

CONFERENCE ON CONSUMPTION

On Tuesday at 12 o'clock a conference on consumption was held in the Council Chamber of the Town Hall...

THE AGENDA

Appointment of Chairman; appointment of Secretary, and reading of correspondence.

POINTS TO BE DISCUSSED

The urgent necessity of taking immediate steps to check the ravages of consumption in the counties of Waterford, Kilkenny, Tipperary...

Table showing statistics of consumption in Waterford, Kilkenny, and Tipperary. Columns include County, Total Deaths, and Deaths from Tuberculosis.

These figures are probably short of the actual death-rate from the disease as some of the cases are likely to get under other headings, in ways that need not be discussed at the present moment...

Administrative action, to be successful, must be on somewhat the following lines:— 1.—The establishment of centres of information in the town and country...

In estimating the total expense of a sanatorium, I think that it would be better to do so on a basis of the average number of free patients, letting the possible receipts from the paying patients...

Dr. Brown, Local Government Board, read a lengthy paper on the subject of the ravages of this fell disease, and the measures to be considered together with others of his colleagues...

It is stated that the President of the Department of Agriculture and Technical Instruction is to visit Waterford on the occasion of the distribution of prizes in November...

Dr. Flynn, Local Government Board, referred to the precautions taken in Belgium, France and other countries...

the reported and dealt with. The cost of a sanatorium and its upkeep would not be excessive. For example, the Newcastle (Co. Wick) Sanatorium had dealt with 470 patients in 1905, and an average of 1,000 under 12 a week, or to be accurate, about 2s. 6d. per bed per day.

The Clerk said that the Local Government Board had forwarded to be laid before the Council a copy of the report...

As Medical Officer of Health of the Tramore Sanatorium, I beg to report to you that the report of the water recently constructed in the land adjoining the Railway Station, Tramore, is a dangerous nuisance...

Mr. Griffin proposed—That a sanatorium should be established, the annual cost of which should be estimated at £100,000 for the four counties concerned...

[SPECIAL TO "THE WATERFORD NEWS"]

While the returns show people are dying of starvation in England it is a shame to see...

South Wales—where the bands come from—is likely to be the centre of particular interest for fowl breeders in the near future.

A great impetus has just been given to the duelling business by an affair of honour which has just taken place in Naples.

A Bakery Exhibition is being held in London this week, and the index note in the Daily Express says—"Some of its marvels are doubtless...

There is a serious question arising from the minds of Manchester people at the present time. It is, "Is a brewer a fit person to be a Mayor?"

Justices of the Peace have some knotty points to decide at times, and their deliberations are sometimes puzzling even to themselves.

This is not a column usually devoted to social details, but it has been decided to insert in Dublin daily that a quiet but pretty wedding...

The vegetarian people have been boasting recently of the sustaining power to be derived from a fruit and vegetable diet...

An Unique Competition. WHO ARE OUR FORTY BEST MEN?

The Corporation of the City of Waterford consists of Forty Members—10 Aldermen and 30 Councillors.

We propose to offer a prize of Ten Pounds for the best List of Members of the Corporation which shall reach the Editor of THE WATERFORD NEWS on a date to be announced later.

In each number of The News for the next few weeks there will be inset a Competition Form.

We are not suggesting that our present elected representatives are not the most fit and proper persons, but the mode of electing Aldermen and Councillors in small batches does not bring before the citizens the Corporation as a whole.

Our proposed "Election" will be quite as secret as a public ballot, and the name of the winner of the Prize will be published only if he consents to its being made public.

No doubt there are many readers of The News to whom a Money Prize would offer no attraction, and to such we would point out that there are plenty Charities in the City, and that if the winner should not desire to accept the £10, he can name the Charity to which he would desire to have the Prize Money sent.

We consider it would be of immense advantage to the City if a plebiscite was taken and the opinions of the citizens obtained as to who would be likely to represent their interests most worthily in the Council.

We shall select an independent and competent judge to decide which is the Best List submitted, and he will be guided by the Voting on the Competition Forms.

We shall feel ourselves at liberty to publish in The News any List which we may consider to be of public interest, without awarding a Prize to the sender of such List.

The Form should be enclosed in an Envelope addressed to The Editor of THE WATERFORD NEWS, and marked "Competition."

MONEY ARTICLE. DUNGARVAN.

Next Account Day, 17th September. Bank Rate 4 1/2 per cent. since 15th August, 1907.

THE STAR THEATRE OF VARIETIES are paying 18 months' interest on their Preference Shares, which stand at about 100%.

RECORD TRANSVAAL OUTPUT. The "Financial News" in their issue of Wednesday this week, comment in their wonted clear and exhaustive manner on the market and the output, and their list of monthly returns in the same issue gives a most useful survey of the principal gold producing companies on the Rand, and other parts of the Transvaal.

ISSUE OF £100,000 BELFAST CORPORATION 3 PER CENT STOCK AT 98. Since Tuesday, 25th September, the Belfast Corporation has been open to receive applications for the above Stock, 5 per cent, being payable on application.
