

UE700 USB Flash Drive

The Elite UE700 combines professional taste with top-notch USB 3.0 performance. With USB flash drives being called on to store and deliver personal media content of higher quality and file size than ever before, the UE700 satisfies the most rigorous requirements. Its slim profile emphasizes the state-of-the-art technology it embodies.

Higher-Performance, Better Value

Making extensive use of the enhanced bandwidth available to the USB 3.0 interface, the UE700 delivers transfer speeds up to an unbelievable 220 MB/sec read and 120 MB/sec write, outperforming the vast majority of USB flash drives available on the market today.

Speed and Style Embodied

Design-wise, the UE700 delivers the slender good looks and symmetry that consumers have come to expect from ADATA. The brushed aluminum surface highlights the sleek concentric lines that emanate from the beautiful blue LED indicator. The retractable USB connector brings added speed and convenience of use, and the connector stays protected inside the drive body when not in use. An integral loop allows for easy attachment to a lanyard (provided) or keychain.
