**Don't Miss
"The Boyfriend"**

Hicksville High School is following up last year's sell-out production of "Grease" with the roaring twenties musical "The Boy Friend" to be performed at the high school on March 13 and 14 at 8 p.m. A special performance will be given free of charge for senior citizens on Thursday, Mar. 12, at 6:30 p.m.

Directed by Judi Paseltiner, with music direction by Charles Arnold and Tom Butrice, and technical direction by James Quinlan, this delightful show will involve approximately 60 students. Featured in the cast are Cathy Heberer, John Hawkins, Gina Aiello, Robert Dombrower, Jennifer Jackson, Michael Kiernan, Jessica Garnets, Matt Lloyd, Jeanmarie Georgiano, and Jeanne Antonio.

Tickets can be purchased at the door. All seats are \$4.00.

School Board Decides To Take No Action On Burns Avenue School

Stage crew l. to r. Rocco Romano, Jim Quinlan, Mike Wallace, Joe Ambrosio, Gretchen Schmitzer. Not shown: Jeanne Sturz, George Dabrowski, Justin Rivera, Stephen Papadakis, Jeanmarie Georgiano, Matt Carpenter, Mike Rooney, Marc Gold, Mike Khrush, Lisa Grillo and Tara Schropfer.

The Hicksville Board of Education has removed from its agenda on Monday, March 16, the "discussion of referendum with intent of acting" regarding the interest of Delco in the Burns Avenue School property.

Mr. William Bennett, president of the Hicksville School Board, notified the *Hicksville Illustrated News* of their decision on Monday, March 9, stating that the Board "did not want to act in haste."

Dr. Catherine Fenton, Superintendent of Schools, stated that the district is concerned about the community and its understanding of the steps needed to actually close a school. She outlined the process the School Board must go through before acting.

- The Board must first decide if there is too much classroom space.
- Could the district do with one less school?
- If the answer is yes—then decide what monetary value the building has. This would be done by hiring an appraiser.
- After receiving an appraisal, the Board must ask us (the residents) for authorization to sell a school. This is done in the form of a referendum.
- Once the district votes, and if the vote is favorable, the Board would then have to solicit for open bidding.

Only then could they sell per the criteria they had set, and not necessarily to the highest bidder.

Dr. Fenton stated that this is a long process and not one which the district wishes to enter into without more extensive study.

The Board will still meet however, on Monday, March 16, to discuss the referendum on the revision of the Transportation Policy resulting from the secondary reorganization. Since ninth graders will be attending the high school in September, it has been suggested the policy be changed to require the two-mile limit for students in grades 9 through 12. The current policy sets a one and one-half mile limit for students in grades 7 through 9. This policy change would save the district \$105,000, or the cost of three buses.

The public is encouraged to attend.

The gala affair was hosted by Joe White and his wife Phyllis. In attendance were all of the Sleepy Lane group who have been together for 35 years.

Enjoyed Florida Vacations

Flo and Bob Clemens have returned after a month long vacation to Disney World, Epcot Center, Sea World, and visiting relatives in DeBary on the west coast. They looked around for a place to buy but still can't make up their mind if they want to leave Hicksville just yet.

...also back from Florida is Barbara and Benny Ziemba who have made up their mind. They are going to retire down in Florida. They bought a piece of property on the East Coast in Port St. Luice and will start having their home built some time this summer. They plan on leaving Hicksville in September. We're gonna miss them.

...and also back from a Florida vacation are Rhea and Tom Reilly. They spent half the time in Boynton Beach and also saw their friends Danny and Ed Brennan who send their best regards to all. The rest of the time they spent on the West Coast in New Port Richey and visited Tom's brother and his wife. Rhea said that we don't realize how lucky we are to live in such a nice place (with such a nice climate) as Long Island. (Guess the weather wasn't that terrific in Florida. Flo Clemens said that it was cold when they were there).

What A Happy Birthday It Was

Mrs. Wilma I. Carrella celebrated her first birthday on Feb. 14, 1987. Mrs. Carrella is, in fact, 50 years old—with a new liver that's one year old! She was one of 43 persons that were transplanted at Boston's New England Deaconess Hospital, at that time. The operation was headed by a very young surgeon, Roger Jenkins M.D. (34 years old). The

operation lasted more than 14½ hours.

The disease that nearly took Mrs. Carrella's life is known as Primary Biliary Cirrhosis or PBC. The disease strikes women mostly in their 40s and 50s. The exact cause(s) of this deadly disease remains somewhat of a mystery to the medical community.

On a lighter note, Mrs. Carrella has just completed a book on her experiences as a liver transplant recipient, proving that life is much stranger and funnier than fiction could ever be.

The birthday party was fun and festive. Friends and neighbors alike enjoyed themselves immensely. As for Mrs. Carrella, she was glad to be alive—even with the ups and downs that go along with being a liver transplant. She vows to live long enough to see her book published.

Mrs. Carrella would like to take this time to thank all those who helped her and her family with their prayers and contributions. May they all be blessed. (You, too, Mrs. Carrella).

Hawaiian Vacation

Gerry and Anthony Valle and Anita and Joe Ferguson, all of Hicksville, recently returned from an extended vacation. The trip included islands in Hawaii (they loved Maui...), San Francisco, Reno, (Gerry got lucky on the 5¢ machine—she won all of \$25—and was thrilled) and Lake Tahoe. They drove down the coast of California and all agreed that northern California is much more beautiful than southern California.

They also visited Tijuana, Mexico. While in Maui they were able to visit with Grandma Lucy (Tony's mom) also of Hicksville who was there for a month visiting her sister (who is a resident of the island). They had a great time—but any of you who know Tony and Joe know that whenever Tony and Joe get together—even if it's over a cup of coffee—they have a great time. Next time I'm going with them!!!!

"Ancient Civilizations at Lee Avenue School"

Mr. O'Grady's Sixth Grade Class, under the direction and supervision of Mrs. Mancuso (substitute Teacher), held an "Ancient Civilizations" exhibition on February 15. An open house was held in the afternoon and all of the classes were invited to stroll through Ancient Egypt, Greece and Rome.

As children approached this classroom, they paused to see and listen to a speaker describe an Egyptian Pyramid that was painted by these sixth graders and placed in the window next to the classroom door. The observers entered the classroom through the columns and archway of the Greek Parthenon, also described by the children who helped paint it. Strolling through this classroom was an educational experience. On one wall, the children drew a large mural consisting of the Egyptian Sphinx, a Pyramid and its cross-section, a Mesopotamian King, and Egyptian Queen, a Spartan Warrior, Caesar, the Greek Parthenon, and the Roman Col-

osseum. The children's reports written on these civilizations were hung between the pictures on this wall.

On tables around the room were diaramas depicting various characteristics of the Ancient cultures. An interesting table was that of the Egyptian culture, where one was able to find a mummy in its case, a slate of Hieroglyphics, the Rosetta Stone, a miniature pyramid, an Egyptian woman's hairstyle, and a model of an Egyptian family.

In the corner of the room was a life size model of King Tutankhamun, made by a new ambitious and talented student. All around the room were students describing each exhibit as the classes observed them.

Two enjoyable skits were performed by these students, using costumes, and props. One skit showed the entertainment that can be seen in the arena of the model Roman Colosseum which was created by these students. The skit consisted of three Roman Gladiators

fighting each other, with the use of shields, swords and weapons used by the gladiators of that period. The second skit portrayed a time in the life of Alexander the Great, along with his wife and servants.

