GREATER MILWAUKEE
FOUNDATION

Grant Seekers

The Greater Milwaukee Foundation is a permanent charitable endowment, created for the community, by the community. Within it are nearly 1,000 charitable funds, each established to serve the charitable needs specified by its donors.

In some cases, donors establish funds dedicated to broad fields of interest, such as children, the arts or the environment. Donors also create unrestricted funds, which allow the Foundation to make grants addressing pressing community needs.

In its discretionary grantmaking program, the Foundation is particularly interested in exploring opportunities to partner with grantee agencies, its advised fund donors, and other funders on efforts to address the most compelling needs in the greater Milwaukee area. To this end, the Foundation is encouraging grant seekers to submit Letters of Inquiry.

Who may apply

Grants are made only to 501(c) (3) nonprofit organizations and, on occasion, to governmental agencies. Geographically, funding for our discretionary grantmaking program is limited to projects that will significantly improve the lives of people living in Milwaukee, Waukesha, Ozaukee and Washington counties. Grants for ongoing operational costs or to individuals are ineligible for support from the Foundation's discretionary funds.

Applying organizations will be required to provide evidence of an active, engaged board of directors, sound financial management and capability to carry out the proposed projects.

When to apply

Letters of Inquiry are accepted and reviewed on a quarterly basis. Foundation Staff will invite selected applicants to submit full proposals for consideration by the Foundation Board, which makes funding decisions quarterly. Capital requests are reviewed at the December Board meeting unless there is urgency for an earlier consideration. Please contact the Community Investment Staff with any questions.

General grant guidelines

The Foundation's highest funding priority is supporting creative efforts that address issues of poverty in our community, particularly grants focused on education, employment, and strengthening children, youth and families. Lower priority is given to projects that do not meet the above criteria and/or do not address issues of persistent poverty. Such projects may be considered for funding if the projects are consistent with the Foundation's general grant guidelines.

The Foundation does not fund, for the most part, grants for ongoing operating expenses of an organization's routine functions and principal programs. The Foundation does not ordinarily provide support for debt reduction, sectarian religious purposes, medical or scientific research, fund drives for sustaining support or organizations that are discriminatory in their practices. Organizations must have a non-discrimination policy in place at time of funding. Grants may be made for additional development costs associated with endowment building campaigns, although not directly contributing to the endowment itself.

The Foundation awards grants from its discretionary funds for projects serving Milwaukee, Waukesha, Washington and Ozaukee Counties.

Grant areasStrengthening Children, Youth and Families

- Develop support systems for children, youth and families
- Nurture learning and growing in infants and young children
- Promote positive youth development
- Impact critical issues that negatively affect children, youth and family development

Employment and training

- Help at-risk individuals become self-supporting through job training, technical education, and job skills enhancement
- Connect disadvantaged job seekers with meaningful employment

Education

- Promote collaborative initiatives to improve academic achievement in public and private schools, particularly for low-income and minority children
- Support programs that enhance parental involvement in education, particularly for low-income and minority children

Please note: The Foundation does not make grants from discretionary funds to individual schools.

Community Development

- Improve the quality of life in Milwaukee neighborhoods through housing and economic development strategies
- Strengthen the organizational capacity of community-based organizations and support their neighborhood revitalization efforts

Health and Human Services

- Protect children and adults from abuse and neglect and provide support to victims of abuse
- Foster independent living for the elderly and persons with special needs by providing alternatives to institutional care
- Prevent disease and disabilities
- Promote health education and advocacy to provide better access to health care for low-income and uninsured persons
- Provide for basic human needs such as food and shelter Arts and Culture
- Strengthen the administrative and artistic capacity of arts and cultural organizations, particularly projects that enhance earned revenue
- Improve access to the arts through community outreach and education

Environment

- Improve the quality of the environment through reduced pollution and waste
- Promote the conservation and restoration of natural areas, habitats and green spaces, and protect wildlife and endangered species
- Provide environmental education to young people and adults

Other funding considerations

In addition, the Foundation places special emphasis on programs that accomplish the following:

- Improving understanding among people of different backgrounds through support of efforts addressing issues of racial, cultural and economic diversity
- Strengthening the voluntary sector by supporting efforts to enhance the management capacities of nonprofit organizations, promote philanthropy, and encourage civic involvement and community service.

Capital grants

The Foundation will consider grants for building construction, renovation and specialized equipment. Decisions are based on Foundation priorities, degree of community need, potential impact, and a determination of whether the Foundation can make a significant difference in the proposed project.

