Through our collective buying power, your IMCO dealer can provide you with name brands as well as low cost alternative products manufactured under the IMCO label. As an IMCO customer, you have a wide variety of choices, assuring you both quality and service.

Authorized distribution varies geographically. There are also many products that are available but not listed in this catalog. Contact your local authorized IMCO dealer to provide you with competitive pricing and the highest level of service.

Ritter 204 Examination Table

The Ritter 204 Manual Exam Table. Featuring the latest in design, comfort and functionality in a manual exam table, it truly offers efficient patient care.

Features, such as one-piece seamless drawers have easy-to-clean rounded edges and are designed to contain spilled fluids, keeping them from other areas of the table, thereby improving infection control. The ergonomic design of the upholstered top is as soft and comfortable as it looks, leaving your patients feeling more relaxed. The one-piece, seamless upholstered top can be easily removed without tools, allowing a thorough cleaning or a quick upholstery color change. We increased the size of the footstep to allow patients to feel more secure and get on the table more confidently... putting minimal strain and stress on physicians or their staff. The step has an easy-to-clean, slip resistant surface with rounded edges for added security. Three spacious side drawers provide plenty of storage volume for gowns, drapes, and other items, yet are made to help organize your assortment of smaller supplies and bulk supplies. In addition, there are two front drawers for easy access to items during pelvic exams. The Ritter 204 is designed to safely support 500 pounds. Available in 7 standard Ritter colors

4443-204 Ritter 204 Examination Table

Ritter 222/223 High-Low Power Examination Table

The new industry standard, the Ritter 222/223 lowers to 18 inches, making it easier for patients to get on the table... without putting excess strain on the patient, physician or staff. The incredible low height makes the Ritter 222 accessible for all patients such as elderly, expectant mothers or patients with disabilities. Once a patient is on the table, with a touch of the foot control, the Ritter 222/223 allows precise patient positioning with minimal effort on everyone's part. Dimensions: 26.5" W x 57.5" L (Extends to 74.5"), Height Min. 18", max. 37". Available in 7 different colors.

4443-222 Ritter 222 High-Low Power Examination Table
4443-223 Ritter 223 High-Low Power Examination Table

Midmark 604 Full-Featured Examination Table

The 604 not only looks great... but is the best exam table on the market.

The 604 is user-friendly as its pneumatic cylinder assists in easily placing the counterbalanced top in an infinite number of positions. Release handles on both sides of the top section make positioning easy. A unique

Shown with optional Ultra-Premium upholstery

“flex” storage concept allows changing to either right-hand or left-hand access without the use of tools. Unique elastomeric material stretched over a seat cut-out is designed to enhance patient comfort for a “chair-like” feel in an exam table. The upholstery is removable and available with optional heater. The Exam Assistant™ Fold-Down Drawer System provides an area to store basic pelvic and examination supplies at your fingertips. Its unique fold-down front can also turn into a work shelf for examination assistance. A large foot step, with a new rubberized, easy-to-clean pad makes this footstep slip-resistant. The large footstep has bright yellow edging to assist the visually impaired in seeing the step edges clearly. The solid construction of this table can support larger patients up to 500 pounds, as well as provide many years of use. Available in 6 solid colors, 6 designer patterns and 6 ultra-leather upholstery colors.

4443-604 Midmark 604 Full-Feature Examination Table

Ritter 222

Ritter 264 Dressing Nook

The Ritter 264 Dressing Nook gives your patients the privacy they want, yet at 6 3/4" deep when closed, you'll hardly know it's there. It looks like a door. But open it, and it becomes a three-walled dressing chamber. There's even an acrylic mirror and room for a chair. Available in 7 standard Ritter colors.

4443-264

Ritter 264 Dressing Nook

Midmark 75L and 75LP Full-Featured Procedures Tables

To help keep you and your staff fresh and alert all day, the Midmark 75L does the heavy work. Full eight-way power,

essential low height, unprecedented patient comfort and a multitude of efficiency features significantly improve your practice, making the Midmark 75L the table of choice. With a low height of 19 inches and an exclusive Premium Comfort System(tm), the 75L provides easy access for patients who are pregnant, elderly, or have disabilities. This drives efficiency into your practice by enabling patients to access the table themselves, while helping you and your staff position patients quickly and efficiently. Not only can the Midmark 75L be used in Family and General Practice, but also in OB/GYN, Internal Medicine, Dermatology, Plastic Surgery, Colon and Rectal, General Surgery, and other specialties. And, with over 30 accessories to choose from, you have the flexibility of ordering just what you need. Our goal is to make your practice more productive by offering the Midmark 75LP model, which includes the additional feature of programmability. You can simply program the table to your four favorite positions, and it will move quickly and precisely, every time. Available in 6 solid colors, 6 designer patterns and 6 ultra-leather upholstery colors.

Midmark 75LP Procedure Table

4443-75-020

Midmark 75L Procedure Table

Ritter 75e Procedures Table

As the practice of medicine changes, more procedures are being performed in the office than ever before, making efficiency essential. Sometimes positioning patients can be a difficult task when dealing with the less mobile, elderly, and special needs patients. The Ritter 75e

Power Procedures Table, with its 22.5" low height and multi-positioning capabilities, improves office efficiency by allowing you and your staff to easily position patients with the touch of a button; reducing the likelihood of fatigue, back and neck strain, and workplace injury. The Ritter 75e is a power procedures table with basic features, making it very affordable. Better yet, the Ritter brand has been providing quality products to clinics for over 50 years and is recognized as an industry leader. With knee-chest positioning, the foot support can be easily reconfigured, and the table properly positioned, to set up the knee-chest position for colon and rectal examinations and procedures. Available in 7 standard Ritter colors.

4443-75-019

Midmark 75e Procedure Table

Ritter 244 Bariatrics Treatment Table

With an 850 pound patient weight capacity, the Ritter 244 is ready, willing, and able to safely lift your special needs patients time and time again. By lowering the seat to 18 inches, the Ritter 244 performs this sometimes difficult task. It becomes a very simple routine requiring minimal assistance from you and your staff. The patient's dignity is maintained and the likelihood of injury is greatly reduced, thus providing efficient patient care. The Ritter 244 raises the seat to a height of 34 inches, effectively bringing the patient to you while helping minimize the stress and strain on your back. By having the patient in the right position, the exam can be completed properly and efficiently. The Ritter 244 features a 32-inch wide seat that offers unsurpassed patient comfort and support for your special needs patients. The seamless design of the upholstery looks great and offers an easy-to-clean surface. The thick foam padding with built-in pillow provides the comfort your patient deserves. Available in 7 standard Ritter colors.

Shown with optional Adjustable Arm System

Clinton Pediatric Table

Nothing relaxes a young patient more than sitting atop a big yellow school bus or bright red fire truck "manned" by cheery dalmations or choose an Australian outback themed buggy. The fun series is jam-packed with what children love- bright colors and friendly animal faces. Features include: easy to clean laminate surfaces; graphics on 3 sides protected with a clear overlay; durable Perma Block top coated vinyl; fire-rated 2" thick foam padding; doors mounted with Euro-Style hinges; large storage capacity; 11 colorful laminates; 20 colors of vinyl and a full line of accessories and graphics are available.

1477-720 Zoo Bus with Jungle Friends, 4 door storage & 3 adjustable shelves, 72"L x 34"H x 27" W

1477-730 Engine K-9 with Dalmation Firefighters, 4 door storage, 3 adjustable shelves, 72"L x 34"H x 27"W

Clinton Theme Series Treatment Tables

- Clinton original themes (Rainforest Follies, Cool Pals, Space Place, Dino Days, Ocean Commotion, Alley Cats and Dogs)
- Easy to clean laminate surfaces
- All graphics are permanently embedded in the high pressure laminate and will not peel off
- 2" of firm foam padding
- 4 door storage with 2 adjustable shelves
- Slate Gray ends and backs
- Scratch and mar resistant surfaces
- Chip resistant PVC edges
- Premium, stain-resistant, woven, knit-backed vinyl upholstery

1477-7932

Clinton Rainforest Follies Treatment Table (pictured)

Clinton Theme Series Pediatric Scale Table

"A picture is worth a thousand words." And Clinton's Theme Series Scale tables are pictures of fun that need no words.

Choose from Clinton's original theme designs (Rainforest Follies, Cool Pals, Space Place, Dino Days, Ocean Commotion, Alley Cats and Dogs). Brightly adorned and bursting with color, these whimsical scenes will enchant and delight young patients

and parents alike.

Midmark and Ritter Exam Room Casework

Casework combines utility and beauty giving the contemporary style you want and the function you need. The durable cabinets and mobile carts offer different configurations to maximize storage and space in your exam room or facility. Choose from four styles: Basic, Best Value, Managed Care and Traditional Exam Room Casework.

Midmark Modular Casework

Economically designed to look great, and be durable and flexible enough to withstand daily abuse and repeated cleanings. The casework's non-porous steel construction avoids the sagging, warping and rough edges. Seamless drawers made of durable polystyrene contain spills and are easy to clean. Also features quality ball bearing glides, and clear snap-on drawer pulls. Choose from a variety of standard colors to complement your other Midmark exam tables, physicians' seating, sterilizers, surgical table and lights.

Ritter Modular Casework

Ritter understands the needs of healthcare professionals. Their products are not only durable, but flexible in design, to meet your specific needs at an affordable price. Warped doors and drawers with nicks and scratches appear unsanitary and create a negative image of your practice. When you choose Ritter Modular Casework, you can be assured you've invested in quality casework... designed specifically for your medical facility. Features such as seamless polymer covered fronts resist spilled fluids and chemicals and can be cleaned without surface degradation. Polymer-covered drawers with side mounted epoxy slides, rated at 100 pounds, constitute a strong, long-lasting system that stresses affordability. Heavy-gauge steel shell is designed to take the punishment of a clinical setting. Hidden, German-engineered 110 degree hinges give a distinct, clean look to the casework. Door/drawer fronts are available in 7 standard Ritter colors."

Call your IMCO Representative for a complete listing of options and specifications for all Midmark and Ritter Casework.

The Efficient Exam Room... featuring the Midmark 623 Barrier-Free™ Power Examination Table

Midmark designs the most efficient, primary care exam rooms to meet your continually changing needs.

Are you preparing for an increase in patients, especially the elderly, who have difficulty getting onto an exam table? Why not equip your exam rooms with Barrier-Free™ tables that will allow all types of patients to get on the exam table effortlessly... making them feel more comfortable and secure. And, Barrier-Free™ tables help you and your staff by decreasing the chance of back injury, extra labor and unproductive time.

Complete your facility with other Midmark products such as sterilization, casework, lighting, seating and more.

For more information regarding the Midmark 623 and the Efficient Exam Room, please contact your IMCO Representative today.

The Midmark 623 is one of a full line of Barrier-Free™ exam tables, offering the highest level of efficiency, safety, and comfort for both you and your patients.

Because we care.

Now You Can SEND YOUR WEIGHT DATA STRAIGHT TO EMR

With Detecto's 758C Weight Indicator Now Standard On Detecto Medical Scales

DETECTO SCALES now offer SERIAL CONNECTIVITY for output to a printer or PC for efficient Electronic Medical Record keeping. The new PATIENT ID feature allows you to easily enter up to an 11-digit patient ID and print it

along with the weight, time, date, Body Mass Index, and height from a label printer or send the data to a PC. Detecto continues to stay ahead of the curve with the latest in digital weighing technology.

Three Drawer Economy Treatment Cart

3026-ETC-5

Five Drawer Economy Treatment Cart

Harloff Pediatric Emergency Cart

Pediatric emergencies have clinical requirements that are different from adult emergencies. Since children vary in size, and clinicians don't receive enough opportunities to get in depth experience across all these size ranges, Harloff's pediatric emergency carts store the supplies to bridge this gap. After the child is measured, the right sized equipment is selected from the appropriate drawers, where each drawer features its own breakaway lock which ensures immediate access to critical supplies. This drawer configuration utilizes proven clinical methodology and decreases equipment inventory

3074-599KL Waist-High Digital Scale without Height Rod, each

Detecto 8450

This extremely lightweight baby scale can be used either in a permanent location or as a portable scale. The platform, base and padded carrying handles are incorporated into one complete unit making it easy to transport from place to place. Padded side rails and handle covers are slightly contoured ensuring that the baby will be cradled comfortable and securely while being weighed. Measure the infant's length in inches or centimeters with the built-in measuring tape.

1915-8450 Detecto Infant Scale

Health O Meter Digital Pediatric Scale

High performance digital pediatric scale with motion-sensing technology to capture the weights of even the most active babies.

Easy-to-read 1" LCD. Large, stable weighing tray with raised edges for baby's comfort and safety. Weighs in kilograms and pounds/ounces. Waterproof On/Off, Zero/Clear (tare), Hold/Release and Kg/lb buttons. Features include auto-off, auto-zero and low-battery indicator. Measuring tape included (24" x 1/8" / 61cm x 1mm). Powered by 6 AA batteries (included) or AC adapter (not included). Capacity: 44 lb x 0.5 oz / 20 kg x 0.01 kg. 1 year limited warranty. White.

3074-553KL Digital Pediatric Scale

Health O Meter Child Pediatric Scale

This portable, battery operated (9V) pediatric scale offers excellent value. It has a 44lb. capacity, with 1/2 oz. increments and switches to kilograms

easily. The unit has auto-zero, auto-reweigh, weight lock-in, low battery indicator and auto shut-off. Optional carrying case (64769) and the tray removes for easy cleaning. 1 year limited warranty. White.

3074-550KL Child Pediatric Scale

Health O Meter Child Seat Balance Beam Scale

Unique child seat design provides improved safety and comfort. Reduces infant movement for maximum weighing accuracy. Sturdy, ABS plastic seat. Chrome, zinc die-cast, physician balance beam with engraved, paint-filled graduations. Pound and kilo readings. Capacity: 130 lbs. x 1 oz. / 65 kg. x 20 g. 2 year limited warranty. White.

3074-1524KL Child Seat Scale

Health O Meter Digital 2-Piece Platform Scales

Low-cost two-piece digital scale with remote LCD display and 12" x 12" non-slip platform. Its 9' cord allows easy, safe positioning of the display on the wall or on a table with enclosed table-top bracket. Features tare/zero setting. Included are 1 9V battery, AC adapter. Capacity: 400 lbs x 2 lb. / 181kg x 0.1 kg. 1 year limited warranty. White. Now includes RS232 Serial Port.

3074-349KLX 2-Piece Scale, each

Economy 2-Piece Digital Scale

Same features as the 349KLX, but with 8 oz. / 0.2 kg. resolution and no serial port. Silver.

3074-320KL Economy 2-Piece Scale

Detecto DR400-758C

Detecto's reliable DR400-758C digital platform scale is lightweight and portable, making it perfect for mobile clinics, home care nurses, or wherever a portable scale with Body Mass Index is needed. The remote digital indicator comes with a wall-mount bracket and easily mounts on a counter top or wall. The indicator features a large .7"/18mm high-contrast LCD, selectable units, Body Mass Index, pushbutton and keypad tare, and automatic display lock. The 758C quickly calculates Body Mass Index by simply entering the patient's height while weighing. The DR400-758C is battery powered, so you can take the scale anywhere you need it. The unit has a slip-resistant mat to ensure patient safety when getting on and off the scale. Capacity: 400 lb x .2 lb / 180 kg x .1 kg. Platform: 12" x 12" / 305 mm x 305 mm. Optional carrying case available.

1915-DR400-758C Detecto Digital Platform Scale

 - Compatible with all existing Welch Allyn 3.5v power sources
- 6783-26030 3.5v Bivalve Nasal Illuminator (Head Only)

Welch Allyn® PanOptic™ Ophthalmoscope

In 1915, Welch Allyn invented the direct illuminated ophthalmoscope. In 2001, Welch Allyn reinvented the ophthalmoscope with PanOptic™ which incorporates an innovative and patented new optical design called Axial PointSource™ Optics. This enabling technology makes it easier to enter small pupils and provides a dramatically wider, more panoramic view of the fundus that's 5x larger than ever before achieved with a standard ophthalmoscope in an undilated eye. The PanOptic™ works with all of your Welch Allyn, 3.5 volt handles, whether rechargeable battery, desk charger or wall mounted.

6783-11820 PanOptic™ Ophthalmoscope Head w/Cobalt Blue Filter

Welch Allyn® 11720 Halogen Ophthalmoscope

Six apertures for all general & specialist uses. Microspot aperture allows quick visual entry in very small, undilated pupils. 28 lenses from -25 to +40 diopters for better resolution. Cobalt blue filter for detecting corneal abrasions. Illuminated lens dial clearly identifies diopter setting. Coaxial optical system produces shadow-free spot viewing.

6783-11720 3.5v Standard Ophthalmoscope
6783-04900-U Halogen Replacement Lamp

Welch Allyn® CompacSet™ Portable Diagnostic Set

Quality diagnostic set features a full-featured ophthalmoscope and otoscope folded away inside a single handle. The compact ophthalmoscope features halogen illumination, 48 lens combinations, five apertures, and a circular polarizing filter. The otoscope features cool, fiber-optic light transmission, a magnifying lens, and a built-in throat illuminator. Air-tight for pneumatic otoscopy and compatible with all Welch Allyn ear specula. Both instrument heads swivel to allow access from any position. Small enough to fit any pocket, it weighs just 8.5 ounces.

6783-92000 CompacSet™ Diagnostic Set w/AA Batteries & Case
6783-92100 CompacSet™ Diagnostic Set w/Rechargeable 2.5v Nickel-Cadmium Battery, Charging Transformer & Case
6783-92820 PocketScope™ Set with Hard Case
6783-92821 PocketScope™ Set with Soft Case

Welch Allyn® 3.5v Halogen Diagnostic Sets

These sets feature the coaxial ophthalmoscope.

6783-04900 Ophthalmoscope Replacement Lamp

Welch Allyn® 3.5v EpiScope® Skin Surface Microscope

Helps distinguish pigmented skin lesions such as basal cell carcinoma vs. malignant melanoma by providing the ability to magnify, illuminate and measure.

- Provides 10 times magnification and illumination for crisp, clear viewing
- Reticle contact plate facilitates measurement and tracking of lesion growth
- Fits any 3.5v Welch Allyn power source
- Halogen illumination for true tissue color
- Free reference guide available for patient education

6783-47351-SM 3.5v EpiScope with Rechargeable Lithium Ion Handle
6783-47300 3.5v EpiScope (Head Only)

The Products Listed In This Catalogue Represent Only A Portion Of Those Available. Please Call Our Office Or See Your Sales Representative.

Welch Allyn® Universal Desk Charger

- Colored LED's indicate power to unit, and the handles are seated in wells and charging.
- Available with either NiCad handles, or new longer lasting Lithium Ion rechargeable battery handles.
- Advanced circuitry for constant automatic safe charging and optimum lamp performance and life
- Compact for convenience and mobility.
- Optional wall mount kit for permanently mounting to wall or cabinet

- 6783-71630 Universal Desk Charger with 2 NiCad Rechargeable Battery Handles (instrument heads sold separately)
- 6783-71640 Universal Desk Charger with 2 Lithium Ion Rechargeable Battery Handles (instrument heads sold separately)
- 6783-71641-M Universal Charger Desk Set Complete with 2 Rechargeable NiCad Handles, Coaxial Ophthalmoscope, & MacroView Otscope.
- 6783-71811-MP Universal Charger Set Complete with 2 Rechargeable NiCad Handles, PanOptic™ Ophthalmoscope, and MacroView Otscope
- 6783-71811-MPS Universal Charger Desk Charger with 2 Rechargeable Lithium Ion Handles, PanOptic Ophthalmoscope, & MacroView Otscope.

Welch Allyn® 3.5v Rechargeable Power Handle

Accepts all Welch Allyn 3.5v instrument heads. Long life construction of chrome-plated brass. Weight is evenly distributed end-to-end. Smooth, non-abrasive finish ensures a no-slip grip. Rheostat allows for exact power setting.

- 6783-71000 Rechargeable 3.5v Power Handle
- 6783-71055 Rechargeable 3.5v Power Handle & Transformer, Export (Specify Country & Voltage)
- 6783-72200 NiCad Rechargeable Battery, Color-Coded Black

Welch Allyn® 3.5v Convertible Power Handle

Same as rechargeable power handle, but works with either 3.5v rechargeable or 2 C-size batteries.

- 6783-71000-C 3.5v Convertible Power Handle
- 6783-71055-C 3.5v Convertible Power Handle & Transformer, Export (Specify Country & Voltage)
- 6783-72300 NiCad Rechargeable Battery, Color-Coded Orange

3.5V Lithium Ion Rechargeable Handle

Twice the power, half the weight

- Smaller diameter and half the weight of 3.5v Ni-Cad handles
- 120 minutes of operation between charges (compared to 60 minutes for standard Ni-Cad handles)
- Charges in new Universal Desk Charger or with removable AC adapter
- Compatible with all Welch Allyn 3.5v instrument heads
- Low battery indicator light

- 6783-71900 Handle with Removable AC Adapter
- 6783-71910 Handle for use with Universal Desk Charger

Welch Allyn® 767 Wall Transformer with Instrument Heads

Accurate diagnostics within easy reach.

- Offers the flexibility to add on as you grow
- Handle-based rheostats for quick light intensity adjustments
- Modular design provides ability to add third handle or SureTemp® thermometer
- OptiSense™ sensor automatically turns handles on and off when removed and replaced from cradle

- 6783-76710-82M Recommended Family Medicine System 767 Wall Transformer plus: PanOptic Ophthalmoscope (#11820) MacroView Otscope (#23810)
- 6783-76710-81M 767 Wall Transformer plus: PanOptic Ophthalmoscope(#11810), MacroView Otscope (#23810)
- 6783-76710-72M 767 Wall Transformer plus: Coaxial Ophthalmoscope(#11720), MacroView Otscope (#23810)

Welch Allyn® 767 Integrated Diagnostic System

Sphygmomanometer, otoscope, ophthalmoscope, thermometer, probe covers, eartips—all the essential diagnostic instruments and consumables for every Family Medicine exam room, integrated for efficiency and convenience.

- Choice of the revolutionary PanOptic™ Ophthalmoscope or a 3.5v Coaxial Ophthalmoscope
- MacroView™ Otoscope that provides nearly twice the field of view and 30% greater magnification compared to traditional scopes
- Handle-based rheostats for quick light intensity adjustment
- 767 Wall Aneroid with easy-to-read dial face, certified accuracy, and lifetime calibration program
- KleenSpec® Plus Disposable Specula Dispenser, prefilled with ear specula
- Optional—767 SureTemp® Electronic Thermometer for highly accurate oral readings in approximately 4-6 seconds

FOUR COMPLETE SYSTEMS DESIGNED FOR FAMILY MEDICINE, all with MacroView™ Otoscope (#23810), Disposable Specula Dispenser (#52401), and 767 Wall Aneroid (#7670-01):

- 6783-76791-2MP Recommended Family Medicine System
PanOptic Ophthalmoscope (#11820)
767 SureTemp Thermometer (#01767-200)
- 6783-76792-2MP PanOptic Ophthalmoscope (#11820),
Thermometer not included
- 6783-76793-M Coaxial Ophthalmoscope (#11720), 767
SureTemp Thermometer (#01767-200)
- 6783-76794-M Coaxial Ophthalmoscope (#11720),
Thermometer not included

Welch Allyn® 767 Wall Transformer

The All-in-One Package. The 767 Wall Transformer is designed to put everything needed for fast, accurate diagnoses at arm's length. And it does this in a convenient, modular package. The 767 Wall Transformer features:

- Handle-based rheostats for quick light-intensity adjustments
- Comfortable, contoured handles that are easy to hold and maneuver
- High-impact ABS housing that is durable and easy to clean
- Improved cradle design featuring OptiSense™, a reliable optical sensor that automatically turns handles on when they are removed from the cradles.
- New Halogen HPX™ Lamp that provides 30% more light output
- Optional digital clock and pulse timer
- KleenSpec® Plus Dispenser with a large, 200-specula capacity and integral storage area
- Optional third handle module makes expansion a snap

6783-76520 Diagnostic System with clock. Includes 3.5v Wall Transformer and KleenSpec Plus dispenser. Instrument heads not included.

Dispenser for Welch Allyn® KleenSpec® Disposable Specula

Specula are readily available. Eliminates clutter. 10/cs.

- 6783-52401 KleenSpec® Specula Dispenser for Use w/524 Series Disposable Specula for All Diagnostic Otosopes
- 6783-52101 KleenSpec Specula Dispenser for Use w/521 Series Disposable Specula for All Pneumatic, Operating & Consulting Otopopes

Reusable Welch Allyn® Polypropylene Specula

Great choice for those who prefer to use and reuse. May be autoclaved, boiled, or sterilized in solution. Easily attaches to Welch Allyn otoscopes.

Model 24302-U

For Use w/All Diagnostic Otopopes

- 6783-24302-U 2.5 mm Speculum
 6783-24303-U 3 mm Speculum
 6783-24304-U 4 mm Speculum
 6783-24305-U 5 mm Speculum
 6783-24400-U Set of Above 4 Specula

Welch Allyn® SofSpec® Specula

Specially contoured for ultra pneumatic seal. Elastomer tip provides more patient comfort. May be autoclaved, boiled, or sterilized in solution. Easily attaches to Welch Allyn otoscopes. (Not compatible with MacroView)

For Use w/All Diagnostic Otopopes

- 6783-24323 3 mm Speculum
 6783-24325 5 mm Speculum
 6783-24327 7 mm Speculum
 6783-24420 Set of Above 3 Specula

Model 24243

For Use w/All Pneumatic, Operating & Consulting Otopopes

- 6783-22002 2 mm Speculum
 6783-22003 3 mm Speculum
 6783-22004 4 mm Speculum
 6783-22005 5 mm Speculum
 6783-22009 9 mm Nasal Speculum
 6783-22100 Set of Above 5 Specula

Model 22002

For Use w/All Pneumatic, Operating & Consulting Otopopes

- 6783-22023 3 mm Speculum
 6783-22025 5 mm Speculum
 6783-22027 7 mm Speculum
 6783-22120 Set of Above 3 Specula

Model 22023

Welch Allyn® KleenSpec® Disposable Specula

Ease of single-use specula with optional handy dispenser. Single use eliminates worry of cross-contamination and helps conform to OSHA regulations. Low cost per exam. Fits only disposable specula that fit the range of Welch Allyn diagnostic otoscope

Model 52434-U

For Use w/All Diagnostic Otopopes

- 6783-52432-U 2.75 mm Disposable Pediatric Specula, 850/bg
 6783-52434-U 4.25 mm Disposable Regular Specula, 850/bg

Welch Allyn® SofSeal™ Otopope Specula

Fits on the end of Welch Allyn ear specula for improved seal and comfort during pneumatic otoscopy.

- 6783-24330 SofSeal, Medium—recommended for 3, 4, and 5 mm ear specula
 6783-24320 SofSeal, Small—recommended for 2, 3, and 4 mm ear specula

Model 24330

Welch Allyn® Slotted Otopope Specula

Slotted specula to allow instrumentation under visualization for MacroView Otopope

- 6783-52700 Instrumentation Tip (compatible with 23810 and 23820 MacroView Otopope)

Model 52133

For Use w/All Pneumatic, Operating & Consulting Otopopes

- 6783-52133 3 mm Disposable Specula, 500/cs
 6783-52134 4 mm Disposable Specula, 500/cs
 6783-52135 5 mm Disposable Specula, 500/cs

Welch Allyn® Larynx and Nasopharynx Illuminators

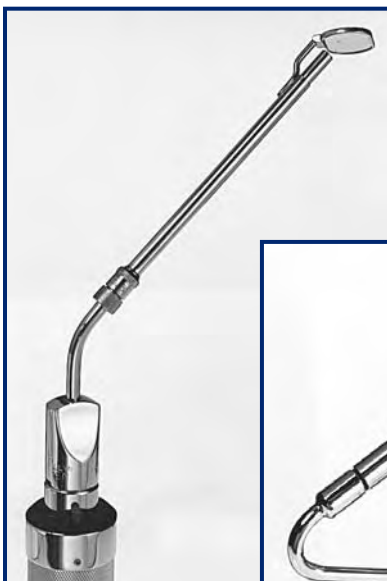

Halogen light for true tissue color and consistent, long lasting illumination. Fiber optic light transmission for cool distal light. Wide-angle rotatable mirrors with pilot aperture. Fully sterilizable; can use steam, water, gas, and solutions.

- 6783-27000 3.5v Halogen Larynx Illuminator, Complete
- 6783-27050 3.5v Halogen Nasopharynx Illuminator, Complete
- 6783-27070 3.5v Halogen Illuminator Only
- 6783-27060 Nasopharynx Mirror Section Only
- 6783-27010 Larynx Mirror Section Only
- 6783-03100 Halogen Replacement Lamp for 6783-27000, 6783-27050 & 6783-27070

Welch Allyn® 2.5v Bivalve Nasal Speculum

Illumination and adjustable speculum are ideal for procedures, foreign object removal, and cauterization. Autoclavable.

- 6783-26000 2.5v Illuminated Bivalve Nasal Speculum Complete w/Light Carrier
- 6783-26300 Optional Magnifying Lens for Use w/6783-26000
- 6783-260008 Light Carrier Only
- 6783-00200 Incandescent Replacement Lamp for 6783-26000

Model 26000

Model 27000

Model 28100

Model 41000

Welch Allyn® 3.5v Tongue Blade Holder

Halogen light for true tissue color and consistent, long-lasting illumination. Fiber optic diffuser for cool distal light. Universal clamp accommodates most tongue blades.

- 6783-28100 3.5v Halogen Tongue Blade Holder
- 6783-03100 Halogen Replacement Lamp

Welch Allyn® Transilluminators

High-quality 3.5v accessories feature halogen light for true tissue color and bright illumination, and fiber optics for cool distal light.

Also available for 2.5v power sources. Fully sterilizable.

- 6783-41100 3.5v Halogen Finnoff Transilluminator
- 6783-43300 3.5v Halogen Curved All Purpose Transilluminator
- 6783-03100 Halogen Replacement Lamp for 6783-41100 & 6783-43300
- 6783-41000 2.5v Finnoff Transilluminator
- 6783-00200 Incandescent Replacement Lamp for 6783-41000
- 6783-43200 2.5v Curved Transilluminator
- 6783-01000 Incandescent Replacement Lamp for 6783-43200
- 6783-43100 Right Angle All Purpose Transilluminator, 2.5v
- 6783-43000 Straight Transilluminator, 2.5v

Tycos® 767-Series Wall and Mobile Aneroids

Great looks and clinical-grade accuracy make the 767-Series one of the best Tycos® aneroids ever.

- Certified accurate to ± 3 mmHg
- Mercury-free and latex-free for safety
- Ruby jeweled movement for long life
- Laser-engraved dial face for accuracy
- Large, easy-to-read dial face (6.25"/15 cm)
- Built-in cuff storage
- Adjustable-height, 360° swivel for clear viewing
- Lifetime warranty

6783-7670-01	Wall Aneroid (Adult) with Durable One-Piece Cuff
6783-7670-02	Gauge and Tubing Only
6783-7670-03	Mobile Aneroid (Adult) with Four-Leg Mobile Stand and Durable One-Piece Cuff
6783-7670-04	With Four-Leg Mobile Stand, Durable One-Piece Cuff, and Base Weight

Note: Add "CB" after the part number (e.g., 6783-7670-01CB) to order with traditional cuff and bladder instead of the new one-piece cuff.

Welch Allyn® DS66 Trigger Aneroid

Innovative trigger-release design for easy operation.

- Certified accuracy to ± 3 mm Hg
- Meets AAMI, shock-resistant standard for enhanced durability (30")
- Laser-engraved dial face for accuracy
- Jeweled movement for long life
- Trigger deflation valve for smooth, one-finger operation
- Latex-free for safety
- 15-year calibration warranty

6783-5098-27CB	Aneroid with Two-Piece Adult Cuff and Bladder
6783-5098-27	Aneroid with Durable One-Piece Adult Cuff
6783-5098-30	Aneroid with Print Multi-Cuff Kit with Durable One-Piece Cuff (child print, small adult, adult, large adult)
6783-5098-30 CB	Aneroid with Print Multi-Cuff Kit with Two-Piece Cuff and Bladder (child print, adult, large adult)

Welch Allyn® DS45 Integrated Aneroid

The first gear-free, shock-resistant aneroid sphygmomanometer with integrated cuff.

- Certified accuracy to ± 3 mm Hg
- Meets AAMI shock-resistant standard for enhanced durability
- Laser-engraved dial face for accuracy
- Gauge rotates 360° for easy viewing and snaps directly into cuff for quick cuff change
- Latex-free for safety
- 10-year calibration warranty

6783-DS45-11	Aneroid with Durable One-Piece Adult Cuff
6783-DS45-11C	Aneroid with Durable One-Piece Adult Cuff, zippered case
6783-DS45-11CB	Aneroid with Durable Two-Piece Adult Cuff and Bladder

Tycos® DS58 Classic Aneroid

Unsurpassed reliability in a traditional, handheld design with gear-free DuraShock technology.

- Certified accuracy to ± 3 mm Hg
- Meets twice the AAMI shock-resistant standard for enhanced durability (60")
- Laser-engraved dial face for accuracy
- Jeweled movement for long life
- Premium inflation system for comfort
- Lifetime calibration warranty
- Latex-free for safety

6783-DS58-11	Aneroid with Durable One-Piece Adult Cuff, zippered case
6783-DS58-11CB	Aneroid with Two-Piece Adult Cuff and Bladder, zippered case
6783-DS58-11MC	Aneroid with Print Multi-Cuff Kit with Durable One-Piece Cuff (child print, small adult, adult, large adult), zippered case
6783-DS58-11MCCB	Aneroid with Print Multi-Cuff Kit with Two-Piece, Cuff and Bladder (child print, adult, large adult), zippered case

Burdick ABPM Systems

90297/90217

- Collects measurements for a period of 24 hours or up to eight days
- Lightweight, quiet operation
- Oscillometry measures systolic, diastolic and mean blood pressure
- No chest electrodes or microphones

1073-90217-1Q Model 90217, Ultra Light ABPM with software

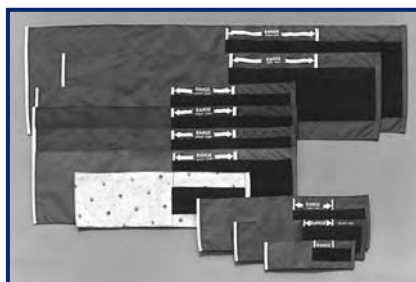

1073-90207-1Q Model 90297, Ultralite BPM

Welch Allyn® Tycos® Bulbs and Valves

Durable seamless latex bulbs. Air pressure valves designed for smooth pressure control and long life.

Welch Allyn® Harvey™ DLX Stethoscope

Developed for precision and acoustic clarity.

- Designed by Dr. W. Proctor Harvey, expert in auscultation
- Optimized for listening to high-frequency heart sounds, including murmurs, clicks, and ejection sounds
- Brass chestpiece provides superior acoustic response
- Bell ideally sized to bridge intercostal space between ribs
- Adjustable binaurals allow you to custom fit your stethoscope for optimal comfort and performance
- Pediatric version available

6783-5079-325 Harvey DLX with Double Head
6783-5079-321 Harvey DLX with Triple Head, black, other colors available

Welch Allyn® Harvey Elite® Stethoscope

- High-quality stainless steel chestpiece and binaurals designed for durability
- Superior performance throughout the entire acoustic range
- Dual-channel PVC tubing provides separate sound pathways to each ear for acoustic accuracy
- Pediatric version available

6783-5079-125 Elite Stethoscope shown in black, other colors available

Welch Allyn® Master Elite™ Electronic Stethoscope

Hear more of what you need and less of what you don't. The key to the extraordinary capabilities of the Master Elite™ lies in our patented sound-sensing technology, which enables you to lock onto important sounds, while reducing unwanted ones.

- Two-position filter switch lets you listen in high or low frequency mode
- Adjustable binaurals and eartips ensure all-day comfort
- Long-life lithium ion battery lasts up to 140 hours
- Optional—the Distributor allows others to hear simultaneously, and the Analyzer provides the ability to store and analyze the sounds you hear right on your PC

6783-5079-405 Master Elite Stethoscope (18" Tube)

Welch Allyn® Braun Thermoscan PRO 4000

Ear temperatures you can trust. Welch Allyn® offers the simple, accurate solution for your thermometry testing needs. The Braun Thermoscan PRO 4000 ear thermometer incorporates a new and improved measurement technology. The new ergonomic design provides a small profile which is comfortable to hold. Built-in safeguards reduce the risk of cross-contamination. Patients of all ages and types appreciate the quick, non-invasive test procedure.

- Wide range of temperature measurement (68°F - 108°F) (20°C - 42.2°C)
- Last temperature recall.
- Fahrenheit or Celsius toggle.
- Probe cover sensor offers cross-contamination protection.
- 5,000 reading with 2 lithium batteries.
- Security configurations are available for anti-theft.
- 3-year limited warranty

6783-04000-200 Thermoscan PRO 4000 Thermometer
6783-04000-300 Thermoscan PRO 4000 with Security Wall Mount
6783-04000-400 Thermoscan PRO 4000 w/Security Roll Stand

Welch Allyn® SureTemp® Plus 690 Thermometer

Welch Allyn's new SureTemp® Plus combines the speed of ear thermometry with the accuracy and reliability of traditional oral thermometry. You can take fast, four-second oral temperatures, 10-second pediatric axillary and rectal temperatures, and 15-second adult axillary temperatures.

- Accurate to within +/- 0.2° F (0.1°C)
- Interchangeable, removable probe wells to reduce the risk of cross contamination
- Large LCD display that can display temperatures in Fahrenheit or Celsius
- Last temperature recall
- Convenient storage for 25 probe covers
- Takes approximately 6000 readings on 3 AA batteries

6783-01690-200 SureTemp® Plus 690 Thermometer, Oral Probe with Oral Probe Well
 6783-01690-400 Thermometer with Wall Mount
 6783-02892-000 Rectal Probe and Well (4 FT)
 6783-05031-101 Probe Covers, 1000/bx

Welch Allyn® Spot Vital Signs

Fast and accurate—completes NIBP, pulse rate, temperature and SpO₂ in approximately 30 seconds.

Multiparameter and modular so you can select precisely the vital signs parameters you need. Fully upgradeable to meet your changing needs. Wireless (IrDa) connectivity to printer. Gives you the portability to carry it, wheel it, or mount it. Big, bright, easy-to-read LCD screen. Offers you the lowest priced multiparameter instrument on the market. Two-year warranty and full technical support.

6783-4200B-E1 Spot Vital Signs, NIBP only (includes Pulse Rate and MAP)
 6783-420TB-E1 Spot Vital Signs, NIBP, Temperature
 6783-42NOB-E1 Spot Vital Signs, NIBP, Nellcor Pulse Oximeter
 6783-42NTB-E1 Spot Vital Signs, NIBP, Nellcor Pulse Oximeter, Temperature
 6783-4200-60 Mobile Stand
 6783-4200-62 Wall Mount
 6783-4200-64 IV Pole Mount

Coming in 2006

Welch Allyn Spot LXi

Featuring:

- Sure BP™ Technology
- Choice of SureTemp Plus® or Braun PRO 4000 Thermometer
- Wired or Wireless Connectivity

Welch Allyn® Vital Signs Monitor 300 Series

For simple and accurate spot-check vital signs assessment or continuous monitoring, the new Vital Signs Monitor is the definition of "advanced monitoring made affordable."