These sixth graders put their total effort into this exhibition and can feel proud of their accomplishments. The afternoon proved to be both educational and enjoyable for all.

Members of the class are: Jennifer Brennan, Michael Centrone, Angelina Collazo, Sean Culver, Michael Dattoma, Robert Fagan, Amy Hojnowski, Stephanie Hutchinson, Jennifer Imperato, Matthew Lewis, Brian Magee, Christine Manolakes, Jonn Mansueto, Raymond Marshall, Narda Mastropiero, Michael Murphy, Jennifer Nagle, George Nasser, Pinky Pandhi, William Ponall, William Rossol, Edward Russo, Janice Russo, Lisa Smith, Chetan Trinka, Kristin Wilcha, Amanda Muscat, Victor Yee.

Letters From Our Readers

Dear Mr. Finnegan:

Your editorial attacking the Hicksville Gregory Museum came as a real "shocker"—not only because those of us associated with the Museum have always considered ourselves the "good guys" in preserving Hicksville's heritage, but also because your facts are seriously inaccurate and certainly not in keeping with your usual well-researched comments.

I have been a volunteer at the Hicksville Gregory Museum for 18 years, and a trustee for most of that time. I donate about 15 or 20 hours a week of service to this museum, so I am quite familiar with all aspects of its philosophy and its operation. There are several items in your editorial which I would like to address:

You don't like our sign, Mr. Finnegan, because it doesn't say "Hicksville." Our official title is "The Hicksville Gregory Museum, Long Island Earth Science Center," with our address as Heitz Place, Hicksville. This appears on our letterhead, our brochures, in our advertising. Originally, of course, we were just "The Gregory Museum" in Gardiner and Anne's house on Cottage Blvd. Later the Earth Science designation was added, and when we were well established in the historic courthouse, the prefix Hicksville. The sign that seems to be causing the problem was painted in that transition period, and has been on the courthouse lawn since 1976. If it were to be repainted, it would probably read "Hicksville Gregory Museum." Meanwhile, it has served adequately as an announcement to visitors that they have arrived at the destination in Hicksville that they read about in "Newsday" or New York State Vacationlands. It directed them to such outstanding local history exhibits as "The Goldbeaters of Old Hicksville," "The Mike Caruso Racing Car Story," and "Nassau County-Cradle of Scouting." The fact that we call it the Heitz Place Courthouse, while you prefer Hicksville Courthouse, has nothing to do with our devotion to the hamlet's heritage. To be even more precise it could be called "The Former 4th District Court" or "The Former Hicksville Town Hall," which was its original use. The important thing is that Dr. and Mrs. Gregory mobilized hundreds of local volunteers to save that lovely old building from destruction by vandals, and donated the finest earth science collection on Long Island to fill it.

It's listed in the National Register of Historic Places because we worked diligently to put it there. The introduction to every tour at the Museum begins with a history of the building and its proud heritage. Through the efforts of our historian, Richard Evers, and his committee, we have contributed to preserving the artifacts of Hicksville's history. No one else made much of an attempt to save them. Only recently has the Hicksville Public Library been able to provide some facilities for preservation of archival material. If this had not been collected at the Gregory Museum, much would have been lost forever.

We must keep in mind, though, that the Gregory is not primarily an historical

museum, and we have never referred to it as such. It is an Earth Science Center, and because of its location, and its association with Historian Richard Evers and his committee, it has attracted historical artifacts. You have great praise for Mr. Evers. Can you think for one moment that he would compromise himself by such close affiliation with any group not dedicated to the welfare of Hicksville?

That the sign out front says "Heitz Place" instead of "Hicksville" is really not that important, Mr. Finnegan. The important thing is that we have been working diligently, in an apparently thankless capacity, to preserve the heritage you treasure so much. We thought we were striving for the same goals, and had been rejoicing these past few months to see the growing community interest in an organized Hicksville Historical Society at last.

Now let's talk about money and insurance:

Your editorial proclaims: "Dominant in the Heitz Place conspiracy is the Town of Oyster Bay, which financially supports and is the governing influence in the squashing of the Hicksville Pride." Where did you get this misinformation? We don't get one dollar of support from the Town of Oyster Bay. We salvaged their vandalized Courthouse and made it a showplace, a local attraction where there are few others, and a worthwhile educational facility as well. In return, we have the use of the building on a long term lease. Our relationship is that of landlord and tenant, with the Museum Trustees picking up all the bills for maintenance and insurance.

The recent structural renovation of the building was accomplished with Federal community development funds, even though, under the terms of the grant, it was administered through the Town in cooperation with the Museum Trustees and historical committee.

No one from the Town attends our meetings, serves on our boards, or attempts to influence our decisions or policies in any way.

Yes, we certainly do receive funds from the Hicksville School District. When we were forced to close in 1980 due to lack of money, the farsightedness of the Hicksville School Board in providing the Museum with an annual service contract established a School District/Museum liaison that has been cited not only nationally, but internationally as well. In return for its annual fee, the School District has all the facilities of an adjunct Museum and staff at its disposal, with free admission for all Hicksville residents, training of school interns, In-Service courses for teachers in Science and Local History, free school tours and outreach programs for both parochial and public schools of Hicksville at a cost of about \$1.80 per family.

Other funds are raised through memberships, fees from non-Hicksville residents, endless writing of Grant Proposals, and appeals to Service Organizations and Corporations. Our Trustees struggle to provide for the maintenance of the building and the collections, to pay modest salaries to our

Editorial

We are all aware of the concerns regarding the issue of closing a school and selling the property.

Our front page story will explain what the present situation is concerning the closing and sale of the Burns Avenue school.

The Board of Education welcomes input from the community regarding this matter. Ignorance is not bliss, it encourages rumors. An informed community is a healthy one. Attend school board meetings—stay informed—voice your opinions—be heard!

The Board of Education meets the last Wednesday of every month. The public is encouraged to attend. Will we see you there?

staff, and staggering utility and insurance bills, while still providing sound educational enrichment programs in science and local history. We receive no compensation except the satisfaction that we are making a worthwhile contribution to society, and to Hicksville in particular.

Mr. Finnegan, I am very much a part of this Hicksville Gregory Museum, and I take your accusations personally. You are questioning my integrity, and that of my fellow Trustees, for whom I have great respect and admiration. As administrators, we may not do everything perfectly, or please everyone, because we don't always have the time, energy, expertise, or money—but we are dedicated to this cause and to Hicksville. We have served it independently and unselfishly, often at great personal sacrifice. We do not deserve this unfounded public criticism.

The Hicksville Gregory Museum, Long Island Earth Science Center, is one of Hicksville's greatest assets. I hope that your editorial has not done it irreparable harm.

Secretary, Board of Trustees

To The Editor:

An Open Letter to the Hicksville Board of Education

I am writing regarding the recent offer of Delco Development to purchase the Burns Avenue School. It is my understanding that a considerable sum of money has been offered to the Hicksville School District for this property and that, as plans now stand, Delco Development states that the property will be used for a parking lot. Delco Development, the new owner of Mid-Island Plaza, is apparently in the process of renovating and enlarging the Plaza. Publicity I have seen regarding it shows it to be a much larger, two-story complex, including department stores, restaurants and a bus station.

The Mid-Island Plaza is surrounded on three sides by private homes and the Burns Avenue School, which were there before the Plaza was built. The homeowners and the school's PTA have fought a constant battle over the years against being overrun by the commercial expansion of the Plaza. The Plaza has remained remarkably contained as a result of this continuing struggle.

