## Perfect iDevice & Tablet Accessories

### Bluetooth 2.0 Qwerty Keyboards for faster, more comfortable typing

- Stop using the virtual keyboards and type as fast as you normally do - no more hunting and pecking on your iPad, iPhone or most other tablets
- With both a mini and full size keyboard, pick the size that fits your need best
- Fast and easy installation, use the keyboard within seconds
- Soft clicks confirm each stroke, but quiet for meetings or public places
- Additional function keys allow quick and easy control over music and volume

### USR5500

**Comfortable,  
full size keys**

### USR5502

**Slim design -  
smaller than  
the iPhone!**

### Adjustable stands for easy viewing and typing on most tablets and smartphones

- Perfect for home - watching videos, reading ebooks, using as a monitor
- One piece designs, compact yet sturdy stands
- Adjustable, folding designs ideal for travel or stashing away (5510/5511)
- Works in both landscape and portrait modes for tablets (5510/5511)
- Great for laptops, the open design keeps the device cool (5510)

### USR5511