- Standard noninvasive blood pressure (NIBP), pulse rate and MAP
- Optional—SureTemp Plus thermometry, motion-tolerant Nellcor pulse oximetry and integrated thermal printer
- Supports adult, pediatric and neonatal patients
- Simple to use—new LCD display facilitates menu navigation
- Includes automatic blood pressure mode, programmable alarms, built-in memory capability, and intuitive icons
- Lightweight and portable, with a variety of mounting options

6783-53NTP-E1 Vital Signs Monitor complete with NIBP, Nellcor SpO₂, SureTempPlus Thermometry and Printer
 6783-53000-E1 Vital Signs Monitor with NIBP (includes Pulse Rate and MAP)
 6783-530T0-E1 Vital Signs Monitor with NIBP and SureTemp Plus Thermometry

StethoDop

StethoDop is a lightweight 5 MHz vascular Doppler that twists quickly and easily onto many existing bell-style stethoscopes. Switch from stethoscope to Doppler use in seconds! Perfect for performing ankle/brachial index test (ABI), accurately monitoring pulses and blood pressures (even in the noisiest environments), diagnosing venous disease and locating vessels for IVs.

- 3346-SD50 StethoDop
- 3346-SD52 StethoDop w/ Cardiology Style Stethoscope

Pocket-Dop II™ Doppler

Hand-held ultrasonic Doppler features interchangeable probes and built-in speaker for vascular and obstetrical applications. Hard carrying case with recharger, earphone, gel, batteries and CD Rom of Doppler sounds. Available with interchangeable 5MHz or 8MHz vascular probes, 2MHz or 3MHz

obstetrical probes. Five-year parts and one-year labor warranty.

- 3346-P200 Pocket-Dop II System w/2 MHz OB probe
- 3346-P300 Pocket-Dop II System w/3 MHz OB probe
- 3346-P500 Pocket-Dop II System w/5 MHz Vascular probe
- 3346-P800 Pocket-Dop II System w/8 MHz Vascular probe
- 3346-P230 Pocket-Dop II System w/2 & 3 MHz probes
- 3346-P250 Pocket-Dop II System w/2 & 5 MHz probes

VersaLab® APM & APM2

VersaLab APM/APM2 is a portable, economical antepartum monitor for performing the non-stress test. It is the smallest and lightest (4.1 lbs) APM available with a built-in printer. The VersaLab APM is used to perform a non-stress test on a single fetus, while the APM2 lets you monitor one or two fetuses simultaneously. Large, easy-to-read display shows the fetal heart rate and uterine activity as numbers or as a graph. The built-in printer provides on-the-spot documentation for reimbursement. The set up is simple with the special strip belts, color-coded connectors and easy load paper.

- 3346-MVAPT Twin Antepartum Monitor system w/1.8 MHz and 2 MHz Doppler transducers
- 3346-MVAPM Antepartum Monitor with 2 MHz Doppler transducer

Nicolet Elite

Offers the ultimate flexibility of options, allows configuration of a hand-held Doppler that meets the user needs exactly. Choices include interchangeable obstetrical, waterproof and vascular probes, digital or non-digital models and alkaline or rechargeable batteries. The user can mix and match options to create the Doppler of choice.

Elite 100-No Display, Alkaline Battery

- 3346-EN20 w/2 MHz Obstetrical probe
- 3346-EN30 w/3 MHz Obstetrical probe
- 3346-EN2W w/2 MHz Waterproof Obstetrical probe
- 3346-EN50 w/5 MHz Vascular probe
- 3346-EN80 w/8 MHz Vascular probe
- 3346-EN35 w/3 MHz Obstetrical & 5 MHz Vascular probes
- 3346-EN38 w/3 MHz Obstetrical & 8 MHz Vascular probes
- 3346-EN58 w/5 & 8 MHz Vascular probes

Elite 100R-No Display, Rechargeable

- 3346-EN20R w/2 MHz Obstetrical probe
- 3346-EN30R w/3 MHz Obstetrical probe
- 3346-EN2WR w/2 MHz Waterproof Obstetrical probe
- 3346-EN50R w/5 MHz Vascular probe
- 3346-EN80R w/8 MHz Vascular probe
- 3346-EN35R w/3 MHz Obstetrical & 5 MHz Vascular probes
- 3346-EN38R w/3 MHz Obstetrical & 8 MHz Vascular probes
- 3346-EN58R w/5 & 8 MHz Vascular probes

Elite 200-Display, Alkaline Battery

- 3346-ED20 w/2 MHz Obstetrical probe
- 3346-ED30 w/3 MHz Obstetrical probe
- 3346-ED2W w/2 MHz Waterproof Obstetrical probe
- 3346-ED50 w/5 MHz Vascular probe
- 3346-ED80 w/8 MHz Vascular probe
- 3346-ED35 w/3 MHz Obstetrical & 5 MHz Vascular probes
- 3346-ED38 w/3 MHz Obstetrical & 8 MHz Vascular probes
- 3346-ED58 w/5 & 8 MHz Vascular probes

Elite 200R-Display, Rechargeable

- 3346-ED20R w/2 MHz Obstetrical probe
- 3346-ED30R w/3 MHz Obstetrical probe
- 3346-ED2WR w/2 MHz Waterproof Obstetrical probe
- 3346-ED50R w/5 MHz Vascular probe
- 3346-ED80R w/8 MHz Vascular probe
- 3346-ED35R w/3 MHz Obstetrical & 5 MHz Vascular probes
- 3346-ED38R w/3 MHz Obstetrical & 8 MHz Vascular probes
- 3346-ED58R w/5 & 8 MHz Vascular probes

Nicolet Vascular VersaLab[®] LE & SE

A new portable, battery or line-operated Doppler System for evaluation of the peripheral vasculature. This bi-directional Doppler has a built in printer for fast & easy documentation, and weighs a mere 1.9Kg (4.1

pounds). The unique image scrolling feature allows for review of up to 50 seconds of data so the perfect wave forms to document the patient's condition can be chosen for printing. The system is available in two models: The VersaLab[®] LE has a simple black and white waveform trace for basic evaluation and documentation, and a more economical price. The VersaLab[®] SE is the deluxe model with color spectral analysis for accurate visualization and quantification of blood flow parameters.

VersaLab[®] LE

- 3346-VLL40 w/4 MHz probe
- 3346-VLL80 w/8 MHz probe
- 3346-VLL48 w/4 & 8 MHz probes

VersaLab[®] SE

- 3346-VLS40 w/4 MHz probe
- 3346-VLS40 w/8 MHz probe
- 3346-VLS40 w/4 and 8 MHz probes

Nicolet Vascular FreeDop[™]

Unique cordless Doppler that allows freedom of movement anywhere in the room during obstetrical or vascular exams. One-handed operation with on/off and volume controls on the probe. Available with interchangeable 5MHz or 8MHz vascular probes, 2MHz or 3MHz obstetrical probes. Supplied with recharging stand, gel, battery pack, earphones and mounting kit. Includes a five-year parts, one-year labor warranty.

- 3346-FR20 Unit with 2MHz OB probe
- 3346-FR30 Unit with 3MHz OB probe
- 3346-FR50 Unit with 5MHz vascular probe
- 3346-FR80 Unit with 8MHz vascular probe

Nicolet Vascular IMEXDOPCT+

A sturdy, portable system with easy-to-use controls, digital readout and autocorrelation. 5 and 8 MHz probes provide access to both deep and superficial arteries and veins for determining systolic blood pressures, vessel patency, and locating hard-to-find vessels. 2 MHz and 3MHz obstetric probes offer unmatched reliability in fetal heartbeat detection. IMEXDOPCT+ probes are interchangeable with Pocket-Dop II probes for maximum flexibility between Nicolet Vascular systems. Recharging stand mounts on a counter, wall or IV pole.

- 3346-CT50+ with 5 MHz vascular probe
- 3346-CT80+ with 8 MHz vascular probe
- 3346-CT20+ with 2 MHz OB probe
- 3346-CT30+ with 3 MHz OB probe
- 3346-CT28+ with 2 MHz OB and 8 MHz vascular probe

Huntleigh D930 Flexi Dopplex[®]

- Audio model for clear fetal heart sounds
- Fixed High Sensitivity 3 MHz probe for early fetal detection
- Waterproof probe as standard

3297-D930-P-USA D930 Flexi Dopplex[®]

Huntleigh D900 Mini Dopplex[®] Vascular Audio Doppler

The Mini Dopplex[®] pocket audio Doppler with standard features. When combined with the EZ8 probe, it is ideal for vascular assessment and ABI measurements

3297-D900-P-USA Available probes: 2, 3, 4, 5, 8, EZ8 and 10 MHz

Huntleigh D920 Audio Dopplex® Handheld Doppler

- Audio model for clear fetal heart sounds
- Fixed High Sensitivity 2 MHz probe
- Waterproof probe as standard

3297-D920-P-USA D920 Audio Handheld Doppler

Huntleigh FD1+ Fetal Dopplex® Handheld Doppler

- Fetal Heart Rate Display
- Fixed High Sensitivity 2 MHz probe
- Advanced auto-correlation fetal heart rate and digital display
- LCD Display of fetal heart rate
- Waterproof probe as standard

3297-FD1+P-USA FD1+ Fetal Dopplex® Handheld Doppler

Huntleigh FD2 Fetal Dopplex® Handheld Doppler

- Top of the line Obstetric Doppler
- Interchangeable probes
- New High Sensitivity 2 & 3MHz obstetric probe options
- Unique three fetal heart rate processing modes for optimum performance
- Real time heart rate data output for connection to Dopplex Printa II
- Event marker-record fetal movement on Dopplex Printa II

3297-FD2-P-USA FD2 Fetal Dopplex® II Handheld Doppler

Summit LifeDop™ L350R Pinnacle TableTop Doppler

The LifeDop™ Pinnacle 350R features a tabletop display Doppler with superior sound quality, PC style cable locking system, rechargeable batteries, enhanced probe sensitivity and interchangeable probes: 2MHz, 3MHz, and 2MHz Waterproof for obstetrical applications and 4MHz, 5MHz, and 8MHz for vascular applications. The 350R can also be ordered with an optional stand. The Summit Doppler L350R Pinnacle comes with a full one year warranty. After the first year if your Doppler ever needs repaired, we guarantee 1-3 day turn-around on all repairs... and there is only a minimal charge on all non-warranty repairs.

- 9660-L350R-SD2 TableTop Doppler; Rechargeable w/2MHz probe
- 9660-L350R-SD3 TableTop Doppler; Rechargeable w/3MHz probe
- 9660-L350R-SDW TableTop Doppler; Rechargeable w/2MHz waterproof probe
- 9660-L350R-SD4 TableTop Doppler; Rechargeable w/4MHz probe
- 9660-L350R-SD5 TableTop Doppler; Rechargeable w/5MHz probe
- 9660-L350R-SD8 TableTop Doppler; Rechargeable w/8MHz probe
- 9660-K220 Pinnacle Stand with Tray
- 9660-K240 Pinnacle Stand without Tray

Summit LifeDop™ ABI Reimbursable Vascular Doppler with Portable Printer

The LifeDop™ ABI System with printer features a portable Bi Directional Doppler with compact printer for the diagnosis of Peripheral Arterial Disease (PAD) and general vascular applications. This ultra-portable Doppler and printer provides fast waveform printout in 10 seconds. The printout is provided on label paper, which easily attaches to report form for reimbursement. It is the highest quality Doppler in the market and the service from Summit Doppler is beyond compare.

- 9660-L250ABI Reimbursable Vascular Doppler with Portable Printer and Bi-Directional probe
- 9660-L250AC Reimbursable Vascular Doppler with Portable Printer and Bi-Directional Probe; includes 2 cuffs and Aneroid
- 9660-K160 ABI 2 Cuff Package - 10 or 12cm and Aneroid
- 9660-K170 ABI 4 Cuff Package - 10 or 12cm and Aneroid

Summit LifeDop™ L150 and L250 Handheld Dopplers

The LifeDop™ from Summit Doppler Systems offers superior sensitivity, high-fidelity sound, interchangeable probes, user replaceable probe cables, recording option and state-of-the-art technology. All Dopplers include your choice of probe: 2MHz, 3MHz, and 2MHz Waterproof for Obstetrical applications and 4MHz, 5MHz, and 8MHz for Vascular applications. All Summit Doppler LifeDop™ Dopplers come with a full year warranty. After the first year if your Doppler ever needs to be repaired, we guarantee a 1-3 day turn-around on all repairs... and there is only a minimal charge on all non-warranty repairs.

Maico Digital Pilot® Audiometer

This "game-like" audiometer is specifically designed for screening pre-school and grade-school children. Using Select Picture Audiometry, a test methodology that presents words instead of tones to the patient, the testing process becomes a game that is easier to administer to young children. The Digital Pilot has high-quality sound using MP3 technology and features tests in both English and Spanish. A second test mode, manual pure-tone audiometry, is provided in order to screen for high-frequency hearing loss and can be used to evaluate patients in older age groups. Select Picture Audiometry is a reimbursable test using CPT code 92583.

4089-708 Pilot® Picture Audiometer, Bilingual Units

Maico Race Car Tympanometer®/ Audiometer w/ Built In Printer

Allows for quick screening of young children for middle ear disease in seconds. The unique visual distraction display captures the attention of even the most difficult child, providing fun, fast "hassle free"

Tympanometry. It's an easy-to-use instrument with four color "race track" overlay and test activated computer graphics. Along with Tympanogram you can obtain a quick ipsilateral acoustic reflex for additional diagnostic info.

4089-703 Impedance Screener w/ IPSI Reflex
4089-704 Impedance Screener w/ IPSI Reflex
With Pure Tone Audiometer

Maico MA25 Portable Pure Tone Audiometer

The super-lightweight MA 25 features a sleek, small design weighing only 3.6 lbs.—small enough to hold in the palm of your hand. It comes with a durable soft-sided carrying case for all accessories. The MA 25

offers a full range of frequencies and intensity levels that is more than adequate for most pure tone screening situations. Uses standard 9 volt battery or optional AC adapter.

4089-MA25 MA25 Portable Pure Tone Audiometer

Be Certain.

The Right Tools for Reliable Cardiopulmonary Patient Diagnosis

ECGs

- Optional interpretation capability
- Excellent trace quality
- Conventional desktop and PC-based units available
- Selectable QTc calculations
- Gender specific interpretation
- Optional wireless communications

Holter Systems

- 99.95% accuracy
- QuickStep Wizard guides and instructional videos built in
- Reports ready to print in 90 seconds
- Rapid ROI – average 2 tests per week, system can be paid for within 6 months

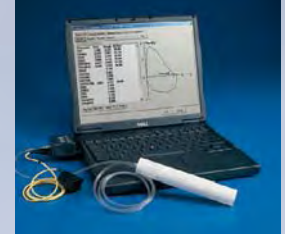

Defibrillators

- Automatic daily self-test ensures reliability
- Pre-connected, non-polarized pads
- One-button operation
- Automatically adjusts to deliver appropriate defibrillation level
- Standard and professional models available

Spirometers

- Choose from conventional handheld spirometers or PC-based devices
- Easy to use
- All standard tests available

ABPM Systems

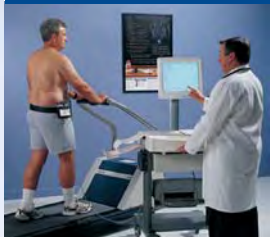

- Reliable and useful tools helps identify white-coat hypertension
- Multiple, scheduled readings for 24 to 48 hours
- Medicare and private insurance approved reimbursement

Pulse Oximeters

- Digital technology, lightweight and portable
- PC-card based products and conventional handheld devices available
- Neonate through adult monitoring
- Monitoring, home care, sleep mode

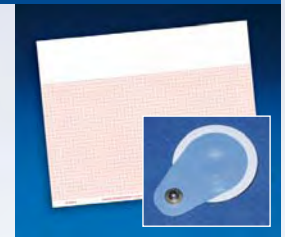

Stress Systems

- Touch-screen operation
- Intuitive interface and detailed reports
- Logistep™ feature for rapid data input
- Heavy-duty, quiet treadmill
- Networking capabilities
- Laser printer option

Quality Supplies

- Assurance® fade-free paper
- Resting ECG electrodes
- Monitoring electrodes for ECG, Holter and Stress
- Spirometry filters and paper

Nicolet Elite® Doppler

Superior Performance Ultimate Flexibility

- Interchangeable Vascular and OB Probes
- Configurable Options
- Crisp, Clear Sound
- Broad-Beam Technology
- Optional recharger and digital display.

For a limited time purchase any Nicolet hand-held Doppler and receive a \$50 manufacturer's rebate.

Nicolet Pocket-Dop II

The Leading Doppler Worldwide

- Obstetric and Vascular Versatility
- Built-In Speaker & Rechargeable Batteries

VIASYS
HEALTHCARE
Excellence For Life

A full family of ultrasound Dopplers with the sensitivity and quality that you depend on...
and service beyond belief

LifeDop ABI with printer. Reimbursable Doppler used to diagnose PAD (Peripheral Arterial Disease).

The 8MHz bi-directional Doppler with print capability is perfect for the ABI exam and for documenting blood waveform flow. It is an economical solution that meets reimbursement requirements.

Vascular

For Vascular applications, the LifeDop hand-held Doppler comes with your choice of interchangeable 8MHz, 5MHz, or 4MHz probe. Available with or without heart rate display.

Obstetrical

For Obstetrical applications, the LifeDop hand-held Doppler comes with your choice of interchangeable 3MHz, 2MHz, or 2MHz Waterproof probe. Available with or without heart rate display.

LifeDop Pinnacle

The LifeDop Tabletop Doppler, can be mounted on a table or ordered with a stand. This Doppler includes heart rate display, interchangeable probes and new PC-Style locking system

Welch Allyn® TM 262™ Auto Tymp™

More data for a more complete diagnosis.

- Conduct tympanometry and ipsilateral acoustic reflex testing, with the option to add on manual audiometry
- Unique probe design achieves ear seal easily
- Detect and document otitis media, perforated tympanic membrane, patent tympanostomy tube, ossicular disruption, tympanosclerosis and cholesteatoma
- Comes with laminated wall chart for patient education
- Refer to CPT Codes*: 92568, 92551, 92552

6783-26200 TM 262 Auto Tymp with IPSI Reflex Testing
 6783-26230 TM 262 Auto Tymp with IPSI Reflex Testing and Audiometry

Welch Allyn® MicroTymp® 2

The compact MicroTymp 2 delivers fast, portable tympanometric testing. It records all of the data needed to help make a diagnosis in one second, and provides a printout in five seconds. Supertwist LCD screen is readable at any angle. Word prompts guide the operator during middle ear testing. The lightweight, ergonomic handle is easy to hold. The MicroTymp 2 provides three selectable forms of information: tympanogram, numerical data, and interpretive messages. Tympanograms print middle ear function measurements side-by-side, left to right for quick comparisons. Fully charged instrument provides at least 300 double-ear tympanograms.

6783-93690 MicroTymp 2 Set Includes Handle, Printer/Charger, Extra Paper & Tips
 6783-23640 MicroTymp 2, Handle Only
 6783-23630 Tips, 4 Color-Coded Sizes
 6783-56100 Paper for Printer/Charger

Welch Allyn® AM 232™ Manual Audiometer

Threshold audiometry to quantify hearing loss.

- Quantifies specific dB and frequency of hearing loss with precision testing
- Offers a full range of frequencies and intensity levels
- Frequency-modulated stimulus mode for reliable results with children and elderly patients
- Refer to CPT Codes*: 92551, 92552

6783-23200 AM 232 Manual Audiometer with AC Power

Welch Allyn® AudioScope 3®

Screen your patients quickly, accurately, and with more flexibility. Has 20, 25, and 40 dB HL levels in one unit. Lightweight, handheld design allows complete portability. Viewing capability eliminates inaccurate results due to occlusion by wax or collapsed ear canal. Recharge-able with charging transformer or convenient charging stand. Many other accessories are available.

6783-92680 AudioScope 3 Complete, w/AudioScope 3, Set of AudioSpecs®, 110-130v Charging Transformer, Charging Stand, Recording Forms
 6783-23300 AudioScope 3 w/AudioSpecs, No Transformer
 6783-06200 3.5v Halogen Replacement Lamp
 6783-55230 Recording Forms, 1000/pkg

The Quik Tymp™ 1 Tympanometer™ or Quik Tymp™ 2 Tympanometer™/Audiometer

This series provides a solution for testing children who are uncooperative or difficult to test. These tympanometers provide a visual distraction while the test is being performed, making the test simple and fast. Once the proper seal is achieved, a car will appear to be driving into a garage on the screen. When inside, the patient will hear a beep and the test will be complete.

4089-701 QuikTymp™ 1 Tympanometer
 4089-702 QuikTymp™ 2 Tympanometer™/Audiometer

SBG Multifunction Spirometer

- High-resolution backlit display
- Real-time flow-volume curve
- Twenty-six parameters with automatic interpretation and test quality
- Direct printer interface
- Stores up to one-hundred tests
- Winspiro Pro software shows Pre- and Post-drug flow volume curves, results and predicted values

5585-29-1000 SBG Multifunction Spirometer

SDI Spirolab II Spirometer

- Large, color LCD display shows testing real-time
- Pre- and Post-drug comparisons with flow/volume curve overlays
- Measures over 30 different parameters
- Automatic interpretation and test quality control prompts
- Internal database stores over 1500 tests
- Winspiro Pro software allows linking to PC for greater capabilities
- Prints to silent internal thermal printer or via direct link to inkjet printer
- User-friendly keyboard with dedicated function keys plus alphanumeric data entry

5585-29-1015 Spirolab II Multifunction Spirometer

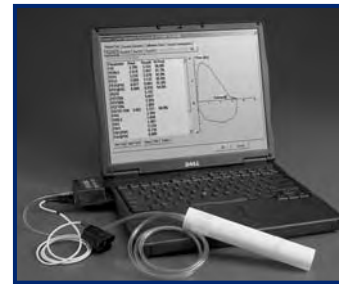

Burdick SpiroCard®

Portable, offers optimal time and data access

- SpiroCard inserts into PC-card slot on handheld, laptop or PC
- Delivers full-function spirometry
- Graphs and reports are automatically created. Tests are clear, accurate, concise
- Interfaces to Office Medic™ software for real time data access, reporting, archival
- Disposable and biodegradable patient filters

1073-92526-01 SpiroCard, English version
 1073-010-1605-01 Mouthpiece, tube, (100/box)
 1073-010-1606-00 Pressure tubes

Burdick SpirOxCard®

Combination spirometer and pulse oximeter

- On single PC MCIA card. Two diagnostics tests in one portable package.
- Full-featured, performs all measurements performed on conventional devices
- Patented, disposable and biodegradable patient filters
- Interfaces to Office Medic™ software for real-time data access, reporting and archival

1073-92525-01 SpirOxCard®, English version
 1073-010-1605-01 Mouthpiece, tube, (100/box)
 1073-010-1606-00 Pressure tubes
 1073-010-1607-00 OxyCard finger clip sensors

Burdick Sensaire™

Easy-to-use, portable with seamless PC printing

- Full-functioning, ATS compliant
- Touchscreen offers easy navigation
- Test results are clearly displayed
- Rechargeable batteries
- Able to print directly from unit

1073-92524-01 Sensaire, English version
 1073-010-1604-00 Mouthpiece (100/box)
 1073-010-1600-00 Rechargeable battery pack

Jones Satellite Spirometer with Base Station 3

Designed to enhance your productivity, the Satellite/Base Station 3 (SBS-3) opens the doors to vast new testing environments in homecare, hospitals, occupational health, clinical trials, doctors offices, at bedside, and for off-site screening. Wherever you decide to use it, the Satellite/Base Station 3 will add a new dimension to your diagnostic protocol and a higher level of care to your patients, while minimizing your costs.

- The best price/performance available with extremely low per-test costs saves you hundreds each year.
- Patented Multi-Stage Transducer offers unparalleled accuracy and provides you with a completely disposable measuring system eliminating the sterilization of pneumotachs, screens, filters, or tubing
- Designed to enhance your productivity, the built-in auto-print, auto-save, battery management, and quality test assurance features make testing easier, faster, and more efficient than ever before.
- Choosing the right spirometer company is as important as choosing the right spirometer. Jones has over 85+ years of experience in spirometric manufacturing and design.

Jones Satellite Spirometer with SmartPrint APC™

Spirometry results can be produced on any Windows™OS/PC enabled printer. This eliminates the premature spirometer obsolescence associated with dependence and warranties of 3rd party printers. Many available print options including "Automatic"-last test "Automatic" - all Satellite stored, "Browse" for specific test and "Export". The ability to choose which tests to print and when to print can reduce operator time spent on procedure and reduce printing of invalid patient effort. Test results printed in single or multi page format with operator selected Diagnostic, Qualitative, Interpretive and Graphic content. All reports in 8-1/2"X 11" size. Reports can be customized to meet specific practice requirements for enhanced diagnostic protocol.

Convenient, Weighs only 18 ounces

3480-0588-SA-3 Plus	Satellite Spirometer with SmartPrint APC™ includes USB cable and AC Adapter
3480-0452-SMP-1	Satellite Disposable Sensors (100)
3480-0439-ACC-100	Soft Carrying Case

Spirotube Disposable Spirometer Mouthpieces

SDI manufactures a complete line of spirometry supplies including disposable mouthpieces, bacterial/viral filters, charts, printer rolls, pens, ribbons and noseclips. Contact your IMCO representative for specific manufacturers compatibility information on disposable mouthpieces and the complete listing of SDI spirometry supplies.

- 5585-27-7000 Spirotube Type A, 100/bag, 5/cs
- 5585-27-7002 Spirotube Type A, 200/box, 3/cs
- 5585-29-7050 Spirotube Type P, 200/box, 1/cs
- 5585-29-7060 Plain Flexible Plastic Mouthpiece, 200/bx, 3/cs
- 5585-29-7100 Spirotube Type B, 200/box, 5/cs
- 5585-29-7200 Spirotube Type C, 100/box, 5/cs
- 5585-29-7300 Spirotube Type J, 100/box, 5/cs
- 5585-29-7400 Spirotube Type F, 100/box, 5/cs
- 5585-29-7402 Spirotube Type F, 200/box, 3/cs

Pulmoguard/Pulmoguard II Bacterial/Viral Filters

- Designed to fit most PFT instruments
- Cross-contamination efficiency 99.999%
- Meet the ATS standards for air resistance (.862 cm H₂O/L/Sec at 14/L/Sec)
- Dead volume of less than 70ml
- Pleated filter material for higher efficiency
- Small and non-threatening to the patient

- 5585-29-7950 Pulmoguard for Sormedics Spirometers
- 5585-29-7920 Pulmoguard II Filter, Fits Most Spirometers

Flo-Sense™ II Disposable Pneumotach

SDI Diagnostics' new FloSense II disposable pneumotach is designed for use with Puritan-Bennett® Renaissance II™ spirometers. An effective cost-saving alternative to the FS200™ Flow Sensor, the FloSense II sensors meet all ATS criteria for accuracy and will not affect the OEM warranty. It offers the same calibration coding as the FS200 to ensure that the spirometry testing results remain accurate and consistent from sensor to sensor. The FloSense II joins the SDI family of disposable flow sensors that includes the FloSense for Renaissance™ spirometers.

- 5585-29-8040-050 FloSense II Pneumotach, 50/cs
- 5585-29-8040-250 FloSense II Pneumotach, 250/cs

Flo-Sense™ Disposable Pneumotach

SDI's FloSense is an alternative to Puritan Bennett's FS200 and FS250 flow sensors, used with PB's Renaissance, PB100,

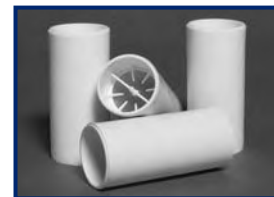

PB900/900A/950, CS800, and ES800 models. Each FloSense is individually calibrated to meet all PB specifications and is certified to comply with all applicable ATS standards. Use of the FloSense will not affect the instrument warranty in any way.

- 5585-29-8010 FloSense™ Disp. Pneumotach for PB Spirometers
- 5585-29-8021 FloSense™ Bidirectional Pneumotach for PB Spirometers

Safe-T-Check™ One-Way Valve Mouthpiece

The Safe-T-Check™ disposable one-way valve mouthpiece is for expiratory testing only. Its unique eight-point peripheral support creates a complete seal and its smooth design is easier for patients to use. The valve has been tested by LDS Hospital and has met the flow requirements as set by the American Thoracic Society. The valve closes completely if a patient attempts to inhale. This design virtually eliminates cross-infection: the closed valve interrupts all air flow, preventing the passage of airborne infectious particles. The Safe-t-chek is perfect for peak flow meters and is available in cardboard and flexible plastic which adapts to instruments with oval mouthpieces. It also helps cut down time and money spent sterilizing!

- 5585-29-7010 Safe-T-Check™ One-Way Valve Mouthpiece, 200/box, 1/case
- 5585-29-7011 Safe-T-Check™ One-Way Valve Mouthpiece, 200/box, 3/case
- 5585-29-7020 Safe-T-Check™ One-Way Valve Mouthpiece, Plastic, 200/box, 1/case
- 5585-29-7021 Safe-T-Check™ One-Way Valve Mouthpiece, Plastic, 200/box, 3/case

The Klip™

Lowest cost of any noseclip. No scratchy ridges or bulky pads for a comfortable, snug fit. Air is prevented from escaping through the nose, allowing for more accurate results.

- 5585-29-7966 The Klip™ Noseclip, 200/cs

ndd Easyone™ Diagnostic Spirometry System

Ultrasonic flow measurement assures fast, accurate, reliable results. No moving parts, no codes to enter. Single patient use spirette has hygienic mouthpiece that reduces risk of cross infection. Alpha numeric keypad/graphic display makes navigation and data entry fast and easy. Graphic curve display allows to review curves without waiting for a printout. Meets ATS 1994 diagnostic standards. Meets NIOSH/OSHA and SSD guidelines. Customizable configuration. Automated coaching messages and QC. Automated interpretation. Two AA batteries. Stores up to 700 test sessions. Optional 8.5"x11" or A4 printout. PC data transfer. Toll free technical support. Three-year exchange warranty. If your spirometer fails, we will replace it overnight without charge. Extended warranties are activated upon receipt of end-user information and must be received within six months of invoice date.

- 9823-2001-2 EasyOne™ Diagnostic Spirometry System I Includes: #2001-1 Diagnostic Spirometer, #2010-1 Cradle, #2020-1 Ink Jet Printer
- 9823-2000-2 EasyOne™ Frontline Spirometry System Includes: #2000-1 Frontline Spirometer, #2010-1 Cradle, #2020-1 Ink Jet Printer Spirettes™
- 9823-2050-1 Case of 50 Spirettes™
- 9823-2050-5 Case of 200 Spirettes™

Mada Assess Peak Flow Meter

The home monitoring device that measures peak expiratory flow, which is a valuable indicator of lung function. Standard range (60-880 L/min.), resolution (10 L/min.).

4071-710

Assess Peak Flow Meter

Puritan-Bennett Renaissance™ II Spirometry System

With Renaissance II, spirometry is available anywhere it's needed: in a kit, on a cart, from room to room, or at a practice. And for added

convenience, it operates on custom rechargeable or AA batteries. New quick keys for set up and testing make Renaissance II exceptionally user-friendly. Pre-programmed function keys and several options for entering data means very little training is necessary for your staff to become fully functional. Audio and visual effort incentive and a built in quality assurance program make it easy to get reliable tests time and again. Renaissance II can measure a wide range of parameters listed in the specifications. Testing parameters can be configured to meet unique needs and to perform spirometry anywhere it's needed. With Real Time Graphics Display, the Renaissance II allows you to see the patient data immediately providing a high quality test.

Welch Allyn® 125 Binocular Indirect Ophthalmoscope

Brilliant halogen illumination and state-of-the-art optical system provides excellent images and the easiest fusion capability. Adjustable from 49 mm to 74 mm to meet the narrowest interpupillary distance requirements. SoftTilt™ park/rest feature swings optics out of the line

of vision when not in use. Double-sealed housing and internally sealed illumination system keep optics dust free. Easy access fingertip controls. Safety filter protects against hazardous lamp radiations (UV/IR). Padded headband is designed to conform regardless of head size or shape.

6783-12000 Binocular Indirect Ophthalmoscope w/Headband & Cord
6783-74350 Wall/Desk Power Source, 110v

Welch Allyn® Solid State Portable Headlight

Welch Allyn's new Solid State Portable Headlight provides illumination precisely where it is needed, with cool, bright light that ensures comfort for both doctor and patient.

- Weighing only 4 ounces, it's one of the most comfortable and lightweight headlights available
- Fits inside a shirt pocket and allows the user complete freedom of movement
- Supplies bright, white, shadow-free light for true tissue color
- Solid State lamp's operating life expectancy gives 10,000 hours with no light output with no degradation

6783-46070 Solid State Portable Headlight
6783-49642 Soft Terrycloth Replacement Headbands, 10/bx

Fluoro-Dot™

This AA-size light for use with fluorescein dye is excellent for diagnosing abrasions and fitting contact lenses. Features include a special Wratten No. 47A cobalt blue filter, two-year shelf life and four-hour burn time.

0020-6802 Fluoro-Dot

Welch Allyn® Solid State Procedure Headlight

Welch Allyn's new Solid State Procedure Headlight provides cool, bright, white light that is ideal for a variety of office-based procedures. When you need targeted, well-defined illumination without the heat of traditional headlights, look to our Solid State Headlight to provide superior quality and reliability.

- Weighing just six ounces, it is extremely comfortable to wear for simple and complex procedures
- Supplies bright, white, shadow-free light for true tissue color
- Rechargeable battery pack makes this a completely portable, compact unit that allows the user freedom of movement
- Enjoy the flexibility of operating the headlight using the direct power source or the rechargeable "belt clip" portable power source
- Solid State lamp's operating life expectancy gives 10,000 hours with no light output with no degradation

6783-49020 Solid State Procedure Headlight
6783-75260 Optional Battery Pack & Charger

Lighted Intubation Stylet

Aaron's Surch-Lite™ Orotracheal Intubation Stylet assures correct placement of the endotracheal tube when a bright glow in the midline of the laryngeal prominence is seen. Flexible shafts, a protective coating over the bulb housing, and a one-hand activation on/off switch provide easy operation, safety, and convenience.

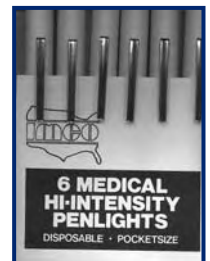

- Aids in proper placement of endotracheal tubes.
- Effectively transilluminates soft tissues of the neck.
- Provides minimal neck flexion in trauma cases.
- Aids in blind intubation.

0020-SLOT Orotracheal Lighted Intubation Stylet

IMCO Disposable Hi-Intensity Penlight

Six pack of disposable, lightweight penlights for office examinations, hospital rounds, and emergency use. Each pack contains six Disposable Hi-Intensity Penlights, with selected pinpoint lens-end lamps, in a resealable plastic bag. Each unit will last from six to nine months or more, depending on the method and frequency of use. You never need to replace bulbs or batteries. The clip is the switch.

Welch Allyn® KleenSpec® Vaginal Speculum Dispenser

Welch Allyn's new Vaginal Speculum Dispenser will conveniently and safely store your Welch Allyn KleenSpec specula in any size practice or setting.

6783-58014 KleenSpec Disposable Vaginal Speculum Dispenser

Welch Allyn® KleenSpec® Vaginal Specula and Illumination System

Welch Allyn's single-use specula eliminate the time and expense of re-processing and reduce the chance of cross-contamination. The unique, integrated light source delivers bright, white, halogen illumination directly onto the cervix.

- 3x stronger than low cost substitutes
- A stronger more flexible yoke
- Excellent visibility – transparent blades and halogen illumination allow for full visualization of the exam area
- Easy one-handed operation provides multiple settings with positive locking positions for smooth operation
- Smooth, newly designed molded acrylic specula provide greater patient comfort and set a new standard in durability and reliability
- Reengineered speculum handle assures illumination system is sealed when inserted into the handle of the device

6783-58000 KleenSpec® Small Disposable Specula, 100/cs
 6783-58001 KleenSpec® Medium Disposable Specula, 100/cs
 6783-58004 KleenSpec® Large Disposable Specula, 80/cs
 6783-78810 KleenSpec® Illumination System with On/Off Switch and Transformer
 6783-08800-U 4.6V Halogen Replacement Lamp for 78810
 6783-58000S KleenSpec® Small Disposable Specula w/attached Sheath, 80/cs
 6783-58001S KleenSpec® Medium Disposable Specula w/attached Sheath, 80/cs
 6783-58004S KleenSpec® Large Disposable Specula w/attached Sheath, 60/cs
 6783-58005 KleenSpec® Small Disposable Specula w/Smoke Tube, 48/cs
 6783-58006 KleenSpec® Medium Disposable Specula w/Smoke Tube, 48/cs
 6783-58600 KleenSpec® 586 Series Economy Disposable Specula, Small, 100/cs
 6783-58601 KleenSpec® 586 Series Economy Disposable Specula, Medium, 100/cs

Welch Allyn® KleenSpec® Illumination Storage System

Store your KleenSpec illumination system in this convenient storage unit that will directly mount in an exam room. Organizes the illuminator, cords, and extra lamps.

6783-78820 KleenSpec Illumination Storage System

Hirschman Anoscope

- 4484-28-20 Hirschman Anoscope, Small, 2-1/4" (5.7 cm) long x 9/16" (1.4 cm) I.D.
- 4484-28-22 Hirschman Anoscope, Medium, 2-5/8" (6.7 cm) long x 11/16" (1.7 cm) I.D.
- 4484-28-24 Hirschman Anoscope, Large, 3-1/2" (8.9 cm) long x 7/8" (2.2 cm) I.D.

Welch Allyn® Disposable Anoscope

Speculum attaches instantly to fiber optic light head. Provides unobstructed vision with brilliant distal illumination. Sealed envelope holds clean disposable speculum and obturator ready for use.

- 6783-53110 Disposable Specula, 19 mm x 10 cm, w/Obturers, 25/bx
- 6783-36103 Complete Illumination System, Fiber Optic Light Head, Light Handle, Transformer & Insufflation Bulb
- 6783-36019 Fiber Optic Light Head
- 6783-73210 Light Handle w/3' Cord
- 6783-73305 Transformer w/5' Cord, 110-130v, 60 Hz
- 6783-04000 Halogen 6v Replacement Lamp

Welch Allyn® Rotating Speculum Anoscope

20 mm inside diameter, 22 mm outside diameter. 68 mm length to taper.

- 6783-38900 Anoscope without Light Carrier
- 6783-38300 Incandescent Light Carrier Only
- 6783-00200 Incandescent Replacement Lamp

Welch Allyn® Light Carrier with Lamp

For all anoscope specula.

- 6783-38300 2.5 Incandescent Light Carrier
- 6783-00200 Incandescent Replacement Lamp
- 6783-38700 Halogen Fiber Optic Light Carrier

Welch Allyn® Fiber Optic Anoscopes w/ Halogen Illumination

Provides unobstructed vision with brilliant distal illumination. 45° bevel at distal end facilitates instrumentation. Long-life lamp is located in the handle. Rugged stainless steel construction. Can be used with 6783-73210 light handle or any 3.5 or 2.5 volt rechargeable handles with adapter.

Speculum Only w/Obturator

- 6783-37019 19 mm x 7 cm
- 6783-37023 23 mm x 7 cm
- 6783-73027 27 mm x 7 cm

Accessories

- 6783-73210 Light Handle w/3' Cord
- 6783-73305 Transformer w/5' Cord, 110-130v, 60 Hz
- 6783-04000 Halogen 6v Replacement Lamp

Welch Allyn® Halogen Handle Adapters

Adapts 2.5v and 3.5v to disposable sigmoidoscopes and anoscopes.

