# Help improve the efficiency of your business

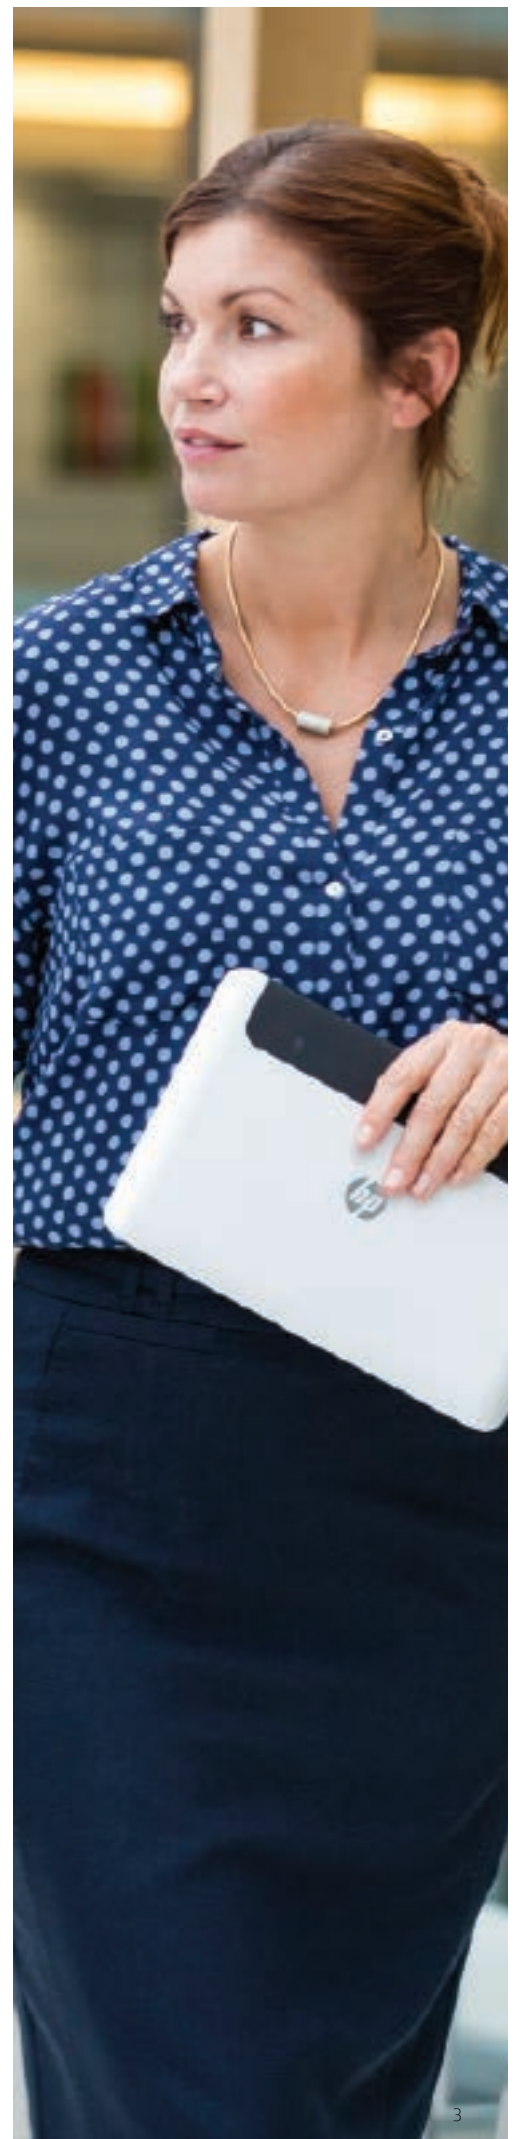

At HP, we understand that every minute counts in business, and regardless of how large or small your business is, technology is an essential part of the success of your business. That's why we offer a comprehensive portfolio of HP Care Pack Services designed to keep your PC and printing devices running smoothly. These optional extended-service contracts offer protection beyond HP products' standard warranties.

HP Care Pack Services can help you operate more effectively and get you up and running sooner if your technology fails. They provide proactive support to help prevent system downtime. And when failures do occur, we provide the level of response required to get your PCs and printers back online, to get you back to business fast.

## Help save money and get peace of mind

### HP Care Pack Services are designed to help you:

- **Control expenses**—Avoid unexpected costs and help save money over the life of your product. The cost of just one service event is often more than the cost of a 3-year HP Care Pack.
- **Reduce downtime**—Get your PCs and printers back up and running fast with global next-day or same-day onsite support with quick repair times for business-critical systems.
- **Manage your products**—By using an HP Care Pack to properly maintain your PCs and printers, you'll keep them longer and be able to plan the timing of replacement products.
- **Reduce business disruption**—Stay productive by protecting laptops from accidents, reducing theft risks, keeping your printers running and utilizing data security and recovery services.
- **Enjoy flexible support**—Remote offices and home-based workers can manage their own support—no IT department needed.
- **Protect the environment**—Extending the life of your PCs and printers with proper maintenance can help reduce your company's impact on the environment.

# Choose the HP PC Care Pack Service that's right for your PCs

## Pick Up and Return

Extend your protection up to five years. Enjoy peace of mind with longer HP product protection, and avoid unnecessary costs if your product malfunctions after your standard warranty ends. Service level availability depends on the country.

### **You should buy this to**

- Better manage your product lifecycle according to your business requirements
- Gain access to trained and qualified agents to support your HP product
- Fully predict and control your budget to support your PCs through their lifecycle

## Next Business Day

If an issue cannot be resolved remotely through the initial troubleshooting process,<sup>2</sup> an authorised HP Services representative will arrive at your site the next business day for repair, within the following coverage window:

8:00 a.m. – 5:00 p.m., Monday through Friday, excluding holidays

### **You should buy this to**

- Reduce downtime for units experiencing technical problems
- Increase PC availability and improve business productivity

## Travel Coverage<sup>1</sup>

Travel worry-free with your notebook, with access to local or English language telephone and onsite support. For issues that cannot be resolved through local remote support, an authorised HP representative can arrive at your visiting country site the next business day<sup>1</sup> to resolve the issue.

For more information about country coverage, visit: [hp.com/services/travel](http://hp.com/services/travel)

### **You should buy this to**

- Get quick repair of notebooks while on business travel
- Avoid the hassle of locating and traveling to the visiting country repair center
- Enjoy English or local language call support in the visiting country

## Tracking and Recovery Services<sup>1</sup>

This Absolute Computrace<sup>®</sup> Service provides a multi-layered security solution that helps organizations with compliance, data protection, computer theft recovery, and asset tracking.

### **You should buy this to**

- Assist in meeting regulatory compliance requirements
- Reduce loss and theft, and limit asset drift
- Help keep sensitive data secure with features like creating encrypted volumes to protect data
- Help streamline inventory and increase auditing accuracy

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). <sup>2</sup>Initial Troubleshooting Process: Once you log a case, HP support technicians will work to get your printer up and running as quickly as possible. HP qualified support agents will work with you to remotely troubleshoot the problem. The following actions will be taken based on their findings: If the issue can be fixed remotely, the support technicians will provide step-by-step instructions on how to resolve the problem. If a customer-installable replacement part is required (e.g., a new paper tray), HP will expedite a shipment of the necessary part(s) to you. You will be required to ship the defective part(s) back to HP in the provided packaging materials. If the problem cannot be resolved by one of the troubleshooting and resolution methods above, the HP Care Pack service level will determine the next steps. Next steps are based on the HP Care Pack that has been purchased.

## HP services & solutions

### Accidental Damage Protection<sup>1</sup>

Avoid out-of-pocket repair or replacement costs caused by accidents such as drops, spills, and electrical surges that may occur during normal usage. This also covers damaged liquid crystal displays (LCDs), and broken parts. Note: you must buy in combination with other HP Care Pack services.

#### **You should buy this to**

- Easily repair or replace, without cost, an HP product damaged due to accident
- Get accidental damage coverage for high-risk HP products, such as those used by frequent travelers or field sales
- Get back to business fast in the event of an accident
- Enjoy a single upfront payment that works through the HP Care Pack infrastructure

**Buy in combination of other HP Care Pack Services.**

### HP Post Warranty Services<sup>1</sup>

Extend an 'expiring' product warranty or an 'expiring' registered HP Care Pack service by one more year. You can enjoy prolonged coverage even after your initial warranty expires without worrying about lack of support in the event that your product malfunctions.

#### **You should buy this to**

- Avoid costly repairs in the event of equipment failure even after the warranty expires
- Enhance the quality of service that is currently available on the product<sup>1</sup>
- Continue to receive HP expert support and get peace of mind

### Defective Media Retention<sup>1</sup>

Keep your malfunctioning drive on which sensitive data is stored, instead of returning it to HP. In the event of a disk problem, an HP engineer diagnoses your disk and provides a replacement if required. Note: you must buy in combination with other HP Care Pack services.

#### **You should buy this to**

- Keep the defective disk drive to help provide complete control of sensitive data
- Replace a faulty disk free of charge
- Keep the printer hard disk to provide control of critical information

**Buy in combination of other PC Services.**

### Same Day Onsite<sup>1</sup>

If the initial troubleshooting process does not resolve a device error,<sup>2</sup> an authorised HP Services representative will arrive at your site the same day for repair, within the coverage window.

#### **Coverage windows are**

- 9h x 5d – 8:00 a.m. – 5:00 p.m., Monday through Friday, excluding holidays
- 13h x 5d – 8:00 a.m. – 9:00 p.m., Monday through Friday, excluding holidays
- 13h x 7d – 8:00 a.m. – 9:00 p.m., Monday to Sunday (available for RPOS only)<sup>3</sup>
- 24h x 7d – 24 hours per day, seven days per week, including HP holidays

#### **You should buy this to**

- Get faster issue resolution in the event of a critical hardware failure
- Increase PC availability and improve business productivity

#### **Service option to enhance coverage**

- Defective Media Retention

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). <sup>2</sup>Initial Troubleshooting Process: Once you log a case, HP support technicians will work to get your printer up and running as quickly as possible. HP qualified support agents will work with you to remotely troubleshoot the problem. The following actions will be taken based on their findings: If the issue can be fixed remotely, the support technicians will provide step-by-step instructions on how to resolve the problem. If a customer-installable replacement part is required (e.g., a new paper tray), HP will expedite a shipment of the necessary part(s) to you. You will be required to ship the defective part(s) back to HP in the provided packaging materials. If the problem cannot be resolved by one of the troubleshooting and resolution methods above, the HP Care Pack service level will determine the next steps. Next steps are based on the HP Care Pack that has been purchased.

