and point-of-care wall mounts

Mounting and  
Mobility Solutions  
for Your Entire Facility

**JUST  
STAND  
.ORG**

# You can't imitate experience!

Healthy computing starts with understanding the diverse needs required to bring EMR, eMAR, PACS and CPOE to the point of care. With almost 30 years of experience in creating ergonomic solutions for computer users worldwide, and 20 years in healthcare alone, Ergotron is uniquely qualified to help you configure options and design workstations that fit workflow throughout the entire facility.

**Collaborate** with dedicated healthcare leadership and caregiving professionals worldwide

**Choose** from a broad solutions-based portfolio offering ease of motion, true ergonomic designs, and space-saving technologies

**Configure** options to design workstations that fit your workflow throughout the entire facility

**Triangle of Care**

Create the connection between you, your patient and their information

See the "B<sup>#</sup> at the Bedside" movie [movies.ergotron.com](http://movies.ergotron.com)

**Trust our solutions, they're built on real experience**

Since the 1980s Ergotron has been the leader in managing the human interface with computers.

1994      1995      1998

**OSHPD**  
**Office of Statewide Health Planning and Development**

Ergotron's wall mount products received OSHPD OPA Pre-approval numbers for mounting in hospitals and healthcare facilities throughout California on October 13, 2009. These standards help ensure patient safety during an earthquake and help make it possible for facilities to continue to function and care for the injured after an earthquake.

OPA #	Applicable wall mount solution/configuration
2338-07	Wall Track and all possible associated arms – direct to stud (16" on center)
2339-07	Wall Track and all associated arms (including StyleView Vertical Lift) – external mount
2341-07	StyleView Vertical Lift – internal mount
2340-07	StyleView Enclosure – direct to stud (16" on center)

To learn more about Ergotron's commitment to OSHPD compliance visit [www.ergotron.com](http://www.ergotron.com).

Ergotron products allow computer systems to be easily and ergonomically positioned for any user. The effect? Minimizing space requirements and maximizing efficiency.

- **Ease of motion**—quick adjustment; easily maneuver to the point-of-care
- **True ergonomic designs**—create a comfortable work environment for you
- **Space-saving technologies**—place equipment where needed

See how Ergotron products are used every day.

①

## LX Wall Mount System

Complete, compact wall-mount workstation

- ① Effortlessly and independently position the LCD and keyboard to the most comfortable viewing and typing position, all while maintaining eye contact with your patient
- ② Articulating arms feature full tilt/pan capability and 13" (33 cm) height adjustment, providing premium ergonomic adjustment
- ③ Extends LCD up to 25" (64 cm); keyboard tray extends up to 35" (89 cm); push your display and keyboard out of the way when not in use
- ④ Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position during data entry—avoid repetitive-stress injuries while increasing comfort and productivity
- ⑤ Save space—fold up the workstation tight against the wall when not in use

⑤

## StyleView HD Combo

Wall-mount workstation with single-motion adjustment

- ① Patented CF lift-and-pivot motion technology provides premium 5" (13 cm) LCD height adjustment, portrait/landscape rotation, 30° tilt
- ② Extends/retracts LCD and keyboard up to 39" (99 cm). Total folded system depth as little as 12" (30,5 cm)
- ③ Optional 18" (46 cm) extender arm increases range of motion for even greater reach
- ④ Clean, concealed routing of cables through expansive cable management system

## StyleView Vertical Lift

Compact ergonomics, extremely low profile

- ① Ergonomic negative-tilt slide-out keyboard tray (with left/right mouse tray) ensures neutral wrist position—avoid repetitive-stress injuries. Vertical Lift Auto-Retracting Keyboard Kit available Americas only, High Traffic models (97-487-800 black/white/grey)
- ② 9" (23 cm) vertical adjustment enhances ergonomics for multiple users
- ③ Integrated cable management system can be configured on either side
- ④ Patient Room: side-to-side pan of keyboard and display promote patient-caregiver interaction
- ⑤ High Traffic Areas: total folded system depth as little as 4" (10,2 cm)

## StyleView VL Enclosure

Compact, secure workstation

Keyless locking mechanism protects equipment and patient data, for patient record privacy and HIPAA compliance

Side-to-side pan of keyboard and display promote patient-caregiver interaction

9" (23 cm) vertical adjustment and 5" (13 cm) slide-out keyboard tray enhance ergonomics for multiple users

Low profile and narrow wall footprint are perfect for space-constrained areas

Leveraging 20 years of experience in healthcare, we have added an extensive line of Electronic Medical Record (EMR) and Patient Healthcare Delivery (PHD) carts to the industry-leading StyleView portfolio.

## EMR Carts

### Electronic Medical Records

Attractive, lightweight and ergonomic, these carts meet the individual needs of the caregiver while supporting the application-specific needs of point-of-care.

