this matter up with him and endeavor to make arrangements as soon as possible.

Alburn Walton, Jailor, met the Board and asked for a case of Crystal White soap, one dozen cups, one dozen teaspoons and one dozen dish towels. The Clerk was ordered to give him a requisition for same.

E. L. Heidel, Public Administrator, met the Board and stated that O. W. Gilhooley, a County charge, was living in a house in Logan which belongs to the D. H. Spafford estate. He said that he had been living in this house for some length of time and that during this time no rent had been received. He was informed that the County could not pay back rent but the Board agreed to pay \$2.00 per month for this house beginning August 15th as long as the party occupied the house.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 19th day of August, 1931, not to exceed two days.

Mrs. William Bole reported that the caterpillar grader while grading the Flanders Mill road had broken down her gate post; that the post cost \$25.00 and that she wanted the County to pay for fixing the post or to repair it. The matter was taken up with Surveyor Waldorf and he said he would take care of it.

George Duncan, Superintendent of the Poor Farm, reported that he had gone out to John Pasha's and looked at a dairy cow priced at \$60.00. He stated he thought the cow was worth the money and the Board authorized him to purchase same.

The Board ordered the Clerk to advertise for bids for the construction of a 120-foot steel truss bridge across the Gallatin River near Trident, bids to be opened on the 26th of August, 1931 at two o'clock P. M.

W. J. Duncan, representing the R. Hardesty Manufacturing Co., was given an order for some culverts.

Mrs. Staffanson, Clerk of School District #19, and R. P. Jones, Trustee of that district, met the Board and said that in their judgment the levy for District #19 had been placed too high. After going over the budget again, it was found that the levy could be reduced four mills and they stated that in their judgment it would be fine to do this. The Board reduced the levy four mills making the general levy six mills and the bond sinking levy four mills for this district.

The Board adjourned at five o'clock P. M.

D. truck and to be used for speed work on dirt and gravel roads. He was asked to return tomorrow morning and at that time the matter would be taken up with the Surveyor to see whether or not he cared to make purchase of same at this time.

W. J. Counter of the Lindsay-Billings Co. was called relative to the right-of-way through his land near West Yellowstone. He was informed that in the opinion of the Board the sum of \$100.00 was entirely too much for this right-of-way. Mr. Counter agreed to accept the sum of \$50.00 and was informed that the matter would be discussed with the Board and if agreeable a claim would be sent to him upon receipt of which he agreed to sign and return the deed.

George Sinton, Lee Hays, Walter White and L. D. Moritz from Manhattan met the Board in the interest of the Dry Creek project which project has been graded and is being prepared for gravel. They stated they had collected \$1500.00. The Board stated that from conversation with the Surveyor they thought it would be necessary to have \$2000.00 or \$2200.00 if the pit as being reported would be used. They were also informed that two pits properly located on this project would materially reduce the amount which would have to be put up. They stated that they would go and look over the ground again and report to the Board later.

On motion made and carried, the following Resolution was passed:

WHEREAS, Al Dance, owner of Lot 6, Block 14, of the Original Townsite of Three Forks, Montana, failed to pay the taxes on said property for the year 1920, amounting to the sum of \$49.86; and

WHEREAS, the then present County Treasurer of Gallatin County, Montana failed to give notice to the said Al Dance, owner of said property, of such delinquent taxes, and failed to certify to the County Commissioners of Gallatin County such delinquent property whereby the said County of Gallatin would be entitled to a tax deed for said property; and

WHEREAS, by reason of said error the Board of County Commissioners has agreed to accept the sum of \$72.98, representing the original tax of \$49.86, with \$4.98 penalty, and 10% interest for three years thereafter as payment in full for taxes on said property as hereinabove referred to;

WHEREFORE, IT IS ORDERED, That the County Treasurer of Gallatin County issue to said Al Dance a receipt in full for the payment of taxes for the year 1920 on the property hereinabove described upon payment of the sum of \$72.98, tax, penalty and interest, leaving said property clear of any delinquent tax thereon for the year 1920 by reason of said error, and the County Treasurer is hereby authorized to cancel the balance of the interest due upon said delinquent taxes.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to Three Forks, posted notices of sale of a house and saw Joe Menapace and looked at three houses and lots which he had previously received inquiries about. On the Williams house a price of \$125.00 was set. Mr. Williams had been living in this property for sometime and owed about \$35.00 rent and the house was priced at \$125.00 provided the rent is paid to date of purchase of property. A house on Railroad Avenue was priced at \$25.00. The Board also appraised a house in the southeast corner of town at \$25.00.

The Board then saw Mrs. Thomas Murphy who had recently applied for County aid. Mrs. Murphy, having 480 acres of land and some horses and machinery, stated that she would be willing to turn this property over to Gallatin County, provided that the County would furnish a house in Three Forks for her to live in and allow her enough for her and her sister, who is an invalid and has lived with her since she was fourteen years of age, to live on. After some discussion, it was agreed that the Board send Mr. Bull down and have him take Mrs. Murphy to Three Forks to look at some of the County houses.

The Clerk was ordered to post notices for an extra session beginning Monday, August 24th, 1931, not to exceed two days.

R. M. Bowen representing the Hall-Perry Machinery Co. of Butte met the Board and sold to them a dragline trailer for the sum of \$2,195.00, with a discount of \$34.00 if paid by October 5th, 1931.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 26th day of August, 1931, not to exceed two days.

"Pink" Taylor met the Board and made inquiry relative to lots owned by the County. He said that he was desirous of building and that if the County had any lots that would suit him he would gladly go and see them and report as soon as possible whether or not he would take the lots.

