

PROFESSIONAL.

# ORIGINAL CHERRY.

THE POWER OF IDEAS  
COMBINED WITH THE RELIABILITY OF EXPERIENCE ...

CHERRY has developed and produced innovative input systems for computers since 1967. The difference in quality, reliability, durability and design is something you need to experience first-hand. No other manufacturer has more experience and knowledge worldwide. How does this benefit you, the customer? CHERRY products are synonymous with first-rate technology..

From the very beginning, CHERRY products have delighted customers and operators with uncompromising high quality and attractive ergonomic designs. In other words: CHERRY fulfils and exceeds the expectations of both professional and private users. With specially tailored input solutions for all areas.

Insist on original CHERRY...

# OFFICE. ORIGINAL CHERRY.

HIGH QUALITY KEYBOARDS AND MICE OPTIMIZED  
FOR DAILY OFFICE USE.

Reliability and ergonomics are vital. CHERRY has decades of experience in the development and production of high quality input devices.

Choose from many different technologies designed for any purpose. CHERRY is not only known for quality and durability, we also take pride in making exceptionally attractive products.

Regardless of which of our keyboards or mice you decide on, the CHERRY name guarantees excellent quality in terms of product development and manufacturing.

# CHERRY DW 5000

## WIRELESS DESKTOP

### FACTS & FEATURES

- High-quality, wireless keyboard with 10 hotkeys
- Optical sensor technology (1500 dpi)
- 3-button mouse, for both left-handed and right-handed operation
- Battery status display in keyboard and mouse
- Simple installation: no technical knowledge required
- Interference-free, wireless 2.4 GHz technology (with a range of approx. 8 m)
- Operation of several desktops (multi-station capability)
- USB receiver

### TECHNICAL DATA

Weight (incl. packaging)	approx. 1500 g
Dimensions	approx. 468 x 172 x 22 mm (keyboard) approx. 113 x 14 x 8 mm (mouse) approx. 590 x 210 x 51 (packaging)
Transmission range	approx. 8 m
Number of keys	105 + 10
Current Consumption	max. 5 mA (keyboard) max. 15 mA (keyboard)

PART NUMBER	COLOR	CONNECTION
JD-0500xx	Anthracite	USB

NEW

## CHERRY MX-BOARD 3.0

### CORDED KEYBOARD

#### FACTS & FEATURES

- Original CHERRY MX module: Quality „Made in Germany“ proven effective billions of times
- MX module with Gold Crosspoint contacts for reliable contact capability and exemplary responsiveness
- N-key rollover: Simultaneous operations of up to 14 keys without any key ghosting effects
- Available in four different key confirmation types
- Professional quality with a perfect key stroke: 50 million operations for each key
- The integrated metal plate and extensive anti-slip protection ensure it remains robust
- Detachable cable
- Win-Key lock: Windows buttons can be disabled to prevent inadvertent operation

TECHNICAL DATA		
Weight (incl. packaging)	approx. 1215 g	
Dimensions	approx. 446 x 158 x 28 mm (keyboard) approx. 468 x 202 x 35 (packaging)	
Length of cable	approx. 1,80 m	
Number of keys	104/105 + 4	
Current Consumption	max. 100 mA	
PART NUMBER	COLOR	CONNECTION
G80-3850xx	Black	USB

NEW

## CHERRY KW 6000

### BLUETOOTH KEYBOARD

#### FACTS & FEATURES

- For Apple® iPad, iPad2 and iPad3
- Wireless keyboard (Bluetooth) with integrated lithium ion polymer battery
- Ultra-flat and compact
- Chargeable with USB charger cable
- 9 hotkeys
- Easy to install: requiring no technical knowledge

TECHNICAL DATA		
Weight (incl. packaging)	approx. 498 g	
Dimensions	approx. 261 x 128 x 9 mm (keyboard) approx. 300 x 192 x 20 mm (packaging)	
Transmission range	approx. 10 m	
Number of keys	71/72 + 9	
Current Consumption	typ. 45 mA	
PART NUMBER	COLOR	CONNECTION
JK-0600EU	Silver / Black	Bluetooth

## STREAM XT

### CORDED KEYBOARD

#### FACTS & FEATURES

- Spill resistant: not sensitive to fluids
- Plug & Play for easy commissioning with no software installation
- Ultra-flat ergonomic top-design for fatigue-free work
- Ultra silent: Whisper keystroke for low-noise typing
- 6 HotKeys for comfortable volume control and the most important Mediaplayer functions
- Standard keyboard layout (including cursor and number block)
- Incl. adapter for PS/2 interface
- GS approval
- Distinguished with the Blaue Engel environmental label and the AGR seal of approval for ergonomic, back-friendly work.

