Introduction

Welcome to *John Catt's School Suppliers Guide 2015/16*, a comprehensive directory of companies and organisations offering essential and innovative services to schools.

Within these pages you will find more than 4,000 relevant companies providing a range of products and services covering every aspect of schooling, from construction to stationery.

As well as this guide, you can find details of the suppliers in this guide at the accompanying website, **www.suppliers4schools.com**, where you can search by name or category. Our supporters also benefit from special profiles.

We have categorised the companies in this directory into distinct sections for ease of use. These categories are listed on the Contents page overleaf.

If you prefer to access this information electronically, this publication is also available as a free-to-download eBook from www.johncatt.com/downloads.

We are keen to hear your feedback about additions and improvements to the guide, so please do get in touch with me at jonathanbarnes@johncatt.com or on 01394 389859.

Likewise, if you are a supplier who thinks you should be listed in this directory, then get in touch.

We very much hope *John Catt's School Suppliers Guide* helps your school find what you are looking for.

Talk Boost intervention training

Since launch **72%** of the children who received *Talk Boost* reached expected levels in understanding and using vocabulary meaning that they no longer need extra help.

Talk Boost from I CAN, the children's communication charity, is a targeted, evidenced based intervention that can boost a child's communication by an average of 18 months after a 10 week programme. The intervention is proven to narrow the gap between 4-7 year olds with language delay and helps teachers to identify children that need additional support.

The training day requires three pairs of teachers and their teaching assistants and takes place in a location convenient to you. Costs of £1,600 can be shared by joining up with other schools in your area.