Mr. Bull reported that he had gone to see Mrs. Thomas Murphy living west and south of Willow Creek and had taken her to Three Forks and that she looked at one of the County houses and that she was willing to transfer all her property if the County would provide a home for her and furnish her and her sister with necessary supplies.

Charles T. The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 25th day of August, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Dick Tudor and W. A. Edsall reported that there was a man and his wife, residents of Caldwell, Idaho, at the Tudor ranch and that Mr. Tudor was not able to care for them. He stated that they had been living at the County Farm at Caldwell and asked if the Board would not write to Caldwell and see if arrangements could not be made to send them back. Mr. Tudor was asked to get the address and report to the Board and they would see what could be done.

Frank Hargrove met the Board with a man by the name of John Hunter, his father-in-law. He stated that Mr. Hunter is 96 years of age and a resident of Madison County and that he was not able to care for him. He was informed that no doubt Mr. Hunter could return to Madison County and they perhaps would care for him but at this time Gallatin County could not care for him in any way.

Dr. Piedalue reported that Roe Yates was in very bad condition and that his wife being blind was unable to care for him any longer. He stated he had developed cancer of the nose and that in his judgment Mr. Yates should be sent to the hospital. Dr. Piedalue was asked to go and see if arrangements could be made to put him in the Deaconess Hospital and he reported back that they would care for him. The Board decided that under such conditions it would probably be the best thing to do.

Mrs. Yates having no other place to go and none of the children being able to care for her she was sent to Mrs. Linea Howard for care at the rate of \$25.00 per month.

Solon Parker from Willow Creek met the Board and stated that Gallatin County owned a small tract consisting of eight acres located in Section 13-1N-1W and asked to rent the same for the year 1931. He was asked the sum of \$5.00 which he paid in advance and was given a receipt for same.

Mrs. William Bole called the Board and informed them that nothing had been done with the gate post which had been broken down by the County caterpillar. She stated the post was of rock and mortar and that it had been almost torn down. The Board made an investigation of same and found that the gate post had been very badly damaged. Mrs. Bole was seen and arrangements made to replace same in the near future.

A representative of the V-aca Chemical Co. met the Board and the Board ordered from him ten gallons of floor wax at \$2.50 per gallon, the County to get a #35 power sprayer free of charge with this order.

A letter was written to Charles T. Knapp stating that the Board had decided on a price of \$650.00 for the Barber-Greene conveyor and if he decided to purchase it the rental charge would be applied on the purchase price.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 26th day of August, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf having previously asked the Board to go to Trident with him, on motion made and carried, the Board with Mr. Waldorf went to Trident and there met Mr. Hefferlin, Assistant Surveyor for the N. P. Railway Co., and Clarke Leh and discussed with them the matter of right-of-way for the proposed bridge at that place, the present bridge being located on the N. P. right-of-way and the proposed bridge is to be set even closer to the track. After talking to Mr. Hefferlin, arrangements were made for him to call Mr. Wakefield of Livingston, one of the engineers above him, and to explain to him what the Board desired for location. Mr. Hefferlin made arrangements with Mr. Wakefield to meet the Board at the depot and to ascertain his slant on same.

After meeting Mr. Wakefield, he informed the Board that he had seen Mr. Taylor, who is District Engineer, and permission was granted to proceed at once and to make application for lease on same. This the Board agreed to do.

The time having arrived to open bids on the Trident bridge, as per the advertisement hereto attached, the following bids were received:

The Standard Construction Co. bid the sum of \$10,156.40 for building the bridge with a concrete floor and made an alternate bid of \$9,518.10 for a wooden floor;

Mougey & Whiteaker submitted a bid of \$9,749.98 for concrete floor and \$9,192.38 for a wooden floor.

Mougey & Whiteaker, being the lowest bidders, and in the judgment of the Board the concrete floor would be more durable and more acceptable in every particular, the contract was awarded to them for the sum of \$9,749.98.

J. C. Menapace of Three Forks met the Board and informed them that he had sold the property described as Lot 3, Block 7, Buttlemans Addition, Three Forks, to L. B. Lamb for the sum of \$25.00. He asked that a deed be made at once.

Mr. Menapace also informed the Board that if they could come down and spend a day with him that he had other parties desiring to purchase property which he thought would be of material interest to the County and that we would have a better record on such property as he had in mind to sell.

Mr. Menapace stated that Mrs. Thomas Davries of Three Forks was in further need of aid and he was given a requisition for \$5.00 worth of supplies for her.

C. W. Sweet reported that James Emerson had a family of six children and that he was giving very little attention to them, his wife being dead. He stated that two of the children had left home and the others in his judgment were not getting the proper food and clothing. He said that he had in several instances furnished these children with clothing and food at his home. Two of them, Robert and Melvin, he stated, in his judgment were bad characters but the rest of the children were good children and that he thought something should be done to secure a home for them or have them cared for at some institution.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 27th day of August, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Charles T. Knapp met the Board and stated the graveling job on the lake shore had been awarded him and that he wanted to use the County conveyor. He signed up a contract for approximately 8500 yards at \$.03 per yard. He stated the price submitted to him for the purchase of the conveyor was in his judgment very good and that he would let the Board know at a later date about purchasing same.

Harry Williams had taken the County conveyor up to this job and some trouble came up so that he was not able to finish the job. The belt for the conveyor having been reported gone, Mr. Williams was informed of same and made an effort to locate same as he was obligated in the contract to return the conveyor in good condition to the County shop, reasonable wear and tear considered.

