

As Cut for Dollar Days

41 Hicksville Business Firms Sponsor Three Day Bargain Event Which Gets Underway Tomorrow

HICKSVILLE—Forty-one stores and business firms are participating in Dollar Days, the sales event of a decade, which starts tomorrow (Thursday) and continues until Saturday night. The price-slashing dollar-saving Dollar Days are under the auspices of the Business Men's Association, Inc.

A unique feature of Dollar Days, according to Chairman Eugene Staller of the Starlight Shop, will be the issuance of bus refund tickets on Levittown and Furinton lines for the three big sales days. The tickets will be redeemed at all official stores displaying special signs and insignia for the bus fare paid.

Issue Special Bulletin

The message of Dollar Days is being carried today to all parts of the mid-Island region served by the Hicksville shopping centre. A special four-page supplement is included in this issue of the Mid-Island Herald, listing many of the offerings of the participants.

"The local stores are cooperating in putting up real values and bargains for price-conscious shoppers," Staller said last night. He explained the sale is expected to introduce the friendly community shopping district to hundreds of new residents of the mid-Island region. Older residents are looking forward to the harvest of bargains, since Dollar Days is a traditional sales feature of the community.

Charles Schwartz, BMA president, today complimented Staller and his committee for its efforts in organizing the Dollar Days for the benefit of the community. Participating stores include Sausages Hardware, Spiro's, Broadway Drug Shop, Goldman's Army and Navy, Arcade Variety, Empire Remnant Shop, Willman's Hardware, Larry's Dept Store, Charles H. Beatty & Son, Town and Country Apparel, Hickville, Chemists, Hicksville Firestone, Peter and Wendy, H. F. Huettner, Inc., Roger's 5 & 10, Schwartz Furniture, Starlight Shop, Williams' Army and Navy and the Herald. Twenty-one other firms are cooperating as boosters.

New Residents Want Busses

HICKSVILLE — Operation of a school bus within the Hicksville School District is winning new advocates and a formal request for such service may reach the Board of Education before the next annual meeting, the Mid-Island Herald learned today.

Within recent weeks three parents of small children, all residing in the Frank Homes off South Broadway, have individually raised the question of transportation to Nicholas St. grade school. They have each expressed the desire to see bus service provided because of the distance from their homes to the school.

Least Tried in 1947
At the 1947 annual school meeting a motion was made to raise \$4,000 by local taxation for bus service and carried. However, after further study of the question by the board, this amount was found "inadequate" to provide busses and the money was placed

in district surplus funds.

No bus service for children living within the district to the two grade schools and high schools is now provided. However, observers predict it will be only a question of time until the residents of other new home developments, many of them parents of small children, also put in their requests for transportation.

The Frank Homes parents told the Herald they might be interested in financing a bus for their area by arrangement with a private operator if the cost is not too high. Several have inquired about the schedule of the Levittown bus along Jerusalem Ave. and are considering short-cutting across the farms from Lee Ave. to Jerusalem.

Want Broadway Service
Spokesmen in the development also expressed keen interest in the possibility of getting a regular bus service established along

Broadway from the RR south. The Business Men's Assoc. has been attempting to interest bus line operators in running a route down Broadway to Wantagh Ave. and the Miller Homes for the past two years.

State Expert Leads Talk Tonight On Plainview's Educational Future

PLAINVIEW—A special meeting of the School District will be held tonight (Wednesday) at 8 o'clock in Manetto Hills School to hear a discussion of present and future local educational problems. It will be a discussion meeting, according to District Clerk Charles A. Voorhis. A representative of the State Education Dept. at Albany is expected to discuss the relative merits of consolidation for the district with a neighboring town and construction of a new building.

Advisors Suggested
John W. Chisholm, district superintendent of the first supervisory district, is also expected to be

present at the meeting. The conference, open to all interested

Library Board Looks Over Local Property

HICKSVILLE—A committee of the Library Board of Trustees during the past week has made an inspection of four available parcels of property for new library quarters, but no action is anticipated on the subject until the full board meets. A Library Board meeting is scheduled for this week. President Joseph Helm revealed. The library is confronted with the necessity of finding new quarters almost immediately since its present location will be needed for classrooms in Nicholas St. with the start of the fall term.

residents who are urged to attend, was suggested by the 7-member committee on Building and Grounds, which was appointed a year ago.

The committee, serving in an advisory capacity for the school board, is headed by Henry Froehlich as chairman. Voorhis is secretary of this group, which has been studying the problem confronting the growing community.

