

Thank You!

Thank You! We sincerely appreciate your business and will do anything within reason to keep you happy. If you are unhappy with our service, products or whatever, call (931) 553-8651 and ask for the manager or write us a letter giving your name, address, phone number and the nature of your complaint. We really try to give service along with fair prices. We are in our 43rd great year of serving shooters and the Shooting Industry.

Pricing & Typographical Errors

PRICES & TYPOGRAPHICAL ERRORS: Prices in this catalog are EFFECTIVE February 1st, 2012 and are SUBJECT TO CHANGE WITHOUT NOTICE. We are human, and due to the sheer volume of items that we carry, errors do occur. We cannot be held responsible for typographical errors or price misprints contained in this catalog. We apologize in advance. Please ask for or check our website for current prices.

COMPONENT & AMMUNITION UPDATES: While availability does seem to have stabilized somewhat, indications are that pricing could be an issue this year. As the new administration has settled in, demand for shooting related products has more than doubled and the rumors of more legislation are circling. We do not know how this will affect laws and supply. The prices shown in this catalog are current as of February 2012. We apologize for any increases or price discrepancies in advance.

Honest Shipping & Fast Service!

SHIPPING OUT ORDERS: 99% of all in-stock orders are shipped usually within 24 business hours of receipt.

MIDSOUTH'S HONEST SHIPPING: We charge only what it costs to get a package from Clarksville, Tennessee to your door step. We do not use shipping as a profit center. We obviously want to keep your shipping charges as low as possible to keep you happy with our service.

Tennessee Residents

SALES TAX: Tennessee Sales Tax of 9.5% is added to orders from Tennessee only, unless you have a tax certificate on file with us. Sales tax is not added to out of state orders. If you are an FFL holder and want to pick up an order (from any state), we must have a copy of your FFL, and state tax number on file. If you don't have this information on file with us, either send one or bring one with you. Call us for more information.

TWRA TAX: TN residents and Pick-Up Customers pay a .10 TWRA Tax per box of ammunition purchased.

Order Toll Free - 1-800-272-3000

Our telephone hours are 8:00 A.M. to 6:00 P.M. (Central Time), Mon - Fri. If you have trouble reaching us call our local number, 931-553-8651. Or shop On-Line 24 hours a day at www.midsouthshooters.com

Ordering Information

***All phone conversations may be monitored and or recorded to continually improve our service to you!**

TOLL FREE PHONES: Call 1-800-272-3000 to place an order. Our telephone hours are 8:00 A.M. to 6:00 P.M. (Central Time), Monday thru Friday. If you have trouble reaching us please call our local number, 931-553-8651. Our salespeople are prepared to take your orders by order (part) number and description only. For any assistance on orders, technical information or questions about past shipments, please call our business office at 1-931-553-8651. Please have order numbers ready to give to our operators before you call, this will save time and money!

MINIMUM ORDERS: The minimum amount we can process an order for is \$40.00. Any order less than \$40.00 will be assessed a \$5.00 service charge - no exceptions. Due to our low prices, we cannot process an order for less.

FFL DEALER QUALIFICATIONS: Current valid FFL with original signature, copy of sales tax certificate or business lic. and business address and hours. The FFL must be for engaging in the business of dealing firearms. (ie. FFL discount does not include Curio and Collectors) To maintain this discount, total of purchases must be a minimum of \$1,000.00 per year. FFL Can be faxed to 931-503-8037.

NON-FFL DEALERS: Information must be on letterhead, picture of store front with store name, list of store hours, complete address and phone/fax numbers, copy of business license, 3 business references, and a copy of your sales tax certificate. For further information on dealer sales call 931-553-8651 and ask for dealer accounts. (all other criteria for purchase of hazardous materials apply.) To maintain this discount, purchases must be a minimum of \$1,000.00 per year.

SPECIAL ORDERS: All special orders must be for an item that is over \$100.00. Special orders can take 4-6 weeks if available from the manufacturer. Once a special order is ordered it is done. No returns! No cancellations! No exchanges! Any problems with the item after delivery must be directed to the manufacturer.

CANADA & OVERSEAS ORDERS: LOOK AT OUR WEBSITE UNDER INTERNATIONAL ORDERS FOR MORE DETAILS. We will gladly accept orders from any country in the free world. The following items are regulated: bullets, brass and firearm components. Regulated items will be shipped by parcel post only. For all other goods we do offer Fed-Ex, or parcel post. We can not ship any liquids or sprays out of the U.S. **Fed-Ex shipping customers!** In order to expedite your package Fed-Ex may not charge you Tax, Customs and Duty fees at the time of delivery. You will see an additional charge to your credit card when we receive notification that duties and taxes were not paid on your shipment. (Fed-Ex sends customs documentation to us when these are not paid.) **WE MUST HAVE A SIGNED ORDER FORM (FAXED OR MAILED) IF YOU ARE USING A CREDIT CARD!**

Shipping Information

MIDSOUTH'S HONEST SHIPPING: We charge only what it costs to get a package from us to you. We do not use shipping as a profit center. We obviously want to keep your shipping charges as low as possible to keep you happy with our service.

HAZARDOUS MATERIALS CHARGE: Hazardous Material Transportation Charge will be \$25.00 per package (\$35.00 if Air service). If you order 5,000 primers or 20,000 primers, there is a \$25.00 charge. This charge is not per order, but per box leaving our shipping dock with a Hazardous Materials Label. Each case of powder is a \$25.00 charge. Powder and primers may be shipped together in any ground shipment for one hazardous charge provided the total weight of the order (including packaging) remains below 60lbs. We will always try to ship your boxes as economically as possible. **MSDS:** Sheets available for hazardous materials upon request.

COD FEES, SERVICE FEES & FREIGHT CHARGES: The UPS COD fee is now \$11.00 per box. Remember, this is not per order, but per box leaving our dock. If we must use 2 boxes, there will be 2 COD fees applied. If you place an order that requires several boxes for COD shipment, there will be a COD fee on each box. Freight is added to all boxes in addition to the COD fee. Freight Charges are based directly on carrier freight charts for your zone of shipment. See Payment and Refunds for COD Payment Requirements.

OVERSIZED BOXES: We try to ship all orders in as few packages as carriers will allow, but many of the large rifle and shotgun plastic carrying cases we sell are oversized for shipment. They cannot be mailed through the Post Office. Some of the cases weigh only 7 to 8 pounds but the 30 or 70 pound charge appears on your invoice. **HOW TO EFFICIENTLY USE THIS:** If you order other items we can safely put them inside the case and get up to 30 pounds or more, we then simply invoice the weight charge for the box. The extra parts must fit into the case (bullets, ammo, holsters, die sets and other small items work good for this).

Returns

RETURNS: Returns of non-defective, unused products must be in 30 days or authorized by Midsouth. No returns on powder, primers, percussion caps, ammo, software or liquids. There will be a up to a 20% restocking charge on all returned merchandise, except where we have shipped the wrong item. Sorry, no credit on returns until our return department or the factory determines the product is defective or packaging is not damaged for resale. All returns must have a return authorization. This is important! Software problems must deal directly with the factory. No returns on Special Orders. Returns on products manufactured by Savage, Nikon, Leupold, Burris, Streamlight, Barnett, Traditions & RWS must deal directly with the factory as well. Refunds on products over 30 days past purchase date will be issued in Midsouth Gift Certificate Only! Phone calls may be monitored for quality assurance.

Payment & Refunds

Sorry! We do not accept personal or business checks and we do not offer open accounts!

CREDIT CARDS: WE ACCEPT VISA, MASTERCARD, AMERICAN EXPRESS & DISCOVER ON THE PHONE, WEB, FAX & MAIL ORDERS. We must have your home mailing address for credit card verification. Just give us your name, address, phone number (home and/or work), card number and card expiration date. All cards are cleared through a Master Clearing Center.

MONEY ORDERS / CASHIER CHECKS: We do accept Money Orders and Cashiers Checks in US Funds only.

COD ORDERS & FREIGHT: All COD orders are shipped cashier check or money order only - through UPS Ground Service only (Sorry, no 2nd or Next Day service unless to Hawaii or Alaska). If this is not acceptable, please do not order COD.

REFUNDS: Credit / Debit Cards: Depending on your credit card agreement, refunds can take from 24 to 48 hours to show up on your account. **Money Orders and Cashiers Checks:** If any refund is due from prepaid orders it will be mailed to you. Please allow 10 (ten) days after shipping date to receive refund.

RETURNS AFTER 30 DAYS: Refunds on products over 30 days past purchase date will be issued in Midsouth Gift Certificate Only!

Restrictions

By ordering from Midsouth YOU assume all responsibility for your local laws and compliance of them!

RESTRICTIONS AND LOCAL LAWS: Midsouth Shooters Supply cannot possibly know all of the individual state, city and local laws and restrictions for all the products that we sell. Many states and cities prohibit particular products and YOU must be in compliance of the local laws concerning these products. If you place an order with Midsouth for products that may be restricted, you warrant us that you are authorized and in compliance with your local laws. **CHECK YOUR LOCAL LAWS BEFORE YOU PLACE AN ORDER.**

FFL'S & RESTRICTED ORDERS: If you have an FFL send us a copy for our files. We must ship these to the exact address on your FFL - no changes. Only authorized persons may place orders on FFL's. Due to new laws and restrictions in individual states, some restrictions may apply to specific items to states.

PRIMERS, POWDER & AMMUNITION: Proof of age is required in order to purchase Primers, Powder and Ammunition. You must be 18 to purchase these items (21 to purchase Handgun Ammunition)

Laser Rangefinding Scopes

Bushnell

Yardage Pro 4-12x42mm Laser Rangefinder Riflescope - Riflescope Specs: Fully Multi-Coated optics, 100% Waterproof and fogproof, 3.5" eye relief, Windage & Elevation click value .25. Mil-Dot reticle. 25.3oz.

Rangefinder Specs: 32-766 Yards/Meter Range, +/- One Yard Accuracy, Standard and SCAN modes, Wireless trigger pad. Operates on 2AAA Batteries. Bullet drop compensation turrets. Order No. 027-204124 \$808.42

Burris Eliminator Laserscope - No more guessing yardage or fumbling with a shaky handheld rangefinder. No more losing sight of your trophy. No more guessing holdover.

Burris

The Eliminator knows the precise horizontal distance to your trophy and exactly what your cartridge will do. Eliminator lights a 1/3 MOA illuminated aiming dot showing exactly where your shot will go. With The Eliminator, just Range, Aim, and Fire.

Simply enter one of the 40 drop numbers into the Eliminator. In a split second, the Eliminator factors in the distance, the angle of the shot, and the ballistics of your cartridge, and presents a lighted dot for the perfect holdover.
Order No. 023-200112 \$949.00

Bushnell

The Bushnell Yardage Pros have changed the way people measure distance. In all hunting sports, the measurement of distance quickly and accurately can improve performance. Using advanced laser technology, the Bushnell Yardage Pro measures distances instantly and accurately within 1 yard. It's as simple as aiming and pressing a button. The Bushnell Yardage Pro is water and shock resistant, lightweight, compact and rubber armored for durability even under the hardest conditions. All Yardage Pro models come with a one-year limited warranty.

Trijicon RMR Sights (Ruggedized Miniature Reflex)

Developed to improve precision and accuracy with any style or caliber of weapon, the Trijicon RMR™ (Ruggedized Miniature Reflex) is designed to be as durable as the legendary ACOG. Housed in rugged forged aluminum, the RMR is extremely tough yet lightweight. New easy-to-use adjusters with audible clicks allow for quick windage and elevation adjustments. The new Trijicon RMR™ is tougher than any alternative and suitable for military, law enforcement and hunting applications.

RM01: Trijicon RMR Sight (LED) – 4 MOA Red Dot - The RM01 is an LED sight powered by a standard CR2032 battery.

RM04: Trijicon RMR Dual Illuminated Sight – 7.0 MOA Amber Dot - The RM04 is a battery free sight, featuring Trijicon fiber optics and tritium.

EO Tech Sights and Accessories

EOTECH XPS Sight with 65 MOA Circle and 1 MOA Dot - Shortest model sight yet! This sight is smaller than the former N-cell battery sight (511/551) and runs on a single 123 battery. It also has a longer battery life than the N-cell style sights. With the single battery configuration, the XPS allows more rail space than ever, leaving more room for rear iron sights or magnification. Smaller, lighter and always fast; the XPS series is a great addition.
Order No. 196-XPS20 M.A.P. \$462.50

EOTECH MODEL 516 65 MOA Circle and 1 MOA Dot
The EOTech 516 is the ideal all purpose optic for Law Enforcement applications especially when partnered with an EOTech magnifier.

- Buttons on left side of sight (not in back) to work specifically with magnifiers
- CR123 Lithium batteries
- Reticle: 65 MOA ring with a single 1 MOA dot
- Raised 7mm base with knurled cross bolt
- Interfaces to 1" Picatinny (MIL-STD-1913) rail

Order No. 196-516A651 M.A.P. \$468.75

L-3 EOTech is the exclusive manufacturer and world leader of holographic sighting systems for small arms, and is dedicated to continually producing high quality, battle tested products for our servicemen and women.

EOTECH GEN II 3X Magnifier - Includes Flip to Side mount -

The 3X magnifier is an affordable magnified solution that will transition a fielded HWS into a lethal medium range optic. Superior light transmission and a large field of view helps this magnifier put the competition to shame. This rugged, streamlined optic offers split-second transitioning from CQB to medium range targeting.

3x magnifier with Flip-To-Side mount and quick detach. Works with all existing HWS units.
Order No. 196-G23FTS 196-516A651 M.A.P. \$518.75

EOTECH MODEL 517 65 MOA Circle and 1 MOA Dot -

3MOA Dot with Posts 48MOA Circle with 6MOA Dot Ballistic Chevron with Posts 3MOA Dot

Fastfire II™ Red Dot Reflex Sight - The FastFire dramatically increases speed and accuracy. It simplifies the act of aiming, eliminating the need to focus on and align the front sight, rear sight and target. With the FastFire, the aiming red dot and target are always in focus and properly aligned for the ultimate in accuracy.

The FastFire sight is very small, mounts very low, and weighs a mere 1.6 ounces. And it has repeatedly proven it's toughness on the slides of high power semi-autos, on slug guns, on shotguns and on high power rifles.

The FastFire housing is made of metal for strength and durability. It's lenses are precision ground and polished to exacting geometries to virtually eliminate parallax and to provide a very clear crisp sight picture. It is fully windage and elevation adjustable and lockable. It features both an on/off switch and a light sensor that automatically adjusts the dot's brightness to the available light. The included plastic hood covers the light sensor and puts the unit in sleep mode when the on/off switch is set to "on."

Powered by a lithium CR2032 battery, Picatinny Mount allows mounting on just about any rifle. Special bases are available for the most common firearms.

Trijicon AccuPoint Scopes

Trijicon AccuPoint® - The Trijicon AccuPoint features advanced fiber optics and several intelligent features that make this scope the right choice for all light conditions and even the harshest environments. All models in the AccuPoint® Series operate battery free—eliminating the potential for failure during critical moments in the field. They also feature Trijicon's Manual Brightness Adjustment Override, which allows you to control the light output of the fiber-optics during daylight. AccuPoint® riflescopes include other advanced elements like multi-layer coated lenses for superior light transmission with no distortion, quick-focus eyepiece, long-eye relief, and precise windage and elevation adjustments.

- Solid Black Matte Finish
- Multi Layer Coated Lenses
- Aircraft Quality Hard Anodized Aluminum
- Trijicon Fiber Optics
- Longer Eye Relief

Elite 6500 Scopes

Elite 6500 Riflescopes - Here is a versatile rifle scope, featuring a 6.5x magnification range, the widest in the industry. These scopes are ideal for hunters who want a scope they can use in the brush as well as on the wide-open prairie.

Push/pull turrets with resettable zero make sighting-in easier than ever. The extended 80-MOA of windage and elevation adjustment travel (with .25-MOA clicks) make this scope a "must have" for the hunter who shoots a broad range of game and at distances that vary greatly. All models have a one-piece 30 mm tube. Fully multic coated optics with RainGuard®, for a consistently sharp, clear view even in the worst conditions.

