

FS-C8500DN

The Kyocera FS-C8500DN ECOSYS color printer builds on the power, performance, quality and ultra-reliability that are hallmarks of our high volume printer products.

Fast output speeds of 55 ppm black and 50 ppm color maximize print efficiency for busy workgroups. Advanced functionality and a host of standard features enhance productivity, while Kyocera's award-winning long life technology significantly reduces the frequency of replacing components.

With the FS-C8500DN, your customers can be confident they have the unparalleled quality, security and efficiency their high volume output demands.