No vote upon merger or school construction will be taken tonight, a spokesman asserted. Such a meeting would take place at a later date after due notice to all concerned.

Weiss Finds Strong Among 35,000 Lions

(Picture on Page 4)

NEW YORK—It is indeed a small world, delegates of the Hicksville-Lions Club attending the Lions International Convention last week discovered. Stanford Weiss was official delegate of the Hicksville Club and had been asked by Bob Lindeman of Hicksville to look up a friend, Jimmy Strong, from a suburb of Washington, D. C. Strong is president of the club in his home community.

Weiss found Strong the first evening and right in front of Madison Square Garden. The fact that Strong had the name of his home club lettered on his colorful shirt made the search easy, even with over 35,000 visiting Lions in the big city.

Another member of the Hicksville club was having a "short one" at McGinnis' Broadway Restaurant at 1599 Broadway, when the bar manager spotted "Hicksville" on his hat. The manager was Izzy Weinstein, longtime friend of Bill Lyons, who is now custodian of Hicksville Firehouse. Weinstein knew Lyons in Brooklyn years ago.

During the convention, Walter C. Fisher of Queenstown, Ontario, Canada, was elected president of the Lions.

District Convention Set
The district convention will be held at Lake Placid on September 11 to 14. Delegates are: President Fred Eberhardt, Frank Chlumsky and Howard Flesche. Alternates are Dr. Walter P. Stillger, Morris Rochman and Bill Marks.

Guests at the meeting included Preston Kibbe of Mineola and Father James Widmer of Fredericksburg, Va. James Walters reported that 90 boys attended the bus ride to New York for a ball game. However, the game was called because of rain.

The Rev. Howard Rogers of St. Stephen's Lutheran Church, Hicksville, as the guest speaker, spoke on the topic, "Church and the State."

MEET THE LADIES:

Introducing Organization Leaders

By MARY HAUGHEY

A series on the various Mid-Island women's organizations and their leaders will start next week in the Herald in order to acquaint our readers with the purposes and accomplishments of our organizations and to introduce the women who direct the activities of these important links in the life of a community. We will illustrate by specific examples the work that women can accomplish through organized local efforts.

The majority of women's clubs in Hicksville are auxiliaries of the eight churches in town, but there are also patriotic societies, hospital auxiliaries, bridge clubs, study groups, dramatic groups and others without any special affiliations which meet to carry on some program of community service.

Interest is Major Factor

A power for good, the woman's club is the core of social life, contributing much to the cultural and civic activities, in a home community. All that is needed is an interest great enough so that members enjoy being together to carry out the purpose of the club.

To join a club in the Mid-Island area, the general way is to make application to the president.

It depends on the type of club as to whether a candidate waits for an invitation or makes an application.

There are three types of memberships in most of the local organizations. An active member works, votes, holds office, serves on committees, pays regular dues and enjoys all the privileges of the club. The associate member contributes or supports the club and is interested in the service activities but does not wish to incur the responsibilities of active membership. An honorary member is exempt from dues and has all the privileges of the group. Honorary memberships are bestowed upon outstanding women either inside or outside of the club.

Much of the success of a woman's club depends on its presidents. Our local women leaders give freely of their time and energy to the duties of their offices, proving that clubwork is a constructive type of recreation and does not interfere with the duties of their homes.

These women who contribute much to the welfare of our community, believe that no matter how little time a woman has to spare from her home—which must always take precedence—more women are needed for club work. They believe that next to their homes, the community is their closest concern and responsibility.

Brandt Presides at Training Course

OYSTER BAY — John E. Brandt of Fourth St., Hicksville, in his capacity as president of the New York State Association of Town Highway Superintendents, will attend a three-day training school, Aug. 8 to 10, at Cornell University, Ithaca.

There are 932 town highway superintendents in New York State and many of them are expected to be present at the session. Oyster Bay's Highway Superintendent Brandt will preside at the morning session of the school on Aug. 10.

Brandt made the disclosure during the Mid-Island Herald weekly radio program which is heard Wednesday at 6 P. M. on Station WKBS (1520 kc.).

Problems of Drainage

He also revealed that there are about 200 miles of town roads in the township with about 25 miles added in new home developments in the past year. A major problem for his department this summer has been the construction of drains, a result of the increase in new housing, particularly south of Jericho Tpke. The flat terrain in Hicksville, South Farmingdale and vicinity makes construction of underground lateral pipes embedded in gravel necessary.