- 6783-73500 Halogen 3.5v Handle Adapter
- 6783-03100 Halogen 3.5v Replacement Lamp
- 6786-73550 Halogen 2.5v Handle Adapter
- 6783-03400 Halogen 2.5v Replacement Lamp

0361-AS387	Suction catheter kit w/two gloves, pop up cup, 18fr, 50/Case

Bemis 800cc Suction Canister

Ideal for small-volume fluid collection, this 800cc canister features a hydrophobic filter that provides final filtration and overflow protection. Offers maximum performance and protection against aerosolized bacteria without the waste of a larger, more costly canister. Easy to read graduations, built-in critical measurement.

0750-424410	800cc Suction Canister, 100/cs
-------------	--------------------------------

Bemis Hi-Flow Suction Canisters

Bemis Hi-Flow Suction Canisters offer a significantly higher flow rate than other filtered canisters. The Aerostat® bacterial filter prevents contamination of vacuum equipment. Features a self-sealing lid and mechanical shutoff valve for overflow protection.

0750-484410	1200cc Suction Canister, 48/cs
0750-494410	2000cc Suction Canister, 48/cs
0750-3002 055	3000cc Suction Canister, 36/cs

Hudson Concentration Mask

Short style, medium concentration oxygen mask. Molded of soft, transparent material. Adjustable nose clip provides comfortable fit. Packed 50 per case.

- 3280-1040 Adult Mask with 7' Oxygen Tubing
- 3280-1049 Adult Mask without Tubing
- 3280-1035 Pediatric (Ages 2-7) Mask w/7' Oxygen Tubing
- 3280-1115 Oxygen Supply Tubing, 7'

B & F by Allied™ Adult Oxygen Mask

Elongated, medium concentration oxygen mask. Available with and without tubing. Elastic strap and adjustable noseclip included. Latex Free.

- 0187-64041 Mask with 7' Tubing, 50/cs
- 0187-64049 Mask without Tubing, 50/cs

Amsino Non-Rebreather Masks

- 0361-AS75010 Non-rebreather Oxygen Mask, Adult, w/ 7ft tubing, reservoir bag, 50/Case
- 0361-AS75020 Non-rebreather Oxygen Mask, Pediatric, w/ 7ft tubing, reservoir bag, 50/Case
- 0361-AS75010NT Non-rebreather Oxygen Mask, Adult, 50/Case

Amsino Oxygen Masks

- 0361-AS74010 Adult mask, standard, medium concentration, 7ft tubing, 50/Case
- 0361-AS74020 Adult mask, elongated, medium concentration, 7ft tubing, 50/Case
- 0361-AS74030 Pediatric mask, standard, medium concentration 7ft tubing, 50/Case
- 0361-AS74040 Pediatric mask, elongated, medium concentration 7ft tubing, 50/Case
- 0361-AS74050 Adult mask, standard, high concentration, 7ft tubing, 50/Case
- 0361-AS74060 Adult mask, elongated, high concentration, 7ft tubing, 50/Case
- 0361-AS74070 Pediatric mask, standard, high concentration 7ft tubing, 50/Case
- 0361-AS74080 Pediatric mask, elongated, high concentration 7ft tubing, 50/Case

Nasal Cannula

The popular Hudson RCI over-the-ear style cannula, which has set the industry standard for decades, is cost-effective and offered in a wide range of configurations. Offered with standard (nonflared), flared, or SOFTECH® nasal tips. Mada Oxygen Therapy Regulators

- 4071-1309A Adjustable Flow Oxygen Regulator (2 – 8 LPM) for MadaValve System CGA-540.
- 4071-1333 Adjustable Flow Oxygen Regulator (2 – 8 LPM) with Contents Gauge, CGA-540 connection for Large Cylinders.
- 4071-1335 Adjustable Flow Oxygen Regulator (2 – 8 LPM) with Gauge for Small Cylinders, CGA-870.
- 4071-1339 Adjustable Flowmeter Oxygen Regulator (1/4 – 8 LPM) with Contents Gauge for Small Cylinders, CGA-870.
- 4071-1358 Adjustable Flowmeter Oxygen Regulator (1/2 – 8 LPM) with Contents Gauge for Large Cylinders, CGA-540.
- 4071-1443 Adjustable Flow Oxygen Regulator (2 – 8 LPM) without Contents Gauge, for Small Cylinders, CGA-870 with Gauge.

Westmed HMEs and Filters

Westmed's breathing filters and heat moisture exchangers (HME) are the optimal choice for enhancing the effectiveness of any breathing system. With bacterial/viral filtration efficiencies in excess of 99.9% and high moisture retention characteristics, Westmed offers the right product at a sensible price.

- 9881-6216 Clear Bacterial/Viral Filter, 22mm I.D. x 22mm O.D./15mm I.D., 50/cs
- 9881-6218 HME Filter, Angled Inlet, CO2 Port, 50/cs
- 9881-6229 HME, Angled Inlet, CO2 Port, 50/cs
- 9881-6219 In-Line Mini HME, CO2 Port, 50/cs
- 9881-6220 In-Line Mini HMEF, CO2 Port, 50/cs
- 9881-6221 In-Line Maxi HMEF, CO2 Port, 50/cs
- 9881-6222 In-Line Neo HMEF, CO2 Port, 50/cs

Westmed Anesthesia Masks

Westmed offers 4 styles of Anesthesia Mask's available in all sizes.

700 Series

- 9881-7-9700 Large adult w/hook ring and inflation valve, 30/bx
- 9881-7-9701 Medium adult w/hook ring and inflation valve, 30/bx
- 9881-7-9702 Small adult w/hook ring and inflation valve, 20/bx
- 9881-7-9703 Pediatric w/hook ring and inflation valve, 20/bx
- 9881-7-9704 Infant with inflation valve, 20/bx
- 9881-7-9705 Neonate with inflation valve, 20/bx

800 Series

- 9881-7-9800 Large adult w/hook ring, 30/bx
- 9881-7-9801 Medium adult w/hook ring, 30/bx
- 9881-7-9802 Small adult w/hook ring, 20/bx
- 9881-7-9803 Pediatric w/hook ring, 20/bx
- 9881-7-9804 Infant, 20/bx
- 9881-7-9805 Neonate, 20/bx

810 Series

- 9881-7-9810 Large adult w/hook ring and inflation valve, 30/bx
- 9881-7-9811 Medium adult w/hook ring and inflation valve, 30/bx
- 9881-7-9812 Small adult w/hook ring and inflation valve, 20/bx
- 9881-7-9813 Pediatric w/hook ring and inflation valve, 20/bx
- 9881-7-9814 Infant with inflation valve, 20/bx
- 9881-7-9815 Neonate with inflation valve, 20/bx

Westmed Hyperinflation Sets

Westmed hyperinflation elbows and sets are precision engineered for versatility and functionality. They are the perfect choice for the NICU or post-operative transport.

- 9881-7-N7904-62 1/4L latex-free bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7905 1/2L latex bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7905-62 1/2L latex-free bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7901 1L latex bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7901-62 1L latex-free bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7902 2L latex bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7902-62 2L latex-free bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7903 3L latex bag, 84" O2 and pressure lines, 12/cs
- 9881-7-N7903-62 3L latex-free bag, 84" O2 & pressure lines, 12/cs
- 9881-7-N7905-56i 1/2L latex bag, 84" O2 & pressure lines, 800 Series Infant face mask., 12/cs
- 9881-7-N7905-63i 1/2L latex bag, 84" O2 & pressure lines, 700 Series Infant face mask., 12/cs

Westmed Anesthesia Breathing Bags

Westmed offers a large selection of breathing bags in sizes and styles to meet virtually any clinical requirement or preference. Included in this offering are: standard, non-conductive bags; textured Sure-Grip non-conductive bags; and neoprene (latex protein-free) bags.

Standard Latex

- 9881-7-6005 1/2L standard latex, 30/cs
- 9881-7-6001 1L standard latex, 30/cs
- 9881-7-6002 2L standard latex, 30/cs
- 9881-7-6003 3L standard latex, 30/cs

Neoprene (latex free)

- 9881-7-6206 1/4L neoprene (latex free), 30/cs
- 9881-7-6205 1/2L neoprene (latex free), 30/cs
- 9881-7-6201 1L neoprene (latex free), 30/cs
- 9881-7-6202 2L neoprene (latex free), 30/cs
- 9881-7-6203 3L neoprene (latex free), 30/cs

Textured

- 9881-7-6301 1L textured latex, 30/cs
- 9881-7-6302 2L textured latex, 30/cs
- 9881-7-6303 3L textured latex, 30/cs

Westmed Accessories for Respiratory Therapy

Oxygen Tubing

- 9881-0007 7' Kink Resistant Tubing, 50/cs
- 9881-0008 7' Kink Resistant Tubing w/threaded nut, 50/cs
- 9881-0014 14' Kink Resistant Tubing, 50/cs
- 9881-0022 21' Kink Resistant Tubing, 25/cs
- 9881-0025 25' Kink Resistant Tubing, 25/cs
- 9881-0027 25' Kink Resistant Tubing (Green), 25/cs
- 9881-0035 25' Kink Resistant Tubing (Purple), 25/cs

- 9881-0043 Oxygen Tubing Connectors (barbed), 50/cs

Respiratory Accessories

- 9881-0219 Aerosol Tee (Individually Bagged), 50/cs
- 9881-0221 In Line Water Trap for Oxygen Delivery, 25/cs
- 9881-0250 Adult Aerosol Mask, 50/cs
- 9881-0407 Pediatric Tee, 50/cs
- 9881-0409 Nipple and Nut (christmas tree), 50/cs
- 9881-0412 No-Smoking Sign, 25/cs
- 9881-0480 Dry Humidifier, 6 psi, 50/cs
- 9881-0497 Manometer Cover, 1/cs
- 9881-0499 Manometer, 1/cs
- 9881-0700 Air Cylinder Wrench, 50/cs
- 9881-0704 Air Cylinder Wrench w/50 attachable chains, 50/cs
- 9881-0760 Brass Regulator Washers, 25/cs

Westmed Oxygen and Aerosol Masks

A complete line of Adult and Pediatric

Oxygen and Aerosol Mask

- 9881-0250 Adult Aerosol Mask (Vented), 50/cs
- 9881-0251 Pediatric Aerosol Mask (Vented), 50/cs
- 9881-0360 Trach Mask, Adult, 50/cs
- 9881-0361 Trach Mask, Ped, 50/cs
- 9881-0365 Adult Non-Rebreather Mask w/ safety vent, 7' kink resistant tubing, 50/cs
- 9881-0366 Pediatric Non-Rebreather Mask w/ safety vent, 7' kink resistant tubing, 50/cs
- 9881-0367 Adult Non-Rebreather Mask w/out safety vent, 7' kink resistant tubing, 50/cs
- 9881-0370 Adult Medium Concentration Mask w/ 7' kink resistant tubing, 50/cs
- 9881-0371 Pediatric Medium Concentration Mask w/ 7' kink resistant tubing, 50/cs

Westmed Gas Sampling Lines

Westmed gas sampling lines are manufactured with high quality, flexible tubing and are available in a number of internal diameters, lengths, and end-connection configurations to ensure compatibility with a wide variety of capnometers, capnographs, and mass spectrometers.

Gas Sampling Lines

- 9881-0510 10' gas line, .060ID x .1080D, m/f, 50/cs
- 9881-0511 10' gas line, .060ID x .1080D, m/m, 50/cs
- 9881-0512 10' gas line, .050ID x .1080D, m/m, 50/cs
- 9881-0513 10' gas line, .050ID x .1080D m/f, 50/cs
- 9881-0514 8' gas line, .040ID x .1080D m/m, 50/cs
- 9881-0519 6' gas line, .050ID x .1080D m/m, 50/cs
- 9881-0521 6' gas line, .050ID x .1080D m/f, 50/cs
- 9881-0527 8' gas line, .040ID x .1080D m/f, 50/cs

Gas Sampling Lines w/ Filters

- 9881-0522 10' gas line, .050ID x .1080D, m/m w/.5 micron filter, 50/cs
- 9881-0523 10' gas line, .050ID x .1080D, m/f w/.5 micron filter, 50/cs
- 9881-0524 10' gas line, .050ID x .1080D, m/m w/.5 micron filter, 50/cs
- 9881-0525 10' gas line, .050ID x .1080D, m/f w/.5 micron filter, 50/cs

Gas Sampling Lines Co-extruded

- 9881-0516 10' PE/PVC gas line, .047ID x .1080D, m/m, 50/cs
- 9881-0517 10' PE/PVC gas line, .047ID x .1080D, m/f, 50/cs

Westmed offers a complete line of Gas Sampling Lines, Elbows, Filters, Anesthesia Circuits (Standard and Custom)

Schuco® by Allied S3000 Nebulizer

The Schuco 3000 delivers reliable nebulizer therapy at an affordable price. Constructed of high-impact, damage resistant plastic, weighs 3.8 lbs, 35 PSI, and 9 LPM at nebulizer cup.

- 0187-S3000 Schuco S3000 includes Compressor, Standard Mouthpiece, Nebulizer and Tubing
- 0187-64095 Pediatric Aerosol Mask with Nebulizer and Tubing-50/cs
- 0187-64085 Adult Aerosol Mask with Nebulizer and Tubing-50/cs
- 0187-61399 Nebulizer Set Complete: Nebulizer Cup, 7' of Clear Tubing, Mouthpiece, Tee, 6" Flex Tube-50/cs
- 0187-61400 Nebulizer Set Complete: Nebulizer Cup, 7' of Clear Tubing, Mouthpiece, Tee, 50/cs
- 0187-S3000-BAG Storage Pouch: Carries Compressor, Nebulizer and Tubing

Mada Voyage Compressor/Nebulizer

Voyage I is an AC powered Compressor/Nebulizer, compact and easily transported. Power source 110 volt, maximum pressure 35 PSI, maximum flow 10 LPM. Size: 9" x 11" x 4", weight 4lbs. 4 oz.

- 4071-275 Mada Voyage Compressor/Nebulizer

Mada Promenade Compressor/Nebulizer

Promenade is a battery powered Compressor/Nebulizer with built-in battery source. Comes complete with charger, auto lighter adapter and carrying case for ultimate portability. Power source 12 volt DC battery or auto lighter adapter, maximum pressure 32 PSI, maximum flow 7 LPM. Size: 8" x 6" x 2", weight 4 lbs. 10 oz.

- 4071-276 Mada Promenade Compressor/Nebulizer

Westmed PediNeb™

PediNeb is designed to administer medication to the child with outstanding clinical results. For additional information contact your IMCO distributor.

- 9881-0382 PediNeb Nebulizer- VixOne Nebulizer, Pacifier, 45 Degree Elbow, & 7' Kink Resistant Tubing, 12/cs
- 9881-0383 PediNeb Nebulizer- VixOne Nebulizer, Pacifier, Pediatric Tee, Popel Extension Set & 7' Kink Resistant Tubing, 12/cs

Westmed Circulaire®

Designed for inpatient and at-home use, the Circulaire's patented distensible drug reservoir minimizes waste while its variable resistor tailors treatment to individual pediatric/adult patient needs. Optimum aerosol particle size, virtual elimination of systemic reaction to beta stimulators, Biofeedback gauges and encourages maximum patient effort, clinically superior to other modalities of aerosol deliver

Westmed VixOne™

The VixOne™ provides ideal Particle size production allowing high lung deposition which results in maximum therapeutic effect. A recent study compared the performance of 17 nebulizers in 6 categories, the VixOne™ performed among the most efficient in each category, most importantly provided the largest respirable mass of aerosol available to the patient - Chest, August 1996

- 9881-0214 VixOne™ Nebulizer, (Individually bagged)

Westmed HEART® Continuous Nebulizers

This system is unsurpassed in delivering continuous nebulization therapy, in inpatient and outpatient settings. Delivers continuous nebulization from 1 hour to 8 hours.

Medical Specifics 2200 Portable Aspirator

Medical Specifics, Inc. offers a wide range of aspirators from diaphragm to piston pumps. All diaphragm pumps will do at least 22"HG (569mmHG), and the piston group 25"HG (660mmHG) suction. The 2200 can be used in nursing homes, physician offices, clinics, hospitals and the homecare market. There are three types of collection systems available, shown with 750cc autoclavable glass bottle.

| 4327-2100 | Compressor |
|-----------|------------|

Schuco® by Allied™ S130 Aspirator

Completely portable and reliable. The regulator assembly has been modified, replacing the cap and float assembly with a hydrophobic bacteria filter. This filter prevents fluids and other contaminants from damaging the pump. This durable unit continues to meet the need for controlled vacuum regulation from 0-22" Hg with a flow rate of 28 lpm. Weighs 13.6 pounds, 1/15 hp motor, 115V, 60 Hz.

- | | |

Medical Specifics 8000/8400 ProLine Aspirators

The Pro Line Models are unique and bring a whole new technology to the healthcare industry. The ProLine pulls from zero to 26" of mercury. The model 8000 provides constant suction, while the 8400 also allows intermittent operation. The piston motor delivers smooth, reliable aspiration. It's .1 micron hydrophobic capsule supplies superior protection from contagious matter. The ProLine is supplied with dual canisters, and a foot pedal control, which leaves the healthcare provider with hands-free operation, if desired. It weighs only 38 lbs. and is whisper quiet. Other power options are 220 volt 50 Hz (Model 8000V) and 230 volt 60 Hz (Model 8000V60).

The Products Listed In This Catalogue Represent Only A Portion Of Those Available. Please Call Our Office Or See Your Sales Representative.

Burdick Eclipse™ 850 ECG

High-performance in a compact package

- Has all the functionality of a hospital-grade ECG
- Easy-to-read, backlit screen
- Automatic, manual or 12-lead rhythm operation
- Powerful optional 5-criteria algorithm
- AccuPrint™ ensures clear printout, eliminates retakes

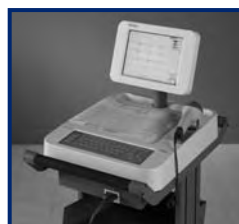

1073-92300-1AL09 Eclipse 850 ECG, non-interpretive
 1073-92300-1AK09 Eclipse 850 ECG, interpretive

Burdick Eclipse™ Premier ECG

High performance with wireless communications

- Simultaneous 12-lead acquisition
- 12-lead preview on color active matrix display
- Stores up to 100 ECGs
- Real time data sharing with wireless Ethernet, optional
- Barcode scanner assures accurate patient ID, optional

1073-E10-1AE17 Eclipse Premier, English, 120V, AHA cable, disposable electrodes and clips
 1073-E10-1AG17 Eclipse Premier, English, 120V, AHA cable, disposable electrodes and clips, with communications

Burdick Universal ECG™

PC-based ECG diagnostics complements transition to Electronic Medical Records (EMRs)

- Portable and easy to use. Universal ECG™ can be interfaced with most EMRs.
- Patient data is instantly and accurately obtained, viewing up to 12 channels.

Burdick Atria™ 3000 ECG

Compact, simple to use

- 3, 4 or 6-channel, 12-lead ECG tracings
- Advanced functionality
- Easy-to-use keyboard, menu driven interface
- Optional interpretation and communications capabilities

1073-A30-1DKL01 Atria 3000, non-interpretive
 1073-A30-1DIL01 Atria 3000, interpretive

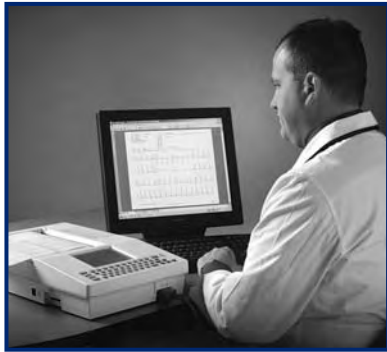

Burdick Atria™ 3000 ECG with Advanced Communications

Familiarity of traditional ECG + efficiency of PC

- Transmit test results directly to EMRs
- FAA compliant modem communications
- Ethernet, RS232 and USB
- Optional 802.11b wireless and Bluetooth
- Call your representative for more information
- Unlimited data analysis is available including the ability to reanalyze data if system parameters are modified.
- Enjoy the flexibility to customize reports and network multiple locations to optimize the benefits of a standard ECG management system across your practice.
- Five minutes of full disclosure with end user review and analysis.

1073-92309-01 Universal ECG™, English, AHA, without interpretation
 1073-92309-02 Universal ECG™, English, AHA, with interpretation

Burdick CardioVault™ ECG Management Software

Simple PC archival and printout for your Eclipse™ Plus or 850 ECG.

- Combines a powerful, true medical device with the convenience of a PC
- Proven Windows® and Acrobat® technology maximizes ease of use
- Diagnostic quality viewing and printing
- Paperless system reduces cost

1073-92602-1A CardioVault™ for ECG
 1073-926021AM CardioVault™ for ECG w/modem

Burdick Single Channel ECGs Elite II and EK-10

Simple operation, accurate analysis

- One-button operation saves time
- Single channel, 12-lead format
- Lightweight, portable
- Optional interpretation
- Optional fax with internal modem

1073-101070 EK-10 ECG, Eng., AHA (120V)
 1073-101142 Elite II ECG, Eng., AHA (110V)

Welch Allyn CP 100™

A reliable, easy-to-use, and cost-effective ECG device designed for almost any office setting.

- Full alphanumeric keyboard and LCD display for fast and easy entry of patient information
- Advanced filters for optimal ECG trace quality ensures accurate readings
- Customizable report formats allow you to print information the way you need
- Battery operation lets you take the device to the patient
- Connectivity to many leading EMRs through the Welch Allyn CardioPerfect™ Workstation Software
- A noninterpretive 12-lead resting ECG that provides accurate measurements
- Optional MEANS ECG interpretation software helps you interpret results
- High-resolution thermal printer generates standard full-sized reports and multiple printouts in the channel configuration you need
- Lead quality graphic saves valuable time and ensures accurate data capture by highlighting poor connections

6783-CP1-1E1 Welch Allyn CP 100™ Noninterpretive
 6783-CP1A-1E1 Welch Allyn CP 100™ Interpretive

Welch Allyn CP 200™ with Optional Spirometry

An easy-to-use, full-featured device with advanced options to help streamline workflow in your office. Same features as the CP 100 plus:

- Large color LCD screen allows you to preview critical information on screen easily as well as review tests before printing
- Save time by using dedicated function or "hot keys" to perform the most common functions without scrolling through menus
- Store up to 50 ECGs and 50 spirometry tests for later review and editing of patient data and interpretation
- Connect directly to the Welch Allyn CardioPerfect™ Workstation Software easily through hardwire cable interface
- Optional Spirometry testing and optional MEANS interpretation software

6783-CP2-1E1 Welch Allyn CP 200™ Noninterpretive
 6783-CP2A-1E1 Welch Allyn CP 200™ Interpretive
 6783-CP2S-1E1 Welch Allyn CP 200™ Noninterpretive with spirometry
 6783-CP2AS-1E1 Welch Allyn CP 200™ Interpretive with spirometry

Burdick Vision™ 5L Holter Recorder

High-quality ECG Digital Recording

- Visual signal verification
- Real-time ECG display eliminates test jacks, repeat tests
- Easy-to-use five-button keypad
- Fast data transfer
- Pacemaker detection to Vision or Vision Premier

1073-92514-01 Vision™ 5L, English, 128 MB flash card, 5-lead cable

Burdick Vision™ Holter Analysis Systems

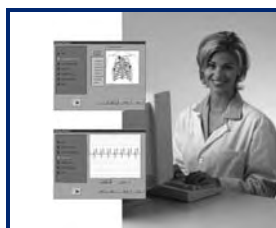

QuickStep Wizard™ automates analysis

- 99.95% accuracy
- Highlighted abnormalities presented in full disclosure
- Patient-friendly pocket-sized digital recorder
- Rapid ROI - average 2 tests per week, system can be paid for within 6 months
- Vision Premier offers advanced analysis including expanded viewing choices, comprehensive list of diagnostic codes and automatic categorization into unique morphology forms

1073-V53-1G Vision Holter software, with PC-card interface

1073-V51-1G Vision Premier Holter software with PC-card interface

1073-V53-1DG Vision Holter software with PC-card interface and one Vision 5L Recorder

Burdick Stress Prep Kits

1073-97008 Baseline™ prep kit, stress
1073-015-0629-00 Blue Max® prep kit, stress

Burdick Holter Prep Kits

- 1073-43084 Baseline™ prep kit, 2-channel, for cassette recorders
- 1073-43085 Baseline™ prep kit, 3-channel, for cassette recorders
- 1073-43101 Baseline™ prep kit, 2-channel, for 6532 recorder
- 1073-43104 Baseline™ prep kit, 3-channel, for 6532 recorder
- 1073-43202 Baseline™ prep kit, 3-channel, for 92510 recorder
- 1073-43250 Baseline™ prep kit, 2-channel, for 92512/92513 recorder
- 1073-43272 Baseline™ prep kit, 3-channel, for 92513 recorder

CardioVive™ AT AED

Always RescueReady™

- Automatic daily self-test ensures safe, reliable operation
- Pre-connected, non-polarized, disposable pads
- One-button operation makes it easy to use
- Patented biphasic waveform delivers appropriate defibrillation level
- Differentiates between shockable and non-shockable events

1073-92532-201 CardioVive™ AT AED, English version

CardioVive™ DM AED

An intuitive AED with manual override

- Allows physicians to switch from AED to manual defibrillation
- Simple and easy-to-use automated voice prompts for the layperson
- Patented, powerful algorithms and variable escalating energy
- Optional 3-lead continuous ECG patient monitoring

1073-92533-201 CardioVive™ DM AED, English version

Welch Allyn® AED 10™

Designed for easy operation and quick deployment, the AED 10 uses the simple “1-2-3” approach — a proven rescue protocol for automated external defibrillation used throughout the world. The AED

10 is the simple, affordable solution for quick and easy response by minimally trained personnel.

- Text and voice instructions guide the user through the rescue. Color-coded pads and illustrations ensure proper pad placement.
- Escalating energy (200j, 300j, 360j), per AHA guidelines. Energy protocol can be changed to meet specific needs.
- High performance battery delivers 5 years of standby performance or over 90 discharges at 360 joules.
- Internal memory stores event data including ECG waveforms, time / date stamps, shock delivery and system actions.
- Compatible with major manufacturer defibrillator pads.

6783-970300 Welch Allyn® AED 10
 6783-970302 Welch Allyn® AED 10 with Soft Shell Carry Case

Welch Allyn® AED 20

The unique, simple-to-operate AED 20 provides basic AED function with optional "Lead II" monitoring using traditional snap based electrodes. Optional manual defibrillation (2-360

joules) is also available in this compact device. The versatile AED 20 is the first choice for extended care facilities with multiple levels of first responders.

- Choice of rechargeable battery for frequent users or a long life non-rechargeable battery for infrequent rescuers
- Escalating energy (200j, 300j, 360j), per AHA guidelines. Energy protocol can be changed to meet specific needs
- Optional ECG monitoring and optional passcode protected manual defibrillation
- Data card transfer of critical patient data and direct connect printing to PCL5 printers provide efficient management of data.

6783-972211E Welch Allyn® AED 20 w/ Rechargeable NiMH Battery and Charging Station
 6783-972213E Welch Allyn® AED 20 w/ ECG Waveform and Single Channel Monitoring
 6783-972215E Welch Allyn® AED 20 w/ ECG, Monitoring and Manual Defibrillation Mode

ZOLL AED Plus™

The First and Only Full-Rescue AED that has:

- Complete support of the AHA's CHAIN OF SURVIVAL (from "check responsiveness" through chest compressions)
- REAL CPR HELP™ for rate and depth of chest compressions

- Rescuer assistance for ALL victims of SUDDEN CARDIAC ARREST (even those for which no shock is advised)
- A ONE-PIECE PAD for quick and accurate electrode placement with a four-year shelf life
- Lithium CAMERA BATTERY power
 - Readily available in retail stores
 - Lasts five years and supports a daily self-check

9826-21400010101011010
 ZOLL AED Plus Package #1 with Graphical Cover, One CPR-D Padz and One sleeve of Batteries. Includes LCD screen showing voice prompt messages, device advisory messages, elapsed time, shock count and chest compression graph, Operator's Guide and (5) five year limited warranty on AED.

Burdick TM55 and TM65 Treadmills

Digitally controlled

- Fewer moving parts reduces wear and tear
- Controlled “soft start” for patient safety
- Accurate speed and grade, regardless of weight
- Quiet operation
- Integrated into Burdick Quest® Exercise Stress System

1073-TM55LXXRB2 TM55, 120V
1073-TM65LEXRBE TM65, 120V

Burdick Quest® Exercise Stress System

- Performs both resting and 12-lead ECGs and stress tests
- Accurate ECG data acquired at the patient, eliminating non-cardiac electrical noise
- Flexible programming, you choose the protocol
- Full range of report formats
- Uses TM55 or TM65 treadmills

1073-B24-1APO1 Quest System w/TM55 treadmill

Mediaid Palco 100 Series Mini Pulse Oximeters

The series 100 can be used with either the integral sensor or with the cable adapter to allow wide variety of adult or pediatric sensors.

Model 100

It is a basic pocket size, spot checking pulse oximeter weighing only 3.4 OZ and gives approximately 1200 readings for one AA battery.

Model 130

It is the same size as the M100 and it has memory.

It operates in three modes:

- 1- Retains 30 minutes of data for single patient, ideal for treadmill.
- 2- Can capture data from up to 20 different patients tagging each patients results with time and date.

- 3- Expanded data for sleep screening for 10.5 hours.

9741-010-100 Model 100 Mini Pulse Oximeter
9741-010-130 Model 130 Mini Pulse Oximeter

Mediaid Palco Model 300 Pulse Oximeter

The Model 300 is a hand-held pulse oximeter that is convenient for spot-checking with its small size. It operates on 6 “AA” batteries. The unit can be used with Universal Hinged, Soft, and Pediatric Adjustable sensors. Mediaid Palco guarantees the Model 300’s quality with an exclusive five-year warranty.

9741-010-300 Model 300 Pulse Oximeter

Burdick Oxy 100 Pulse Oximeter

Fast, accurate SpO2 measurements

- Simple operation
- Audible and visible plus rates, strength indicators
- Supports all sensors- neonate to adult

1073-92521-1A Burdick Oxy 100 with sensor

Burdick Assurance® Paper

Burdick ECG paper utilizes a base paper material which is specifically designed to reduce thermal print head wear

1073-716-0233-00	Assurance® thermal paper for EK10, Elite, Elite II, Medic 5
1073-716-0234-00	Assurance® thermal paper for Eclipse LE, LEi, LE II, LEi II, E350i, E600 8
1073-716-0235-00	Assurance® thermal paper for Eclipse 8, 800
1073-716-0237-00	Assurance® thermal paper for Atria, Eclipse Plus and Premier, Quest
1073-716-0239-00	Assurance® thermal paper for Eclipse 850, 850i

Burdick ECG Gel

1073-690-0150-00	Signal-Gel electrode gel, 60gr. Bottle, 144 tubes/cs
1073-690-0151-00	Signal-Gel electrode gel, 250gr. Bottle, 72 tubes/cs

Burdick CardioSens® Resting ECG Electrodes

Choose from three options

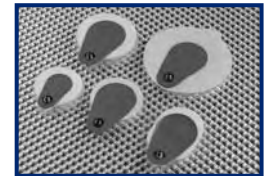

- CardioSens® Ultra II – Aggressive adhesion, fast signal stabilization, high conductivity
- CardioSens® Advantage – Unique, highly conductive adhesive and narrow size
- CardioSens® K – Hypo-allergenic, Karaya-based adhesive for sensitive skin

1073-047029	CardioSens® Ultra II
1073-047881	CardioSens® Advantage
1073-047866	CardioSens® K

Burdick Blue Max® Electrodes

- Highly conductive wet gel for clean tracings
- Minimal baseline wandering
- Unique offset snap connection reduces motion artifact during stress testing
- Specially formulated adhesive stays put
- For monitoring and resting ECGs

1073-097001	Blue Max, 40mm, vinyl, offset snap
1073-097004	Blue Max, 50mm, foam, offset snap
1073-015-0630-00	Blue Max SUPAtab resting ECG electrode, wet gel

Burdick HeartLine™ Electrodes

- Provides high-quality data for virtually any cardiac application
- Ideal for both long-term monitoring and short-term diagnostic procedures

1073-007778	HeartLine, 37x53mm, oblong, comfort tape, wet gel
1073-007781	HeartLine, 37x53mm, oblong, durafoam, wet gel
1073-007782	HeartLine, 48mm, radiolucent, foam, solid gel
1073-007784	HeartLine, 30mm, sensacloth, solid gel

Bio-Detek TraceRite® Disposable TAB DE1070 Ag/AgCl Resting and Diagnostic Electrode

Use: Resting ECG's and Diagnostic Procedures.

Ag/AgCl Solid conductive adhesive sensing system. No skin prep for most patients reducing overall procedure time. Eliminates the danger of cross contamination that may occur with reusable electrodes. 1" x 7/8" conductive adhesive area plus 3/16" tab area

0805-DE1070 Disposable Tab Type Electrode, 10/card, 100/pch, 500/bx, 5000/cs

Bio-Detek TraceRite® Multi-Procedure Round Clear Tape ME20 series ECG Monitoring Electrode

Use: Holter, Stress, Surgery, ICU/CCU, EMS

Easily examine skin area beneath electrode. Ag/AgCl sensing system - Aggressive high tack, medical grade adhesive - Disposable - Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Exceeds all AAMI specifications. Adult 2" round - Pediatric 1 1/2" round

0805-ME201 Adult, 1/pch, 30/bx, 600/cs
 0805-ME203 Adult, 3/pch, 30/bx, 600/cs
 0805-ME205 Adult, 5/pch, 60/bx, 600/cs
 0805-ME230 Adult, 30/pch, 600/cs
 0805-ME201P Pediatric, 1/pch, 30/bx, 300/cs
 0805-ME203P Pediatric, 3/pch, 30/bx, 300/cs

Also available in Solid Gel. Add SG suffix to PN#

Bio-Detek TraceRite® Multi-Procedure Round Cloth ME30 series ECG Monitoring Electrode

Use: ER, ICU/CCU, Diagnostic

Non-woven breathable cloth contours to body. Ag/AgCl sensing system - Aggressive high tack, medical grade adhesive - Disposable - Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Exceeds all AAMI specifications. Adult 2" round - Pediatric 1 1/2" round.

0805-ME301 Adult, 1/pch, 30/bx, 600/cs
 0805-ME303 Adult, 3/pch, 30/bx, 600/cs
 0805-ME305 Adult, 5/pch, 60/bx, 600/cs
 0805-ME330 Adult, 30/pch, 600/cs
 0805-LT301P Pediatric, 1/pch, 30/bx, 300/cs
 0805-LT303P Pediatric, 3/pch, 30/bx, 300/cs

Also available in Solid Gel. Add SG suffix to PN#

Bio-Detek TraceRite® Multi-Procedure Round Foam ME40 series ECG Monitoring Electrode

Use: Holter, Stress, Surgery, ICU/CCU, EMS

Closed-cell foam with medical grade hypoallergenic adhesive - Ag/AgCl sensing system - Disposable - Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Exceeds all AAMI specifications. Adult 2" round - Pediatric 1 1/2" round

0805-ME401 Adult, 1/pch, 30/bx, 600/cs
 0805-ME403 Adult, 3/pch, 30/bx, 600/cs
 0805-ME405 Adult, 5/pch, 60/bx, 600/cs
 0805-ME430 Adult, 30/pch, 600/cs
 0805-LT401P Pediatric, 1/pch, 30/bx, 300/cs
 0805-LT403P Pediatric, 3/pch, 30/bx, 300/cs

Also available in Solid Gel. Add SG suffix to PN#

Bio-Detek TraceRite® Multi-Procedure Rectangular Cloth LT30 series ECG Monitoring Electrode

Use: ER, ICU/CCU, Diagnostic

Non-woven breathable cloth contours to body - Rectangular shape allows for closer placement - Ag/AgCl sensing system - Aggressive high tack, medical grade adhesive - Disposable - Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Exceeds all AAMI specifications. Adult 1 5/8" x 2 1/8" rectangular - Pediatric 1 1/2" round

0805-ME301 Adult, 1/pch, 30/bx, 600/cs
 0805-ME303 Adult, 3/pch, 30/bx, 600/cs
 0805-ME305 Adult, 5/pch, 60/bx, 600/cs
 0805-ME330 Adult, 30/pch, 600/cs
 0805-LT301P Pediatric, 1/pch, 30/bx, 300/cs
 0805-LT303P Pediatric, 3/pch, 30/bx, 300/cs

Also available in Solid Gel. Add SG suffix to PN#

Bio-Detek TraceRite® Multi-Procedure Round Foam LT40 series ECG Monitoring Electrode

Use: Holter, Stress, Surgery, ICU/CCU, EMS

Closed-cell foam with medical grade hypoallergenic adhesive. Rectangular shape allows for closer placement -Ag/AgCl sensing system - Disposable – Latex Free- Diaphoretic - Tracerite® gel cover system extends product life outside the pouch. - Extra packaging specs for 12-lead machines - Exceeds all AAMI specifications. Adult 1 1/2" x 21/4" rectangular - Pediatric 1 1/2" round.

0805-LT401	Adult, 1/pch, 30/bx, 600/cs
0805-LT403	Adult, 3/pch, 30/bx, 600/cs
0805-LT404	Adult, 4/pch, 48/bx, 480/cs
0805-LT405	Adult, 5/pch, 60/bx, 600/cs
0805-LT406	Adult, 6/pch, 60/bx, 600/cs
0805-LT410	Adult, 10/pch, 60/bx, 600/cs
0805-LT430	Adult, 30/pch, 600/cs
0805-LT401P	Pediatric, 1/pch, 30/bx, 300/cs
0805-LT403P	Pediatric, 3/pch, 30/bx, 300/cs
0805-LT404P	Pediatric, 4/pch, 48/bx, 480/cs

Also available in Solid Gel. Add SG suffix to PN

Bio-Detek TraceRite® Multi-Procedure Rectangular Paper Tape LT60 series ECG Monitoring Electrode

Use: ER, ICU/CCU, Diagnostic

Paper Tape helps prevent excess moisture build-up -Rectangular shape allows for closer placement –Ag/AgCl sensing system - Aggressive high tack, medical grade adhesive - Disposable – Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Exceeds all AAMI specifications. Adult 1 5/8" x 2 1/8" rectangular - Pediatric 1 1/2" round.

0805-LT601	Adult, 1/pch, 30/bx, 600/cs
0805-LT603	Adult, 3/pch, 30/bx, 600/cs
0805-LT605	Adult, 5/pch, 60/bx, 600/cs
0805-LT630	Adult, 30/pch, 600/cs
0805-LT601P	Pediatric, 1/pch, 30/bx, 300/cs
0805-LT603P	Pediatric, 3/pch, 30/bx, 300/cs

Also available in Solid Gel. Add SG suffix to PN#

The Products Listed In This Catalogue Represent Only A Portion Of Those Available. Please Call Our Office Or See Your Sales Representative.

Bio-Detek TraceRite® Short Term Square Foam Diagnostic & Resting Snap Type ST40 series ECG Monitoring Electrode

Use: ER, Cardiac Rehab, Outpatient Surgery

Standard snap type at low cost - Smaller size allows for closer placement - Ag/AgCl sensing system - Aggressive high tack, medical grade adhesive - Disposable – Latex Free - Diaphoretic Tracerite® gel cover system extends product life outside the pouch - Convenient strips of 5 - Exceeds all AAMI specifications. Adult 1 1/2" x 1 1/2" square

0805-ST410	Adult, 10/pch, 100/bx, 1000/cs
0805-ST430	Adult, 30/pch, 600/cs

Bio-Detek TraceRite® Holter/Stress Small Round Foam LT40S series ECG Monitoring Electrode

Use: Holter, Stress

Closed-cell foam with medical grade hypoallergenic adhesive Smaller diameter allows for closer placement -Ag/AgCl sensing system - Disposable – Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Exceeds all AAMI specifications. Adult 1 1/2" round.