William Dore met the Board and stated the County Surveyor had purchased two poles from him sometime ago at \$1.50 each. He was asked to sign a claim for same.

A culvert close to the Dammerel road was reported to be in bad condition; also one about 1½ miles north and west of Belgrade. Same were reported to Surveyor Waldorf and he said he would care for same.

The Clerk was ordered to post notices for an extra session beginning Monday, August 31, 1931, not to exceed two days.

Dr. Piedalue reported Mrs. Earl Johnson in the hospital. He stated that Mr. Johnson is working at the college for \$115.00 per month. This matter was referred to Mr. Bull and on his investigation he said that Mr. Johnson stated he could pay the sum of \$5.00 per month for his wife's care if this would be considered by the hospital. Mr. Bull asked if the County would guarantee this and was informed that they would not and that in the judgment of the Board if Mr. Johnson could pay and was willing to pay \$5.00 per month it certainly should be considered by the hospital.

D. O. Holland reported the dragline had broken down some of his fence on the "Judge Law" road and asked that the County pay him \$5.00 for repairing same or that the County do the work. After some discussion, it was decided to allow him \$2.50 to do the work and he signed a claim for same.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, August 31st, 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, September 2nd, 1931, not to exceed two days.

Regular salary claims for the month of August were approved and warrants signed for same.

Mrs. Sarah Taggart met the Board and stated that she had traded a piece of property in Bozeman for a small ranch consisting of 108 acres and that she had no house on it. She wanted the Board to furnish her money to build the house stating that she could get along if this was done. She was informed that the Board could not furnish money for the building of a house but in case she was in need of supplies they would consider furnishing a reasonable amount of supplies. She said she had no money at all and was very much in need of supplies. She was given a requisition for \$5.00 worth of supplies on James Aulhouse at Three Forks.

Supervisor Woosley of the Flathead District asked to do some work near the Flathead Pass, stating that he could get donations from the people of that vicinity equal to the amount Gallatin County would put up. He stated he thought it would be good business to do this work due to the fact that there was a considerable amount of stock being moved which could be moved through the Pass at much less expense than by bringing it around by the way of Bozeman. He was asked to go back and see just what donations could be received and report same to the Board. This he agreed to do.

Mrs. Ed Parsons reported to the Board that she wanted to move into a two-room apartment belonging to Chas. Logan, same being located on South Black. She stated that stoves would be furnished in this apartment and that she had already sold her stove and had no way of getting along at this time. The rent of this apartment she stated would be \$15.00 per month. The Board at this time was paying only \$12.00 for her rent and she was asked to have Mr. Logan come before the Board to see if arrangements could be made for less rent.

Having received a letter from Mr. Poor of the State Highway Commission stating that he would like to meet the Board at the Sacajawea Hotel in Three Forks on Tuesday, September 1st, at two o'clock P. M., relative to the location of the new road from Jefferson Canyon to Three Forks by way of Willow Creek, on motion made and carried, the Board went to Belgrade and there endeavored to see Mr. Stiefel who is very much interested in this road, then to Manhattan and saw Mr. Stoult, a member of the Chamber of Commerce, and very active in same, then to Three Forks to see Mr. Bachelder, a member of the Chamber of Commerce, and anxious for the change in said road, then to Willow Creek and saw Mr. Earl Parks. The Board then went to Boulder to see the County Commissioners at that place to take up with them the matter of lending assistance in location of this road by way of Willow Creek. The Board got in touch with Mr. Carlson, one of the Board, at the Court House, then saw Mr. Douglas, Chairman of the Board, and then saw Mr. Ahl, the other member of the Board. They agreed to meet this Board at Three Forks and go over the matter with them, stating they would gladly assist in the location of this route by way of Willow Creek and that in their judgment locating the road on the west side of the Jefferson River would not credit their district but a very little and therefore they were inclined to feel that they would cooperate with this Board in their efforts tomorrow at two o'clock.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, together with Surveyor Waldorf, went to Three Forks to meet George Poor, locating engineer for the State Highway Commission, and take up with him the location of the road from Jefferson Canyon to Three Forks by way of Willow Creek. Mr. Poor was met at two o'clock P. M. with a large number of people from Three Forks, Manhattan, Belgrade, Willow Creek and Trident and was asked for an explanation of the location of this road and immediately informed the meeting that this road had already been located, accepted and approved by both the State and Federal interests. However, the matter of location of the road was discussed and Mr. Poor stated that he did not see what could be done. The Gallatin County delegation took grave exceptions to the letter sent by Mr. Poor asking the Board and others to meet him after the road had been located, accepted and approved. Two of the Jefferson County Commissioners were present and they also raised objections stating that the location of this road in their district would not help them any and if anything would be detrimental to them by virtue of none of their people using same.

Having leased the Barber-Greene conveyor to Charles T. Knapp and the belt for same being missing, the Board saw Everett Brown and secured his belt for the work on Mr. Knapp's project for the sum of one-half cent per yard.