TECHNICAL DATA		
Weight (incl. packaging)		approx. 1205 g
Dimensions		approx. 472 x 176 x 18 mm (keyboard) approx. 485 x 255 x 63 mm (packaging)
Length of cable		approx. 1,80 m
Number of keys		104 / 105 + 6
Current Consumption		typ. 16 mA
PART NUMBER	COLOR	CONNECTION
G85-23100EU-2	Black	USB (PS/2 via adapter)

## STRAIT

### CORDED KEYBOARD

#### FACTS & FEATURES

- Purist design for the office and living room
- High-quality finish for lasting reliability
- Whisper keystroke: ideal for everyday work
- 5 HotKeys to control Media Player
- USB connection for laptops and PCs
- Plug & Play without installing any software

TECHNICAL DATA		
Weight (incl. packaging)		approx. 1060 g
Dimensions		approx. 441 x 161 x 15 mm (keyboard) approx. 465 x 200 x 27 mm (packaging)
Length of cable		approx. 1,80 m
Number of keys		103 + 5
Current Consumption		typ. 45 mA
PART NUMBER	COLOR	CONNECTION
JK-0300EU	White / Silver	USB

# K1

## OFFICE KEYBOARD

### FACTS & FEATURES

- Comfortable key action
- Space-efficient compact keyboard
- Abrasion-proof legends on keycaps
- CHERRY quality at an affordable price

TECHNICAL DATA	
Weight (incl. packaging)	approx. 800 g
Dimensions	approx. 460 x 165 x 32 mm (keyboard) approx. 485 x 190 x 36 mm (packaging)

## COMPACT CORDED KEYBOARD

### FACTS & FEATURES

- Mechanical individual keys with membrane contact switches (FTSC technology)
- High quality and compact 19" PC keyboard - space-saving and ergonomic
- Codeset 3 support (PS/2 connection only) e.g. for Unix computers
- Robust and reliable
- High-quality keyboard for professional use
- Can also be delivered without „Windows® keys“ (101/102 keys)

TECHNICAL DATA	
Weight (incl. packaging)	approx. 1600 g
Dimensions	approx. 405 x 180 x 44 mm (keyboard) approx. 460 x 270 x 50 mm (packaging)
Length of cable	approx. 1,75 m
Number of keys	101 / 104
Current Consumption	typ. 16 mA

PART NUMBER	COLOR	CONNECTION	NUMBER OF KEYS
G81-1800LPAUS-0	Light grey	PS/2	101

## CHERRY MW 3000

### WIRELESS MOUSE

#### FACTS & FEATURES

- Non-slip rubber on the sides
- Nano USB receiver: able to stay in the notebook permanently
- 5-button mouse: infrared sensor and adjustable resolution (1000/1750 dpi)
- Optimized for use with the right hand
- Interference-free, wireless 2.4 GHz technology (with a range of approx. 5 m)
- On/off button, for additional energy saving

#### TECHNICAL DATA

Number of keys	5 buttons
Weight (incl. packaging)	approx. 208g
Dimensions	approx. 106 x 68 x 39 mm
Transmission range	approx. 5 m
Resolution	1000 / 1750 dpi (adjustable)
Current Consumption	max. 4,5 mA

PART NUMBER	COLOR	CONNECTION
JW-T0100	Black	USB

NEW

## CHERRY MW 2300

### WIRELESS MOUSE

#### FACTS & FEATURES

- 5-button mouse: infrared sensor and adjustable resolution (1000/1500/2000 dpi)
- Long battery lifespan thanks to energy-efficient infrared sensor
- Nano USB receiver: able to stay in the notebook permanently
- Optimized for both left-handed and right-handed operation
- Simple installation: no technical knowledge required
- Interference-free, wireless 2.4 GHz technology (with a range of approx. 10 m)

TECHNICAL DATA	
Number of keys	5 buttons
Weight (incl. packaging)	approx. 227 g
Dimensions	approx. 120 x 76 x 38 mm
Transmission range	approx. 10 m
Resolution	1000 / 1500 / 2000 dpi (adjustable)
Current Consumption	max. 7 mA

PART NUMBER	COLOR	CONNECTION
JW-T0300	Black	USB

NEW

## CHERRY MW 2100

### WIRELESS MOUSE

#### FACTS & FEATURES

- 3-button mouse: infrared sensor and adjustable resolution (1000/1500/2000 dpi)
- 18-month battery lifespan thanks to energy-efficient infrared sensor
- Nano USB receiver: able to stay in the notebook permanently
- Optimized for both left-handed and right-handed operation
- Simple installation: no technical knowledge required
- Interference-free, wireless 2.4 GHz technology (with a range of approx. 10 m)