Burriss Rifle, Pistol and Shotgun Scopes

Fullfield E¹ Riflescope- Burriss upgraded the Fullfield II riflescopes and gave them a sleek profile with upgraded windage/elevation knobs, a integrated power ring and eyepiece that will now accept flip-up lens caps. The precision and accuracy has been enhanced with the Ballistic Plex E¹ reticle, which provides a simple, uncluttered method for determining trajectory and wind compensation. The Fullfield E¹ is waterproof, shock-proof, fog-proof, nitrogen-filled, and backed by Burriss' forever warranty.

Burriss Fullfield II Scopes - Fullfield II's incorporate more forgiving fore/aft, left/right eye positioning and combine lighter weight with shorter length and added strength. Potential leak paths in the eyepiece/ power ring area are sealed like the rest with special quad seals rather than O-rings. European-style adjustable eyepiece requires no locking mechanism.

Burriss Eliminator Laserscope - No more guessing yardage or fumbling with a shaky handheld rangefinder. No more losing sight of your trophy. No more guessing holdover.

The Eliminator knows the precise horizontal distance to your trophy and exactly what your cartridge will do. Eliminator lights a 1/3 MOA illuminated aiming dot showing exactly where your shot will go. With The Eliminator, just Range, Aim, and Fire.

Simply enter one of the 40 drop numbers into the Eliminator. In a split second, the Eliminator factors in the distance, the angle of the shot, and the ballistics of your cartridge, and presents a lighted dot for the perfect holdover.

Leupold Rifle, Pistol and Shotgun Scopes

The light transmission of a 50mm but mounts like a 36mm!

Leupold VX-3L Low Mount Scope Series - Large riflescopes are great when the light is low, but the high mount and awkward cheek weld always left something to be desired. That something is the Leupold VX-3L Series of riflescopes. This unique shape takes low light performance to a whole level and has the added advantage of an incredibly low mount. By creating a small crescent in the objective of the VX-3L Leupold was able to increase the objective size for greater light transmission. The VX-3L 3.5-10x50mm transmits more light than a typical 40mm rifle scope, yet mounts as low as a 36mm!

LEUPOLD
HERITAGE OPTICS CORPORATION

Leupold VX-II Series - The Multicoat 4 system is used on all VX-II riflescope lens surfaces, external and internal. It increases the amount of available light that reaches the eye and minimizes reflections on the outer eyepiece. As a result, the system enhances image brightness and clarity, and improves contrast in low-light conditions. 1/4 Min Clicks

Leupold Illuminated Reticles

Illuminated Duplex Illuminated German #4 Illuminated Circle Dot

VX-3 Scopes Feature Leupolds XT- Xtended Twilight™ lens technology that targets and raises the light wavelengths most commonly found in near-dark and twilight conditions.

LEUPOLD
HERITAGE OPTICS CORPORATION

Leupold VX-3 Series - Leupold's® family of Golden Ring® VX-3 riflescopes replaces and improves on the popular VX® III line with lens coatings and reticle options. VX-3 riflescopes feature a coating system, Leupold's Index Matched Lens System™. In some VX-3 scopes, total light transmission can reach as high as 98%. Each model features finger-adjustable, 1/4-MOA "click" windage and elevation. Lockable, fast-focus eyepiece. All side focus models have a 30mm maintube for increased range of windage and elevation adjustments. Waterproof - each scope is filled with nitrogen and sealed with Leupold's proven process to keep out moisture. Side focus parallax resolution dial on all models of 4.5-14 power and higher (except the EFR model) for easy adjustment from all shooting positions.

Leupold VX-3 CDS™ models allow you to quickly dial your elevation to different sight-in ranges with a custom adjustment matched to your specific ballistics information. The CDS dials change out easily, allowing you flexibility with different loads, conditions and calibers. Included in the box is a coupon and instructions for redeeming your CDS dial through Leupold.

Leupold Rifle, Pistol and Shotgun Scopes

Leupold FX Series Riflescopes - This series of fixed power scopes is for hunters that appreciate the ruggedness, accuracy and purity of a fixed power riflescope. FX-III Models Feature the same index Matched Lens System and other features as the VX-3 Riflescopes. FX-II riflescopes offer the same features and MultiCoat 4 lens system as the VX II.

Weaver Classic™ Handgun Scopes - These maintain accuracy, clarity and reliability under the jarring recoil of today's most powerful handguns. Solid, one-piece tubes keep lenses locked in perfect alignment, shot after shot. Fully multi-coated lenses cut glare and increase brightness dramatically for a clear, crisp image all the way to the edges of the scope. Weaver Classic handgun scopes also provide an impressive 4 to 12 inches of eye relief.

Weaver Grand Slam Scopes - All Grand Slam scopes are equipped with the Micro-Trac 4 point adjustment system, the best in the industry. Fully multi-coated lenses reduce glare, increase image brightness and give you edge-to-edge clarity — Grand Slam scopes also feature a fast-focus eyepiece adjustment ring to adjust the scope perfectly to your eye. The Weaver "sure grip" power ring helps you find and adjust the scopes' variables, even with heavy hunting gloves on. Waterproof, fogproof, and shockproof

Zeiss Conquest Riflescopes

Zeiss has introduced the Conquest Line to offer hunters top of the line optics, and glass at a mid-price range. Adjust windage and elevation with a fingers touch, and Zeiss's quick focus allows you to make split-second field adjustments. One piece construction and hard anodized surface make it as tough as the rest of the Zeiss line. Compare the price to the rest of the mid-range scopes and you will be shocked! (* Notes Closeout Items - Limited Quantities)

Accu-Range Reticle -
Ideal for fast target acquisition at close range or on running game.

4-Plex - Heavy posts help - guide the eye in to thin crosshairs for precision placement.

The Redfield Rifle Scope Full Lifetime Warranty - Redfield is owned by Leupold & Stevens, Inc. If any Redfield Rifle Scope manufactured by Leupold & Stevens is found to have defects in materials or workmanship, Leupold will at their option repair or replace it.

Warne Tactical Rings & Bases

Matte Finish Only

Warne's Tactical Rings are built to meet real world needs of tactical personnel. Made to 1913 Mil-Spec Picatinny dimensions. These feature Warne's stainless steel recoil lug, Three Torx style fasteners at the top, and a unique clamping nut. This nut works with the standard 65in/lb torque wrench, but also has knurling and cross slot so other tools can be used to remove/attach in emergency situations. Return To Zero when reinstalled!

How to pick a base...

See the fit chart on the following pages to select the base or bases for your rifle, then find the order number in this section. Be sure you have the correct order number that works with your gun!

1pc- Listed next to the Base number means only one part is required for mounting rings.

1/2- Listed next to the Base number means two parts are required for mounting rings.

Grand Slam Steel Detachable Top Mount Bases

Look For Grand-Slam Ring Mounts listed in far right chart column.

Quick Release Rings & Bases (QR)

Remove and reattach a scope using Leupolds QR™ mount and still return to within half an inch of the original point-of-impact on the target. Machined steel construction.

Lever engages the base of the ring, pulling it down and forward on the base, locking it solidly into its "zero" position

QR Ring Heights	Covers both the 1" and 30mm Rings
Super Low - 0.55"	
Low - 0.65"	High - 0.90"
Medium - 0.77"	Super High - 1.00"

Burriss Signature Rings

Signature rings provide tremendous gripping power, a scratch-free and stress-free mounting method as well as scope value preservation. By putting a synthetic pivoting insert within a steel outer ring, your scope-to-ring surface area contact becomes virtually 100%.

Note! 1" Signature Rings are shipped with one set of concentric inserts. 30mm Signature Rings are shipped with one set of concentric & +/- .010 inserts.

B-Square Classic Military Mounts

1903 Springfield. Replaces the gun's magazine cut-off. Quick on and off with no change in zero. Windage and elevation adjustments. See under type allows use of gun's sights. Includes rings.

Order No. 080-18477 \$38.75

SMLE MKI 4, 5 & MKIII 1 - See under type so gun's sights can be used. Easy to install, and comes with 1" rings.

SMLE MKI #4 & #5, Blue Finish

Order No. 080-18564 Price \$30.99

Savage 340 Base and Rings - B-Square makes a professional scope mount for these fine rifles. The gun's sights can be used with the scope installed. Socket screws and wrench are furnished for easy do-it-yourself installation.

Order No. 080-14600 \$54.30

B-Square Sporting Rifle Mounts

Mini-14 Mount - B-Square's no-gunsmithing dovetail mount for the Mini-14 is easily installed by simply replacing the gun's bolt stop cover plate with B-Square's cover plate. No drilling, tapping or sight removal is required. A large clamping knob allows easy on and off without change of zero. The mount has windage and elevation adjustments. Includes rings.

Blued Mini-14 Mount Dovetail w/rings
Stainless Mini-14 Mount Dovetail w/rings

Order No. 080-14502 Price \$69.81
080-14506 69.81

B-Square Modern Military Mounts

NO TAPPING NO DRILLING NO GUNSMITHING

Includes 1" Rings

AK-47 / MAK-90 - Receiver mount for Chinese models. Attaches using steel trigger bolt and hammer bolt. Standard dovetail base accepts Weaver Style Rings (Included).
Order No. 080-18600 \$38.75

M 1 Garand - B-Square's sniper mount for the famous M1 Garand rifle attaches to the rear sight brackets and clamps onto the receiver's side at forward end for a rugged, no movement mount.

The mount is offset to the left to allow loading. It has elevation adjustment so any scope can be used. Comes with 1" rings; wrenches and instructions for easy do-it-yourself installation without destroying the arsenal condition of this fine rifle. Blue Finish w/rings.
Order No. 080-18554 \$54.26

FN-FAL/LAR/L1-A1 Replaces the gun's dust cover and clamps to the receiver for rigid, no movement mounting. Standard dovetail base includes "see-thru" rings.
Order No. 080-18500 \$38.75

M1A/M14 - This military mount for the M1A/M14 rifle is quick on and off with a single knob attachment and returns to zero. It has elevation adjustments to help align hi-power sniper scopes and is see under so the gun's sights can be used with the mount installed. Standard dovetail and NATO Stanag provisions. Comes with 1" dovetail rings. Long enough for mounting all red dot and military devices. Blue Finish
Order No. 080-18514 \$69.77

B-Square Revolver and Automatic Pistol Mounts

B-Square Tactical Tri-Ring Mount & AR-15 Mounts

AR-15 Mounts - B-Square's AR-15/16 military mount has both NATO Stanag and standard dovetail provisions so military optics or standard scopes, rings and devices can be used. It has a military finish to match the gun. Also available: Flat Top AR15 base - both come with rings.

Burris Torx Refill Kit- TORX refill for your gunsmith kits. 35 Screws, 8-40 .205 head. **Order No. 023-625030 \$9.51**

Scope Mounting Tools

	Order no.	Price
Torx Screw Kit	154-52395	\$35.92
Scope Smith Mounting Tool	154-52296	13.45
Ring Wrench	154-48762	10.11

Warne Torque Wrench - Built for Warne by California Torque Products, this torque wrench allows you to tighten Torx style screws to Warne's recommended setting of 25in/lb. Break away design tells you when the proper torque has been reached. **Order No. 223-TW1 \$17.42**

Magnetic Bore Sighters

Bushnell Magnetic BoreSighter- Save time and Ammunition! Works with all sights and scopes, Etched glass reticle. Aligns crosshairs with gun's bore. Magnet eliminates need for arbors.

Order No. 027-740001C \$40.00

Leupold ZeroPoint Illuminated BoreSighter- Get your rounds on the paper faster than ever! Recheck zero, record zero at different ranges, or even bullet weights, and readjust your scope without the need to fire. **Order No. 154-59012 \$62.10**

Laser Bore Sighters

Bushnell Laser BoreSighter- Battery powered laser. Includes arbors for .22-50 caliber rifles and handguns as well as 12 and 20 gauge shotguns. Saves time and ammunition and its easy to use. Includes 3 LR44 batteries. **Order No. 027-740100C \$32.27**

Level Level Level - Gives you the means to level your scope perfectly in only minutes. The scope is leveled to your receiver, not to the top of a scope base. The magnetic base in the rifle level bridges the bolt raceway, allowing you to position your rifle perfectly level. Then level the scope, tighten the rings, and the job is done. **Order No. 094-113088 \$16.93**

Works with practically any bolt-action rifle, and is adaptable to other designs.

Scope Alignment Tools

B-Square Crosshair Square- Square up your scope or front sight in seconds. It accurately sets scope vertical reticle position and determines front sight ramp vertical. Clear plastic, will not mar gun's finish! **Order No. 080-T1001 \$7.72**

B-Square Bubble Level- Here's the only bubble out there that you can check both the rifle bore and reticle alignment at a glance! This is the ultimate economical accurizing device

	Order No.	Price

 Order No. 030-7007 \$3.21

Pachmayr Encore Decel Grippers

See the lists below for recommended calibers.

Pachmayr tames even the hardest-kicking T/C Encore using the proven Decelerator material, Pachmayr has crafted a grip and forend that deliver far greater control while softening recoil. Decelerator material offers a more secure, consistent grip that can actually enhance accuracy. The softer forend provides for a secure, steady rest on any handy surface in the field.

T/C Encore Standard Grip and Forend Set - Recommended for use with these calibers: 17HMR, 22LR, 204 Ruger, 223 Rem, 22-250, 243 Win, 25-06, 270 Win, 7mm-08, 308 Win, 44 Mag, 45 Colt **Order No. 010-02441 \$48.73**

Thompson Center Muzzleloaders

209x50 Magnum Encore

The Encore 209 X 50 Magnum Muzzleloader is the most reliable, accurate, long range muzzleloader ever produced. It's a "minute of angle" muzzleloader based on a proven single shot break open action. 26" barrel of 4140 rifle grade steel, button rifled with a 1 in 28" twist. Designed to handle magnum loads of up to 150 grains of FFG Black powder or the Pyrodex equivalent. Also handles 3 of the new 50 grain Pyrodex Pellets with impressive results. Closed breech designed and 209 shotgun primer ignition assures firing in the most adverse conditions. "Universal Breech Plug" allows for quick, reliable ignition with loose powder or Pyrodex Pellets. The easiest cleaning muzzleloader on the market today. There is no striker or breech area to clean. Because of the sealed ignition chamber, all fouling is contained in the barrel. With T/C's patented QLA Muzzle System loading is a snap. When the special season is over, it only takes a few seconds to remove the .50 caliber muzzleloader barrel and install your favorite centerfire rifle barrel. Same frame, same feel, same confidence.

*These models will require the TC muzzleloading fore stock. Mounting screws included. TC4700 (.45-70) are drilled and tapped for both scope holes and open sights.

Impact

The Impact is a typical modern-day muzzleloader in that it is a 209 primer fired inline, but similarities with other designs stop there. The Impact is simplicity itself. There are only three moving parts: the hammer, the trigger and the sliding breech-latch.

The Impact comes equipped with Williams highly visible fiber optic sights. 41.5" Overall Length, Drilled & Tapped.

	Order No.	Price
Impact 50 Cal 28" Blued Barrel, Black Composite Stock	031-6680	\$227.55
Impact 50 Cal 28" Blued Barrel, Camo Stock	031-6681	252.15

Omega

With it's sleek profile and it's sealed pivoting breech design, the simplicity of the Omega Z5 is unrivaled by any other muzzleloader. The Omega Z5's unique action operates by using the forward motion of the trigger guard lever to pivot the breech block downward, allowing easy access to the 209 primer; bring the lever rearward and the primer is sealed from the elements. Cock the hammer and fire. It's that simple.

1 in 28" Twist for sabots and conical bullets, 42" Overall Length, Drilled & Tapped.

Thompson Center Muzzleloaders

Omega .50

Specs: 1:28 twist, Closed swinging breech plug, 209 Shotgun Primer, Click Adjustable steel sights with Tru-Glo Fiber Optics, Composite stock. Weighs appx 7lbs, 28" barrel, Overall length is 42". Accepts magnum charges of up to 150 grains of FFG, black powder or Pyrodex.