I was a member of the Burns Avenue PTA Board for a period of 10 years. During that time, a number of developers attempted to erect a variety of commercial establishments within the bounds of Mid-Island Plaza and the property, immediately surrounding it. Each time, because of the close proximity of the school and the danger of increased traffic and hazardous conditions that would result, these ill-advised expansions were prevented.

It is obvious that the removal of the school would open the door to the unbridled expansion of Mid-Island Plaza and the blight of parking lots, strip shopping centers, fast food restaurants, etc. (all of which we already have in great abundance) to those who are attempting to commercialize a quiet residential neighborhood. Although I am aware that it is not the School Board's primary responsibility to concern itself with non-educational matters, concern for the community at large should be an ingredient in its decision-making process.

In view of the many years of careful study of the Long Range Planning Committee, I am questioning the Board's considera-

tion of this offer. I served as a member of that committee and the very real possibility that a school or schools might need to be closed was a serious option that was discussed at length. There was no doubt that an educational plan for closing one or more schools would have to be done carefully and thoroughly investigated and evaluated before any such decision could be made. It would have to be done in such a way as to insure the educational standards our children now benefit from, and perhaps, even enhance our educational system.

Now, along comes a developer with a fat checkbook and the School Board is giving serious thought to this offer. In fact, giving it far more weight than any other offer that I have observed in the past. In a matter of a few short weeks, an appraisal of the Burns Avenue property has been done—meetings have been scheduled in order to accommodate a referendum and we seem to be moving toward a swift conclusion.

What happened to the careful planning and ideals put forth by the Long Range Planning Committee? Perhaps we should not have wasted our time and money on that committee and just put all of our schools on the auction block so that we could sell them to the highest bidders. Oh, I am sure that our administration can come up with an after-the-fact educational plan to accommodate the sale of Burns Avenue. But, is that not the tail wagging the dog? Is Burns truly the best school to close, educationally? From outward indications, it is not the obvious choice to me. It is not the oldest (East St.), the smallest, without a gym (Willard Avenue) or the school in the most hazardous location (Old Country). In fact, on the positive side, Burns Avenue serves an area of our community where there are no other nearby schools to send local children, as would be the case with Dutch, Old Country, Lee and East, located

EDITORIAL AND OPINION

What the Politicians are saying . . .

This week this space features a portion of the first 'County Comments' column of our new County Executive, **TOM GULOTTA**:

As has been my policy in the Town of Hempstead, I intend to meet with residents at all levels. I truly believe that the input of our residents is most important in shaping policy decisions of our County in future years. In that regard, we must cut government expenditures and institute greater efficiency procedures to reduce the burdens on our taxpayers while addressing such major issues as housing, crime, consumer protection, protection and preservation of the environment, and natural resources, transportation, wage and employment discrimination and the economy. We will address these issues together and shape our future destiny with knowledge that we are cognizant of the concerns and suggestions of all our residents. In the next several weeks, I shall be enumerating the ways that we intend to reduce government expenditures while dealing with these critical issues.

At the same time, I have already begun the process of establishing the type of County government which cares about an individual's problem. If a resident of our County is experiencing a problem, then it is a problem we all share. I intend to see that this policy is carried out by establishing several adjuncts to our existing County government. Within the next several weeks, I will be announcing the inauguration of a 24-hour-a-day Countywide Hotline, designed to cut through the bureaucratic red tape and to provide a speedy resolution of our residents' problems. In addition, we will expand our outreach programs to bring government closer to the people who find it difficult to travel to Minerva.

All of this must be established within the framework and understanding that the simple expenditure of taxpayer dollars is not the answer to every issue we confront. We realize our resources are not limited and that our County budget must be kept in control. We will emphasize prudent service of a personal nature to prove that government belongs to the people.

Our greatest resource is our residents. For that very reason, I want all our residents to know that the door to my office will always remain open to address your concerns and needs. Together I know we have the ability to face any challenges that lie ahead and to keep our County one of the finest areas in the entire country in which to live, work and raise a family.

Letters From Our Readers

To The Editor:

School districts must provide a safe learning environment for every student. To do that, school boards must have the tools to be sure the staff they employ are good models for their students. The State School Boards Association advocates passing a bill that would automatically terminate those few school employees who are convicted of certain serious crimes.

National attention is focused on the child abuse and drug problems facing our nation and our children. The schools should be a place to teach children about the dangers of these problems. How can a teacher who has been convicted of a felony be a positive role model and aid in the educational process? Schools must be worthy of the level of trust placed in them by parents and students. A convicted felon should not be responsible for the education of our children.

There are several cases on record in which teachers have been convicted of serious crimes but the school districts have not been able to remove them from service without long and costly hearings required under provisions of section 3020-a of the Education Law. Even then the hearing panel may disregard the felony conviction and reinstate the teacher, causing further litigation.

In one case a driver education teacher was convicted of criminally negligent homicide but was reinstated at the first step of the 3020-a hearing process. The Commissioner of Education suspended the teacher and after four years of litigation and thousands of dollars in costs the Appellate Court upheld the Commissioner's decision. School districts need the reform legislation this Association has proposed which will provide progressive discipline, reduce the time and cost of the hearings and enable school districts to carry out their legal responsibility to protect children in their districts and the due process rights of their employees.

School districts should have the authori-

ty to fingerprint prospective employees so they may secure a criminal history report on each new employee from the State's Division of Criminal Justice Services. Currently, every employee of the New York City Board of Education who has contact with children must be fingerprinted. This protection for our children should be extended to the entire state.

In the same vein, school boards need access to the New York State Central Child Abuse Register to screen prospective employees. At present, there is no access for reporting teachers or other school employees who are suspected of abusing children under their care, nor do school districts have access for screening purposes even though such access is provided to certain residential schools and child care agencies.

Bus drivers are entrusted with the care and safety of our children during the times they are transported to and from school and during the school day. School bus drivers who have proven themselves to be drunk drivers with even one conviction of DWI or DWAI should not have the responsibility of transporting children. Drunk drivers are safety hazards regardless of whether they are behind the wheel of a school bus or any other motor vehicle.

The teaching-learning process cannot be successfully conducted when the schools do not provide a safe learning environment. The State School Boards Association is committed to the pursuit of the legislative changes described here in its effort to ensure quality education for all youth.

A Letter from Lulabelle...

...There—I've done it again! I swore I never would, and I find myself doing it all the time...I always said that I would not do things the way my Mother did—and I would never become a worrier as she was...and the other night when my granddaughter called rather late in the evening, I cried, "What's the matter? Is everything all right?" Never stopping to let her ask if she could borrow a portable radio...That's just the way my Mother always behaved—absolutely certain that all sorts of terrible things had occurred if the phone rang late, or someone was late arriving home...Her imaginings would have filled an entire book...It's really amazing how ingrained these patterns of behavior are even if we are very different in education, life style, and maybe even geography...We still instinctively follow lots of paths our Mothers trod...My daughters buy Land of Lakes butter just as I do...I always heat the milk for mashed potatoes as my Mother did...I put Clorox in the wash even though I always complained about the smell when I lived in my Mother's house...I cut the lettuce when I know it's more comme il faut to tear it...I put brown sugar in the pickled beets and I can't stand a milk bottle on the table...I do so many things in new and different ways, but these little things keep creeping in to astound—and amuse me—and how she would laugh if she knew!

Yours, Lulabelle

nation—one state, under one flag, and led by one elected President.

Today, our President and the policies of his six year-old Administration are on trial; this President is actively under assault, much of it brought on by the practices glaringly shown in the Tower Commission Report.

