

R2308 2U Server

Overview

2U E5 2600 V4 Xeon Intel Server
8) 3.5" or 2.5" Hot Swap Drive Bays
Intel long life architecture
Extra Cooling
Reliable 24x7 operation
Front/Rear USB 3.0 ports
Heavy duty shipping container

Intel Dual Xeon E5 2600 Server

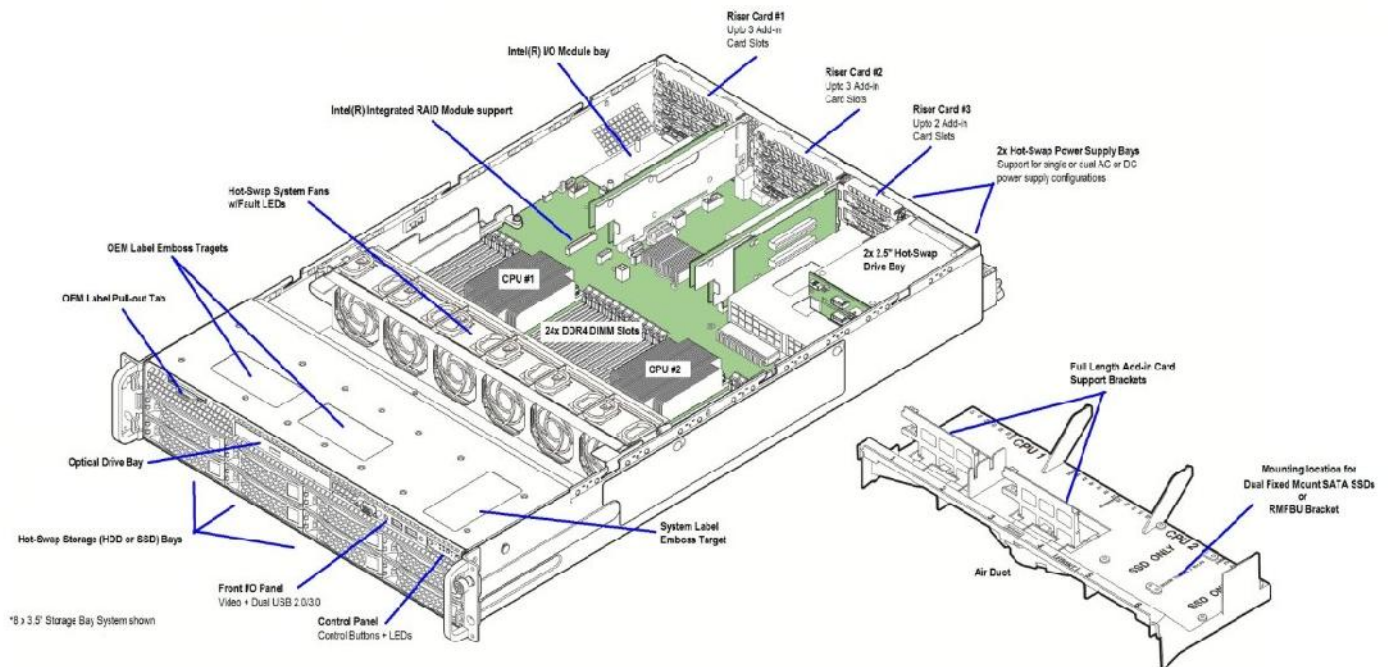

The R2308 rackmount server is the most powerful, flexible, and efficient 2U server solution featuring the Intel® Xeon® Processor E5 Series. This rackmount server built with both the Intel® server board and processor deliver the best combination of adaptive performance, energy efficiency, and intelligent flexibility to meet evolving and diverse needs. Expand your possibilities with these brilliantly powerful and versatile server solution.

- Enterprise Servers
- Cloud Computing
- High Performance Computing

R2308 Features:

Single or Dual E5 Xeon 6 processor, 16G DDR4 Ram, Dual 500GB Enterprise drives for OS, DVD R/W optical drive, 1100 Watt Dual redundant power supply, 6) PCIe & 2 PCIe low profile expansion slots, Integrated graphics, audio, and Ethernet, keyboard & Optical mouse. Front dual & Rear quad USB 3.0 ports, dual serial ports, and quad gigabit Ethernet ports. Heavy Duty shipping container with provisions for materials.

Example Configuration

 Ross Technologies Group, LLC			
4387 36th Street Orlando, FL 32811 Phone: 407-872-0874 Fax: 407-872-0791			
Embedded Computing <i>..... For a Competitive Edge</i>			
RS2308-VMS Server Only			
Qty	Part #	Description	
1	R2308WTTYSR	2U Server Chassis & Dual Socket MB, 1100 watt Auto ranging	
2	E5 2620	Xeon 6 Core E5 2620 Processor V4	
8	4G-1600-ECC	CT4G4RFS8213 2133 , 4GB memory (4 Sticks per CPU) 32GB	
2	500GB-HD	WD5003ABYZSP Server Class 500GB 7200RPM, Serial ATA III	
1	DVD-R/W	DVD-R/W	
1	KBMC-USB	USB Keytronics Optical mouse & keyboard combo	
1	AXXPRAIL	2U Premium Rails	
1	AXX1U2UCMA	Cable Management Arm	
1	RTG-ASSEM	Assembly, integration, configuration, test	
1	AXX1100PCRPS	1100W AC Reduntant PS	
Optional Raid Controller			
1	RS25AB080	Raid Controller (current model)	
1	RS3DC080	Raid Controller (replacement)	

RS2308 with 8 bays, DVD-RW