The Omega .50 features "swinging block" lever action design that makes this one of the most simple and no nonsense muzzleloaders on the market! The Omega's unique action operates by using the forward motion of the trigger guard lever to swing the breech block downward allowing easy access to the 209 primer pocket. Once loaded, simply cock the hammer and pull the trigger.

Breech Plug Fire Channel Brush - Cleans out the fire channel of most breech plugs. TC recommends using T7 Breech Cleaner in conjunction with the brush for **Order No. 030-9505 \$3.29**

T-17™ Breech Plug Cleaner w/Container - A hard working cleaner specially formulated to clean black powder substitutes including the popular Triple Se7en® powder. No brushing or scrubbing required. Simply drop your breech plug in the handy container and shake for 30 seconds and then wipe clean. This cleaner thoroughly penetrates and cleans the flash hole of your breech plug for improved ignition. **Order No. 030-7433 \$6.01**

Nipples & Accessories

Replacement Nipples (for No.11 Caps)- Made of stainless steel, these nipples are carefully machined and long lasting. No.7070 for most T/C Cap Lock rifles (Except Cherokee, Fire Storm & Seneca). Thread size 1/4 x 28. Also fits all T/C in-lines (except Encore 209x50, T/C Scout and Omega). **Order No. 030-7070 \$3.07**

Flame Thrower Nipples- This nipple design achieves the hottest ignition possible whether you are using the No.11 cap or a musket cap... T/C's Flame Thrower Nipple is a unique design which ignites the powder charge in a muzzleloader through both a direct vent and via side ports that work in conjunction with the inner breech plug surface to throw a "ring of fire."

Flame Thrower Nipple for Musket Caps- Order No. 030-7237 \$8.29

Flame Thrower Nipple for No.11 Caps- Order No. 030-7242 \$8.29

Musket Cap Nipple- This nipple gives the option of using the much larger musket caps. Musket caps produce ignition fire that is 700° hotter than standard No.11 percussion caps. Made of stainless steel, these nipples are carefully machined & long lasting. Fits T/C Traditional cap locks and T/C in-lines (except Encore 209x50, T/C Scout and Omega). (1/4x28). **Order No. 030-7252 \$4.53**

T/C Hot Shot® Nipple- This heat treated stainless steel nipple provides a more even and consistent flow of pressurized gases from the nipple into the ignition chamber. They will virtually eliminate hammer blow back by venting excessive gases through the side ports. (Not recommended for under-hammer rifles or Cap & Ball Revolvers).

Hot Shot® Nipple for #11 Cap-(1/4x28) for most T/C Cap Lock rifles. Uses #11 Cap. (Except Scout, Cherokee, FireStorm & Seneca). **Order No. 030-7075 \$4.41**

Hot Shot® Nipple for Musket Cap (1/4x28) for most T/C Cap Lock rifles. Uses Musket Caps. (Except Scout, Cherokee, Fire Storm & Seneca). **Order No. 030-7204 \$5.95**

Touch Hole Bushings for T/C Flint Locks- Stainless Steel, 1/4"x28. Pkg. of 2.

Order No. 030-7327 \$4.72

Nipples Wrenches & Accessories

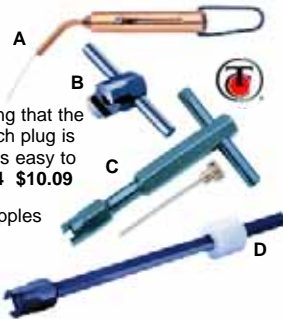

A- In-Line Nipple Pick- The perfect tool for ensuring that the ignition channel in your in-line muzzleloader's breech plug is cleared of residue or moisture. Fits all in-lines and is easy to use even when rifle is scoped. **Order No. 030-7244 \$10.09**

B- Nipple Wrench- Universal For #11 & Musket Nipples **Order No. 030-7064 \$5.41**

B- Nipple Wrench- Musket Cap Nipple Only- **Order No. 030-7112 \$5.67**

C- Deluxe "Universal" Nipple Wrench- Extra long nipple wrench for traditional cap lock rifles with either #11 nipples or musket cap nipples. Provides extra leverage for stubborn nipples. Cross bar contains nipple pick for clearing the nipple channel and a threaded hole to hold an extra nipple for emergency replacement in the field. **Order No. 030-7084 \$15.18**

D- Modern Style "Universal" In-Line Nipple Wrench- An extra long nipple wrench for removing the nipple from the ThunderHawk, Fire Hawk, System 1, Blk Dia and Woods Rifle. Allows for use when these rifles are scoped. **Order No. 030-9424 \$8.33**

A- Hunter Powder Measure- Compact lightweight powder measure with solid brass cup and durable polymer adjusting sleeve marked in 10 grain increments from 20 to 120 grains. Brass locking setscrew can be locked into infinite positions; at graduated marks or between them. **Order No. 030-7048 \$12.99**

B- U-View™ Powder Flask- See Thru Makes it easy to monitor your powder supply. Small enough to easily fit in your pocket or "possibles" pouch yet it holds enough powder for about a dozen reloads. Spring loaded plunger is easy to control for dispensing powder into a measure. **Order No. 030-7224 \$18.15**

C- U-View™ Powder Measure- See the exact level of the powder in the tube. Eliminate the guesswork of loading consistent charges with this handy, lightweight measure. Includes loading spout that swivels out of the way to fill the measure. Graduated in 5 increments from 15 to 125 grains. **Order No. 030-7222 \$13.49**

D- T/C Magnum Powder Measure- Designed specifically for use with any of the in-line T/C muzzleloaders when using magnum charges of up to 150 grs. of Black Powder or Pyrodex® equivalent. 10 gr. increments **Order No. 030-7102 \$11.47**

E- Adjustable Black Powder Measure- Compact solid brass measures which quickly adjusts to the required increments for rifle or pistol. Positive snap ring "clicks off" each increment of adjustment and holds cavity at desired volume. (50-120 grs. in 10 gr. increments) **Order No. 030-7040 \$8.30**

F- Flint Lock Pan Charger* Solid brass, knurled end screws off for easy filling. Holds appX 80gr FFFFG Black Powder. Dispenses a small amount of priming powder. Each dispensed charge fills the pan of a T/C rifle one-half full. **Order No. 030-7020 \$14.34**

TC Muzzleloading Accessories

Flint Accessories

Premium Agate Flints- Cut from Agate, these premium "flints" will outperform standard flints by producing at least twice the number of strikes. And their ability to produce more consistent sparks, longer, is the reason why they are used by top International Muzzleloading shooters. 3 per package **Order No. 030-7203 \$12.60**

Flint Lock Touch Hole Pick- Rugged stainless steel touch hole pick with lanyard loop. **Order No. 030-7113 \$3.53**

Flint Lock Touch Hole Picks- Durable polymer "spark proof", Package of 2. **Order No. 030-7093 \$3.02**

Flint Lock Field Kit- All the basics you will need for flint lock maintenance while in the field. Contains: pan brush, jaw tightening rod, stainless steel touch hole pick and small screwdriver with 3 different size blades for a multitude of uses including rear sight adjustment. Lightweight and compact. **Order No. 030-7099 \$8.21**

U-View Flex Loader

U-View Flex Loader - Everything you'll need for three shots, all in a compact carrier. Carrier holds three loading tubes, each containing the projectile and charge. When needed, the loading tube is pulled out of the holder and "dumped" down the bore pellets first, followed by the projectile. **Order No. 030-8031 \$5.31**

Replacement U-View Tubes (3pack) - 030-7238 \$2.18

Rip-Cord Speedloader - Attach the carabiner to your belt, suspenders, or pack, pull the tube away from its top and dump your charge. Houses 209 primer as well. **Order No. 030-9613 \$5.91**

Wedge Pin Puller

Pin Puller- A hardened steel, dual purpose tool which taps out the forend wedge just enough so that it can be caught and pulled free with the claw end. It's also a nipple wrench that fits all T/C nipples. **Order No. 030-7062 \$10.14**

Replacement wedge pins for T/C long guns only. High quality blued or brass color.

Fits Hawken (Brass Color) 030-7011 \$7.34
Fits Renegade, PA Hunter, White Mtn., & Big Boar(Blued) 030-7013 5.64

12ga Accessories

A- 12 Gauge Shotcups with Over the Shot Wads - These "multi-metal" 12 gauge shotcups offer muzzleloaders tighter patterns when hunting turkey or waterfowl. Cups provide superior barrel protection and are pre-slit; easy to load. Each shot cup accepts 1-1/4oz. of steel shot or 2oz. of lead shot. Comes with an over the shot wad. 20 per pack. **Order No. 030-7001 \$10.08**

B- 12 Gauge Jag - Solid brass cleaning jag with 10x32 threads. Fits all T/C ramrods. **Order No. 030-7201 \$3.31**

C- 12 Gauge Natural Wads (50 pack) - Woven wool wads, center-lubed with Bore Butter. 1/8" thick, with "memory" which allows them to be used in full choke barrels. **Order No. 030-7024 \$8.26**

Patches and Lubes

Bore Butter- An all natural lubricant with no petroleum based oil additives. Produces much less fouling than conventional lubes. More consistent pressure from shot to shot. The more 1000+ used, the more seasoned the bore will become. Also great protectant for external surfaces of your gun. Now in a 5 ounce tube.

	Order No.	Price
1000+ Bore Butter 5 oz. tube	030-7309	\$6.07
1000+ Bore Butter 2 oz. tube	030-7411	3.84
1000+ Bore Butter 5 oz. tube Pine Scented	030-7409	7.03

Number 13 Bore Cleaner- An all natural bore cleaner which contains no petroleum based additives and is compatible with Natural Lube 1000 Plus. Number 13 will quickly and efficiently remove any trace of residue or fouling without eliminating the "seasoning" which has coated the surface of the bore. Number 13 is non-toxic and FDA food grade rated. 8oz **Order No. 030-9041 \$4.40**

100% Cotton Roundball Patches- Uniform thickness, these economical 100% cotton patches are available pre-lubricated with T/C's Natural Lube 1000 Plus Bore Butter, or unlubricated. Non toxic, biodegradable. 100 per bag.

	Order No.	Price
.45/.50 Cal. Unlubricated Patches	030-7030	\$3.46
.54 Cal. Unlubricated Patches	030-7034	3.46

These patches are fully lubricated with Natural Lube 1000+ and sealed in a plastic bag. 100 to the bag.

	Order No.	Price
.45/.50 Cal. Prelubricated Patches	030-7043	\$5.08
.54/.56 Cal. Prelubricated Patches	030-7044	5.08

Seasoning Patches Treated with Natural Lube 1000 Plus™ Bore Butter - 2-1/2" 100% cotton cleaning patches pre-treated with Natural Lube 1000 Plus™ Bore Butter. Great for use after cleaning your muzzleloader with T/C No. 13™ Bore Cleaner or for easy field cleaning.

4-N-1 Quick Shot

Everything you need for quick loading all in one package. 1 tool does it all; carries your powder, bullet or ball, your cap, and serves as your bullet starter! Waterproof seal to keep your charge dry!! 2 per package!!!

MTM Muzzleloader Dry Box - The ML-1's roomy base interior shuts out moisture problems with a tight, weather resistant, O-ring seal. A large lift out tray helps to organize gear keeping smaller items on top, not crushed or buried at the bottom. Top access lid compartment divides specialty tools into five sections. **Order No. 008-ML140 \$16.56**

-Ringed sealed muzzleloading shooters box!

Great Plains Rifle

Lyman

Lyman's Great Plains is one of the most authentic muzzleloaders found anywhere and has quality rarely found in anything but custom rifles. Features a 32" barrel, double set triggers, 1 in 60" twist and traditional hardware. Oil finished high quality walnut stock. Great Plains rifles use nipples with size of 6x.75mm.

The Great Plains Hunter features a fast, 1 in 32" shallow groove rifle barrel. Ideal for shooting the many types of modern projectiles available to today's black powder hunter. Pre-drilled and tapped for the 57 GPR receiver sight.

Mustang Breakaway 209 Magnum

Lyman

The "Breakaway" 209 Magnum - Hammerless "Break Action" Rifle!

The Lyman Mustang Breakaway 209 Magnum muzzleloader is a rugged and highly accurate black powder hunting rifle that has the same looks and feel of expensive break-open centerfire rifles and shotguns. The Mustang rifle retains the basic functions of traditional muzzleloaders, while adding the benefits of easy scope installation, sure ignition with 209 shotgun primers, fiber optic sights and a removable breech plug. The Mustang rifle also allows the convenience and power of loading up to three 50-grain Hodgdon pellets (or an equivalent 150 grain powder charge). The fast 1-28" twist allows you to use a wide range of sabots, Power Belts, and conical type hunting bullets. **Order No. 015-6032113 \$354.31**

Deerstalker

Lyman

Lyman's Deerstalker rifle feature oil-finished rich walnut stocks with less drop like modern hunting rifles. All models feature a real Lyman front and rear hunting sight package and are pre-drilled and tapped for the 57 SML receiver sight. Each has a handsome rubber pad to lessen recoil. Deerstalkers all come with top quality sling swivel studs, and unbreakable nylon ramrod. 1 in 48" twist and can use round or maxi-balls.

Butch's Black Powder Bore Shine! Developed specifically for black powder shooters who asked for a better, faster way to clean their rifles. Butch's Black Powder Bore Shine comes from a special cleaning solvent used by the U.S. Military. This black powder bore cleaner, like the original bore shine, does it all! Odorless, non-toxic, non-flammable, biodegradable and protects against rust and corrosion. **Order no. 015-02949 \$6.89**

LYMAN Stainless Steel Nipple (3 ea) - Fits all Lyman Rifles 6 x.75mm metric thread. **Order No. 015-6030080 \$11.54**

Super Moly- All purpose, high temperature bullet lubricant. With Molybdenum Disulfide added for increased velocity, it coats the barrel with a fine film which improves accuracy and makes leading non-existent. It flows through lube sizers without heat and won't melt at 130 degrees. **Order No. 015-2857272 \$3.69**

Black Powder Gold- Formulated specifically for black powder shooting both muzzleloading and black powder cartridge silhouette. It's high melting temperature makes it ideal for long range match shooting. It keeps fouling soft for continuous shooting and flows through lube sizers for effortless bullet lubing. **Order No. 015-2857266 \$3.82**

Universal Nylon Ramrod - Unbreakable! **Order No. 015-6010030 \$11.19**

Fiber Optic Hunting Sights - Update that black powder rifle with state-of-the-art fiber optic technology. Especially helpful at dawn and dusk. Designed to fit the Lyman Great Plains, Trade and Deerstalker rifles; these bright, light-gathering sights will also fit most other European-made black powder rifles. **Order No. 015-3090145 \$28.78**

Upgrade your muzzleloader to Lyman Hunting Sights. The 16 AML Fold Down Rear Sight and 37 ML Front Sight fits all Lyman rifles and most European imports (CVA, Traditions, etc.).