0805-LT405S	Adult, 5/pch, 60/bx, 600/cs
0805-LT430S	Adult, 30/pch, 600/cs

Also available in Solid Gel. Add SG suffix to PN

Bio-Detek TraceRite® Short Term Small Rectangular Foam Diagnostic & Resting Snap Type ST50 series ECG Monitoring Electrode

Use: Resting, Diagnostic, Echo, Cardiac Rehab, Outpatient Surgery

Standard snap type at low cost - Smaller size allows for closer placement - Ag/AgCl sensing system - Aggressive high tack, medical grade adhesive - Disposable – Latex Free - Diaphoretic Tracerite® gel cover system extends product life outside the pouch - Convenient strips of 5 –Exceeds all AAMI specifications. Adult 1" x 1 3/4" rectangular.

0805-ST510	Adult, 10/pch, 100/bx, 1000/cs
0805-ST550	Adult, 50/pch, 1000/cs

Bio-Detek TraceRite® Small Foam –Radiotranslucent RT40 series ECG Monitoring Electrode

Use: Cath Labs, X-Ray units, Thallium Stress Test, MRI, Nuclear Medicine using Gamma Rays

Special carbon based silver chloride non-metal snap allows unimpeded view on x-ray -Smaller size allows for closer placement – High chloride gel - Aggressive high tack, medical grade adhesive - Disposable – Latex Free – Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Convenient strips of 5 - Exceeds all AAMI specifications. Adult 1 1/2" round .

0805-RT405 Adult, 5/pch, 50/bx, 500/cs
0805-RT430 Adult, 30/pch, 300/cs

Bio-Detek TraceRite® Large Foam –Radiotranslucent RT50 series ECG Monitoring Electrode

Use: Cath Labs, X-Ray units, Thallium Stress Test, MRI, Nuclear Medicine using Gamma Rays

Special carbon based silver chloride non-metal snap allows unimpeded view on x-ray - Larger size when greater adhesive area is needed – High chloride gel - Aggressive high tack, medical grade adhesive - Disposable – Latex Free - Diaphoretic - Tracerite® gel cover system extends product life outside the pouch -Convenient strips of 5 - Exceeds all AAMI specifications. Adult 2" round.

0805-RT505 Adult, 5/pch, 50/bx, 500/cs
0805-RT530 Adult, 30/pch, 300/cs

Bio-Detek TraceRite® Stress Test Wing Shaped Foam – Radiotranslucent RT70 series ECG Monitoring Electrode

Use: Cath Labs, X-Ray units, Thallium Stress Test, MRI, Nuclear Medicine using Gamma Rays, Stress and Holter Special carbon based silver chloride non-metal snap allows unimpeded view on x-ray –Wing shape for extra adhesive area while still offering close placement – High chloride gel - Aggressive high tack, medical grade adhesive - Disposable – Latex Free – Diaphoretic - Tracerite® gel cover system extends product life outside the pouch - Convenient strips of 5 – Exceeds all AAMI specifications. Adult 1 1/2" round center with 2 3/8" wing span.

0805-RT705 Adult, 5/pch, 50/bx, 500/cs
0805-RT730 Adult, 30/pch, 300/cs

Bio-Protech “Telectrode”

Disposable General Use Electrode for Adult.

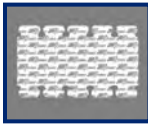

Especially designed for use in Emergency, ICU/CCU, Surgery, EMS (General Use). Medical grade impenetrable white polyethylene foam protects the skin under the electrode from surgical fluids and air providing safe electrical signal passage. Ag/AgC1 sensing system provides stable, reliable ECG signals.

Complies with all AAMI specifications.

9940-T716-3 Adult Foam/Oval/General Use
3/pch, 60/bx, 600/cs
9940-T716-30 Adult Foam/Oval/General Use
30/pch. 600/bx, 6,000/cs
9940-T716-50 Adult Foam/Oval/General Use
50/pch, 1,000/bx, 10,000/cs
9940-T726-3 Adult Foam/Square/General Use
3/pch, 60/bx, 600/cs
9940-T726-30 Adult Foam/Square/General Use
30/pch, 600/bx, 6,000/cs
9940-T726-50 Adult Foam/Square/General Use
50/pch, 1,000/bx, 10,000/cs

The Products Listed In This Catalogue Represent Only A Portion

Representative.

IMCO Disposable TAB Type for Resting EKG's

Especially designed for use in resting EKG diagnosis. The high tack gel and high conductive Ag/AgC1 provide stable and reliable EKG signals. The superior adhesion continuously maintains PROTAB for ECG procedure and can be repositioned on different skin types. Not to be used where defibrillation may be required.

- 9940-2030-IMC IMCO Tab/Resting Electrodes
100/pch, 500/bx, 5,000/cs
- 9940-PT2335 Medium Tab/Resting Electrodes
100/pch, 500/bx, 5,000/cs
- 9940-PT2837 Large Tab/Resting Electrodes
100/pch, 500/bx, 5,000/cs

-IMC denotes IMCO Private Label.

Bio-Protech Disposable Radio Translucent Use Electrode for Adult

Especially designed for use in x-ray units, MRI, Cath Labs. Medical grade impenetrable white polyethylene foam protects the skin under the electrode from surgical fluids and air providing for safe electrical signal passage. Special Carbon based silver chloride sensor gives an unimpeded view on x-ray and MRI while patient is being monitored. Complies with all AAMI specifications.

- 9940-T716C-3 Adult Foam/Oval/Radio Translucent
3/pch, 60/bx, 600/cs
- 9940-T716C-30 Adult Foam/Oval/Radio Translucent
30/pch, 600/bx, 6,000/cs
- 9940-T716C-50 Adult Foam/Oval/Radio Translucent
50/pch, 1,000/bx, 10,000/cs

Bio-Protech Disposable General Use Electrode for Pediatrics

Especially designed for use in Emergency, ICU/CCU, Surgery, EMS (General Use). Medical grade impenetrable white polyethylene foam protects the skin under the electrode from surgical fluids and air providing safe electrical signal passage. Oval Shape permits electrodes to be placed closer together on small chested patients. Complies with AAMI specifications

- 9940-T718-3 Pediatric Foam/Oval/General Use
3/pch, 60/bx, 600/cs
- 9940-T718-30 Pediatric Foam/Oval/General Use
30/pch, 600/bx, 6,000/cs
- 9940-T718-50 Pediatric Foam/Oval/General Use
50/pch, 1,000/bx, 10,000cs

Bio-Protech Disposable Stress & Holter Electrodes for Adults

Especially designed for use in Emergency, Holter, Stress, ICU/CCU, and Diagnostics. Non-woven breathable cloth conforms to body contours. Porous material helps prevent excessive moisture build up and provides long-term adhesion. Ag/AgC1 sensing system provides stable, reliable ECG signals. Complies with AAMI specifications.

- 9940-T815-3 Adult Cloth/Stress/Holter, 3/pch,
60/bx, 600/cs
- 9940-T815-30 Adult Cloth/Stress/Holter, 3/pch,
600/bx, 6,000/cs
- 9940-T815-50 Adult Cloth/Stress/Holte, 50/pch,
1,000/bx, 10,000/cs
- 9940-T825-3 Adult Cloth/Square/Stress/Holter
3/pch, 60/bx, 600/cs
- 9940-T825-30 Adult Cloth/Square/Stress/Holter
30/pch, 600/bx, 6,000/cs
- 9940-T825-50 Adult Cloth/Square/Stress/Holter
50/pch, 1,000/bx, 10,000/cs

Bio-Protech Disposable Stress & Holter Electrodes for Pediatrics

Especially designed for use in Emergency, Holter, Stress, ICU/CCU, and Diagnostics. Non-woven breathable cloth conforms to body contours. Porous material helps prevent excessive moisture build up and provides long-term adhesion. Ag/AgC1 sensing system provides stable, reliable ECG signals. Complies with AAMI specifications.

- 9940-T816-3 Pediatric Cloth/Stress/Holter
3/pch, 60/bx, 600/cs
- 9940-T816-30 Pediatric Cloth/Stress/Holter
30/pch, 600/bx, 6,000/cs
- 9940-T816-50 Pediatric Cloth/Stress/Holter
50/pch, 1,000/bx, 10,000/cs

Bio-Protech Disposable General Use Electrode for Pediatrics

Especially designed for use in Emergency, ICU/CCU, Surgery, EMS (General Use). Thin, flexible clear tape provides patient comfort. The high tack medical grade adhesive provides excellent adhesion. Ag/AgC1 sensing system provides stable, reliable ECG signals. Complies with AAMI specifications

- 9940-T916-3 Pediatric Clear/Oval/General
3/pch, 60/bx, 600/cs
- 9940-T916-30 Pediatric Clear/Oval/General
30/pch, 600/bx, 6,000/cs
- 9940-T916-50 Pediatric Clear/Oval/General
50/pch, 1,000/bx, 10,000/cs

Short Term Latex Free Monitoring Electrodes

Product #	Application	Size
4730-4500	Stress / Holter Super-tack diaphoretic adhesive. Eyeball shape, fast and easy application.	50mm
4730-4560	Stress Super-tack diaphoretic adhesive. Unique shape allows for easy/accurate placement.	38 x 60mm
4730-5533	General Purpose (Holter/Stress, Surgical, EMS and Echo) Super-tack diaphoretic adhesive. Patient-friendly size. Available 3 or 5 Strip. Fast and easy application.	32 x 45mm
4730-5550	Stress / Holter Super-tack diaphoretic adhesive. Exclusive patent kidney shape, fast and easy application.	50mm
4730-5535	Diagnostic Resting ECG, Pediatric Monitoring Easy-tack, patient-friendly adhesive. Fast and easy application.	32 x 45mm
4730-5539	Thallium Stress, Cardiac Cath. Super-tack diaphoretic adhesive. Radio-translucent X-Ray opaque snap / sensor system. Fast and easy application. Available 3 or 5 Strip.	28 x 45mm
4730-2015	New Solid GEL Stress/Holter Helps Eliminate Artifacts. Fast and easy application and clean-up.	35 x 45mm
4730-5511	New Clear Wet Gel Stress/Holter/Echo,	45mm
4730-1015	Solid Gel, General Purpose, Fast and Easy Application and Clean Up;	32 x 38mm

Long Term Latex Free Monitoring Electrodes

4730-2013	ICU/CCU Monitoring Paper Tape Material conforms to patient Paper Tape Promotes excellent patient comfort, Solid Gel	50mm
4730-2016	ICU/CCU Monitoring Cloth Tape, Solid Gel	50mm

Niko-Stim TENS Electrodes

Niko-Stim TENS Electrodes Superior Patient Contact provides long lasting high quality stimulation. Soft flexible backing with pre-attached lead for comfort & ease of use. Latex Free.

4730-TL-4890	Niko-Stim TENS Electrodes, 48x90mm 4/pk, 100/bx
4730-TL-5050	Niko-Stim TENS Electrodes, 50x50mm 4/pk, 100/bx

The Nikotab System

- 1** Abrade skin with Niko-prep. Unique design allows for quick and easy prep.
- 2** Place Nikotab. The highest quality adhesive and innovative shape prevent twisting and deliver the greatest percentage of first time recordings.
- 3** Connect Niko-clip. Wide-body design holds Nikotab absolutely flat, again securing it in place to eliminate "the twist".

4730-0315	Nicotabs, Economy size, 500/bx
4730-0515	Nicotabs, 500/bx
4730-0715	Nicotabs, Large, 500/bx
4730-NIK-10	Niko-clips, 10/pk
4730-2121	Niko-prep, 500/pk

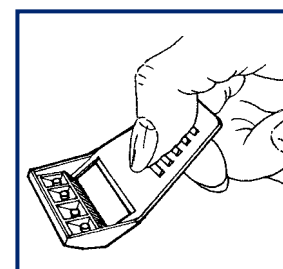

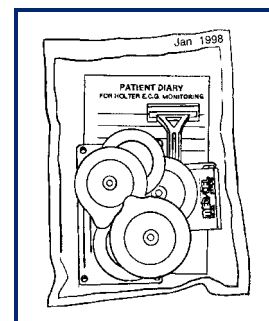

Custom Holter and Stress Kits

Creating the finest Holter and Stress

Kits is easy when you use only the finest components. For nearly ten years, the medical industry has looked to Nikomed for innovative

hook-up kits at competitive prices. Nikomed was the first to utilize sealed and date-coded bags for the packaging of each kit. Every kit is private labeled and custom made to your specifications. You pay for only those components you want, and each component is guaranteed to be fresh and ready for use.

Contact your sales representative for stress kit design and pricing.

The Gallant Razor

Safe, contoured handle with sure grip ridges provides precise optimal fingertip control. Reduces the risk of infections. Handle is in

front of blade. Requires only a light gentle pull. No resistance. No pressure.

4730-D-845 The Gallant Razor, 50 per box, 300 per case

SeilerScope Binocular Microscope

The budget model microscope in the family of Seiler microscopes. Besides having all the features of other microscopes such as 4 flat-field achromat objectives including the 100x oil objective, mechanical stage, variable halogen illumination, the SeilerScope has a reversed nosepiece, a Seidentopf design binocular head, and also the ability to add plan achromat objectives. Accessories for video are also available.

5766-SXS820 [SeilerScope Binocular Microscope](#)

Seiler Microlux III Binocular

If you liked the Microlux II, you'll love the Microlux III. Made for heavy-duty usage in offices or office laboratories. Features continuously variable 12V 20W Halogen illumination, ball bearing nosepiece, coaxial coarse and fine focus mechanism, right hand graduated mechanical stage, two 10x wide-field eyepieces, 4 flat-field achromat objectives including the 100x oil objective. Includes an Abbe condenser with rack and pinion mount, protective cover and instruction manual. Front-to back dual-view accessory is available. Is UL Approved.

5766-SXSZ817 [Microlux III Binocular Microscope](#)

Seiler Westlab II Binocular Microscope

Economically priced routine microscope offering all the standard features of higher-priced scopes including halogen 6V 20W Halogen illumination, coaxial coarse and fine focusing, Seidentopf binocular head, right-hand graduated mechanical stage, 10x wide-field eyepieces and 4 semi-plan achromat objectives including 100x oil objective, all mounted on a ball-bearing reversed nosepiece. Simple Pol and video accessories are also available. One of our best sellers!

5766-SXSZ814 [Westlab II Binocular Microscope](#)

Seiler V3000 Binocular Microscope

A routine office microscope for those customers that enjoy a "German touch". Includes 4 flat-field achromat objectives, Kohler Halogen illumination, coaxial coarse and fine focus, graduated mechanical stage, rack and pinion condenser and ball bearing nosepiece. Side-to-side dual-view accessory and Polarized light accessory with first order red compensator are also available.

5766-S007312 [V3000 Binocular Microscope](#)

Seiler 202/402 ENT Surgery Microscope

We also have an office ENT Surgery Microscope, Model 202 and 402 series. These microscopes also have dual port halogen illumination, and 3 step magnification. Video accessories are also available. The 202 and 402 are economically priced, making them the perfect in-office microscope for doing tube procedures and ear wax removal. All Seiler microscopes come with a

Lifetime Warranty.

Seiler Revelation ENT Surgery Microscope

Our top-of-the-line ENT microscope is a revelation. It's called RevelationENT and comes with 5-magnifications, 3x, 5x, 8x, 13x, and 20x. Illumination is 15W 150W halogen with dual quick change lamps resulting in an uninterrupted procedure should one lamp fail. The RevelationENT offers coaxial (thru-the-lens) fiber optics and wide field 12.5x eyepieces with dioptic locks. Competitively priced, this microscope offers as accessories a second observer head, video and digital video attachments. Perfect for the office, hospital and clinic. Available with the straight or inclineable head

Cytette® Endocervical Sampling Brushes

Cytette® endocervical sampling brushes have a tapered head which simplifies introduction into stenotic cervixes. Soft nylon bristles increase cellular yield and improve specimen quality. The 7" serrated handle is easy to rotate, even while wearing gloves and is marked with a blue rotation indicator to ensure precise sampling.

- 0812-90-5000-03 Cytette® Endocervical Sampling Brushes, Bulk, 5000 Brushes/case
- 0812-90-0100-01 Cytette® Endocervical Sampling Brushes, 100 brushes/tray, 10 trays/case

Cytology Brush

The PURITAN® cytology brush meets patients comfort and clinical performance needs. Soft, tapered tip brush, plastic handle.

Available sterile and non-sterile.

- 3022-2199 7" cytology brush, non-sterile, 100/bx, 10 bx/cs
- 3022-25-2199 7" cytology brush, sterile, 100/bx, 10 bx/cs

CerviSoft® Cytology Collection Device

Puritan's CerviSoft® foam tip collection device is designed specifically for specimen sampling for Pap Smear tests. Soft foam tip, for patient comfort and ease of use, on plastic handle.

Available sterile and non-sterile.

- 3022-2197 7" CerviSoft®, non-sterile, 100/bx, 10 bx/cs
- 3022-25-2197 7" CerviSoft®, sterile, 100/bx, 10 bx/cs

Cervical Scrapers

Puritan® Brand cervical scrapers are made in the USA from close grained, northern white birch.

- 3022-2173 Cervical Scrapers, Ayres Style, 7", 500/bx, 10 bx/cs

Spray-Cite™ Cytological Fixative

- 9792-CA427180 Spray-Cite™ Cytological Fixative, 44cc, 1.5 oz, 12/cs

Volusol Non-Drying Immersion Oil

Immersion oil for microscopy. Very low fluorescence. Nd (25° C) = 1.5150 (±0.0002). One ounce bottles.

- 6435-16482 Viscosity A (Light), 12/cs
- 6435-16484 Viscosity B (Medium Heavy), 12/cs

Erie Microscope Slides

Microscope slides are made from highest purity, corrosion-resistant sheet glass, free of bubbles, stones and surface stria. The glass is fully annealed to minimize chipping and all edges are precision ground for smoothness and safety. Slides are ideally suited for use in hematology and histology and all general microscopy.

- 2278-420 Plain, 3" x 1" x 1mm
- 2278-421 Frosted, 3" x 1" x 1mm

Superfrost®/ Colorfrost® Microscope Slides

Smooth opaque surface makes it easy to write on. The inert coating will not dissolve or loosen even under the most demanding conditions. Written key tells which side is up; eliminates wrong side staining. Raised coating keeps slides separated to prevent sticking and scratching. Colorfrost slides allow color coding by type of test, physician, etc. All slides are frosted on one end.

- Superfrost Slides**
- 2278-4951 25 x 75 mm, 1 mm Thick, White Writing Surface
- 2278-4955 25 x 75 mm, 1.2 mm Thick, White Writing Surface
- 2278-4951F 3" x 1", 1 mm Thick, White Writing Surface
- 2278-4955F 3" x 1", 1.2 mm Thick, White Writing Surface

Boekel Microplate Incubator

The Boekel Microplate Incubator provides a reliable, cost effective way to incubate culture kits, microplates, petri dishes, and test tubes. It yields the most efficient use of space and is the least expensive incubator available. The heating element is located behind a panel in the back of the incubator, providing uniform heat, excellent utilization of space and eliminates the risk of scorching samples placed on the chamber floor. The incubator has an attractive smoked acrylic plastic door, a gray Kydex® outer body and a sturdy aluminum interior that makes clean up a breeze. Comes supplied with flat plastic Digitemp® thermometer attached to the interior floor.

- 0878-260700 Microplate Incubator, 7-3/4" W x 6-1/2" D x 6-1/4" H
- 0878-3135400V Mini-Rack for 13 mm Test Tubes, 54 Place
- 0878-3163500V Mini-Rack for 16 mm Test Tubes, 35 Place
- 0878-3202400V Mini-Rack for 20 mm Test Tubes, 24 Place

Boekel 132000 Incubator

The need for an inexpensive, roomy, and feature loaded incubator has made this one of our most popular models. Its large capacity can handle all of the incubator requirements of the busiest physician's office, while the attractive styling, excellent performance and unbeatable price make it welcome in any lab. The Boekel Incubator Model 132000 has a see-through acrylic door, magnetic door latch, pilot light and On/Off switch. It is supplied with a spirit filled thermometer, an integral bottom shelf, plus an adjustable shelf.

- 0878-132000 Incubator, w/See-Through Door, Interior: 12" D x 10-1/2" H x 11-1/2" W

Lab-Line Imperial III Standard Incubators

These incubators combine the advantages of radiant warm wall heat with the convenience of LED temperature display LED continuously displays chamber temperature. All controls and displays are at eye level. Tempered glass inner door allows visual inspection of samples without affecting chamber environment.

- 3776-LLI302 Imperial III, 2.6 cu. ft., 2 shelves
- 3776-LLI305 Imperial III, 5.2 cu. ft., 3 shelves
- 3776-LLI310 Imperial III, 11.2 cu. ft., 6 shelves

Lab-Line L-C Incubators

These general laboratory incubators utilize radiant warm wall heating to maximize temperature uniformity. The hydraulic thermostat responds quickly to temperature changes, and a pilot light indicates when the unit is in operation. You can remove the perforated aluminum shelves easily for cleaning. Three-wire line cord with plug is included.

- 3776-LLI203 L-C Incubator, 1.3 cu. ft., 2 shelves
- 3776-LLI403 L-C Incubator, 5.1 cu. ft., 2 shelves

Pre-Set Single Use Safety Lancets

*With
Comfort Zone
Technology®*

The Perfect Combination of Patient Comfort and Healthcare Worker Safety

Comfort Zone Technology increases comfort when lancing by targeting the sensation and perception of pain. When pressed against the finger, a series of 8 raised impression dots send a message of comfort to the brain. When the device is fired the sensation of pain is masked by the stronger sensation of comfort.

- Features Comfort Zone Technology
- Automatic Needle Retraction
- Side Release Button
- Convex Platform Requires Less Technique
- Visual Lockout Indicators

Calgiswab® Specimen Swabs

Made of pure calcium alginate fibers, swabs permit recovery of pathogens twice as readily as cotton. Contain no fatty acids which may inhibit microorganism growth. Swabs can be autoclaved or cold sterilized, and are neither irritating nor sensitizing.

All shafts are 6" long unless otherwise stated.

Aluminum Shaft, Type 1

Thin aluminum wire shaft with .035" diameter gently follows contour of aural, nasal or urethral passages with virtually no patient discomfort or injury to delicate tissue.

3022-25-800A Sterile 1's, 100/pkg, 1000/cs

Wood Shaft, Type 2

Recommended when a rigid shaft is desired for throat cultures or specimen recovery from industrial surfaces.

3022-806-WASM Non-Sterile, 100/bg, 10 bgs/bx, 5bx/cs

3022-25-8061WA Sterile 1's, 1/pkg, 100 pkg/bx, 10bx/cs

3022-25-8062WA Sterile 2's, 2/pkg, 200 pkg/bx, 10bx/cs

Plastic Shaft, Type 3

Semi-flexible shaft is ideally suited for obtaining specimens from throat and industrial surfaces. Also for routine gynecological screening.

3022-806-PASM Non-Sterile, 100 bgs/bx, 5 bx/cs

3022-25-8061PA Sterile 1's, 1/pkg, 100 pkg/bx, 10bx/cs

3022-25-8062PA Sterile 2's, 2/pkg, 200 pkg/bx, 10bx/cs

Ultrafine Aluminum Shaft, Type 4

Made with aluminum shaft .025" in diameter. Allows for even greater patient comfort when obtaining specimens from aural, nasal or urethral canals. Helps to eliminate post-sampling urethritis in VD screening.

3022-25-801A Sterile 1's, 1/pkg, 100 pkg/bx, 10bx/cs

Specialty Swabs

Made with flexible shafts, available with rayon, polyester or cotton fibers for a variety of applications. All are made in accordance with USP specifications.

Rayswab® Type 1

Made from pure spun white rayon; contains no fatty acids. High absorption capacity makes Rayswab particularly useful for specimens having low sample populations.

3022-25-800R Sterile 1's, 1/pkg, 100 pkg/bx, 10bx/cs

Polyester Types 1 and 3

For recovery of herpes simplex virus. Swab's small head size allows Type 2 HSV to be recovered more reliably from patients with single or multiple small lesions. Available with aluminum, stainless steel or plastic shafts.

3022-25-800D Sterile 1's, Aluminum, 1/pkg, 100 pkg/bx, 10bx/cs

3022-25-8061PD Sterile 1's, Plastic, 1/pkg, 100pkg/bx, 10bx/cs

Quality Control (QC) Organisms

Culti-Loops® (Remel) and Culti-Swabs (Gibson) are the perfect source of organisms for your CLIA needs. Organisms are lyophilized on the end of the loop/swab for immediate use including throat, sensitivity and N.gonorrhoeae testing. Culti-Swabs are an economical alternative (generally 10-20% less than Culti-Loops).

Bacti Plate® Systems

A culture and sensitivity system similar to the Bullseye™ System, the Bacti Plate® is available in our Bacti Star® Plate octagon-shape as well as our Bacti Plate® rectangular version. Each kit contains 10 of the following: culture/sensitivity plates, sterile applicator swabs, patient report slips, and sterile inoculating loops (.001 calibrated). Available in several combinations including"

6435-PS100	Bacti Urine® System, 10 tests
6435-PS300	Bacti Vaginal System, 10 tests
6435-PS400	Bacti General® System, 10 tests
6435-SP500	Bacti Star Urine® System, 10 tests
6435-SP600	Bacti Star Vaginal® System, 10 tests

Quidel QuickVue® Chlamydia

Results in 12 minutes, or less. 92% sensitivity, 98.6% specificity. Simple extraction procedure requires the addition of only two reagents to extract the chlamydia antigen from an endocervical swab or cytology brush specimen. Controls included in kit. Store at room temperature.

5293-0B006 QuickVue® Chlamydia, 25/kit

Quidel QuickVue® Influenza

Immunoassay for the qualitative detection of influenza type A and B viral antigens. 3 steps nasal swab/1 step nasal wash/aspirate, 1 reagent, 10 minutes to results, this test takes less than 30 seconds hands on time. Kit contains patient swabs, positive and negative controls and is stored at room temperature. CLIA-waived. The 10-test kit is conveniently packaged for single-use testing and disposal. The 25-test kit offers bulk packaging that is ideal for batch testing.

5293-00324 QuickVue® Influenza test, 10 test kit
5293-00317 QuickVue® Influenza test, 25 test kit

Quidel QuickVue® Influenza A & B

Immunoassay for the differential detection of influenza type A and B. 3 steps nasal swab/1 step nasal wash/aspirate, 1 reagent, 10 minutes to results, this test takes less than 30 seconds hands on time. Kit contains patient swabs, positive and negative controls and is stored at room temperature. CLIA-waived.

5293-20183 QuickVue® Influenza A & B, 25 test kit

Immunostics Detector Strep A Direct™

For the qualitative detection of Strep A antigen from throat swab to aid in the diagnosis of Group A streptococcal infection. (cassette test)

3350-ILSTREP-25 25 Test Kit

Immunostics immuno/STREP A Detector™

A qualitative immuno-assay for the detection of Strep A antigen from direct throat swab. (dipstick test)

3350-IDSTREP-25 25 Test Kit

Quidel QuickVue® Dipstick Strep A

Allows for the rapid qualitative detection of Group A Streptococcal antigen directly from patient throat swab specimens or confirmation of presumptive Group A

Streptococcal colonies from culture. The dipstick format allows for an easy-to-handle, off-line extraction process with 92% sensitivity and 98% specificity. Two-color results give clear readability and the proven accuracy of QuickVue provides dependable results. The kit stores at room temperature and includes positive and negative controls. CLIA-waived.

5293-20108 QuickVue® Dipstick Strep A, 50/kit

Quidel QuickVue In-Line® Strep A

The unique in-line extraction and easy procedure allow point of care testing. Each kit contains positive and negative controls and stores at room temperature. CLIA-waived. Specificity is 99%, sensitivity is 92% and overall agreement to culture is 96%.

5293-00343 QuickVue In-Line® Strep A, 25/kit

Quidel QuickVue+® Strep A

Clearly distinguishable +/- endpoint and two reagent extraction make testing easy for anyone in your office or lab. A Test Complete indicator appears in about 5 minutes to let you know the test can be read. Overall accuracy of the test is 98%, with a sensitivity of 95% and specificity of 98%. The built-in controls satisfy CLIA requirements for daily QC. The kit stores at room temperature and contains positive and negative external controls.

5293-20122 QuickVue+® Strep A test kit, 25 test kit

Other Selective Strep Medium

Preferred by offices that want to detect Group A strep but do not want other interfering organisms growing at the same time. Allows the physician office to remain moderately complex under CLIA-88.

6435-SS100 Selective Strep Agar (100mm)
6435-ST101 Selective Strep Agar w/ SXT (100mm)
Selective media for Group A & B beta-hemolytic strep. Does not need the CO2 environment.

Quidel QuickVue+® One-Step hCG Combo

Plus/minus result in 3 minutes for urine and 5 minutes for serum. Sensitivity of 20mIU/mL in urine and 10 mIU/mL in serum, >99% sensitivity and

specificity. This simple, accurate and convenient test as an aid in the early detection of pregnancy requires just 4 drops of serum or urine and yields a 2-color plus or minus sign, for clearly distinguishable results. CLIA-waived for urine; CLIA moderately complex for serum.

5293-00178 QuickVue+® One-Step hCG Combo, 30 test kit
5293-00179 QuickVue+® One-Step hCG Combo, 90 test kit

Quidel QuickVue® One-Step hCG Tests

Detects 25 mIU/mL and greater hCG in urine. Detects pregnancy as early as 3 days before expected menses. Two-color result differentiates patient result from control line. Combo version works with serum or urine with 25 mIU/mL sensitivity in urine and serum. CLIA-waived for urine; CLIA moderately complex for serum.

5293-20109 QuickVue® One-Step hCG Urine, 25 mIU/mL, 25/kit
5293-20110 QuickVue® One-Step hCG Combo, 25 mIU/mL urine and serum, 50/kit
5293-00177 QuickVue® Semi-Q™ hCG Combo, 20 mIU/mL urine/10 mIU/mL serum, 50/kit
5293-00272 hCG control set, set
5293-00281 hCG-serum control set

Quidel RapidVue® hCG Urine

Fast time to results. Dipstick convenience. Detects 25 mIU/mL or greater hCG in patient's urine sample. Dip the test strip into the sample for 10 seconds, remove and place strip on a flat dry surface. Read results at 3 minutes.

Some positive results may appear as soon as one minute. Box contains 25 individually pouched strips for a fresh strip every time. Store at room temperature. CLIA-waived.

5293-00257 RapidVue® hCG Urine, 25/kit

Immunostics immuno/hCG detector™

A simple-to-use, urine only, pregnancy test that will answer this most personal of questions within 5 minutes. The test is supplied with all of the components necessary to perform an assay; the all-in-one test device and a micropipet, packaged with desiccant in a moisture-proof foil pouch. Individually wrapped packages, shipped 25, 50, 100 to a box. (cassette test)

3350-HD-25 25 Test 3350-HD-50 50 Test
3350-HD-100 100 Test

Immunostics immuno/hCG detector stix™

For a rapid, economical detection of pregnancy in volume. Packed in a moisture-proof foil pouch, the stick is dipped in the first morning urine and allows to develop for five minutes. Available in individually wrapped tests. (dipstick test)

3350-HS-25 25 Test
3350-HS-50 50 Test
3350-HS-100 100 Test

Immunostics immuno/Detector *H. pylori*™

A qualitative immunoassay for the detection of Anti-Helicobacter pylori Antibody in Whole Blood or Serum/Plasma. (cassette test) CLIA waived for Whole Blood.

3350-IHP-10 10 Test

Quidel QuickVue® *H. pylori* gII™

For the qualitative detection of IgG antibodies to *Helicobacter pylori*. One-step ease of use: less than one minute hands-on time. Whole blood, serum or plasma samples can be used. 90% sensitivity, 84% overall agreement.

Positive and negative controls included in kit. Room temperature storage. CLIA-waived for whole blood; CLIA moderately complex for serum and plasma.

5293-0W009 QuickVue® *H. pylori* gII™, 10 Test Kit
5293-0W010 QuickVue® *H. pylori* gII™, 30 Test Kit

Immunostics STAPHACOL™

A color enhanced, easy-to-read, latex slide test for the presence of coagulase and Protein-A associated with *Staphylococcus aureus*.

3350-STP-50 50 Tests
3350-STP-100 100 Tests

Quidel QuickVue Advance® *G. vaginalis*

The QuickVue Advance *G. vaginalis* test is an enzyme activity test for use in the detection of *Gardnerella vaginalis*

Proline IminoPeptidase (PIP) activity in vaginal fluid specimens for indication of bacterial vaginosis. The test is precise and as small and thin as a credit card. The simple test procedure can be done from a single sample and the Rub 'n Read™ format gives results right on the specimen swab. Results can be read within 5 minutes. 25 test per kit. CLIA moderately complex.

5293-20145 QuickVue Advance® *G. vaginalis* test, 25/kit

Quidel QuickVue Advance® pH and Amines

The QuickVue® Advance pH and Amines test aids in the clinical evaluation of infectious vaginitis.

The test contains two qualitative, colorimetric tests for use in the characterization of a vaginal fluid sample: a pH test and a test that detects alkali volatile amines in vaginal fluid. The test is precise and as small and thin as a credit card. In conjunction with the clinical evaluation of the vaginal fluid, 3 of the 4 Amsel criteria will be assessed. Results for both tests can be read within 2 minutes. CLIA-waived. 25 tests per kit

5293-21046 QuickVue Advance® pH and Amines test, 25/kit

Immunostics immuno/lex-aso™

Two minute latex slide agglutination test for the qualitative and semi-qualitative determination of Antistreptolysin O Antibodies in serum. Useful in determining infections caused by B-hemolytic streptococci.

3350-aSO-50 50 Test
3350-aSO-100 100 Test

Immunostics immuno/lex-im™

A simple, two-minute latex agglutination format procedure for the specific detection of the Infectious Mononucleosis heterophile antibody in Plasma or Serum.

3350-IMLX-50 50 Test
3350-IMLX-100 100 Test

Immunostics immuno/color-im™

A simple, one-minute, single reagent color enhanced slide test for the detection of Infectious Mononucleosis in Plasma or Serum.

3350-IMC-50 50 Test
3350-IMC-100 100 Test

Immunostics MONOCOL™

Color change hemaagglutination test for the detection of Heterophile Antibodies associated with Infectious Mononucleosis in Plasma or Serum.

3350-IMM-50 50 Test
3350-IMM-100 100 Test

Immunostics MONOCOL/lex™

Color change latex test for the detection of Heterophile Antibodies associated with Infectious Mononucleosis in Plasma or Serum.

3350-MCLX-50 50 Test
3350-MCLX-100 100 Test

Immunostics immuno/Detector MONO™

A qualitative immunoassay for the detection of Infectious Mononucleosis Heterophile Antibodies in Whole Blood, Serum or Plasma. (test cassette) CLIA waived for Whole Blood

3350-IDM-25 25 Tests

Quidel QuickVue+® Infectious Mononucleosis test

Designed to detect the IgM heterophile antibodies in serum, plasma or whole blood. The assay utilizes an extract of erythrocytes which give a greater sensitivity and specificity than similar extracts prepared from sheep and horse erythrocytes. Clearly distinguishable plus/minus result and accompanying pictorial procedure card make testing and interpretation easy. Overall accuracy of the test is >99% sensitivity and specificity when compared to EIA. The kit contains positive and negative controls and stores at room temperature. CLIA-waived for whole blood; CLIA moderately complex for serum and plasma.

5293-20121 QuickVue+® Infectious Mononucleosis test, 20 test kit

Immunostics HEPACOL™

A simple, five minute color change latex slide agglutination test for the specific detection of Hepatitis B Surface Antigen in Serum. For export only.

3350-HEP-50 50 Test 3350-HEP-100 100 Test

Immunostics immuno/ra™

A one-minute qualitative screening and semi-quantitative test for the determination of Rheumatoid Arthritis Factors in Serum.

Reagent requires a patient specimen dilution of 1:20 prior to use.
3350-RA-50 50 Test 3350-RA-100 100 Test

Immunostics immuno/lex-ra™

A one-minute, qualitative screening and semi-quantitative test for the determination of Rheumatoid Arthritis Factors in Serum. No patient specimen dilution is required.

3350-RA-50U 50 Test
3350-RA-100U 100 Test

Immunostics immuno/lex-sle™

A two-minute, latex slide agglutination test for use in the detection of serum antinucleoprotein factors associated with Systemic Lupus Erythematosus.

3350-sLE-25 25 Test 3350-sLE-50 50 Test
3350-sLE-100 100 Test

Immunostics RHEUMACOL™

Color change hemagglutination test for the detection of Rheumatoid Factor in Serum.

3350-RH-50 50 Tests
3350-RH-100 100 Tests

Immunostics RHEUMACOL/lex™

Color change latex for the detection of Rheumatoid Factor in Serum.

3350-RHLX-50 50 Tests
3350-RHLX-100 100 Tests

Immunostics immuno/lex-crp™

Two minute latex agglutination test for the qualitative and semi-quantitative determination of C-Reactive Protein in Serum. Useful in the diagnosis of diseases characterized by acute inflammation.

3350-CRP-50 50 Test
3350-CRP-100 100 Test

Immunostics C. REACTACOL™

Color change latex for the detection of C-Reactive Protein in Serum.

3350-CRC-50 50 Tests
3350-CRC-100 100 Tests

Hemocult II® Dispens-a-pak™ Plus

Serial Test for Routine
Screening for Fecal Occult

Blood. Box of 40 Patient Kits and two 15ml bottles of developer.

Each Patient Kit contains:

- 3 Hemocult II® Slides
- 3 Flushable Sample Collection Tissues
- 3 Applicators
- 1 Barrier Mailing Pouch
- 1 Illustrated Test and Diet Instructions
- 1 Patient Pamphlet

5890-61130 Hemocult II® Dispens-a-pak™ Plus

Hemocult® Single Slides

Each box contains: 100 Hemocult® Single Slides, Two 15ml

Bottles of developer, 100 Applicators

5890-64151 Hemocult® Single Slides

Hemocult II® SENSEA® Dispens-a-pak™ Plus

Test for Enhanced Detection of Fecal Occult Blood. Box of 40
Patient Kits and two 15ml bottles of developer. Each Patient Kit
contains:

- 3 Hemocult II® SENSEA® Slides
- 3 Flushable Sample Collection Tissues
- 3 Applicators
- 1 Barrier Mailing Pouch
- 1 Illustrated Test and Diet Instructions
- 1 Patient Pamphlet

5890-64130 Hemocult II® SENSEA® Dispens-a-pak™ Plus

Hemocult® SENSEA® Single Slides

Each box contains: 100 Hemocult® SENSEA® Single Slides, Two

15ml Bottles of developer, 100 Applicators

5890-60151 Hemocult® Single Slides

Seracult® Fecal Occult Tests

Seracult guaiac tests provide reliable detection of 90% of bleeding colorectal cancers. They are designed for use in routine physical examinations in doctor's offices, hospitals, clinics and laboratories. Seracult® tests are easy to use by examiner or patient. The front flap opens for specimen smear, the back flap opens for development. Each test includes a Performance Control Area that provides verification of each slide's performance. Seracult guaiac tests are capable of detecting 0.03 ml drop of blood in a 1:20,000 dilution (blood to water). For greater sensitivity, use Seracult Plus® slides to detect hemoglobin as low as 0.32 mgHb/100 ml (d. i. water). Both tests are available in single and triple slide versions, and in approved mailing kits for convenient specimen collection by patient.