The findings of the Tower Report contain stark and sobering lessons and demands for President Reagan, his staff, and for future leaders as well as for each and every American.

But right now, our President—our ONLY President—needs our support for the many vital tasks and challenges that he will need to adequately and capably address for the remainder of his term of office. Subjecting President Reagan to endless and intense media attack will not simply weaken him, but will weaken the office of the Presidency and the ability for key foreign policy as well as domestic agenda issues to be resolved.

In the next two years, we must have an Administration that can lead with authority on:

- Securing a meaningful, fair, workable, and realistic arms accord with the Soviets, but

not one negotiated from a position of weakness;

- Continued research and development of the vital Strategic Defense System, and possible deployment;

- Solidification of our badly tattered relations with our European and Middle Eastern allies;

- Ability to effectively respond to two major potentialities: a crisis in oil flow from the Persian Gulf, and an enlargement of the third world debt repayment crisis;

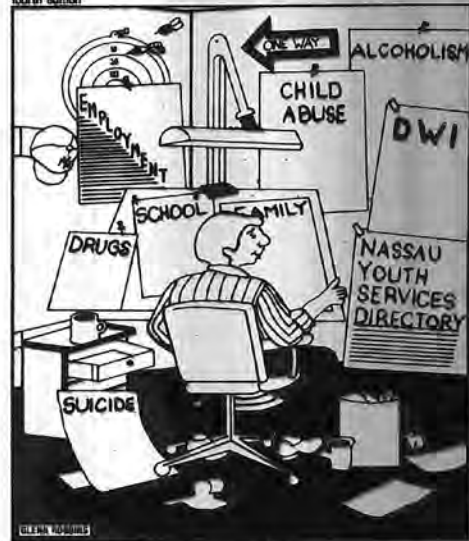

- Leadership on the adoption of comprehensive catastrophic health insurance for every elderly American, and continued leadership for fiscal prudence.

A damaged, savaged, and demented President Reagan and his Administration will not only fail for themselves if we continue to see the current media bonfire—but all of us, in turn, will be the final losers. It is time to pursue the Iran-Contra story, but bear in mind that we need a functional President. Our country—and the world—demands it.

Galileo Lodge News

By Joe Lorenzo

President Joe Giordano's Message:

'Just praise is only a debt, but flattery is a present.' SAMUEL JOHNSON

Without being too presumptuous, I will take liberty by saying spring is around the corner. Well, chronologically I may be right but weather-wise I might be assuming too much. But there is nothing presumptuous about the announcement that the Galileo Lodge is holding a St. Joseph's Dance on Saturday, the 21st. of March. Tickets are selling at \$14.00 per person, a nominal fee that also entitles you to a delicious hot dinner with all the trimmings, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Joe Morace will 'chair' this activity ably assisted by General Chairman Armand Del Cioppo. And as is the custom associated with St. Joseph's Day, those succulent pastries known as 'zeppoli' will also be served. Please note that this dance features a 'bring-your-own-liquor' policy as well. So if you are seeking a pleasant night out and you are confused as to what you would like to do, why not come down to the Galileo Lodge on the date mentioned above and see for yourself what the Galileo Lodge has to offer. Tickets are now on sale, just call 931-9351 and ask for Joe Morace.

In a recent election, President Joe Giordano was once again elected to lead the Galileo Lodge through the year 1987. Joe Giordano will be ably assisted by renominated and unchallenged officers, and this part of the Galileo Lodge's organizational structure should be a great assist to our President. Then in March, on a Thursday, the 19th, a swearing-in ceremony, solemn but enjoyable, in which all the newly-elected officers of the Galileo Lodge and the Ladies Auxiliary will be escorted to their respective positions. Many of the leading dignitaries of the Order of the Sons of Italy in America, as those from other filial lodges associated with the Order. After the installation, a collation will follow, consisting of food, refreshments, and an open bar, coffee and cake and perhaps some music for dancing pleasure will help round out the rest of the night's proceedings. All members are urged to attend this enjoyable ceremony and help to give a rousing welcome to the newly-elected officers and wish them luck in their new ventures. And at the same time you can give another rousing applause to the out-going officers who gave their time and efforts to the Galileo Lodge during the year 1986.

Well, as you can see, the introduction of the Galileo Lodge's new social and recreational program for 1987 has gotten under way in true fashion for spring and summer. The St. Valentine's Day Dance started the ball rolling, now it's the St. Joseph's Dance, then it will be the 'Fifties-Sixties' Dance to be held in April. Oh, no, this is not the ending but only the beginning. In May or early June, the Ladies Auxiliary will present a Testimonial Dance in honor of ex-President Mary Monteforte who has been the leader of the Ladies Auxiliary for a number of years. I am sure that all friends and relatives of ex-President Mary Monteforte may rejoice in hearing this news. As well as other activities to be named here, the Galileo Lodge picnic will be held in August and there will also be golf tournaments and fishing trips to put the finishing touches to this program. As you can see, this social and recreational program, authored by the Galileo Lodge, is specifically designed for the edification of its members, friends and patrons. And as we usually say that all work and no play makes Johnny a dull boy is more of a truism as it is an axiom at the Galileo Lodge.

a short distance from each other.

It is not my place or intention to decide which school should or should not be closed—it is a difficult decision, with many facets to be considered. It is for this reason that I take exception to the way this particular offer from Delco Development seems to be influencing this very important decision. It appears to be being made on the basis of money and quick disposal.

I am very well aware of the financial crises that face school districts today; and I am not so naive as to think that money and taxes have nothing to do with education. However, the money that would be received from the sale of Burns Avenue is, at best, a temporary windfall, and does not solve the problems of financing the education of our children in the long run. Unfortunately, the sale of Burns Avenue School and the destruction of a neighborhood will remain with us forever and we will have contributed to the "paving of Hicksville," and perhaps closed a school that would have served our children well in the future. We will certainly be living down to the ugly terms that have been attributed to our community—"transportation hub, parking lot, shopping mall"—it certainly does not sound like an appealing place to live or raise children.

If it is determined that, educationally, Burns Avenue is the best school to be closed, the property should be used in a way that will benefit the residents of our community (homes, senior citizens, etc.)—not

sold to those whose only motive is profit and used by those who want to park their cars, shop or take a train so that they can return to the peace and quiet of their trees and grass in surrounding communities, a safe distance away from the noise and pollution.

I urge you not to be unduly influenced by the prospect of profit for in so doing you will be contributing to the exploitation of the community in which we all live. Move cautiously and think deeply about the ramifications of your decision on the children and the community you have been elected to serve.

Nancy Staron

An Open Letter To The Hicksville Community:

We are deeply saddened and concerned that the Hicksville School District seems to be moving so quickly to sell the Burns Avenue School building and the surrounding school property. While it might be necessary to consider re-districting our school population, the offer from Delco Development seems to have precipitated a hasty action on the part of the Hicksville School Board to eliminate Burns Avenue School. This will ultimately result in destroying the residential quality of the surrounding neighborhood and the entire community as well.

Should Hicksville have to contend with a bus depot, multi-level parking garage or

night clubs, etc.? It is time to put a stop to the destruction of our community of Hicksville.

Don't sell out our children or our community.

Hicksville Council of PTA,

To The Editor:

I'm a student at Burns Avenue School. I heard that Burns will be closing. Sometimes I hate homework and also hate getting up in the morning, but I took for granted how much all the years at Burns meant to me. I know there are lots of schools and they are good too. But to the kids at Burns, no other school can take Burns Avenue's place. What I'm trying to say is "Let Burns Stay!" You should understand. You were a kid once!