Flintlock .50 Cal. Hardwood stock	Order No. 139-R3590801	288.49

A - Reb Confederate - The brass frame "Navy Type" revolvers are identified with the Confederate manufacturers Griswold & Gunnison, and Leech & Rigdon. Brass was used for the frames because of the scarcity of iron in the United States. They were modeled after the Colt® Navys and feature a blued 7 1/2" octagon barrel. This 6 shot single action revolver was one of the most widely used. Originally offered in .36 caliber, this replica is offered in .44 caliber. **Order No. 139-FR185115 \$202.24**

B - Spiller & Burr - This confederate pistol was born of a need for the South to arm itself. The .36 caliber revolver was adopted as the standard revolver of the Confederate Government. The Spiller & Burr was modeled after the Whitney Revolver with only a few minor adjustments. During the Southern campaign only 1,500 revolvers were actually made, making them very desirable and hard to find. This replica is perfect for re-enactments or display. **Order No. 139-FR18625 \$248.43**

C - Josey Wales - This model (pictured above) is a replica of the revolver found by Josey after his family was killed and his house burned down by Northern Raiders. This is one of the many guns used by Josey, but it is a gun of great significance. 36 Cal. **Order No. 139-FR186126 \$405.73**

D - J.H. Dance - Known for their fine craftsmanship and rarity, the J.H. Dance Company Revolver was one of many southern revolvers that came to be after the South's call to arms. These pistols were based off the Colt Dragoon and were manufactured in Texas for just 3 short years (1862-1865) with less than 400 actually being produced. The single action 6 shooter was originally available in .36 and .44 calibers. This fully functioning replica is available in .44 caliber and is perfect for re-enactments, display, or fun. Own a piece of Southern history. **Order No. 139-FR18622 \$298.37**

CVA Shooting Accessories

The PowerBelt Bullet Starter - Comes with two sets of three loading tips to fit almost all hollow point bullet designs and one set of 3 tips for polymer point bullets. One tip goes on the short rod of the starter, one on the long rod, and one on the ramrod.
Order No. 002-AC1500 \$12.37

T Bullet Starter with Ramrod Extension - Combo bullet starter and ramrod extension that is a must for field loading and cleaning. **Order No. 215-AC1508 \$10.61**

50cal Ramrod Accessory Pack - Cleaning brush, cotton bore swab and cleaning jag/loading tip. **Order No. 215-AC1466B \$4.76**

Universal Fiberglass Ramrod - Flexibility to bend without breaking. Three foot length for you to custom fit. 11/32" diameter. 10-32 threads. **Order No. 215-AC1470 \$6.73**

Replacement Breech Plug - 209 Optima and Kodiak. **Order No. 215-AC1678A \$11.65**

Stainless Steel Perfect Nipple 6x1mm CVA - Concentrates spark, delivering 100% of the spark to the powder charge. 50% more than any other #11.
Order No. 215-AC1422 \$4.51

Replacement Nipples 6x1mm CVA (3 Pack)- Quality heat treated steel with a fire funnel design similar to the perfect nipple. **Order No. 215-AC1481 \$7.21**

Flexible Breech Plug Cleaners (50 Pack)- Pipe cleaners with stiff bristles imbedded in the material for extra heavy duty cleaning in hard to get to places.
Order No. 215-AC1615 \$3.54

CVA Cleaning Products

Barrel Blaster Solvent & Bore Cleaner 4oz - Use as a lube for shooting and cleaning patches. Makes clean-up easier and less messy. Continues the barrel seasoning process. Non-petroleum product. **Order No. 215-AC1437 \$4.30**

Barrel Blaster Solvent Spray 12oz - Use to wet cleaning patches for swabbing the barrel or with a parts cleaning brush to remove fouling from gun parts.
Order No. 215-AC1685 \$7.93

Barrel Blaster Wonder Gel Solvent 4oz - Ammonia-based cleaning gel keeps the cleaner right where you want it for the removal of lead, copper and plastic fouling.
Order No. 215-AC1684 \$9.96

Barrel Blaster Rust Prevent Patches 100ct - The final step in the Barrel Blaster cleaning process protects the bore from corrosion. **Order No. 215-AC1689 \$6.34**

Barrel Blaster Parts Soaker 4oz - Use to soak breech plugs and nipples, or any other small heavily fouled parts. **Order No. 215-AC1686 \$7.17**

Barrel Blaster Quick Clean Patches 100ct - Cleaning patches that are pre-saturated with Barrel Blaster Solvent for quick easy cleaning of your barrel at the range or at home. **Order No. 215-AC1687 \$7.17**

Barrel Blaster Foaming Bore Cleaner 8oz - The easiest way to clean your muzzle-loader! Spray the foam into the barrel and leave in the barrel for a minimum of one hour, swab foam out of the barrel and you are done! **Order No. 215-AC1688 \$9.36**

Breech Plug Anti-Seize Stick - No more mess while taking care of a very important step. Stick applicator allows you to apply the Anti-Seize directly on the threads and without getting it on your hands.. **Order No. 215-AC1682 \$4.30**

Cheap Shot Sabots - A more economical alternative to the jacketed bullets that are available. The all-lead 240 grain hollow point bullet provides the shooter with the same basic ballistics and trajectory. 20 all lead hollow point bullets and sabots. **Order No. 030-8296 \$5.51**

50cal Sure Fire Sabots 230gr- Economy Sabot providing shooters with the same ballistics and trajectory offered by the more premium Mag Express but at a fraction of the cost. Comes with a 44cal 230gr copper jacketed hollow point. **Order No. 030-8206 \$8.08**

Super 45 XR Sabots XTP™ Magnum - Superior accuracy at both standard and hyper velocities. Devastating at long ranges, mushrooms to nearly 2 times its original diameter. Driving penetration on the largest of game. Easy to load For use in .45 Cal. muzzleloaders, 180 grain XTP™ Bullet, Pkg of 30. **Order No. 030-7767 \$13.06**

Shock Wave Sabots - The Shock Wave™ is a spire point bullet with polymer tip specifically designed as a muzzleloading sabot bullet, not a conventional pistol bullet converted to a muzzleloading projectile. T/C's Shock Wave incorporates modern technology previously only applied to centerfire rifle bullets. The polymer tip of the Shock Wave™ bullet not only increases the Ballistic Coefficient for sustained high velocity down range, it punches into the pocket to open up the nose cone for fast expansion.

	Order No.	Price

.50 Caliber 50gr Pellets (100ea)	034-50500	22.34

FOR YOUR OWN PERSONAL SAFETY AND OTHER SAFETY ALSO, PLEASE NOTE: THERE ARE MAJOR DIFFERENCES IN BLACKPOWDER AND PYRODEX REPLICA BLACKPOWDER. Pyrodex is bulkier than blackpowder resulting in up to 25% more shots per pound! (Example: If you use 70 grains of blackpowder, the same measure setting would give you 58 grains of Pyrodex! Always consult a loading manual)

Haz-Mat Fee - Pyrodex powder and pellets and Triple 7 powder and pellets receive the \$25.00 haz-mat fee.

Western Powders Blackhorn 209

Blackhorn 209 is a revolutionary propellant that is redefining the term "accuracy" in the muzzleloading industry. When used as directed, this high performance powder consistently shoots with higher velocities and greater accuracy than other muzzleloading propellants. Blackhorn 209's proprietary formulation is engineered to eliminate swabbing and cleaning between shots. Precise accuracy, Higher velocities and ease of use insure Blackhorn 209 will bring out the best performance in your muzzleloading rifle.

A product that seals and waterproofs all known metallic cartridges and primers for 100% firing consistency, including up to 30 days water submersion! Waterproofs: Cartridge primers, shot primers, bullet case joints, seals black powder nipples. Fast, Simple & Easy to use. One 1/3 oz. bottle seals approximately 1000 rounds. **Order No. 238-SEALER \$6.67**

Haz-Mat Fee Got You Down?

One of the biggest complaints we hear from reloaders is the dreaded Haz Fee. Midsouth in conjunction with FedEx on all FedEx Ground Hazardous fees has allowed us to have one of the cheapest fees in the country! All FedEx shipments will have a \$25.00 fee not including freight.
 Mix and Match Up-to 50lbs of Powder & Primers! We Ship them together! We ship up to 50lbs of Primers and Powder in the same box, under one Haz-Mat Charge.
 Midsouth's Powder & Primer Prices! We try hard to make sure we have the most competitive prices on all our products, especially Primers and Powder.
 Order Haz-Mat Items with friends and other shooters! If you don't need a full shipment of powder or primers, try ordering with a friend who reloads or fellow shooters at the range...etc. Midsouth will always try and make it work best for you!

Lee Lead Casting

Pro 4-20(A) Large diameter high capacity pot, holds approximately 20 pounds of lead. A generous 4 inches of clearance under the spout accepts all brands of bullet molds and most sinker molds. It also includes an adjustable mold guide to quickly and accurately position any mold for pouring. Incorporates the famous Lee patented high-efficiency design and dependable remote sensing thermostat, now in a dust tight housing. Long life 700-watt tubular heating element assures quick melting and rapid recovery. Micro adjustable, flow control valve adjusts instantly with a twist of the screw driver. Front mounted low maintenance replaceable valve spout allows instant reseating with a turn of a screwdriver.

	Order No.	Price
Pro 4-20 Melter, 110 Volt	006-90947	\$63.04
Pro 4-20 Melter 220 Volt	006-90948	68.52

Prod. Pot IV (C) Four inches of clearance under the spout instead of the standard two inches. This is high enough to accept all brands of bullet moulds and most sinker moulds. The large deep pot holds approximately 10 pounds of lead. Melt time is less than 20 minutes. Pour spout up front where it belongs so you can see what you're doing. With a unique infinite highly reliable heat control that is mounted away from the high heat of the pot. Uses only 500 watts of power during heatup and a lot less to maintain temperature. Thermal feedback to the infinite control permits the heater to put out full power until the metal has melted. 2 year warranty!!

	Order No.	Price
Prod. Pot IV 110 volt	006-90009	\$54.81
Prod. Pot IV 220 volt	006-90008*	58.92

Magnum Melter (B) Large 4" diameter pot allows easy access for the ladle caster. Same high efficiency design that has made Lee pots the most popular. Melt time is less than 20 minutes with just 700 watts. 20-lb capacity for the longest casting session. **Order No. 006-90949 \$48.64**

Precision Melter (D) High speed melter with an infinite heat control for the serious shooter. Easily handles 4 cavity moulds. Takes less than 15 minutes to melt 4 pounds of metal. 500 watts, AC only. 2 year guarantee by Lee Precision. 110v **Order No. 006-90021 \$31.51**

Ingot Mould - The Ingot Mould makes 1 pound and 1/2 pound blocks, and comes with wooden handle. **Order No. 006-90029 \$10.56**

Lead Ladle - The Lead Ladle is a convenient size ladle for bullet casting and comes with wooden handle. **Order No. 006-90026 \$4.22**

Six Cavity Mould Handle - Precision steel mold handles fit not only the Lee Six Cavity blocks, but most other brands of one and two cavity molds. **Order No. 006-90005 \$12.68**

NRA Formula Alox® Beeswax Mix - Excellent for rifle and pistol bullets. The famous NRA formula reduces leading, increases accuracy, and permits higher velocities. Contains 50% alox 2138F lubricant and 50% commercial A-1 beeswax. **Order No. 006-90007 \$5.63**

Liquid Alox® Lubricant - Lee Liquid Alox Lube gives better accuracy and less leading than conventionally lubricated and sized bullets. Comes in a 4 ounce dispenser bottle. Easy and fast. **Order No. 006-90177 \$4.92**

Hardness Testing Kit - No more wasted components shooting too soft or too hard lead. Cast and load with confidence knowing your alloy is up to the job. Quickly and precisely check hardness of your lead alloy. Exclusive conversion chart tells the maximum operating pressure of any lead alloy.

Kit includes calibrated hardened steel ball indenter "v" block cradle snaps into standard press ram 20 power 4 lens optical measuring microscope.

Order No. 006-90924 Price \$56.41

Lee Lube and Sizing Kits - The fastest and easiest way to lubricate and size cast bullets. Standard 7/8x14 threads fit any reloading press. Bullets are pushed through the sizing die cone first so no special nose punches are needed. Sized bullets are captured in the special container. **\$16.91**

Lee Reloader Press - Great addition to your Sizing Station, and an outstanding value! Exclusive balanced lever that can't drop down to pinch your fingers. Unlimited hand clearance that only "C" frame can offer. Works equally well with the right or left hand. Even if you already own a press, an exclusive press set up for only bullet sizing is the way to go!

Order No. 006-90045 \$27.49

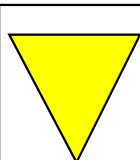

Lead: Reducing Exposure

Lead contamination in the air, in dust, and on your skin is invisible. Keep children and pregnant women away during use and until cleanup is complete.

Risk can be reduced—but not eliminated—with strong ventilation; washing hands immediately after use of these products before eating or smoking; and careful cleaning of surfaces and floors with disposable wipes, after lead dust has had a chance to settle. Use a lead-specific cleaner with EDTA, or a high-phosphate detergent (like most detergents sold for electric dishwashers), and bag wipes for disposal.

Use Strong Ventilation!

WARNING
THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Lee Improved Mould Traditional Design

Cast minie bullets as fast as round balls. These moulds have the automatic core pin. Open the mould upside down to empty. Close it and you are ready to cast the next. The core pin automatically centers in the mould. Easily cast 200 bullets per hour. A quality mould built to last as long as your rifle. OS IS FOR OVERSIZED.

Real Bullet Moulds for Muzzleloaders

*REAL MEANS RIFLE ENGRAVED AT LOADING. A solid bullet that loads easily even after many firings, because of its unique cleaning action. Will not tumble. A perfect hunting bullet with heavy loads. Easy to cast. Shoots accurately even in greatly oversized barrels. ALSO AVAILABLE is the combo mould with a REAL bullet and one round ball as noted.

Double Cavity REAL Moulds

18 Cavity 00 Buckshot Bullet Mold

Eighteen cavity 00 Buckshot mold. Precision-machined mold produces 18 linked pellets per cast. No need to individually count pellets simply snip three strands into your 12 gauge shell. Each cast produces enough pellets to load two 12 Gauge shotshells. Ball diameter .330.

Order No. 006-90486 \$43.80

Handles not included.

LEE

Lee Conical Bullet Mould for Black Powder Revolvers

A super accurate bullet that is easy to load straight and true. The base of the bullet slips into the chamber while the next two lands guide and seal with a perfect press fit. Two lube grooves prevent flash ignition and lead fouling. More energy and far greater accuracy than round balls.

Lee Double Cavity Conical Bullet Moulds

WARNING

THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Miscellaneous Lead Casting Supplies

Marvelux 1/2 LB Flux - Finest bullet casting flux available. Reduces dross formation. Increases alloy fluidity. Non-Corrosive - Non-Smoking.
Order No. 048-083030050 \$6.54

Universal Case Expanding Die - Gently flares the case mouth to accept cast bullets without shaving. (Also works great on Moly and Jacketed bullets as well) Includes neck plugs for .22 cal through .45 cal) Works on everything from the 22 Hornet to the largest Ultra Mag
Order No. 006-90798 \$11.97

The SAECO Lead Hardness Tester - A precision instrument which accurately determines the hardness of a bullet casting alloy. The SAECO Lead Hardness Tester pays for itself by allowing you to convert scrap lead into casting alloy.
Order No. 076-42000 Price \$143.81

SAECO Mould Handles

Ductile iron castings with hardwood grips. Fit all SAECO moulds 1-8 cavity.

Order No. 076-29000 \$39.40

Frankford Arsenal Drop Out Mold Release When applied sparingly, provides a thin dry film coating of micron-sized graphite. It's Easy to Apply, Fast Drying, and Long Lasting!
Order No. 094-763758 Price \$9.50

Bullet Casting 101 DVD - This DVD video takes you step by step on how to cast your own bullets. From the equipment to sizing, it is all right here in this video.

Order No. 144-54410 \$19.14

Lyman Mould Prices

Lyman moulds are still individually machined from high grade steel. Blocks are hand fit for precision alignment. You Must Order Lyman Moulds & Handles Separately!!

LYMAN MOULD PRICES
WHEN ORDERING A LYMAN MOULD OR TOP PUNCH, PLEASE ADD THE PREFIX "015" TO THE PART NUMBER

All Single Cavity Moulds	Price \$55.57
All Double Cavity Moulds	55.57
All Four Cavity Moulds	75.37

Lyman Mould Handles

Solid metal frame is easily attached to blocks with slotted screws. Hardwood handles provide a cool secure grip. Designed to provide uniform grip with different mould blocks. Lyman mould handles are offered in two sizes. Large, for all current two cavity moulds, current single cavity round ball moulds, and all current Minie and Maxi moulds. Four Cavity, for all Lyman four cavity moulds.

