ALLRENT

IT & AV SOLUTIONS

- Allrent ICT Solutions delivers, installs and configures your equipment on one of the build-up day.
- Allrent ICT Solutions will test the equipment and, where necessary, give your stand personnel a brief introduction and explanation of the delivered equipment and its operation.
- Allrent ICT Solutions will be present in the RAI throughout the build-up period and can supply on-site support throughout the event if required.

WiFi by Allrent

- Ruckus Wireless network equipment.
- Turn key network with the ability to create unique login vouchers with your own logo
- Users can roam freely without a interrupted connection (roaming).
- Data limit can be set by user.
- Optional failsafe ensures a stable network connection.
- Number of users depending on the configuration.
- With your registration, back office, exhibitors and / or visitors together on a line with the option to create multiple networks.
- Ask for the possibilities.

The Ruckus WLAN systems bring power and simplicity together for large-scale indoor deployments, along with all necessary functions such as:

- seamless collaboration
- Advanced Wi-Fi security
- massive scalability
- Best-in-class performance
- Rugged WLAN management

Ruckus WLAN solutions combine the best of centrally managed WLANs with the amazing benefits of intelligent RF routing and Smart Wi-Fi meshing. The result? The best product and WLAN technology that is offered. Ruckus offers advantages such as:

- Patented Smart Wi-Fi antenna series: Beam Flex a greater range and an adjustable steering signal offers the most reliable Wi-Fi
- Optimal selection of the signal path, avoiding interference and auto RF management to ensure a consistent user experience
- Smart Mesh Networking eliminates pulling Ethernet cable to where you want the access point.
- State-of-the-art security - from 802.1x support

to Dynamic Pre-Shared Keys - makes it easier to administration and manage

- High-performance dual-band 802.11n access points (meshed or wired) that deliver consistently high performance in a range of the new 802.11n and 802.11a/b/g existing clients
- Better coverage = fewer access points
- Configuration in minutes and installation in hours, without cumbersome site surveys and tedious network setup
- Smart Wi-Fi access points that can be used with or without a Smart WLAN controller flexible
- The controller remains outside the data path of the wireless LAN client and deals only with traffic management
- Smart Wi-Fi access points handle all control traffic and probe requests / responses as well as the data path between the wireless clients

For desktop computers, laptops, kiosks and TouchSmart PCs, the following terms apply:

- Each device is supplied with a clean Windows installation and MS Office as well as an anti-virus package.
- Each device is supplied with common utilities such as VLC, Quicktime Pro, WinZip, Adobe Reader, Flash, etc. If desired Allrent ICT Solutions can be consulted, for further customization and installation of additional software.
- Network Equipment such as UTP cables and switches are, in most cases, supplied free of charge. This does not apply to Large, Custom or WiFi networks. Please contact us to discuss your network requirements.
- We can supply a quote tailored to your project for larger numbers of devices or different rental periods. Please contact us to discuss your requirements.

For Apple iMac 21.5", iMac 27", Macbook Pro and Mac Mini, the following Apples:

- Each device is supplied with a recent OS, MS Office for Mac, iWork and ilife.
- iMac 21,5", iMac 27" and Mac Mini are supplied with a wired keyboard and mouse, wireless keyboard and mouse are available on request.

Did you know that Allrent ICT Solutions:

- is available 24 hours / 7 days a week.
- has a response time of One hour in the case of an emergencies or urgent order.
- only works with leading brands such as HP, Cisco, Panasonic, Samsung, Philips, Xerox, Apple, etc.
- has its own transport and logistics department.
- has qualified staff for onsite installation(s), onsite support (optional) and dismanteling.

All prices and our general terms and conditions filed with the Chamber of Commerce in Lelystad under number 39.065.195.

Prices are in Euros and exclude VAT, transport, installation of additional software and installation onsite (with- in the Netherlands, custom pricing might apply to trans-border installations).