Jenny Pound

To The Editor:

We have been living in Hicksville for eight years. We are very happy to be part of this town. We have met so many nice people in this community. But, we are not very happy with what the Board of Education is doing to our school.

I have three children, ages 10, 7, and 4 who are now attending the school. I also happen to live on Burns Avenue. I do not feel we need a bigger plaza and I don't feel the community needs more parking. I hope my appeal will be heard.

Let my children have their education.

A. Chin

To The Editor:

It is true that Mr. Udell of Delco, the owner of the Mid-Island Plaza, is showing interest in purchasing the Burn. Avenue School property because his real intent is to build a bus terminal?

Is it a fact that the Hicksville Board of Education has not received any other bid on that property?

Also, is it true, that the only elementary school in Hicksville that had its property appraised was the Burns Avenue School and that no other school property was even being considered for appraisal?

Mr. and Mrs. Ripa

To The Editor:

My name is Elizabeth Mueller and I am in the 6th grade. I am graduating from Burns Avenue School this year. You would think that I don't care if the school closes because I won't be there any more but I do care. I have spent seven years of my life in that school. I also have two sisters that are still going to Burns Avenue School. One is in kindergarten and the other is in the 4th grade. I have had many good times at that school.

I do not want a bus depot where my school was. I don't want to go outside and smell the fumes of buses. I want fresh air and so do the flowers and plants. All the streets will start to get very crowded. Our streets cannot take all the traffic. In some commercial areas there is empty spots for stores and things. Why our nice town?

All you people out there, please vote against the closing of the school. Think your decision over again. Just because my school is worth money don't jump at the chance.

Elizabeth Mueller

EDITOR'S NOTE: We were inundated with letters to the editor from members of the community regarding the Burns Avenue School issue. Due to the change in the school board's position, we have decided to print only a sampling.

High School Volunteer Club To Sell Daffodils

The Volunteer Club at Hicksville High School is participating in the American Cancer Society's Daffodil Days Campaign again this year. Daffodil Days, an annual event, is one of the ways in which the Cancer Society raises much needed funds for their programs in research, public education and patient care services.

The daffodils, which come fresh from fields on the West Coast, are purchased from the society to be used as fund raisers by schools, businesses, clubs, banks, churches and thousands of individuals.

The Volunteer Club will sell the daffodils to the student body to the high school to use with cards for "Secret Admirer Day" on March 25. Proceeds from this endeavor will be used for the continued sponsorship of the club's foster child in Brazil.

Nursery School To Offer Mini-Summer Camp

The Hicksville Cooperative Nursery School located in the United Methodist Church is once again offering a mini-summer camp program for 3-6 year olds. The program will be supervised by Karen Norwalk and Linda Bezinover, fully certified New York State teachers.

Two Physical Fitness Courses Offered By TOB

For Women 18 & Over Mondays & Thursdays

Want to get yourself in shape for the busy spring and summer months ahead? If you're a woman age 18 or older, the Town of Oyster Bay Department of Parks has a course designed with you in mind, according to Town Councilman Thomas L. Clark.

"Beginning March 30, and continuing through April 13, registration will be conducted for a physical fitness course geared for women ages 18 and older," Clark said. "Promoted in cooperation with the President's Council on Physical Fitness, the course is geared for women who want to improve their physical condition with flexibility and muscle toning exercises."

The free program, which will consist of six one-hour sessions held twice weekly, will be held at Marjorie R. Post Community Park Center, Unqua and Merrick Roads, Massapequa, on Mondays and Thursdays beginning Monday, April 13. There will be two class times, 9-10 a.m. and 10-11 a.m. Registration forms will be available at all Town libraries, community and Town park facilities. They should be returned to the park manager or to the Parks Department, 977 Hicksville Road, Massapequa, no later than March 13.

For further information, contact the Parks Department at 795-1000.

For Children 5 To 8 A Saturday Program

As spring approaches it is a good time for the children to begin thinking about outdoor activities and physical fitness, and the Town of Oyster Bay Department of Parks has a fitness course designed just for children ages 5 to 8, according to Town Councilman John Venditto.

"Registration is now open for a physical fitness course which has been specifically designed for young children," Councilman Venditto said. Promoted in cooperation with the President's Council on Physical Fitness, the course will offer an entertaining, sensible approach to fitness focusing on basic flexibility and simple motion exercises."

The free program will be held at Marjorie R. Post Community Park Center, Unqua and Merrick Roads, Massapequa, on (4) four consecutive Saturdays beginning April 4th between 9:30 to 10:30 a.m. Registration forms are available at all Town libraries, community and Town park facilities. They should be returned to the park manager or to the Parks Department, 977 Hicksville Road, Massapequa, no later than April 4th.

For further information, contact the Parks Department at 795-1000.

Chamber Music Concert March 22 - Massapequa

The American Chamber Ensemble will give a free concert at the Massapequa Bar Harbour Library on Sunday, March 22, as the fifteenth program in the 1986-87 "Distinguished Artists Concerts" series, according to Oyster Bay Town Councilman Kenneth S. Diamond.

The concert, which is being sponsored by the Cultural and Performing Arts (CAPA) Division of the Department of Community Services, will be held at the library, Harbor Road, Massapequa, beginning at 3 p.m. For further information, contact CAPA at 795-5943.

Directed by clarinetist Naomi Drucker and pianist Blanche Abram, the American Chamber Ensemble is a consortium of outstanding artists dedicated to presenting a broad spectrum of chamber music literature

to audiences," Diamond said. "Acclaimed for the 'beauty and excitement' of its performances, the group has the flexibility that permits programs including as many as seven artists in varied combinations or as intimate an ensemble as a trio."

In addition to Druckner and Abram, performers for this concert will be Brad Garner on flute, Annabelle Hoffman on cello, Lois Martin on viola, Beth Orson on oboe, Peter Simmons on bassoon and Allen Spanjer on French horn. Conducting will be Catherine Oberhauser.

For this performance, selections will include "Sky Curtains" by Judith Lang Zaimont, "Divertimento for Woodwind Quintet" by Joseph Haydn and "Three Shanties for Woodwind Quintet" by Malcolm Arnold.

The Councilman noted that the concert is being supported by grants from the Long Island Savings Bank, Apple Bank for Savings and Cablevision.

"Hicksville Memories"

One of the many memories I have of Hicksville was in the difficult years of the Depression in the early 30's. The businessmen of the village, (as it was called in those days), found it rough going, organized and became the B.M.A.—The Business Men's Association. To lure people into town Friday nights, hopefully to shop, they gave tickets for every 25¢ spent and a drawing was held every Friday night at 8:00 p.m. The big prize was \$10.00! You also had to be present to win.

Why I remember this so well is because my mother allowed my sister and I to walk into the village from Duffy Avenue to see if we were winners. My sister Caroline and I bundled up in heavy coats, scarfs and long cotton stockings, (the ugly brown-ribbed kind). We buckled up our galoshes and set off. It was already dark and snow was on the ground—but it was exciting for us to be out so late and on such an important mission. We were still in grammar school at the time.

On the way to Broadway we came to the Long Island National Bank on the corner of Herzog Place (?) and saw a mailbox near the curb and a man tossing around what we thought were letters all over the ground! **Robbers!!!** We turned around and ran all the way to West John Street to the 'Cops Booth' (which was located on the island) burst through the door and told one of the two policemen Hicksville had at that time, (nothing much happened there in those days.) He came with us to investigate.