Order No.	Price
Large Mould Handles 015-2735793	\$30.79
4 Cavity Mould Handles 015-2735794	30.79

WARNING
THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

Lyman Casting Accessories

Ingot Mould- Lyman's ingot mould is useful when melting down scrap lead or when blending alloys. Each mould forms four easy-to-use ingots.
Order No. 015-2837794 \$17.89

10lbs Cast Iron Lead Pot - Now use any source to melt lead. With convenient pour spout and flat bottom to prevent spilling. **Order No. 015-2867795 \$13.58**

Casting Dipper - Now the dipper can be assembled for right or left handed casters. Dipper with cast iron head is shaped for easy, accurate pouring and prevents air pockets in the finished bullet.
Order No. 015-2867790 \$16.25

Stainless Steel Thermometer- Measure a temperature range from 200°F to 1000°F and has a six inch stem for use with even the deepest furnaces
Order No. 015-2867793 \$34.37

Gas Check Seater (for 450 Bullet Sizer Lubricators)
Order No. 015-2745881 \$7.53

Lyman Master Casting Kit

Comes with the 4500 Lubricator/Sizer!

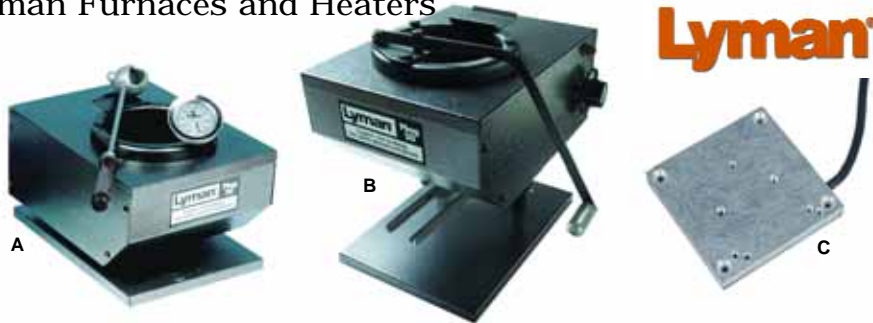

Complete Casting Kit - This is the perfect kit for the beginner or expert reloader. Save over 20% by purchasing this kit over individual prices. Comes with Mini-Mag 10 pound furnace, the 4500 Lube Sizer, lead dipper, ingot mould and Lyman's famous Cast Bullet Handbook. All this for less than the cost of most furnaces. **Order No. 015-2712000 \$179.18**

WARNING

THE USE OF CASTING PRODUCTS WILL EXPOSE YOU TO LEAD, A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE BIRTH DEFECTS AND CANCER. AVOID INHALING THE FUMES FROM MOLTEN LEAD. EXHAUST VENTILATION TO THE OUTSIDE AIR SHOULD BE PROVIDED WHENEVER THIS PRODUCT IS USED. WASH HANDS AFTER EXPOSURE AND BEFORE EATING, DRINKING OR SMOKING.

FOR ALL TECHNICAL ADVICE AND QUESTIONS PERTAINING TO DIES, MOULDS, RELOADERS, CASTERS, MUZZLELOADERS, FIT, GUARANTEE, ETC. ON LYMAN PRODUCTS, CALL LYMAN CUSTOMER SERVICE 1-800 22L-YMAN (800-225-9626)

Lyman Furnaces and Heaters

A - The Lyman Mag Dipper - Designed for the ladle-caster only, the Magdipper has the full 20 lb. capacity, the proven heating system, body construction and wide, tip-resistant base of the Mag 20. Larger casting ladles have easy access to the 4 3/8" diameter pot. **Order No. 015-2800061 \$250.87**

B - The Lyman Mag 20 Furnace - Offers important features, advantages and value for bullet casters. The large 20 lb. steel crucible provides the capacity for all casting needs...from single cavity to multiple cavity moulds. It incorporates the proven Lyman bottom-pour valve system and unique mould guide for optimum convenience. Its set screw adjustability accommodates virtually all mould set-ups. Available in 110V.
Order No. 015-2800067 \$304.64

C - LUBE SIZER HEATER - Attaches directly to your Lyman #450, RCBS, SAECO, or STAR lubricator-sizers. Designed for use with hard stick lubes! 110V **Order No. 015-2745885 \$45.84**

Lyman Bullet Lubes

Orange Magic- High performance lube guarantees higher velocity with cast bullets without leading. Low smoke output. Requires use of heater.
Order No. 015-2857286 \$3.69

Alox- Bullet lubricant improves accuracy and prevent barrel leading at higher velocities.
Order No. 015-2857277 \$3.69

Super Moly - An all purpose, high temperature bullet lubricant. With Molydendum Disulfide added for increased velocity, it coats the barrel with a fine flim which improves accuracy and makes leading non-existent. It flows through lube sizers without heat and won't melt at 130 degrees. **Order No. 015-2857272 \$3.69**

Lyman
"Big Dipper"
Electric Casting Furnace -
 Economical electric casting furnace has more than 10 lb. Capacity.

Features fast heat-up time with thermostat control to +/- 10 degrees. Easy "on-off" temperature dial. Compact size with wide mouth for easy lading. Heavy duty aluminum construction with stable non-tip design.

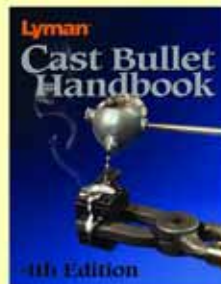

Order No. 015-2800350 \$32.94

"Big Dipper" Casting Starter Kit - Features all the items needed to get started in casting bullets economically and efficiently. Includes "Big Dipper" electric casting furnace with 10+ lbs capacity, Lyman Casting Dipper, Ingot Mold for storing excess lead, Super Moly Bullet Lube and the Lyman Reloading and Cast Bullet Guide.

Order No. 015-2800375 \$68.07

Lyman Cast Bullet Handbook - The pioneer of reloading manuals - will introduce the 4th Edition of their popular Cast Bullet handbook. This will be the first new Cast Bullet Handbook from Lyman in 30 years!

It will include data for all Lyman Moulds, plus additional data for select RCBS, Redding and Lee Moulds. Written by well-known cast bullet authority, Mike Venturino, this will be the most up-to-date and comprehensive cast bullet data available.

Order No. 015-9817004 \$18.00

Casting Dipper -

Now the dipper can be assembled for right or left handed casters. Dipper with cast iron head is shaped for easy, accurate pouring and prevents air pockets in the finished bullet.

Order No. 015-2867790 \$16.25

10lbs Cast Iron Lead Pot - Now use any source to melt lead. With convenient pour spout and flat bottom to prevent spilling.
Order No. 015-2867795 \$13.58

4500 Sizer/Lubricator

Lyman's 4500 Lubricator/Sizer simultaneously sizes and lubricates cast bullets to the desired diameter. Features a solid one piece bottom - ideal for use with hard lubricants. A larger ball knob for more leverage for sizing and lubricating the largest bullets. Easy adjustments for size depth and lube flow. Purchase desired H&I size die and top punches listed below. Available with or without lubricator heater. Note: 4500 Lube heater not adaptable to model 450 Lube/Sizer.

Includes Moly bullet lube & Gas Check Seater.

	Order No.	Price
4500 Lube Sizer	015-2745880	\$150.51
4500 with 110v Heater	015-2745892	157.68
4500 110v Heating Element	015-2745896	31.51

Top Punches

The inside contour of each top punch is precisely machined to fit bullet nose shape exactly. This eliminates most deformation when the top punch forces a bullet down into the sizing die. \$7.91 each

Pro-Melt Furnace

The heavy duty Pro-Melt furnace features an 800 watt heating element. 110V and a snap action, industrial quality thermostat. For added accuracy and responsiveness, the thermostat is coupled to a remote sensor on the bottom surface of the pot. Can be set up for either left or right hand operation. Capacity is 22 pounds. UL listed.

	Order No.	Price
Pro-Melt Furnace(110v)	044-81100	\$360.59
Pro-Melt Furnace(220v)	044-81200	371.76

RCBS Casting Accessories

Lead Dipper - has a large capacity bowl, tapered pouring spout and a hardwood grip.

Order No. 044-80015 Price \$22.42

Lead Pot - made of heavy duty cast iron, will hold up to 10 pounds of molten metal.

Order No. 044-80010 Price \$18.34

Mould Ingot - mould up to 4 ingots at once and cool them quickly with the handy ingot mould.

Order No. 044-80005 Price \$18.34

Lead Thermometer - With a 1000 F range and plus or minus 1% accuracy. Pour lead at the optimum temperature! Large numbers printed on 1 1/2" glass covered face with a 6" probe. Great for use with any melting pot! Comes with an adjustable 6" handle (prevents burning of fingers). Order No. 044-81175 \$45.61

Mould Mallet - RCBS® has reintroduced the wooden mould mallet to tap out your cast lead bullets without harming your moulds. Order No. 044-80007 \$9.96

WARNING

Case Feeder
Bullet Feeder

Upgrade your Progressive!
Case Feeders and Bullet Feeders sold separately below

Lock-N-Load Classic Kit - Includes: Lock-N-Load Classic loader, L-N-L powder Measure, Powder Scale, Universal Reloading Block, Primer Turning Plate, Chamfering-Deburring Tool, 3 L-N-L Die Bushings, One Shot Case Lube and the New 8th Edition Hornady Handbook. Now the Lock-N-Load Classic Kit includes the Hornady Handheld Priming Tool!

Order No. 005-085003 \$327.65

500 FREE BULLETS with the purchase of The Lock-N-Load Classic Kit!

Lock-N-Load Auto Progressive Press - The Lock-N-Load AP press with its innovative Lock-N-load bushing system combines precision engineering with an innovative design. The result is the easiest, ready to use reloading press you can buy. Now with a simple flick of the wrist, you can change dies and start loading another caliber in mere seconds. DOES NOT INCLUDE a Shell Plate! Includes Deluxe Powder Measure, and Case Activated Powder Drop.
Order No. 005-095100 \$436.87

L-N-L Case Feeder - This features a 110v motor and XL case bowl. Handles 4x the amount of cases that other feeders do. Fits your Auto-Pro Press!
Order No. 005-095300 \$324.39

Lock-N-Load Bullet Feeder -

Turn your progressive press into a bench mounted ammo factory! The Lock-N-Load Bullet Feeder is designed as an accessory for the Hornady Lock-N-Load AP reloading press, but can be used with any other press with 7/8"-14 die threads.

Caliber changeovers are quick and easy and there are no special tools required for adjustments. The easy-feed bullet hopper holds up to 200 pistol bullets and features an adjustable center plate and bullet feed-wipers to ensure smooth feeding.

Lifetime warranty, Bullet feeder dies are sold separately.

NOTE: Bullet Feeder is designed for use with jacketed or plated pistol bullets only.

Hornady Lock-N-Load Precision Gauges

Two Gauge models fit all action types (except Winchester .94).

Lock-N-Load O.A.L. Gauges - Small changes in the clearance between the bullet and the rifling can make a big difference in accuracy. Most often, seating bullets close to the rifling will produce improved accuracy. FINALLY!!! - Here is the solution to proper bullet seating depth for precision handloaders. The O.A.L. (over-all-length) Gauge produces an accurate model of your chamber with the bullet in light contact with the lands of the rifling. The result is then measured with your caliper, allowing easy transfer of this critical dimension to the bullet seating die. This allows you to precisely regulate the bullet's clearance (free-travel) to the lands; typically .020 to .040" for hunting rounds. The O.A.L. Gauge works with any bullet you choose. Eliminates guess work. Monitors throat erosion. No other method "measures up" to the reliability and precision of this easy to use tool. Modified case (required, see below) permits Gauge use with any chamber.

Universal Trim Length Gauge -

Measures 11 popular calibers from 6.5 Grendel to 375 H&H.

Order No.	005-050149	\$11.21
-----------	------------	---------

Lock-N-Load Bullet Comparator Set w/6 Inserts- Measuring cartridge lengths across the bullet tips can cause variations from one round to the next. A Bullet Comparator allows your caliper to measure off the bullet's ogive to eliminate the variation. Also check bullet uniformity. The Lock-N-Load Comparator attaches to the blade of your caliper with a thumbscrew and uses interchangeable "inserts" available for 17 to 45 caliber. Includes the comparator body and 6 insert bushings (22, 24, 25, 27, 28, 30 cal).

Comparator Set w/6 Inserts	Order No. 005-B234	\$26.11

B-14 Comparator Set - All 14
Comparator Inserts shown above.
Order No. 005-B14 \$44.99

Cartridge Headspace Gauge - Check cartridge headspace with your caliper? You bet! This affordable gauge system eliminates the need for special "mics" for each cartridge you load. It allows you to check variations between fire-formed brass from your chamber and your resized or new brass. Works with or without bullets seated. Precisely measures brass from case-head to datum line on shoulder. Allows you to resize your brass for a proper fit with your chamber. Maximizes brass life and improves accuracy.

Hornady Case Prep and Cleaning

Lock-N-Load™ Power Case Prep Center -

- Micro adjustable to 1/1000"
- Trim cases from 3/4" to 3 1/4" in length
- Vertical design of the power trimmer and horizontal design of the tools keeps shavings from falling into cases, and makes case discharge easy
- Power Chamfer/Deburr Tool cleans inner case diameter
- Power Deburr Tool cleans outer case diameter
- Large and small Primer Pocket Cleaners
- Optional Flash Hole Deburr Tool (purchase separately)
- Optional Primer Pocket Reamer (purchase separately)
- Comes with five popular neck brush sizes

Combining essential case prep tools into one handy unit saves reloaders real estate on their bench and valuable time in the reloading process. The Lock-N-Load Case Prep Center includes a power trimmer, chamfer/deburr tools, primer pocket cleaner and five neck brushes. A primer pocket uniformer, primer pocket reamers, and flash hole deburr tool can be purchased separately. **Order No. 005-050012 \$366.74**

100 FREE BULLETS - With the purchase of the Magnum Sonic Cleaner

Hornady Lock-N-Load® Sonic Cleaners - Designed with reloaders in mind, the Lock-N-Load Sonic Cleaners excel at cleaning cartridge cases, but simply change over to Gun Cleaning solution, and they also work miracles on gun parts – it does ALL the work. The adjustable heating element of the Lock-N-Load Magnum Sonic Cleaner allows the user to dial in the correct temperature to maximize cleaning efficiency without damaging delicate parts.

Hornady Powder Measuring

Hornady Lock-N-Load® Auto Charge™ - Speed and efficiency save time and money. Hornady's Lock-N-Load™ Auto Charge™ has combined both in one extremely accurate system. Quick to setup, easy to use, and exceptionally precise to within 0.1 grains, and has a scale capacity of 1000 grains.

Easy-to-use keypad, large easy-to-read backlit display, automatic & manual dispense options, trickle function, three speed settings, overcharge protection, and easy clean out.

Order No. 005-050068 \$218.82

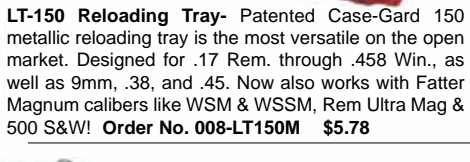

Hornady Digital Reloading Scale - 1500 grain Electronic Scale. Includes: Aluminum measure pan, 100gr calibration weight. Powered by two AAA batteries (included) and is compact (Only 5" x 3")

Order No. 005-050107 \$27.07

Hornady Lock-N-Load® Bench Scale

1500 grain capacity lets you weigh powder, bullets, cases, cartridges and more. The large LCD display is easy to read and weighs precisely to one tenth (0.1) of a grain. Included are two calibration weights, AC adaptor, 220V adaptor, and metal powder pan. Order No. 005-050108 \$89.20

MTM Ammo Can - 750 Cubic inches of durable storage for anything from ammo to reloading equipment. Thick highwall construction. Large handle, heavy-duty latch, double padlock tabs, made of rugged polypropylene. Order No. 008-AC11 \$13.79

The Lock-N-Load™ Powder Measure - Offering probably the most flexible operation and the widest range of any measure on the market today. Not only can you switch powders and settings with a single button push, but add the proper accessories and the Lock-N-Load™ Powder Measure lets you meter charges from .5 to 265 grains of powder! Mount to your bench using standard 7/8"-14 thread, use the Fast Load Powder Measure Stand or mount on the Lock-N-Load AP™ for automatic powder measuring during reloading. Order No. 005-050069 \$65.30

100 FREE BULLETS - With the purchase of the Lock-N-Load Powder Measurer

Powder Measure Mounting Kit - Order No. 005-050121 \$4.64

Go from reloading 30-06 to 45 Auto in no time. Just push the Lock-N-Load™ insert release button and insert another meter.