Uri-check™

Uri-Check™ is a cost effective alternative to Uri Cult™ (MTC, Inc.). It is a semi quantitative dip slide culture system for the screening and early detection of urinary tract infections. Room temperature storage. A color chart is available to aid in both identification and determining a urine count. CLED Agar allows growth of both gram positive and gram negative organisms. The addition of Polymyxin B to CLED Agar allows only gram positive organisms to grow. MacConkey Agar and EMB are two similar agars that are selective for gram negative organisms. 10 Test kit.

- 6435-3000UC Uri-Check™ Plus Cled/EMB, Box/10
- 6435-9000UC Uri-Check™ Cled w Polymyxin B
MacConkey w/Crystal Violet, Box/10

Immunostics hema screen™

A rapid, convenient, qualitative method for detecting asymptomatic occult bleeding. The single slides are convenient, cost-effective and can easily be transported to the clinical laboratory for inspection. hema screen™ Patient Packs are the method of choice for use in the home, or in any environment where serial assays must be forwarded to another location for interpretation. The Patient Pack includes specially designed envelopes to facilitate mailing to the physician and/or laboratory. hema screen™ slides contain two patient test sites with on-slide positive and negative controls. All kits shipped complete with: Developing Solution, Wood Applicators, Mailing Envelopes (Patient Packs Only), Simple Products Instructions, Three Year Shelf Life.

3350-HS-50	50 Tests (single slides)
3350-HS-100	100 Tests (single slides)
3350-HSPP-50	Patient Pack (50 triple slides)
3350-HSDV-8	Developer (8 x 10ml)
3350-HS-34	34 triple slides no mailing envelopes
3350-HS-1000	1000 single slides
3350-HSTAT-50	50 slides w/pull tab developer (no separate bottle of developer necessary)

Immunostics hema-screen™ SPECIFIC

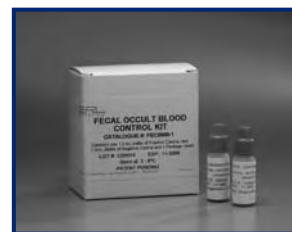

hema-screen™ SPECIFIC, an Immunochemical Fecal Occult Blood Test (FOBT), is a rapid, convenient qualitative immunoassay for the determination of human hemoglobin in feces, a vital tool in the diagnosis and therapy of gastrointestinal disorders. hema-screen™ SPECIFIC features an innovative sampling method that utilizes one card for collection of two (2) specimens of feces and ONLY one immunochemical specimen preparation tube/test cassette system for analysis.

3350-HSSP-25	25 Tests
3350-HSSPENV-20	20 mailing envelopes with collection cards
3350-HSSPCAS-10	10 Test cassettes with buffer preparation tubes

The Products Listed In This Catalogue Represent Only A Portion Of Those Available. Please Call Our Office Or See Your Sales Representative.

NERL Occult Blood Control

- Only commercial external control available
 - Works on most popular tests in the market
 - Control material has the consistency of patient sample
 - 60-day room temperature storage
 - 1-year shelf life 2-8° C
 - Easy dropper bottle application
 - Comes in 2 levels, negative and positive in 1.5ml vials
- 1757-FEC5000-1 Occult Blood Control

Immunostics Drugs of Abuse Test Kits

Detector Drug Key Cup

A cup collection system for the screening of multiple drugs and drug metabolites in human urine

- Sample is kept intact to send to a lab for confirmation
- 3C & 5C cup are CLIA Waived
- Includes temperature strip
- Individually foil pouched

3350-DOACUP-3	single cup for COC, MAMP, THC
3350-DOACUP-3C	single cup for COC, MAMP, THC
3350-DOACUP-4	single cup for COC, MAMP, THC, OPI
3350-DOACUP-5	single cup for COC, AMP, MAMP, THC, OPI
3350-DOACUP-5C	single cup for COC, AMP, MAMP, THC, OPI
3350-DOACUP-6	single cup for COC, AMP, MAMP, THC, OPI, BZO
3350-DOACUP-10	single cup for COC, AMP, MAMP, THC, OPI, PCP, BAR, BZO, MTD, MDMA

Detector Drug Dip Card

A dipstick for the screening of multiple drugs and drug metabolites in human urine. Individually foil pouched.

3350-DOADIP-2	single dipcard for COC, THC
3350-DOADIP-3	single dipcard for COC, MAMP, THC
3350-DOADIP-4	single dipcard for COC, MAMP, THC, OPI
3350-DOADIP-5	single dipcard for COC, AMP, MAMP, THC, OPI
3350-DOADIP-6	single dipcard for COC, AMP, MAMP, THC, OPI, BZO
3350-DOADIP-10	single dipcard for COC, AMP, MAMP, THC, OPI, PCP, BAR, BZO, MTD, MDMA

Bayer Urinalysis Strips/Tablets

Acetest® Reagent Tablets

Tablet test for ketones in urine.

0662-2381 100/btl

Albustix® Reagent Strips

Dip-and-read test for protein in urine.

0662-2191 100/btl

Azostix® Reagent Strips

60 second test for blood urea nitrogen.

0662-2830 25/btl

Bili-Labstix® Reagent Strips

Dip-and-read test for pH, protein, glucose, ketone, bilirubin, and blood in urine.

0662-2180 100/btl

Chek-Stix® Urinalysis Control Strips

Positive control strips for urinalysis.

0662-1360 25/btl

Chek-Stix® Combo Pak

Urinalysis Control Strips

Positive and negative control strips for urinalysis.

0662-1364 25/btl

Clinistix® Reagent Strips

Dip-and-read test for glucose in urine.

0662-2844 50/btl

Clinitest® Reagent Tablets

Test for urine sugar.

0662-2159 100/btl

0662-2127 36/btl, Child Resistant Cap

0662-2126 100/btl, Child Resistant Cap

Clinitest® Set

Urine sugar analysis set with bottle of 36 tablets, 1 test tube, 1 dropper and child resistant cap.

0662-2128 Clinitest Set

Combistix® Reagent Strips

Dip-and-read test for protein, glucose and pH in urine.

0662-2183 100/btl

Diastix® Reagent Strips

Dip-and-read test for glucose in urine.

0662-2806 50/btl 0662-2803 100/btl

Hema-Combistix® Reagent Strips

Dip-and-read test for blood, protein, glucose and pH in urine.

0662-2182 100/btl

Hemastix® Reagent Strips

Dip-and-read test for blood in urine.

0662-2190 50/btl

Ictotest® Reagent Tablets

Test for bilirubin in urine.

0662-2591 100/btl

Keto-Diastix® Reagent Strips

Dip-and-read test for glucose and ketone in urine.

0662-2883 50/btl 0662-2882 100/btl

Ketostix® Reagent Strips

Dip-and-read test for ketone in urine.

0662-2640 20/btl 0662-2880 50/btl
0662-2881 100/btl

Labstix® Reagent Strips

Dip-and-read test for blood, ketone, glucose, protein, and pH in urine.

0662-2181 100/btl

Multistix® 10 SG Reagent Strips

Dip-and-read test for glucose, bilirubin, ketone, specific gravity, blood, pH, protein, urobilinogen, nitrite, leukocyte.

0662-2161 100/btl

Multistix® 9 Reagent Strips

Dip-and-read test for glucose, bilirubin, ketone, blood, pH, protein, urobilinogen, nitrite and leukocytes in urine.

0662-2162 100/btl

Multistix® 9 SG Reagent Strips

Dip-and-read test for glucose, bilirubin, ketone, specific gravity, blood, pH, protein, nitrite and leukocytes in urine.

0662-2163 100/btl

Multistix® 8 SG Reagent Strips

Dip-and-read test for glucose, ketone, specific gravity, blood, pH, protein, nitrite and leukocytes in urine.

0662-2164 100/btl

Multistix® 7 Reagent Strips

Dip-and-read test for glucose, ketone, blood, pH, protein, nitrite and leukocytes in urine.

0662-2165 100/btl

Multistix® 2 Reagent Strips

Dip-and-read test for nitrite and leukocytes in urine.

0662-2168 100/btl

Multistix® Reagent Strips

Dip-and-read test for pH, protein, glucose, ketone, bilirubin, blood and urobilinogen in urine.

0662-2179 100/btl

Multistix® SG Reagent Strips

Dip-and-read test for specific gravity, pH, protein, glucose, ketone, bilirubin, blood and urobilinogen in urine.

0662-2177 100 btl

N-Multistix® Reagent Strips

Dip-and-read test for pH, protein, glucose, ketone, bilirubin, blood, nitrite and urobilinogen in urine.

0662-2178 100/btl

N-Multistix® SG Reagent Strips

Dip-and-read test for specific gravity, pH, protein, glucose, ketone, bilirubin, blood, nitrite and urobilinogen in urine.

0662-2176 100/btl

Uristix® 4 Reagent Strips

Dip-and-read test for glucose, protein, nitrite, and leukocytes in urine.

0662-2166 100/btl

Uristix® Reagent Strips

Dip-and-read test for protein and glucose in urine.

0662-2184 100/btl

For use visually or selectively with the Clinitek® 50, 100 or 200+ Urine Chemistry Analyzers.

DiaScreen®

- Reliable screening tool for urinalysis
- Easy to read – test strip spacing matches color chart
- Excellent correlation with leading brands of reagent strips
- High quality – manufactured in the U.S.A.
- Only two read times for visual use
- Large selection of test strip configurations
- DiaScreen® 3-10 may be read automatically with DiaScreen® 50 Urine Chemistry Analyzer

9450-D11000	DiaScreen® 10 (glucose, protein, ketone, pH, blood, bilirubin, urobilinogen, nitrite, specific gravity, leukocyte)
9450-D11900	DiaScreen® 9 (glucose, protein, ketone, pH, blood, bilirubin, urobilinogen, nitrite, leukocyte)
9450-D11800	DiaScreen® 8 (glucose, protein, ketone, pH, blood, bilirubin, urobilinogen, nitrite)
9450-D11700	DiaScreen® 7 (glucose, protein, ketone, pH, blood, bilirubin, urobilinogen)
9450-D11600	DiaScreen® 6 (glucose, protein, ketone, pH, blood, bilirubin)
9450-D11500	DiaScreen® 5 (glucose, protein, ketone, pH, blood)
9450-D12400	DiaScreen® 4 ObL (glucose, protein, blood, leukocyte)

DiaScreen® Urine Controls

Quality assurance programs are a must in all laboratory sections.

DiaScreen® Urine Controls, when subjected to normal test conditions, can help assess the accuracy and precision of the method, the reagents, and the equipment used in routine urinalysis.

DiaScreen® Urine Controls may be used with the DiaScreen® Reagent Strips for Urinalysis or other urine strips such as Chemstrip® and Multistix®.

9450-D76004	Liquid Controls (2 x 10mL Positive Controls, 2 x 10 mL Negative Controls)

IMCO Urine Reagent Strips

- Compares to Bayer's Urine Reagent Strips
- Cleared by FDA & CLIA Waived
- Manufactured in North America
- 18 Months dating
- Works on most popular strip readers
- Significant information provided to the user within 30 seconds to two minutes regarding kidney and liver functions, carbohydrate metabolism, pH balance and urinary track infections
- Easy to read visual color chart for quick analysis and interpretation.
- Easy Dip-and-read test.
- Urine Chemistry Analyzer will be introduced in the

Spring of 2006

6289-900-10-IMC	10 Parameter Urine Reagent Strips (Glucose, Bilirubin, Ketone, Specific Gravity, Blood, pH, Protein, Urobilinogen, Nitrite, Leukocytes), 100/btl, 24btl.cs (Compares to Multistix® 10SG 2161)
6289-900-4-IMC	4 Parameter Urine Reagent Strips (Glucose, Protein, Nitrite, Leukocytes), 100/btl, 12btl/cs. (Compares to Uristix® 4 2166)
6289-900-2-IMC	2 Parameter Urine Reagent Strips (Glucose, Protein), 100/btl, 12btl/cs. (Compares to Uristix® 2184)

Multistix® & Uristix® are registered trade marks of Bayer Corporation

NERL Sentry Urinalysis Control

- Has 6 months room temperature storage
- Liquid ready-to-use
- Works with most popular urine strips
- Can be used with automated strip readers
- Includes HCG parameter
- Packaged in 2 levels, 2 x 25ml each level

1757- URN5005	Sentry Urinalysis Control
---------------	---------------------------

Assure® 3 Blood Glucose Monitoring System

- Biosensor technology for fast, accurate results
- Fast 10 second test time
- Small 3 µL sample size
- Large, easy to read display
- Convenient, plasma-referenced results
- Simple Guide-Me Curve™ test strip

9450-555001	Assure® 3 Blood Glucose Meter, 1 Meter
9450-555050	Assure® 3 Test Strips, 50 Test Strips
9450-555100	Assure® 3 Test Strips, 100 Test Strips
9450-555008	Assure® 3 Check Strips, 1 Check Strip
9450-555006	Assure® 3 Control Solutions (Level 1 & 2), 1-high/1-low

NERL Sentry Hemoglobin Control

- Has 2 year expiration from date of manufacture
 - 60-day open vial stability 2-8° C
 - 30-day room temperature storage
 - Utilizes stabilized human red cells
 - Flexible ordering of any level
 - Low, normal, and high levels available
- | | |
|---------------|-----------------------------------|

Trutol® Glucose Tolerance Test Beverage

Conveniently packaged in ready-to-use 10 oz. bottles with a twist-off cap. All products are non-carbonated and caffeine free. Just chill and serve.

Fruit Punch

1757-401576P 50g (24 x 10 fl. oz.)
 1757-401526P 75g (24 x 10 fl. oz.)
 1757-401503P 100g (24 x 10 fl. oz.)

Orange

1757-401272P 50g (24 x 10 fl. oz.)
 1757-401223P 75g (24 x 10 fl. oz.)
 1757-401207P 100g (24 x 10 fl. oz.)

Lemon-Lime

1757-401074P 50g (24 x 10 fl. oz.)
 1757-401025P 75g (24 x 10 fl. oz.)
 1757-401009P 100g (24 x 10 fl. oz.)

Glucostix® Reagent Strips

Firm plastic strip with impregnated paper area provides two reagent areas for determination of blood glucose levels from one drop of fingertip or venous blood. Convenient no wash test can be read semi-quantitatively against a comparison color chart on the bottle label, or quantitatively in 50 seconds with the Glucometer® 11 or Glucometer® M blood glucose meters.

0662-2374 Glucostix, 50/btl

DiaScreen® 50 Urine Chemistry Analyzer

CLIA Waived. Reduces hands-on-time to five seconds. Minimized variability between operators. Ensures easy patient identification entry. Virtually eliminates transcription errors with an easy-to-read printout. Throughput of up to 50 samples per hour.

9450-D10000 DiaScreen® 50 Urine Chemistry Analyzer

Clinitek® STATUS™ Urine Chemistry Analyzer

Urinalysis has become an indispensable tool in healthcare.

- Provides important markers to detect early stages of many disease states, such as diabetes, kidney disease and urinary tract infections.
- Enhances disease monitoring and patient management.
- Semi-quantitative results have proven to be cost-effective and virtually immediate.

0662-1735 Clinitek Status Analyzer
 0662-1760 Clinitest hCG, 25 Tests/Pkg
 0662-5773 Clinitek Printer Paper, 5/Pkg
 0662-1759 Label Printer Paper, 5/Pkg

Clinitek® 50 Urine Chemistry Analyzer®

5 seconds hands on time frees operator. Minimizes retesting due to interruptions. Reduces variability in reported results. Automatic color determination provides objective results. Line cord or battery operated for portability. Identifies trace intact or lysed blood cells. Reads reagent strip in 1 minute vs 2 minute visual reading. Flags abnormal results. Computer interfaceable.

0662-6516 Clinitek® Urine Chemistry Analyzer
 0662-6511 Battery Pack (6AA Batteries Included)
 0662-5773 Thermal Printer Paper (5 rolls/pkg)
 0662-1364 Chek-Stix® Urinalysis Controls (25 positive, 25 negative)

Cascade® M-4 and M Analyzers

Inexpensive coagulation testing with your choice of a 2- or 4-channel analyzer. Both analyzers provide computer prompts to effortlessly step users through all routine clotting assays – PTs, aPTTs, thrombin times, fibrinogens, factor assays. Operation is simple and economical.

3083-HL1710 Cascade M (110/220 V) 2-Channel Analyzer with 4-Line Screen
 3083-HL1711 Cascade M-4 (110/220 V) 4-Channel Analyzer with 6-Line Screen

CoaguChek™ Coagulation Analyzer

CLIA Waived. The CoaguChek™ System is the newest Point-of-Care product from Boehringer Mannheim. It is a portable, easy-to-use meter that measures prothrombin time. CoaguChek™ gives you accurate results in two minutes while only using a single drop of whole blood from a fingerstick or venipuncture. Its reliable technology provides consistent results, test to test, lot to lot. The unit is only 5.5" x 8.8" and weighs just 1.5 pounds, and it operates on six AA batteries or with an AC adapter. It can store up to 30 test results.

0875-BID2138280 CoaguChek™ Care Kit, PT, each

ProTime® System

CLIA WAIVED. The ProTime® System is designed for physician offices and home care providers. The ProTime® System consists of an instrument, disposable reagent cuvettes and Tenderlett® Plus finger incision devices for rapid, accurate, prothrombin time testing. Each ProTime® reagent cuvette has five channels for triplicate PT testing and simultaneous analysis of two levels of controls. Quality control is done on every test. The user is assured that the instrument and reagent system are functioning properly and that the test procedure was performed correctly.

3390-ITC-L11-01-01 ProTime® instrument, each
3390-ITC-L31-01-0025 ProTime® disposables, 25/bx

Coag-A-Mate® XM

The Coag-A-Mate® XM transforms the complicated procedure of clotting analysis into an almost effortless task. It is a photo-optical instrument, offering a complete range of advanced programming features that are specifically designed for testing in

environments with a low-volume throughput, e.g. small laboratories, as a back-up for big routine instruments, and research applications. This instrument is compact, semi-automatic and easy to use. And just like every component in the Organon Teknika hemostasis system, it allows you the flexibility to make your own connections to the products and services you need. It performs all key coagulation tests. It has a semi-quantitative fibrinogen (SQF) option: fibrinogen content is calculated from the PT clotting reaction. Testing parameters can be modified to accommodate various reagent systems. Apart from English, other languages can be selected for readouts such as Spanish, German, French and Italian. The Coag-A-Mate® XM is a high performance coagulation instrument requiring minimal operator training.

4854-GD52187 Cuvettes, XM, 1000 tests

Sysmex XT-1800i™ Hematology Analyzer

The Sysmex XT-1800i, another addition to the Sysmex X-Series product line, is a compact, high performance hematology analyzer. It provides accurate and precise CBC results, including a fully automated WBC 5-part differential. Fluorescent flow cytometry technology allows for rapid, highly reliable test results that are essential for effective patient diagnosis and therapeutic monitoring. The XT analyzer utilizes the same powerful fluorescent flow cytometry technology, reagents, controls and data management systems as the XE analyzers, making it the perfect solution for the IHN or laboratory seeking to standardize hematology.

9999-XT-1800i Sysmex XT-1800i™ Hematology Analyzer

AC•T™ Series Hematology Systems

The AC•T series is available with 8 parameters for CBC and PLT or 10 parameters including a 1 part WBC differential. Designed specifically for customers performing between 1 and 20 CBC's daily. The AC•T features one step sample processing with a touch screen user interface, small 12µL sample size, automated probewipe, and a compact design. Stat samples in less than 60 seconds, zero routine maintenance, and Interlaboratory Quality Assurance Program (IQAP).

COULTER® AC•T diff™ Hematology Analyzer

AC•T diff™ Hematology Analyzer with 16 parameters including 3-part WBC differential with optional Veterinary package. Automated probewipe provides operator safety, single button aspiration, small 12µL sample size, compact table-top design. STAT samples in less than 60 seconds, automated start-up and shutdown, zero routine maintenance. Choice of 6 print options and automated quality control functions and 1 year warranty.

 1690-7547005 S-CAL® Calibrator

ATAC 8000 Random Access Analyzer With 4 Parameter ISE

The ATAC 8000 Random Access Chemistry System offers random access capability in a bench top analyzer. Solid State ion selective electrodes are available for the testing of sodium, potassium, chloride and carbon dioxide. The operating software enables both the general chemistry portion of the analyzer and the ISE module to work together to provide continual high volume throughput. Patented electrodes require no filling solutions and no membrane replacement providing convenience reduced maintenance for the ISE operation. Patient report forms are automatically printed as blood work is completed and all results can be stored permanently in the built-in 500 megabyte hard disk drive. Built-in date management capability is provided with the MAC ATAC Data Management System to improve productivity and maintain patient and quality control files. Multi-tasking capability enable user to run multiple ATAC instruments at the same time. More than 20 interfaces for hematology, urinalysis, and electrolyte analyzers are available for use now with the ATAC Lab-System.

0801-ATAC8000 ATAC 8000 Random Access Analyzer

VITROS® 350 System

The VITROS® 350 Chemistry System offers easy operation, maintenance, and training. Whether you use it as a primary, STAT, or back-up to the powerful VITROS 5,1 FS, the VITROS 350 Chemistry System will get the job done right the first time. It's that simple. You know that VITROS® Systems are efficient, dependable, and easy-to-use. The VITROS® 350 comes complete with enhanced throughput, a broad accessible menu, and new ergonomic design. Boost your productivity and reduce costs with the system that delivers the right results the first time.

AIA 600™ II Automated Immunoassay Analyzer

This analyzer adapts readily to the laboratory's requirements. It can run any combination of analytes on any patient sample at any time, so single assays and complete profiles can be performed and reported on demand. This makes it practical and economical for low and medium-volume laboratories to respond to test requests in a timely manner. For higher-volume laboratories, the AIA 600™II is a powerful alternative for time-consuming and labor-intensive assays.

6371-TMI-019328

AIA 600™ II Auto-Immunoassay Analyzer

EasyLyte Electrolyte Analyzer

The EasyLyte measures Na, K, CL, Li, Ca and pH on whole blood, plasma, serum and urine (excluding lithium) samples. Automatic calibration. Complete internal QC software is included. Each analyzer (excluding calcium) is available with a 24 position autosampler. Besides containing all calibrating solutions, the Modular Solutions Pack collects all sample waste material, minimizing exposure.

Quality Control Program

Program includes normal and abnormal chemistry controls plus monthly quality control charts. Statistical analysis includes mean, CV, Levy-Jennings plot, Youden plot and peer group comparisons.

IMCO 6-Place Centrifuges

6-place centrifuges feature constant 3,400 RPM speed, integral aerosol and splash protection, automatic shutdown when cover is opened, and rotor with lifetime warranty. Maintenance-free brushless induction motor, efficient and quiet operation. 10 ml or 15 ml hardened aluminum shields. Available with on/off timer.

2980-V6000I 6-place centrifuge with On/Off Switch
 2980-V6500I 6-place centrifuge with On/Off Timer

Vulcon Clinaseal Safety Centrifuge

Features exclusive AeroLok technology that helps protect personnel from aerosols while maintaining sample temperature stability. The motor chamber is isolated from the spinning chamber and the chamber in turn is isolated from the outside environment. A brushless, permanently lubricated motor means no maintenance worries. The sturdy aluminum cabinet is covered with a durable, baked-on powder coating in an attractive tan color that compliments any environment. Designed for use by laboratories, physician's offices, veterinarians, and hospitals. 3 Year Warranty.

9590-CS6C Clinaseal 6 tube cap., , 30 min. timer
 9590-CS8C Clinaseal 8 tube cap., 30 min. timer
 9590-CS6X Clinaseal 6 tube cap., on/off switch

Vulcon Clinaspin Economy Centrifuge

Rock solid and affordable, everything you want in a basic centrifuge. A brushless, permanently lubricated motor assures long life, reliability and sample temperature integrity. 3 Year Warranty.

9590-6C 6 tube cap., 30 min. variable timer
 9590-8C 8 tube cap., 30 min. variable timer
 9590-6X 6 tube cap., on/off switch

Vulcon Quantum Large Capacity Centrifuge

Performs centrifugal blood cell separations, urine separations, and sperm cell washing. Offers the larger laboratory or hospital these important features: 24 place angle head, variable speed (calibrated in both RPM and RCF), and automatic braking system. 3 Year Warranty.

9590-QM100 Quantum 24 tube cap., 30 min. timer

Vulcon Microspin Microhematocrit Centrifuge

Offers reliable microhematocrit determinations. The high speed motor assures rapid spin-downs, and the included reader is adjustable, allowing accurate readings in a variety of circumstances. Quieter operation than many similar units, the Microspin offers

superior performance and is quickly becoming the standard for rapid, no hassle hematocrits. Designed for use by laboratories, physician's offices, and veterinarians. 3 Year Warranty.

9590-MS24 Microspin, 5 min variable timer

Vulcon Variseal

Variseal combines all the features of our best-selling Clinaseal centrifuge, with the added advantage of variable speed. The variable speed control conveniently indicates both RPM and RCF (Relative Centrifugal Force). The brushless, permanently lubricated motor ensures maintenance free operation. It performs centrifugal separation of blood cells from serum/plasma, urine separations and sperm cell washing. Designed for labor-atories, physician's offices, veterinarians and hospitals. 3 Year Warranty.

9590-VS6C Variseal 6 tube cap., 30 min. timer
 9590-VS8C Variseal 8 tube cap., 30 min. timer

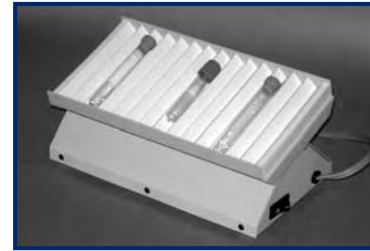

Vulcon Mobilespin Automobile Centrifuge

Designed to be an "in the field" unit, deriving its DC power from the cigarette lighter receptacle in an automobile. Samples can be spun in the automobile or "in the field", helping to prevent analyte value shift caused by delayed centrifugation. Optional power converter for indoor use. 3 Year Warranty.

- 9590-126 Mobilespin 6 tube cap., 30 min. timer
- 9590-128 Mobilespin 8 tube cap., 30 min. timer
- 9590-PS126 115V/12V power converter

The Products Listed In This Catalogue Represent Only A Portion Of Those Available. Please Call Our Office Or See Your Sales Representative.

Vulcon Hemo-Dyne Blood Rocker

Hemo-Dyne's gentle side-to-side rocking motion keeps drawn hematology samples thoroughly mixed prior to testing. Features an easily cleaned rubber tube holder. A synchronous motor and teflon bearings at all pivot points assure long, quiet and reliable service.

- 9590-BR01 Hemo-Dyne 14 tube blood rocker

Vulcon Rototron Benchtop Rotator

Compact benchtop unit for rotational mixing needs. Suited for agglutination test cards, chemical mixing and other rotational mixing needs.

- 9590-RT10 Rototron 30 min variable time

infuse your workflow

Monoject® Sterile Blood Collecting Tubes (cont.)

Brown Stopper, Dry Additive, 1000/cs

3354-8881306725 16 X 100mm, 10ml, Stopper Coating Glycerine, Sodium Heparin, 143 Units

Grey Stopper, Powdered Additive, 1000/cs

3354-8881352283 10.25 X 64 mm, Draw - 3 ml, Stopper Coating Glycerine, 6.0 mg Potassium Oxalate, 7.5 mg Sodium Fluoride

3354-8881352382 10.25 X 82 mm, Draw - 4 ml, Stopper Coating Glycerine, 8.0 mg Potassium Oxalate, 10.0 mg Sodium Fluoride

3354-8881352481 13 X 75 mm, Draw - 5 ml, Stopper Coating Silicone, 10.0 mg Potassium Oxalate, 12.5 mg Sodium Fluoride

3354-8881352580 13 X 100 mm, Draw - 7 ml, Stopper Coating Silicone, 14.0 mg Potassium Oxalate, 17.5 mg Sodium Fluoride

3354-8881352788 16 X 100 mm, Draw - 10 ml, Stopper Coating Silicone, 20.0 mg Potassium Oxalate, 25.0 mg Sodium Fluoride

3354-8881350584 13 X 100 mm, Draw - 7 ml, Stopper Coating Silicone, 20.0 mg Potassium Oxalate, 25.0 mg Sodium Fluoride

3354-8881353588 13 X 100 mm, Draw - 7 ml, Stopper Coating Silicone, 30.0 mg Sodium Fluoride

3354-8881354586 13 X 100 mm, Draw - 7 ml, Stopper Coating Silicone, 50.0 mg Sodium Fluoride

MONOJECT® Corvac Serum Separation Tubes

- Silicone Coated Tubes, New Crown CORVAC gel placement for improved performance and more sample yield.
- Laboratory procedures requiring serum with a positive gel barrier between blood cells and serum-general chemistry, serology and toxicology procedures.
- TDM compatible.
- Can be used with both Angle-head and Horizontal-head centrifuges.
- Sterile tube interior.

CORVAC, Red/Grey Mottled Stopper, Silicone Coated, 500/cs

3354-8881302072 13 X 75 mm, Approx. Draw - 4.0 ml
3354-8881302106 13 X 100 mm, Approx. Draw - 6.0 ml

3354-8881302163 13 X 100 Transport 5.5
3354-8881302015 16 X 100 mm, Approx. Draw -9.0 ml

CORVAC, Red/Green, Mottled Stopper, Silicone Coated, 500/cs

3354-8881302148 13 X 75 mm, Approx. Draw - 4.0 ml
3354-8881302130 13 X 100 mm, Approx. Draw - 6.0 ml

3354-8881302064 16 X 100 mm, Approx. Draw - 9.0 ml

MONOJECT® Supra/Hone Blood Collection Needles - Thin Wall

- Unique polymer coating on stainless steel needle.
- Single piece Flow-Through cannula design.
- Plastic hub.
- Anti-deflecting butt-end.
- One-piece molded valve on multiple sample needles.
- Color-coded needle sheath designates needle gage.
- Sterile.

Single Sample, 100/bx, 1000bx/cs

3354-8881211018 20 Gauge X 1" Pink

IMCO Blood Lancets

Standard lancet, fits most devices. Highly precision ground needle for comfort; newborns to adults. Made in US.

4345-202-I Blood Lancets, 200/bx, 25 bxs/cs

Medi-Lance II Long Body Lancets

Fits Autolet, Glucolet.

4345-302 Long Body Lancets, 200/bx, 16 bxs/cs

Medicore™ Lady Lite

Lady Lite, the gentle lancet. Lady Lite is a delicate fine tip lancet designed for the feminine fingertip for maximum comfort and less tissue trauma. Great for children as well.

4345-202L Lady Lite Lancets, 200/bx, 25bx/cs

IMCO Platforms

Orange/Yellow. Use with Medi-Let, Autolet, Autolite. Limits depth of fingerstick. Diabetic/clinical usage. Supplied with sample Lancets and Platforms. Made in U.S.

4345-128-200 Platforms/Orange 200 ct/25 bxs/cs
4345-25-200 Platforms/Yellow 200 ct/25 bxs/cs

Medi-Let Lancing Device

Similar to Autolet, uses standard lancets. Patented Ejector Arm ejects lancets and platforms. Disposable platform allows patient to patient usage without cross contamination.

4345-299 Medi-Let

Medicore™ Lite Touch

4345-20M Lite Touch Lancing Device (Stainless Steel Pen)

4345-20M-1 Lite Touch Lancets, 200/Box

4345-20N Lite Touch Lancing Device Plastic-Adjustable Pen Type (Comp. To B-D)

Surgilance Safety Lancets

Ease of use is what the SurgiLance safety lancets are all about.

Requiring only two fingers to operate,

the SurgiLance safety lancet makes blood sampling quick and easy for you and your patients.

Needles

Velket® Tourniquet

All-purpose natural rubber tourniquet with Velcro® closure. Reinforced in two areas of greatest stress. Gray color. Packed 12 per box.

5263-221010	Adult, 14" L, 4-1/2" Velcro Hook
5263-222001	Child, 8" L, 2-1/4" Velcro Hook
5263-223001	Thigh, 14" L x 1-1/2" W, 4-1/2" Velcro Hook

Tourniquets

Fully Latex-free but performs better than latex! Protects patient and provider from the dangers of latex exposure.

2863-36647	Latex-Free, 1000/cs, bulk packed
2863-36648	Latex-Free, 500/cs, 5 bxs of 100 each

Unilet® Lancets

Diverse line of lancets to suit varying blood volume requirements and skin types. Fits virtually all lancing devices.

General Purpose lancets – 21 gauge

Designed to provide maximum blood flow

4642-AT 0414	100/box
4642-AT 0418	200/box

Excelite – 23 gauge

Cost-effective lancet designed to comfortably provide increased blood flow .

4642-AT 0510	100/box
4642-At 0515	200/box

General Purpose Superlite – 23 gauge

Designed to provide increased blood flow with comfort.

4642-AT 0455	100/box
4642-AT 0450	200/box

General Purpose Ultralite – 28 gauge

Designed for maximum comfort. Ideal for modern meters.

4642-AT 0925	100/box
4642-AT 0920	200/box

ComforTouch – 28 gauge

Recappable lancet with ultra thin needle for maximum comfort.

4642-AT 0465	100/box
4642-AT 0460	200/box

Excelite II – 28 gauge

Cost-effective lancet with ultra thin needle.

4642-AT 0535	100/box
4642-At 0530	200/box

Unistik® 2

Single-use capillary blood sampling devices. Available in 5 convenient models for different skin types and blood volume needs. Unistik 2 exceeds OSHA guidelines with its retracting lancet for safe use and protection against cross-infection and needle stick injury.

Normal – for standard tests

4642-AT 0700	50/box
4642-AT 0702	100/box
4642-AT 0704	200/box
4642-AT 0703	1,000/case (bulk)

Extra – for larger samples

4642-AT 0710	50/box
4642-AT 0712	100/box
4642-AT 0714	200/box
4642-AT 0713	1,000/case (bulk)

Super – special needle for optimum blood flow

4642-AT 0752	100/box
4642-AT 0753	1,000/case (bulk)

Unistik® 3

Single-use capillary blood sampling devices.

Available in 4 convenient models for use across all clinical environments. Unistik 3 is a pre-set single use safety lancet focusing on ease of use and patient comfort.

Comfort- for frequent and pediatric testing

4642-AT 1042	100/box
4642-AT 1044	200/box
4642-AT 1043	1000/case (bulk)

Normal-for standard tests

4642-AT 100	100/box
4642-AT 1004	200/box
4642-AT 1003	1000/case (bulk)

Extra-for larger samples

4642-AT 1012	100/box
4642-AT 1014	200/box
4642-AT 1013	1000/case (bulk)

Dual-for high flow fingersticks and low flow heelsticks

4642-AT 1062	100/box
4642-AT 1064	200/box
4642-AT 1063	1000/box

Micro-Hematocrit Capillary Tubes

Paralwall construction minimizes errors. Bore is uniform. Taper does not exceed 0.026 mm in 75.0 mm. Both tips fire polished. Tips, vials, caps color coded for easy identification. Red-Tip inner surface coated with minimum of 2 USP units of ammonium heparin. Blu-Tip is plain. 75 mm long +2 mm. Wall thickness 0.20 mm +0.02 mm ID within 1.1 to 1.2 mm.

1318-41B2501	Red-Tip Tubes, Heparinized, 200/vl, 12 vls/cs
1318-41B2502	Blu-Tip Tubes, Plain, 200/vl, 12 vls/cs

Capillary Tube Sealant

Vinyl plastic compound offers fast, heatless method for sealing any type capillary tube. Specially formulated to remain pliable and minimize leaking and spin-outs. Values can be read with any hematocrit tube reader. Tip-proof Identi-Tray has 24 numbered duplicate sample slots, contains enough Critoseal to seal several hundred tubes.

3354-8889215003	Capillary Tube Sealant, 6 Trays/bx, 6 bxs/cs
-----------------	--

ESR Systems

The Dispette® 2 is a Westergren standard pipette. Reservoirs are pre-filled with saline and have pierceable caps preventing spillage. Allows customer to use only EDTA anti-coagulated blood.

The Sed-Pac® is a convenient Dispette System, which includes 50 tests per box and transfer pipettes.

The Micro-Sed™ is ideal for pediatric patients or when blood volume is at a premium. Only 0.24 ml of blood required.

The Winpette™ is a system designed for the Wintrobe ESR method. Only 0.6 ml of blood is required.

The Vacupette™ test keeps handling to a minimum. Pipettes are fitted with a unique blood displacement collection tube adaptor, allowing test to be run directly from citrated vacuum blood collection tubes, such as BD or Terumo.

9450-H-1500	Dispette® pipette and reservoirs, 100/box, 10 boxes/case
9450-H-1530	Dispette® pipette tubes, 250/box, 10 boxes/case
9450-H-1600	Dispette® 2 with pre-filled reservoirs, 100/box, 10 boxes/case
9450-H-1675	Dispette® 2 bulk with pre-filled reservoirs, 1000/box
9450-H-1700	Sed-Pac® pipette tubes reservoirs and graduated transfer pipettes, 50/box, 10 boxes/case
9450-H-1531M	Micro-Sed™ micropipette tubes & reservoirs, 100/box, 10 boxes/case
9450-H-1530M	Micro-Sed™ micropipette tubes, 250/box, 10 boxes/case
9450-H-1800	Winpette™ pipette tubes & reservoirs, 100/box, 10 boxes/case
9450-H-1900	Vacupette™ with adaptors, 100/box, 10 boxes/case
9450-H-1705	5 Place Plastic Stand with Leveling Bubble and Adjustable Feet
9450-H-1510	10 Place Plastic ESR Stand

Ritter Blood-Drawing Chair

The wide, comfortable 165 Blood-Drawing Chair makes patients more relaxed, makes your work easier. Padded arm support rotates 360°. Thirteen inches of arm rest

height adjustment accommodates any size/height patient. Stain-resistant upholstery. Features a storage drawer. Available in 13 solid colors, 6 designer patterns and 6 ultra-leather upholstery colors.

4443-165003	Ritter Blood-Drawing Chair, without drawer
4443-165004	Ritter Blood-Drawing Chair, with drawer

Clinton Blood Drawing Chair

Fully adjustable to be comfortable for the patient while letting the technician get in just the right position. Both arms are adjustable in height. The left arm swings 360° and

is adjustable out an additional six inches to provide more seating area. The seat, armrests, and backrest (where applicable) are richly cushioned and upholstered in your choice of vinyl colors.

1477-64929-B	B.D. Chair, w/padded backrest w/drawer, as pictured
1477-64929	B.D. Chair, w/o padded backrest, w/drawer
1477-64950-B	B.D. Chair, w/padded backrest, w/o drawer
1477-64950	B.D. Chair, w/o padded backrest, w/o drawer

Clinton Bariatric Series Blood Drawing Chair

- Seat has additional depth and an extra center support for added strength
- Extra dimensions make it easier for patient and technician
- Adjustable height and depth flip arms
- Armrests locks in place when in use, then flips out of the way for easy exit
- Comfortable 2" padding throughout
- Easy-clean, antimicrobial, heavy weight, vinyl upholstery
- Neutral Grey powder-coated frame
- 2 knobs lock chrome armrest into position
- Adjustable foot levelers
- Chairs may be special ordered with straight armrests instead of flip arms (677 Option)
- Accommodates patients up to 700 lbs.

1477-6000B-F	Bariatric Blood Chair with 2 Adjustable Flip-Arms
1477-6000B-FD	Bariatric Blood Chair with Drawer and Flip-Arm

IMCO/Amsino Specimen Container

Specimen container is graduated in ounces, cubic centimeters, and milliliters.

Liqua Guard® lid enhances the container's leak resistance.

- 0361-4921-IMC IMCO Specimen Container, 4 oz., Sterile, Individually Polybagged, 100/cs
- 0361-AS341 Specimen Container, 4oz sterile, bulk packed, 100/Case
- 0361-AS343 Specimen Container, 4oz non-sterile, bulk 25 sleeves of 20 cups and lids

Non-Sterile Specimen Containers

6.5 ounce specimen containers are graduated in cubic centimeters, milliliters, and ounces. The containers are available in

polystyrene and polypropylene. Polystyrene enhances the clarity and polypropylene improves the durability. Each container has a handy pour spout for dispensing specimens.