TECHNICAL DATA	
Number of keys	3 buttons
Weight (incl. packaging)	approx. 208 g
Dimensions	approx. 100 x 59 x 38 mm
Transmission range	approx. 10 m
Resolution	1000 / 1500 / 2000 dpi (adjustable)
Current Consumption	max. 7 mA

PART NUMBER	COLOR	CONNECTION
JW-T0200	Black	USB

## WHEEL MOUSE

### CORDED OPTICAL MOUSE

#### FACTS & FEATURES

- Optical sensor for precise movement of the mouse pointer
- Compatible for PCs and Macs via USB connection
- Precise performance with 1000 dpi resolution
- Easy scrolling with the PowerWheel
- Elegant Design, ideal for right- and left-handed users
- Problem-free connection and disconnection, including during operation
- Incl. adapter for PS/2 interface

TECHNICAL DATA	
Number of keys	3 buttons
Weight (incl. packaging)	approx. 155 g
Dimensions	approx. 121 x 63 x 38 mm
Length of cable	approx. 1,80 m
Resolution	1000 dpi
Other	White box

PART NUMBER	COLOR	CONNECTION
M-5400	Light grey	USB (PS/2 via adapter)
M-5450	Black	USB (PS/2 via adapter)

## GENTIX

### CORDED OPTICAL ILLUMINATED MOUSE

#### FACTS & FEATURES

- Reliable corded mouse with three keys and optical sensor
- Striking light on sides and scroll wheel
- Rubber side surfaces and rubber scroll wheel offer improved grip
- Symmetrical design: suitable for left and right-handed users
- High-resolution optical sensor with 1000 dpi resolution for precise and flowing cursor control
- 1.8 m cable with USB connection for use on the laptop and PC

TECHNICAL DATA	
Number of keys	3 buttons
Weight (incl. packaging)	approx. 164 g
Dimensions	approx. 112 x 69 x 35 mm
Length of cable	approx. 1,80 m
Resolution	1000 dpi
Current Consumption	max. 100 mA

PART NUMBER	COLOR	CONNECTION
JM-0300	Black	USB

# eHEALTH. ORIGINAL CHERRY.

SPECIAL KEYBOARDS AND READERS OPTIMIZED  
FOR USE IN HEALTH CARE.

Proven solutions are vital. CHERRY has decades of experience in the development and production of high quality specialist input devices.

CHERRY is an innovator in this field. We are the only manufacturer that enables the new German health insurance cards to be read directly in a keyboard. CHERRY supplies a highly specialized range of keyboards and terminals for the health care branch.

Whatever you desire for your eHealth applications, CHERRY can develop the custom solution to suit your needs.

NEW

## EZ CLEAN™ 4100 eHEALTH KEYBOARD

### FACTS & FEATURES

- Mechanical – CHERRY ML keyswitch technology with Gold Crosspoint contacts
- Combo interface: USB with PS/2 adapter
- 2 Year warranty on keyboard
- 1 Year limited warranty on cover assembly
- Compact, ultra slim, 83 keys, US key layout
- Soft, flat, easy to clean silicone cover
- 20 million key operations (keyboard)
- 10 million key operations (cover)

TECHNICAL DATA	
Dimensions	approx. 297 x 147 x 27 mm (keyboard)
Length of cable	approx. 2,50 m
Interface	USB / PS/2 combined
Power input	typ. 16 mA
Keyboard layout	86 key layout with Windows® keys

PART NUMBER	COLOR	CONNECTION
EZN-4100LCMUS-2	Black	USB (PS/2 via adapter)

NEW

## EZ CLEAN™ 5200 eHEALTH KEYBOARD

### FACTS & FEATURES

- Flat snap on silicone cover allows for easy cleansing and infection control
- Cover tested to withstand most common hospital disinfectants
- Individual keys with Gold Crosspoint contacts (ML technology)
- Designed for continuous usage: over 20 million operation
- Ideal for limited space and 15" applications
- Plug and Play
- Supports Code Set 3 and Unified POS
- Pluggable feet for adjusting the tilt of the keyboard

TECHNICAL DATA	
Dimensions	approx. 297 x 147 x 27 mm (keyboard)
Interface	USB with PS/2 Adapter
Power input	typ. 25 mA
Keyboard layout	103 (international) / 104 (European)

## BACKLIT

### WASHABLE KEYBOARD

#### FACTS & FEATURES

- Compact, unique, easy-to-clean
- Rugged, sealed, single piece silicone key matrix prevents trapped bacteria
- NEMA-4 rated for fluid resistance
- Suitable for use with common hospital chemicals and disinfectants
- CLEAN key temporarily disables keys, allowing rapid cleaning without PC disconnect and quick resumption of usage
- Integrated, sealed pointing device—no mouse needed
- 3 backlit settings for illumination intensity
- Pre-tapped mounting holes for easy installation