Fast Load Powder Measure Stand

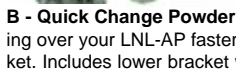

The incredibly strong Fast-Load Powder Measure Stand has a rigid frame and extra long arm that lets you fill an entire 50-count Universal Loading Block. Accepts any measure with 7/8"-14 thread. Order No. 005-050008 \$28.70

Universal Loading Block - This double side block helps you load quantities of nearly any caliber you choose. Fits magnum, 308 and 223 size case heads. Also works with Fast-Load Powder Measure Stand to reach every case in the block. Order No. 005-480040 \$5.75

A - Case Activated Powder Drop - Improved & smooth! The powder drop only dispenses a powder charge when a case is present. Works with the Lock-N-Load AP™ or other progressive presses that use 7/8" x 14 threads. Order No. 005-050073 \$50.83

B - Quick Change Powder Die - Designed specifically for use with the Case Activated Powder Drop. Makes changing over your LNL-AP faster and easier than ever! It allows you to preset dies for fast caliber conversion on the market. Includes lower bracket with guide bushing and lock ring. Order No. 005-050074 \$21.00

Powder Trickler (Shown above) - Perfect for those last few tenths! Order No. 005-050100 \$10.32

Lyman Reloading Presses and Accessories

How to pick which Press Kit is for you - Choose the press that best suits your reloading needs: If you reload only once in a while the Crusher II is for you, but if you shoot often and reload every week or month, then the T-Mag Turret Press is for you.

Lyman's Expert Reloading Kit - The best way to get started in reloading with all the top equipment. Includes your choice of the T-Mag II Turret Press or the Crusher II Single Station Press. Expert Kits are no caliber, which means that you buy a die set for the caliber(s) you are to reload. Each kit also contains: universal trimmer (with 9 pilots). Powder Scale (Either Pro 500 scale or 1000XP digital scale), 55 powder measure, case lube kit, powder funnel, deburring tool, auto primer feed, primer tray and Lyman's 49th edition reloading handbook! Order dies and shell holders separately and have a complete Expert Reloading Kit!

Along with the press, this kit includes the Pro 500 scale, case lube kit, primer tray, powder funnel, loading block, and the 48th Ed. Reloading Handbook. Just add dies and shellholder of your choice & you're reloading with the best. **Order No. 015-7810270 \$180.63**

Ideal for Pistol Reloading

T-Mag II and Crusher II Press Accessories are available to the right.

T-Mag II Press- The T-Mag II Press has a hi-tech frame design with silver hammertone powder coat finish. Base is flat machined for solid mounting to wood or metal bench. Six die stations accommodate a 3 die pistol set, a 2 die rifle set and a powder measure. Leave extra dies mounted and ready. Removeable turret features indexing handle, which also removes turret. Handle mounts for right or left hand use. **Order No. 015-7040781 \$173.68**

The Crusher II- is a true magnum press with classic "O" frame design that combines a 4 1/2" press opening with compound leverage for easy loading of even the largest rifle and pistol cartridges. Handle mounts for right or left hand use. Includes universal priming arm and primer catcher. **Order No. 015-7726300 \$121.60**

Extra T-Mag Turret - With an extra detachable T-Mag Turret, reloaders can maintain precise set-up while changing calibers. (Will fit old T-Mag). **Order No. 015-7726153 \$37.31**

Primer Catcher - Made of heavy duty plastic. Unit locks securely to press, but is easily removed when emptying primers. Fits Crusher II, T-Mag Compound Presses **Order No. 015-7726420 \$5.96**

Auto-Primer Feed - Eliminates handling of primers with oily fingers, speeds loading. Supplied with two tubes (large and small). Fits T-Mag II and Crusher II. **Order No. 015-7729050 \$21.97**

Auto-Primer Feed	015-7729050	\$21.97
Feed Tube Lg	015-7412053	5.06
Feed Tube Sm	015-7412052	5.06

Universal Priming Arm - Seats all sizes and types of primers. No extras to buy. Comes with two priming sleeves (lg and sm). **Order No. 015-7728036 \$12.24**

Rifle 2-Die Sets - Includes: Full length resizing die (with decapping stem and neck expanding button) and a bullet seating die. Best choice for loading jacketed bullets in bottlenecked rifle cases. For cast bullets, Lyman suggests the addition of a neck expanding M Die, sold separate.

Rifle 3-Die Sets -Straight wall rifle cases require these three die sets consisting of a full length resizing die (with decapping stem) a two step neck expanding (M) die and a bullet seating die. Ideal for loading cast bullets because of the neck exp.die.

Classic Rifle Die Sets -Lyman responds to the requests of Black Powder Cartridge and Cowboy Action Shooters to bring back die sets for the classic cartridges. These standard 7/8" x 14 3-die sets will fit most brands of reloading presses and include Lyman's popular "M" neck expanding die

The Two-Step Neck-Expanding (M) Die Improves accuracy of cast and jacketed bullet reloads. Doesn't stretch cases as does standard expander button. Extends case life.

Ram Prime Die System

Designed for sensitive one-at-a-time seating on top of a press. Includes large and small primer punches.

Order No. 015-7728040 \$15.53

Black Powder Taper Crimp Dies

Allows proper neck tension and minimal taper which is ideal for the compressed black powder charges.

Lyman Pistol Dies

Premium Carbide 4-Die Sets 4-Die Sets feature a separate taper crimp die and powder charge/expanding die. The powder charge/expand die has a special hollow 2-step neck expanding plug which allows powder to flow through the die from a powder measure directly into the case. The powder charge/expanding die has a standard 7/8 x 14 thread and will accept Lyman's 55 Powder Measure, or most other powder measures.

3-Die Carbide Pistol Die Sets Features; a one piece hardened steel decapping rod and extra seating screws for all popular bullet nose shapes, and steel construction.

Deluxe Rifle 3 Die Sets & Deluxe Neck Expanding Die w/ Carbide Button - By adding both a premium Carbide Expander Assembly and a Neck Sizing Die, Lyman has created two die sets in one. Neck sizing eliminates overworking the brass, extending case life.

New!

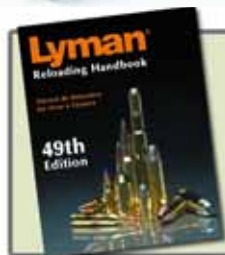

Set includes: **Deluxe Carbide Expander Assembly**, with a free floating carbide sizing button, which smooths neck expansion by moving the button up the decapping rod to better use the press' leverage. It eliminates the need for inside neck lube.

Neck Sizing Die, which allows the case to retain the precise chamber dimensions of the individual rifle while avoiding excessive working of the brass.

Standard Full Length Sizing Die, for taking brass down to factory dimensions.

Lyman Precision Scales and Powder Measurers

1200DPS 3 Digital Powder System - Lyman's Revolutionary 1200DPS Digital Powder System combines a precision electronic Powder Scale and an automatic Powder Dispenser into one easy to use design. The DPS 3 is more than twice as fast as the original DPS. Features a Auto-Repeat Setting enabling you to throw a precise charge automatically each time the pan is put in place. This scale has the capacity to store up to 100 of your favorite loads. Best of all, you can easily recall any of them by Cartridge, Specific Powder and Weight. No Powder Calibration (Flow Rate) is required, just select the load you want and start dispensing powder. It dispenses powder quickly and is accurate to + or - 1/10 grain. It can be used as a complete Dispensing System, just a scale or as a Scale and a Powder Trickler. The 1200DPS 3 is faster, accurate and affordable. Note: not for use with black powder.

110v Order No. 015-7752400 \$248.99
220v Order No. 015-7752411 \$267.52

DPS Speed Upgrade Kit - Upgrade Any DPS I or DPS II to equal the DPS3 High Speed Performance! This inexpensive replacement system installs in seconds and requires no tools. In fact, it's easier than changing powders. Best of all, it speeds up any earlier DPS to the latest, state of the art performance. Order No. 015-7752428 \$27.76

1200DPSII PC Interface- Transfer memory from your computer right to your 1200 DPSII. Includes a separate reloaders log. Stores thousands of loads! Order No. 015-7752455 \$28.86

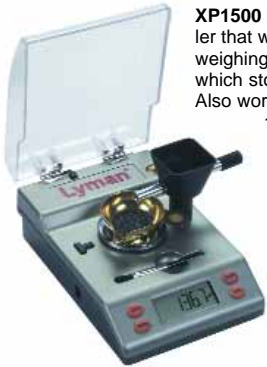

Lyman

XP1500 Electronic Scale- It's the first scale that comes with a removable powder trickler that works in right or left hand mode. The 1500 is accurate to 1/10 grain over its full weighing capacity. Features a fold back dust cover and handy "pop out" storage tray which stows accessories. Includes calibration weight, AC adapter and cleaning brush. Also works with 9V battery.

110v Order No. 015-7751500 \$146.65

XP1000 Electronic Scale- Ideal for the range or table top. The 1000 XP is accurate to 1/10 grain for the full range of its 1000 grain capacity. Slick, user friendly design has clear "snap lock" platform cover which rotates to full lay down position or may be removed. Scale works on 9V battery or with AC adapter. Calibration weight, powder pan and AC adapter included. 110v Order No. 015-7750750 \$103.90

Deluxe Scale Check Set -Includes: .5gr, 1gr, 2gr(qty 2), 5gr, 10gr, 20gr(qty 2), 50gr, 100gr and tweezer) Order No. 015-7752313 \$31.75

Shooters Scale Check Set -Includes: .5gr, 1gr, 2gr(qty 2), 5gr, 10gr, 20gr(qty 2), and tweezer) Order No. 015-7752314 \$23.80

55 Powder Measure

This powder measure dispenses a charge of smokeless powder with consistent accuracy to a fraction of a grain. The key to this unflinching precision is the 55's unique three-sided micrometer-adjustable cavity. 2400gr clear PVC plastic reservoir resists chemical action. Attached knocker assures a complete charge every time. Mount on your bench or any turret press. No funnel required. Optional powder measure stand available.

Lyman Case Preparation

A- Chamfer/Reamer -Lyman's VLD (very low drag) Chamfer/Reamer eliminates damage to bullets caused by the sharp edges of the cartridge case neck. The long boat-tail on Sierra VLD Match bullets are cut by the case mouth when chamfered with a standard 45 degree reamer. The sharp 22 degrees on the VLD reamer allows all bullets to slip easily into the case ensuring the best accuracy. Ideal For Sierra Match Boattail Bullets! **Order No. 015-7777789 Price \$9.36**

C- The Case Care Kit -Kit includes the pedestal crank, chamfer/deburring tool and a ream clean accessory kit. **Order No. 015-7777793 Price \$33.23**

D- Flash Hole Uniformer -Removes internal flash hole burrs. Consists of a tool steel cutter, shaft, shoulder stop and handle. Improves accuracy on reloads. Works with calibers .22 through .45 **Order No. 015-7777760 Price \$11.70**

B- LYMAN CASE PREPARATION KIT -Kit contains all tools needed for proper case preparation. Includes L&S Primer pocket reamer, L&S primer pocket cleaner, deburring tool, 3 neck brushes and 2 threaded handles. A truly nice kit! **Order No. 015-7777796 Price \$25.74**

E- Case lube Kit -Everything you need to clean and lube cases inside and out in one package. Large cloth lubricating pad dispenses lube evenly. Includes 2 oz. of Lyman case lube, interchangeable neck brushes, and wooden handle. **Order No. 015-7631300 Price \$15.13**

F- Cordless Power Case Prep Tool - High torque rechargeable power driver turns at the perfect speed for performing inside and outside deburring operations in seconds. Set includes all the essential case prep accessories, including large and small primer pocket reamers and cleaners, case neck brushes, and inside/outside deburring tools. With the hex adapters (included), accessories simply pop in and out of the driver, (no threading or chucking required). Set also includes standard and Phillips driver bits. **Order No. 015-7777758 Price \$45.13**

K- Case Spray Lube -5.5 ounce spray can. Lubricates cases in seconds. Won't harm powder or primers! Good for many other uses! **Order No. 015-7631296 Price \$6.33**

L- Lyman Loading Block -Holds 50 Rifle or Pistol cases. .22 through .45 cal. Molded of heavy duty plastic. **Order No. 015-7728054 Price \$5.06**

M-Lyman Magnum Inertia Bullet Puller - Safely strips loaded ammo in seconds without damage to bullet or case. Use on tiny 5.7 X 28FN to the largest Magnums. **Order No. 015-7810216 Price \$16.50**

G- Power Accessories Kit Only -The kit includes all the essential case prep accessories, including large and small primer pocket reamers and cleaners, case neck brushes, inside and outside deburring tools. **Order No. 015-7999050 Price \$28.86**

N-Case Neck Dipper -Help prolong cartridge case life. The three brush set rids of combustion residue in cases from .17 to .45 caliber. Dip in the furnished dry lube. Helps reduce friction! Now available: Mica Replacement Refill (1 oz.) NO MICA PRODUCTS CAN BE SHIPPED TO CALIFORNIA RESIDENTS!

H- In/Out Deburring Tool -Cuts deburring time in half. Simultaneously chamfers and deburrs trimmed cases. Adjustable cutting blade adapts to any rifle or pistol case from .22 thru .45 with hex adjustment wrench. **Order No. 015-7810210 Price \$12.10**

Case Neck Dipper- Mica Refill- **Order No. 015-7631360 Price \$8.13**
Order No. 015-7991415 Price \$3.58

I- Primer Pocket Uniformers -This precision tool features factory pre-set stop collar to uniform primer pocket depth to SAAMI specs. Improves accuracy. Designed for rifle cases only. **LARGE- Order No. 015-7810215 Price \$15.53**
SMALL- Order No. 015-7810218 Price \$15.53

O- Deburring Tools - Standard (.17-45cal)-Order No. 015-7810199 Price \$13.90
Extra Lg(.17-60 Cal)-Order No. 015-7810206 Price \$18.03

J- E-Zee Case Gauge -A quick and accurate gauge to measure case length for both fired and resized cases. Measure most popular rifle and pistol cases. Great for sorting large quantities of mixed brass.

LEE

Lee Breech Lock Challenger Press - Change dies instantly with a twist of the wrist, and you never have to re-adjust your die. Introducing The Breech Lock Quick Change Die System. A larger than average "O" frame opening allows for maximum hand clearance. The spent Primer catcher is positive and allows you to route the spent primers directly to the trash can. Priming is a dream with the Lee Lever Prime System. Best of all, it includes the Breech Lock Quick Change die system. Press includes (3) Breech Lock quick change die inserts.

Order No. 006-90588 \$64.16

Spare Breech Lock Inserts 2pk Order No. 006-90600 \$7.04
4 Die Breech Lock Box Order No. 006-90422 3.46

Lee Breech Lock Challenger Kit - Includes the Breech Lock Challenger Press and three Breech Lock quick-change bushings. Kit also includes Perfect Powder Measure, The Lee Safety Scale, Powder Funnel. Case Preparation Tools include a cutter and lock stud to trim cases, Lee chamfer tool, a tube of premium sizing lube, a small and large primer pocket-cleaning tool. But that's not all! You also get the Auto-Prime and a set of Auto-Prime shell holders. Order No. 006-90030 \$117.39

Lee 50th Anniversary Breech Lock Challenger Kit - All of the items in the Breech kit but the Auto prime has been replaced with the Safety Prime. Order No. 006-90050 \$117.39

Classic Turret Press - The Classic Turret features the solid steel linkage of the Lee Classic Cast. Your first stroke of the hardwood gripped lever will convince you this is one, solid smooth press! The sturdy iron base shows its Classic Cast roots. The long stroke allows rifle cases over three inches long to be loaded using the automatic index. Deactivate the Auto-Index and cases as long as the monster 50BMG can be loaded. The rigid cast iron frame supports the ram with over 12 square inches of area. Order No. 006-90064 \$103.74

Lee Turret Press - A strong and powerful tool. Compound linkage full length sizes the largest magnum cases with ease.