Oiling of town highways has been restricted this summer with the concentration of the department's efforts upon drainage. However, Brandt's crew of 68 men is applying 200,000 gallons of oil on the roads this summer.

Tree trimming has been another major program and the department has obtained an electric saw for this work. The county planning commission's rules now make tree planting inside the sidewalk compulsory in the new developments. However, in the older sections, where trees are between the curb and the sidewalk, Brandt has been kept busy. He feels it is his responsibility to maintain anything within the limits of the highways and the tree-trimming includes removal of lower bran-

Thrown Potato Hurt Three on RR Train

The Rail Road has been attempting to apprehend persons who have rocks at passing jerry passengers. But it had to be in Hicksville where someone tossed a potato last Thursday. Three persons were treated for cuts suffered as the window shattered near the Wantagh causeway bridge. The investigation has been turned over to the county police.

ches and broken limbs following windstorms.

He also maintains street signs but does not have the authority to erect them.

Office Work Multiplies

His office also issues all permits for openings in highways for gas and water service and during the first six months of this year has issued more permits of this type than he did during the previous eight years.

Office detail, he noted, has increased 14-fold for the highway department since the end of the war.

Brandt's present season work also includes cleaning out catch-basins to obtain maximum performance. There are over 500 in the township, all carefully recorded as to location and clean-up record.

Streets in new developments require more attention and service than the older streets, he added.

Most of them are curbed with sidewalks and of permanent construction, which means they must be swept and cleaned. In winter they provide extra headaches for the highwaymen due to the fact that these streets are short and curbed. Turns are more difficult and as a result snow plowing takes ten times as long as equivalent mileage of straight highway.

Brandt feels he will need additional equipment under the next town budget, including two more motor graders and a number of snow fighters with power rather than size. With some developments incomplete and streets dead-ending for the present, he needs snow equipment of smaller wheelbase for ease in turning and backtracking.

He is confident the town fathers will act favorably upon his recommendations for next year's budget when he submits his report in the fall.

Pastor Endorses BMA Proposal

HICKSVILLE—The Rev. G. P. Copeland, priest-in-charge of Holy Trinity Episcopal Church has given the Business Men's Association his pledge of cooperation in the BMA campaign to eliminate solicitation of local stores without approval. Three other clergymen have already given their support to the plan in response to a request from the BMA.

"It goes without saying, of course, that I am in accord with any plan set up for protecting not only the business men themselves from unjustified appeals, but also worthy organizations who may wish from time to time to enlist the aid of those business men," Father Copeland wrote.

When solicitors of non-local religious organizations ask permission to canvass Hicksville stores, such requests will be checked with the pastor of the denomination with whom affiliation is claimed, according to BMA President Charles Schwartz.

The farm mortgage dept. in New York, he added, reports that about one half of what it was in a comparable period after World War I.

Let's Go Fishing

A pessimist may have his fancies, but his views upon fishing are generally pretty accurate.—Ed Zern.

When a group of old party boat captains start spinning yarns, you can be sure of an amusing evening. When I was mate aboard the "Jinnie" out East in Peconic, a captain related his experience with a newly wedded couple.

It seems this young couple were on their honeymoon and they chartered his boat for the day. They ran into a nice school of tiderunners and were busy filling up the fish box when, to the great dismay of all, the young bride lost her wedding ring overboard. Seconds later the ebbing bride hooked into a lunker and after a 20 minute battle, she landed a 14 pound weakfish, and to the great surprise of all, when the fish was cut open they found that it had only a normal set of entrails!

Last Friday, July 15, high boat was the Anna Mill with 50 weakfish and 11 fluke. All other boats averaged 20 weaks or so. Captain K. Hammer is the owner and I am the mate. The boat which has been high boat most often is the famed Doris with Chicken John as captain (his real name is John Boshler. He is called Chicken John because he once owned a chicken farm.) His mate is Henry Firth.

Other good boats are Tom Abrams' and Fred Abrams'. There are many other good boats available at Bay Shore.

Owen T. Brewster caught a 200 pound shark a few weeks ago. He comes from Bay Shore.

Bay Shore is famed fishing center with boats leaving there to fish for flounder, kingfish, weakfish, fluke, bluefish, mackerel, tuna, swordfish, marlin, bonito, pollock, sharks, codfish and many others.

Can you think of a greater variety of fishing than is available to you who live on Long Island?