George K. Clarke, as receiver of Home State Bank, Manhattan, Montana, appeared before the Board and made a proposition, subject to the approval of the Court, for the settlement of said Bank's indebtedness to Gallatin County. After considerable discussion and consideration, it was moved by Commissioner Morgan, seconded by Commissioner Pasha, as follows:

That the offer of George K. Clarke, as receiver of Home State Bank, Manhattan, Montana, subject to the approval of the Court, to pay to Gallatin County the sum of \$750.00 in cash in full settlement of all claims of Gallatin County, including taxes, now existing against said Bank, and a full acquittance and discharge thereof, including surrender of collateral security held by Gallatin County, be, and the same is hereby, accepted; provided, that, as to said collateral, the County of Gallatin having heretofore entered into an agreement in writing with C. V. Scollard, one of the sureties on a security bond of said Home State Bank covering the claim above referred to, whereby the said Scollard settled and compromised his liability to the County on said bond and it was thereupon agreed that the said Scollard should thereafter share in any collections made upon the collateral above referred to, the County may surrender said collateral (notes) to the said Scollard upon his release of the County from the aforesaid agreement in writing, to be endorsed upon a copy of said agreement and filed with the treasurer of Gallatin County; and upon such payment (\$750.00) and upon the surrender and cancellation of the aforesaid agreement in writing by the said C. V. Scollard, the County Treasurer of Gallatin County, Montana is hereby authorized, empowered and directed to deliver the aforesaid collateral to the said C. V. Thursday the 10th day of September 1931

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 10th day of September, A. D., 1931, at nine o'clock A. M.

These present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

The Board approved the Clerk and Recorder's report for the month of August.

Art Burnside of the Burnside Sporting Goods of Spokane and Undersheriff Williams appeared before the Board with some safety devices for the Sheriff's office. The Board purchased one tear gas bomb at a price of \$8.00 and four tear gas shotgun shells at a price of \$2.00 each.

Engineer Forrest of the Forestry Department met the Board and stated that he was in need of some right-of-way through the Righenour property. He stated at the time the right-of-way was secured and a map made of same that Mr. Counter's property showed on the plat books but Mr. Righenour produced a deed showing that twenty acres of this land belonged to him. Mr. Forrest stated that Mr. Righenour wanted \$200.00 for the right-of-way and would not take any less and advised the Board to secure this right-of-way as soon as possible as he had been stopped by officers from proceeding any further. Mr. Forrest was asked if he was going back to West Yellowstone immediately and he said he would this afternoon. He was asked to see Mr. Righenour and have him call a member of the Board at about the hour of 6:30 to see if right-of-way could be secured from him at a less price than what he had stated he would take, the Board deeming that \$200.00 was very much in excess of what the right-of-way was worth due to the fact that this land was only valued at \$4.00 per acre and that only $4\frac{1}{2}$ acres was directly affected and that five acres was cut off by reason of being located in the north-west corner and no water available for stock purposes at that place, which in Mr. Righenour's opinion made this piece worthless to his property.

At the regular session of the Board, September 8th, 9th & 10th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 11th day of September, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Engineer Forrest called from West Yellowstone regarding the Rightenour property. He stated that Mr. Rightenour would not accept less than \$200.00 for this right-of-way but suggested arbitration. The Board decided to call Mr. Catron to ask if he would not act in that capacity. Mr. Catron stated that he would meet the Board at 9:30 A. M. on September 12th.

Surveyor Waldorf met the Board and informed them that the dragline was about through on the Dry Creek road and that he would like to move same to the Hamilton and Seifert project and there load gravel for surfacing that road and asked if the Board would not go down and take the matter up with them and endeavor to find out just when they would be ready to start work. On motion made and carried, the Board went to the Hamilton ranch and saw Mr. Hamilton and then went to the Seifert ranch to see Mr. Seifert. Both stated they were seeding wheat and would be busy the rest of the week and perhaps half of the following but would report to the Board on Monday, the 14th, just when they would be ready to begin work.

The Board then went up Dry Creek on the new project and inspected work being done by George Taylor, also by the caterpillar crew and by the dragline crew. The dragline crew informed the Board that they would like to repair their engine before moving. The matter was taken up with Surveyor Waldorf and permission was granted. Found work in that vicinity progressing very well.

A notice was received from the County Treasurer's office asking the Board to cancel the taxes which had been on the books for a number of years. After considering and investigating the list recommended for cancellation, the Board deemed the same advisable. The list is as follows:

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Saturday, the 12th day of September, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

As per arrangements, Mr. H. M. Catron met the Board, and on motion made and carried, the Board, together with Mr. Catron went to West Yellowstone and there met Mr. Rightenour relative to the right-of-way through his ranch asked for by the Forestry Department on the road just north of Duck Creek. Mr. Rightenour advised the Board that he had chosen Dick Murray of West Yellowstone to act as one of the appraisers and Mr. Murray and Mr. Catron got together and selected Jay Whitman of West Yellowstone to act as the third man. They went out on the grounds and discussed the matter for a short while and could not get together in any way. Mr. Catron advised the Board that Mr. Murray and Mr. Whitman got in their car and went back to West Yellowstone hardly giving the matter consideration.

It having been reported to the Board that the road along the north shore of Hebgen Lake was in very bad condition, the Board went down and looked the same over and found it somewhat rough and inquired if there was any engine or horse power available in that vicinity to put on the County blade and smooth up the road. They were informed there was neither available and the Board decided that it would be impossible to do anything at this time due to the fact that no County machinery was available to send up there at this time.

The Clerk was ordered to post notices for an extra session beginning Monday, September 14th, 1931, not to exceed two days.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

J. W. Lee met the Board and asked for an Old Age Pension. He stated that he was 81 years of age and that at this time he was having a very hard time to get along. He stated he had a wife 76 years of age and that while he had two sons and a daughter they were having a hard time getting along and that it was almost impossible for him to get by at all. He was asked to have one of his sons, who is working at the Bozeman Auto Company, come in and the Board would have a talk with him and that after having a talk with the son he could return and the Board would give him consideration.