For left or right hand use! Built in primer catcher. Snap out turret. Primer arm lifts out to reverse for large or small size. Why fool around with screwing dies in and out when the convenience of a Lee Turret Press actually costs less? Extra turrets are available in this section. This is a press only. Order Dies separately!!

Lee Safety Prime- Never touch the primers from box to shell. Primer flip tray features a CAD designed flipping surface that instantly rights the primers. Change primer size in seconds. Primers are dispensed with a satisfying click of the primer feed trigger.

	Order No.	Price
Large & Small	006-90997	\$21.16

Update Kit for pre-2006 presses - Everything required to add primer feed. Includes both large and small Safety Primer Feed
 Order No. 006-90042 \$28.21

Deluxe Turret Reloading Kit w/Auto Index (4 Hole Turret) - The rugged turret press, along with the Auto Disk Powder Measure, produce high quality pistol ammunition with the utmost in convenience. A finished round with three strokes of the lever. When it is time to change calibers, simply snap in a new turret and begin loading within seconds. In addition the Deluxe Turret Reloading Kit comes complete with: the Lee Safety Scale, a primer pocket cleaner, cutter and lockstud, and a chamfer tool. All you need to start loading is a set of dies.
 Order No. 006-90928 \$116.03

Lee's Classic Cast Single Stage Press - Rigid cast iron frame, cast and machined in the USA. Baked powder finish and all steel linkage make this one of the most attractive and sturdy presses made. Features Large Opening, Classic "O" design for max strength, large flat base with 3 holes for mounting, Adj Handle, Auto Primer with large and small primer arms, Large Hollow Ram catches every primer. Threaded Die Adapter accepts 7/8"-14" dies, remove and press accepts 1 1/4"-12" Large series dies!

LEE

	Order No.	Price
Classic Cast Press	006-90998	\$102.38

Reloader Press - An outstanding value. Exclusive balanced lever that can't drop down to pinch your fingers. Unlimited hand clearance that only "C" frame can offer. Works equally well with the right or left hand. Even if you already own a press, an extra press is always useful for decapping, bullet seating or bullet sizing. Order No. 006-90045 \$27.49

Hand Press- This press is more powerful than some bench mounted tools. Even large magnum cases such as 375 H&H can be full length sized and loaded. Uses standard 7/8"x14 dies.

Lee Loadmaster Kits - A big press with advanced features. The ram is 1 1/4" in diameter. Stroke clearance is enough for the largest magnum calibers. The press has 5 stations and comes with turret, carrier, indexer, primer catcher, case inserter, case ejector and chute.

Grease and oil fittings insure a lifetime of service (even for commercial reloaders). Turrets are easily removed so calibers can be changed in seconds not minutes. Uses any brand of dies. Order the optional Case Collator and case feeders separately above.

Rifle kit includes: Press, dies, perfect powder measure, universal charge die and case inserter.

Pistol kits include: Press, carbide dies, pro-auto disk powder measure and case feeder.

Lee Rifle Dies

LEE

More Dies Listed Online!!

RGB Dies

RGB (Really Great Buy) Series dies in the GREEN BOX are exactly the same dies as Lee's standard red box. These sets DO NOT have the factory crimp die, shell holder, powder dipper or load data. You get the 2 die set only!!

Pacesetter Dies

Pacesetter die sets include a conventional bullet seater and roll crimper. You can choose the type of crimp you desire. These dies are your best buy. Also includes a shell holder, powder dipper, load data and are packed in a great storage box.

Limited Production Pacesetter Dies

The same features and quality of the standard dies, The price is slightly higher because production quantities are lower. These include Shellholder, Powder Dipper & Load Data. (*Notes that Lee Factory Crimp Die is NOT included.)

Collet Die Set

These dies size only the case neck to hold the bullet and are only suitable for bolt action guns that the case has already been fired in or for neck sizing new brass. The die set includes its own instructions with load data, powder dipper and shell holder.

Deluxe Rifle 3 Die Set

No case lubrication required on neck sizer die! Reduces or eliminates case trimming, an increased case life up to ten times! Unmatched speed! Truly Deluxe! Includes neck sizing die, dead length bullet seater, full length sizing die

Very Limited Production 2 Die Sets

Lee Pistol Dies

Deluxe Pistol Die Set

The Lee Deluxe Pistol Die set Combines the world's most popular carbide three-die set with the Lee Factory Crimp die at a spectacular price. Includes Shell Holder.

Carbide 3 Die Sets

Includes powder through expanding die, seating die, sizing die, load data, powder dipper and shell holder. With carbide dies, no case lube required.

Steel 3 Die Sets

Lee Steel 3-Die Sets have the same features as the carbide sets, except the case must be lubricated.

Powder Through Expanding Die

While expanding the case with a perfect flare, you can charge the case through the hollow expanding plug. Includes a powder funnel adapter. This die is also used with the Auto Disk Powder Measure for automatic case charging.

Bullet Seat and Feed Dies

Four tube magazines keeps Lee Bullet Feeders fed with a continuous supply of bullets. Listed on the chart.

Sharp Shoot R™ Royal Case & Die Lube™ - Specific for lubrication, resizing and case forming.

This product is an answer to easy and clean application of a case lubricants. This exciting product is easier to use with no messy clean-up.. It has no complicated method of application. Leaves behind a protective coating that prevents corrosion. This coating will not attract grit, grime, or dust.

Order No. 216-RLJ004 \$8.58

Order No. 006-90197 \$25.37

Red plastic box without shell holders

Order No. 006-90196 \$2.81

WARNING: Users have reported that the primers in the tray of an auto prime can explode for various reasons, some of which include: a cocked primer, or an attempt to prime a case which has a primer already in place, or more than one primer on the punch, or priming a military case with the crimp not completely removed. Should an explosion occur, tests have demonstrated that safety glasses will normally prevent serious injury to the user if CCI or Winchester primers are used, because the explosion is minimal. Other primers, however can explode with sufficient force to seriously injure the user, or persons nearby. Lee Precision does not take any position with respect to the quality or performance of primers available on the market. However, only those primers manufactured by CCI and Winchester are recommended for use in the Lee Auto Prime, and when loading those primers, safety glasses should always be used. No other primers should be used with the Lee Auto Prime.

Includes Lg and Sm Primer Trays

Lee Auto Prime and Shell Holders

Lee Ram Prime - Ram Prime primes on the press upstroke for a more sensitive feel. Includes easy to change punches for both large and small primers. Fits all brands of presses. USES STANDARD PRESS SHELL HOLDERS.
Order No. 006-90106 \$9.86

Lee Case Conditioning

Lee ZipTrim - The ZipTrim rotates your case like a lathe. While your case is mounted you can quickly trim, chamfer and polish your case. The ZipTrim power head features a steel spindle that rotates in a housing made of tough nylon.

The spindle is rotated by a recoil mechanism that puts over a 1/4 horsepower and 1,700 rpm at your fingertips!

Use the Zip Trim with your Lee Case length gauge and cutter. Also works great with the chamfer tool (order separately below)

Order Cutter, Holders, Gauges and chamfer separately below.

Lee ZipTrim Power Head Order No. **006-90899** Price **\$17.62**
Spinner Stud (for use with the 3-jaw chuck/ converts electric drill into high speed polisher/lathe) Order No. **006-90607** Price **2.81**

The 3-Jaw Chuck - Also available to use with your Zip Trim. Versatile chuck will hold the tiny 25 ACP case to the giant 460 Wby Mag and everything in between! Order No. **006-90608** \$11.27

The Lee Case Trimmer - The simplest way to check the case and trim to the correct safe length. The Cutter and Lock Stud works for all calibers. You only need one. The Case Length Gauge (Pilot) and Shell Holder must be ordered for each caliber. Use with an electric drill to trim, chamfer and polish cases fast.

Cutter & Lock Stud- Cutter and Lock Stud fits all calibers, you only need to order one of these. The case length gauge (pilot) and shell holder comes as a set. Order these from the list below. Fits only the calibers listed! Order No. **006-90110** \$4.92

Case Length Gauge (Pilot) and Shell Holder - Must be ordered as Case Length Gauge and shell holder for each caliber. See below for product numbers. \$4.22 ea

LEE

Lee Powder Handling Tools

Perfect Powder Measure - Almost as good as a scale! The Perfect Powder Measure has a micrometer adjuster that reads directly in cubic centimeters. Works for charges from two grains to over 100 grains. Changing powder is fast and easy. Free sturdy steel stand included with each measure. The valve is also a powder baffle, so accuracy is virtually guaranteed!

Order No. **006-90058** \$21.85

Lee Safety Scale - This is the only scale that can never get out of adjustment. The beam is made from a very tough phenolic. Even if dropped you can feel confident that if it did not break it is still accurate. Sensitive and readable to 1/20 grain.

Order No. **006-90681** \$22.51

Lee Powder Measure Kit - Fifteen uniformly graduated and proportioned powder dippers. Slide card shows the grains of powder each measure will dispense of every type of powder. Powder measures are inherently safe as they cannot get out of adjustment. Perfect for reloaders who load in small quantities.

Order No. **006-90100** \$9.15

Lee Powder Funnel - A large, unbreakable funnel that fits all cases from .22 to .45 caliber. Hole in flange permits mounting to the Lee Turret Press, shelf or bench.

Order No. **006-90190** \$2.47

Lee Auto-Disk Powder Measure - Use the Auto Disc Powder Measure in conjunction with your Lee Powder Through Expanding Die! Each Auto Disk measure comes complete with four charging disks containing six cavities each. A total of 24 cavities! Charges from 2 to 24 grains. Disks are changed in seconds. They slide right through when the measure is raised.

Order No. **006-90578** \$23.19

Double Disk Kit - This kit raises the hopper so you can stack two disks. This not only doubles the capacity of the disks but it makes very fine adjustments possible. Most powders can be adjusted up or down .1 grain with different combinations of disks. Complete listing of combinations, 4 extra disks, screws and risers are included.

Order No. **006-90195** \$10.56

Micro Disk - Accurately measures small charges below the range of the standard Auto-Disk Powder Measure. Six cavities range from 1.1 to 2.5 grains of Bullseye. This is an ideal kit for small caliber cases and light target loads.

Order No. **006-90302** \$6.94

Pro Auto-Disk Powder Measure - Automatically charges your case while expanding the case mouth. Elastomer wiper and the teflon coated metal casing make this the smoothest operating measure ever. The large hopper with shut off valve is attached with brass thumb nuts for the ultimate in disk changing convenience. Includes a swivel adapter which screws into your die without rotating the measure. Also comes with pull back lever. A set of 4 disks with 24 cavities included.

Order No. **006-90429** \$35.49

Pro Auto-Disk Update Kit - Update any Lee Auto-Disk Powder Measure with all the PRO features. Includes over-size hopper and valve assembly with elastomer wiper, swivel adapter assembly for fast and easy transfer between die sets, pullback lever, chain and attachments and adjustable Charge Bar.

Order No. **006-90377** \$19.03

Pull Back Lever & Chain - For progressive reloading. Eliminates the possibility of powder binding and reduces missed or double charges from operator error.

Order No. **006-90479** \$2.81

Swivel Adapter - Fast and easy transfer between die sets. Screws into your die without rotating the measure.

Order No. **006-90477** \$4.22

Adjustable Charge Bar - Infinitely adjustable between .28 and 1.6 cc. Lifetime nylon with solid brass, zero backlash micrometer. Easy to set.

Order No. **006-90792** \$7.04

RCBS Presses and Accessories

Each Master Kit includes a Rock Chucker Press, 505 Reloading Scale, Speer Reloading Manual, Uniflow Powder Measure, Hex Key Set, Case Lube Kit, Powder Funnel, Primer Tray-2, .17-.60 Debur Tool, Universal Case Loading Block and Accessory Handle. You must order dies and shell holders separately!

Rock Chucker™ Supreme Master Kit - Our Top Selling Kit! The Rock Chucker Supreme Master Reloading Kit comes with everything a beginner or expert needs to start reloading except dies, brass, bullets, primers and powder!

Piggyback IV Conversion Unit - Moves you from single-stage reloading to 5-station, manual indexing, progressive reloading in one step. Increases your output from 50 rounds an hour to well over 400. Reloads all pistol (except 25 Auto) and rifle calibers up to 30-06 (3.340" OAL). Five stations allow use of lube die, lock-out die, powder checker, or separate crimp die. Interchangeable die plate for fast and simple caliber conversion. Utilizes APS(r) Priming System, the most reliable, convenient and safest available. Self-cleaning Shell Plate Holder. Includes bullet tray, loaded cartridge box and empty case box.

Order No. 044-87811 \$403.51

Ammomaster/Piggyback Die Plate - Switch top plates quickly and eliminate the need to remove and readjust dies when making a caliber changeover for your Ammo-Master or PiggyBack. Includes a five-station top plate, clutch bearing with bushing, cam wire clip with lock nut, and set screw.

Order No. 044-88799 \$34.92

Reloader Special-5 - One of the truly remarkable values in reloading. It has everything you need to get started reloading rifle and pistol (except dies and shellholders.) The Reloader Special-5 Kit contains: Reloader Special-5 press, 5-0-5 Scale, Case Lube Kit, Primer Tray-2, Powder Funnel, .17-.60 Debur Tool, Universal Case Loading Block and Accessory Handle, and Speer Reloading Manual.

	Order No.	Price
Reloader Special-5 Kit	044-9046	\$289.03
Reloader Special-5 Press Only	044-9285	127.29

RCBS Precision Handloading DVD - Comprehensive review of RCBS equipment and accessories. Tips and tricks on how to safely and efficiently load a high volume of rounds. Clear, step-by-step directions for shotgun, rifle and pistol reloading. Narration by Jim Scoutten of Shooting USA®

Order No. 044-99910 \$8.68

Partner Press - RCBS's Smallest press, size and price wise. Perfect for beginners or experienced handloaders who want a separate press to handle different functions or calibers. The Partner Press Kit includes: the Partner Press, Case Lube Kit, Primer Tray, Powder Funnel, .17-.60 Debur Tool, Universal Case Loading Block and Accessory Handle, Speer Reloading Manual and the RC-130 Scale.

	Order No.	Price
Partner Press Only	044-87460	\$74.29
Partner Press Reloading Kit	044-87467	187.58
Dust Cover	044-86881	10.02

RCBS® Pro 2000 Progressive Press - Easy-to-use progressive press. It offers simple to use five station manual indexing. It's like having an ammo factory right on your bench! Each pull of the handle produces a perfectly loaded round. All you have to do is insert the bullet and case and rotate the shell plate by hand. Great for short pistol and long rifle cases. Cast iron frame & removable die plate. The Pro 2000 is built to last and carries a Full Lifetime Warranty!

	Order No.	Price
Pro 2000 Progressive Press	044-88875	\$534.50

RCBS 2-Die Sets Groups A & D

2-Die Sets are for bottleneck type rifle and pistol cases, and consist of a Full-Length Sizer Die with Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug.

Neck Die Sets Groups A & D

Neck Sizer Dies size only the neck of case (not the shoulder or body) just enough to snugly hold the bullet. Neck Die Sets consist of a Neck Sizer Die with Expander-Decapping Unit and a regular Seater Die with Seater Plug. Neck Sizer Dies are also available individually.

Small Base Die Sets Group A

Small Base Sizer Dies are usually required for reloading ammunition to be used in automatic, semi-automatic, pump, slide and some lever-action rifles. These dies size the body of cases somewhat smaller in diameter and also set the shoulder back slightly more than a Full-Length Sizer Die to ensure proper functioning in the actions of these rifles. Not recommended for ammunition used in bolt-action rifles. Small Base Set contains Small Base Sizer with Expander-Decapping Unit and Regular Seater Die with Seater Plug. Small Base Sizer Dies also available individually.