The "Robber" by then had escaped! Further checking told us that some poor man, late mailing his Christmas cards, trudged through the ice and snow, found the mail slot covered with snow, brushed off the snow (which appeared to us to be stolen letters). I don't recall what the policeman said to us—perhaps nothing—he was a kind man.

Being only grade school kids at the time, it was a really exciting event nevertheless. No, we did not win a B.M.A. prize but were the winners of many laughs in retelling the story over the years. Remember, Caroline! Who said Hicksville was a dull place in those wonderful years of so long ago!

I can also remember that Bahrenburg's Bakery sold the best buns—and rolls, three for a nickel or 20¢ a dozen. It really was that way!!!

Madeline (Hnatuk) Hobrecht, Clearwater, Florida

Supervisor JOSEPH COLBY COMMENTS

The Town of Oyster Bay's Highway Division used more than 11,000 cubic yards of sand this winter to keep the roadways passable.

When ice conditions prevailed or a light covering of snow blanketed the area, trucks were out spreading sand to alleviate potential traffic hazards.

Now that warmer weather is on its way, the Highway Division is gearing up its street sweeping program with some changes that will improve and accelerate the process of removing sand and dirt from our roadways.

Sweeping operations are scheduled to begin March 16 on designated 'priority' roads. A new feature of the program will include sending an 'advance person' ahead of the sweeper who will pick up large branches, papers and miscellaneous debris. This person will also move garbage pails out of the sweeper's path allowing the equipment to get close to the curb.

As in the past we ask for resident cooperation in moving cars off the street while the sweepers are in the area. Cooperation has been good before, but not everyone was aware of the sweeper's presence and some cars did remain on the

street as obstacles.

This year, the 'advance person' will be placing cards in the doors of houses that had cars in front of them, making it impossible for the sweeper to clean in their area. Residents will be asked to remove cars from the street for the next several days so that on the sweeper's return a complete job can be done. This is a reasonable request, and one that will assist the Highway Division in undertaking a more effective, successful program.

As part of the effort to improve sweeping services and remove debris a payload and ten wheel truck will be assigned to each area so that as the sweepers complete their swings through the neighborhoods and unload their contents, the collected material will be removed immediately.

Sweepers will run almost continually, with operators sweeping commuter parking fields and community downtown areas from 11 p.m. to 7 a.m. and a second shift working residential streets.

Now let's keep our fingers crossed that we've seen the last of winter so that the big sweep effort to 'spring clean' our roads can be completed in short order.

CAPA Sponsors Young Artists Juried Art Show

Applications are now available for the Young People's Juried Art Show sponsored by the Town of Oyster Bay Cultural and Performing Arts (CAPA) Division of the Department of Community Services, according to Town Councilman Angelo A. Delligatti.

"Co-sponsored by the Independent Art Society (IAS) and the Friends of the Hicksville Library, the exhibition will be held at the library, 166 Jerusalem Avenue, from Saturday, April 11, through Friday, April 24, Delligatti said. "Open to artists in grades 7 through 12, the show will consist of original works in the following mediums: oil, acrylic, watercolor, pastel, graphics, mixed media and sculpture."

Paintings must be framed and wired for hanging and can be no larger than 32" by 40" framed. Sculpture cannot exceed 75 pounds and stands must be provided by the artist. Entries will be accepted at the library on

Wednesday, April 2, between 5 and 9 p.m., and on Saturday, April 4, between 1 and 3 p.m. A non-refundable fee of 50¢ will be charged for each entry. Entries are limited to two per artist.

Delligatti noted that works will be selected for entry and adjudicated for awards by members of the IAS. They will be awarded from the IAS in the senior division (grades 10-12), from the Friends of the Hicksville Library in the junior division (grades 7-9) and from the Town in both the senior and junior divisions as well as a 150 cash "Best in Show" award in the senior division from Barron's Educational Services, Inc. Awards will be handed out at a reception on Saturday, April 11, between 10 a.m. and noon.

For further information and application forms, contact CAPA at 795-5943 or the library at 931-1417.

MANUFACTURERS' HANOVER BANK'S Senior Vice-President, Charles Walsh (left) enjoyed meeting members of the Hicksville Gregory Museum Historical Committee, recently. Museum photographer Edward Bady (right) and Historian Richard Evers presented the prominent banking leader with a large color photograph of the bank's great credit card and consumer credit operations center in Hicksville, which Mr. Walsh administers. Erected in two stages, 1976 and 1981, the Duffy Avenue Hanover operation is the largest single-user building on Long Island and employs about 1,000 people.

The ecumenical spirit is alive in Hicksville. Pausing in comradery after a recent Prayer Service during the Week for Christian Unity are (l.-r.): Rev. George Hilton, pastor of Bethpage United Methodist Church; Pastor Richard E. Smeltzer of Hicksville United Methodist Church; Pastor Tom Godlet of the Church of Christ, who read the scriptures; Monsignor James E. Boesel, Pastor of Our Lady of Mercy R.C. Church, who delivered the homily, and Rev. Dr. John Krahn, pastor of Trinity Lutheran Church which hosted the prayer service. Among other clergy present but not shown were: Father Alfred J. Rogers, St. Ignatius Loyola Church; Rev. Domenic Ciannella, pastor of Holy Trinity Church, Church, and Father George Stavropoulos, pastor of Holy Trinity Greek Orthodox Church. The bidding:

Opening lead — three of clubs.

The messages that can be transmitted by a sound partnership, whether during the bidding or play, are certainly remarkable. The limited vocabulary of fifteen words that can be used during the bidding is sufficient to enable a skilled partnership to arrive at the best contract in the overwhelming majority of hands.

During the play period, when silence is the order of the day, only the cards themselves can be eloquent in the exchange of information by the defending pair. The defenders can speak their piece effectively in many ways. Conventions that have been

employed over the years often help greatly in solving defensive problems which otherwise would become guesswork.

A choice of plays that is optional can frequently be successfully worked out in a sensitive partnership. The rapport that should exist between partners can save many points that might instead be lost. Here is a simple example of partnership cooperation where all that is required is the proper use and interpretation of a convention introduced a half century ago.

West opens his singleton club, East wins with the ace and returns the deuce, which West ruffs. If he now returns a diamond, the contract is defeated because he obtains another club ruff, but if West returns a spade, declarer makes the contract.

The convention to guide West in such a position is simple enough. All that is required is that both defenders be familiar with it. Since East can play any club to obtain the hoped-for ruff, he selects the one that will indicate which suit he wants returned.

The return of a low club indicates East wants the lower-ranking of the two side suits, diamonds and spades, returned. Hence, the deuce is played, asking for a diamond lead after West ruffs.

If East's entry card were the ace of spades, he would return the ten of clubs, asking for a spade, the higher-ranking suit.

High-low: low-low.

Nassau Sports Review

By JACK WHITE

ITHACA—A visitor driving on Route 13 through the heart of this upstate city quickly gets a panoramic view of the local economy. On one hill, a giant factory stretches endlessly across the landscape. On another, the beautiful modern buildings of Ithaca College shine in the glare of an unusually warm spring sun. And ahead to the north: in this college town the famous, historic campus of Cornell University can be seen.

It was to this old city and to Cornell that the finest track athletes in New York State came last weekend for the Intersectional Championship.

A right turn on Buffalo Street provides a straight route through town and up the hill to the campus. Halfway along is the Ithaca Mall, a gentrification project which revitalized an old shopping district. At the top of the hill is Cornell, the Ivy League school founded in 1805.

The site of the meet, Barton Hall, is a giant stone, steel and glass structure which dates back to the early part of the century. On this day it is uncomfortably hot as about 2,500 athletes and spectators gather for seven hours of competition.