- ① True ergonomics! Accommodates the largest range of caregiver heights with single-motion adjustment for sitting or standing and bifocal users; StyleView carts help promote caregiver wellness
  - ② Ergonomic back-tilt keyboard tray with left or right mouse tray ensures wrists remain in a neutral position during data entry. LCD and keyboard swivel side-to-side for closer access while interacting with patients
  - ③ Push-button Ethernet ready-on function embedded in worksurface: awakens enclosed computer from energy-saving hibernation mode with the touch of an external button—facilitates easy compliance with EnergyStar 4.0 guidelines
  - ④ Lockable, ventilated enclosed storage for closed laptop, thin client or CPU up to 15.75"W x 14.75"D x 3.75"H (40 x 37.5 x 9.5 cm). Keys and locks are heavy-duty
  - ⑤ Surfaces are treated with Agion® Antimicrobial for product protection; handles are smooth and continuous for improved cleanability
  - ⑥ Durable, easy-to-clean exterior composed of aluminum, high-grade plastic and zinc-plated steel promotes infection control
  - ⑦ Fifth-generation power system and easy to replace batteries: Sealed Lead Acid (SLA) battery technology remains the safest and most cost-effective solution available
  - ⑧ StyleView's small footprint, with ultra-smooth gliding casters, travels across carpeted or hard floors with ease—perfect for moving within space-constrained areas
- For patient and caregiver safety, the cart and power system are certified to UL 60601-1 and NFPA leakage current limits
- Environmentally responsible: RoHS, REACH, WEEE and EU (94/62/EC) packaging compliant

# Superior ergonomics and maneuverability for the largest range of nurses

## StyleLink™

FREE!

Includes **FREE** StyleLink™ with enterprise capabilities—Install, access and manage your StyleView power systems and drawers from a remote location across WAN, LAN, or VPN. StyleLink's three-part software package maximizes your IT tech-support time by giving you real-time centralized control over carts across campus, the city, country, or the world.

Bifocal viewing adjustment for caregivers and true ergonomics for seated work

Features include worksurface, Ethernet ready-on function and four-port USB hub, scanner holder bracket, mouse holder, wrist rest, back-tilt keyboard tray, left/right mouse tray, rear handle, storage basket, cable storage, four casters (two locking)

	Typical Size	Weight Capacity	Lift	Tilt	Pan	Rotation	VESA
<b>LiFe</b>	See website for EMR LiFe specifications						
<b>LCD Powered</b>	≤ 22"	≤ 35 lbs (16 kg)	Arm 27" (68,6 cm) Lift Pivot 25" (63,5 cm)	Arm 65° Lift Pivot 25°	Arm 180° Lift Pivot 24°	Arm 360° P/L Lift Pivot 90° P/L	MIS-D

# PHD Carts

## Patient Healthcare Delivery

### Improved workflow for nurses

Ergotron's innovative, truly ergonomic and easy-to-maneuver PHD healthcare carts offer caregivers simple, flexible and efficient non-controlled medication management at the point-of-care. Features include an auto-locking drawer system that lets caregivers choose the configuration that best meets their individual needs, sit-to-stand height adjustment, independent screen positioning and an adjustable back-tilt keyboard tray.

PHD powered carts now available with LiFe (Lithium Iron) battery technology

FREE!

Enterprise Management: **FREE** StyleLink Software secures access to drawers and allows remote monitoring/configuration with established Microsoft tools

**EXPERIENCE** the difference with our Global Service Program

- ① True ergonomics! Accommodates the largest range of caregiver heights with single-motion adjustment for sitting or standing and bifocal users; StyleView carts help promote caregiver wellness
- ② Surfaces are treated with Agion® Antimicrobial for product protection; handles are smooth and continuous for improved cleanability
- ③ Ergonomic back-tilt keyboard tray with left or right mouse tray ensures wrists remain in a neutral position during data entry. LCD swivels side-to-side for closer access while interacting with patients. Four amber LEDs provide light over keyboard tray; includes 15 minute auto shut-off
- ④ Button for LED lights and Ethernet ready-on is now located conveniently on worksurface
- ⑤ Simple and efficient non-controlled medication management at the point-of-care reduces opportunities for errors
- ⑥ Lockable, ventilated enclosed storage for notebook up to 2" (5 cm) thick. Keys and locks are heavy-duty
- ⑦ Barcode scanner holder provides easy access to hand-held scanner
- ⑧ Fifth-generation power system and easy to replace batteries: Sealed Lead Acid (SLA) battery technology remains the safest and most cost-effective solution available
- ⑨ StyleView's small footprint, with ultra-smooth gliding casters, travels across carpeted or hard floors with ease—perfect for moving within space-constrained areas

Easy access to components for field replacement and serviceability: Fan, keyboard LEDs, PC boards (including the user interface). Easier, faster upkeep and service means less down time

TAA (Trade Agreements Act) compliant

Universal mounting slot for accessories and equipment

A unique cable management system conceals and organizes cords, making cleaning easy

Ships fully assembled and is easily accessible from container

For patient and caregiver safety, the cart and power system are certified to UL 60601-1 and NFPA leakage current limits

Environmentally responsible: RoHS, REACH, WEEE and EU (94/62/EC) packaging compliant

Designed to meet guidelines established by the American National Standards Institute for computer use

One-piece worksurface, no seams, easy to clean design promotes infection control

Pre-routed cables provide quicker integration with equipment

Features include Auto-locking drawer system with 1, 2, 4, or 6 drawers, worksurface, Ethernet ready-on function and four-port USB hub, scanner holder bracket, mouse holder, wrist rest, back-tilt keyboard tray, left/right mouse tray, rear handle, storage basket, cable storage, four casters (two locking)

	Typical Size	Weight Capacity	Lift	Tilt	Pan	Rotation	VESA
<b>Life</b>	See website for PHD Life specifications						
<b>LCD Powered</b>	≤ 22"	≤ 39 lbs (17,7 kg)	25" (63,5 cm)	25°	24°	90° P/L	MIS-D
	Includes two-battery 66 Ah power system, 10-foot coiled cord, four hospital-grade AC outlets, power system user interface, StyleLink software, secure CPU compartment, 5" (13 cm) lift monitor pivot