TECHNICAL DATA	
Interface	USB 1.1
Dimensions	approx. 290 x 163 x 48 mm [keyboard] approx. 310 x 202 x 53 mm [packaging]
Length of cable	approx. 1,10m
Compact size	83 position US key layout
Current Consumption	typ. 250 mA with backlighting at max brightness
Technology	Feedback: tactile
Material	Industrial silicon rubber
Mounting	Vesa mount

## WIPEKEY

### IP55 KEYBOARD

#### FACTS & FEATURES

- Membrane technology provides dust, dirt, and jetting water protection
- Designed for continuous use – more than 10 million key operations
- High reliability and uniquely precise tactile keying
- Full 85 US key layout
- Ultra slim: overall height only 19 mm
- Usable with standard drivers of the operating system
- Ideal for use with space limitations
- IP55 pointing device and key field

TECHNICAL DATA	
Interface	USB 2.0
Dimensions	approx. 370 x 139 x 20 mm [keyboard] approx. 396 x 210 x 43 mm [packaging]
Length of cable	approx. 1,50m
Compact size	85 position US key layout
Current Consumption	typ. 40 max
Keys life	10 million operations

PART NUMBER	COLOR	CONNECTION
J84-4300LUAUS-2	Black	USB

# SECURITY. ORIGINAL CHERRY.

UP-TO-DATE SECURITY TECHNOLOGY – SEAMLESSLY  
INTEGRATED IN KEYBOARDS AND INPUT DEVICES.

Innovative technology for the highest requirements. CHERRY has decades of experience in the development and production of secure input devices.

The very latest security technology is available from CHERRY. We offer a wide range of uncompromising products and support you in the planning and implementation of your requirements. Of course, this includes all the important approval regulations and directives.

Whatever you require for your security needs – you can rely on CHERRY. Input devices that simply couldn't be more practical and reliable.

## SMARTBOARD CORDED KEYBOARD

### FACTS & FEATURES

- USB 2.0
- Secure PIN entry
- PC/SC Smart card reader
- Ct-API and OCF support
- Protocols: T=0, T=1, S=8, S=9, S=10
- CCID compatible
- Reading/writing ISO 781-compliant chipcards
- EMV 2000 Level 1 approved
- FIPS 201 Certified and TAA Compliant

TECHNICAL DATA	
Weight (incl. packaging)	approx. 840 g
Dimensions	approx. 458 x 170 x 52 mm (keyboard) approx. 495 x 200 x 55 mm (packaging)
Length of cable	approx. 1,80 m
Number of keys	104/105
Current Consumption	max. 100 mA
Interface	USB
Protocols	T=0 and T=1, S=8, S=9 and S=10
Mating cycles (chip card reader)	approx. 100,000

## SMART TERMINAL

### CORDED TERMINAL

#### FACTS & FEATURES

- „Single-handed operation“ through high weight and stable standing
- Secure home banking with your HBCI chip card
- Ideal for access authorisation and data encryption
- High-quality USB smart card reader
- CardMan 3121 compatibly
- USB 2.0-compatible
- PC/SC Smart card reader
- CT-API and OCF support
- Protocols: T=0, T=1, S=8, S=9, S=10
- CCID compatible
- EMV 2000 Level 1 approved
- FIPS 201 Certified and TAA Compliant

TECHNICAL DATA	
Weight (incl. packaging)	approx. 350 g
Dimensions	approx. 75 x 51 x 55 mm (terminal) approx. 128 x 195 x 60 mm (packaging)
Length of cable	approx. 1,75 m
Current Consumption	max. 100 mA
Interface	USB
Protocols	T=0, T=1, S=8, S=9, S=10
Mating cycles (chip card reader)	approx. 100,000

PART NUMBER	COLOR	CONNECTION
ST-1044UB	Light grey / Black	USB

## SMART READER

### CHIP CARD READER

#### FACTS & FEATURES

- ExpressCard™ 54 chip card reader for laptops
- PC/SC chip card reader
- CT-API and OCF support
- EMV 2000 terminal Level 1 approved
- Reading/writing ISO 7816 compliant chip cards
- For Windows 7, 2008, Vista, 2003, XP, 2000, Linux, MAC OS X
- FIPS 201 and TAA Compliant Certified

TECHNICAL DATA	
Dimensions	approx. 75 x 54 x 5 mm (reader)
Interface	ExpressCard™ with 12 Mbps
Protocols	T=0, T=1, S=8, S=9, S=10