## HP services & solutions

## HP Premium Care<sup>1</sup>

Receive an onsite response for hardware repair, with extended remote support coverage (13h x 6d).

- 9h x 5d – 8:00 a.m. – 5 p.m., Monday through Friday, excluding holidays
- 13h x 6d – 8:00 a.m. – 9 p.m., Monday through Saturday, excluding holidays

### **You should buy this to**

- Increase PC availability and improve business productivity
- Enhance the time window of the service that is currently available on the product<sup>1</sup>
- Get peace of mind with a priority call from highly skilled agents offering collaborative third-party software support

### **Service option to enhance coverage**

- Accidental Damage Protection (available on notebook products)
- Defective Media Retention (available on desktop products)

## HP Security Tagging Services

This service allows you to protect your device against theft with a special security tag (glued in the factory; 400 kg/cm<sup>2</sup> force required to remove it). If removal is attempted, it leaves an indelible red imprint, indicating that the product is stolen and an address to contact StopTrack. Retrieved tagged assets are returned to the owner.

### **You should buy this to**

- Protect your devices against theft
- Have hassle-free and fast service setup as security tags are deployed at the factory before shipment

## HP Asset Tagging Services

This service allows you to better manage your IT inventory with tags deployed at the factory. You will be able to have asset tags for your hardware and/or on the packaging with serial number, UUID and Mac-address printed on them.

### **You should buy this to**

- Easier manage your inventory when the box arrives to your facilities (packaging tag) and ongoing basis (hardware tag)
- Have hassle-free and fast service setup as asset tags are deployed at the factory before shipment

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc).

# Choose the HP PC Care Pack Service that's right for your printers

## Next Business Day Onsite Repair<sup>1</sup>

If an issue cannot be resolved remotely through the initial troubleshooting process,<sup>2</sup> an HP employed service technician<sup>4</sup> will arrive at your site<sup>1</sup> the next business day after the support agent escalates the case for dispatch, within the coverage window.

### Coverage windows are

- 9h x 5d – 8:00 a.m. – 5:00 p.m., Monday through Friday, excluding holidays
- 13h x 5d – 8:00 a.m. - 9:00 p.m., Monday through Friday, excluding holidays

### You should buy this to

- Reduce downtime for printers and imaging devices experiencing technical problems
- Increase availability and improve business productivity

## Same Day Onsite<sup>1</sup>

If the initial troubleshooting process does not resolve a device error,<sup>2</sup> an HP employed service technician<sup>4</sup> will arrive at your site<sup>1</sup> to begin service within four hours after the support agent escalates the case for dispatch.

- Service includes all parts, materials and labour, along with technical phone support, troubleshooting and diagnostics.<sup>5</sup>

### You should buy this to

- Reduce downtime for printers and imaging devices experiencing technical problems
- Avoid issues if you're a telecommuter or don't have an in-house IT staff
- Get a fix within a very short time to provide business continuity for mission critical functions

## Next Business Day Onsite Exchange<sup>1</sup>

If an issue cannot be resolved remotely through the initial troubleshooting process,<sup>2</sup> the support technician will arrange for shipment of a replacement device and a visit from an HP employed service technician<sup>4</sup> to exchange the device at your site the next business day.

- You will be required to pack the defective unit in the provided packaging and ship back to HP
- All shipping charges are included in the price of the HP Care Pack

### Coverage windows are

- 9h x 5d – 8:00 a.m. – 5:00 p.m., Monday through Friday, excluding holidays

### You should buy this to

- Avoid issues if you're a telecommuter or don't have an in-house IT staff
- Get a fix within a very short time to provide business continuity for mission critical functions

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). <sup>2</sup>Initial Troubleshooting Process: Once you log a case, HP support technicians will work to get your printer up and running as quickly as possible. HP qualified support agents will work with you to remotely troubleshoot the problem. The following actions will be taken based on their findings: If the issue can be fixed remotely, the support technicians will provide step-by-step instructions on how to resolve the problem. If a customer-installable replacement part is required (e.g., a new paper tray), HP will expedite a shipment of the necessary part(s) to you. You will be required to ship the defective part(s) back to HP in the provided packaging materials. If the problem cannot be resolved by one of the troubleshooting and resolution methods above, the HP Care Pack service level will determine the next steps. Next steps are based on the HP Care Pack that has been purchased. <sup>4</sup>Onsite service level may not be available in all geographies. In some instances, onsite services may be performed by an HP Authorised Service Technician. <sup>5</sup>HP onsite service does not include consumable items, such as print cartridges, batteries, maintenance kits, and other supplies; user maintenance; and non-HP devices.

## HP services & solutions

### Next Business Day Exchange<sup>1</sup>

If an issue cannot be resolved remotely through the initial troubleshooting process,<sup>2</sup> the support technician will arrange for shipment of a replacement device to arrive by 10:30 a.m. at your site the next business day.

- You will be required to pack the defective unit in the provided packaging and ship back to HP
- All shipping charges are included in the price of the HP Care Pack
- Collateral, in the form of a credit card number or PO, will be required to ship the exchange unit. This information will be kept on file in the event the defective unit is not returned to HP

#### **You should buy this to**

- Reduce downtime for units experiencing technical problems
- Fully predict and control your budget to support your printers and imaging products through their lifecycle

### Standard Exchange<sup>1</sup>

If an issue cannot be resolved remotely through the initial troubleshooting process,<sup>2</sup> the support technician will arrange for shipment of a replacement device to arrive at your site within 4 to 7 business days.

- You will be required to pack the defective unit in the provided packaging and ship back to HP
- All shipping charges are included in the price of the HP Care Pack
- Collateral, in the form of a credit card number or PO, will be required to ship the exchange unit. This information will be kept on file in the event the defective unit is not returned to HP

#### **You should buy this to**

- Reduce downtime for units experiencing technical problems
- Get lower-cost service for products in noncritical business or home environments
- Fully predict and control your budget to support your printers and imaging products through their lifecycle

### Offsite Return Service<sup>1</sup>

Get reliable offsite repair or replacement, including materials, parts, labour and return shipping costs, depending on service level.

- You will get remote telephone support and offsite repair for eligible products at an HP designated repair center
- Return shipping charges are included in the price of the HP Care Pack
- Different shipment options are available, and some service levels offer accidental damage protection, defective media retention and other optional features

#### **You should buy this to**

- Get lower-cost service for products in noncritical business or home environments
- Fully predict and control your budget to support your printers and imaging products through their lifecycle

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). <sup>2</sup>Initial Troubleshooting Process: Once you log a case, HP support technicians will work to get your printer up and running as quickly as possible. HP qualified support agents will work with you to remotely troubleshoot the problem. The following actions will be taken based on their findings: If the issue can be fixed remotely, the support technicians will provide step-by-step instructions on how to resolve the problem. If a customer-installable replacement part is required (e.g., a new paper tray), HP will expedite a shipment of the necessary part(s) to you. You will be required to ship the defective part(s) back to HP in the provided packaging materials. If the problem cannot be resolved by one of the troubleshooting and resolution methods above, the HP Care Pack service level will determine the next steps. Next steps are based on the HP Care Pack that has been purchased. <sup>3</sup>Onsite service level may not be available in all geographies. In some instances, onsite services may be performed by an HP Authorised Service Technician. <sup>4</sup>HP onsite service does not include consumable items, such as print cartridges, batteries, maintenance kits, and other supplies; user maintenance; and non-HP devices.

## HP services & solutions

### Post Warranty Services<sup>1</sup>

Protect your investment by extending your warranty for one or two years. Get the same benefits and avoid unnecessary costs if your product malfunctions after your standard warranty ends. Post warranty services are available for Next Business Day and Same Business Day Onsite Repair, Next Business Day Exchange and Offsite Return.

#### **You should buy this to**

- Better manage your product lifecycle according to your business requirements
- Fully predict and control your budget to support your printers and imaging products through their lifecycle

Continue to receive HP expert support and get peace of mind

### Installation Service with Network Setup<sup>1</sup>

Get the most from your HP technology right from the start when an HP employed service technician installs your new HP Printing or Imaging device. The engineer will set up the device and any accessories and make sure it's working within your network environment.

#### **You should buy this to**

- Avoid the hassle of having to set up your printer or imaging product

### Defective Media Retention Service<sup>1</sup>

Keep your malfunctioning printer hard drive on which sensitive data is stored, instead of returning it to HP. An HP authorised technician will arrive on site the next business day if your printer hardware fails. Buy in combination with an HP Next Business Day Onsite Service Care Pack.

#### **You should buy this to**

- Keep the printer hard disk to provide control of critical information
- Replace a faulty disk free of charge

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc).

# Configuration and Deployment Services

IT configuration and deployment can be a costly, time-consuming job. HP helps you cut costs, preserve your precious time, and stay focused on your core competencies with expert configuration and deployment services that bring you ready-to-use, hardware products in globally solutions.

**“HP Configuration and Deployment Services provide us with affordable customised hardware, which leaves us free to focus on software development, marketing and customer service.”**

– Larry Buckley, President, Quadrox U.S.