Sam Woosley, Road Supervisor of East Flathead, met the Board relative to repairing the road through Flathead Pass. He said he had seen a number of the citizens in East Flathead and also a number in the valley here who would donate at least an equal amount of work as the County would have to pay for and that the people in that vicinity deemed this quite important for moving stock and for people going through on horseback. He was informed the Board would allow up to ten days' work on this road. Mr. Woosley stated that he would donate with himself and teams one day's work on this road. He was authorized to go ahead with the work immediately.

Roy Fogle met the Board and wanted to purchase a wagon which the County has at the County shop. This was priced to him for \$15.00. He stated he would look at the wagon and report back.

Nathan Callantine to whom the County has given aid at various times called and stated he was unable to pay his rent. He was asked to have Mrs. Manlove from whom he is renting come before the Board, which she did, and she was allowed to sign up three claims for rent at the rate of \$12.00 per month.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 15th day of September, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

James Donlon met the Board and informed them that the dragline trailer was at the Shop and that in his judgment it would be necessary to put some steel rails on the outside of the trailer in order to hold the dragline while in transit. The Board went to the Shop and looked it over and decided it would be good business to put on this railing. Same was ordered done.

On motion made and carried, the Board, together with Judge Law, went out to Clarence Herron's and saw him relative to his unpaid subscription on the road connecting the Cottonwood road and the Black road running south from Gallatin Gateway. Also saw Ernest Portnell and went over matters with him. It was decided that Judge Law would see Walter Buzard and the Pritchard sisters relative to their part of the collection.

John Bartholomew met the Board and stated he was interested in the Lucy Adams property but would look up a few matters and meet the Board again soon.

Frank Hargrove called from Manhattan and asked to lease a small house owned by the County. Same was rented to him for the sum of \$4.00 per month and he said he would deposit the money with Jake Voight.

The Board ordered Commissioner Moore to call Mr. Rightenour relative to the right-of-way through his land as no report had been filed with the Board by the appraisers. Mr. Rightenour stated that he could not accept less than \$25.00 per acre for the nine acres. He was informed that the Board thought this entirely too much and that they would proceed with condemnation proceedings. Mr. Rightenour was also informed at this time that the Board would be willing to pay him \$25.00 per acre for the land actually used for the road right-of-way.

The Chairman was authorized to sign a contract for the sale of Lots 7 & 8, Block 4, Buttleman's Addition, Three Forks, to Dorothy Irene Gross for the sum of \$95.00.

The following report was received from two of the appraisers on the Rightenour property:

September 12, 1931.

To the Commissioners of the County of Gallatin:

Gentlemen:

We, the undersigned, constituting two of a committee of three, selected to act as appraisers of a certain piece of property containing one hundred and forty acres through which a highway is contemplated, which will make useless to the owner, Mr. Herklas Rightenour, nine acres of his most valued land, do hereby signify and declare that we, after due deliberation and consideration, consider that said afore-stated land is of the value of Twenty-five Dollars (\$25.00) per acre, making a total of two hundred and twenty-five Dollars (\$225.00); which we agree is a due and reasonable sum for the same.

And we further recommend that the said County of Gallatin pay to the said owner, Mr. Herklas Rightenour, the beforestated sum, namely Two Hundred and Twenty-five Dollars (\$225.00) as a consideration for the beforestated right-of-way.

Signed: Jay Whitman

The Board went to see Samuel King relative to his sister, Mrs. Milliron, who had applied to the County for aid some days previous. He stated that if the County would furnish his sister with coal that they would take care of necessary supplies for her. This was agreed to.

Mr. Lively representing the Connelly Machinery Co. of Billings met the Board and stated that he would send Surveyor Waldorf a price on a carburetor for the caterpillar engines which would burn tractor fuel. He stated that this had been tried out and was a success and a great saving in fuel.

George Duncan met the Board and said his wife would give \$800.00 in cash for the Lucy Adams property. He was informed that this property was appraised at \$900.00 and he was asked to talk over the proposition with his wife and see whether or not she would care for the property at that price.

Dr. Piedalue reported that he had gone to Logan to see Fred Hafner who had just had a slight stroke of paralysis.

A requisition for \$4.00 worth of supplies was ordered issued to Mrs. Martha Richardson of 106 So. 9th.

The Clerk was ordered to post notices for an extra session beginning Monday, September 28th, 1931, not to exceed two days.

On motion made and unanimously carried the following Resolution was passed:

WHEREAS, Section 6, Chapter 148, of the Twenty-first Session Laws of Montana of 1929, providing for a Budget System for making and controlling county estimates, tax revenues and expenditures, sets out in part that in order to meet mandatory expenditures required by law, the County Commissioners may, upon adoption by unanimous vote of all members present at any meeting, the time and place of which all members shall have had reasonable notice of, a Resolution stating the facts constituting the emergency and entering the same upon their minutes, make the expenditure or incur liabilities necessary to meet such emergency without further notice of hearing; and

WHEREAS on the 22nd day of July, 1931, Baby Burky and Baby McAndrews, both young infants born at the Three Forks Hospital at Three Forks, Montana, and confined therein, died suddenly, and the cause thereof was unknown to anyone immediately connected and associated with the said hospital; that the parents of the said infants demanded of the coroner of Gallatin County that he hold an autopsy and cause the contents of the stomach of each of the two infants to be analyzed by competent chemists of recognized standing; and

WHEREAS, the coroner, H. H. Dokken, in compliance with the demands of said parents, met with the Board of County Commissioners and explained the situation to them, advising said Board that the expense of an examination, such as was demanded by the said parents would likely exceed the amount of money that had been set up and appropriated to the Coroner's use under the item Autopsy, as shown on the Coroner's Budget for the year 1931-1932, said amount being \$100.00, but the Board of County Commissioners was under the impression that it had enough money in said budget to amply take care of the said autopsies hereinabove referred to and still have sufficient money in the budget to take care of expenditures for the balance of the year 1931-1932, and therefore said Board did not increase the appropriation in a sufficient amount to take care of said item of autopsies, as aforesaid; and

