

Gaskets For Japanese/Korean Vehicles

GASKET

PARTS CATALOG

2013

Where sealing is business

 - the source

Completely Original.Originally Complete.

Stone gasket set contents are originally designed from the hands-on survey of repair services. Every Stone set contains all component parts needed to complete the service work.

Reliable O.E.Quality

Every Stone gasket is designed,engineered and manufactured upon O.E.specifications plus expertise and experience of serving the engine maintenance industry.

Inventory Cost Decrease

Every single Stone gasket set applies to many more different engine versions and vehicle models. Considerably less number of different gasket sets in your inventory will build up significantly larger business volume.

Warranty

Stone products are warranted against wear and defect when used on private passenger cars and light trucks under normal operating condition and when properly installed and maintained.

Custom-made Gaskets

Stone is the most reliable source of custom-made special gaskets on individual customer's inquiry basis, such as for transmissions, exhaust system,racing vehicles.Stone is also the pioneer of non-asbestos gaskets.

Gaskets used in automobile engine

How to use this catalog

The Contents of **Stone** gasket sets may differ from those of O.E. service sets, as **Stone** may contain extra gaskets and seals for wider application to different engine versions and vehicle models, and for complete engine service work with one set.

Stone reserves the right to change the contents of the gasket sets, the material of each component and the price, with or without prior notice.

Only represented **vehicle models** are listed.

Year application is based on model years for Japanese market.

STONE NUMBER

Only a **representing** or most up-to-dated part number is nominated.

● The following symbols are used against certain sets;

★: Denotes sets containing valve stem seals.

○: Denotes sets containing engine oil seals.

Mark ○ in the Head Set Column denotes sets containing camshaft oil seal.

Note: "Crankshaft front oil seal" might be included according to the model.

● In this catalog, popular gaskets and oil seals are listed but other gaskets and oil seals for all Japanese vehicles are also available.

● The representative models are listed in application column.
