HUNDRED AND TENTH ANNUAL REPORT (01.04.2014 TO 31.03.2015)

We have great pleasure in presenting before you the annual report of the Home highlighting our activities and accounts for the year 2014-2015. With new dreams, hopes, aspirations and desire to achieve new heights, we have completed our work in the year 2014-15 and solicit your continued support and guidance in future too.

Ramakrishna Math And Ramakrishna Mission

Sri Ramakrishna, whose noble name this institution bears, was born in 1836 at Kamarpukur village in West Bengal. He lived for just 50 years but during this short period he became the harbinger of world peace by peeping into the spiritual domain and discovering the truth "As many faiths - so many paths to reach God". Several brilliant young men were attracted to him and they became his ardent disciples. After this great master attained Mahasamadhi, his disciples, led by the illustrious son of India, Swami Vivekananda organised the Ramakrishna Math and Ramakrishna Mission with their Headquarters at Belur in Howrah Dist (West Bengal). Both the Math and Mission gradually extended their spheres of activities resulting in a number of branches coming into existence in different parts of the country and abroad.

Though both the Math and Mission take up charitable and philanthropic activities, the Math lays emphasis on religion and preaching, while the Mission is wedded mainly to social welfare activities like educational, medical, distress relief and rehabilitation activities, guided by the teachings of Sri Ramakrishna and Swami Vivekananda who taught the world that service to fellow beings is service to GOD.

Ramakrishna Mission Students' Home

Swami Ramakrishnananda, a direct disciple of Bhagawan Sri Ramakrishna was sent by Swami Vivekananda to Chennai to spread the message of Sri Ramakrishna in the South. After starting the Math in Chennai, he felt the necessity for an orphanage where free board and lodging could be provided for orphan and destitute students. With his blessings and at his behest Sri C.Ramaswami Iyengar, an ardent devotee of Swami Ramakrishnananda started the Home on the 17 February 1905 with 5 orphan boys in a small building in Mylapore, given free of rent by Dr. M.C.Nanjunda Rao. It was shifted afterwards from one rented building to another to accommodate more and more boys. In 1916, Sri S.G.Srinivasachariar made a generous gift of a valuable building site of 15 grounds in Mylapore to the Home. Later, the adjoining piece of 11 grounds was acquired. Thanks to the pioneering efforts of the indefatigable C.Ramasamy Iyengar a massive building was constructed on this land. Swami Brahmananda, the spiritual son of Sri Ramakrishna, laid the foundation stone for this building on 6 May 1917, Buddha Poornima, the birthday of Lord Buddha and he himself inaugurated the new building on Akshya Tritiya day on 10 May 1921. The Home was formally affiliated to the Ramakrishna Mission, Belur Math in 1918. After Ramaswamy Iyengar's death in 1932, his cousin Ramanujachariar took over as Secretary of the Home. During his stewardship the Home grew from strength to strength. The number of boys admitted in the Home increased to 295 as on 1955. The Home is the earliest educational institution of Ramakrishna Mission in South India and almost all educational institutions of the Mission in erstwhile Madras city have grown under its fostering care in their early years.

Initially the object was to provide free boarding and lodging for destitute and orphan boys allowing them to have their education in a nearby school. Later for a fuller realisation of the Gurukula ideal, a Residential High School was started in 1922. After sometime, vocational training was also started, which was later developed into a Residential Technical Institute imparting a diploma course in Automobile Engineering. As per Govt directive this course was later changed as 3 year diploma course in Mechanical Engineering from 1949 onwards. To commemorate the centenary of the Home in the year

2005 two new courses have been started, viz., Diploma in Automobile Engineering and Diploma in Computer Engineering so that the Home can serve more number of orphan and destitute boys. The Technical Institute has now become a full fledged Polytechnic College.

During the Second World War, in 1942 the Residential High School was shifted from Mylapore to Uthiramerur as per the evacuation plan of the Government. Later in 1946, it was shifted to Athur (near Chengalpattu). In June 1958 it was brought back to Chennai.

The Home in Mylapore also provides free boarding and lodging facilities to deserving boys studying in Vivekananda College.

