What's inside

How to buy

Visit us online.
Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk.
US – www.hp.com/go/smbstore,
CA – www.hpshopping.ca

Order by phone.
A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293(US) or 1-877-231-4351(CA).

Contact Chat Team.
Chat Live online with a Pre-Sale Printing Sales Specialist. Go to http://www.hp.com/sbso/assist/chat.html Monday–Friday 8am to 8pm EST

Contact your reseller.
You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293(US), 1-877-231-4351(CA) for a sales contact near you.

**Buy direct with reseller support – (US only).**
HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector – (US only).
For HP Public Sector sales information, please call 1-800-727-2472.

Get more value from HP

And really get somewhere

HP helps you get more from technology—from the start and over time. You'll have easier connections to the expertise you need. Easier access to reliable products and solutions. And easier ways to own and use technology. Unhampered by technology complexity, you'll have the time and energy to keep your business humming. With HP, you get more, so you can do more every day.

Get more know-how, now

HP helps you make the right technology choices with easier connections to experienced and knowledgeable resources.

- Live **HP expertise**. Whether you have product questions before you buy or technical questions after, the answers are just a phone call or mouse click away. See the **HP Resource Directory** on the back cover of this guide for a list of HP telephone and web resources.

- **HP expertise centers**. Need help choosing solutions for your business or solving business problems? Access a variety of online tools, Live Chat capabilities, consultative services (phone or in-person) and educational resources. HP's Printing and Imaging Expertise Center points you in the right direction at **www.hp.com/go/expertise**.

Get more reliability, to do the job right

Backed by two decades of experience, innovation, and research and development, the products in this guide offer HP's legendary performance and reliability.

- **World-class, affordable products**. From color and black-and-white printers and all-in-one products to document scanners to handheld devices and DVD writers, HP has the depth of selection you need to get the right products for your unique needs. Use this guide to help you narrow the choices, then browse the many additional products and features you'll find online at **www.hp.com/go/smb (US) or www.hp.ca/smb (CA)**.

- **Wide array of solutions and technologies**. Whatever your business, HP technologies can help increase your productivity, lower costs and reduce risks. And HP solutions are designed to integrate easily and securely with your existing IT investments, so you can focus on the profit-making activities that move your business forward. For details, visit **www.hp.com/go/solution**.

Get more support, the smart way

HP helps you stay on top of your technology investment with a portfolio of service and support offerings that provide fast resolution should a problem ever occur.

- **HP Care Pack services**. Make the most of your equipment investments with these easy-to-buy, easy-to-use packages that minimize printer downtime. Contact your HP reseller partner, or visit **www.hp.com/hps/carepack/print** for details.

- **eSupport**. These easy-to-use web-based capabilities speed problem resolution, which translates into faster service and lower support costs. Visit the support and driver center online at **www.hp.com/go/printersupport** for details.

Get more information resources, for a smart buy

HP makes it easier for you to evaluate, acquire, manage and retire the HP solutions that support your business.

- **Help me choose a printer**. Use this online tool to find the model that best matches your usage needs or your feature specifications. Go to **www.hp.com/go/choose**.

- **Printer replacement finder**. Select the models you currently own from this online list and you'll get the latest recommendations on replacement models that are just right for you. Go to **www.hp.com/smb/productreplacement**.

- **Hot deals and other special offers**. Save more on your technology purchases with specials from HP, including limited-time instant savings special offers on selected products. Visit **www.hp.com/go/specials(US) or www.hp.ca/promotions(CA)**.

- **HP Smart Finance programs**. This suite of lifecycle financial programs can be tailored for your business needs. Visit **www.hp.com/go/hpfinancialservices**.

- **HP Trade-In program**. Trade any product, any brand and get paid the fair market value for your aging technology. To learn more, visit **www.hp.com/go/tradein**.

With HP, you'll have more time to get more done, so you can really get somewhere: ahead.