A major track meet is an endurance contest filled with moments of high drama and long periods of inertia. It is a three ring circus with races on a 200 meter track, pole vaulting, high jumping and long jumping all staged simultaneously. Coaches and athletes stake out sections of the grandstand as home base as they wait for their events to be called. The refreshment stand is an oasis and if nerves act up, an athlete can walk the giant halls of this armory-like building. Between events some even stretch out on the lawn where students have gathered for a taste of spring in this area which has more cloudy days than any other in the nation.

Boys and girls qualify for this meet by competing in Sectional Championships throughout the state. Only the best are here for what will be a permanent memory. The Nassau athletes compete for themselves and their schools, but also as a group for Section Eight in the team competition. And that element is what makes the state meet such a refreshing experience. Athletes who have competed against each other now are teammates. In the long hours on the bus, at the hotel and at the meet, lines of communication are opened and friendships are built. It's what sports ought to be about.

Some great scenes and funny moments help make the time pass quickly. Uniondale hurdler Kevin McQueen slips and falls hard but gets up to finish the race. He is greeted by a contingent of Nassau coaches who praise his courage.

Meet programs which cost 12 are sold out an announcement says. Oceanside coach Ken Hendler stands up and says "Get your 14 program here."

Garden City's T.J. McArdle becomes the only Nassau boys champion when he wins the 3,200 meters in a fast 9:12.18. When they are ready to present his medal, nobody can find T.J. He is out jogging.

Darren Bell of Lawrence wins the 300 but is disqualified on a controversial and apparently wrong pushing call. A Nassau coach tells him, "You are still the Eastern States Champion and everyone saw you win this race."

Dan Middleman of Clarke is disappointed with his third place finish in the 200. "You don't have to apologize for running 0:30" someone says. Later Middleman becomes a victim of veteran Garden City coach Warren King, a master practical joker. Ask any Trojan sophomore who has been sent looking for the "left handed discus". Middleman asks King why Garden City doesn't go to some of the big invitational meets. "We do," said the coach. "We've been to the Pearl Harbor Invitational in Hawaii, the Sugar Bowl Meet in New Orleans."

"Really," said Middleman.
"Sure," coach King replied. "This year we're

going to the Jamaica Relays. We're taking the train." Middleman knew he'd been had.

Sonya Henry of Freeport wins much praise when she sets a state record of 19 feet, 9 inches in the long jump. Natasha Allegre of Westbury wins the triple jump with a fine 30' 10 1/2" inch effort and Malverne's Diane Adkins takes first in the 55 meter dash (7.07). Hope Hallock of Port Washington becomes a winner in the 1500 meter walk when two girls are disqualified.

Uniondale's Kevin McQueen is having trouble with his shoes and borrows a pair from Garden City's Pete Hess. "Watch those shoes, Pete," says Uniondale Dennis Kornfield. "They are about to jump higher than they've ever been before."

A special friendship has developed between Garden City's 4 x 200 relay team which wins a second place medal and Uniondale's sprinters whom they beat in the county meet. The four Garden City runners who are white and the Uniondale runners who are black are equally talented and have taken turns bearing each other all winter.

One story circulating is that in a tense moment just before the start of the 55 meter finals earlier in the season a Uniondale sprinter leaped over to Garden City's Scott Hamilton and said, "What are you doing here? Don't you know you're white?" Hamilton looked at his hands and said, "My God, you're right." The tension was broken.

When Uniondale's Greg Harris qualifies for the state finals, the first to embrace him is fellow qualifier Hamilton. Yes, it's what sports ought to be about.

Doms Upset Highlights Opening Round Of Playoffs

St. Dominic's pulled off a stunning 69-68 overtime upset of Chamainde in the final and most thrilling playoff game held on Sunday, March 1. It took a Pat Trzcinski flip and foul shot with .04 left in OT to rally the Doms from a 68-66 deficit. Coach Tom Leprohan will now take his game but battered troops to face the Holy Trinity Titans this Friday night. In the other semi-final, the league's top ranked team, the Stags of St. Agnes will face off against St. Mary's, an 80-70 winner over St. Anthony's.

In other quarter-final action, it was Gordon Wilson's 15-10 free shooting in the fourth quarter that held off a St. Anthony's rally, giving St. Mary's a berth in the "Final Four". Wilson, who had all 15 of his points from the line and in the fourth quarter, was joined by Chris Schneider as the league's second leading scorer hit for 29 points on Sunday. St. Anthony's had taken an early lead, paced by John Leskey's 16 first half points, but the Friars' 32 fourth quarter points weren't enough as the Gaels scored 34 to seal the game.

Holy Trinity defeated St. John the Baptist 74-50, but not without a struggle from the winless (in the league) Cougars. It was a close game throughout, getting as close as 7 in the middle of the fourth quarter. But Titan big man Marland Johnson took control of the game, totalling 15 points, 16 rebounds and 6 blocks to give his team the win. Junior guard Bryan Shevers led Titan scorers with 16 while the league's leading scorer Marcus Matthew had 24 for St. John's.

The first semi-final matchup for Friday will place undefeated St. Agnes against St. Mary's. In their first two meetings this year, the Stags overwhelmed the Gaels by an average margin of 47.5 points. They took the first game at St. Mary's 102-56. Six Stags scored double figures led by Gregg Smith's 16 points. The Gaels high scorer was Chris Schneider. In the re-match, it was more of the same as six Stags again had double figures in a 118-69 triumph. Kurt Samuels (25) and Woody Williams (19) led St. Agnes while Chris Schneider led all scorers with 33.

Manhasset Nipped By South Side In Final

By D.F. MOCK

Manhasset's Bobby Gordon sat on the press table at the Nassau Community College gym Sunday, saw the celebration in the mid-circle, and sighed.

South Side had just won the County Class B title, its first in nine years, in a 51-50 cliffhanger. Gordon, who had been part of three teams that had gone to the county finals, had led the game with 19 points. But as the Cyclones jumped up and down, and throughout the awards ceremony that followed, the most exemplary scene was that of a senior who had his dream stolen from him.

The Indians had led 32-19 early in the second quarter, the lead spurred on by Gordon's 13 first-half points. But the Cyclones, who had come back strong in their defeat of Glen Cove, roared back to finally erase the lead on a Mike Jefferson tip-in with 3:09 left in the final frame, the basket culminating three straight swishes by the Cyclones' high-scorer (24 points).

Throughout the second half, the Cyclones' Kevin Hall played tenacious defense against Gordon. "He had no left hand, so he couldn't put it in the other and cross over." Hall said after the match.

The teams exchanged the next two baskets. One, with 2:33 left by Greg Williamson in traffic gave the Cyclones the tie. In one of the most important foul shots of his life, Williamson made the following free throw, giving the Cyclones their first lead of the afternoon with less than two minutes remaining. However, Rod Stancil made a successful layup drive in traffic to put the Indians ahead by one with 43 seconds left.

Then, with six seconds left, the Cyclones' Kevin Kennedy caught a rebound under the Manhasset basket and laid the ball up and in for the 51-50 lead, one which broke a psychological barrier for Manhasset coach Ar-

nie Sims. "We had said that if we held them to 50 points, we'd win," Sims said outside his team's locker room. "Then came the 51st one."

After the basket, with six seconds left, Bobby Gordon moved downcourt with the ball, but had it stolen by Mike Jefferson of South Side. The Indians' return trip to Glens Falls was derailed, and afterward Sims tried to decipher the reasons.