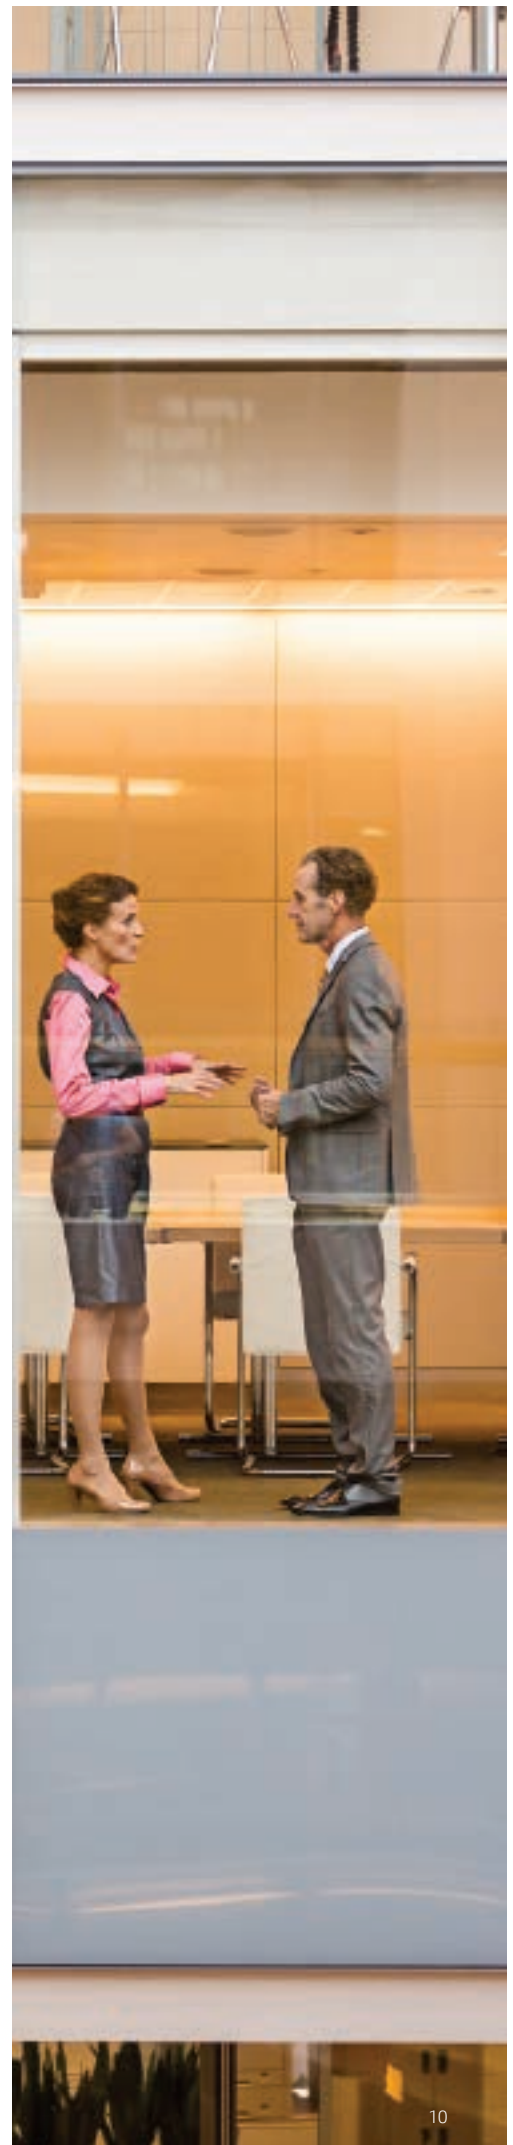

## Let HP do the heavy lifting

### Benefits

- Ready-to-use integrated hardware and software products set up for your IT standards
- Consistent HP factory quality, testing and full compatibility with PPS (Printing and Personal Systems) platforms
- Industrial 1 touch HP supply chain process, reducing overall PC delivery time
- Custom specific & globally consistent services available across 151 countries
- Leverage HP expertise, capacity, accountability & support
- Minimise your total cost of ownership by providing high return as a run rate investment
- Value-added logistics and installation services to ease PC deployment

**“We would recommend HP Configuration and Deployment Services to others because of the attention to detail, the installation, and the processing of the order from start to finish. There is really no reason not to use it.”**

– Doug Isaac, DreamWorks Animation SKG, Inc.

## HP services & solutions

### HP Image & Application Services

HP lets you concentrate on core activity, out-tasking low-value configuration, setup and installation.

#### **Benefits**

- Reduces cost of customer in-house labour to prepare systems for deployment
- Ensures quality at the factory to achieve consistency & stability in the deployment
- Improve end-user productivity with a customised backup image
- Help end users get back to work quickly after a computer problem with a customised backup image.

### HP Custom System Settings Services

Let HP do the hard work in the factory with custom configuration and standardization to your IT requirements

#### **Benefits**

- Reduces cost of your in-house labour to prepare systems for deployment
- Ensure consistent configurations
- Reduce labour costs
- Eliminate multiple 'touches' on new PCs
- Increase security

### HP Labeling & Tagging Services

Improve security and asset management with physical and electronic tagging

#### **Benefits**

- Reduce deployment costs and time through one-touch system customization in HP factories worldwide
- Tighter control over your assets and reducing the risk of loss or theft.
- Achieve consistency and stability in your deployment

### HP Integration & Packaging Services

HP can customise your new PCs with additional hardware to ensure you the hardware configuration you want, integrated and shipped together.

#### **Benefits**

- Ready-to-run from the factory eliminating intermediate software installation & shipping costs
- Consolidate and synchronise deliveries to meet your timetable and business needs
- Reduced technical support cost

### HP Deployment Services

HP makes large-scale deployments less risky, less time-consuming and easier to manage by doing the logistics installation and decommissioning of old devices for you.

#### **Benefits**

- Reduce labour costs
- Cope with large-scale deployments
- Deliver on time and on budget
- Remove, reuse and recycle old kit
- Minimise end-user disruption

### HP GetMore Services

HP has depth and breadth of factory and field expertise that can be leveraged to create a configuration and deployment service that provide unique requirements not addressed through our existing service portfolio

#### **Benefits**

- Single point of contact
- Improve the out of the box experience
- Satisfy compliancy requirements

# Managed Print Services that keep you ahead

HP Managed Print Services (MPS) is an integrated solution that helps your organization harness the power of information within your printing environment by integrating digital and paper workflows, increasing data access and management through enhanced security, and expediting information flow through mobility. Our clearly defined, scalable strategy for MPS drives productivity and profitability no matter your size or industry. In fact, studies have shown that managing your fleet holistically can save you upwards of 30% on your printing costs. And the savings increase exponentially when the scope of work includes automating your paper-intensive workflows. This is what HP Managed Print Services (MPS) is all about, and why HP has been recognized as a leader in the field by the industry's most respected analysts. So, whether you're interested in reducing environmental waste, increasing productivity while lowering overall costs, or freeing up capital to drive innovation, there's proven value in outsourcing the management of all or part of your print environment to an established partner: HP.

HP MPS is a suite of scalable and flexible solutions for office, production, and commercial environments. Whether you're printing from your global headquarters, remote office, or a mobile phone, we have solutions for all the ways you need to print and manage information, and can tailor them to specific industries.

The range of services—customer managed to HP managed—lets you scale up or down depending on your changing business needs. Offerings include everything from imaging and printing devices, supplies, and print-management software, to support, professional services, and workflow solutions.

## Why HP MPS?

**Global reach and local support** - With information technology (IT) professionals in 170 countries and HP Managed Print Specialists providing local support, HP has the resources to address your organization's needs around the world.

**Expertise and leadership** - HP has a long history of innovation within enterprise environments, as well as a reputation for delivering unique industry solutions. We've been recognised for our leadership in managed print services by independent analysts such as Gartner,<sup>1</sup> IDC,<sup>2</sup> Forrester,<sup>3</sup> and Quocirca.<sup>4</sup>

**Automation and intelligence** - Innovative HP software and solutions enable you to respond to the unique and dynamic needs of your workforce, industry, and broader marketplace, including markets focused on mobility, security, and big data. HP's legendary quality and reliability also maximises uptime by keeping your print environment running smoothly, helping improve employee productivity and reduce costs.

**Full transition support for employees** - Qualified HP experts can help everyone in your organization embrace the change that comes with MPS. We're with you every step of the way, offering guidance and comprehensive "management of change" tools and templates to help your employees adopt new attitudes, skills, and behaviours to realise the full benefits of MPS.

# HP Priority Services for Commercial Customers

## HP Priority Services overview

HP Priority Services, which are designed to improve the performance of enterprise IT and work with IT staff around the world, provide customers with premium global support and help them get back to business fast. HP Priority Services are IT support services that include an HP global support manager, who proactively plans and manages your IT support needs and provides tech-to-tech support to help you improve productivity and the effectiveness of your help desk resources. By providing services designed to address the technology challenges you face today, HP focuses on your needs.

HP Priority Services are available for HP commercial PC customers with IT help desks. Priority Services are available in two tiers: (1) HP Priority Access Service<sup>1</sup> and (2) HP Priority Management Service.<sup>1</sup> The Priority Access Service offers premium access to advanced global support agents and provides tools to expedite your support needs and improve help desk productivity. The Priority Management Service offers all the features of the Priority Access Service as well as an HP global support manager located in your region, who monitors and manages your support needs.

## Service features highlights

### HP Priority Access Service

- Provides direct access to highly skilled remote support agents for your IT help desk agents
- Reduces help desk phone time by leveraging internal diagnoses to efficiently process repairs and resolve issues
- Delivers a globally consistent experience available in more than 60 countries and 15 languages
- Provides access to special online case management tools

### HP Priority Management Service

- Includes all features of the Priority Access Service
- Provides an HP global support manager located in your geographic region—a dedicated HP support expert acting as a single point of contact to manage and proactively plan your global support needs
- Provides parts prioritization to reduce downtime and get you back to business faster
- Delivers performance monitoring, executive-level reporting, and proactive support planning to provide a premium support experience

HP Priority Access Service	•	•	•	•					
HP Priority Management Service	•	•	•	•	•	•	•	•	•

<sup>1</sup>HP requires that customers cover 100 percent of their in-warranty installed base of HP PC units when purchasing HP Priority Services. HP Priority Management (which includes HP Priority Access) is a separately purchased service offering with a 1,000-seat minimum, up to three-year service duration. When purchased independently, HP Priority Access requires a 250-seat minimum and up to three-year service duration. Seat minimum installed bases require a valid HP warranty or HP extended hardware service contract on HP products and HP-supported products that are sold by HP or an HP authorized reseller and limited to HP PC products: Desktops, Notebooks, Workstations, Retail Point of Sale, Thin Clients, Tablets.

# Business Computing

The right HP device can help improve productivity and reduce costs for your business. Choose from a variety of HP products to meet your team's unique needs.

# HP business tablets

HP recommends Windows.

These tablets mean business.

Product image may differ from actual product.

## HP business tablets

### HP Pro Slate 8 and 12

Work seamlessly in and out of the office with HP Pro Slate 8 or 12, a full HD commercial-grade Android™ tablet with hardware-enabled security, a Qualcomm Snapdragon 800 series processor,<sup>1</sup> and an included HP Duet Pen.<sup>2</sup>

### HP ProTablet 408

Stay connected away from your PC with this thin and light 20,3 cm (8") diagonal business tablet at an entry level price. Keep business moving with quick, reliable access to applications and a portfolio of optional mobile accessories to help keep you productive.