A non-residential Centenary Primary School was started in the year 1936 to mark the birth centenary of Sri Ramakrishna. It serves mainly the poorer children of the locality and is also attached to the Home. The Home thus runs 3 educational institutions, which are the Residential High School, Residential Polytechnic College and non-residential Centenary Primary School.

As already mentioned earlier the free gift of 15 grounds of land in the main Sullivans garden road in the heart of Mylapore area in the year 1915 by Sri S.G.Srinivasachari, the then District Munsiff paved the way for raising our Home's main building in 1921. We salute this greathearted noble soul for his noble gesture.

Ms.R.Chudamani, a great Tamil writer of short stories of yester years had bequeathed, before her death a will to donate all her possessions to charitable institutions. As one of the beneficiaries, the Home received a large sum of Rs.3.6 crores through Smt.K.Bharathi, who was the chief executor of the estate will.

Sri Venu Srinivasan, Chairman, TVS Group of Companies was kind enough to donate a sum of Rs.1 crore towards our centenary building fund in the year 2004 and corpus fund for two new technical courses.

Annadanam Srinivasan Endowment for Rs.1 crore was created in April 2014 by his four sons and two daughters towards medical care, food and educational expenses for our Polytechnic College boys.

“Such acts of munificence” by great souls like Sri S.G.Srinivasachari, Ms.R.Chudamani, Sri Venu Srinivasan, sons of Sri Annadanam Srinivasan and other philanthropists give great philip and encouragement to the management of the Home to do more and more in the years to come.

So far about 8300 students have been benefited by the facilities provided by the Home. For carrying out its activities, the Home entirely depends upon public donations and it hopes to continue its silent work with the help and unfailing support of its friends, well wishers and old students.

The total number of students in the Home this year is 639. Section wise details are given below: -

Care of The Inmates Under Gurukula System of Education:

All the inmates are under the care of monastics wardens and ward masters. The teachers live in staff quarters adjoining the Home and freely interact with the activities of the Home thus setting a pattern for Gurukula system of education.

Special emphasis is laid on character building and harmonious development of the body, mind and heart. The boys get up early and do physical exercises between 5.00 and 5.30 a.m. The Home has a gymnasium. The senior and junior boys have separate prayer halls where they perform puja and prayer along with Vedic and Gita chanting every morning and evening.

Almost all the activities in the Home, like cleaning, washing, upkeep of the surroundings, serving of food in the dining halls, maintenance of the gardens, management of the stores, maintenance of electrical installations, computers and water pumps, library management etc., are carried out by the boys themselves under the overall supervision of the wardens and teachers. This helps them to develop a respect for manual work and realize the dignity of labour.

Special care is devoted to the health of the inmates. Boys are given milk with nutrients every morning and night. The Home has Medical wards to accommodate boys who fall sick. Three doctors regularly visit the Home and attend to the sick boys. Boys carry out many of the attendant duties in caring for the sick and in the process get training in health care.

The Charitable Dispensary attached to Sri Ramakrishna Math, Mylapore and Laksha Hospital, Mylapore are giving treatment to our boys in times of necessity. Serious cases are referred to local Government hospitals.

Teaching staff members supervise the study of their respective wards during prescribed hours and provide guidance and coaching where necessary. Special coaching has been provided for students every day between 3.30 and 4.30 p.m.

To encourage talent, various competitions are conducted and prizes for the winners and general proficiency are given on the Home Day.

The Home has two well-equipped Libraries with books on various subjects, suited to various age groups of the inmates. Libraries get a number of periodicals. Boys are encouraged to spend time in their respective libraries.

The Home receives the following newspapers and periodicals on a complimentary basis.

We receive the following newspapers free of cost:

The Hindu	-	2 copies
Tamil Hindu	-	2 copies
Dina Thanthi	-	1 copy
Indian Express	-	2 copies

We convey our deep sense of gratitude to all our friends and well-wishers and old students for their valuable patronage and we look forward to their continued support in the future too. The detailed list of all donors is furnished in this annual report separately. The Home also wishes to record its heartfelt thanks to all its monastic members who are attached to the Home for their whole hearted involvement in the day-to-day activities of this Institution.