PART NUMBER	COLOR	CONNECTION
SR-4300	Silver	ExpressCard™

## FINGERTIP™ ID BOARD

CORDED KEYBOARD

### FACTS & FEATURES

- USB keyboard with fingerprint sensor and an optional PC/SC chip card reader
- Capacitive TCS1 fingerprint sensor from UPEK with TouchChip® technology 256 x 360 pixels
- PC/SC chip card reader, CardMan 3121 compatible (for G83-14400 only)
- For Windows 7, 2008, Vista, 2003, XP, 2000, MAC OS X

TECHNICAL DATA			
Weight (incl. packaging)	approx. 1500 g

# INDUSTRIAL. ORIGINAL CHERRY.

ROBUST KEYBOARDS AND INPUT DEVICES  
THAT YOU CAN RELY ON ANYTIME, ANYWHERE.

With the specially robust and durable products from CHERRY. Our decades-long experience in the development and production of input devices for industry speaks for itself.

CHERRY optimizes industrial products for especially tough operating environments. Durability and performance are top priorities for us. And, of course, integration possibilities – there are CHERRY products for practically every task and usage environment.

Regardless of your operating environment, CHERRY has the reliable products and solutions to withstand the test of time.

## COMPACT CORDED KEYBOARD

### GENERAL FACTS & FEATURES

- Individual keys with Gold Crosspoint contacts (ML technology)
- Designed for continuous usage: over 20 million operations per key
- High degree of reliability and unique, precise keystroke feel
- Ideal for limited space and 11" applications
- Can be used with the standard drivers of the operating system

### FACTS & FEATURES · G84-4100

- Also available without Windows® keys (83/86 keys)
- All the functions of a standard keyboard

#### TECHNICAL DATA

Dimensions	approx. 282 x 132 x 26 mm [keyboard]
Interface	USB, PS/2
Power input	USB: typ. 16 mA / PS/2: typ. 4 mA

PART NUMBER	COLOR	CONNECTION	NUMBER OF KEYS

## COMPLETE CORDED KEYBOARD

### FACTS & FEATURES · G84-5200

- Complete layout with number pad.  
Ideal for applications with frequent input of numbers

#### TECHNICAL DATA

Dimensions	approx. 374 x 139 x 18mm (keyboard)
Length of cable	approx. 2,50m
Interface	USB / PS/2 combined
Keyboard layout	103 (international) / 104 (European)
Power input	typ. 25mA

PART NUMBER	COLOR	CONNECTION
G84-5200LCMEU-2	Black	USB (PS/2 via adapter)

## TRACKBALL CORDED KEYBOARD

### FACTS & FEATURES · G84-5400

- Optical trackball with two mouse buttons for easy cursor control

#### TECHNICAL DATA

Dimensions	approx. 374 x 139 x 20mm (keyboard)
Length of cable	approx. 2,50m
Interface	USB or PS/2
Keyboard layout	88 (international) / 89 (European)
Power input	typ. 35mA

PART NUMBER	COLOR	CONNECTION
G84-5400LPMEU-2	Black	2 x PS/2
G84-5400LUMEU-2	Black	USB

## TOUCHPAD CORDED KEYBOARD

### FACTS & FEATURES · G84-5500

- High quality touchpad with two mouse buttons for convenient cursor control

#### TECHNICAL DATA

Dimensions	approx. 374 x 139 x 18mm (keyboard)
Length of cable	approx. 2,50m
Interface	USB or PS/2
Keyboard layout	88 (international) / 89 (European)
Power input	typ. 35mA

PART NUMBER	COLOR	CONNECTION
G84-5500LPMEU-2	Black	2 x PS/2
G84-5500LUMEU-2	Black	USB

### GENERAL FACTS & FEATURES

- High degree of reliability and precise keystroke feel due to individual keys with Gold Crosspoint contacts (CHERRY ML technology)
- Ideal for continuous usage due to the long service life in excess of 20 million key operations for each key
- Compact dimensions and very low overall height, ideal for restricted spaces and for 15" applications
- Standard measurements and installation dimensions of the complete XS product range – the keyboard can be adapted to any application
- Lightweight – for applications where every gram counts
- Plug & Play – can be used with the operating system's standard drivers
- Supports Code Set 3 and UnifiedPOS
- Pluggable feet for adjusting the tilt of the keyboard

## TOUCHBOARD

### CORDED KEYBOARD

#### FACTS & FEATURES

- Individual keys with Gold Crosspoint contacts (MX technology)
- Designed for continuous usage: over 50 mill. confirmations per key
- Robust and reliable
- Space-saving and ergonomic
- Ideal for limited space and 19" applications
- Can be used with the standard drivers of the operating system
- USB keyboard: the following keys can be programmed freely using KeyM@n software (software macros) in 3 levels (single confirmation in combination with „CTRL“, in combination with „SHIFT“): function keys „F1“-„F12“, „INSERT“, „DELETE“, „POSITION1“, „END“, „PAGE-UP“, „PAGE-DOWN“, „PRINT“, „PAUSE“, comma and zero in the numeric field.