I suggest that if you have a spare day during your vacation,

All the rest of the work, like landing fish, untangling lines, changing rigs and cleaning fish, is done for the party.

Price Not Unreasonable
If you think that this price is outrageous, I suggest that you hire a boat down in Florida. The prices there run anywhere from \$70 on up for a boat for one day. If you can get ten interested persons it will only cost you five or six dollars apiece. If you are interested in going fishing, call Captain Bill's fishing station in Bay Shore. This is the headquarters for the Bay Shore Boatmen's Association. Or call Babylon or Lindenhurst—they also have fleets of party boats.

LOCAL FISHING RESULTS
Bluefish beginning to run in the Great South Bay.

Weakfish running better this part of the month because of strong tides.

Tuna are expected to run good this year because of early successful results.

Montauk Point is having an unusually good run of large striped bass. They come in close to shore after a good storm and can be caught by surfcasting.

Blackfish still running, as are sea bass.

the Sportlight

By HOWARD FINNEGAN

That bright and big black eye Lou Millevoite has been sporting around town for the past week attests to the degree of effort the youngsters of this village put into their activities at the Hicksville Summer Playground, held weekdays at East Street School.

One of the many demands upon the directors of the Playground is that they—Chet Jarowski and Millevoite—instruct the youngsters in the art of baseball betterment. This phase is not restricted to boys alone. The sport captures the young ladies' fancy as well.

At the time of the incident it happened that two candidates for the Orange and Black diamond team—seven years hence—were working with Millevoite. He was catching the slants of the prospective pitchers and doing double duty as well.

Each of the would-be mound greats had a ball and was throwing to his tutor alternately. In their haste to acquire knowledge, the boys became over-excited and both minds ran in the same channel at once. Each was intent on putting stuff on the ball and showing the zip he had. Each decided at the same moment and went into action.

Millevoite caught one in the glove and the other in the eye.

Seriously, though, his eye will get better and the Hicksville School District Playground is a tremendous success.

Originally, Millevoite held a daily session at East Street and Jarowski ran one concurrently at the High School. However, the East Street sessions took fast and the attendance became so great that the High School sessions had to be given up, and now both coaches are at East Street.

The Playground has dozens and dozens of games and interests to occupy the children—from clay modeling to volleyball.

The youngsters have a great time and Mom gets a break too. With the heat as great as it is, she appreciates having junior taken off her hands for a few hours and knows he is under good supervision.

All around it works out well with but a single exception. Mr. Millevoite and Mr. Jarowski tell us that the hardest thing to do is to get the youngsters to go home when the daily sessions are over.

Loyolas Lose Ground at Jones Beach

JONES BEACH — Over 2,500 fans overflowed the Stadium Saturday night, and saw the Merrick Rangers trump the bid of the Hicksville Loyolas for second place in the National League standings by a 3-0 count.

The Loyolas had previously defeated Johnny Melnicki and the league leading Franklin Square Royals 6-0, to reduce the margin between first and second place to a single game.

Orvil Carman held the vaunted Hickville batting order to just two hits—singles by Bill Bordiuk and Ray Halleran—and he did not walk a man.

All the Merrick runs came in the first two innings and were unearned. Bordiuk hurled a fine three-hitter for Hickville, but his mates who felled him at the plate did likewise in the field.

With one out in the first, Paul Olynik muffed a single in center and the runner took an extra base and thus was able to score on a short hit to left that followed.

Ray Halleran booted a ball at

shortstop to open the Merrick second. Then Billy Byrnes converted two bunts into a pair of Ranger runs. On the first he took too much time in electing a throw to second and the runner was safe. On the next he threw over Ted Murray's head at first and two runners scored.

Bordiuk finally ended it by striking out the side with men on first and third. He worked in smooth waters after that, but the decision was already in and Merrick had second place.

Wants The Bird

HUNTINGTON — George C. Bailey, radio's "Tracer of Lost Pigeons" and resident of 16 Trinity Court, requests all finders of lost, banded, racing homing pigeons to send him the band number and he'll be glad to notify the owner where the bird may be found. This is the season for training young birds for fall races and numbers of these youngsters stray in flights due to storms and hawks.

7 Teams In Running for Playoffs

HICKSVILLE — The three leaders—Grinders, Botto Bros. and Breen's All Stars—all won in round nine of the Mid-Island Herald Softball League to hold their torrid pace for the seasonal championship. Botos and Breens had great difficulty in beating the Nationals and Lions, 9-8 and 7-5 respectively. The Grinders routed the Post Office 18-0.