WHEREAS, the expense for the holding of the said autopsies on the bodies of the two infants hereinabove referred to amounted to the sum of Two Hundred Seventy (\$270.00) Dollars, to-wit:-\$120.00 to be paid to B. L. Johnson of Bozeman for the chemical analysis of the contents of the stomach of the Burky infant, the sum of \$100.00 to be paid to Dr. Thomas F. Walker of Great Falls for the chemical analysis of the contents of the stomach of the McAndrews infant, the sum of \$25.00 to be paid to Dr. R. E. Seitz of Bozeman for autopsy performed on Baby Burky and the sum of \$25.00 to be paid to Dr. C. C. Seerley for autopsy performed on Baby McAndrews; and

Thursday the 24th day of September 1931

WHEREAS, it will be necessary to make an appropriation of \$270.00 in order that said expense of said autopsies of said infant may be paid, and that there be sufficient money for further expenses yet to be determined, if any should arise, during the balance of the year 1931-1932, and leave the same amount in the Budget as there was before the incurring of the hereinabove described expense, to-wit:-\$100.00; and

WHEREAS, it now appears to the said Board of County Commissioners of Gallatin County that the budget appropriation now set up is insufficient to meet this mandatory expenditure required by law, as provided in Section 6, Chapter 148, of the 21st Session Laws of 1929, and that the Coroner's budget, with particular reference made to the item of Autopsies, should be amended so as to show an additional appropriation of \$270.00 to take care of the items hereinabove referred to and leave the original amount of \$100.00 in the budget; and

WHEREAS, said appropriation is necessary in order to meet this mandatory expenditure required by law;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Gallatin County, in extra session assembled, with all members thereof present and concurring in the deliberations of said Board, as required by the provisions of said Section 6 of Chapter 148 of the Twenty-first Session Laws of Montana of 1929, that a mandatory expenditure required by law is necessary as hereinabove set forth; that it is now necessary to make a further and additional appropriation of \$270.00 to the budget for the purpose of paying the necessary expense incurred in the holding of the said autopsies on the bodies of the Burky infant and the McAndrews infant and the making of chemical analyses of the contents of the stomachs of said infants, as hereinabove set out, and to leave the original amount of \$100.00 in said budget, and said Board hereby directs that said appropriation be made; that the County Clerk and Recorder, as ex-officio Clerk to the Board of County Commissioners set up said appropriation of \$270.00 to cover said item mentioned aforesaid; that said Coroner's budget under the item of Autopsy be amended so as to show said appropriation in order that the respective amounts hereinabove referred to may be paid to B. L. Johnson, Dr. Thos. F. Walker, Dr. R. E. Seitz and Dr. C. C. Seerley, who performed said autopsies and made said chemical analyses as aforesaid;

That this RESOLUTION directing said appropriation to be made be spread upon the minutes of the Commissioners' Journal without further Notice of Hearing.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 29th day of September, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Capt. Spangler of the Salvation Army met the Board again relative to assisting in caring for the poor. He stated that he would be able to assist transients by giving two meals and then they would have to move on. He was informed that in the judgment of the Board there would not be much of this as most of the floaters leave the country as soon as cold weather comes.

A report came to the Board that Mrs. Garnett Mars was not working and had left a job at the cannery and also one at the Fleming Hotel. It was also stated that she had been offered \$50.00 per month by Mr. Dornbos last year and had turned it down. This party insisted that Mrs. Mars did not care to work and advised that the County stop paying her rent. The Board called Mrs. Mars and took up the matter with her. She stated that she had never left any job and that she had not overlooked an opportunity at any time of taking work. She stated she worked at the Fleming Hotel as long as they needed her and that the same was true of the cannery and she denied ever being offered \$50.00 per month by Mr. A. Dornbos. She also added that the parties who had informed the Board of this were not familiar with conditions and that they had made statements which were not true.

Judge Law called the Board and asked if they would not meet a delegation of women at his office. These women were asking that a lady be put on as Probation Officer and Social Worker in the County. After considerable discussion, it was agreed that the Judge write to an applicant whom they recommended for this position.

The Board received an insurance policy from the American Surety Co. of N. Y. on the safe in the Treasurer's office.

The Chairman was authorized to sign a contract for the sale of Lot 10, Block 36, Milwaukee Land Company's First Addition, Three Forks, to Samuel Hafner for the sum of \$200.00.

The Board, together with County Treasurer Getchell and County Attorney Lay, approved the following depository bonds:

County Commissioners' Office, Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 5th day of October, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

Mrs. Virginia Thompson met the Board and asked for aid. She stated that she had three children and that her former husband had not contributed anything to their support for sometime. The Board called H. E. Thompson, her former husband, and asked if he could not meet the requirement which she asked, which was the sum of \$5.00 towards the support of the children. He stated that he thought he could do so if he would give it to her for this month. He later came back and...

The time having arrived for opening bids for the crushing and hauling of the gravel for the road connecting Projects No. 17 and No. 20, as per the advertisement hereto attached, the following bids were received:

Grant F. Lamport of Billings, Montana	\$3,560.00
Standard Construction, Bozeman, Montana	3,462.00

Mr. Brown being the lowest responsible bidder, the contract was awarded to him.