### HP ElitePad 1000 G2

## Hardened data protection

### Trusted Boot

Guarantees a secure Android operating system is loaded. Hackers and viruses cannot make adjustments to the OS, ensuring security for your organization.

### Security Enhanced Android

A more secure version of Android and associated policies

### Hardware Encryption and Key Store

- Faster and more secure encryption
- Encrypted keys stored in secure hardware chip

## Designed to dominate

### 4:3 Aspect Ratio

- Higher screen in landscape mode: see more and be more productive
- Gorilla® Glass® 4: ultra-strong and easy to clean

### Powered for performance

- The performance you need for office applications and graphical apps, with quad core processor
- Android 5.0, later: Android for Work

### Create content on the go

#### Highly precise HP Duet Pen

- On screen. On paper. Write anywhere.
- Keep a virtual copy of your writing: write on paper and your notes get transcribed to your tablet

#### Give interactive presentations, wirelessly

Cast your screen to a projector or display, with the optional HP Wireless Display Adapter, and use the pen to make notes on the slide while presenting.

Product image may differ from actual product. See more accessories on page 109. For more information on Care Pack Services, see page 3.

## HP business tablets services

### HP Care Pack Services

#### Warranty upgrades

#### **Focus on your business—we've got you covered.**

HP Care Pack Services make buying and renewing support easy and flexible. When you purchase an HP product, from HP or from a reseller, it's easy to find the right support alternative. Just pick the one that matches your needs: buy exactly the level of support you need—no more, no less.

Please check HP Care Pack availability for your country at: [hp.com/go/cpc](http://hp.com/go/cpc)

Find HP Care Pack services for your HP business tablets on pages 29 and 30.

# HP business notebooks

HP recommends Windows.

HP PCs are the #1 in the marketplace for some very strong reasons. We create PCs that take care of all your needs.<sup>1</sup>

HP Elite x2 1011 G1

Product image may differ from actual product. <sup>1</sup>More than 1 billion customers in more than 170 countries on six continents use HP everyday. (HP Today Presentation).

## HP business notebooks

We innovate to meet your needs.

### Professional award-winning design<sup>1</sup>

Globally-influenced design team and customer feedback-inspired products.

### Connectivity: HP Connection Manager

Get full control over all your connections through a single application.

### Top features of HP B2B Detachables:

- High quality and reliability:
  - Passed Military Testing (including drop test)
  - HP Business Support and Care Packs
- All requirements of a business PC: docking station, Smart Card Reader, finger print, optional vPro, configurable in TopConfig, 18-month lifecycle, TPM, Wacom pen
- Notebook power in a tablet:
  - Windows 8.1 Pro 64<sup>2</sup>
  - Intel® Core™ Processor, 8 GB, 256 GB SSD, 4G WWAN
  - Up to Full-HD display
  - More flexibility with optional HP Travel Keyboard

#### HP Pro x2 612

Enjoy the sleek design of the 2-in-1 HP Pro x2 612 G1 that converts to a tablet for full speed on the go. Available with optional Intel® processors<sup>3</sup> for optimal performance. Detach the optional HP Pro x2 612 G1 Power Keyboard<sup>4</sup> to work on a business ready tablet packed with security features to help protect your device and your business.

#### HP Elite x2 1011

Tablet or Ultrabook™<sup>5</sup> How about both? The one device you need for wherever business takes you. This highly mobile device with unmatched durability comes fully equipped with HP's leading security and manageability.

#### HP Tablet Cleaning Kit

#### HP External USB Optical Drive

#### HP 12" Tablet Sleeve

#### HP Pro x2 612 Travel keyboard

#### HP Elite x2 1011 Travel Keyboard

Product image may differ from actual product. See more accessories on page 62. <sup>1</sup>For more information on HP awards, visit <http://www.hp.com/hpinfo/newsroom/awards/>. <sup>2</sup>Not all features are available in all editions of Windows 8 and Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8 and Windows 8.1 functionality. See <http://www.microsoft.com>. <sup>3</sup>Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance. <sup>4</sup>Sold separately or as an optional feature. <sup>5</sup>Not all configurations will qualify as an Ultrabook™

## HP business notebooks

HP recommends Windows.

### HP ProBook 430/450/470

Meet the demands of your work. Work smarter—and look good doing it—with an HP ProBook built to perform wherever business takes you. Count on a durable design inside and out, with integrated security and a spill-resistant keyboard. Plus, there's less bulk to bring with you, thanks to thin, stylish construction.

### HP ProBook 640/645/650/655

Take on tasks in the office or on the road with a durable HP ProBook 600 series. This ProBook series is thin, light and packed with productivity features to make work faster and easier. Plus, reliable security solutions keep your data out of the wrong hands.

### HP EliteBook 725/745/755

The thin and light design with optional FHD touch display<sup>1</sup> makes the HP EliteBook 700 series ideal for professionals in and out of the office. Work proficiently and confidently with HP technology and AMD A-Series Pro APUs.<sup>2</sup>

### HP EliteBook 820/840/850

Now employees can hit the road with a travel pro. The HP EliteBook 820, 840 and 850 industry leading thin and light notebooks are ultra-mobile in and out of the office. Work with confidence thanks to proven enterprise technologies and enterprise security, performance and management features that will meet all your business needs.

### HP EliteBook Revolve 810

Business is constantly changing. Adjust accordingly. Work doesn't always adapt to your style. So we designed an HP EliteBook that does. By designing an ultra-thin, full-performance Windows 8<sup>3</sup> notebook that transforms into a tablet, you can choose what works best in any situation. The HP EliteBook Revolve. It's a whole new twist on getting more done.

### HP EliteBook Folio 1020

Starting at 0.99 kg and 15.7 mm (0.62") thin, the HP EliteBook Folio 1020 is an impressively thin and light business-class notebook. This durable travel companion is fully equipped with HP's leading security and manageability solutions.

### HP EliteBook Folio 1040

This elegantly designed HP EliteBook is our thinnest business Ultrabook™ yet.<sup>4</sup> The HP EliteBook Folio 1040 is packed with enterprise-class features like docking capability and premier security to help keep you productive and your data safe.

### HP Spectre x360 Pro

This flexible 360° convertible has sophisticated design and strong performance. Crafted to be sleek, thin, and light with design features that not only impress, but also have the battery life to support you all day.

### HP Chromebook 14

Open your sleek, next-generation HP Chromebook 14 G3 to get online, fast. Quickly access your favourite web sites and the Chrome web store on the 35,56 cm (14") diagonal optional FHD touch display.<sup>1</sup>

Product image may differ from actual product. <sup>1</sup>Sold separately or as an optional feature. <sup>2</sup>This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Multi-core processing available with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system and a dual-core processor will vary. AMD's model numbering is not a measurement of clock speed. <sup>3</sup>Not all features are available in all editions of Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8.1 functionality. See <http://www.microsoft.com>. <sup>4</sup>Not all features are available in all editions of Windows 8. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8 functionality. See <http://www.microsoft.com>. <sup>5</sup>6.1 percent thinner and 7.3 percent lighter than the previous HP EliteBook Folio.

# HP business desktops & all-in-ones

HP recommends Windows.

HP's commercial desktop and all-in-one portfolios are divided into 2 pillars. HP Pro products are robust and highly reliable in order to maximise everyday productivity. Elite is our very best desktop offering in the business space and is designed for those working on mission-critical projects who can't afford delays or downtime.

## HP business desktops & all-in-ones

Solutions for the new style of IT.

### HP ProDesk & ProOne

- Trusted reliability
- Simple, intuitive controls
- Quick productivity & connections

### HP EliteDesk & EliteOne

- Premium reliability & performance
- Distinctive, modern designs
- Easy to deploy, secure & manage

#### HP ProDesk 400 G1 Small form factor

Maximize your investment. Keep growing your business, not your expenses. The HP ProDesk 400 G1 Series offers expandable desktop PC options that meet your everyday business needs with enough room to grow. Watch your business flourish while minimising the total cost of ownership—now that's a smart investment.

#### HP ProDesk 400 G1 Desktop Mini

Compact yet powerful, the HP ProDesk 400 Desktop Mini packs the performance and security you need to work efficiently and safely—at a great price.

#### HP ProDesk 400/490 G2 Microtower

Grow your business with the HP ProDesk 400 G2 MT and 490 G2 MT equipped with the tools you need for everyday business.

Product image may differ from actual product.

## HP business desktops & all-in-ones

HP recommends Windows.

**HP ProOne 400 G1 49,5 cm (19,5")  
Non-Touch All-in-One**

This space saving and stylish All-in-One offers impressive productivity features combined with powerful PC performance and security. Watch your business flourish while maximizing the total cost of ownership with a 12-month product lifecycle.

**HP ProOne 400 G1 54,6 cm (21,5")  
Touch All-in-One**

Keep growing your business, not your expenses. The space saving and stylish All-in-One (AiO) Touch offers impressive productivity features combined with powerful PC performance and security. See your business soar and maximize your cost of ownership.

**HP ProDesk 600 G1  
Tower/Small Form Factor**

Productivity and manageability in one. Give busy workers the edge they need to stay ahead. This PC's solid-state hybrid drive responds to the speed of work and opens applications right away. Powerful security and business-class management software frees up IT staff time.

**HP ProDesk 600 G1  
Desktop Mini**

The desktop has evolved. Packed with integrated business-class performance and security, this is HP's smallest business desktop yet. Efficiently crafted to save space and energy, the HP Desktop Mini will fit almost any work space.

**HP ProOne 600 G1  
All-in-One (Non-Touch)**

Design, productivity, and security. All in one. Set a new pace for your office productivity while demanding less from your IT team. Take on work more efficiently with a sleek PC designed to free your desk from clutter. Count on powerful built-in software that enhances security, manages updates, and automates backups.

**HP EliteDesk 705 G1  
Tower/Small Form Factor**

Designed to perform, impress, and protect—this sleek HP EliteDesk helps you power through to business success while allowing customised deployment with HP's broadest range of form factors.

**HP EliteDesk 800 G1  
Tower/Small Form Factor/Ultra-slim**

Business demands confidence. Here's yours. Designed to perform, impress, and protect—this sleek HP EliteDesk 800 G1 helps you power through to business success while allowing customised deployment.

**HP EliteDesk 800 G1  
Desktop Mini**

The desktop has evolved. Packed with integrated enterprise-class performance, security and manageability features, this is HP's smallest business desktop yet. Efficiently crafted, the HP Desktop Mini will fit almost any work space.