#### TECHNICAL DATA

Weight (incl. packaging)	approx. 1200 g
Dimensions	approx. 415 x 193 x 37 mm (keyboard) approx. 447 x 250 x 45 mm (packaging)
Length of cable	approx. 1,75 m
Number of keys	104/105
Current Consumption	PS/2: 35 mA (keyboard) / 3 mA (touchpad)
Touchpad	Resolution: 1000 dpi / 2 mouse keys

## VANDAL PROOF

### RUGGED KEYBOARD

#### FACTS & FEATURES

- Durable stainless steel keytops and fascia
- 67-key US layout for public-access kiosk applications
- Durable rubber mat switches with crisp tactile action
- Ultra-rugged trackball
- Meets IP67 standards when mounted in suitable enclosure

#### TECHNICAL DATA

Dimensions	approx. 400 x 124 x 19 mm (keyboard)
Length of cable	approx. 1,80 m
Interface	USB 2.0
Compact size	67 position US key Layout
Trackball	Ball diameter: 38mm (1.5 inches) Trackball material: Phenolic lip seal: PTFE /rubber Resolution: 440 edges / revolution Reliability: 50,000 hrs MTBF
Keys	Tactile rubber mat switch / Typical operating force 130 gm / Travel 0.7mm

# POS / POT / MOBILE. ORIGINAL CHERRY.

INDIVIDUAL INPUT DEVICES AND SOFTWARE SOLUTIONS  
FOR POINT OF SALE SYSTEMS.

Ergonomics, durability and high compatibility. CHERRY has decades of experience in the development and production of input devices in the sales area.

From customized keyboard products, terminals and readers to innovative software solutions, CHERRY provides the technology of today and tomorrow. We advise on the planning and integration of CHERRY products and solutions in your POS/POTs and ensure maximum efficiency and flexibility.

Whatever developments you are planning, CHERRY guarantees you reliability and the highest performance levels.

NEW

# iTRANSIGO™

MOBILE POS / POT TERMINAL

### FACTS & FEATURES

- Quickly converts your iPhone® or iPod touch® into a mobile payment/POS terminal
- Pick from a selection of Apple® payment/POS applications
- Fits all generations of iPod touch® and iPhone® 3/4

TECHNICAL DATA	
Communication	Serial interface (RS232)
Magnetic Stripe Reader	3-Track encrypted
Printer	Width: 2" Method: Direct thermal Speed: 80mm/sec
Scanner	2D imager

## ALPHANUMERIC KEYBOARD LAYOUT WITH MSR

### GENERAL FACTS & FEATURES

- Reduced-size keyboard with QWERTY layout
  - Enhanced US 83-position key layout
  - Robust product design with IP 54 spill and dust resistant key field for harsh environments
  - Plug & Play configuration for all common POS features
  - Unique function enhancement with 'CHERRY Tools' virtual programming
  - Fully programmable keyboard for quick function calls
  - Option for unlimited programmability of all keys in up to 3 layers provides convenient data access
  - High performance 3-tack magnetic stripe reader with freely programmable headers and terminators for each track
- Powerful 'CHERRY Tools' configuration software allows for quick product set up and configuration
  - Comprehensive UPOS support for Windows and Linux support of client-server architectures

### GENERAL FACTS & FEATURES

- Available as a standard or compact version
- Mechanical individual keys (CHERRY FTSC technology)
- Designed for continuous usage: over 50 million operations per key
- Programmable magnetic card reader
- Integrated memory
- OPOS and JavaPOS for Windows® and Linux
- Supports client-server architectures
- G81-7000 as a space-saving model – only 405 mm wide

#### PS/2 keyboard

- 43 programmable keys

#### USB keyboard

- Fully programmable keyboard
- Statistics provided via WMI

- Programming type can be selected – physically (memory) or via software macros

#### Magnetic card reader

- 3 track reader
- Freely-programmable header and terminator per track
- Filtering and replacement of magnetic card data (USB keyboard)
- Adjustable transmission of the start and end characters (sentinels) (USB keyboard)
- Freely selectable output sequence of the tracks (USB keyboard)
- Optional output of LRC bytes (USB keyboard)
- ALT sequence programming (USB keyboard)
- For Windows 7, Vista, XP, 2000 and Linux

KBCV-8113W	all	G80-8113 models

\* Trackball lies in a hole punched in the film. Keys are under the film.  
\*\* Touchpad covered by film. This ensures the touchpad functionality.