"We didn't shoot well on the foul line," Sims sighed. "A couple of times, we broke down offensively. But they still played a great defensive game. We approached it like we would every game."

That accounted for the leisurely pace of the game as the Indians built up a 28-19 lead by the end of the first half. "They didn't play with that much intensity," Williamson said. (Coach Russ) Reid was very quiet to us in the halftime conference, and told us we had to start working."

That work ethic gave South Side the county title. And as the Cyclones grabbed their plaques, Bobby Gordon sat on the table and stared.

The Class B final capped an excellent county tournament in all classes, with Hempstead grabbing the Class A title in a strong second-half spurt, 65-42. But the lingering memory, apart from South Side's two straight comeback victories against the Glen Cove Big Red and the Manhasset Indians' was the landmark 67-66, five-overtime Carle Place victory in the Class C semifinal.

In the final, however, Cold Spring Harbor took advantage of poor Carle Place foul shooting in the second half—four of 16 were Carle Place's line numbers—the Seahawks defeated the Frogs 48-40 Saturday night at Nassau. "We trapped them in the corners," said CSH coach Dick Kasso, "and got a lot of turnovers."

At C.W. Post: Lacrosse Preview

With all ten of the starters expected to be underclassmen, the 1987 edition of the C.W. Post men's lacrosse squad will be a team of youth. Four starters from the 1986 squad, which finished 11-4 and reached the NCAA Division I National Championships, return this spring. Second-year head coach Tom Postel, a recent inductee into the National Lacrosse Hall of Fame, forecasts a young but potentially great squad.

On attack, Steve Tomaselli, the Pioneers' top goal scorer (30 goals, 5 assists, 35 points in '86) returns for his junior year. Tomaselli recorded 5 goals in a 19-12 victory over Hofstra and registered four goal games in triumphs over Siena (20-1) and Penn (7-6).

Sophomores Jim Campbell (7-6-13) and Keith Verderber (7-2-9), who shared a starting job last season, have gained valuable experience by playing on an NCAA-tournament team. Freshman Lee Macvicar, an All-American selection at Bethpage High School is a strong contender for a starting assignment. C.W. Post suffered a setback when returning senior John Campbell (13-34-47), the Pioneers' leading assist man for the last three years, had a kidney removed over the summer. Campbell will be an assistant coach this year.

Heading the midfield corps is junior co-captain Tim McIntee. McIntee, (22-17-39), a 1986 All-American honoree, had his best game in a 10-9 victory over Delaware when he notched five goals. Sophomores Michael Bardo (10-2-12) and Ray Esposito (1-3-4) are expected starters. Junior Chris Spillane won 128 of 240 faceoffs (53.3%). Freshman Scott Damanti,

an All-America transfer from Walt Whitman High School, and Junior Joe Venezia, an All-America transfer from Farmingdale College, are additions to the squad.

With the departure of graduated senior defenders and All-Americans Tony Rommo and Joe Woska to graduation, Postel will have to rebuild the backline. Junior co-captain Todd Hokunson developed into a national-caliber backliner last year. Hokunson ranked third on the 1986 squad with 43 grounders. Juniors Pat Mulcahy (24 ground balls) Kevin Lennon, Phil Bellia (35 ground balls) were key members of the man-down unit last spring. Freshman Mike Nicolosi an All-America pick from West Islip High School has the potential to be a class defender, according to Postel. Anthony Brower, a junior college All-America at Hudson Valley Junior College, and Mike Padalino, a junior transfer from Suffolk Community College will battle for starting jobs at pre-season camp.

The Pioneers have three returning lettermen. Sophomore Lou Jannotte played in 14 games with 8 starts, notching an 8-3 mark with a 61.4 save percentage. Senior John McDonald (7 games played, 6 starts, 3-165.8 save percentage), has experience. Sophomore Jim Daly stopped 7 of the 9 shots he faced last year.

"Overall," Postel said, "we have more team speed than last year's squad and possibly more balance. However, we do lack experience. The ability of this year's squad to mature quickly will determine the success of the 1987 team."

The Pioneers face Harvard Saturday at Hixcox Field.

Boys Swim Team Best Record Ever In County Championships Scott Epstein To State Finals

The Hicksville High School Boys Swim Team placed 8th out of 20 schools in this year's Nassau County Championships held last Saturday at Nassau Community College. This was the best the boys have ever done and they broke a school record by scoring 133 points. Eleventh grader Scott Epstein was the Nassau County Champ in the 100 yd. breaststroke with a winning time of 1:04.40. This broke his school record time and qualified him for the State Championships to be held at Nassau Community College this Saturday, March 14. Scott is the first boys swimmer to advance to the state finals since the inception of the Boys swimming program at the high school. The 200 yd. Medley Relay team of Scott Fried, Robert Kratochvil, Michale De Fina and Scott Epstein placed 3rd in the County, the highest finish by a Medley relay team from Hicksville and Mike De Fina placed 3rd in the

100 yd. Butterfly with a time of 57.52. Other results include: Scott Epstein in the 50 yard breaststroke breaking his current high school record with a time of 1:18.77 and a 6th place finish in the 300 yard individual medley with a time of 2:13.69. Bobby Kratochvil placed 5th in the 100 yard butterfly with a time of 1:00.04 and Scott Fried an 8th grader placed 5th in the consolation finals of the 500 yard freestyle with a time of 5:18.04. In the 100 yard Backstroke Mike De Fina had a 7th place finish with a time of 1:03.05 and in the consolation finals of the 400 yard freestyle relay the team of Dennis Fox, Mike Brigandi, Chris De Bease and Bobby Kratochvil placed fifth. Coach Walter Oslewski praised all the members of the team for their outstanding effort. Named to All County status were Mike DeFina, Scott Epstein, Scott Fried and Bobby Kratochvil.

St. Ignatius CYO News

By NANCY CASSANO

On Wed. night at Lee Ave. School, the 1st and 2nd graders ended their season with the Warriors over the Celtics and the Clippers over the Nets.

In the 3rd grade league, the Wildcats beat the Lions and the Tigers beat the Cougars. Billy Murphy of the Wildcats led his team in points by scoring 5 baskets. He was followed closely by Kristin Baricevac, who made 4 baskets. Robert Isley and Anthony Panarelli also scored. On the Lions team, Danny McGovern scored 10 points, Marty Theis and Patrick Scalco each scored a basket, but it wasn't enough to overtake the strong offense of the Wildcats. The final score was Wildcats-21, Lions-14.

John Flynn's Tigers beat Frank Puglia's Cougars with a score of 24-12. Joe Basso was the big scorer for the Tigers with 8 points, followed closely by Chris Kearney with 7 points. Jason Johnson and Sean Dorney also scored for the Tigers to bring their total points to 24.

Andy Fayda and John Flynn helped the team out by playing good defense to keep the Cougars score down to only 12 points. Danny Sydor obtained 8 to the 12 points for the Tigers. Brian Patwell and Steven Locher also scored for the Tigers.

In the 5th grade league, it was Andy's Gang over the Bulls. Mike Famigletti led Andy's Gang to its victory by scoring 14 points himself. When all the damage was done, the final score was Andy's Gang 28, the Bulls 22.

At this time a special thank you should be extended to our 8th grade boys who volunteered their Sat. mornings to teach the fundamental skills and good sportsmanship to our 1st and 2nd graders. Many thanks to Brian McDermott, Glen McNamee, Jerry McKay, Drew Tumao, Joe Artale, Mike Montana, Richard Arthur and Bill MacMelville. Congratulations on making the program a big success!