**HP EliteOne 800 G1  
All-in-One (Touch & Non-Touch)**

Impressive performance that fits right in. The design looks amazing. Your business performance will look even better. Trust your mission-critical projects to an all-in-one PC that's built to handle the demands of virtually any business environment. Power your workday with a secure, enterprise-class PC that's easy to manage and just as reliable as it is stylish. Integrate touch computing for a truly hands-on experience.

# HP business workstations

HP recommends Windows.

A workstation is the fastest, most expandable, and most reliable computer available. It is designed to meet the demands of professionals, who work with large and complex datasets and intricate 3D models. HP Workstations set the standard for innovation, performance and reliability.

Product image may differ from actual product.

## HP business workstations

Outperforming our competition, so you can outperform yours

### Customer-inspired innovation

- New customer-centric technologies
- Breakthrough industrial design
- Environmental leadership
- Value throughout the lifecycle

### Industry-leading performance

- The latest processors, graphics, memory, storage
- On-board performance monitoring and tuning
- High-performance remote desktop access to applications

### HP Z Turbo Drive technology

- Now available on all HP ZBook G2

#### HP ZBook 14 G2 and 15u G2 Mobile Workstations

Create anywhere using HP's thinnest and lightest ZBook Ultrabook™<sup>1</sup> workstations in a 35,6 cm (14") or 39,6 cm (15.6") diagonal screen size. These customisable workstations deliver impressive professional 3D graphics and outstanding performance even from the most demanding applications. All in all, an unprecedented sleek and stylish design.

#### HP ZBook 15 G2 Mobile Workstation

Be productive in the office or in the field. Take advantage of the HP ZBook 15 G2's powerful processing and graphics, simple scalability, and blazing-fast connectivity to perform and collaborate at the speed of creativity.

#### HP ZBook 17 G2 Mobile Workstation

On the go creativity knows no limits with a vivid 43,9 cm (17,3") diagonal HP ZBook 17 G2. Showcase your best work in the office or on the go and take advantage of HP's most powerful processing, graphics, simple scalability, and blazing-fast connectivity to perform and collaborate at the speed of creativity.

Product image may differ from actual product. <sup>1</sup>Not all configurations will qualify as an Ultrabooks™.

## HP business workstations

HP recommends Windows.

### HP Z230 Workstation Tower/Small Form Factor

Affordable performance and flexibility, redefined. Create a totally immersive work environment for those who demand reliability and performance on a budget. Designed for heavy 24 x 7 x 365 workloads, the HP Z230 delivers next-generation processor and graphics technologies in a redesigned, compact yet impressively expandable tower or Small Form Factor.

### HP Z640 Workstation

Redefine versatility and flexibility. Expand your capabilities with HP's Z640 Workstation offering powerful performance, whisper-quiet computing, and tool-less access in compact design. The HP Z640 Workstation can host dual processors, with up to 36 cores and up to two Z Turbo Drives for super fast storage.

### HP Z1 G2 All-in-One Workstation

The HP Z1 G2 Workstation is HP's elegant and innovative All-in-One workstation with a 68.6 cm (27") display. Easily modify and change components—no tools required<sup>1</sup>. Unleash your creativity with accelerated performance and world-class reliability. Available with 68.6 cm (27") touch screen or 68.6 cm (27") anti-glare screen.

### HP Z840 Workstation

Push your computing boundaries with the HP Z840 Workstation that helps you keep up with your biggest projects. Built for high-end computing and visualization, it delivers outstanding performance in one of the industry's most expandable chassis with up to 36 processing cores or up to 5760 CUDA cores for fast GPU computing. The HP Z840 Workstation can hold up to two Z Turbo Drives for super fast storage, besides huge SATA storage possibilities.

### HP Z440 Workstation

Take your business to the next level of performance, expandability, and no-compromise reliability in one complete package. Featuring a perfect mix of HP Z DNA in a performance workstation package: up to 8 discrete processor cores, next generation Intel® Xeon® E5 v3 processors, up to 128 GB of RAM, multiple storage possibilities and up to 2 PCIe Z Turbo Drives.

Product image may differ from actual product. <sup>1</sup>The power supply, graphics card, hard drives, optical drive, system cooling blower, and memory can be accessed, and removed without tools. Tools may be required for all other components.

# HP displays

Making a difference with visual solutions of tomorrow, today.

Product image may differ from actual product.

## HP displays

HP helps advance the way businesses operate with innovative monitors that can help increase productivity while providing a best investment solution.

### HP Business Basic Display

- Everyday productivity
- Built-in speakers (on selected models)

### HP ProDisplay

- Everyday productivity
- Impactful energy-efficiency
- Impressive visual performance
- Quality and reliability

### HP EliteDisplay

- Mission critical
- Comfort-focused design
- Productivity features
- Environmental solutions

### HP Z Display

- Mission critical
- Maximum visual performance
- Optimized productivity
- Reliable experience

#### HP Business Basic Display

A simple addition to your desk, at the lowest possible price point, without offering the newest technologies or resolutions.

#### HP ProDisplay

Our monitors deliver the energy efficiency, visual performance and lasting quality your business demands. Ideal for all business types and sizes from independent start-ups to leading global corporations.

#### HP EliteDisplay

EliteDisplays offer height adjustability, pivot and swivel functionality maximizing user comfort, in combination with higher connectivity possibilities. Ideal for corporate and institutional environments that put a priority on increased productivity and energy savings.

#### HP Z Display

Tested to the limit in combination with HP Z Workstations, The HP Z display gives you superior visual performance in an ultradependable design. Demanding users such as graphic artists, game developers, designers, analysts, and engineers, or for anybody looking for comfort in combination with reliability.

## HP displays

### HP Z27s 27-inch IPS UHD Display

It's time to meet your 4K business display. Join the Ultra High Definition movement and expand your visual workspace with the HP Z27s 68,6 cm (27") IPS UHD Display, which delivers an extra-large screen with UHD/4K<sup>1</sup> presentation and flexible connectivity and comfort features.

### HP EliteDisplay S231d 58,4 cm (23") IPS Notebook Docking Monitor

Create an instant workspace for mobile professionals or guests. With one USB cable connection from your notebook to your display, you can immediately access the network, integrated collaboration tools and your peripherals.

### HP EliteDisplay S140u Portable LED Backlight Monitor

Create a dual-display mobile workspace almost anywhere with the HP EliteDisplay S140u 35,56 cm (14") USB Portable Monitor, an ultra-compact, strikingly thin, high-resolution display in a wraparound cover. Fold it back to add a second screen for your Windows tablet or notebook<sup>2</sup> and connect with one USB cable.

### HP EliteDisplay S230tm 58,4 cm (23") Touch Monitor

Make the most of your business PC's Windows 8 environment with a fully reclining, multi-touch IPS display that puts productivity at your fingertips and keeps you comfortable throughout the day. Enjoy vibrant Full HD<sup>3</sup> images on the extra-large 58,4 cm (23") diagonal screen.

### HP EliteDisplay S270c 68,6 cm (27") Curved Monitor

Show off your PC and mobile device content in a remarkable new way with the HP EliteDisplay S270c Curved Monitor, HP's first curved commercial display—68,6 cm (27") diagonal of an elegant, immersive visual experience with enhanced peripheral readability.

### HP Zvr 59,9 cm (23,6") Virtual Reality Display

Change the way you think, work, and create with the HP Zvr 59,9 cm (23,6") Virtual Reality Display, the first commercial 3D display from HP that delivers a virtual-holographic 3D<sup>4</sup> image so you can see every angle and curve in lifelike detail.

### HP DreamColor Z24x Professional Display

Enjoy pure, consistent 10-bit colour accuracy from design to production with push-button colour space selection and easy colour calibration on the amazingly affordable HP DreamColor Z24x Professional Display.

### HP DreamColor Z27x Professional Display

Work in brilliant, trusted colour and bring your ideas to life with the HP DreamColor Z27x Professional Display, featuring HP's unrivaled integrated calibration engine, 4K<sup>1</sup> input support, and 10-bit colour that drives up to 1.07 billion onscreen colours.

Product image may differ from actual product. The legacy friendly, business-critical IPS display. Get a 5:4 aspect ratio display designed for all of your business-specific applications, now with the impeccable presentation and extra-wide viewing angles of IPS technology. Enjoy customisable comfort from a completely adjustable stand and be environmentally responsible with designed-in energy efficiency. <sup>1</sup>4K content required. <sup>2</sup>Windows operating system tablet or notebook required. See product QuickSpecs for exact compatibility requirements. <sup>3</sup>High-definition (HD) content required for HD playback. <sup>4</sup>3D content is required for 3D performance.

#### HP 90W and 230W Docking Stations

Desktop convenience with full port replication capability in a space-saving design

120W: A7E36AA  
230W: A7E38AA

#### HP 120W and 230W Advanced Docking Stations

Co-designed and developed with the notebook for true port replication

### UltraSlim docking station

D9Y32AA/D9Y32ET

#### HP 2013 UltraSlim Docking Station

Create a professional desktop experience for your ultra-slim HP EliteBook Notebook.

### Wireless docking station

F7M97AA

#### HP Advanced Wireless Dock EURO

Expand your HP Elite x2 1011 G1 workspace with the HP Advanced Wireless Docking Station, which enables seamless connectivity through WiGig technology.<sup>1</sup>

### Tablet docking station

K6X11AA

#### HP Pro Portable Tablet Dock EURO

Expand your tablet workspace and your productivity with the HP Pro Portable Tablet Dock, an easy-to-use dock designed for the HP Pro Tablet series.

Product image may differ from actual product. <sup>1</sup>Compatible with the HP Elite x2 1011 G1 with an optional installed Intel® Tri Band Wireless AC with WiGig Combo card. Tablet must be positioned within 1.2 m (4 ft) and without obstruction in the line of sight of the wireless dock.

## HP accessories

### Workspace enhancements

BT861AA

#### HP Single Monitor Arm

The perfect desk accessory for your work life. Sleek and streamlined, the HP Single Monitor Arm is designed to complement the way you work.

G1V61AA

#### HP Integrated Work Center Stand for Desktop Mini/Thin Clients

Designed to provide convenient access to the Desktop Mini and select Thin Clients to help maximize the use of limited desk space without compromising performance or productivity. It will support many HP 17 to 24-inch<sup>1</sup> (43.2 -60.9 cm) diagonal LCD monitor, with VESA standard mounting brackets.

E8H16AA

#### HP Integrated Work Center Stand for USDT/Thin Clients

Maximize the use of limited desk space without compromising performance by accommodating USDTs or Thin Clients and most HP 17 to 24-inch diagonal LCD monitors<sup>1</sup>, with VESA standard mounting brackets.

F2P06AA

#### HP SFF Integrated Work Center v3

Maximize your available work space with the stylish and innovative HP Integrated Work Center for Small Form Factors v3 (HP SFF IWC v3), designed to match the newest HP PC designs. Create a customized "All-in-One" solution by combining an HP Small Form Factor (SFF) Business Desktop PC or Workstation with a LED monitor up to 24 diagonal inches (60.9 cm)<sup>1</sup>.

C1N43AA

#### HP Height Adjustable and Reclining Stand

Designed specifically for use with the HP Compaq Pro 6300 All-in-One and HP Compaq Elite 8300 All-in-One Business PCs, the HP Height Adjustable and Reclining Stand gives you the freedom to create a unique space that works for you.

EM870AA/AT

#### HP Quick Release

HP offers a variety of optional products (each sold separately) designed to complement our monitors and enhance the overall computing experience. The HP LCD Monitor Quick Release is the newest option designed for use with 100 mm VESA-compatible flat panel monitors.

E5J35AA

#### HP Thin Client Mount Kit

Attach your HP Thin Client or USDT PC to the back of select HP Z Displays and maintain optimal ergonomic adjustability with the HP Thin Client Mount Kit.

K0A70AA

#### HP ProOne 400 Recline and Height Adjustable Stand

Raise your HP ProOne 400 PC off the desk or counter in single- and multi-user environments and enable adjustable comfort features with the HP ProOne 400 Recline and Height Adjustable Stand.

J7V21AA

#### HP ProDisplay Companion Stand

Maximize small work spaces with an affordable HP ProDisplay Companion Stand, which enables you to create a compact desktop solution by combining an HP ProDisplay Monitor with your choice of platform.

Product image may differ from actual product. <sup>1</sup>Each sold separately.

# Business printing

HP Officejet Pro X576dw MFP

# HP Officejet printers

## Meet the printers that save on every page

The HP Officejet family reinvented the inkjet for business – **and now, we're reinventing inkjet for enterprise, too.**

Get speed and quality that's comparable to color laser at up to 50% less cost per page.<sup>1,2</sup>

Product image may differ from actual product. <sup>1</sup>Officejet Pro X series: majority of color laser MFPs <€1000 and color laser printers <€800 as of August 2013; Officejet Pro 200 series: majority of color lasers <€300 and color laser AIOs <€500, as of June 2013; Officejet Pro 8100 and 8600 series: majority of color lasers AIOs <€400, and color lasers <€200 as of June 2013; based on market share as reported by IDC as of Q2 2013. Cost per page (CPP) comparisons for laser supplies are based on published specifications of the manufacturers' highest capacity cartridges. HP Officejet CPP based on high-capacity ink cartridges estimated street price, published yield for color prints and continuous printing in default mode. See [www.hp.com/go/learnaboutsupplies](http://www.hp.com/go/learnaboutsupplies). <sup>2</sup>Majority of color laser MFPs <€1000 (OJ Pro x-series) and color laser printers <€500 (OJ Pro 200 series), <€400 (OJ Pro 8000 series) as of October 2013; and most color lasers <€800 (OJ Pro series), <€300 (200 and 8000 series). Speed comparison based on manufacturers' published specifications of fastest available print mode and HP internal testing of printer in fastest available color mode [SL2] (sample 4-page category documents tested from ISO 24734). For more information see [hp.com/go/printerspeeds](http://hp.com/go/printerspeeds).

## HP Officejet printers

### Single Function printers

#### HP Officejet 6230 ePrinter

Professional colour documents and eye-catching marketing materials for business—for up to 50% less cost per page than lasers.<sup>1</sup> This ePrinter is designed for productivity and mobile printing to keep business moving—at work, home, or on the go.<sup>2</sup>

#### HP Officejet Pro 8100 ePrinter

Get professional colour for up to 50% lower cost per page than lasers.<sup>5</sup> Easily print on the go,<sup>1</sup> and increase productivity with wireless and wired networking,<sup>4</sup> plus automatic two-sided printing. Rely on HP to help conserve resources.

#### HP Officejet Pro 251dw

Manage your print environment—and budget—with this advanced, network-ready ePrinter and get up to 50% lower cost per page than lasers.<sup>5</sup> Enjoy easy integration into your office workflow with efficient management and security controls.

### Multifunction printers

#### HP Officejet Pro 6830 e-All-in-One

Print professional colour documents for business for up to 50% lower cost per page than lasers.<sup>1</sup> This e-all-in-one is designed for productivity with smart features and mobile printing to keep business moving – at work, home or on the go.<sup>2</sup>

#### HP Officejet Pro 8610/8620

Print professional-quality colour for up to 50% lower cost per page than lasers with this productivity-enhancing e-all-in-one<sup>8</sup>. Print using the large touchscreen with gesturing, via your wireless network or on the go with HP ePrint<sup>3,4</sup>.

#### HP Officejet Pro 276dw Multifunction Printer

Efficiently manage your printing environment—and your budget—with a colour MFP that delivers up to 50% lower cost per page than lasers<sup>3</sup> and powerful manageability tools. Simplify office tasks with versatile functions and easy networking.

### Wide Format printers

#### HP Officejet 7110 Wide Format ePrinter

Do more in-house with this affordable, reliable HP ePrinter. Create professional-quality marketing materials from postcard size to A3+. Share the performance with wireless networking<sup>4</sup> and the ability to print from virtually anywhere.<sup>3</sup>

#### HP Officejet 7612 Wide Format e-All-in-One

Widen your printing possibilities with an affordable, reliable HP e-all-in-one that produces professional marketing materials from 3x5 to 13x19 inches. Count on easy wireless printing<sup>10</sup> and resource-conserving performance in a space-saving design.

Product image may differ from actual product. <sup>1</sup>Cost-per-page (CPP) claim compares the majority of multi-pass colour laser printers/AiOs < €300 excluding VAT, as of February 2014, based on market share as reported by Q42013 IDC. CPP for laser supplies are based on published specifications of the manufacturers' highest-capacity cartridges. CPP based on HP 934XL/935XL ink cartridges estimated street price, published yield, and continuous printing. Actual prices may vary. Actual yields may vary based on images printed and other factors. For more information, see <http://www.hp.com/go/learnaboutsupplies>. <sup>2</sup>Local printing requires mobile device and printer to be on the same wireless network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See <http://www.hp.com/go/mobileprinting> for more details. <sup>3</sup>Requires an Internet connection to the printer. Feature works with any Internet- and e-mail-capable device. Print times may vary. For a list of supported documents and image types, see [www.hp.com/go/eprintcenter](http://www.hp.com/go/eprintcenter). <sup>4</sup>Wireless performance is dependent upon physical environment and distance from access point. Wireless operations compatible with 2.4 GHz routers only. <sup>5</sup>Majority of Color Laser printers < €200 excluding VAT, March 2011. For details, see <http://www.hp.com/eur/ojfacts>. <sup>6</sup>OJ Pro ISO yield with highest-capacity cartridges based on continuous printing; see <http://www.hp.com/go/learnaboutsupplies>. <sup>7</sup>Requires HP Web Services Account Registration. Some HP LaserJets may require a firmware upgrade. For additional solutions, see <http://www.hp.com/go/mobile-printing-solutions>. <sup>8</sup>Requires a wireless access point and an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see <http://www.hp.com/go/eprintcenter>. <sup>9</sup>Majority of colour laser all-in-ones < €400 excluding VAT, March 2011. For details: [www.hp.com/eur/ojfacts](http://www.hp.com/eur/ojfacts). <sup>10</sup>OJ Pro ISO yield with highest-capacity cartridges based on continuous printing; see [www.hp.com/go/learnaboutsupplies](http://www.hp.com/go/learnaboutsupplies). <sup>11</sup>Cost-per-page (CPP) claim based on the majority of color laser printers < US\$300, color laser MFPs < US\$500, Sept/2012. For details, see [www.hp.com/go/officejet](http://www.hp.com/go/officejet). <sup>12</sup>Wireless performance is dependent upon physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz routers only.

## HP Officejet printers

### Mobile printers

#### HP Officejet 100 Mobile

Stay productive when you're away from your desk with this rugged, mobile business printer. Print professional-quality documents on the go—direct from selected notebooks and smartphones—using built-in Bluetooth® wireless technology.<sup>1</sup>

#### HP Officejet 150 Mobile All-in-One

Produce professional-quality documents on the go, using built-in Bluetooth® wireless technology. Make quick copies, easily scan while on the go, and print from selected notebooks and mobile devices.<sup>2,3</sup>

### Pro X printers

#### HP Officejet Pro X451dw/X551dw

Boost workgroup efficiency with this high productivity, next generation wireless printer. Print professional-quality colour at up to twice the speed<sup>4</sup> and half the cost per page of Color Lasers<sup>5</sup> using HP PageWide Technology.

#### HP Officejet Pro X476dw/X576dw Multifunction Printer

The next generation of printing is here. Print professional-quality colour—up to twice the speed<sup>4</sup> and half the cost per page of Color Lasers<sup>5</sup>—using HP PageWide Technology. Help workgroups thrive with versatile functions and easy manageability.

### Enterprise X printers

#### HP Officejet Enterprise Color X555dn/X555xh

An HP Officejet for the enterprise: up to twice the speed and half the cost per page of lasers.<sup>6,7</sup>

#### HP Officejet Enterprise Color Flow MFP X585dn/f/z

An HP Officejet for the enterprise: up to twice the speed and half the cost per page of lasers.<sup>6,7</sup>

Product image may differ from actual product. <sup>1</sup>Notebook or netbook must be Bluetooth enabled. Includes Windows Mobile® phones. Additional fee required through 3rd party service provider for Android and BlackBerry smartphones. <sup>2</sup>Wireless direct printing is standard in the HP LaserJet Enterprise flow MFP M830z D7P68A, and may be added as an option to the HP LaserJet Enterprise flow MFP M830z CF367A. Mobile device may require an app or driver. Wireless performance is dependent on physical environment and distance from the printer. For details, see [hp.com/go/wirelessprinting](http://hp.com/go/wirelessprinting). <sup>3</sup>Touch-to-print capability is standard in the HP LaserJet Enterprise flow MFP M830z D7P68A, and may be added as an option to the HP LaserJet Enterprise flow MFP M830z CF367A. Mobile device must support near field communications-enabled printing. For a list of supported devices, see [hp.com/go/mobileprinting](http://hp.com/go/mobileprinting). <sup>4</sup>Comparison based on manufacturers' published specifications of fastest available colour mode (as of March 2012) and includes colour laser MFPs <€1,000 and colour laser printers <€800 excluding VAT as of March 2012, based on market share as reported by IDC as of Q1 2012 and HP internal testing of printer in fastest available colour mode (sample 4-page category documents tested from ISO 24734). For more information, see [www.hp.com/go/printerspeeds](http://www.hp.com/go/printerspeeds). <sup>5</sup>Cost per page (CPP) claim is based on the majority of colour laser MFPs <€1,000 and colour laser printers <€800 excluding VAT as of March 2012, ISO yield based on continuous printing in default mode based on market share as reported by IDC as of Q1 2012. CPP comparisons for laser supplies are based on published specifications of the manufacturers' cartridges with similar available capacities. CPP based on HP 970XL/971XL ink cartridges' estimated street price. Note that actual prices may vary. Actual yields may vary based on printer used, images printed and other factors. For more information, see [www.hp.com/go/learnabouthsupplies](http://www.hp.com/go/learnabouthsupplies). <sup>6</sup>Comparison based on manufacturers published specifications of fastest available colour mode (as of December 2013) and includes colour laser printers <€1,200 based on market share as reported by IDC as of Q3 2013 and HP internal testing of printer in fastest available colour mode (sample 4-page category documents tested from ISO 24734). For more information, see <http://www.hp.com/go/printerspeeds>. <sup>7</sup>Cost-per-page (CPP) claim is based on the majority of colour laser printers <€1,200 as of December 2013, based on market share as reported by IDC as of Q3 2013. ISO yield is based on continuous printing in default mode. CPP comparisons for laser supplies are based on published specifications of the manufacturers' highest-capacity cartridges. For details, see <http://www.hp.com/go/offiejet>. CPP based on HP 980 ink cartridges' estimated street price. For more information, see <http://www.hp.com/go/learnabouthsupplies>.

**HP Printer Features**

- A3/tablet support
- Easy touchscreen
- Lithium battery
- Numeric keypad
- Colour laser technology
- Quality laser printing
- Scans A3-size

- Wireless direct
- Energy savings
- Network printing
- HP PageWide Technology
- Automatic document feeder
- Laser comparable speed
- Auto-engage photo tray

- Hi-res mono display
- Printer management
- Multiple paper sizes
- Fast first page out
- Excellent colour print quality
- USB easy access
- Affordable ink

- Colour touchscreen
- 2-sided printing
- Scan to email
- Scan
- Save energy and money with HP Auto-Off technology
- Input tray

- Install in a flash, no CD required with HP Smart Install
- Print from notebooks and smartphones using Bluetooth
- Print your favorite web content instantly with built-in Apps - no PC required
- Copy and scan with A3 paper with the built-in stitch feature

- HP ePrint
- Wireless
- Quick setup
- Ethernet
- HP Planet Partners
- HP WebJet Admin
- Up to 57 ppm
- Advanced security

## HP Officejet printers services

### HP Care Pack Services

#### Focus on your business—we've got you covered.

HP Care Pack Services make buying and renewing support easy and flexible. When you purchase an HP product, from HP or from a reseller, it's easy to find the right support alternative. Just pick the one that matches your needs: buy exactly the level of support you need—no more, no less.

Please check HP Care Pack availability for your country at: [hp.com/go/cpc](http://hp.com/go/cpc)

Recommended	Description of Services
<b>Standard exchange<sup>1</sup></b>	Get remote support or exchange unit within 4-7 business days if the problem can't be resolved remotely.
<b>Next business day exchange<sup>1</sup></b>	Get a replacement printer fast. This service provides remote support or exchange unit the next business day if the issue can't be resolved remotely.
<b>Next business day onsite<sup>1</sup></b>	Enjoy total piece of mind and maximum productivity. Get an authorised HP Service representative <sup>2</sup> to your site the next business day for repair, if the problem can't be resolved remotely.
<b>Next business day onsite post warranty<sup>1</sup></b>	Protect your investment and avoid unnecessary costs. Get the same benefits of next business day onsite service after your standard warranty ends.

<sup>1</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). <sup>2</sup>Onsite service level may not be available in all geographies. In some instances, onsite services may be performed by an HP Authorised Service Technician. <sup>3</sup>Including DMR for Enterprise Color X.

# HP LaserJet printers

Rely on the No. 1 business printer brand—backed by 30 years of laser-printing innovation.<sup>1</sup> Choose from a broad portfolio of devices that help simplify the way work gets done. Save time and cut costs with unparalleled HP quality and reliability.

## Keep business moving with innovative workflow solutions and devices

Digitisation is the solution for companies struggling with too much paper, difficulty in finding information, inefficient processes, and regulatory requirements.

## Help safeguard sensitive information with comprehensive security-management solutions

To minimise risk and meet regulations, businesses must protect data, documents, and devices—and they need a simple way to monitor and manage security settings across the fleet.

Product image may differ from actual product. <sup>1</sup>Source: IDC CY - Q2 2013 Hardcopy Peripheral Tracker.

## HP LaserJet printers

### Black & White Laser Single Function printers

#### HP LaserJet Pro 400 M401 series

Do more with your workday. Set up anywhere in the office using built-in wireless networking<sup>1,2</sup> and share printing resources on a network.<sup>3</sup> Print on the go with mobile printing options.<sup>3</sup> Use business apps to access and print from the web.<sup>4,5</sup>

#### HP LaserJet Enterprise P3015 series

Get fast, high performance printing with advanced security features and expand with your changing business needs. Ideal for businesses that need to print high volumes and confidential documents on a variety of media types.

#### HP LaserJet Enterprise 600 M604 series

Keep business moving and produce outstanding print quality. Tackle large jobs and equip your team for success – wherever business leads.<sup>6</sup> Easily manage and expand this fast, versatile printer and help reduce environmental impact.

#### HP LaserJet Enterprise 700 M712 series

Enable high-volume, black-and-white printing on paper sizes up to A3—and capacity up to 4,600 sheets<sup>7</sup>. Control costs with energy-saving features. Protect sensitive business data and centrally manage printing policies.

#### HP LaserJet Enterprise 800 M806 series

This HP LaserJet handles big print jobs fast, with extra-large input capacity and versatile paper-handling options. Mobile printing is simple with wireless direct printing and touch-to-print technology. Easy upgrades protect your investment.<sup>8,9</sup>

Product image may differ from actual product. <sup>1</sup>Available on M401dw model only. <sup>2</sup>Wireless performance is dependent upon physical environment and distance from access point, and may be limited during active VPN connections. <sup>3</sup>Available on M401n, M401dn, and M401dw models only. <sup>4</sup>Available on M401dn and M401dw models only. <sup>5</sup>Requires a wireless access point and an Internet connection to the printer. Services may require registration. Availability varies by country, language, and agreements, and requires a firmware upgrade. For details, [www.hp.com/go/eprintcenter](http://www.hp.com/go/eprintcenter). <sup>6</sup>Local printing requires mobile device and printer to be on the same network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP Web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See <http://www.hp.com/go/mobileprinting> for more details. Some features require purchase of an optional accessory, available Fall 2015. <sup>7</sup>The base paper capacity of the HP LaserJet Enterprise 700 printer M712n is 600 sheets (2 x 250-sheet trays and one 100-sheet multipurpose tray). With optional accessories, the maximum capacity is 4,600 sheets. <sup>8</sup>Wireless direct printing is standard in the HP LaserJet Enterprise M806x+ D7P69A, and may be added as an option to the HP LaserJet Enterprise M806dn CZ244A and M806x+ CZ245A. Mobile device may require an app or driver. Wireless performance is dependent on physical environment and distance from the printer. For details, see [hp.com/go/wirelessprinting](http://hp.com/go/wirelessprinting). <sup>9</sup>Touch-to-print capability is standard in the HP LaserJet Enterprise M806x+ D7P69A model, and may be added as an option to the HP LaserJet Enterprise M806dn and M806x+ CZ245A. Mobile device must support near field communications-enabled printing.

## HP LaserJet printers

### Color Laser Single Function printers

#### HP Color LaserJet Pro 400 M451 series

Produce professional-quality colour documents with ease and speed. Seamlessly integrate into your office or wireless home network.<sup>1,2</sup> Save paper with automatic two-sided printing<sup>3</sup> and print from virtually anywhere with HP ePrint.<sup>4</sup>

#### HP Color LaserJet Enterprise 500 M552 series

Boost productivity with this affordable, energy-efficient printer, with Original HP Toner cartridges with JetIntelligence, to produce professional-quality colour documents quickly and easily.

#### HP Color LaserJet Enterprise 600 M651 series

Count on performance. Print professional-quality, two-sided colour documents—letter and A4—with outstanding reliability.<sup>5</sup> Efficient one-touch printing and mobile printing options plus simple management help you be productive wherever work takes you.

#### HP Color LaserJet Enterprise 700 M750 series

HP High-volume Color Laser Printers are ideal for meeting large workgroup and departmental printing needs, delivering impressive speeds, high productivity, ultra-dependability and a wide range of paper-handling options.

#### HP Color LaserJet Enterprise 800 M855 series

HP High-volume Color Laser Printers are ideal for meeting large workgroup and departmental printing needs, delivering impressive speeds, high productivity, ultra-dependability and a wide range of paper-handling options.

Product image may differ from actual product. <sup>1</sup>Wireless performance is dependent upon physical environment and distance from access point, and may be limited during active VPN connections. <sup>2</sup>Built-in wireless is available on the HP LaserJet Pro 400 Color M451nw and M451dw only. <sup>3</sup>Automatic two-sided printing is available on the HP LaserJet Pro 400 M451dn and M451dw only. <sup>4</sup>Requires an Internet connection to the printer. Feature works with any Internet- and e-mail-capable device. Print times may vary. For a list of supported documents and image types, see [www.hp.com/go/eprintcenter](http://www.hp.com/go/eprintcenter). Some HP LaserJet products will require a firmware upgrade. <sup>5</sup>Two-sided printing is not available on the HP Color LaserJet Enterprise M651n.