# FEEL THE KEY DIFFERENCES

## KEYBOARD TECHNOLOGY

The most important properties of a computer keyboard are the actuation force and actuation path – the haptics. Due to its optimum key haptics, secure contacts and high quality of its keyboards, CHERRY has managed to become the market leader in Europe in the field of business and professional keyboards over many years.

### IN PRINCIPLE, THERE ARE THREE FUNDAMENTAL TECHNOLOGIES BEHIND CHERRY KEYBOARDS

- Keyboards with mechanical individual modules on a circuit board (MX and ML)
- Keyboards with mechanical individual keys on contact membranes (FTSC)
- Keyboards with an elastomer dome on a contact membrane (NTK, ATK, LPK, SX)

All of these technologies – regardless of whether mechanical or elastomer keys are in use – are characterised by long or extremely long service lives and guarantee reliable functionality, even in tough operating conditions. All of our CHERRY keyboards retain their key labelling, which is rich in contrast and non-wearing during their service lives.

MX technology

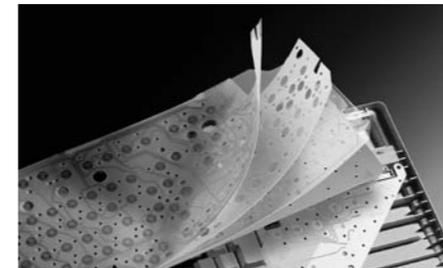

ML technology

### 1. TECHNOLOGY WITH MECHANICAL INDIVIDUAL KEYS

This category includes MX and ML.

In the MX/ML technology the key caps are mounted on individual modules that are located on a circuit board. They behave like small switches that close a contact on actuation. This contact is then processed by evaluation electronics. With both technologies, we use our special Gold Crosspoint contacts for high switching security and long service life.

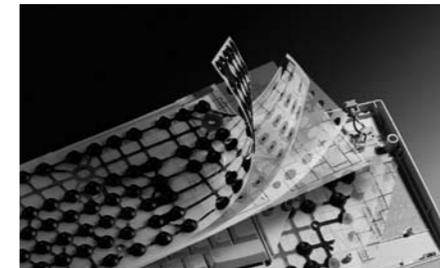

The keys enable the installation of decoupling diodes which facilitate particularly quick key recognition times. The construction of these key-modules gives the user a precise feel, with MX available in three types – linear, soft or “click”; with ML we offer a soft pressure point.

FTSC technology

### 2. KEYBOARDS WITH MECHANICAL INDIVIDUAL KEYS ON CONTACT MEMBRANES

FTSC technology involves individual modules that are attached to a sturdy metal panel via a contact membrane film. The switch function is not made in the module itself, but in the membrane film. This technology ensures an extremely long service life.

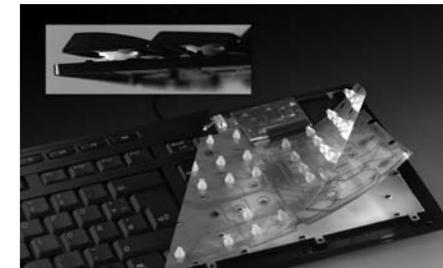

NTK technology

### 3. KEYBOARDS WITH ELASTOMER DOME ON A CONTACT MEMBRANE

The key caps are integrated directly in the upper casing part (except for SX). Every time a key is pressed, the key meets a malleable elastomer dome. This creates the feeling of actuation and switches the contact membrane located below.

The key-pressing feeling is largely influenced by the properties of the rubber mat and the length of the key guide in the housing. The various models of this technology differ in terms of the possible height of the keys.

The flattest keyboards are produced using the SX series keys, made possible with the addition of a scissor mechanism under each key. This gives the lowest possible key height and also gives soft, whisper key-strokes with its special key guides.

SX technology

LPK technology

## INGENIOUSLY SIMPLE SOLUTIONS THAT MAKE YOUR KEYBOARD OR MOUSE EVEN MORE VERSATILE

### KEYM@N

KeyM@n is a very powerful and versatile software application. It enables you to freely assign additional keys and buttons on the keyboard and mouse. You can assign links, programs, system functions and even freely definable text. This means you can call up frequently used functions at the touch of a button.

#### KeyM@n for Windows®

Current software version 3.5

Operating systems: Windows 2000, Windows XP, Windows Vista  
 Languages: English, German, French, Spanish, Italian

### SOFTWARE UPDATES

The current version of our software is available as a free download under <http://support.cherry.de>

### PROTECTOR SUITE 2009

The Protector Suite 2009 is a security software application for notebooks and desktop computers. The user can administer logging onto the operating system securely. They can also replace passwords for websites with a fingerprint and save confidential information in an encrypted form. Intuitive user guidance minimises support costs and raises user acceptance.