Berg Clark reported a culvert in front of his place broken down. Same was referred to Surveyor Waldorf.

Mrs. Roe Yates called and wanted to go to the hospital and stay with her husband. She was informed that the County could not stand the expense. Then she asked if her husband could be moved to where she was staying and was told that according to information received by the Board it would not be advisable to move him and that Mr. Bull would come down and have a talk with her relative to conditions.

Mr. Hansen of Mt. Ellis met the Board and wanted gravel put on the road from Highway #10 to the Mt. Ellis school. He stated that he thought he could make arrangements for hauling the gravel if the County could put in the dragline and load the gravel into trucks or wagons.

The Board received the application of Mrs. Sarah Porter for an Old Age Pension, same being signed by R. H. Dean and Wm. N. Niven.

The Board approved the bond of the Standard Construction Co. for the graveling of the Manhattan-Dry Creek project with themselves as principal and George Cox and Charles Vandenhook as sureties, said bond being in the sum of \$4981.40. Same was filed with the Clerk and Recorder.

EXAMINER'S NOTES

The County Treasurer must deposit the funds under his control as provided by Chapter 49 of the 1929 Session Laws, same to be distributed ratably among the depository banks substantially in proportion to the paid-in capital and surplus of each such bank willing to receive such deposits under the terms of said Chapter 49 and said banks qualifying therefor. The Treasurer must not deposit funds of the County in the depository banks in excess of the bonds or securities pledged.

The County Treasurer must collect all licenses as provided by law. He must also collect all personal taxes certified to him by the County Assessor, as provided by Chapter 102 of the 1929 Session Laws, such collections to be made as provided by Section 2239, R. C. M. 1921, as amended by Chapter 102 of the 1923 Session Laws.

A uniform rate of interest must be paid the County on all deposits in the County Depository Banks as provided by Chapter 49 of the 1929 Session Laws.

The paying of commissions to J. C. Menapace for collecting rents for tax deed property is not a legal expenditure. The County Treasurer must collect all funds due the County. Also, deductions have been allowed from rents for the repairs on the tax deed property. Such rents must be paid the County Treasurer and if repairs are made the same must be presented to the Commissioners on a duly itemized claim and warrants drawn for same. There must also be a provision made in the budget for such expenditures.

The suspense account for closed bank funds must be taken care of by the County Commissioners. The County General Fund must be reduced the amount of such closed bank funds and an account "Closed Bank Suspense Account" set up to equal such amounts.

The Board of County Commissioners must order tax deeds taken to all property at the expiration of thirty-six months from the date of tax sale. The Supreme Court has held that such deeds must be applied for.

The Board of County Commissioners has spent \$6,500.00 for the appraisal of all City and Town property for assessment purposes. The Supreme Court held in the Hill County case that such an expenditure is legal but we do not feel that such an expenditure is justified in this case for the reason such appraisals are not being used.

The expenditures for the past fiscal year have not been filled in on the present budget sheets by the County Clerk. No provision has been made in each budget for the payment of the premium on the official bond of each County Officer.

Monday the 5th day of October 1931

Gallatin County has seven automobiles. Your attention is called to Chapter 176 of the 1929 Session Laws which provides for the actual expense of the County Commissioners for road and bridge inspection or viewing. The law also provides where any County Officer uses his car where actual expense is allowed he shall receive not to exceed 12 $\frac{1}{2}$ ¢ per mile for the use of the car. Your attention is called to Volume 6, Page 342, Attorney General's Opinions, in which it states the Board of County Commissioners has no authority to purchase an automobile with County funds for any purpose.

In Commissioners' Journal No. 18, Page 381, the minutes show that the Chairman of the Board is authorized to sign a release of Mr. W. D. Bell's former County Treasurer, official bond. There is no authority of law for the signing of such release.

The minutes of the Board of County Commissioners show meeting as follows: April 1930, 18 days; May 16 days; June 17 days; July 22 days; August 18 days; September 18 days; October 18 days; November 18 days; December 21 days; January 1931, 17 days; February 15 days; March 19 days; April 18 days; May 17 days and June 19 days. We do not believe the business of Gallatin County requires the number of days in session by the Commissioners as shown above.

The salaries allowed the deputies in the County Clerk's office, the County Treasurer's office, County Assessor's office and Clerk of Court's office are in excess of the amount allowed deputies in fifth class Counties as provided by Section 4874, R. C. M. 1921. Also see the Attorney General's Opinions regarding such salaries.

There are a number of old estates that have balances to their credit on the books of the County Treasurer. These estates should be listed and submitted to the District Judge and if there are no heirs and the estates are closed the balances should be escheated to the State of Montana as provided by the 1931 Session Laws.

Due care must be exercised before a claim is allowed for payment to see that the same is up to legal requirements as provided by Section 4605, R. C. M. 1921, that the same bears a complete date, that the itemization is clear and explicit of the services rendered and supplies or material furnished, that the same is duly signed and sworn to and that proper vouchers are attached to the claim. Your attention is called to the following claims:

No. 50, B. E. Galkins Company, \$87.66, expenses of man "8 hours traveling time \$8.00, 8 $\frac{1}{2}$ hours at \$2.00 per hour \$16.50, transportation and baggage \$11.56, hotel expense and board \$13.70." The claim is not itemized. There are no vouchers attached to verify the amounts claimed expended. A claim of this nature should not be allowed for there is no way to determine if it is a proper charge against Gallatin County. All claims for traveling expenses and for money advanced must be fully itemized and supported by proper receipts.

No. 112, O. L. Ward, \$3.42, refund of taxes. The Supreme Court has held that the County Commissioners have no authority to refund a tax or to compromise any tax unless the same has been paid under protest.