- 6709-4646 Polypropylene Container w/paper lid, 20/slv, 25 slv/cs
- 6709-4647 Polystyrene Container w/paper lid, 20/slv, 25 slv/cs
- 6709-4629 Polypropylene Container w/out lid, 20/slv, 25 slv/cs
- 6709-4630 Polystyrene Container w/out lid, 20/slv, 25 slv/cs

Sterile Midstream Catch Kits

A kit contains a 4 ounce polypropylene container and screwcap, pressure-sensitive ID

label and 3 towelettes. The catch kits are individually packaged in a sequential "tamper-proof" manner, which promotes sterility maintenance throughout the collection procedure. Three types available.

Tab Ring Series, 100/case

- 6709-4150 With Benzalkonium Chloride Towelettes
- 6709-4152 With Castile Soap Towelettes

Urin-Tek® Urine Testing System

The system consists of disposable, 15 mL capacity, plastic tube with an easy-on, easy-off, plastic snap cap, a self-adhesive identification label, a flat-bottom 3 ounce paper collection cup, and a 10-tube disposable tube holder for easy handling of specimens during collection, transport and testing.

- 0662-4202 Urin-Tek System
- 0662-4204 Tubes Only, 500/bx
- 0662-4205 Caps Only, 500/bx

Gent-L-Pan Specimen Collection Container

Ideal for collecting and accurately measuring specimens. Each Gent-L-Pan is marked with black easy-to-read graduations.

- 6709-02072 Gent-L-Pan, 100/cs

Dispens-A-Pak Disposable Tubes

Disposable culture tubes in the Chase Dispens-A-Pak are available either in Borosilicate or Neutrex® flint glass. These tubes are chemically clean and well suited for general use in blood banks, hematology, chemistry. 250/pk, 4 pk/cs.

Borex™ (Borosilicate) Dispens-A-Pak

- 1318-60P650B 6mm x 50mm
- 1318-60A10B 10mm x 75mm
- 1318-60B12B 12mm x 75mm
- 1318-60C13B 13mm x 100mm
- 1318-60D15B 15mm x 85mm
- 1318-60E16B 16mm x 100mm
- 1318-60F165B 16mm x 125mm
- 1318-60G166B 16mm x 150mm
- 1318-60K18B 18mm x 150mm
- 1318-60N20B 20mm x 150mm

Neutrex® (Flint) Dispens-A-Pak

- 1318-60AM10 10mm x 75mm
- 1318-60AM12 12mm x 75mm
- 1318-60BM12 12MM x 75mm
- 1318-60CM13 13mm x 100mm

- 4484-0301382-IMC Kevorkian-Youngue Endocervical Biopsy Curette 12", loop size 3 x 12mm, with basket
- 4484-0301383-IMC Kevorkian-Youngue Endocervical Biopsy Curette 12", loop size 3 x 12mm, without basket

Gynecological Instruments

- 4484-030965-IMC Schroeder-Braun Uterine Tenaculum Forceps, 9-3/4", straight
- 4484-0301442-IMC Tischler Cervical Biopsy Punch Forceps, 9-3/4" shaft, 6 x 3 x 1.5mm bite
- 4484-0301443-IMC Baby Tischler (Burke) Cervical Biopsy Punch Forceps, 7-3/4" shaft 4.5 x 3 x 1.5mm bite
- 4484-0301482-IMC Kevorkian-Youngue Uterine Biopsy Forceps, 10" shaft, 3.5 x 8mm bite, teeth on lower jaw

Nail Nippers, Nail Splitters

- 4484-040210-IMC Nail Nipper 5-1/2", concave jaws, double spring, stainless
- 4484-040212-IMC Nail Nipper 5-1/2", straight jaws, double spring, stainless
- 4484-040224-IMC Nail Splitter 4", straight jaws, double spring, stainless
- 4484-040225-IMC Nail Splitter 4-1/2", straight jaws, double spring, stainless
- 4484-040226-IMC Nail Splitter 5", straight jaws, double spring, stainless
- 4484-040226A-IMC Nail Splitter 5", straight jaws, extra narrow, double spring, stainless
- 4484-040227-IMC Nail Splitter 6", straight jaws, double spring, stainless
- 4484-040230-IMC Nail Splitter 5", English Anvil Pattern, double spring, stainless
- 4484-040245-IMC Tissue and Cuticle Nipper 4", convex jaws, stainless
- 4484-040250S-IMC Tissue and Cuticle Nipper 4-1/2", convex j jaws, stainless

Miscellaneous

- 4484-047-IMC KNIFE HANDLE No. 3 fitting surgical blades Nos. 10 thru 15, Extra Fine
- 4484-048-IMC KNIFE HANDLE No. 4 fitting surgical blades Nos. 20 thru 25, Extra Fine
- 4484-0273100-IMC 3-Prong Cast Spreader, 9", with spring action for one-hand operation

Miltex Instrument Care System Kit

- 4484-3-800 Instrument Care System Kit
- 4484-3-1000 Instrument Brushes Set/3 Nylon
- 4484-3-1001 Instrument Brushes Set/3 Stain

Sklar Soak

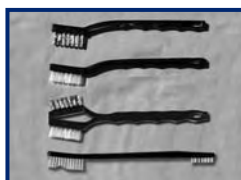

Sklar Disinfectant/Decontaminant Cleaner PH Neutral Formula designed for safe use on all Sklar's instruments and Stainless Steelware.

Non-Glutaraldehyde formula.

- 5868-10-1603 1 Gallon Bottles, 4/cs

Toothbrush Style Instrument Brushes

- 3073-3181-P Single, Nylon Filament, Block: 7-3/4" x 1/2", Rows: 3" x 7", 1/2" Trim
- 3073-3182-P Single, Stainless Filament, Block: 7-3/4" x 1/2", Rows: 3" x 7", 1/2" Trim
- 3073-221 SN Double, Nylon/SS Filament, Block: 7-3/4" x 2", Rows: 3" x 7", 1/2" Trim
- 3073-200399 Double, Nylon Filament, Block: 7" x 1/2" & 1/4", Rows: 3" & 1" x 12" & 7", 1/2" & 1/4" Trim
- 3073-C-1002 Brass Filament, Block: 7-3/4" x 1/2", 1/2" Trim

Complete Cleaning Brush Kit

Complete set of the most popular brushes conveniently packaged in one kit.

3073-CCBRK-1 Complete Cleaning Brush Kit

SST Tray Systems

Full Size System

This SST is sized for complete surgical sets. It is ideal for retrieval of O.R. and O.B. instruments. May also be the right size for volume E.R.'s. Available in three material configurations. Steritainers for all configurations autoclavable to 285°F. Outside Dimensions: 21 x 13 x 6. Inside Dimensions: 19 x 11 x 6

- 3073-SST-2136 Clear base & cover, Max Temp: 285°F
- 3073-SST-2136 Red Red base & cover, Max Temp: 250°F
- 3073-SST-2136 GSK Clear base & splashproof cover, Max Temp: 250°F

Mid-Size System

This SST is sized for minor procedure sets including for retrieval of small O.R. and O.B. sets. May be the right size for E.R., Nursing Floors and Clinics. Steritainers autoclavable to 285°F. Outside Dimensions: 18 x 12 x 5. Inside Dimensions: 16 x 10 x 3.

3073-SST-283Red Red base and cover, Max Temp: 275° F

Small Size System

Our smallest unit is available with solid or slotted cover (SST-105-S). All parts are autoclavable to 275oF. Ideal for use in Clinics, E.R. and Floors for a small amount of instruments. Available in opaque blue or red. Outside Dimensions: 10 x 7 x 6. Inside Dimensions: 9-1/2 x 6-1/4 x 5-1/2

- 3073-SST-105 Specify color red or blue, Solid
- 3073-SST-105-S Specify color red or blue, Slotted

SklarTite Sterilization Container System

- Light-weight Aircraft Aluminum
 - Minimize Sterilization Costs with patented low profile design
 - Sold in Eaches
- 5868-10-1217 SklarTite™ Sterilization Container, Extra Small
 - 5868-10-1218 SklarTite™ Sterilization Container, Extra Small
 - 5868-10-1219 SklarTite™ Sterilization Container, Extra Small

The O'Regan Disposable Hemorrhoid Banding Device

- Eliminates re-processing, prevents contamination. Includes disposable anoscope and ligator.
- One person operation. Has convenient thumb operated band pusher.
- Smaller device, unique design, is better tolerated by patient. Bands can be applied with or without an anoscope.
- Lightweight, can easily be carried to any banding location.
- No assistance needed. Eliminates time consuming costs.
- Streamlines practice, improves efficiency, allowing surgeon to treat more patients per day.

Welch Allyn® Ear Wash System

An easy-to-afford, easy-to-use ear irrigation system to remove cerumen without the mess.

Ear washing is one of the most commonly performed procedures in the primary care office. The Welch Allyn® Ear Wash System provides a safe and effective way to remove cerumen from patients of all ages. This method of irrigation is much cleaner and safer than other irrigation methods currently on the market. Since it is easy to use with built-in safety and simplicity, it is able to be used by any health-care worker within your facility.

- Simplicity of operation-quick and easy set up.
- Pressure regulation-regulates the output pressure to prevent damage to the tympanic membrane or ossicular chain.
- Temperature indicator/control-light will turn green when the water is at body temperature, and will automatically off if the water gets too hot.
- Suctioning action-to reduce messy 'outflow'.
- Multi-functional disposable tip-provides a seal at the ear canal.

- 6783-29350 Ear Wash System with 25 Ear Tips
- 6783-29360 Case of 100 Disposable Ear Tips

Babinski Percussion Hammer

Chrome-plated head with black rubber ring. Black nylon handle with pointed tip.

- 2867-1307 Adult, 2" Head, 13" L
- 2867-1308 Pediatric, 1-1/2" Head, 9" L

Babinski Percussion Hammer, Adjustable Head

Threaded handle top permits head to be positioned straight up or top-side. Octagonal stainless steel handle with pointed tip.

Length: 8". Head: 1-3/4".

- 2867-1308-1 Adjustable Head Babinski Hammer

Green Rusch Lite™

The Green Rusch Lite™ is a single use disposable metal laryngoscope blade with an outstanding performance in the fight against cross contamination.

This blade ensures an excellent light transmission and visualization without any dazzle effect. Fits onto all Green

systems handles. Packaged 20 per case

Hi-Tip™ Low Temperature Replacement Tips

Individually packaged sterile, 10 per box. Can only be used with power handle 0020-HIT0.

0020-H100	Fine Tip, 1,300°F
0020-H104	Fine Elongated Tip, 1,100°F

Disposable Low Temperature Cauteries

Fine tip cauteries are routine choices for ophthalmic, plastic, neurosurgical, and a variety of other surgical procedures requiring pinpoint hemostasis. Sterile, disposable, cordless, versatile, lightweight, and maneuverable, the low temperature cauteries minimize damage to surrounding tissue with a convenient "pressure sensitive" switch.

0020-AA00	Fine Tip, 1,300°F
0020-AA04	Elongated Fine Tip, 1,100°F
0020-AA90	Fine Tip, 850°F
0020-AA02	Fine Tip, 700°F to 1,300°F

Disposable High Temperature Cauteries

High temperature cauteries are designed for precise hemostasis of the vas deferens. This sutureless vasectomy is performed in the office or operating room. The elongated fine tip is also used for sculpting woven grafts. 2" and 5" loop tip cauteries used in oral and nasal surgery, pacemaker implantation, laminectomies and any other surgical procedure requiring extended reach. Sterile, disposable, cordless, versatile, lightweight and maneuverable with a choice of tip style and convenient "pressure sensitive" switch.

0020-AA01	Fine Tip, 2,200°F
0020-AA03	Loop Tip, 2,200°F
0020-AA05	2" Loop Tip, 2,200°F
0020-AA21	Elongated Fine Tip, 2,200°F
0020-AA09	5" Loop Tip, 2,200°F
0020-AA25	Fine Tip, 2,000°F
0020-AA11	Fine Tip, 1,500°F to 2,100°F

Aaron 900 High Frequency Desiccator

A thirty watt electrosurgical generator used by physicians in many specialties including Dermatology, Plastic Surgery, Family and General Practice, OB/GYN, Urology, & Ophthalmology. Has digital error detection & continually monitors every aspect of the 900's output. Allows doctor to change the power setting with one action, using the rotary power control dial or the up/down buttons on the autoclavable handpiece. Standard equipment: 900 unit, 3-button handpiece, power cord, 50 sharp & 50 blunt disposable Dermal tips, a wall mounting kit & an operator's manual.

0020-A900 900 High Frequency Desiccator

Aaron 1250 Multipurpose Electrosurgical Generator

The Aaron 1250 by Bovie is a multipurpose electrosurgical generator for use in the modern physician's office & surgi-center. It features both monopolar & bipolar functions to satisfy all of your surgical

demands with safety, flexibility, reliability, & convenience. Incorporates 120 watts of cutting power & 90 watts of blended cutting. It also has 2 levels of coagulation, pinpoint (80 watts max power) & fulguration (40 watts max power), plus bipolar (30 watts max power).

0020-A1250 1250 Multipurpose Electrosurgical Generator

IMCO/Aaron Dermal Tips Electrodes

Dermal Tips are specialized disposable

electrosurgical electrodes available in both Sharp (for pinpoint procedures), and Blunt (for broad based coagulation) configurations.

0020-A806-IMC IMCO Blunt Dermal Tips, non-sterile, 100/box
 0020-A807 Blunt Dermal Tips, sterile, 50/box
 0020-A804-IMC IMCO Sharp Dermal Tips, non-sterile, 100/box
 0020-A805 Sharp Dermal Tips, sterile, 50/box

Aaron 950 Bovie Generator/Desiccator

The Aaron 950 is the first High Frequency Desiccator with Cut. You might call it a split personality. One half of the unit is a high frequency desiccator, out of the mold of our very popular Aaron 900. The other half is a Bovie®

Generator, giving you 60 watts of cutting power and coag capabilities – plenty of power for LLETZ/LEEP or most any cutting procedure performed in the doctor's office. Its included three button pencil is a masterpiece of engineering. It allows you to adjust the power output up and down as well as to activate the unit, even when you are in foot control mode. The Aaron 950 is designed and engineered to be the most reliable and durable generator available today. The unit's life is prolonged by incorporating the latest in chip technology and reducing the number of internal parts, thereby generating less internal heat. Unit cleanup is simplified by its non-absorbing, non-staining, high-impact ABS enclosure.

0020-A950 950 Bovie Generator/Desiccator Generator

Aaron 2250 and Aaron 3250 Digital Electrosurgical Generator for Surgicenters and Hospitals

The 200 watt Aaron 2250 and 300 watt Aaron 3250 feature both monopolar and bipolar functions. Modes include Cut, Blend (10 increments), Coagulation, Fulguration, and Bipolar. The 3250 also includes two cut modes and 10 Presets to store frequently used surgical settings. Automatic digital safety systems constantly monitor the generators and display errors and disables outputs. Robust functionality, multi-power features and innovative safety systems highlight the design of these multipurpose generators.

Wallach Electrosurgical Generator

The Quantum 2000 Electrosurgical Generator utilizes a microprocessor to monitor power levels for a smooth cut. Spray fulguration seals bleeders without tissue contact. The unit can be controlled by a footswitch or handswitch. Audible sounds and visual indicators alert the operator to any undesirable conditions. LED's on the front panel pinpoint the problem. Split grounding pad offers extra patient safety. May be integrated with the Biovac Smoke Evacuator.

McCue Ultra VPL™

The McCue Ultra VPL™ is a new state of the art variable pulsed light from Europe. The Ultra VPL™ is upgradeable, versatile, effective and powerful (max power 51 J/cm²). One machine – many uses. Easy to use – the computer customizes the best pulse train for each treatment and each skin type. VPL™ can vary the number of pulses in each shot, the pulse time, and most importantly, the delay between pulses which maximizes skin surface “ThermoCooling”.

- 9595-600-028US McCue Ultra VPL™ System

WE'VE GOT YOU COVERED!

for electrosurgery from the office to the hospital...

When you need electrosurgery, you need think no further than Bovie. The word that means "electrosurgery" now covers you like never before. Our generators cover everything from 30 watts to 300 watts, with accessories to match.

So whether you need to simply desiccate tissue, do a LLETZ procedure, or do major surgical procedures, with Bovie... we've got you covered.

Dedicated to Distributionsm
We don't just say it, we live it!

It's a fact.
Improve
skin condition
in 14 days.

healthcare.GOJO.com

Clinical tests prove **PURELL® Instant Hand Sanitizer with DERMAGLYCERIN SYSTEM™** improves skin moisture content in 14 days¹.

A breakthrough product that combines broad-spectrum efficacy with high-performance moisturizing to help prevent dryness and damage from frequent handwashing and harsh winter weather.

For the full story visit healthcare.GOJO.com.

Powerful defense against germs.

¹Clinical field evaluation, 2/9/05-3/9/05 Study ID 2005-01-F10103 Data on file. GOJO Industries, Inc. Purell and Dermaglycerin System are trademarks of Warner-Lambert Company LLC ©2005. GOJO Industries, Inc. All rights reserved.

There's only one Hyfrecator...accept no imitations.

Hyfrecator® 2000

The Hyfrecator® system features:

- **High or Low Output Ports.** This allows you convenient switching back and forth between settings depending on your procedure. Save your most common procedural settings in both high and low mode. Precise output at low and high settings.
- **Safety for You and Your Patient.** Dual microprocessors control output and functionality. If a safety hazard is detected, activation is terminated.
- **Unsurpassed Utility and Reliability.** The Hyfrecator® is one of the most valuable tools for anyone performing office-based surgery. For over 65 years, Hyfrecator® units have provided physicians reliable service.

Now with Autoclavable Pencil!

The remote-controlled reusable switching pencil is the latest addition to the Hyfrecator® 2000 electrosurgical system. This new pencil offers:

- New steam autoclavability for increased convenience and peace of mind.
- Non-spinning, integral hex collar for virtually fail-safe blade locking.
- Pliable pencil cord with less memory for more flexibility.
- Quick connect to unit.
- One full year warranty or 100 autoclave cycles.

For 65 years, the Hyfrecator® has been the number one choice by physicians for office-based electrosurgery.

- Less damage to healthy tissue

PROVEN CLINICAL PERFORMANCE

- 86% - 100% resolution rates for benign lesions
- Nine indications

EASY-TO-USE

- One-handed operation
- Less than one-minute procedure

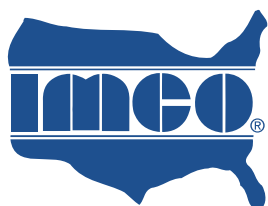

EXCELLENT REIMBURSEMENT

- Covered by all major insurance
- Low cost per treatment

6039-H-30

H-30 Convenience Kit: 30 Mixed Applicator Kit Includes: (1) 80mL canister of cryogen; (15) 2mm and (15) 5mm applicators, detailed instructions with a two-year shelf-life.

6039-H-60

H-60 Economy Kit: 60 Mixed Applicator Kit Includes: (1) 170mL canister of cryogen; (30) 2mm and (30) 5mm applicators, detailed instructions with a three-year shelf-life.

6039-H-505

H-505 Specialty Kit: 50 Large Applicator Kit Includes: (1) 170mL canister of cryogen; (50) 5mm applicators, detailed instructions for larger size lesions and plantar warts with a three-year shelf-life.

Brymill's CRY-AC® Hand-held Liquid Nitrogen Cryosurgical Systems

Brymill is the world's leading manufacturer of handheld, liquid nitrogen cryosurgery devices used by physicians to freeze and remove a wide range of skin lesions, including Verruca (warts), Actinic Keratoses, Seborrhic Keratoses, Molluscum, Papilloma (skin tags), and many others.

The #1 choice of dermatologists, Brymill is being used by more and more general practitioners to expand their practices.

Brymill's CRY-AC® (16 oz./500 ml capacity) and CRY-AC®-3 (10 oz./300 ml capacity) cryospray equipment offer unsurpassed convenience, safety, versatility, and control for more precise and effective cryosurgery treatments. Not only do Brymill's CRY-AC® liquid nitrogen units provide the coldest (-196°C) & most effective cryosurgical technique, it is MUCH less costly to use Brymill than disposable spray units on an ongoing basis.

5 spray tips with varying sized apertures (one each with .04 in., .031 in., and .016 in. apertures and two with .022 in. apertures) and one 20-gauge bent spray are included with CRY-AC® and CRY-AC®-3 systems for more accurate,

controlled treatment of lesions of different sizes and types.

Brymill offers the largest selection of LN₂ cryosurgical tips, probes, and accessories, including the 20-liter LongLast dewar that stores liquid nitrogen for up to 300 days.

- 9861-B-700 CRY-AC®, 16 fluid oz./500 ml., Larger size for greater capacity & longer holding time
- 9861-B-800 CRY-AC®-3, 10 fluid oz./300 ml., Smaller size for easier handling
- 9861-501-20SC LongLast storage dewar, 20 liters, Holds liquid nitrogen up to 300 days

Wallach LL100 Cryosurgical Freezer

The advanced LL100 employs a unique two-trigger system for faster freezing and defrosting which is key to LL100's superiority. Angled design allows an unobstructed view of the treatment area, both tip and tissue. Cryotips may be changed without turning valves or venting high pressures. Non-electric instant freeze/defrost system uses either nitrous oxide or carbon dioxide gas, with correct porting to vent off the gas with a scavenger hose. A variety of cryosurgical tips are available.

6727-901011 Cart for 20 lb Tank

Seiler Model 935 Colposcope

The 935 is the workhorse when it comes to economically priced colposcopes. The 3-step optical pod with a 300mm working distance objective lens offers magnifications of 3x, 7x, and 17x, is mounted on a vertical post and roll-around floor stand. Comes with fan cooled dual-port variable fiber optic coaxial illumination. Should a lamp fail during an examination, the dual-port feature allows a quick change from one lamp to another resulting in an uninterrupted procedure. Comes with a green filter, spare lamp, dust cover, and instruction manual. Accessories for video and digital video are readily available.

5766-30935-3 Model 935 Colposcope

Seiler Model 955 Colposcope

The 955 offers a smooth 5-step optical pod and 300mm working distance objective lens with magnifications of 3x, 4x, 7x, 11x, and 17x. The 955 is mounted on a pantographic swing-arm, and easy to maneuver roll-around floor stand. Comes with fan cooled dual-port variable fiber optic coaxial illumination. Should a lamp fail during an examination, the dual-port feature allows a quick change from one lamp to another resulting in an uninterrupted procedure. Comes with a green filter, spare lamp, dust cover, and instruction manual. Accessories for video and digital video are also readily available.

5766-30955-5 Model 955 Colposcope

Seiler Model 965Z Colposcope

The model 965Z has a continuous zoom magnification system from 2x through 14x with a 300mm working distance objective lens. The 965Z is mounted on a pantographic swing-arm, and an easy to maneuver roll-around floor stand. Comes with fan cooled dual-port variable fiber optic coaxial illumination. Should a lamp fail during an examination, the dual-port feature allows a quick change from one lamp to another resulting in an uninterrupted procedure. Comes with a green filter, spare lamp, dust cover, and instruction manual. Accessories for video and digital video are also readily available.

5766-30965-Z Model 965Z Colposcope

Wallach Zoomstar™ Colposcope

The Zoomstar offers significant advantages over single or multiple magnification colposcopes. The stereoscopic Nikon head with Nikon Zoom optics offers a sharp, true 3-D image. Correct magnification, from 4.5X to 20X, and adequate field of view at all times. Laser compatible. It uses a transformerless halogen fiber optic light source with a continuous brightness adjustment. A 30° angle eyepiece for a more natural position. Center post suspension uses a unique 5-point base which can be maneuvered easily.

6727-906057 Zoomstar™

Wallach Zoomscope™ Colposcope/ Operating Microscope

The Zoomscope is two optical instruments in one—a colposcope and an operating microscope. Meets nearly every diagnostic need and is laser compatible. Nikon head with Nikon optics. An area can be examined, then zoomed in on for a closer examination or biopsy without changing eye-pieces. Easy to use because it has advanced suspension. Just move it and it stays put, no knobs, no dials. It is also lighter and more maneuverable. It has eliminated the light transformer and uses a cool, fiber optic light source.

6727-906043 Zoomscope™ Colposcope/Oper. Microscope

Ritter M11 UltraClave® Automatic Sterilizer

The Ritter M11 UltraClave® Automatic Sterilizer... is now more reliable and convenient than ever!

- **New Modern Fresh Look**
We changed the look of the Ritter M11 to give a more modern appearance, allowing it to fit in with newer, more contemporary offices.
- **Quiet Door Operation**
Load it... set it... and forget it. That's it! Once the sterilization is complete, the door opens automatically, and now quietly, to dissipate the steam... allowing fast drying time for instruments. Its unique 11" x 18" chamber gives it the distinction of the most sterilizing capacity of any standard countertop sterilizer on the market.
- **New Pulse Air-Removal Technology**
The Ritter M11 now contains electronic bellows that purge air from the chamber three times prior to sterilization for more efficient air removal.

4443-M11 Ritter M11 UltraClave® Automatic Sterilizer

Ritter M9 UltraClave® Automatic Sterilizer

The Ritter M9 UltraClave® Automatic Sterilizer... the leading sterilizer in the medical market... is now more reliable and convenient than ever.

- **New Modern Fresh Look**
We changed the look of the Ritter M9 to give a more modern appearance, allowing it to fit in with newer, more contemporary offices.
- **Quiet Door Operation**
Load it... set it... and forget it. That's it! Once the sterilization is complete, the door opens automatically, and now quietly, to dissipate the steam... allowing fast drying time for instruments.
- **New Pulse Air-Removal Technology**
The Ritter M9 now contains electronic bellows that purge air from the chamber three times prior to sterilization for more efficient air removal.

4443-M9 Ritter M9 UltraClave®

Ritter M-7 Speedclave® Self-Contained Steam Sterilizer

Economical. Dependable. Fast. When

you're looking for value, choose the Ritter M7 SpeedClave®. It's the perfect alternative to large centralized sterilizers, saving money and time. It's ideal for sterilizing instruments in just 7 minutes, and for linen packs, gauze packs, and glassware. The UL Listed M7 requires no plumbing and no special wiring. 22" x 14" of counter space. Front controls permit easy selection of sterilization cycles up to 30 minutes at temperatures between 240°F and 270°F.

Tuttnauer EZ9™ and EZ10™ Fully Automatic Autoclaves

Tuttnauer EZ autoclaves feature a contemporary design with a new easier to read bright blue LED display panel. Innovative closed door active drying system maintains sterility and ensures efficient drying of wet packs and pouches. Pre-loaded cycles for: unwrapped instruments, wraps/packs, and additional drying. 2 year parts and labor warranty. Optional printer available.

6447-EZ9	9" x 18"
6447-EZ10	10" x 19"
6447-EZ10K	[Kwiklave]* 10"x19"

Also available in a 15" chamber

Chamber Brite™

One of the most effective and easy to use autoclave cleaners. Chamber Brite™ effectively cleans and descales the chamber, reservoir and copper tubing of most steam autoclaves.

6447-CB0010	Chamber Brite™ Powdered Autoclave Cleaner, 10 single use pkts/bx
-------------	--

Tuttnauer Clean & Simple Ultrasonic Cleaning System

High efficiency 60 kHz of cavitation for thorough and quieter cleaning. Durable vinyl clad steel housing is easy to clean and resist scratching. Stainless steel tank with cover. 60 minute timer.

6447-CSU1	1 Gallon
6447-CSU1B	Stainless Steel Basket – 1 Gallon
6447-CSU3	3 Gallon
6447-CSU3B	Stainless Steel Basket – 3 Gallon

Clean & Simple Ultrasonic Cleaning Tablets

Ultrasonic/enzymatic solution dispensed in a unique tablet form.

Drop tablets into your ultrasonic tank filled with tap water to produce a general purpose solution that is non-toxic, non-corrosive and biodegradable. Two tablets make 1 gallon.

6447-CS0064	64 tablets per box
6447-CS0144	144 tablets per box

Tuttnauer Manual Autoclaves

Tuttnauer manual autoclaves set the standard for steam sterilization and they still remain the benchmark in the industry. Time tested reliability and durability are built into every Tuttnauer product. One year warranty on parts and labor.

6447-2340M	9" x 18"
6447-2540M	10" x 19"
6447-2540MK	[Kwiklave]* 10" x 19"

also available in a 15" chamber

10" manual and automatic machines are available in a fast cycle model (KWIKLAVE) which reduces total heat up time by 50%. NOTE: 10" KWIKLAVE models require voltage between 220-235.

Tuttnauer Valueklave 1730

Provides all basic sterilization needs at an economical price. Fast cycle time: 9 minutes from a hot start (standard unwrapped cycle time). Compact size (7" chamber) makes it a perfect unit for small offices or second autoclave for larger practices. Overall dimensions: 17.9"Dx17.4"Wx12"H. 1 year warranty on parts & labor.

6447-Valueklave 1730	7" x 13"
----------------------	----------

Duo-Record® Cards

One card monitors either a steam or gas sterilization cycle. Before a sterilization cycle, the colors are white (in word "steam")

and red (in word "gas"). After a steam cycle the white changes to black. After a gas cycle the red changes to green. The Duo-Record Card is then kept on file. Set includes 250 Duo-Record cards, plastic file box, 12 index guides, and metal card holder.

5263-26905000 Duo-Record Card Set

Once-A-Day® Autoclave Tests

Choice of test sheets or a pre-assembled test pack for the required daily testing of all pre-vacuum sterilizers by the Bowie and Dick technique. Provides easy-to-interpret visual proof that contents have passed through adequate sterilization cycle.

5263-26600400 Test Sheets, 31/bx
5263-26610300 Once-A-Day® Test-Pak, 30/cs

Biological Test Pack and Culture Service Program

For biological monitoring of sterilizer performance and operator technique in physician and dental offices. Each box contains 10 sterilizer test packs with spore strips, 10 sterilization report forms and 10 pre-addressed, postage-paid envelopes. To use, operator runs test pack through normal sterilization cycle and mails test strips to manufacturer's laboratory for culturing and evaluation. Third party documentation of sterilization efficacy is returned. Positive cultures indicating possible sterilizer problems are reported immediately by telephone.

5263-26906700 Biological Test Pack & Culture Service Program, 10/bx (Includes Laboratory Analysis)

OK® Indicator Strips

For steam sterilizer cycles of 250°F (121°C), 272°F (134°C).

Packed 250 strips per box, four boxes per shelf pack, five packs per case.

5263-26410100 4" x 9/16"
5263-26410300 8" x 9/16"

OK Indicator Strips

Strate-Line Indicator Strips

Strate-Line™ Indicator Strips

Provides positive, visible proof of steam penetration along entire length of strip. When sterilization is attained, a color change from white to a uniform black line occurs. Packed 250 strips per box, four boxes per shelf pack, five packs per case.

5263-26510100 Strate-Line™ Strips, 8" x 9/16"
5263-26510200 Smalstrip™ Strips, 4" x 9/16"

Gas-Chex® E.O. Indicator Strips

Monitor strips for E.O. gas

sterilization. Packed 250 strips per box, four boxes per shelf pack, five packs per case.

5263-26900100 4" x 9/16"
5263-26900200 8" x 9/16"

BI-O.K.™ Steam Test-Pak

Safely designed to comply with performance standards. Easy-to-use sterilization processing provides secure results that are effective and reproducible. The BI-O.K. steam test-pak delivers the convenience of a record that documents the date, department, temperature, cycle time, sterilizer and load number. The operator initials and test results are entered along with control results for permanent documentation that autoclave equipment is functioning properly.

5263-269205 20 pack w/5 controls
5263-269205 20 pack w/10 controls
5263-269205 20 pack w/20 controls

Propper WATS™

Weekly Autoclave Test System for professional offices. WATS is designed for standard gravity-displacement cycles in the range

of 250°F-273°F. Each of 12 envelopes provides the professional office a full four-week cycle of steam sterilizer performance testing with accurate, cost-effective weekly monitoring. It includes all necessary materials, and a biological test for the first week, and Vapor Line Integrator tests for weeks 2, 3, and 4.

5263-269064 WATS Weekly Autoclave Test System

Vapor Line® Reusable Steam Sterilization Process Challenge Test

Propper's new reusable process challenge test monitors for pre-vacuum sterilization processes at 273°F. The test is designed

for use with the Propper Vapor Line® Integrator and presents a significant challenge to steam penetration. Regular use of the test helps to ensure adequate steam penetration in wrapped, unwrapped solid, porous and hollow instrument loads.

5263-269069 Vapor Line® Reusable Steam Sterilization Process Challenge Test, Each

Propper Vapor Line® Integrator

Propper Vapor Line® Integrator is designed to react on all critical sterilization parameters and offers immediate readout with performance equivalent to a biological indicator.

- 5263-269008 Vapor Line Integrator with extender, 9" x 7/8", 250/pouch, 2 pouches/cs
- 5263-269009 Vapor Line Integrator without extender, 2" x 7/8", 250/pouch, 2 pouches/cs
- 5263-269005 Vapor Line Integrator without extender, 2" x 7/8", 100/pouch, 10 pouches/cs
- 5263-26900512 Vapor Line Integrator without extender, 2" x 7/8", 100/pouch, 5 pouches/cs

IMCO Instrument Lubricant Bath

Non-silicone and non-toxic. Antimicrobial, water soluble, steam permeable. Rust inhibiting.

1080-T2-IMC Instrument Bath, 4 gal btls/cs

IMCO Enzy-Clean Enzymatic Detergent

Enzy-Clean Enzymatic Detergent disintegrates blood products.

Neutral pH, bacteriostatic, double enzyme. Non-corrosive, safe for scopes. Cleans hard to reach surfaces. Can be used in ultrasonic cleaners.

1080-B9-IMC Enzy-Clean, 4 gal btls/cs

IMCO Instrument Detergent

Biodegradable with neutral pH. Hemolytic to remove blood. Rust inhibitor, rinsing agent. Highly concentrated. Four gallon bottles per case.

1080-B2-IMC High Suds Detergent for Manual Cleaning

1080-B1-IMC Low Suds Detergent for Ultrasonic Cleaners

1080-B3-IMC Powdered Cleaner, 5 lb., 6/cs

Medica 28 Plus

Medica 28 Plus is a new formulation with accelerated 25-minute kill time for faster high-level disinfection of instruments. Medica 28 Plus uses a lower glutaraldehyde level (3.0%) than other extra strength products to reduce odor and vapor level in the operator. Medica 28 Plus has a minimal surfactant level to protect lensed instruments including endoscopes and a new solid activator to assure a mild pleasant smell and to maintain a consistent efficacy level through 28 days of continuous use. Contains rust and odor inhibitors.

- 4397-10-1304 4 ounce, 24 bottles/case
- 4397-10-1318 18 ounce w/pump, 12 bottles/case

VioNexus™ No Rinse Spray

The VioNexus™ No-Touch Hand Hygiene system dispenses a pre-measured application over the surface of the hands including nails, cuticles, creases and crevices. The fully atomized application provides better coverage than soaps and lotions in hard to reach areas. Dispensers can be installed close to work areas reducing the time spent walking to and from sinks, bathrooms, and wash areas, therefore encouraging handwashing compliance.

- No-Touch Dispenser eliminates cross contamination
 - Pre-measured application increases coverage and minimizes waste
 - Infrared sensor detects when hands are beneath dispenser and solution is dispensed
 - Meets CDC guidelines
- 4397-10-1810 No-Touch Dispenser, each
 - 4397-10-1820 No-Touch Dispenser Tray, each
 - 4397-10-1800 No Rinse Spray, 1 liter, 6/cs
 - 4397-10-1802 No Rinse Spray, 2 oz, 48/cs
 - 4397-10-1830 Wrist Activated Dispenser, each

PURELL® Instant Hand Sanitizer

- Supports the CDC Guideline for Hand Hygiene in Healthcare.
- Kills 99.99% of most common germs that may cause disease, in as little as 15 seconds.

PROVON® FMX™ Luxury Foam Systems

The PROVON® FMX™ System is designed to help healthcare facilities enjoy the benefits of hand hygiene compliance while residents enjoy gentle, effective bathing. Formulated for optimal infection control and skin health, rich, luxurious PROVON® foaming formulas include: Handwash with Moisturizers, Antimicrobial Handwash with Moisturizers, Medicated Handwash with Moisturizers and Triclosan and Hair & Body wash with Moisturizers. The FMX-12™ is great for locations where a smaller, traditional sized dispenser is preferred and it still delivers more than 1700 handwashes. PROVON® FMX™ dispensers can be easily adapted for added functionality with a Shower Shelf Adapter kit to allow convenient and safe access to personal items or toiletries. PROVON® Foaming Pump bottles offer the perfect choice when dispenser-free aesthetic appeal is desired.

Triad® Povidone Iodine (PVP-I) Solution & Swabsticks

Non-irritating and non-staining, Triad, Povidone Iodine (PVP-I) Solution is fast acting and antimicrobial, containing 10% Povidone Iodine, USP weight by volume (equivalent to 1% titratable iodine). This formula can be used as a topical antiseptic

germicide, for preparation of the skin prior to surgery, or as a first aid antiseptic to help prevent infection in minor cuts, scrapes, and burns. Cotton-tipped swabsticks are sturdy enough to remove small particles from wounds, such as glass fragments and gravel, and packaged in single and triple tear open packs.

- 2954-10-4101 PVP-I Swabsticks, 1's, 50/bx, 10 bxs/cs
- 2954-10-4102 PVP-I Swabsticks, 3's, 25/bx, 10 bxs/cs
- 2954-10-8202 PVP-I Solution, 2 oz. flip-top bottle, 48/cs
- 2954-10-8204 PVP-I Solution, 4 oz. flip-top bottle, 72/cs
- 2954-10-8208 PVP-I Solution, 8 oz. flip-top bottle, 24/cs
- 2954-10-8216 PVP-I Solution, 16 oz. flip-top bottle, 12/cs
- 2954-10-8232 PVP-I Solution, 32 oz. screw-top bottle, 12/cs
- 2954-10-8228 PVP-I Solution, gallon (with screw-top), 4/cs

Triad® Povidone Iodine (PVP-I) Scrub Solution & Swabsticks

Non-toxic and non-staining, Triad, Povidone Iodine (PVP-I) Scrub Solution is an effective antimicrobial surfactant, containing 7.5% Povidone Iodine, USP weight by volume (equivalent to 0.75% titratable iodine). This formula is recommended for use as a surgical pre-operative hand scrub or as a pre-operative surgical site scrub for patients. Cotton-tipped swabstick packaged in single and triple tear open packs.

- 2954-10-4401 PVP-I Scrub Swabsticks, 1's, 50/bx, 10/cs
- 2954-10-4402 PVP-I Scrub Swabsticks, 3's, 25/bx, 10/cs
- 2954-10-8302 PVP-I Scrub Solution, 2 oz. flip-top bottle, 48/cs
- 2954-10-8304 PVP-I Scrub Solution, 4 oz. flip-top bottle, 72/cs
- 2954-10-8308 PVP-I Scrub Solution, 8 oz. flip-top bottle, 24/cs
- 2954-10-8316 PVP-I Scrub Solution, 16 oz. flip-top bottle, 12/cs
- 2954-10-8332 PVP-I Scrub Solution, 32 oz. screw-top bottle, 12/cs
- 2954-10-8328 PVP-I Scrub Solution, gallon (with screw-top), 4/cs

Triad® Povidone Iodine (PVP-I) Prep Pads

Non-irritating and non-staining, Triad, Povidone Iodine (PVP-I) Prep Pads are saturated with 10% Povidone Iodine, USP weight by volume (equivalent to 1% titratable iodine). This formula can be used as a topical germicide for IV

starts, venipuncture, renal dialysis and other minor invasive procedures; or as a first aid antiseptic to help prevent infection in minor cuts, scrapes, and burns. Each soft, absorbent non-woven pad is packaged in individual hermetically sealed foil.