Even though the Lions and Nationals missed their chance for big upsets, there was one upheaval in the round. Joe Webnoeki set the Farmers down with just one hit as the Russlers scored an unexpected 5-0 win over Rob Dwyer's club.

In the fifth game Locust Grove blew a chance for a win over Jericho FD and lost 6-4.

Net result of the wildest week teams are still in the running for

of play in the loop is that seven playoff berths as the league enters its final week of scheduled games.

Webnoeki's Job Artistic Webnoeki's stint on the mound against the Farmers was one of the most artistic of the race. He walked only one batter and hit two others. He was never in trouble and Paul Matuschak's blooper single came in an early inning.

Larry Krikalo singled in the first two Russler runs and scored another when Jerry McGunnigle hit home in the fifth.

The Botto-Nats game was strictly one of which team could give away the most runs. The Nats made six errors and lost a one run lead given them by George Cheslock's home run in the fifth on the last. The win went to Stan Smith and was made possible by three hits by shortstop George Karman. Danny Wyszowski sustained the "loos."

Ray Halleran hit two homers in his first two trips to the plate and the All Stars built a 7-5 triumph on the runs by produced. Paul Olynik, Frank Ruggiero and Ed Miller sparked a three-run rally off pitcher Tommy Hall in the sixth, but the Lions could not slug through when they had the bases loaded in the seventh.

Pinch hitter Lou Koji shot a home run over the leftfield stands to break a 4-4 Jericho-Locust Grove tie in the fifth. Jericho held the lead to the finish despite a 4 for 4 at the plate and a fine defensive game by Tony Yanuchi.

Softball League Meets Tomorrow

Sponsors Of PBC To Meet Friday

HICKSVILLE—Plans for the development and future activities at Trommers' Field, Bethpage Rd., recently acquired for use by the Police Boys Club, will be discussed at a meeting of club sponsors Friday night at 17 E. Marie St. It is not expected the field will be ready for baseball until next season. Tentative plans call for a baseball diamond, softball diamond and track on the two-acre parcel.

Bottoes scored a 5-0 win over the Oyster Bay Ramblers in the Nassau semi-final round last Sunday after gaining a quarter-final victory over the Manhasset Ringers via a forfeit.

Teddy Smith held the Ramblers to two hits and although the Botto batters only got three, they made them good for five runs.

Hicksville scored four times in the very first inning. Frank La Marca walked and John Smith sacrificed. Merrill Yarotsky was safe on an error and Stan Smith followed with a single. George Karman doubled in two runs and then scored himself on an error by Catcher Cosmo Cornesi.

THE SCHOOL BOARD—

There is perhaps no better example of our democracy—good citizenship—in action, than the local school board. The members who undertake this important responsibility in the community are our neighbors—the housewife next door, the family doctor, the merchant on main street, the banker or the lawyer.

THE GREAT STRENGTH OF OUR NATION'S EDUCATIONAL SYSTEM DERIVES FROM THE PARTICIPATION AND INTEREST OF THESE LOCAL CITIZENS, WHO GIVE WILLINGLY OF THEIR TIME AND TALENTS TO PROVIDE THE BEST POSSIBLE EDUCATIONAL ADVANTAGES FOR THEIR INDIVIDUAL COMMUNITIES.

HERALD CIVIC PRIMER:

School Trustees Serve for 3 Years

First in a series of brief articles on local agencies of government.—Ed.

In the mid-island area there are two kinds of school districts. A district is a segment of the township or county, usually accepted as the boundaries of unincorporated areas such as Hicksville. The two types are common and union free school districts. Hicksville is a union free district which means it enjoys greater local authority and control than do common districts. It has a School Board or Board of Education (sometimes called board of trustees) consisting of five mem-

ber residents. Plainview is a common district, has three trustees. Hicksville is also a supervisory district which means it has a local superintendent of schools. Plainview, Bethpage, Island Trees and Jericho come under the larger area supervisor — they are part of one of the two supervisory districts in Nassau embracing all areas without local superintendents.

In this area school trustees (board members) are elected in May and their terms begin on July 1st. They serve without pay for three-year terms. The fiscal year runs from July 1 to June 30

and the annual district budget, prepared tentatively by the board, is advertised in April and voted upon at the annual meeting in May.

The board holds an annual reorganization immediately after the first of July, when it elects its own president, vice-president, secretary. It also appoints the district clerk, district treasurer, census enumerator, school physician, etc., for the fiscal year.