**Windows Logon/Windows Lock:** Secures Windows logon with a fingerprint

**Fast User Switching:** Allows every user to access his account with a fingerprint

**Password Bank:** "Learns and saves" passwords for single sign-ons (SSO) to websites and Windows® applications

For Windows 7, Vista and XP with Microsoft .NET 3.0 and above.

### CHERRY TOOLS

#### Configuration software

CHERRY Tools allows you to edit the configuration of your keyboard, the keys and magnetic card and barcode readers. The configuration settings can be saved as a file. The keyboard need not necessarily be connected to the computer.

#### Functions:

- Configuration of the keyboard and integrated devices (magnetic and readers, barcode readers)
- Programming of keys and additional keys
- Updating the keyboard firmware

#### Supported keyboards:

- MultiBoard (G8x-7xxx and G8x-8xxx series)
- XS keyboards (G84-5xxx series)
- MPOS (G86-5x4xx series)
- SPOS (G86-6x4xx series)
- LPOS (G86-7x4xx series)
- G84-4700 keypad

Can be used under MS Windows® 7, VISTA, XP, 2000, ME, 98 SE

### CHERRY TOOLS RUNTIME

#### Configuration and driver software without user interface

CHERRY Tools Runtime ports existing configuration files onto other computers. It supports software (virtual) programming. If you switch your keyboard to a different computer, the configuration of the virtually programmable keyboard remains on the original computer. The CHERRY Tools Runtime Setup installs your configuration and all necessary drivers on the target computer. It does not install a user interface (GUI – Graphical User Interface) and cannot change configurations.

#### Functions:

- Installs configuration files when switching to other computers (virtual programming only)

Can be used under MS Windows® VISTA, XP, 2000, ME, 98 SE.

### CHERRY OPOS SUPPORT

OPOS (OLE for POS) enables simple integration of different Point of Sale (POS) hardware in the relevant applications. Win32 components in accordance with UnifiedPOS specification.

**Content:** Service Objects and Demo applications

#### Device classes:

- Magnetic stripe readers
- Keyboards
- Barcode scanners

#### Setup variants:

**Local edition:** For installing on standalone systems under the following MS Windows® operating systems 98, ME, NT4 SP6, 2000, XP, XP embedded (no client/server support), VISTA

**Client edition:** For installation on clients under the following operating systems: Windows 2000, XP, XP embedded, VISTA, (supports Citrix Metaframe and MS Windows Terminal Server)

**Server edition:** For installation on servers under the following operating systems: Windows 2000 Server, 2003 Server, VISTA, (supports Citrix Metaframe and MS Windows Terminal Server)

#### OPOS-capable CHERRY keyboards:

- MultiBoard (G8x-7xxx and G8x-8xxx series)
- XS keyboards (G84-5xxx series)
- MPOS (G86-5x4xx series)
- SPOS (G86-6x4xx series)
- LPOS (G86-7x4xx series)

### JAVA POS SUPPORT FOR WINDOWS®

JavaPOS (Java for POS) enables simple integration of different Point of Sale (POS) hardware in relevant applications. Components in accordance with UnifiedPOS specification.

**Content:** Service Objects and Demo applications

#### Device classes:

- Magnetic stripe readers
- Keyboards

#### Setup variants:

**Local edition:** For installation on standalone systems under the following operating systems: Windows 98 ME, NT4 (SP6), 2000, XP, XP embedded (No client / server support), VISTA

**Client edition:** For installation on clients under the following operating systems: Windows 2000, XP, XP embedded, VISTA, (supports Citrix Metaframe and MS Windows Terminal Server)

**Server edition:** For installation on servers under the following operating systems: Windows 2000 Server, 2003 Server, (supports Citrix Metaframe and MS Windows Terminal Server)

#### JavaPOS-capable CHERRY keyboards:

- MultiBoard (G8x-7xxx and G8x-8xxx series)
- XS keyboards (G84-5xxx series)
- MPOS (G86-5x4xx series)
- SPOS (G86-6x4xx series)
- LPOS (G86-7x4xx series)

### JAVA POS SUPPORT FOR LINUX

JavaPOS (Java for POS) enables simple integration of different Point of Sale (POS) hardware in relevant applications. Components in accordance with UnifiedPOS specification.

**Content:** Service objects and the corresponding kernel modules

#### Device classes:

- Magnetic stripe readers
- Keyboards

#### JavaPOS-capable CHERRY keyboards:

- MultiBoard (G8x-7xxx and G8x-8xxx series)
- XS keyboards (G84-5xxx series)
- MPOS (G86-5x4xx series)
- SPOS (G86-6x4xx series)
- LPOS (G86-7x4xx series)