Capital grants are not ordinarily made for debt retirement, projects that are complete at the time of application, office equipment or computers. For major capital campaigns over \$5 million, a capital grant will not exceed one percent of the capital portion of the campaign goal, and most capital grants will not exceed \$100,000.

Capital grants will not usually be made to an organization that has received a grant for a capital campaign from the Foundation within five years. In considering requests for support for capital campaigns by colleges and universities, the Foundation will place a higher priority on those projects that can demonstrate that the new facility or improvements will significantly benefit the greater Milwaukee community, not only the institution's own program, top faculty or students. *Capital grants are usually made only in the fourth quarter*

How to apply for funding

Who may apply

Grants are made only to nonprofit organizations exempt from federal taxation under Section 501(c)(3) of the Internal Revenue Code and, on occasion, to governmental agencies. Geographically, funding is limited to projects that will significantly improve the lives of people living in Milwaukee, Waukesha, Ozaukee and Washington counties. Grants for ongoing operational costs or to individuals are not eligible for support from the Foundation's discretionary funds. Applying organizations will be required to provide evidence of an active, engaged board of directors, sound financial management and capability to carry out the proposed projects.

When to apply

Letters of Inquiry are accepted and reviewed on a quarterly basis. Foundation Staff will invite selected applicants to submit full proposals for consideration by the Foundation Board which makes funding decisions quarterly.

Capital requests are reviewed at the December Board meeting unless there is urgency for an earlier consideration.

Key Factors in Judging Proposals

- Evidence of the following factors affects grant decisions:
- Capacity of the organization to undertake the project—extent that the project builds upon existing resources and services
- Quality and effectiveness of the project
- Level of coordination and cooperation with other organizations
- Potential for leveraged funding, especially from national sources
- Opportunity for project replication by other organizations
- A plan for continued funding after the grant period
- Racial/ethnic diversity of the organizations' governing board

What the Foundation does not Fund

For the most part, grants are not made for on-going operating expenses of an organization's routine functions and principal programs. The Greater Milwaukee Foundation does not ordinarily provide support for debt reduction, sectarian religious purposes, medical or scientific research, fund drives for sustaining support or organizations that are discriminatory in their practices. Grants may be made for additional development costs associated with endowment building campaigns, although not directly contributing to the endowment itself.

Application process

1. Update your organization information on Philanthropy Online: If your organization is not on the Philanthropy Online database, please see the Foundation's Web site for organization profile setup information. You will need to log onto Philanthropy Online before you can apply.
2. Submit your Letter of Inquiry: refer to the Grant Applications page on the Foundation's Web site for the most recent Letter of Inquiry and submission deadline. Please contact the Foundation's Community Investment Staff with any questions at info@greatermkfdn.org.
3. Foundation Staff will determine if the project merits further consideration in light of available resources and current priorities as described above.
4. Invitation for an online proposal: If encouraged by Staff to apply, the applicant completes a detailed online proposal.
5. Staff review: Our Staff reviews every proposal thoroughly. Meetings with the applicant or site visits are arranged when needed, to clarify understanding of the proposal and the organization. Only complete proposals are considered for submission to the Board.

6. Board review: The Board's Community Investment Committee reviews proposals and makes recommendations to the full Board. The Board must approve all grant awards made by the Foundation.

7. Notification: All applicants receive notification of the Board's action. Those selected for grants must adhere to the stipulated terms.

Executive Compensation Policy

Annually, the Human Resources Committee of the Greater Milwaukee Foundation requests from the Director of Human Resources comparable compensation data related to the President/CEO position at the Foundation. This data is generally sourced from salary data provided by the Council on Foundations and specific comparables of similar foundations and nonprofit organizations obtained from sources such as Management Research Associates, the Non Profit Center and Guidestar.

The President/CEO provides a written self-evaluation to the Committee in advance of a meeting held to discuss the performance review. The Human Resources Committee will summarize the information in the review as well as utilize the comparable salary data to make a recommendation to the GMF Board for any changes in the President/CEO compensation.

The Board Chair, or his/her designee, must document the basis for determination of the President/CEO salary. The documentation should include the deliberations and final decision made by the Board and what comparable data was used for the decision. The Board Chair, or his/her designee, is responsible for assuring that proper compensation approval documentation is completed and recorded in the personnel file of the President/CEO. The Director of Human Resources will assist in this process.

A similar process of reviewing comparable data will be used for other positions. However, the President/CEO, CFO and Director of Human Resources will be conferring on any compensation changes for most other positions at the Foundation.