- 2954-10-3201 PVP-I Prep Pads, 100/bx, 20 bxs/cs

Hibiclens

Hibiclens is a broad spectrum antimicrobial with the added benefit of 6 hours or residual germ-killing action (from the 4% CHG active ingredient). Hibiclens efficacy is not compromised by contact with organic matter like blood. Iodine, PCMX, and Alcohol loose efficacy in the presence of organic matter. Hibiclens is gentle to your skin even when used frequently throughout the day to clean hands. Hibiclens is an effective antiseptic for skin wounds and infections.

- 4529-57504 4 oz Bottle, 48 btl/cs
- 4529-57508 8 oz Bottle, 24 btl/cs
- 4529-57516 16 oz Bottle, 12 btl/cs
- 4529-57532 32 oz Bottle, 12 btl/cs
- 4529-57591 Gallon Bottle, 4 btl/cs
- 4529-57517 15 ml packet, 50 pk/bx, 8 bx/cs

Hibistat

Hibistat is an alcohol wipe with 70% isopropyl alcohol for immediate kill and .5% CHG for 6 hours of residual killing action. Hibiclens is a personnel hand cleanser when a sink is not convenient.

- 4529-58717 5 ml alcohol/CHG towelette, 50/bx, 8 bx/cs

IMCO/Triad® Alcohol Prep Pads

Primarily used as a topical antiseptic, these Alcohol Prep Pads are saturated with 70% Isopropyl Alcohol. Each non-woven pad is soft, absorbent, and individually packaged in hermetically sealed foil. Sterile Alcohol Prep Pads are gamma sterilized to meet AAMA/ANSI/ISO 11137 standards. Available in medium (1-1/8" x 2-3/8") and large (1-3/4" x 3-1/4").

- 2954-10-3001-IMC IMCO Medium Prep Pads, 200/bx, 20 bxs/cs
- 2954-10-3002 Large Prep Pads, 100/bx, 10 bxs/cs
- 2954-10-3101 Sterile Medium Prep Pads, 200/bx, 20 bxs/cs

IMC Denotes Private Label

Triad® Antiseptic Towelettes

Saturated with 0.13% Benzalkonium Chloride (1:750) and 18% Isopropyl Alcohol, Triad, Antiseptic Towelettes provide bactericidal and

cleansing action for both hospital and personal use. The 5" x 7" crepe towelettes are fan-folded and citrus-scented in individual hermetically sealed foil.

- 2954-10-5101 Antiseptic Towelettes, 100/bx, 10 bxs/cs

Triad® Freshette™ Towelettes

Ideal for quick, antiseptic cleansing for patients and staff, Triad, Freshette™ Towelettes are saturated with 0.13% Benzalkonium Chloride (1:750) and 5% denatured alcohol. The 5" x 7" crepe towelettes are fan-folded and lemon-scented in individual hermetically sealed foil.

- 2954-10-5300 Freshette™ Towelettes, 100/bx, 10 bxs/cs

Triad® Adhesive Tape Remover Pads

Eliminating the need for harsh chemicals, Triad, Adhesive Tape Remover Pads are saturated with a non-irritating liquid that effectively and painlessly removes tape residue. Each non-woven pad is individually packaged in a hermetically sealed foil.

- 2954-10-6300 Adhesive Tape Remover Pads, 100/bx, 10 bxs/cs

Triad® Relief Personal Cloth Wipes

Pre-moistened and medicated, Triad, Relief Personal Cloth Wipes are designed for temporary relief from itching and irritation associated with

hemorrhoids as well as for vaginal care. Each soft, non-woven towelette is saturated with 50% witch hazel. These wipes are 5-1/4" x 6-3/4" and come fan-folded, individually foil wrapped.

- 2954-10-5400 Relief Personal Cloth Wipes, 100/bx, 10 bxs/cs

Triad® Obstetrical Towelettes

Formulated as a germicidal wipe, Triad, Obstetrical Towelettes can be used in OB and throughout the partum process. Each citrus-scented crepe towelette is saturated with 0.13% Benzalkonium Chloride (1:750). Greaseless, non-staining, non-irritating, and alcohol-free, these 5" x 7" fan folded towelettes provide effective and efficient cleansing.

- 2954-10-5102 Obstetrical Towelettes, 100/bx, 10 bxs/cs

Triad® Povidone Iodine (PVP-I) Prep Pads

Non-irritating and non-staining, Triad, Povidone Iodine (PVP-I) Prep Pads are saturated with 10% Povidone Iodine, USP weight by volume (equivalent to 1% titratable iodine). This formula can be used as a topical germicide for IV starts, venipuncture, renal dialysis and other minor invasive procedures; or as a first aid antiseptic to help prevent infection in minor cuts, scrapes, and burns. Each soft, absorbent non-woven pad is packaged in individual hermetically sealed foils.

Winged Infusion Sets

Punctur-Guard® Winged Infusion sets makes venipuncture safer with blunting technology. After insertion activating the blunting mechanism allows a clinician to safely remove the blunted canula, thus eliminating needle stick injury.

LATEX FREE

VAKU-8^{PLUS} Safety Blood Collection Sets

Utilization of state of the art manufacturing technology insures consistent product quality.

- Manufactured from non-toxic medical grade PVC
- 100% latex free constructed with kink-resistant tubing
- OSHA compliant shielded needle features one-handed activation
- The shield is designed to maximize wing flexibility, yielding superior tactile feel
- Superior point grind ensures sharp needles for minimal pain
- Latex free multiple sample luer adapter
- Tamper evident grid coating ensures seal integrity and sterility

Individually packaged, 100/box, 1000/case

4648-SVMSP-21	3/4" Needle, 12" Tubing, Green, 21G
4648-SVMSP-23	3/4" Needle, 12" Tubing, Blue, 23G

Amsino IV Administration Sets, Non DEHP & Latex-Free

0361-108301 83" I.V. Administration set, Non-vented spike w/drip chamber, 10 drops/ml, roller clamp, injection site & rotating male luer lock, 50/Case
 0361-108302 83" I.V. Administration set, Universal spike w/ drip chamber, 10 drops/ml, roller clamp, AMSafe needleless injection site, split septum injection site, backcheck valve & rotating male luer lock, 50/Case

0361-108303 83" I.V. Administration set, Non-vented spike w/ drip chamber, 10 drops/ml, roller clamp, AMSafe needleless injection site & rotating male luer lock, 50/Case
 0361-108306 83" I.V. Administration set, Non-vented spike w/drip chamber, 10 drops/ml, roller clamp, AMSafe needleless injection site, split septum injection site & rotating male luer lock, 50/Case
 0361-107201 72" I.V. Administration set, Non-vented spike w/drip chamber, 10 drops/ml, roller clamp, injection site & rotating male luer lock, 50/Case
 0361-607201 72" I.V. Administration set, Non-vented spike w/ drip chamber, 60 drops/ml, roller clamp, injection site & rotating male luer lock, 50/Case
 0361-608306 83" I.V. Administration set, Non-vented spike w/drip chamber, 60 drops/ml, roller clamp, AMSafe needleless injection site, split septum injection site & rotating male luer lock, 50/Case
 0361-AA3110 105" I.V. Administration set, Non-vented spike w/drip chamber, 10 drops/ml, roller clamp, 2 AMSafe needleless injection sites & rotating male luer lock, 50/Case
 0361-AA3101 78" I.V. Administration set, Universal spike w/drip chamber, 15 drops/ml, roller clamp, injection site & rotating male luer lock, 50/Case
 0361-159602 96" I.V. Administration set, Non-vented spike w/drip chamber, 15 drops/ml, roller clamp, 2 injection sites, flashbulb w/male slip luer adapter, 50/Case
 0361-109602 96" I.V. Administration set, Non-vented spike w/drip chamber, 10 drops/ml, roller clamp, 2 injection sites, flashbulb w/ male slip luer adapter, 50/Case
 0361-109606Y 96" I.V. Administration set, 2 Non-vented spikes w/drip chamber; one 10 drops/ml & one 60/drops/ml, 2 side clamps, roller clamp, split septum injection site, AMSafe needleless injection site & rotating male luer lock, 50/Case
 0361-AC3112 105" I.V. Administration set, Non-vented spike w/drip chamber, 60 drops/ml, roller clamp, 2 AMSafe needleless injection sites & rotating male luer lock, 50/Case
 0361-AS3500 40" I.V. Secondary set, Universal spike w/drip chamber, 10 drops/ml, roller clamp, medication hanger & rotating male luer lock, 50/Case
 0361-AE3108 8" Standard bore extension set w/AMSAfe needleless injection site, male and female luers, Robert clamp, appx. Priming volume is 2 mls., 100/Case
 0361-003201 32" Standard bore extension set, 2 free injection sites, female luer lock adapter, rotating male luer lock & 2 side clamps, 50/Case
 0361-000606 6" Standard bore extension set, AMSafe needleless injection site, split septum injection site, female luer lock adapter, side clamp & rotating male luer lock, 50/Case

Amsino FLOWSafe IV Sets, Non DEHP & Latex-Free

- 0361-AFS102 100" IV Set, Universal spike w/ drip chamber, 10 drops/ml, FLOWSafe flow controller, AMSafe needless injection site, side clamp & rotating male luer lock, 50/Case
- 0361-AFS106 20" Standard bore extension set, w/ FLOWSafe flow controller, AMSafe needless injection site, female luer, side clamp & rotating male luer lock
- 0361-AFS107 20" Standard bore extension set w/ FLOWSafe flow controller, AMSafe injection site, female luer lock, 50/Case

Gent-L-Kare I.V. Start Kits

Ideal for initiating intravenous therapy, Gent-L-Kare kits contain sequentially packaged, quality components. Depending on institutional preferences, kits are offered with traditional adhesive bandages or transparent dressings. All Gent-L-Kare I.V. Start Kits contain a tourniquet, alcohol prep pad, PVP (ampule or pad), gauze (2"x2"), dressing (adhesive or transparent), Transpore tape and label. For latex sensitive users, a latex-free I.V. Start Kits are also available, with or without gloves. Sterile, packed 100 per case.

- 6709-2601 Latex tourn., alcohol prep pad, PVP prep pad, PVP ointment, 2 gauze, adhesive dressing, transpore tape, and label
- 6709-2602 Latex tourn., alcohol prep pad, PVP prep pad, PVP ointment, 2 gauze, Tegaderm dressing, transpore tape, and label
- 6709-2603 Latex tourn., acetone prep pad, PVP prep ampule, 1 gauze, Opsite dressing, transpore tape, and label
- 6709-2607 Latex tourn., alcohol prep pad, PVP prep pad, PVP ointment, 2 gauze, Tegaderm dressing, transpore tape, and label
- 6709-2608 Latex tourn., alcohol prep pad, PVP prep pad, PVP ointment, 2 gauze, Tegaderm dressing, transpore tape, label, latex gloves
- 6709-2609 Latex-free tourn., alcohol prep pad, PVP prep pad, PVP ointment, 2 gauze, Tegaderm dressing, transpore tape, label, latex-free gloves

Amsino Cleansing Enema Bag/Bucket Set

- 0361-AS330 1,500cc bag w/60" tubing, pre-lubricated tip, soap packet, waterproof drape, 50/Case
- 0361-AS333 1,500cc bucket w/60" tubing, pre-lubricated tip, soap packet, waterproof drape, 50/Case

Clear-Cath® Catheters

Clear catheter-over-needle with vented flashback chamber for immediate evidence of vein entry. Continued position in the vein is verified by flashback through the clear cannula as the needle is withdrawn, thus reducing the risk of infiltration and reducing patient discomfort. Ultrasharp tip, electronically formed, provides consistently low penetration force. Double-beveled needle eases insertion, reduces tissue trauma and coring. Catheter tip is uniquely designed to minimize splitting or curl-back. Lock-in molded catheter/hub connection reduces the danger of separation. Stripe on catheter is highly radiopaque. The catheter is Teflon®. Two units per pack, 60 packs per case.

- 0409-4532-08 Clear-Cath 18 x 1-1/4, Green, 21G Needle, 18G Catheter x 1-1/4" L
- 0409-4532-18 Clear-Cath 18 x 2, Green, 21G Needle, 18G Catheter x 2" L
- 0409-4532-02 Clear-Cath 20 x 2, Pink, 23G Needle, 20G Catheter x 2" L Wheel, 22 G x 1-1/2" Infiltration, 2-1/2 mL Syringe

Amsino Vaginal Irrigation Set

- 0361-AS350 1,500cc bag w/48" tubing, slide clamp, smooth vaginal tip, 50/Case

Triad® Enemas

Ready for use, Triad, Enemas are available in Sodium Phosphate or Mineral Oil, USP formulas.

Housed in a latex-free pliable, low-density polyethylene bottle, these enemas are freestanding to

reduce the risk of tip contamination and equipped with a reflux valve to prevent backflush. The shaft of the enema is designed so that the tip is not in a position to perforate or abrade the sigmoid portion of the colon of a healthy adult and is lubricated for patient comfort and ease of insertion. Available in safety-sealed box or in bulk.

- 2954-10-2111 Sodium Phosphates Enema, boxed, 48/cs
- 2954-10-2112 Sodium Phosphates Enema, bulk, 48/cs
- 2954-10-2113 Mineral Oil Enema, boxed, 48/cs

IMCO Suture Removal Kits

Disposable sterile suture removal kits offer convenience and extra protection against cross infection. Plastic Tray provides sterile field. Contents: Littauer Scissors, 4" forceps, gauze sponge
2071-4521-IMC Suture Removal Kit, 50/case

Busse Sterile Suture Removal Kits

50/case.

1111-717 With Littauer (hook-tipped) Scissors, Deluxe Plastic Posi-Grip™ Forceps & one 3" x 3" gauze sponge

1111-718 With Littauer (hook-tipped) Scissors, 4" Metal Forceps, one 3" x 3" gauze sponge

Busse Sterile Suture Removal Kits

Featuring Floor-Grade Instruments

Contents:

- One tray
- One floor-grade Iris suture scissors
- One floor-grade Adson serrated forceps
- One 3" x 3" gauze sponge
- One large alcohol prep pad
- One iodophor PVP prep pad

1111-723 Sterile Suture Removal Kits, 50 kits/carton

Busse Sterile Suture Removal Kit

Contents:

Same as Cat. No. 723, with floor-grade, Littauer (hook-tipped) suture scissors in place of the Iris.

1111-726 Sterile Suture Removal Kit, 50 kits/carton

Busse Sterile "Classic" Suture Removal Kit

Contents:

- One tray
- One plastic handle Littauer (hook-tipped) scissors
- One Posi-Grip™ plastic forceps
- One 3" x 3" gauze dressing

1111-737 Sterile "Classic" Suture Removal Kit, 48 kits/carton

Busse Sterile Skin Staple Remover

Made of high grade stainless steel, Busse skin staple remover allows fast, easy removal. Each sterile kit contains skin staple remover and a 3" x 3" gauze sponge.

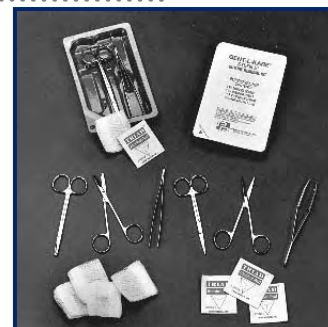

1111-716 Staple Remover, 48/cs

1111-770 Dispenser Packed, 12/disp, 48/cs

Suture Removal Kits

Gent-L-Kare® suture removal kits are available with either stainless steel wire-formed or stainless steel metal instruments. Several suture removal kits are offered. All kits are packaged 50/case.

6709-2632 Stainless Steel Instrument Kit w/Iris Scissors, Thumb Forceps, Alcohol Prep Pad, & 2 x 2 Gauze

6709-4131 Wire Formed Instrument Kit w/Littauer Scissors, Metal Forceps, Alcohol Prep Pad, PVP Prep Pad, & 2 x 2 Gauze

6709-4136 Wire Formed Instrument Kit, Facial Littauer Scissors, Suture Forceps, Alcohol Prep Pad, PVP Prep Pad, 2 x 2 Gauze

Busse Safety ER Laceration Tray

- One tray
- One CSR wrap
- Ten 4" x 4" gauze
- Five 2" x 2" gauze dressings
- One 18g x 1-1/2" safety needle
- One 27g x 1-1/2" needle
- One 25g x 5/8" safety needle
- One needle stick block
- One 10cc/12cc Luer Lock syringe
- Two medicine cups
- One Needle Holder
- One scissors
- One Mosquito hemostat
- One forceps
- One fenestrated drape
- Two towels

1111-546 Busse Safety ER Laceration Tray,
ClothTowels, 20 trays/carton

1111-549 Busse Safety ER Laceration Tray,
20 trays/carton

Busse Safety Incision & Drainage Instrument Tray

- One polybag with twist tie
- One polylined fenestrated drape
- One polylined drape
- Two Iodophor PVP prep pads
- Four cotton filled sponges
- One safety scalpel (No. 11 blade)
- One Posi-Grip™ thumb forceps
- One straight Kelly Hemostat

1111-558 Busse Safety Incision & Drainage
Instrument Tray, 20 trays/carton

Busse Suturing Tray

Tray is supplied without needles. Clinician may use safety components of their choice.

- One compartment tray
- One CSR wrap
- Eight 4" x 4" gauze
- Five 2" x 2" gauze dressings
- One absorbent towel
- One fenestrated towel
- One Adson tissue forceps
- One Iris scissors
- Two medicine cups
- One needle holder

1111-747 Busse Suturing Tray, 20 trays/carton

Busse Saf-Shield™ Irrigation Splash Guard

Fits all syringes – Luer Lock or Slip-Fit and the protective dome acts as a shield against splash back.

1111-766 Busse Saf-Shield™ Irrigation Splash
Guard, Sterile, 50/carton

Medegen Laceration Trays

Medegen's laceration trays are carefully assembled with quality materials. Choose among our satin finished or stainless steel instruments. All laceration trays are sterile and contain an assortment of components including gauze sponges, needles, needle holder, syringe, scissors, forceps, and towels.

6709-2681 Laceration Tray w/Stainless Steel
Instruments, 20/cs

6709-2683 Laceration Tray w/Satin Finished
Instruments & Cloth Towels, 20/cs

6709-2687 Laceration Tray w/Stainless Steel
Instruments & Cloth Towels, 20/cs

6709-2688 Laceration Tray Minor w/Paper Towel

Busse Basic Nerve Block Tray

Prep Components

- 1 1 oz PVP Solution
- 3 Sponge Sticks
- 4 3" x 3" Gauze Dressings
- 2 Absorbent Towels
- 1 Skin Marker
- 1 6" Flexible Ruler
- 1 Integral Prep Well
- 1 Clear Fenestrated Drape with Adhesive Strip

Procedure Components

- 1 1cc Plastic Luer Lock Syringe
- 1 3cc Plastic Luer Lock Syringe
- 1 5cc Plastic Luer Lock Syringe
- 1 20cc Plastic Luer Lock Control Syringe
- 1 18g x 1-1/2" Needle
- 1 25g x 1-1/2" Needle
- 1 Filter Needle
- 1 Needle Stick Block
- 1 5mL Ampule 1% Lidocaine
- 1 Integral Mixing Well
- 1 Adhesive Bandage
- 1 CSRWrap

1111-672 Busse Basic Nerve Block Tray, 10/case

Busse Single Shot Epidural Tray

Prep Components

- 1 1 oz PVP Solution
- 3 Sponge Sticks
- 4 3" x 3" Gauze Dressings
- 1 Absorbent Towel
- 1 Integral Prep Well
- 1 Clear Fenestrated Drape with Adhesive Strip

Procedure Components

- 1 18g x 3-1/2" Tuohy Epidural Needle with Wings
- 1 5cc Glass LOR Metal Luer Slip Syringe
- 1 3cc Plastic Luer Lock Syringe
- 1 20cc Plastic Luer Lock Syringe
- 1 18g x 1-1/2" Needle
- 1 25g x 1-1/2" Needle
- 1 Filter Needle
- 1 Needle Stick Block
- 1 5mL Ampule 1% Lidocaine
- 1 10mL 0.9% Sodium Chloride
- 1 Integral Mixing Well
- 1 Adhesive Bandage
- 1 CSRWrap

1111-670 Busse Single Shot Epidural Tray, 10/case

Busse Continuous Epidural Tray

Prep Components

- 1 1 oz PVP Solution
- 3 Sponge Sticks
- 4 3" x 3" Gauze Dressings
- 1 Absorbent Towel
- 1 Integral Prep Well
- 1 Clear Fenestrated Drape with Adhesive Strip

Procedure Components

- 1 20g Closed-End Epidural Catheter
- 1 Thread Assist Guide
- 1 Tuohy Borst Adapter
- 1 Catheter Pad
- 1 Epidural Filter
- 1 18g x 3-1/2" Tuohy Epidural Needle with Wings
- 1 5cc Glass LOR Metal Luer Slip Syringe

- 1 3cc Plastic Luer Lock Syringe
- 1 20cc Plastic Luer Lock Syringe
- 1 18g x 1-1/2" Needle
- 1 25g x 1-1/2" Needle
- 1 Filter Needle
- 1 Needle Stick Block
- 1 1mL Ampule 0.1% Epinephrine
- 1 5mL Ampule 1% Lidocaine
- 1 5mL Ampule 1.5% Lidocaine with Epinephrine
- 1 10mL 0.9% Sodium Chloride
- 1 Integral Mixing Well
- 1 Adhesive Bandage
- 1 CSRWrap

1111-671 Busse Continuous Epidural Tray, 10/case

Busse Safety Amniocentesis Tray

Components necessary to safely sample amniotic fluid with engineered sharps protection components.

- Ultra sharp 20g spinal needle facilitates depth positioning with etched centimeter marks along cannula.
- Pre-numbered amber vials protect light-sensitive samples.

Contains:

- One multi-compartment tray with prep well
- One spinal needle with stylet, 20g x 3-1/2"
- One Luer Lock syringe, 20cc
- One Luer Lock syringe, 6cc
- One safety needle, 25g x 5/8"
- One safety needle, 22g x 1-1/2"
- One needle stick block
- Three sponge sticks
- Three gauze pads
- Three amber specimen vials, pre-numbered, with caps, 10ml
- One fenestrated drape with adhesive strip
- One towel
- One Lidocaine Hydrochloride USP, 1%, 5ml with drug precaution sheet
- One ruler, 6"
- One CSR wrap
- One bandage
- Three patient ID labels

1111-950 Busse Safety Amniocentesis Tray, 10/case

Busse Safety Bone Marrow Biopsy/Aspiration Trays

Common Components Include:

- Two multi-compartment "double-deck" trays
- One Luer Lock adapter
- Three Povidone-Iodine swabsticks
- One Lidocaine Hydrochloride USP, 1%, 5ml with drug precaution sheet
- One safety scalpel
- One syringe, 6cc syringe with safety needle, 20g x 1-1/2"
- One Luer Lock syringe, 20cc
- One safety needle, 25g x 5/8"
- One safety needle, 21g x 1-1/2"
- One bandage
- One CSR wrap

Unique components include:

With 11 Gauge x 4" Biopsy Needle and 15 Gauge Aspiration Needle

- Adjustable from 3/8" to 1-7/8"
- One J-Style Bone Marrow Biopsy needle, 11g x 4"
- One I-Style Aspiration needle, 15g, adjustable from 3/8" to 1-7/8"
- Two specimen tubes containing edetate (EDTA) potassium
- Ten frosted microscope slides
- One amber specimen vial with cap
- One stirring rod
- One stylet with guide
- One extra cap
- Two foam needle stick blocks
- One towel
- One fenestrated drape with adhesive strip
- Five gauze pads
- One patient ID label

1111-952 With 11 Gauge x 4" Biopsy Needle and 15 Gauge Aspiration Needle, 10/case

With 11 Gauge x 4" Biopsy Needle

- One J-Style Bone Marrow Biopsy needle, 11g x 4"
- Two specimen tubes containing edetate (EDTA) potassium
- Ten frosted microscope slides
- One amber specimen vial with cap
- One stirring rod
- One stylet with guide
- One extra cap
- One foam needle stick block
- One towel
- One fenestrated drape with adhesive strip
- Five gauze pads
- One patient ID label

1111-953 With 11 Gauge x 4" Biopsy Needle, 10/cs

With 11 Gauge x 4" Biopsy Needle and 15 Gauge Aspiration Needle

- Adjustable from 3/8" to 1-7/8"
- One J-Style Bone Marrow Biopsy needle, 11g x 4"
- One I-Style Aspiration needle, 15g, adjustable from 3/8" to 1-7/8"
- One towel
- One fenestrated drape with adhesive strip
- One stylet with guide
- One extra cap
- Two foam needle stick blocks
- Eight gauze pads

1111-954 With 11 Gauge x 4" Biopsy Needle and 15 Gauge Aspiration Needle, 10/case

With 15 Gauge Aspiration Needle

- Adjustable from 3/8" to 1-7/8"
- One I-Style Aspiration needle, 15g, adjustable from 3/8" to 1-7/8"
- Two specimen tubes containing edetate (EDTA) potassium
- Ten frosted microscope slides
- One amber specimen vial with cap
- One stirring rod
- One foam needle stick block
- One towel
- One fenestrated drape with adhesive strip
- Five gauze pads
- One patient ID label

1111-955 With 15 Gauge Aspiration Needle, 10/cs

Busse Safety Basic Soft Tissue Biopsy Tray

Components required for skin preparation and handling of the aspirated sample with engineered sharps protection components.

- May be used during CT guided biopsies.
- Provided without needle to allow practitioner to use needle of their choice.

Contains:

- One multi-compartment tray with prep well
- One Luer Lock syringe, 20cc
- One Luer Lock syringe, 6cc
- One 3cc syringe with safety needle, 25g x 5/8"
- One safety needle, 20g x 1-1/2"
- One safety needle, 22g x 1-1/2"
- Two sponge sticks
- Four gauze pads
- Six frosted microscope slides
- One safety scalpel
- Two specimen vials, pre-numbered, with caps, 10ml
- One fenestrated drape with adhesive strip
- Two towels
- One Lidocaine Hydrochloride USP, 1%, 5ml with drug precaution sheet
- One ruler, 6"
- One CSR wrap
- One bandage
- Two patient ID labels

1111-951 Busse Safety Basic Soft Tissue Biopsy Tray, 10/case

Busse Safety Lumbar Puncture Trays

Common Components Include:

- One multi-compartment tray with prep well
- One 3cc syringe with safety needle, 25g x 5/8"
- One needle stick block
- Three sponge sticks
- Three gauze pads
- One fenestrated drape with adhesive strip
- One towel
- One Lidocaine Hydrochloride USP, 1%, 2ml with drug precaution sheet
- One CSR wrap
- One bandage

Unique components include:

Safety Pediatric/Infant Tray

- One spinal needle with stylet, 21g x 2-1/2"
- One piece manometer, 350mm

- One 5" extension tube
- One three-way stopcock
- Four specimen vials, pre-numbered, with caps, 10ml
- Four patient ID labels

1111-945 Safety Pediatric/Infant Tray, 10/case

Safety Pediatric/Infant Tray

- One spinal needle with stylet, 22g x 1-1/2"
- Three specimen vials, pre-numbered, with caps, 10ml
- Three patient ID labels

1111-946 Safety Pediatric/Infant Tray, 10/case

Safety Adult Tray

- One spinal needle
- One safety needle, 22g x 1-1/2"
- Two piece manometer, 550mm
- One 5" extension tube
- One three-way stopcock
- Four specimen vials, pre-numbered, with caps, 10ml
- Four patient ID labels

1111-947 Tray w/18g x 3-1/2" Spinal Needle, 10/cs

1111-948 Tray w/20g x 3-1/2" Spinal Needle, 10/cs

1111-949 Tray w/22g x 3-1/2" Spinal Needle, 10/cs

Busse Safety Myelogram Tray

Components necessary to safely sample cerebral spinal fluid and the injection of water-based contrast media (not for use with oil-based contrast media) with engineered sharps protection components.

- Ultra sharp 22g x 3-1/2" spinal needle.

Contains:

- One multi-compartment tray with prep well
- One spinal needle with stylet, 22g x 3-1/2"
- One 5" extension tube
- One 20" extension tube
- Three specimen vials, pre-numbered, with caps, 10ml
- One Lidocaine Hydrochloride USP, 1%, 5ml with drug precaution sheet
- One Luer Lock syringe, 6cc with safety needle, 25g x 5/8"
- One Luer Lock syringe, 20cc
- One safety needle, 18g x 1-1/2"
- One safety needle, 22g x 1-1/2"
- One needle stick block
- One towel
- Three gauze pads
- Three sponge sticks
- One fenestrated drape with adhesive strip
- One CSR wrap
- One bandage
- Three patient ID labels

1111-956 Busse Safety Myelogram Tray, 10/case

0361-AS43024 24fr x 30cc Balloon packed in inner sheath and outer peel-pouch, 10/Box
0361-AS43026 26fr x 30cc Balloon packed in inner sheath and outer peel-pouch, 10/Box

Amsino AMSure® Foley Catheters

Feature smooth reinforced tips for easy insertion, large catheter eyes for maximum drainage, symmetrical balloon for ensuring reliability, and tapered funnels for secured connections. The strong catheter funnel resists kinking or collapsing while aspirating. The plastic valves conveniently accept luer lock and luer slip syringes. AMSure® Foley Catheters are packaged in an inner plastic wrap and peel open pouch. French and balloon sizes are clearly marked on the individual package, as well as on the product for patient safety.

AMSure® All Silicone Foley Catheters, 2-Way

- 100% Silicone, 2-way, Foley Catheters
- Peel Pouch, Single use

Busse Urine Catheter Kits

- Smooth tapered catheter tip and eyes for low-trauma insertions
- Sheath protects catheter from bending during shipping
- Unique vented lid promotes urine flow without the need to loosen lid
- Closed system reduces the risk of specimen contamination and false readings
- 15cc centrifuge ready tubes
- Printed graduations on tube makes it easier for technician to see levels of urine
- Kits are packaged in a pouch organizer — procedure-ready.

Female Catheter Kit

- Rigid catheter, 8 fr, 6" long
- Vinyl exam gloves
- 3 iodophor PVP swabsticks
- 3gm lubricant packet
- Towel
- Patient ID label
- 1 blue plastic pouch

1111-410 Female Catheter Kit, 100/case (4 inner cartons of 25 ea.)

Adult Catheter Kit (Female or Male Use)

- Soft catheter, 8 fr, 9" long
- Vinyl exam gloves
- 3 iodophor PVP swabsticks
- 3gm lubricant packet
- Towel
- Patient ID label
- 1 blue plastic pouch

1111-411 Adult Catheter Kit, 50/case

Pediatric Catheter Kit

- Soft catheter, 8 fr, 9" long
- Vinyl exam gloves
- 3 iodophor PVP swabsticks
- 3gm lubricant packet
- Towel
- Patient ID label
- Instruction sheet
- 1 blue plastic pouch

1111-412 Pediatric Catheter Kit, 50/case

Infant Catheter Kit

- Soft catheter, 5 fr, 9" long
- Vinyl exam gloves
- 3 iodophor PVP swabsticks
- 3gm lubricant packet
- Towel
- Patient ID label
- Instruction sheet
- 1 blue plastic pouch

1111-413 Infant Catheter Kit, 50/case

Rehab Leg Bag

The Rehabilitation Leg Bag is designed to meet the specific requirements of the limited mobility patient. Slits incorporated into the bag permit Velcro®/cloth straps as an alternative to buttons. Drainage is facilitated by an 8" extension tube and one-hand snap clamp. Features include anti-reflux valve and heavy gauge vinyl film. Latex straps included.

4310-87-002 Rehab Leg Bag, M, 50/cs

4310-87-004 Rehab Leg Bag, L, 50/cs

Extension Tube for Drain Bag, Sterile, Latex-Free

0361-AS311 18" flexible pvc tube w/protective cap, 50/Case

Deluxe Leg Bag

The Deluxe Leg Bag features four built-in strap attachment buttons on the body of the bag for convenient strap attachment. Additional features include an anti-reflux valve, convenient twist-open bottom drain, and heavy vinyl film for improved durability and odor protection. Latex straps included.

4310-87-001 Deluxe Leg Bag, 600cc, M, 50/cs
4310-87-003 Deluxe Leg Bag, 800cc, L, 50/cs

AMSure® Urinary Leg Bags

AMSure® urinary leg bags feature a soft, comfortable, vinyl construction to help contour to a patient's body. Available in a twist open valve, a t-tap valve, and a push pull valve, AMSure® urinary leg bags are hardly noticeable under street clothing. High quality straps ensure secure attachment to leg.

- 0361-AS308T Medium, 600mL bag, bottom draining, Anti-reflux, T-valve, w/2 pre-assembled latex straps, sterile fluid pathway

Medicopaste® Bandage

Bandage dressing aids in the healing of venous stasis ulcers, reduces and controls edema, and improves blood flow for an optimum healing environment. Other applications include dislocations, sprains, eczema, and as a protective covering for lower extremity skin grafts. The bandage acts as a flexible, light compressive cast, increasing leg compression and tissue pressure. Manufactured with non-raveling selvaged edges and impregnated with a formulation of zinc oxide, glycerine and gelatin. Sealed in moisture-lock plastic bag, ready for immediate use. Available in original formulation, and with calamine. Generic bandages also available.

- 2867-1565 3 3" x 10 yds, 12/bx
- 2867-1565 4 4" x 10 yds, 12/bx
- 2867-1565C-3 3" x 10 yds (Rx) w/Calamine, 12/bx
- 2867-1565C-4 4" x 10 yds (Rx) w/Calamine, 12/bx

PrimerFlex™ Elastic Unna Boot

PrimerFlex™ is a conforming unna boot use in the treatment of venous stasis leg ulcers. The stretchable gauze and non-hardening zinc oxide paste

PrimerFlex™ makes it easy to shape to patient's foot and leg. PrimerFlex™ is easier to apply than the traditional non-stretch unna boots. The bandage is easy to control because of its elasticity and wraps neatly to the leg without gaps, bulges or pleats. PrimerFlex™ stays moist, elastic and comfortable, encouraging ambulation.

- 9803-GL-300-1F 3" x 10 yds, 12/cs
- 9803-GL-400-1F 4" x 10 yds, 12/cs

Primer® Modified Unna Boot

Primer® Modified Unna Boot is a gauze bandage evenly impregnated with a non-hardening zinc oxide paste. 10 yards of threadlocked gauze are coated with paste and rolled into a ready-to-apply bandage. Primer® retains its moisture and pliability when it is applied, increasing patient comfort. With or w/out calamine.

- 9803-GL300-1 3" x 10 yds
- 9803-GL300-1C 3" x 10 yds with Calamine
- 9803-GL400-1 4" x 10 yds
- 9803-GL400-1C 4" x 10 yds with Calamine

Primer® Unna-Pak®

Primer® Unna-Pak® is a convenient kit containing both the Primer® Modified Unna Boot and Co-Press® Self-Adherent Elastic Bandage. Unna-Pak puts both the moist foundation layer and the compression layer together into one box. Available in 3 or 4 inch widths.

- 9803-GL200-3 3" Primer® + 3" Co-Press®
- 9803-GL200-4 4" Primer® + 4" Co-Press®

LATEX FREE

IMCO Unna's Boot

Latex free, non-sterile cotton bandage. Non-hardening zinc oxide paste with or without calamine. Rolled on plastic core and packaged in vacuum-sealed foil pouch for longer shelf life. Helps soothe inflammations, rashes, ulcers and related conditions.

- 1587-4730-IMC 3" x 10 yards, 1/bx, 12 bx/cs

Metal and Lucite Applicators

Metal and lucite applicators are an easy-to-use tool for the medical professional. Surgitube® Tubular Gauze and SurgiGrip® Tubular Support Bandages are first loaded onto the applicator and then applied to the patient. With the use of applicators, the bandage will fit well without further trauma to the patient.

 1587-83500000 Sterile, 4.5" x 4.1yds, 100/cs

Sensi Wrap, Self-Adherent

- A lightweight compression bandage which sticks to itself, but not to other materials or skin
- Easily torn without scissors
- Will not slip
- Individually poly bagged
- Available in tan or in an assorted rainbow pack

**Each rainbow pack contains the following colors: red, green, purple, dark blue, pink & light blue.

1" - 5 of each color
 2" - 6 of each color
 3" - 4 of each color
 4" - 3 of each color
 6" - 2 of each color

2071-3171 1"x 5 yds., Tan, 2/bg, 30/cs
 2071-3172 2"x 5 yds., Tan, 1/bg, 36/cs
 2071-3173 3"x 5 yds., Tan, 1/bg, 24/cs
 2071-3174 4"x 5 yds., Tan, 1/bg, 18/cs
 2071-3176 6"x 5 yds., Tan, 1/bg, 12/cs
 2071-3181 1"x 5 yds, Rainbow, 5/color, 30/cs
 2071-3182 2"x 5 yds, Rainbow, 6/color, 36/cs
 2071-3183 3"x 5 yds, Rainbow, 4/color, 24/cs
 2071-3184 4"x 5 yds, Rainbow, 3/color, 18/cs
 2071-3186 6"x 5 yds, Rainbow, 2/color, 12/cs

Co-Press™ Self Adherent Bandage

Co-Press™ is an all nylon, elasticized non-woven substrate with a latex cohesive coating. Co-Press™ sticks to itself, but not to the patients skin or hair. Co-Press™ also conforms readily to body contours for ease of application and patient comfort.

- Lightweight
- Tensile Strength
- Holding Power
- Consistent unwind
- Ease of tear
- Ease of removal

For non-slip support, compression, retention, edema control and reduction. Used to replace adhesive tape and bandages in post-treatment fractures.

9803-WM-COPRESS3 3" x 5yds, Tan, 12/cs
 9803-WM-COPRESS4 4" x 5yds, Tan, 12/cs

Flexoplast® Elastic Adhesive Bandage

An all elastic adhesive bandage that provides a compression layer. Flexoplast® adapts easily to contours of the leg and foot. Flexoplast® provides support and compression in conjunction with Primer® Unna Boots, Soft Cast Products and wherever support or compression is indicated. When used with any of these products they effectively treat many types of leg ulcers. Comes in regular adhesion roll-off and unique reversed adhesion rolls for application ease.

9803-GL100-1 1" x 5 yds., 12/cs
 9803-GL100-2 2" x 5 yds., 6/cs
 9803-GL100-3 3" x 5 yds., 4/cs
 9803-GL100-4 4" x 5 yds., 6/cs
 9803-GL100-3R Reversed Adhesion, 3" x 5 yds., 12/cs

Dukal Non-Sterile Flexible Cohesive Bandage

Durable self-adhesive wrap, suitable for a variety of applications.

2040-8015 1" X 5 yds., 30 rl/cs
 2040-8155 1.5" X 5 yds., 48 rl/cs
 2040-8025 2" X 5 yds, 36 rl/cs
 2040-8035 3" X 5 yds, 24 rl/cs

Available in DB-Dark Blue, W-White, T-Tan and AS-Asstd.

EZe-Band LF™ Latex-Free Bandage with Self-Closure

EZe-Band LF™ is a latex-free, high quality, reinforced elastic support and compression bandage that wraps and secures easily. Front and end self-closures make EZ Band LF™ safe, fast and easy to use. Its revolutionary knitted construction provides patient comfort and makes it durable enough to use again and again.

Non-Sterile

1587-59120000 2" x 5yds, 10rolls/pk, 6pk/cs

 1587-59790000 6" x 11yds, 24rolls/box

Co-Lastic™ Cohesive Elastic Bandage

Co-Lastic™ is a high quality, cohesive elastic wrap, versatile enough to use as a securing, protective compression and support bandage.

Designed with both you and your patients in mind it sticks securely to itself, but never to your patients' hair or skin. Co-Lastic™ provides even, controlled compression and readily conforms to every anatomical structure. It's water resistant, lightweight and comfortable.

Caution: This product contains natural rubber latex which may cause allergic reactions

Flexicon® Elastic Gauze Bandage

Flexicon® is a latex-free elastic gauze bandage that holds dressings securely in place without slipping. The unique filament structure and nap ensure that Flexicon® clings to

itself. The uniform weave of cotton and polymer yarns create a gauze with stretchability that conforms even to the most difficult areas. Woven edges minimize lint and loose threads. Flexicon® is durable with great strength, yet it is soft and comfortable to wear.

IMCO/Dukal Sterile Gauze Sponges

Produced from high quality 100% cotton gauze, meeting the description of USP Type VII gauze. They are packaged on automated equipment, assuring a consistent package that opens cleanly. Sterilization is accomplished utilizing Electron-Beam Radiation which is a highly effective method of sterilization. Gauze sponges are most commonly used to clean or debride a wound or to provide additional absorption on top of a primary wound dressing. 2 per package, dispenser tray.

2040-6208 IMC	2" x 2" 8 ply, 50 pk/bx, 30 bx/cs

Dukal Sterile Wound Closure Strips

Closure strips are used as a primary method to close a cut or incision or as an additional tissue support for staples or sutures. Dukal strips are constructed of a thin, permeable non-woven material. This construction allows the product to provide for transparency and breathability. The products strength comes from the small threads which are laminated into the product.

2040-5150	1/8"x 3", 5 strips/pkg, 50pkg/bx, 4 bx/cs
2040-5151	1/4"x 3", 3 strips/pkg, 50pkg/bx, 4 bx/cs
2040-5152	1/4"x 1-1/2", 6 strips/pkg, 50pkg/bx, 4 bx/cs
2040-5156	1/4"x 4", 10 strips/pkg, 50pkg/bx, 4 bx/cs
2040-5157	1/2"x 4", 6 strips/pkg, 50pkg/bx, 4 bx/cs
2040-5158	1"x 4", 4 strips/pkg, 25pkg/bx, 4 bx/cs

Albahealth™ Packing Strips

The Albahealth™ Packing Strips are made of a woven gauze fabric which resists linting. They are used for packing or as drainage conduits in wound care management applications, such as nasal or sinus packing. The addition of Iodoform provides an odor-resisting packing strip that is ideal for draining wounds. Five yard lengths are packaged in unbreakable poly bottles with vapor barrier caps and easily identified tamper evident seal.

Iodoform

0158-270	1/4" x 5 yds, 1 dz/cs
0158-271	1/2" x 5 yds, 1 dz/cs

Aquaphor® Gauze Non-Adhering Dressing

AQUAPHOR® Gauze is an all purpose, non-adherent surgical dressing made of woven acetate substrate impregnated with AQUAPHOR® ointment. It is particularly suitable at sites where dressings need frequent changing. AQUAPHOR® Gauze lifts off easily without trauma and is air and exudate permeable.

5941-59092661	3" x 3", 50/pkg, 12 pkg/cs
5941-59092662	3" x 8", 25/pkg, 6 pkg/cs
5941-59092663	3" x 8", 50/pkg, 6 pkg/cs
5941-59092664	3" x 16", 25/pkg, 6 pkg/cs
5941-59092669	8" x 16", 25/pkg, 6 pkg/cs

Dukal Sterile Non-Adherent Pads (Telfa Type)

Absorbent dressing laminated with a porous, non-stick material that allows for exudates to be absorbed but reduces the risk of the dressing sticking to the wound. 1 per envelope, closed top dispenser box.

2040-123	2" x 3", 100/bx, 12 bx/cs
2040-134	3" x 4", 100/bx, 12 bx/cs
2040-138	3" x 8", 75/bx, 8 bx/cs

Dukal Sterile Transparent Semi-Permeable Dressings

2040-4045	1 1/2" x 2", 100/bx, 4 bx/cs
2040-4067	2 3/8" x 2 3/4", 100/bx, 4 bx/cs
2040-4112	4" x 4 3/4", 50/bx, 4 bx/cs
2040-4152	6" x 8", 10/bx, 8 bx/cs

Hydro Care® Hydrocolloid Bandages

- Compare to J&J Advanced Healing
- Multi-day protection
- Promotes the natural healing process
- Seals out dirt, water, and germs
- Provides additional cushioning

0327-99897	Regular, 10/bx, 24/cs
0327-99898	Large, 6/bx, 24/cs

Albahealth™ Petrolatum Gauze Dressings

Clings and conforms to all body contours without sticking to wound. Soothing non-adherent wound protection in an easy-peel open foil-lined pack. Unique inner wrap prevents sticking and pad distortion upon removal. Non-toxic, non-sensitive, non-irritating and guaranteed sterile. Packaged in convenient dispenser cartons.

0158-204	1/2" x 72", 50/bx, 4 bxs/cs
0158-205	1" x 36", 50/bx, 4 bxs/cs
0158-206	3" x 9", 50/bx, 4 bxs/cs
0158-207	3" x 18", 50/bx, 4 bxs/cs
0158-208	3" x 36", 50/bx, 4 bxs/cs
0158-209	6" x 36", 50/bx, 4 bxs/cs
0158-210	1" x 8", 50/bx, 4 bxs/cs

Albahealth™ Xeroform Petrolatum Gauze Dressings

In addition to the properties and features of the Albahealth™ Petrolatum Gauze, the Albahealth™ Xeroform dressings freshen as it protects with a special deodorizing agent—3% bismuth tribromophenate.

0158-212	1" x 8", 50/bx, 4 bxs/cs
0158-213	5" x 9", 50/bx, 4 bxs/cs

Albahealth™ Permeable Non-Adhering Dressings

The Albahealth™ Permeable Non-adhering Dressings are constructed of a permeable knitted fabric that allows wound drainage to flow freely into the absorbent dressing. This helps keep the wetness from the wound, minimizing maceration and helping promote healing. White petrolatum lines the dressing, providing a comfortable non-adherence to the wound—even during dressing changes. They are ideal for draining surgical wounds, open ulcers, abrasions, burns and other uses. The sterile STAY clear-film packaging offers a unique stay-flat feature when peeled open. Unlike other film packages, there is no undesirable curling action with STAY. Also available in 1/2" x 4 yard packing strip size, in bottles.

0158-220	3" x 3", 50 pks/bx, 6 bxs/cs
0158-221	3" x 8", 1/pk, 24 pks/bx, 6 bxs/cs
0158-222	3" x 8", 3/pk, 36 pks/bx, 6 bxs/cs
0158-223	3" x 16", 36 pks/bx, 6 bxs/cs
0158-225	1/2" x 4 yds, 12 bottles/cs

IMCO/Triad Sterile Lubricating Jelly

Lubricates orifices, preventing friction that can tear delicate tissue. Water soluble (for easy clean-up). Non-staining, non-greasy. Leaves no tacky residue.

Quality Disposables

from  TIDI PRODUCTS

Table Paper

Our Table Papers provide gentle patient comfort and durable protections for any size exam table. Choose from sturdy machine-glazed Smooth Paper, or select soft Crepe for a quieter, more absorbent choice.

Gowns & Capes

Provide patients with comfort, hygiene and modesty with our colorful exam gowns and capes. Gowns provide knee-length coverage with an attached waist tie that ties in front. Capes offer ample coverage with convenient access for exam procedures.

Wound Care

For reliable quality and value in gauze and cotton products, look to TIDI Products. Our products are processed to exacting standards.

Underpads

Our comfortable 3-layer construction offers instant absorption & permeability while the waterproof polyethylene backing protects bedding and furniture.

*Look to TIDI Products
for single use products that
are designed for
superior performance.*

TOTAL FOCUS ON ORTHOPEDIC SOFTGOODS

Quick-Fit® Wrist

Cool, soft felt/brush nylon construction with a single one-pull design fits on a wide range of wrist sizes. Dorsal stay within adjustable stay pod can be moved proximal or distal for desired controlled range-of-motion. Secondary dorsal stay may be removed to accommodate rehabilitation needs.

Contoured palmer stay may be adjusted for specific patient needs. Brace is designed to fit below palmer crease for full finger dexterity.

C-Breeze® Collar

Two-piece injection molded collar provides proper support and helps restrict cervical spine flexion, extension and rotation. The C-Breeze collar is constructed with high-density polyethylene for durability and comes with removable pads to wick away moisture while preventing skin irritation. Both universal sizes have multiple heights to fit most adults and pediatrics. Oversized trachea opening provides quick access. X-ray, CT and MRI lucent.

Universal Thumb-O-Prene™

Lightweight, low-profile wraparound design with removable thumb stay casing for comfort and custom fit. Neoprene construction provides warmth and compression without bulk. Malleable, aluminum stay is easily positioned to address pathology. Separate elastic strap included for additional adduction of the thumb as needed for patients with basal joint arthritis. Universal, fits right or left hand.

MaxTrax™ Air Walker

Designed to increase stability and help decrease pain and edema following trauma or post-operative procedures. Adjustable medial/lateral air cell system inflates both sides equally to accommodate changes in edema during rehab and maximize patient compliance. Cushioned inner/outer sole provide increased stability. Soft nylon/foam liner is constructed to ensure no seams are in critical post-surgical areas.

Surround® Patella Strap

Helps relieve anterior knee pain caused by patellar tendonitis, chondromalacia and Osgood Schlatter by applying pressure to the patella tendon. Soft, latex free nylon/foam laminate with contact closures. A unique cylindrical Floam™ bladder may be adjusted for added compression on patella tendon.

Ultra Care® PolyTex™ Latex Exam Gloves

Made from Allotex® Enzyme treated natural rubber latex. Unique gloves blend natural rubber Firstline made from Allotex Enzyme treated natural rubber latex with special powder-free inner surface. The latex exterior effectively shields user from bloodborne pathogens & microbiologically transmitted diseases. Powder free inner surface enables user to don the glove quickly & easily, even with wet hands. Rolled bead expedites donning & prevents exposure caused by roll down. Matte finish maximizes grip control. Non-sterile. 100/bx, 10 bx/cs.

Bed Linen Replacement Products

Linen replacement sheets are made from a premium nonwoven fabric for the comparable softness, strength and absorbency of conventional linen. An economical alternative to bed linens, especially when used in high-contamination situations or isolation procedures where infection control is a major concern. Disposable pillow cases come in a variety of materials, providing the optimum choice for all bedding needs:

- Spun-bond polypropylene is a hypoallergenic material that's soft, quiet and moisture-resistant.
- Our economical tissue/poly pillow case provides absorbency with a moisture barrier, and is available in white or blue.
- Moisture-proof polyethylene pillow protectors are also ideal for use under linen.

Bed Sheets

- 4397-13-1175 Canister Wall Bracket, 12/case

KleenAseptic® Germicidal Surface Cleanser

KleenAseptic® is an aerosol cleanser and disinfectant that dispenses as a foam. It is tuberculocidal, bactericidal and fungicidal. KleenAseptic® is

compatible with non-porous medical and dental equipment and environmental surfaces. Its foaming action allows for better penetration. Its non-toxic synergistic formulation has made KleenAseptic the first choice for disinfection in neonatal units since the 1960's. It is an excellent choice for practitioners who prefer an aerosol disinfectant/cleanser. Satisfies OSHA's Bloodborne Pathogen Standards
4397-13-1016 KleenAseptic®, 16 oz., 12/cs

Burnishine Germicidal Solution

Germicidal Solution kills dangerous germs. Neutral pH with broad spectrum kill. Effective against TB and HIV (AIDS). EPA registered. Wipe, spray or soak; disinfects in 10 minutes.
1080-S5N3 Germicidal Solution, Quart, 12/cs
1080-S5N Germicidal Solution, Gallon, 4/cs

MetriMist® Natural Aromatic Deodorizer

MetriMist® eliminates offensive odors by cleaning the air, not masking the smell. MetriMist® may be sprayed directly in the air, on a surface, or added to laundry water to eliminate odors. It is also effective on irritating odors such as hydrogen sulfide, ammonia, and any other chemical compounds. MetriMist® is biodegradable, non-toxic and non-flammable.

4397-10-1151 MetriMist®, 1 ounce spray, 100 btl/cs
4397-10-1158 MetriMist®, 8 ounce spray, 12 btl/cs

MetriGuard® General Purpose Cleaner and Disinfectant

MetriGuard® is a ready-to-use and multi-purpose tuberculocidal broad spectrum solution. It is safe and compatible for use on the surfaces of non-critical inanimate objects. MetriGuard® was specially designed as a high-quality housekeeping product. Non-toxic.

4397-10-7506 MetriGuard, 32 ounce spray, 12/cs

Ozium® Metered Air Sanitizers

The active ingredients in Ozium® actually cleanse the air and effectively eliminate bacterial and viral pathogens with glycolized action. Lighter-than-air particles are dispersed into the air where they linger for up to 4 hours, encapsulating airborne bacteria and odors. Ozium® effectively sanitizes, deodorizes, and leaves a fresh fragrance in the air. Ozium 3000 metered air sanitizers are for use in the Waterbury TimeMist® Classic and TimeMist® Plus dispensers. Fight airborne bacteria 24/7 for a full 30 days with each can of Ozium® 3000. Available in original, vanilla, fresh citrus, and country fresh.

6930-53-031CWD Ozium® 3000 Original, 12/cs
 6930-53-131CWD Ozium® 3000 Vanilla, 12/cs

TimeMist® Classic Dispenser

Simply reliable. The TimeMist® Classic is a simple and reliable automatic metered dispenser. It provides maximum odor control at a minimum cost. For use with all Ozium 3000 metered refills.

Features:

- Basic on/off control
- 15 minute spray setting
- 30 day refill life
- 5 year guarantee

6930-32-1141TM TimeMist® Classic Dispenser, 12/cs

TimeMist® Plus Dispenser

Sophistication and intelligence in a programmable dispenser. The TimeMist® Plus utilizes cutting-edge electronics to offer simple and complete programmability. It allows you to control fragrance intensity using spray settings (LT, MED, HVY) that fit your odor control needs. Saves time, reduces labor and lower costs. Works with all TimeMist® metered fragrances and Ozium® metered 3000 refills.

Programming Features:

- Time of day
- Start/stop times
- Light, Med. Or Heavy spray settings

Other Features:

- LED service reminder
- Audio service reminders
- LED battery replacement reminder
- 5 year warranty

Delta-Net® Orthopaedic Synthetic Stockinette

Delta-Net® Orthopaedic Stockinette is an acrylic fabric which keeps the skin cool and dry, enhancing patient comfort. Delta-Net stretches to more than twice its width to conform comfortably to the most complex anatomy. Suitable for use with synthetic and plaster casting material.

5896-6862	2" x 25yds, 2 rolls/case
5896-6863	3" x 25yds, 2 rolls/case
5896-6864	4" x 25yds, 2 rolls/case
5896-6866	6" x 25yds, 1 roll/case
5896-6868	8" x 25yds, 1 roll/case

Delta Terry-Net® Cotton Stockinette

Delta Terry-Net® Cotton Stockinette is constructed of high grade cotton for moisture absorbency and high pile for additional comfort. It stretches to five times its normal width to conform to complex anatomies and is contained in an easy-to-use dispensing box for easy storage and handling.

5896-53012	2" x 15', 2 rolls/case
5896-53013	3" x 15', 2 rolls/case

Hartmann-Conco Orthopedic Felt Pad

Used as cast padding, protection under orthopedic braces, and as foot/arch pads.

1587-72180000	36" L x 21" W x 1/8" Thick
1587-72140000	36" L x 21" W x 1/4" Thick
1587-72120000	36" L x 21" W x 1/2" Thick

Specialist® Cotton Blend Cast Padding

Designed to provide excellent undercast protection, Specialist® Cast Padding utilizes a unique micropleated design which results in excellent conformability, protection and ease of application. The unique cotton and rayon blend has excellent absorbing characteristics which creates patient comfort.

5896-9062	2" x 4yds., 12 doz/case
5896-9043	3" x 4yds., 6 doz/case

*Contains four large pairs of casting gloves.

Dynacast® PII Advanced Fiberglass-Free Cast Tape

Dynacast® PII is a technologically

advanced cast tape constructed with a unique blend of polyester,

polypropylene and elastane yarns. The versatility of this tape allows the clinician to decide the best rigidity needed to treat the patient. Used when durability, comfort and radiolucency are critical.

5896-4003	3" x 4 yds., Camouflage, 10 rolls/box

M-PACT® OCL® Fiberglass Casting Tape

- Exceptional conformability; special knit gives the user the ability to apply the tape around curvatures without folds and tucks.
- Trouble-free application; tape is easy to unroll and control during application, allowing the user to concentrate on proper fit and/or appearance without concern for a tight cast or mold.
- Saves you time and eliminates frustrations; pouch with finger holes allows for easy opening especially when another roll is needed.
- Quick set time and low-tack resin allow for easy molding without the need for special gloves.
- Excellent lamination and end lay down provides a smooth outer surface finish that enhances the cast appearance and prevents the cast from snagging clothes.

M-PACT® OCL® Flexible Casting Tape

- Remains semi-rigid and resilient, even in its cured state.
- Provides semi-rigid support of the limb, while allowing some degree of joint movement.
- Outstanding molding capability with a softer feel than conventional fiberglass tapes.
- Reverts to its cured shape after deformation.
- Easily conforms to difficult anatomical contours without folds or tucks, and enables easy application.
- Finished product maintains its shape and can be removed with scissors or a blade.
- Has soft, smooth edges for enhanced patient comfort.

Gypsona® HP Plaster of Paris Bandages and Splints

The traditional rich and creamy texture of Gypsona® HP allows intimate molding and creates a smooth, appealing finished cast. Unique interlocking leno weave greatly enhances stability, allowing more plaster to stay on the gauze. The result is a premium plaster of paris.

M-PACT® CL PolyPROSPLINT™ Synthetic Splinting System

- Eight layer, polyester knit substrate molds easily and is fiberglass free.
- Lightweight and strong; possesses the strength of fiberglass without sharp edges.
- Non-fiberglass substrate saves you time and reduces operating costs by eliminating the need to cover the ends of the splint with additional padding.
- Felt outer padding wicks moisture away from patient's skin and eliminates any need for pre-padding and the blue side clearly indicates which side to wet.
- Easy to cut, easy to prepare; saves you time.
- Continuous foil protective pouch; keeps PolyPROSPLINT™ fresh.

Ortho-Glass Splinting System

M-PACT® Plaster Bandage and Splints

- Designed for rapid wetting; saves you time by reducing preparation time.
- Excellent lamination with consistent quality to assure a uniform set-time plus strength you can count on.
- The bright, white plaster has a creamy texture for a smooth finish.
- The use of natural materials makes M-PACT® Plaster Bandages environmentally friendly.
- M-PACT® Plaster splints offer the same quality and performance as our Plaster Bandages and they come in pre-cut lengths for easy use.
- M-PACT® Elastic Plaster Bandage's elastic gauze gives exceptional conformability for those complex anatomies or difficult casting procedures.

M-PACT® TurboCare® Cast Dust Vacuum

M-Pact® redesigned and redefined dust removal systems. The TurboCare® Cast Dust Vacuum has quiet operation, boosted power, unique lift-out disposable waste canister.

4138-TCCVS1 TurboCare® Dust Vacuum

M-PACT® Plaster, Synthetic and Multipurpose Cast Cutter Blades

Plaster blade is made from hardened stainless steel. Synthetic blade undergoes specialized hardening treatment and utilizes a Teflon coating to prolong life and reduce heat/friction.

Multipurpose blade undergoes specialized hardening treatment and utilizes dicronite coating to prolong life and reduce heat/friction. All blades come with a "universal hub" to fit virtually all pin or hex drive cast cutters. Made in USA.

- 4138-4183-110 2" Plaster Blade
- 4138-4183-112 2-1/2" Plaster Blade
- 4138-4183-114 2" Synthetic Blade
- 4138-4183-116 2-1/2" Synthetic Blade
- 4138-0295-225 2" Multipurpose Blade
- 4138-0295-226 2-1/2" Multipurpose Blade

M-PACT® TurboCare® Cast Saw

Advanced electrical and mechanical engineering techniques cut noise to a fraction. New motor design combines high power and low vibration. Added Turbo switch to boost power. Repositioned motor to quench vibration and improve balance. The unique design enhances the saw's balance and ergonomics for more user comfort.

4138-TCCSS1 TurboCare® Cast Saw

M-PACT® Office Model Cast Spreader

Made from hardened, polished stainless steel to resist corrosion and abrasive handling. Designed with spring-loaded handle and integral blade depth stop feature for one hand operation. 9" long. Weighs one pound. Made in USA.

4138-4183-125 M-Pact® Office Model Cast Spreader

Models 125 & 126

M-PACT® Hospital Model Cast Spreader

Made from hardened, polished stainless steel to resist corrosion and abrasive handling. Superior leverage and control for two-handed operation. 18" long. Weighs 2.375 Lbs. Made in USA.

4138-4183-126 M-Pact® Hospital Model Cast Spreader

M-PACT® American Orthopaedic™ Cast Cutter

- Specially designed for rugged use - the perfect tool with power and endurance.
- Balance of weight and power helps reduce user fatigue.
- Internally lubricated for longer service.
- Switch is designed and placed so that it will not break if dropped.
- Hex drive provides six (6) blade rotations extending blade life by 50% compared to similar competitive models.
- One year limited warranty.

4138-0295-200 American Orthopaedic™ Cast Cutter

M-PACT® American Orthopaedic™ Portable Vacuum

- Unique filtration system collects cast dust in a disposable filter cartridge.
- Cartridge replacement is quick, easy and clean with no more messy bags.
- Convenient storage for accessories within the self contained unit.
- Lightweight construction provides easy mobility.
- Versatile - attaches easily to most cast cutters.

4138-0295-300 AO Ortho Portable Vacuum

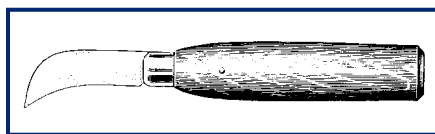

M-PACT® American Orthopaedic™ Vacuum

This lightweight and mobile vacuum facilitates easy movement from room to room or patient to patient. The unique lift-out disposable filter cartridge keeps the system running at peak efficiency and makes waste disposal quicker, easier, safer and cleaner eliminating messy bags. The ten foot hose increases maneuverability. A remote on/off switch allows the saw and vacuum to be turned

on simultaneously.

4138-4183-157 Roll-Paper

M-PACT® Cast Thumb Ring

- Provides a protective interface between the edges of a cast and the skin around the orbit of the thumb.
- Eliminates skin abrasion and irritation around the thumb orbit.
- Simple to use.
- Facilitates cast application.
- Cost effective; saves time by eliminating patient comebacks.
- Makes a cleaner and neater cast.
- Eliminates having to trim around thumb.
- Use with synthetic or plaster casting material.
- Latex free.

M-PACT® Walking Heels

Made from a specialized synthetic rubber for resiliency and long wear. Child and adult heels provide good patient stability by allowing regular heel-toe walking. Cushion tread heel has deep tread design for comfort and stability. Pedestal walking heel is designed for active patients, and has curved surface and tread for comfort and safety. Packed 12 per box.

- 4138-130 Adult Walking Heel
- 4138-132 Child Walking Heel
- 4138-133 Pedestal Walking Heel
- 4138-135 Cushion Tread Walking Heel

M-PACT® BathGuard™

- Patented design allows patient to confidently shower while maintaining the waterproof integrity of a cast or splint.
- Velcro® system adjusts bag if needed to obtain better fit.
- Simple, user-friendly design allows one-handed use.
- Durable and reusable non-stick vinyl is big enough to accommodate taller adults.
- Washable and tolerable of disinfectant.

- 4138-SG-LE BathGuard™ Lower Extremity
- 4138-SG-UE BathGuard™ Upper Extremity

M-PACT® Cast Gard

- Heavy yellow surgical-grade protector designed for maximum protections against water damage while showering or soaking in the tub.
- Slips on like a sock and seals itself snugly at the top while providing lot of room and comfort around the cast.
- Keeps moisture completely out and can be used over and over again.

IMCO Elastic Support Bandage

The IMCO elastic bandage is a lightweight elastic support bandage for general use. High quality yarns are woven to provide balanced stretch and compression. The bandage can be laundered, sterilized and reused. It is available in both the 5 yard (brown label) and 4.5 yard (blue label) stretched length. Each bandage is individually packaged in a snap-open clear plastic wrap with clips enclosed. All bandages are packaged 10/bx, 50/cs.

Medi-Rip® Self-Adherent Bandage

Medi-Rip® is a self-adherent elastic support and compression bandage. Woven of 99% cotton yarn, it is porous, lightweight and cool. The cohesive treatment creates a bandage that sticks to itself but not to the patient's skin or hair—no adhesive residue. Available in sterile and non-sterile, it can be torn easily to exact length needed—no scissors required. Medi-Rip® conforms readily to body contours for ease of application and maximum patient comfort. It doesn't slip or bind. Stretched length 5 yards.

dj Ortho/ProCare Universal Ankle Brace

Ideal for acute and chronic ankle instabilities, as well as, prophylactic use. Rigid thermoplastic one-piece outer shell helps prevent inversion/eversion. Cushioned liner incorporates neoprene forefoot closure. Elastic proximal strap provides additional compression as needed. Universal design fits right or left. Patent #5,501,659

	Height	Size
5247-79-81330	10"	U

dj Ortho/ProCare Surround® Ankle w/FLOAM

Provides stability to the ankle by minimizing ankle rotation. Comprised of two polypropylene outer shells connected with soft, adjustable footpiece. A unique FLOAM bladder provides uniform compression and a customized fit. FLOAM has no memory, and therefore prohibits pressure from being displaced to bony prominences. Fits right or left foot.

5247-79-81193	Surround 1, 6" Height, Pediatric
5247-79-81195	Surround 2, 9" Height, Athletic
5247-79-81197	Surround 3, 10" Height, Regular

dj Ortho/ProCare Surround® Air Ankle

Injection molded shells help minimize ankle rotation and inversion/eversion without restricting plantar or dorsi-flexion. Two full-length pre-inflated air chambers lined with soft foam help reduce swelling and enhance circulation. A soft, plush liner covers exterior of bladders to help maximize patient comfort and prevent skin irritation. Air valve at proximal end of bladder allows for simple adjustment of air when desired by using filling tube. Soft foam heel pad provides easy adjustment for proper fit. Ideal for acute ankle sprains and strains, chronic instabilities, and prophylactic use.

dj Ortho/ProCare Surround® Patella Strap

Helps relieve anterior knee pain caused by patellar tendonitis, chondromalacia and Osgood Schlatter by applying pressure to the patella tendon. The primary body of the strap is a soft, latex free nylon/foam laminate with contact closures. A unique cylindrical Floam™ bladder is encased inside the body of the primary patella strap and may be adjusted for added compression. Foam is a unique material that provides uniform compression and a customized fit while prohibiting pressure from being displaced to bony prominences. Patent pending.

dj Ortho/ProCare C-Breeze® Collar

Two-piece injection molded collar provides proper support and helps restrict cervical spine flexion, extension and rotation to promote patient recovery. The C-Breeze collar is constructed with high-density polyethylene for durability and comes with removable pads to wick away moisture ensuring the patient is clean and comfortable while preventing skin irritation. Both universal sizes have multiple heights to fit most adults and pediatrics. Oversized trachea opening provides quick access to carotid pulse monitoring and emergency tracheotomies. Open rear panel increases ventilation to reduce heat and moisture while allowing cervical spine palpation. An elastic retaining strap allows for easy collar application. X-ray, CT and MRI lucent. Latex free.

dj Ortho/ProCare Patriot® Collar

One-piece injection molded collar provides proper support and helps restrict cervical spine flexion, extension and rotation to promote patient recovery

following trauma. The Patriot collar is constructed with high-density polyethylene for durability and is lined with a soft closed-cell foam for maximum patient comfort. Both universal sizes have multiple heights to fit most adults and pediatrics. Oversized trachea opening provides quick access to carotid pulse monitoring and emergency tracheotomies. Open rear ventilation panel allows for fluid drainage, airflow and cervical spine palpation. The Patriot Collar stacks flat to preserve space and is X-Ray, CT and MRI lucent. Latex free.

 2040-7305 Burn Sheet, SMS Blue, 12/cs
 2040-721 Silver Survival Wrap, Heat Reflective, 250/cs

Graham Emergency Blankets

Graham disposable emergency blankets are as durable, as versatile, and as responsive as the emergency professionals that use them. The yellow Visiblanket™ is constructed with a highly visible material that is a barrier on one side and super-absorbent on the other. The Comfort1™ blanket is 100% polyester and so warm and soft that you users find it difficult to believe it is a disposable blanket. The EMS Space Blanket is constructed of Mylar and is an excellent insulator for when body heat retention is critical.

2863-53382 50" x 84", Visiblanket™, Poly-backed Airlaid, Bright Yellow, 25/cs
 2863-52038 50" x 84", Comfort1™, 100% Polyester, Disposable, White, 10/cs
 2863-53377 52" x 84", EMS Space Blanket, Mylar, 50/cs

Graham MegaMover™ Transport Sheets

These innovative patient rescue and transport units go where stretchers cannot go. They can

also be used to transfer patients from a stretcher to a bed. Fluid-resistant nonwoven latex-free construction has straps rated to hold up to 1,500 pounds. 6 handles on each side. Available in two colors. MegaMover™ Plus comes with pockets to cover feet and to fit backboard. Both items are machine washable.

2863-51926 MegaMover™ 1500, 40" x 80", White, 10/cs
 2863-53376 MegaMover™ Plus, 40" x 80", Backboard pockets, Gray/White, 10/cs

Graham Stretcher Sheets

Maximum absorbency and protection for both patient and stretcher. Available in several sizes, materials, and colors.

TIDI Stretcher Sheets

Poly-backed Stretcher

Sheets combine the absorbency of soft tissue

with the strike-through protection of polyethylene—the most economical and effective product to guard against cross contamination. Available in a variety of sizes for use with exam tables or stretchers. Airlaid/Poly Sheets feature the strike-through protection of poly combined with the super absorbency of a cellulose tissue capable of holding many times its weight in moisture. This sheet will outperform all others in absorbency, liquid containment, strength and patient comfort. Fitted Stretcher Sheets have a sewn cuff which fits over the end of the mattress to assure proper position of the sheet during use. Made of soft, strong, moisture-resistant nonwoven material. Available in two sizes to fit most mattresses.

Treatment/Exam Sheets

- 0811-980923 Deluxe Tissue/Poly, 24" x 40", Blue, 200/cs

My EMR Solution Means More Patients, Less Paperwork.

StreamlineMD is a complete solution that brings a unique combination of accountability, simplicity, and affordability to even the busiest practice.

- ■ ■ Software consistently ranked by independent analysts as among the best EMR solutions.
- ■ ■ Training, implementation and ongoing support provided by responsive, local professionals.
- ■ ■ An off-site technology solution that gets the hardware – and its accompanying costs and headaches – out of your office.

For information, contact your local IMCO distributor representative or visit www.propractica.com.

StreamlineMD

IMCO Digital Thermometer

Sixty second readings are just one of the many features of the IMCO digital thermometer. A special power saving feature shuts the thermometer off after a pre-set amount of time. The IMCO Hospi-Therm Kit II Thermometer is a personal thermometer with five probe covers. Ideal for patient admission kits and even hospital advertising. Includes our Fahrenheit digit thermometer with beeper, five probe covers, and instructions.

4050-72-715-000 IMCO Hospi-Therm Kit II Thermometer

- 6920-21524 14" x 17", dupe. area 23-1/4"L x 16"W x 9"H

Trimline Series Illuminators

Wolf's Trimline is the perfect viewbox for any office or Hospital. Trimlines come in your choice of lighting intensities. You can choose from 2, 3, 4 or even 6 bulbs per viewing section, (14 x17). All come with film activated auto switches and roller grip film retainers. Trimline's are only 3-1/4"

deep; perfect for either surface or recess installation (recess kits sold separately). Any Trimline style can be ordered in multiple configurations (call for information). Cluster switching standard on multiple bank models higher than 2 over 2. All Trimlines are UL and CSA approved. Single bank 14 x 17".

- 6920-29001 Trimline Plus Hi-Lo (6 bulbs per section)
 - 6920-29401 Trimline Plus (4 bulbs per section)
 - 6920-23401 Trimline 3 bulb (3 bulbs per section)
 - 6920-21401 Trimline Regular (2 bulbs per section)
- For 2 panel units replace the last number (1) with a 2 on any models listed above.

Econoline Series Illuminators

The most economical illuminator available, The Wolf Econoline features two 15 watt fluorescent lamps and instant-on ballast to assure flicker free operation, and uniform light intensity. The Econoline's 3 inch depth makes it easy to wall mount. The Econoline comes with a baked on white finish, a magic grip film retainer and an 8' line cord with a 3 prong plug.

- 6920-29601 Single, 14"L x 17"H, Unit 14-1/8"L x 18-1/8"H
- 6920-29602 2 in 1, 28"L x 17"H, Unit 28-1/4"L x 18-1/8"H
- 6920-29603 3 in 1, 42"L x 17"H, Unit 42-3/8"L x 18-1/8"H
- 6920-29604 4 in 1, 56"L x 17"H, Unit 56-1/2"L x 18-1/8"H

Wolf Liberator Illuminator

The new Liberator series is the most unique viewbox ever made! The grip assembly is attached to the plexiglass for perfect film grip tension, and the entire panel is held in place magnetically for quick and easy access! You can order your Liberator in 4 or 6 bulbs per viewing section, (14 x 17). Comes with film activated auto switches and roller grip film retainers standard.

Liberator's are only 3-1/4" deep; perfect for either surface or recess installation (recess kits sold separately). Either Liberator style can be ordered in multiple configurations (call for additional information). Cluster switching standard on multiple bank models higher than 2 over 2. Liberators are UL & CSA approved. Single bank 14 x 17".

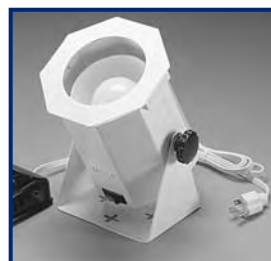

- 6920-22901 Liberator Hi-Lo (6 bulbs per section)
 - 6920-22801 Liberator (4 bulbs per section)
- For 2 panel units replace the last number (1) with a 2 on any models listed above.

Wolf Trimline Spinal Illuminators

Wolf's Super Illuminator features a full 14" x 36" or 14" x 51" plexiglass viewing area, 3 bulb (30 watts each) illumination, roller grip film retainer, an 8' line cord with 3 prong plug and rocker switch. Wolf's E-"Z" Bar® is provided for easy wall mounting. Manufactured from welded steel, the 36 is finished in white baked enamel, surface or recess mounting.

- 6920-29280 Single 14"L x 36"H, Unit 14"L x 42" H
- 6920-29281 2 in 1 28"L x 36"H, Unit 28"L x 42" H
- 6920-29282 Single 14"L x 51"H, Unit 14"L x 55-5/8" H

Wolf Intensi-Spot

Wolf's Intensi-Spot provides a concentrated light source via a 75-watt incandescent lamp. Features include a body that tilts to any angle, a baked enamel finish, a 6' cord with

a 3 prong plug and a foot operated light control. The Intensi-Spot can be desk mounted or wall hung.

- 6920-21275 9"H x 6"D

Thickness Caliper

This aluminum caliper is calibrated in inches and centimeters, the perfect instrument for measuring areas to be x-rayed. Specifications: 17-1/4"L x 1"W x 10-1/8"D.

- 6920-18106 Thickness Caliper

Relief Pak™ Moist Heat Steam Packs

Simple to use; place pack in heating unit or in a pan of hot water for home treatment. Remove and wrap with a terry cover or regular towel, and apply to treatment area! Store packs in a plastic bag, place in your freezer.

Chester LiquaSonic Ultrasound Gel

LiquaSonic Ultrasound Transmission Gel has a thicker, no-slip formula that remains viscous even when applied to salty skin. Salt free, formaldehyde-free formula eliminates the air between the transducer and skin, offering exceptional coupling efficiency for more effective treatment/diagnosis.

LiquaSonic Gel has been formulated to be acoustically correct for the broad range of frequencies used in medical ultrasound applications. Formula is water soluble and non-greasy preventing damage to expensive transducers and clothing.

- | | |
|-------------|--|
| 1365-001205 | 8 fl. oz. Dispensing Cap, 12/cs |
| 1365-001222 | 5-Liter Collapsible Container, also includes 8 oz. Dispensing Bottle and Cap, 4/cs |

Chester LiquaSonic Ultrasound Lotion

Similar in use to the ultrasound gel, the lotion is often preferred by medical professionals. The aqueous formulation is pleasing to the patient and is acoustically correct for the large spectrum of frequencies used in medical ultrasound applications. The lotion is hypoallergenic, bacteriostatic, salt-free, formaldehyde-free and will not harm clothing, equipment or skin.

- | | |
|-------------|---------------------------------|
| 1365-001268 | 8 fl. oz. Dispensing Cap, 12/cs |
| 1365-001267 | 128 fl. oz., 4/cs |

Aquasonic® 100 Ultrasound Gel

Aquasonic® 100 is the most widely used gel for diagnostic and therapeutic medical ultrasound. Recommended for all procedures where a viscous gel is required. Hypoallergenic, bacteriostatic and non-sensitizing. Will not stain clothing, damage transducers or irritate skin.

- | | |
|------------|---|
| 4926-01-02 | 60g Doppler® size tube, 12/bx |
| 4926-01-08 | 0.25 liter dispenser, 12/bx |

Adjustable Fancy Canes

Aluminum Adjustable Canes with Derby-Top Handles. Attractive designer patterns and colors offer style and flair to an otherwise institutional look for both men and women. An assortment of colors are available in contoured wood derby-top styled handles or soft sponge offset-style grips with cane strap. All Duro-Med Adjustable Fancy Canes

are constructed of strong 7/8" to 3/4" aluminum shafts and are adjustable from 29" to 38-1/2" in the offset-style. The derby-top handle canes are adjustable from 31" to 40" in 1" increments, with a "positive locking ring" and slip-resistant rubber tip for safety and security. Safely supports up to 250 lbs. weight capacity.

- | | |

Invacare® IVC™ Tracer® EX2 Wheelchair

The Invacare® IVC™ Tracer® EX2 wheelchair sets the new standard in manual wheelchairs. A true dual axle position allows for repositioning the 24" rear wheels and 8" casters for adult and hemi seat-to-floor heights.

- Durable, low maintenance, triple chrome-plated, carbon steel frame is long lasting
- Dual axle positions allow variation of seat-to-floor heights
- 14-gauge crossbraces add strength and durability
- Offset permanent arms available in 16", 18" and 20" widths
- Flame-retardant upholstery resists mildew and bacteria as well as cold-crack and UV damage
- Upholstery is dual-embossed
- Weight capacity: 250 lb.

3401-Trex Invacare® IVC™ Tracer® EX2 wheelchair
 Various models available to meet particular needs. Please consult with your sales representative.

Guardian® Easy Care™ 2000 Wheelchair

The Easy Care™ 2000 is a good choice for a quality wheelchair with options that offer the flexibility to accommodate a variety of users. Its dual axle allows the seat to be easily lowered to hemi height. Standard features include: chrome-plated, carbon steel frame; removable padded desk arms; composite mag wheels with molded contours to enhance strength and durability; full size chart pocket on backrest and front rigging mounts compatible with the industry's standard. Available with swingaway footrests or elevating legrests.