No. 133, E.F. Bunker, \$10.00, services. This claim is not itemized. All claims must be fully itemized.

No. 996, Burroughs Adding Machine Company, \$61.20, maintenance contract August 24, 1930 to February 24, 1931, allowed and paid September 4, 1930. This is paying for a service before it is rendered and is prohibited by law. If you are to pay for this service in advance, why not pay the County Officers' salaries in advance?

No. 471, J. E. Moore, County Commissioner, \$202.77; items of July 11, 12, 13, 1930, per diem and expenses to Red Lodge and Roundup regarding coal prices-per diem \$24.00, expenses meals and gas \$9.27. Trips of this nature by the County Commissioners are not provided for by law and they cannot legally charge for same. The amount of these items, amounting to \$33.27, should be refunded to the County. It is very doubtful if this trip saved Gallatin County any money.

No. 472, Glen Morgan, County Commissioner, \$221.58; items July 11, 12, 13, 1930, per diem and expenses to Red Lodge and Roundup regarding coal prices-per diem \$24.00, expenses \$9.58, totaling \$33.58. This claim is subject to the same criticisms as the above and the amount \$33.58 should be refunded to the County.

No. 3094, J. E. Moore, County Commissioner, \$159.94, per diem and expenses attending Commissioners' Convention in Missoula, contains item of \$4.50 for lodging and \$4.50 for meals while in attendance at convention. The law which provides for one Commissioner to attend a general meeting of County Commissioners once a year provides that "he shall be allowed per diem and actual transportation charges." This does not include meals and lodging. The same claim contains item of per diem January 23, 1931 \$8.00, room and meals \$3.00, meeting with State Highway Commission. There is no authority for a Commissioner to attend a meeting of the Highway Commission and to collect per diem and expenses for such trips.

No. 3379, Burroughs Adding Machine Company, \$61.20, maintenance contract February 24, 1931 to August 24, 1931; claim presented and paid on March 4, 1931. This is payment for a service in advance and is prohibited by law.

No. 3399, Peter Jenkins, \$4.34 for refund of taxes. The Commissioners have no authority to refund or compromise any tax unless the same has been paid under protest.

No. 3707, A. D. Brewer, \$15.44, expenses, and other claims of same claimant are not fully itemized. None of these claims show place where expense was incurred. All claims must be completely itemized; if they are for meals they must show the town or place where eaten.

No. 3782, Remington Rand Business Service, \$16.00, renewal of maintenance services, expires

Monday the 5th day of October 1931

December 12, 1931, allowed and paid April 18, 1931. This is payment for a service before service is rendered and is prohibited by law.

No. 4102, J. C. Menapace, \$8.60, commission on rents collected for County. There is no authority whereby the Commissioners can allow someone to collect money for the County. The County Treasurer should collect all monies for the County with the exception of fees, which the law provides the various officials shall collect.

Road Claim No. 219, L. K. Sorenson, \$2.40, commission on Special Road Tax collections. The Attorney General has ruled that "the counties cannot allow a commission for the collection of Poll taxes."

No. 1784, Florence Crittenden Home, \$50.00 for care of inmates. This claim does not show the names or number of inmates from Gallatin County, nor the dates for which care is charged. The County must not make donations to any institution.

S. J. Woosley met the Board and reported that the road through Flathead Pass was in shape so that cars could go through from east to west. Also that the Government would put up about \$135.00 to make the road wider and better.

The following amounts for the Voluntary Improvement District connecting Projects 17 and 20 were turned over to the County Treasurer:

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 7th day of October, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

J. C. Menapace of Three Forks met the Board and matters regarding claims he had sent in were taken up with him. He stated that he had given a check for \$72.00 as first payment and advertising cost of property which Mrs. Russie Erroes was desirous of purchasing. Mr. Menapace was informed that this check had never been received by the Board and consequently the property had never been advertised. Mr. Menapace stated that if the Board would advertise this property that on date of sale he would make good the \$72.00 for which he claimed he had given a check. He also stated that he had gone to the bank and that the check he thought he had given to the Board had never been cashed. Therefore in all probability the check had been mislaid and never received here.

James H. Ping met the Board and deposited \$15.00 for the sale of Lot 3, Block 4, Central Park. Attorney Lay was asked to draw a deed for same.

G. W. Goodrich reported a culvert in Kelly canyon in bad condition. Same was reported to the Surveyor.

The Board ordered an 18-inch, four-ply, 28-ounce belt, 202 feet long, from F. B. Connelly Co. for the sum of \$1.40 per foot, same to be used on the gravel conveyor.

The Chairman was authorized to sign a bond in the sum of \$6,943.40 to cover the contract awarded to E. N. Brown for the grading of the Anceney East project with E. N. Brown as principal and J. N. Brown and H. B. McCay as sureties.

Ben Bennett reported his brother-in-law, Charles Jenkins, living at Belgrade and at his house, much in need of aid. He stated that he, himself, was not able to help him. He was given a requisition for \$5.00 worth of supplies for immediate relief and was asked to have Mr. Jenkins sign three claims of \$10.00 each.

G. Y. Patten called in regard to the Ben Adams property. Mr. Patten stated he had been in Chicago and had talked with Mr. Adams and had been asked to see the Board and ask them to hold back on taxes. He also stated that Mr. Adams informed him that he had property in the vicinity of Three Forks which he considered of considerable value and that he expected to get a good job and would endeavor to pay the taxes as soon as possible.

At the regular session of the Board, October 5th, 6th and 7th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:
