

Mondopad

The all-in-one touchscreen collaboration system for video conferencing, whiteboarding, data sharing, and more

Work Better Together

In-room and remote visual collaboration made easy

InFocus Mondopad elegantly blends video calling, whiteboarding and more into one giant touchscreen PC for efficient face-to-face collaboration with people in any location.

Bridge communication gaps, strengthen teams, capture & share information, train more effectively, and save time and money. You'll never want to meet without it.

Key Features

- Big, bright touch display everyone in the room can see
- Choose sharp 4K or 1080p HD resolution
- Native HD video calling and data sharing that's crystal clear
- Interactive whiteboard and on-screen annotation
- BYOD-friendly to connect & share with any device
- Built on a fast & flexible i7-based Windows PC
- Wireless keyboard and mouse included

NEW

For a limited time, ConX Cloud subscription now included

Mondopad ULTRA

For Performance & Precision

Our premium Mondopad Ultra series offers high performance collaboration tools to meet the exacting needs of business and enterprise. Mondopad Ultra features vivid 4K resolution for an incredibly sharp picture, and our most powerful processor for high demand applications and information security. Connect global enterprise infrastructures and employees, and make every meeting or presentation more effective and engaging with Mondopad Ultra.

- 4K resolution offers more detail & more depth for amazing life-like images
- Built on a powerful Intel Core i7-6700T processor and Q170 chipset with Intel vPro™ technology
- 256 GB solid state hard drive
- Choose a 70" (INF7023AG) or 85" (INF8521) model

See faces and content side by side with dual-stream video conferencing capabilities. You can even split them onto a second touch display – one display shows participants' faces while the other shows content.

ConX Cloud

For a limited time, Mondopad now includes a subscription to ConX Cloud, for easy cloud-based video conferencing. Connect with anyone around the globe—on other SIP and H.323 endpoints, as well as mobile devices, PCs, or Macs—and transform the way your company communicates. Complimentary 3-seat, one year subscription makes video collaboration simpler and more effective than ever before.

Video Connect to the World

Instantly bring people together from anywhere in the world to visually collaborate on the same content and do better work in less time.

InFocus video calling service is included for the first year, so you can make and receive video calls right away – or add your own video conferencing client onto Mondopad as you would on any other PC.

Bring groups of people together with ConX Cloud—our simple, affordable cloud-based video collaboration service. Users can connect from any device, anywhere. Subscriptions available ranging from 3 seats up to 100 virtual meeting rooms, each with 50 seats.

“The way InFocus enables our agency to clearly connect with one another face to face, from our six different locations throughout the world, helps us to be more cohesive and builds more trusting teammate relationships, resulting in better work.”

– Gabe Winslow, EVP – Media, Ansira

Interactive Whiteboard

Stop taking pictures of your stained, old-fashioned whiteboard and step up to the digital Mondopad. Brainstorm, capture, and share your ideas on an interactive whiteboard without borders or barriers.

- Capture, save, and email whiteboard notes directly from the Mondopad
- Create a whiteboard on a canvas up to 100 display screens in size
- Paste backgrounds and images onto a whiteboard and annotate on top
- Write or draw with a complete collection of digital pens, shapes, lines, and colours

Brainstorm & Share Ideas through the Cloud

Mondopad supports ConX Whiteboard, which enables you and co-workers in other locations to interact and share ideas on a Mondopad whiteboard, at the same time. Using your Mondopad and your ConX Cloud login credentials, join a ConX Whiteboard session and just start drawing. Everyone can see the same whiteboard screen, and each participant can draw or write in a different color, or insert text or images.

If you're already on a ConX Cloud video call, hit "join" and the ConX Whiteboard appears instantly. Now you can see and hear co-workers while sharing and editing your ideas at the same time. ConX Whiteboard works in conjunction with ConX Cloud, or on its own with any other video conferencing solution.

View, Annotate, and Share

Never lose an idea. Quickly and easily take notes on anything you're presenting and then save the changes..

- Mark-up documents, images, web pages, or videos
- Save your notes as an image and email it directly from the Mondopad
- Manage common or secure files accessed by email, office network, USB drives, and cloud-based services like Dropbox

“With the unique ability of the Mondopad to draw and annotate, our personnel in their respective classrooms can see anything the instructor is talking about.”

—Mike Heimbecker, Fire Inspector, Addison Fire Protection District

Bring Your Own Device

Participants can securely connect and share content with Mondopad from PCs, Macs, tablets or smartphones – making meetings more collaborative, productive and sustainable.

- Cast your device's screen to the Mondopad
- View up to four AirPlay or Chrome casts simultaneously
- Control the Mondopad with your device from anywhere in the room—advance slides, browse the web, annotate
- See what's being presented on the Mondopad from your device

Wide-angle HD camera and noise-cancelling microphone array accurately capture the sights and sounds of the room.

Speaker bars deliver clear voices and powerful multimedia to the whole room.

Accessories / Solutions

InFocus products work together so you can collaborate effectively in and out of the conference room.

Video and Audio Solutions

Provide and capture the best views and sounds in the room for efficient and clear communication.

RealCam PTZ Camera (INA-PTZ-4): True HD 1080p resolution and pan/tilt/zoom with included remote control.

Thunder Speakerphone (INA-TH150): VoiceAware anti-echo & noise-reducing technology for any size meeting room.

RealCam PTZ Camera

Video Conferencing Solutions

Collaborate with multiple participants and share faces and data on-demand.

ConX Cloud: Secure cloud-based video meeting rooms for large groups on nearly any device (get a FREE trial at infocusconx.com).

121 Premium (INS-121PRM-1Y): Use 4-way videoconferencing and custom SIP address capabilities on your Mondopad. Have SIP addresses with your domain name with INS-121PRM-DOM.

121 Basic (IN121-1Y): Standard 2-way video call dial tone and SIP address (free for first year of Mondopad ownership).

ConX Phone (MVP100): Easy-to-use desk video phone for on-demand video communication from remote locations.

Thunder Speakerphone

Display Solutions

Enhance the usability of Mondopad with these touchscreen solutions.

JTouch (INF6502WBAG, INF7002WB, INF8501): Extend your Mondopad's desktop to a second touch display and show two apps at once.

ConX Phone

Mounting Solutions

Mount your Mondopad on the wall or on a cart and roll it wherever it's needed to maximize its versatility.