Award-winning performance from HP

Value. Performance. Versatility. HP offers all of this and more in its award-winning product line. It's this commitment to overall excellence that has always driven and defined HP. And it's this same commitment that has continually earned us awards throughout the industry. Like our renowned line of printers, winners of *PC Magazine* Readers' Choice Award for service and reliability for 14 years in a row. Of course, HP also makes it easy to own and use our award-winning line of products. With HP, you get more, so you can do more.

Put affordable HP color to work for you

The question for most businesses today is not whether to incorporate color, but when and how. Research shows that printing with color:

- Increases comprehension by up to 73%[1]

- Raises readership by up to 40%[2]

- Accelerates learning by up to 78%[3]

When you add color to the functionality of your office printers, you can make big gains in effectiveness with relatively small increases in purchase and operating costs.

How much could your business save on marketing?

Printing in-house with HP color could help your business:

- Control marketing costs

- Take advantage of timely opportunities

- Decrease waste and storage by updating and printing only what you need

- Personalize materials for sophisticated one-on-one marketing

Use the free print-cost calculator to see how much money you could save by using in-house color printing, or get help creating your own marketing materials. Visit **www.hp.com/go/DoItYourself2**.

An HP All-in-One multi-tasks, just like you.
An All-in-One from HP is perfect for a small office or personal use. Most All-in-Ones combine color printing, scanning, faxing and copying into one compact design. They cost less than several standalone devices, take up less space and use less energy than separate units. They're also simple to install and connect to your PC or Mac, making them easy for anyone to set up.

Up to 50% increased print speed from industry-leading TJ8500, lower cost per copy, and higher quality.	A productive, high-quality solution for the widest range of superwide applications, with a fast ROI.	A 3.2 m wide-format UV printer that delivers superior image quality—up to 635 X 800 dpi—and production speeds up to 110 m²/hr (1,200 ft²/hr).	The HP Scitex XP2750 Printer delivers superb print quality at production print speeds on both flexible and rigid media.	Combine the performance of traditional wide-format printers with the speed, quality, and media versatility of today's UV ink printers.	Experience faster print speeds and unprecedented ink coverage that minimizes the cost of printing.

HP Indigo Digital Presses

HP Indigo Press UV Coater
Fast, easy-to-use near line coating solution. Designed to meet the needs of short-run printers to enhance and protect printed product.

HP Indigo Press s2000
Digital offset color press for specialty printers—full color graphics on plastic in a single pass.

HP Indigo Press ws4500
Web-fed digital offset color press prints full-color graphics for labels and flexible packaging.

HP Indigo WS6000 Digital Press
High-volume digital production for medium-run labels and packaging.

Specifications	
Coating speed	Up to 4,000 13 × 19 inch sheets per hour with the automatic configuration (hand-fed configuration speed varies, depending on operating environment)
Media size	Supports up to 14 × 20 inches (automatic configuration)
Media thickness	Supports 80 lb text to 160 lb cover
Compatibility	HP Indigo Presses 1000, 1050, 3000, 3050, w3250, 3500, 5000 and 5500
Coater dimensions	237 (length) × 52 (width) × 75 (height) in
Warranty	6 month warranty on coater and parts
Configurations	HP Indigo UV Coater Automatic CD746A HP Indigo UV Coater manual, hand-fed CD745A
Options	Automatic feeder and stacker upgrade option from manual configuration Q4962A
Estimated U.S. street price[3]	Contact HP for information

Specifications			
Print speed[1]	In four color process: 1000 12 × 18 in sheets or up to 204 MSI/hr	52.5 ft/min in 4 color mode; 105 ft/min in 1 or 2 color mode	98 ft/min in 4 color mode; 196 ft/min in 1 or 2 color mode

HP Indigo Digital Presses

HP Indigo Press 3500
Entry level HP digital press extends high-end digital printing for quality short-run production, quick turnaround that rivals offset printing.

HP Indigo Press 5500
The mainstream digital color production press that combines offset and photo quality with maximum versatile. Optional paper feed unit, stacker unit, thick substrate kit, and UV coater options deliver increased productivity for marketing collateral, photo related, direct marketing and publishing applications.

HP Indigo 7000 Digital Press
HP Indigo's fasted sheetfed digital press is optimized for high-volume production. Delivers proven offset and photo quality with exceptional productivity with a new range of SmartStream workflow solutions with breakthrough low operation costs.

HP Indigo W7200 Digital Press
Highest productivity web-fed digital press solution combines the quality and speed of offset with the intelligence of digital printing for longer job runs.

Cut the cables—go wireless.

HP wireless print servers are an easy and cost-effective way for multiple users to share a printer. They can help home users or small businesses conveniently share a broad range of HP peripherals on a network. They offer easy installation, configuration and management of HP peripherals for simple connectivity.

HP Business Management Solutions

HP MFP Digital Sending Software 4

Software that enables paper documents to be digitized.

Specifications

Security	Multiple Authentication agents (network and local), Single Point for Email Routing
Digital Destinations	Network Folder, Email, LAN and Internet fax, Remote Printer, FTP Site and FileNet
Supported File Types	OCR (Optical Character Recognition) for searchable PDF, JPG, TIFF, MTIFF, PDF (image-only, searchable), TXT, Unicode TXT, RTF, HTML
Advanced Functionality	Fleet Configuration of Digital Send and Security Settings, Customized Workflow Creation including metadata collection and validation; Central Address Book Management
Host requirements	Windows NT 4.0/2000/XP
Available package options	1, 5, 10, 50, 250 device licenses
Network protocol	TCP/IP
Warranty, std	90 day limited, with unlimited phone support

HP Business Management Solutions

WebJetadmin

HP Universal Print Driver Series for Windows 5.0

Use a single driver for instant access to virtually any HP printer or MFP—at home, in the office or on the road.

Specifications

Overview	New Plug-and-Play capability means HP devices are supported whether connected to the network or via USB. Simplified "Dynamic Mode" UI helps users print wherever they are and printing shortcuts set preferred printer settings for common tasks. When you are creating a printer path in HP Web Jetadmin, the HP Universal Print Driver is the default driver.
Compatibility	Supports Microsoft Windows 7, Vista, XP, XP Professional x64, 2003 and 2008 Server (32/64 bit); Microsoft Windows Terminal Services and Citrix Presentation Server Environments.
Size	18 MB
Estimated U.S. street price[3]	Not applicable

HP Web Jetadmin 10.2 – Device Management Software

Install, configure, troubleshoot and manage your networked printing and imaging fleet, including HP and select non-HP devices with powerful web-based device management software that's fast, easy and reliable.

Specifications

Compatibility	It's easy to upgrade from HP Web Jetadmin 10.2 or 10.1. Administrator access and .NET / Window components are required. The Install Shield installer will check for .NET and Windows components and allow access if they are present.
System requirements	Server: 2.33 GHz dual core processor minimum (2.8 GHz dual core processor recommended); Client: 1.8 GHz processor minimum (2.4 GHz processor recommended); Server: 3 GB RAM minimum; Client: 1 GB minimum; 4 GB available disk space minimum recommended on server (will vary depending on data migrated from older Web Jetadmin and data storage needs required by device data collections); Server: .NET 3.5 SP 1; Client: .NET 2.0 SP 2; 1024 by 768 client display resolution (minimum)
NOS supported	Microsoft Windows XP Professional (with SP 2 and above), Windows Server 2003, Windows Vista Business Edition and Enterprise Edition. Print management features are supported with Microsoft Windows XP Professional (with SP 2 and above) and Windows Server 2003. HP Web Jetadmin now supports 32-bit and 64-bit versions of all supported Windows operating systems.
Supported web browsers	Microsoft Internet Explorer 6.0 or above (client host requirement)
Peripherals supported	Web Jetadmin supports HP and non-HP devices connected through HP Jetdirect print servers and standard printer MIB compliant third-party network connected devices.
Protocols supported	IPv4
Estimated U.S. street price[3]	J6052AA: Free by downloading from www.hp.com/go/webjetadmin

HP iPAQ Pocket PCs

HP iPAQ 910 Business Messenger
Bring your business with you when you are on the go.

HP iPAQ 210 Enterprise Handheld
Mobilize your business process, maximize your results.

HP iPAQ 110 Classic Handheld
Just what you need to organize your busy life.

New HP iPAQ Glisten
Fully-loaded 3G smartphone, featuring the latest Windows Mobile OS, is a perfect answer for your busy life.

Buy Now ▪ To order or locate an authorized HP partner, call 1-866-545-0293(US), 1-877-231-4351(CA) or visit **www.hp.com/go/smbstore (US), www.hpshopping.ca (CA)**

HP Supplies

There's no question—HP supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP inkjet printers is the result of engineering advancements from the world's leading inventor of ink. And every HP LaserJet cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use genuine HP supplies. Consider the long-term value of your purchase decisions and count on genuine HP inks, toner and printing materials for unsurpassed reliability.

All of the HP supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The tables that follow make it easy to choose the right HP supply, whatever your needs.

HP SureSupply

HP SureSupply is a free, easy-to-use tool for smarter, simpler online print supply ordering. To learn more, visit **www.hp.com/go/SureSupply (US) or www.hp.ca/suresupply (CA)** for a demonstration of how it can work for you. And never run out of ink or toner again.

HP ecoSOLUTIONS

HP Planet Partners return and recycling program enables simple, convenient recycling of Original HP inkjet and LaserJet supplies and any brand of computer hardware. We ensure that your returned products are recycled properly, processing them to recover valuable plastics and metals for new products and diverting millions of tons of waste from landfills.

HP inkjet and LaserJet supplies recycling

It's easy and free. When your HP inkjet or LaserJet print cartridge is empty, return it for recycling by going to **www.hp.com/recycle** for free return and recycling options or by using the pre-addressed, postage-paid label found in all HP LaserJet print cartridge boxes.

The recycling process

What happens when you return an Original HP print cartridge or any brand of computing hardware for recycling? Our state-of-the-art recycling facilities process each return through a multi-phase recycling process. No HP print cartridges returned and recycled through HP Planet Partners are sent to landfill. Products are sorted and shredded, then separated into plastics and metals. Residual ink, foam or toner are also separated and disposed of in an environmentally responsible manner. Plastics and metals from recycled HP print cartridges have been used to make a range of everyday new products such as HP print cartridges, auto body parts, clothes hangers, fence posts, microchip processing trays, roof tiles, serving trays, shoe soles and spools.

For more information about the HP Planet Partners program, please go to **www.hp.com/recycle** or call 1-800-340-2445 Monday through Saturday 6 am–9 pm and Sunday 7 am–5 pm mountain standard time.

HP inkjet and LaserJet print cartridge recycling facts

- The HP Planet Partners return and recycling program for HP printing supplies has been operating since 1991 and today extends to customers in more than 49 countries, regions and territories.

- Since 1991, more than 265 million HP LaserJet and HP inkjet print cartridges have been returned and recycled worldwide, representing a weight of nearly 343 million pounds.

- To date, HP has recycled one billion cumulative pounds of electronics and HP print cartridges, with a goal of doubling our annual recovery rate to reach two billion pounds by 2010.

HP Trade-In Program

Trade any product, any brand

The HP Trade-In Program is a simple, seamless way for HP customers to upgrade to HP products and get paid the current fair market value for their aging technology. Spanning every product category, the program has the added benefit of eliminating the hassles (and in most cases, the costs!) of old technology disposal by simplifying the shipping process.

Trade products in any of these categories:

- Desktops
- Notebooks
- PC servers
- Monitors
- Printers
- Plotters
- Copiers
- Digital cameras
- PDAs
- Projectors
- Networking
- Storage products
- Tablet PCs
- Workstations
- Servers

Additional features

Promotions. Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology. Please visit **www.hp.com/go/tradeinpromos**.

Custom quote process. Because the HP Trade-In Program allows you to trade any quantity, we have created a custom quote process to help manage the trade-in process for our large corporate customers whose needs include quantities in excess of 50 units and extended rollouts that may span multiple locations. Learn more at **www.hp.com/go/customtradein**.

Business partner friendly

HP business partners can also leverage the program to help their customers upgrade to new HP products. To learn more about this option, look for us in the programs section at: **www.hp.com/partners/us**.

HP Exchange/Sale Program: the Trade-In Program for public sector[1] – (FOR US ONLY)

Created specifically for federal, state, local or educational organizations that can't accept back-end rebates, this new program enables you to take advantage of market trade-in values while reducing the cost of new HP products. An alternative to the traditional Excess/Surplus methodology, the HP Exchange/Sale Program captures the highest fair market value available on trade-in and is entirely in compliance with the General Service Administration's (GSA) Federal Property Management regulations.

Learn more about the HP Trade-In Program on the web at: **www.hp.com/go/tradein** or call us at 1-888-593-3835.

Get more information about the HP Exchange/ Sale Program at: **www.hp.com/go/exchangesale** or call us at 1-877-766-3050 ext. 366.

[1] Program not applicable in Canada.

Donate – (FOR US ONLY)

A new option for donating used IT assets.

- Online tool gives instant tax deduction value quotes
- Donated products are placed with deserving recipients
- Certain products categories apply

This program is made possible through a partnership with the National Cristina Foundation.

Learn more at **www.hp.tradeups.com/hpdonations.asp**

What's in a name?

To help make it easier for customers to select the HP product that best suits their needs, HP is changing its naming and model numbering system for imaging and printing products.

Taking a descriptive and straightforward approach to naming, the HP naming architecture follows a basic hierarchy that begins with the master brand, followed by a sub-brand or family name, model number, modifier and descriptor.

The model number

HP imaging and printing products now include one or two lead alphas in the model number. Although some lead alphas are abbreviations of product categories, most lead alphas have simply been assigned to a particular product category and sub-brand. The assigned numerals represent functionality, while trailing alphas in the model number indicate product features not found in the base model.

Examples:

• HP Deskjet F3180 Color All-in-One

• HP LaserJet M4025 Multifunction

Master Brand	Sub-brand	Model Number	Modifier	Descriptor
HP	Deskjet	F3180	Color	All-in-One
HP	LaserJet	M4025		Multifunction

HP IPG—Trailing alphas

a	Warranty (for regional use)	**r**	Folder
b	Battery	**s**	Stacker
bm	Bookmaker	**sk**	Stapler and stacker
bt	Bluetooth	**t**	Extra tray
d	Duplex	**tn**	Tray and networking
dn	Duplex and network	**wbt**	Wireless and Bluetooth
dt	Duplex and extra tray	**wf**	Wi-fi
f	Fax	**y**	Wildcard (for regional use)
h	Hard disk	**x**	Duplex, extra tray and network (formerly dtn)
i	Imaging (card slots)	**xh**	Duplex, extra tray, network and hard disk
m	Mailbox	**xm**	Duplex, extra tray, network and mailbox
n	Network	**xs**	Duplex, extra tray, network and stacker
nw	Wireless network	**xsk**	Duplex, extra tray, network and stapler/stacker
ps	Postscript

How to buy

Visit us online

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk. **www.hp.com/go/smbstore**

Order by phone

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293 (US) OR 1-877-231-4351 (CA)

Contact chat team

Chat Live online with a Pre-Sale Printing Sales Specialist. Go to http://www.hp.com/sbso/assist/chat.html Monday–Friday 8am to 8pm EST

Contact your reseller (US only)

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support (US only)

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector

For HP public sector sales information, please call 1-800-727-2472.

To order additional copies or download this quarterly HP Selection Guide, visit **www.hp.com/go/SelectionGuide**

[1] Print speeds are approximate; exact speeds will vary depending on system configuration, software program and document complexity.

[2] Maximum dpi that can be scanned is limited by available computer memory, disk space and other systems factors.

[3] Actual prices may vary. Contact your authorized HP reseller for the most current pricing information.

[4] Speeds attained at 200 dpi black and white, color and grayscale using Smart Document Scan Software, letter size/A4 paper.
