HP LD4200 42-inch Widescreen LCD Monitor

A 42-inch
diagonal
widescreen
display designed
to be the star
attraction

Enjoy the same industry-leading performance and image quality and world-class support you get from HP business monitors with the new mammoth-screen HP LD4200 42-inch Widescreen LCD Monitor. Designed to provide crisp, clear, expansive high-resolution 1080p presentation in public spaces, meeting halls, and anywhere you need digital signage, the HP LD4200 monitor is sure to wow.

High-performance presentation

The bright 500-cd/m² screen, 1000:1 contrast ratio (3000:1 dynamic contrast ratio), and 1920 x 1080 native resolution offer stunning displays of video, graphics, and text in both highly lit and dimly lit rooms.

Get connected

Connect to a variety of content sources with a comprehensive array of inputs that includes VGA, HDMI, and Composite, Component, and S-Video. For added security, HDMI offers HDCP for secure content.

Elegant design

The sleek black design and long-life LCD panel make the HP LD4200 display well-suited for commercial applications in environments where extra-large public screens are desirable, such as:

- Digital signage and bulletin boards in retail, hospitality, and educational settings
- Multimedia presentations at events and in conference rooms and lobbies
- Manufacturing and design shops
- Industrial factory floors

Flexible positioning

Use the monitor on a wall with the VESA mounting pattern on the back of the display, or place on a stand (sold separately) and use on a desk as part of a complete PC or workstation solution. Just add speakers (sold separately) for compelling stereo audio.

Peace of mind

The HP LD4200 monitor is fully tested and qualified for out-of-the-box functionality and compatibility with the full line of HP business products. The three-year limited warranty is backed by HP service and support from 65,000 IT service and support professionals in 160 countries around the world.