## HP LaserJet printers

### Black & White Laser Multifunction printers

**HP LaserJet Pro  
MFP M225 series**

This powerful MFP increases productivity with automatic two-sided printing, an intuitive touchscreen with scan-to options, easy wireless connectivity,<sup>1</sup> built-in networking, security features, and mobile printing options.<sup>2</sup>

**HP LaserJet Pro 400  
MFP M425 series**

This networked MFP boosts productivity. Share resources with wireless networking<sup>3,4</sup> and print from virtually anywhere with HP ePrint<sup>5</sup>. Improve workflow with access to business apps. Save time with automatic two-sided scanning and copying.

**HP LaserJet Enterprise 500  
MFP M525 series**

Accelerate processes and turn documents into dynamic digital files, using advanced workflow tools in a desktop MFP. Versatile scanning, processing, routing and retrieval tools help boost productivity. Simplify management and strengthen security.

**HP LaserJet Enterprise 600  
MFP M630 series**

Rely on a full-featured HP Enterprise Flow MFP that streamlines digital workflow with advanced HP Flow solutions, safeguards business data and documents with a robust suite of top-flight security features and offers simple, efficient mobile printing.

**HP LaserJet Enterprise 700  
MFP M725 series**

Enable large-volume printing on a wide range of paper sizes—up to A3—with a 4,600-sheet maximum input capacity.<sup>6</sup> Preview and edit scanning jobs; centrally manage printing policies; safeguard sensitive business information.

**HP LaserJet Enterprise flow 800  
MFP M830 series**

This powerful MFP boosts productivity with flexible send options, versatile paper-handling tools, two-sided scanning, and professional finishing touches. Mobile printing is simple with wireless direct printing and touch-to-print technology.<sup>7,8</sup>

Product image may differ from actual product. <sup>1</sup>Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections. <sup>2</sup>Requires an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see [www.hpconnected.com](http://www.hpconnected.com). <sup>3</sup>Not available on all printers. Mobile device must be wireless-enabled. Printer must be HP ePrint-enabled. Feature may require driver or apps, available for download at [www.hp.com/go/eprintcenter](http://www.hp.com/go/eprintcenter). <sup>4</sup>HP wireless direct printing, HP Auto Wireless Connect, and built-in wireless connectivity are only available on the HP LaserJet Pro 400 MFP M425dw. <sup>5</sup>May require an Internet connection to the printer. Feature works with any Internet and e-mail-capable device and requires a firmware upgrade. For details, [www.hp.com/go/ePrintCenter](http://www.hp.com/go/ePrintCenter). <sup>6</sup>Maximum paper capacity of 4,600 sheets; requires the purchase of optional paper tray accessories. <sup>7</sup>Wireless direct printing is standard in the HP LaserJet Enterprise flow MFP M830z D7P68A, and may be added as an option to the HP LaserJet Enterprise flow MFP M830z CF367A. Mobile device may require an app or driver. Wireless performance is dependent on physical environment and distance from the printer. For details, see [hp.com/go/wirelessprinting](http://hp.com/go/wirelessprinting). <sup>8</sup>Touch-to-print capability is standard in the HP LaserJet Enterprise flow MFP M830z D7P68A, and may be added as an option to the HP LaserJet Enterprise flow MFP M830z CF367A. Mobile device must support near field communications-enabled printing. For a list of supported devices, see [hp.com/go/mobileprinting](http://hp.com/go/mobileprinting).

## HP LaserJet printers

### Color Laser Multifunction printers

#### HP Color LaserJet Pro 400 MFP M476 series

This HP Color LaserJet Pro MFP connects the whole office to vibrant colour printing, even on the go<sup>1,2,3</sup>—and improves productivity with fast, versatile scanning that can send documents directly to email, network folders, and the cloud.

#### HP Color LaserJet Enterprise 500 MFP M575 series

Accelerate processes and turn documents into dynamic digital files, using a desktop MFP that produces standout colour. Versatile scanning, processing, routing, and retrieval tools help boost productivity. Simplify management and strengthen security.

#### HP Color LaserJet Enterprise 600 MFP M680 series

Tackle high-volume jobs with a high-performance colour MFP. Print and copy on letter and A4, plus scan and fax. Enhanced scanning and an 8-inch colour touchscreen streamline workflows. Mobile printing options help you stay productive on the go.<sup>4,5</sup>

#### HP Color LaserJet Enterprise 700 MFP M775 series

Enable large-volume, professional-quality colour printing on a wide range of paper sizes—up to A3—with paper capacity up to 4,350 sheets.<sup>6</sup> Preview and edit scanning jobs. Centrally manage printing policies. Safeguard sensitive business information.

#### HP Color LaserJet Enterprise flow 800 MFP M880 series

This top-of-the-line enterprise MFP helps streamline workflows and accelerate document tasks—with advanced finishing options and file sharing. Give users simple, direct access to this MFP through mobile printing and touch-to-print capabilities.<sup>7</sup>

Product image may differ from actual product. <sup>1</sup>Wireless direct printing is standard on the HP Color LaserJet Pro MFP M476nw and dw only. <sup>2</sup>Local printing requires mobile device and printer to be on the same wireless network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See [hp.com/go/businessmobileprinting](http://hp.com/go/businessmobileprinting) for more details. Mopria-certified devices adhere to a common standard that enables easy mobile printing with little or no set up. <sup>3</sup>Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections. <sup>4</sup>Scanning to SharePoint and/or the cloud requires an Internet connection to the printer. Services may require registration. Availability varies by country, language, and agreements. For details, see [hp.com/go/mfp](http://hp.com/go/mfp). <sup>5</sup>Fax functionality not available on the HP Color LaserJet Enterprise MFP M680dn. <sup>6</sup>Comparison based on manufacturers published specifications of fastest available colour mode (as of December 2013) and includes colour laser printers ≤€1,200 based on market share as reported by IDC as of Q3 2013 and HP internal testing of printer in fastest available colour mode (sample 4-page category documents tested from ISO 24734). For more information, see <http://www.hp.com/go/printerspeeds>. <sup>7</sup>Cost-per-page (CPP) claim is based on the majority of colour laser printers ≤€1,200 as of December 2013, based on market share as reported by IDC as of Q3 2013. ISO yield is based on continuous printing in default mode. CPP comparisons for laser supplies are based on published specifications of the manufacturers' highest-capacity cartridges. For details, see <http://www.hp.com/go/officejet>. CPP based on HP 980 ink cartridges' estimated street price. For more information, see <http://www.hp.com/go/learnaboutsupplies>.

## HP Care Pack Services

### Focus on your business—we've got you covered.

HP Care Pack Services make buying and renewing support easy and flexible. When you purchase an HP product, from HP or from a reseller, it's easy to find the right support alternative. Just pick the one that matches your needs: buy exactly the level of support you need—no more, no less.

Please check HP Care Pack availability for your country at: [hp.com/go/cpc](http://hp.com/go/cpc)

Recommended	Description of Services
<b>Standard exchange<sup>1</sup></b>	Get remote support or exchange unit within 4–7 business days if the problem can't be resolved remotely.
<b>Next business day exchange<sup>1</sup></b>	Get a replacement printer fast. This service provides remote support or exchange unit the next business day if the issue can't be resolved remotely.
<b>Next business day onsite<sup>1</sup></b>	Enjoy total piece of mind and maximum productivity. Get an authorised HP Service representative <sup>2</sup> to your site the next business day for repair, if the problem can't be resolved remotely.
<b>Next business day onsite post warranty<sup>1</sup></b>	Protect your investment and avoid unnecessary costs. Get the same benefits of next business day onsite service after your standard warranty ends.

# HP scanners

Renowned for their reliability and performance, HP Scanjets provide the best mix of ease-of-use and sophisticated features to help you get the job done.

Product image may differ from actual product.

## HP scanners

HP offers a broad portfolio of scanning devices, including mobile sheet-feed scanners for busy professionals, PC-connected flatbed and sheet-feed scanners for individual users, and a networked digital sender that can be shared among multiple users.

### Flatbed

HP flatbed scanners provide the flexibility to scan documents with the automatic document feeder, as well as photos, books, and bulky items using the flatbed scanner.

### Sheet-feed

HP sheet-feed scanners have a small footprint to save valuable office space and handle a variety of media types.

## HP scanners

### HP Scanjet 200 Flatbed Scanner

Capture high-quality images and start sharing quickly. Scan at high resolution, edit photos, and save documents to digital files. One-touch scan-to buttons let you start working fast. Place this compact scanner almost anywhere.

### HP Scanjet 300 Flatbed Scanner

Save time with fast scanning speeds and intuitive controls. Set up quickly, using a single cable. Enjoy high-resolution document detail. One-touch scan-to buttons let you start working and sharing fast. Place this compact scanner almost anywhere.

### HP Scanjet Professional 1000 Mobile Scanner

Scan documents on the spot, wherever you are—in the office, in the field or on the go—with the HP compact, portable scanner. Organise contracts, forms, receipts and business cards on your PC instead of on your desk or in your briefcase.

### HP Scanjet Pro 3000 s2 Sheet-feed Scanner

Turn the page on your paper-intensive processes. Save time with smart, reliable scanning that's easy to integrate and adds efficiency to any office. Count on clear, legible results from a compact scanner designed to help save energy.

### HP Scanjet Enterprise Flow 5000 s2 Sheet-feed Scanner

Abandon paper-based workflows. Advance office efficiency with fast, intuitive scanning that turns hard copies into useful digital data. Rely on clear, legible results from a compact scanner designed to enhance collaboration.

### HP Scanjet Enterprise Flow 7000 s2 Sheet-feed Scanner

Enhance performance and streamline workflow, using a fast, reliable scanner. The compact, efficient footprint of this PC-connected device saves energy, while producing consistent, high-quality images in black-and-white, greyscale, or colour.

### HP Digital Sender Flow 8500 fn1 Document Capture Workstation

Move your business past paper-intensive processes. Integrate with existing networked manageability and security solutions. Improve workflows by creating a virtually unlimited number of scan profiles, and reliably handle up to 5,000 pages a day.

### HP Scanjet Enterprise Flow N9120 Flatbed Scanner

Easily integrate this 11 x 17 flatbed scanner into your office. Create custom workflow profiles using HP Smart Document Scan Software and scan with confidence at up to 50 ppm/100 ipm.<sup>1</sup> Use the 200-page automatic document feeder for big scan jobs.

Product image may differ from actual product. <sup>1</sup>Speeds attained by using 200 dpi monochrome, greyscale or colour modes with A4 paper in landscape mode using hardware compression.
