

A woman with dark hair, wearing a white lab coat and clear safety goggles, is looking upwards and to the right. Her right hand is raised, palm facing forward, as if interacting with a futuristic, semi-transparent digital interface. The interface features various data points, including three circular icons with the numbers 7, 5, and 7, and a list of categories on the right side. The background is a light blue, futuristic environment with soft, glowing light effects.