Regular meetings of the board are held monthly on a date set at the reorganization session. Special meetings are held as the need arises.

Coll Meeting

(continued from page 1)

Several months ago the three members of the School Board met with Hicksville School Board to consider a possible Hicksville-Plainview district merger. No action was taken at the conference pending further study of the question by local voters.

The Plainview Board at its recent reorganization meeting for the new fiscal year elected William Schwars as president. The other trustees are John Harbes and John Hartmann. Dr. Walter M. Stieger is school physician, Mrs. Catherine Lally is nurse, Mrs. Edith Voorhies is census enumerator and Howard T. Hogan of the firm of Hall, Robinson and Hogan is attorney for the district.

Costume Dress Parade This Friday, Playground Attendance At New Peak

HICKSVILLE — A costume dress parade will take place this Friday morning, starting at 10 o'clock, at the East St. School summer playground, the first in a series of special playground events, according to E. H. LeBaron, superintendent of schools. Prizes will be awarded for the most unusual costumes and the best in the group.

Coaches Louis Millevolte and Chester Jaworski are in charge of the playground program which this week hit a new high of 252 boys and girls. The average for the summer has been 114. Dr. LeBaron reports the "playground is very popular with the youngsters, who arrive early and stay late."

Tots Enjoy Games

Several games have been purchased for the 4 to 6 year olds. The games include clay, dominoes, bingo, boat building, checkers and tinkertoys. They are in constant use with new experiences and work adding to the enjoyment of the tots. Each day more than fifty tots appear to sit around the tables to work at the puzzles and

games in the shade of the school building.

In baseball, the 10 to 13 year old group continues to play every day with the P.B.C. League games featuring the past week's play. The "Hot Rods" defeated the King Cobras twice and Sycoset defeated the Hornets. Coach Millevolte would like more boys 7-9 to turn out in order to form two full teams.

The twilight baseball league at the High School playground finds the Warriors leading the league. In last week's play the Warriors defeated the Yanks 2-1 with Chet Owen again pitching masterful ball. In the second encounter, the Yanks trounced the P.B.C. 14-0, with Billy Devine tossing a one-hitter.

In Our Opinion:

If Polio Occurs—Facts for Parents

The Nassau County Department of Health recommends that parents familiarize themselves with these facts about poliomyelitis. Early diagnosis and prompt treatment by qualified medical personnel often prevents serious crippling. Therefore, should anyone in the family have headache, nausea or upset stomach, muscle soreness or stiffness and unexplained fever—call a doctor immediately.

Studies show that of all those having the disease

and promptly treated, 50 per cent or more recover completely and another 25 per cent are left with only slight after effects.

There is no known preventive for the disease. However, certain actions can be taken to reduce the possibility of exposure and to lessen the possibility of severe crippling. When polio cases are reported, crowds should be avoided. Use only beaches or public pools operating under permit of local health authorities. Observe the golden rule of personal cleanliness. Refrigerate perishable food stuffs and protect them from flies and other insects. Avoid over-fatigue caused by too active play or exercise or irregular hours. Such over-exertion has been shown to increase the chances of more severe paralysis should the disease occur. Sudden chilling is also to be avoided, since in some unknown way it increases the likelihood of paralysis in those acquiring the disease. When the disease is unusually prevalent, elective operations such as tonsillectomy should be postponed.

My Community

My community is the place where
My home is founded, where my business is located,
Where my vote is cast, where my children are educated,
Where my neighbors dwell, and where my life is spent.

My community has the right to my civic loyalty
And to my help in caring for its unfortunate and its needy ones.

My community wants my citizenship, not partisanship;
My friendship, not selfishness, cooperation, not distraction;
Sympathy, not criticism; my intelligent interest, not indifference.

My community supplies me with law and order, trade,
Friends, education, morals and recreation.

I believe in my community and will work for it.

A Little Paint, Please

Traffic on Broadway, Hicksville, reaches a peak late Friday afternoons, as proven by the assignment of patrolmen to handle the movement of autos at Herzog Place and Marie Street intersections. We'd like to thank the Second Police Precinct for assigning men to this duty.

Now the State Public Works Dept. can also do something to ease the situation. We suggest the painting of pedestrian paths across Broadway at the Herzog Place-Broadway intersection—and also at Marie and Nicholas Streets while they're at it. Several people have been clipped, and it is difficult to prevent jaywalkers if there are no defined areas for pedestrians to use in crossing this busy highway.