CONCLUSION

The Home has completed 110 years of useful service to the Student community. From its inception it has been maintained with the voluntary contributions / donations received from the philanthropic minded public, well wishers, financial institutions and ex-students of the Home. Even today if the Home is in a position to continue its humanitarian work of helping orphan and destitute students, it is mainly because of the generous help and patronage extended to it unflinchingly by the public.

Our present performance is inspired by our past history and we shall strive to do better with the wholehearted support from our well wishers and ex-students.

3 GOLDEN RULES from Swami Vivekananda

Who is Helping You, Don't Forget them.

Who is Loving you, Don't Hate them .

Who is Believing you, Don't Cheat them.

Anything that makes you weak physically, intellectually and spiritually, reject as poison.

You have to grow from the inside out. None can teach you, none can make you spiritual. There is no other teacher but your own soul.

YEAR 2014-2015:

Brief History

In the early part of life of the Home it was realized that students having only academic qualifications found it difficult to get a job soon after their completion of studies. To help them secure some manual skills, manual training was introduced as part of the High School curriculum. This comprised of carpentry, weaving etc.

To help boys who could not even complete their matriculation, workshop practices such as smithy and foundry were introduced as early as 1925.

In 1930, as part of the silver jubilee celebrations a workshop was started with the opening ceremony done by then Governor of Madras, Sir Frederic Stanley.

In 1932, the then Secretary Sri Ramanujachariar secured the permission from the Government of Madras and with commendable foresight started a licentiate course in Automobile Engineering. Initially it was a five-year course and the Home students who secured this diploma were in great demand in the Department of Transportation not only in the then Madras Presidency but all over India.

Later in 1949 on the advice of the Government of Tamil Nadu this technical course was converted to a three-year diploma course in Mechanical Engineering (DME). Automobile Engineering was taught as an elective subject.

In 2005, as part of the centenary celebrations of the Home it was decided to introduce 2 more three year diploma courses, DAE

(Diploma in Automobile Engineering) and DCE (Diploma in Computer Engineering) besides the then existing DME, with the permission of the Government.

While according the sanction the Government permitted DAE & DCE courses as unaided. i.e; as self financing courses.

The sanctioned strength for each course is 40. Besides 20% more are allowed to be filled by lateral entry (2ND year) from applicants who pass plus 2 exams.

Because of the Multi technical courses, what was called 'The Technical Institute' has now been renamed 'Ramakrishna Mission Polytechnic College' in the year 2007.

“Only two kinds of people can attain self-knowledge: those who are not encumbered at all with learning, that is to say, whose minds are not over-crowded with thoughts borrowed from others; and those who, after studying all the scriptures and sciences, have come to realise that they know nothing.”

“One man may read the Bhagavata by the light of a lamp, and another may commit a forgery by that very light; but the lamp is unaffected. The sun sheds its light on the wicked as well as on the virtuous.”

“The Man who works for others, without any selfish motive, really does good to himself.”

As you smell the fragrance of a flower by handing it or the smell of sandalwood by rubbing it against a stone, so you obtain spiritual awakening by constantly thinking of God.

As wind removes a cloud, so does the name of God disperse the cloud of worldliness

One must be patient like the earth. What iniquities are being perpetuated on her! Yet she quietly endures them all.

Each has to get the result of the actions one has earned for this life. A pin at least must prick where a wound from a sword was due.

- Sri Sarada Devi

CLOTHING

All the 700 students in the Home are to be supplied every year with 1 set of utility uniform clothes, 1 set of hostel uniform clothes and 1 set of school/college uniform clothes.

This results in a huge expenditure to be incurred every year on recurring basis. As the annual expenditure to be incurred is very high prospective donors are requested to come forward to donate liberally towards clothing. Details of recurring expenditure on uniform clothes can be accessed from the Home.

**RAMAKRISHNA MISSION
STUDENTS' HOME
Mylapore, Chennai - 600 004**

OBJECTIVES

1. To provide a Home for deserving orphan and destitute boys giving them free board and lodging.
2. To educate them under the Gurukula system where the Educational system and branches of the Home are blended together and where the teachers and pupils live together and work in close and harmonious relationship.
3. To make them live a life of Brahmacharya, train their character and inspire them with high ideals of Self Sacrifice and Service; and
4. To do everything conducive to the achievement of the above objects.