Tungsten Carbide Die Sets Groups B, C, & E -

The Carbide Sizer Die eliminates the need for case lubrication and cases do not need to be cleaned before sizing. Carbide Die Sets consist of a Carbide Sizer Die with Decapping Unit, Expander Die for expanding and belling the case mouth, plus a Seater Die with Roll or Taper Crimp and Bullet Seater Plug. Carbide Sizer Dies are also available separately.

Trim Dies -

Doubles as a visual case length gauge. Run a case into the Trim Die and if the case sticks out above the top of the die, it's too long. File the case down until it is flush with the top of the die. Then, deburr the case mouth with a Deburring Tool. Precision machined Sizer Die chamber with slightly larger neck to ensure accuracy in gauging case lengths. Headspace is held to minimum tolerances to avoid changing the length of the case. Heat treated to withstand a file bearing against the top surface without damage to die. Cases with an overall length of 1.700" and shorter requires the use of an Extended Shell Holder. Standard 7/8"-14 thread. Packed in a convenient plastic storage box.

Miscellaneous Die Accessories

Eight heat-treated hex keys fit most hex head screws on RCBS equipment. Key sizes: .050, 1/16", 5/64", 3/32", 7/64", 1/8", 9/64" and 5/32".

The RCBS Die Lock-Ring Wrench simply slips onto the die lock ring for quick and easy adjustment. A pivoting handle allows leverage from any angle and the heat-treated steel stands up to all the brute force you can muster.

Hex Key Fold-Up Wrench	Order No. 044-98975	Price \$8.01
Die Lock Ring Wrench	Order No. 044-9634	Price 5.87

X-Sizer Dies

Now X-Sizers are sold Separately or in Full Length Die sets! Limits growth of the overall length of a cartridge case. Eliminates the need to trim rifle cases. Excellent for both progressive and single stage reloaders. Sizes, decaps and expands the same as all full-length sizer dies.

50 BMG Dies

These massive dies are designed for use with the AmmoMaster Single Stage Press with the 50 BMG conversion kit installed. All dies are manufactured with 1-1/2" -12 thread. Full Length Die set includes Full length Sizer Die with Expander-Decapping Unit and Seater Die with Bullet Seater Plug. Trim Die is case hardened to prevent damage to the die when filing cases to length. Neck Sizer Die sizes only the neck not the shoulder and body.

Order No.	Price

IMPORTANT: Dies listed under Groups A, B, C, D, E and F are Standard Dies. If the caliber of dies you require is not listed, please call for availability. RCBS® Shell Holder numbers do not correspond to those of other manufacturers. When two Shell Holder numbers are listed, the most popular is shown first. It may be necessary to use the alternate, depending on the manufacturer and/or lot of cases being used. The numbers in () in the table indicates the following: (1) Order Shell Holder by caliber. (2) Cases may be Berdan primed. Depriming and priming must be done by hand. If cases were formed from cases having boxer-type primer, use the appropriate Shell Holder for the caliber. (4) Not available. (5) Auto 4x4 Shell Plate not available. (6) Auto 4x4 and Five-Station Shell Plates not available. (7) Use #14 for Lapua brass, #37 for Norma brass. The letter codes in the Plastic Ammo Box Size column indicate the following: SR = Small Rifle, MR = Medium Rifle, LR = Large Rifle, MP = Medium Pistol, LP = Large Pistol. * Used only with Rotary Case Trimmer and Rotary Case Trimmer-2.

Case Neck Turning Accessories - For

fast, easy removal of excessive neck thickness, high spots and case neck out-of-roundness. It guides the cutter over the sized cartridge case neck and is supported by the pilot/neck reamer. The Auto Feed Attachment fits Case Trimmer-2 only and advances the cutting tool over the case neck with each turn of the trimmer handle!

Flash Hole Deburring

Tools with Case Pilot Stops -

Burrs left on the inside of the flash hole during manufacturing can cause erratic ignition. This handy tool automatically locates the hole & quickly removes the burr. A self-centering pilot collar with an adjustable stop allows quick alignment & prevents the removal of too much brass. **\$11.82 Each**

Deburring Tool (Cases from .17 to .60) -

Larger Deburring Tool allows the inside and outside deburring of cases 17 cal to 60 cal. If you don't load cases over 45 cal, this may not be the tool for you.

Order No. 044-9348 \$19.85

AR Series Dies -

Designed for AR-style and semi-auto rifles
• Distinctive black RCBS® die box
• Taper Crimp bullet seating
• Small Base sizing
• RCBS Limited Lifetime Warranty

AR Series Dies - It features a Small Base sizing die and a Taper Crimp seating die. The Small Base sizer guarantees that the cartridge will reamber. The Taper Crimp Seater is more forgiving when various case lengths are loaded at the same time. Case neck crimp bulges and buckled shoulders are virtually eliminated when Taper crimping is used with cannellured bullets.

RCBS VLD Deburring Tool -

The increasing popularity of VLD style bullets has lead RCBS to offer a 22 degree VLD Deburring Tool. The 22 degree angle allows the bullet to be seated into the case without damaging the boat-tail and ruining accuracy. The VLD Deburring Tool can be used as is, attached to a RCBS Accessory Handle or mounted on the Trim Mate Case Prep Center.

	Order No.	Price
VLD Deburring Tool with Handle	044-9352	\$13.34
VLD Deburring Tool Only	044-9351	10.62

Stuck Case Remover -

The RCBS Stuck Case Remover extracts stuck cases from standard sizer dies without damaging the die, using a very simple two-step removal process. **Order No. 044-9340 \$16.59**

Stuck Case Remover-2 Kit -

Extract cases from dies with removable guide bushings & RCBS Competition Dies or other sizer dies with a raised expander ball. Kit contains two extractor nuts & two punch rods. **Order No. 044-9355 \$7.00**

RCBS Case Trimming

Trim Pro® Power Case Trimmer Kit - You'll actually look forward to case trimming. A low RPM motor delivers plenty of torque. The spring-fed cutter is easy and accurate. No pushing or feeding pressure is needed, leaving your hands free for deburring or other tasks. A positive locking handle and integral power switch makes it simple and safe.

Kit Includes: Shell holders 2, 3, 4 and 10
Pilot calibers: 22, 24, 25, 27, 28, 30, 35, 44 & 45

	Order No.	Price

Trim Pro Power Cover	044-86882	12.25
Power Unit only (240v)	044-90364	261.49

Kits include shell holders and pilots!

Trim Pro® Manual Case Trimmer Kit - Trim cases simply, with a few turns of the handle. The Trim Pro's spring-loaded lever shell holder eliminates the muscle fatigue associated with long hours of tightening a T-bar. The Shell Holder keeps cases securely locked in place and aligned with the cutter. It is relieved for .001" accuracy even with a spent primer in the case. Works with standard pilots & features a micrometer fine-adjustment bushing calibrated for setting exact trim length.

Kit Includes: Shell Holders 2, 3, 4 and 10
Pilot calibers: 22, 24, 25, 27, 28, 30, 35, 44 and 45

Trim Pro Handle Only - Upgrade your Rotary Case Trimmer-2 simply by adding this lever-handle shell holder system. Makes case trimming faster and easier than using the old draw collet system. It's also more accurate because the case is perfectly aligned. Uses Trim Pro shell holders.
Order No. 044-90358 \$42.47

Hand Case Neck Turner - Designed to "peel" the brass from the outside of your case necks to a consistent thickness. The cutter portion uses caliber specific pilot/mandrels (sold separately) to guide the case neck.

Features the ability to "zero" the cutter to the pilot/mandrel and then use the micrometer adjustment to dial the desired case neck thickness in .0005" increments. The Cutter can also be set for right or left handed use. The RCBS Quick Change Case Holder features an ergonomic design that allows you to rotate the case and put forward pressure to feed the case neck to the cutter.

RCBS Reloading Scales

A- 10-10 Reloading Scale- The 10-10 features a die cast base (where you can store disassembled components). Guaranteed sensitivity of 0.1 grain. Has its own storage box, no cover is needed! 1,010 grain capacity. **Order No. 044-9073 \$154.88**

B- RC-130 Reloading Scale- Accurate to +/- 0.1 of a grain. Magnetic dampening. Easily moveable three position design. Easy to read grain weight increments. 130 grain capacity. Affordable. **Order No. 044-90400 \$43.55**

C- 5-0-2 Scale - Weigh up to 505 grains with 0.1 grain accuracy. Features a magnetic dampening system for fast readings, maintenance-free movement and a rugged die-cast metal base. Tip-proof aluminum pan. Ounce-to-grain conversion table on the base for handy shotshell reference. **Order No. 044-9069 \$74.63**

D- 5-0-5 Scale - Features magnetic dampening system plus large black-on-white graduations for fast recognition. Its three-poise beam is graduated in ten, one and 0.1 grain increments. Also features a tip-proof aluminum pan, ounce-to-grain conversion on the base for shotshell reloaders. Capacity: 511 grains. A metric version with a capacity of 50.5 grams is also available. **Order No. 044-9071 \$87.31**

E- RCBS Rangemaster 750 Scale - Compact and lightweight design gives it easy portability. Grains or grams, and weighs precisely to + or - 1/10 of a grain up to 750 grains. The RangeMaster Scale comes equipped with two precision calibration weights and an AC adaptor (or can be operated with a 9V battery not included). The RCBS RangeMaster is the perfect choice for the serious shooters that demand the best performance and value. **Order No. 044-98927 110v \$118.12**
Order No. 044-98926 220v \$124.34

F- RCBS Chargemaster 1500 Scale - Grains or grams and weighs precisely to + or - 1/10 of a grain accuracy. With a 1500 grain capacity you can weigh powder, bullets, cases or even loaded cartridges. Includes two calibration weights. AC adaptor is included. The ChargeMaster 1500 Scale can be operated as an independent electronic scale or upgraded into a fully automated powder dispensing system. **Order No. 044-98920 \$186.15**

G- RCBS Chargemaster Combo, Scale & Dispenser - Use the ChargeMaster Dispenser and ChargeMaster 1500 Scale together for an unmatched combination of speed and accuracy. Dispensing time has been cut in half from previous systems. Accurately weighs and dispenses all types of powder to + or - 1/10 of a grain and can dispense from 2.0 to 300 grains. You can store up to 30 favorite loads in memory for fast easy recall. This is a complete powder system that can read and dispense in grains or grams. Includes a powder drain feature that allows for easy emptying of powder from the hopper. The ChargeMaster Scale and Dispenser can be purchased separately or as a Combo set. **Order No. 044-98923 \$354.38**

H- RCBS Chargemaster Dispenser Only - Dispensing time has been cut in half from previous systems. Accurately weighs and dispenses all types of powder to + or - 1/10 of a grain and can dispense from 2.0 to 300 grains. You can store up to 30 favorite loads for fast easy recall. **Order No. 044-98922 \$200.44**

Powder Trickler 2 Upgrade Kit - Many new electronic scales have scale pans that are positioned out of reach of existing powder tricklers. The Powder Trickler-2 solves this problem by adding a height adjustable, non-skid base and powder tube extension!
Order No. 044-9093 \$5.52

Powder Funnel - Specially designed drop tube avoids any messy powder spills around case mouths, a nonstick, anti-static surface plus square lip keeps the funnel from rolling around.

	Order No.	Price
Funnel .22 to .45 cal	044-9087	\$4.69
Funnel .17 cal	044-9086	5.78

Scale Pan w/Integrated Funnel - An integrated powder funnel that allows you to pour the powder directly into the case. Designed for use with electronic scales and powder dispensers.
Order No. 044-9090 \$6.24

Quick Change Powder Funnel - Features adapters that fit large bodied rifle cases. The 4" drop tube helps to get that compressed powder charge into the case. Drop tubes stack to increase drop length if necessary. **Order No. 044-9190 \$10.42**

Powder Trickler System - Attaches to any Uniflow™, Quick Change or Little Dandy™ powder measure. Used in conjunction with the Advanced Powder Measure Stand, the Powder Trickler system allows you to dispense and trickle a powder charge directly onto a scale pan without having to remove the scale pan for the initial filling. With a few turns of the Trickler handle, your weighed charge is complete.

The Advanced Powder Measure Stand - Improved clearance if you are dispensing charges from your powder measure directly into cases in your load block.

Powder Trickler System Combo (Includes Advanced Powder Measure Stand) **Order No. 044-9091 \$44.83**

Advanced Powder Measure Stand Only **Order No. 044-9092 20.28**

RCBS Uniflow™ Powder Measure

Uniflow™ Powder Measure - Throws consistently accurate charges reload after reload. Powder pours uniformly from measuring cylinder into case, thereby eliminating the hazards of "overloads" caused by clogging when charges are "dumped". Changes easily from charge to charge without emptying powder hopper. Numbered measuring screw is used for reference to find a given charge at a later date. Standard 7/8"-14 thread. Includes stand plate, drilled for easy mounting on a bench or under a reloading die lock ring. Two drop tubes for .22 caliber and up are supplied. Accurately measures all three major powder types - ball, cylindrical and flake. *Not for use with black powder.

	Order No.	Price
Uniflow Powder Measure	044-9010	\$79.39

Small UPM Micro Adj. Screw (.0500 Head)	044-98902	41.49

RCBS Case Preparation

CaseMaster® Gauging Tool -

A quick, convenient way to determine several important case and cartridge dimensions. The CaseMaster® gauging tool measures case neck concentricity, uniformity and thickness, as well as case length and bullet run-out. All are important to accuracy and safety.

Detects case head separation before symptoms are apparent on the outside of case. Much quicker than a dial caliper and makes a tedious job simple & less tiring. **Order No. 044-87310 \$102.31**

A - Dial Caliper/Case Length Gauge - Fiberglass reinforced super polyimid construction. Range of 0-6"/0-150mm. Direct .001" readings. Graduations .001" increments with 0.100" per single revolution of dial; 1.0mm bar scale. Dial adjustable to zero. Fourway measurements: outside, inside, depth and step. Fitted clear plastic storage case. **Order No. 044-87301 \$47.51**

B - Stainless Steel Dial Caliper - Hardened stainless steel construction. Matte, non-glare finish. Range 0-6". 0.100" direct reading per revolution. 0.001" graduations. Accurate to +/- 0.001". Four-way measurement capability: inside, outside, depth and step. Clear glass lens. Dial easily zeroed. Lock screw holds dial in position for precise measurements. Fitted hard plastic storage case. **Order No. 044-87305 \$42.37**

C - Electronic Digital Caliper - Instant reading. Very easy to use. Hardened stainless steel body for prolonged tool life. Switches from inches to millimeters with the touch of a button. Range of 0-6"/0-150mm. Accuracy +/0.001"/0.02mm. Resolution: 0.0005"/0.01mm. Adjusts to zero at any position. Measures internal, external, depth and step dimensions. Jaw depth measures about 1-1/2" outside, 5/8" inside. Battery included. Low battery indicator. Fitted plastic storage case. **Order No. 044-87323 \$62.52**

D - Electronic Digital Micrometer - Instant reading. Enameled metal body with matte finished, non-glare thimble. Outside micrometer has 0 to 1"/0 to 25mm range. Counter reads to 0.00005". Resolution 0.0005"/0.001mm. Accuracy 0.00005"/0.001mm. Instant inch/millimeter conversion. Zero adjust at any position. Thimble lock for measuring like objects. Battery included. Auto off. Fitted wooden storage cases. **Order No. 044-87320 \$124.22**

E - Vernier Micrometer - Economical version without the bells and whistles. All metal body and thimble with silver matte finish. Crisp black numbers and markings for easy reading. Range: 0-1". Reads to .0001" of an inch. Accuracy within .0001". Ratchet stop on thimble assures uniform application of pressure when measuring. Thimble lock keeps thimble from turning when measuring a constant. Adjustment wrench included. Plastic storage case. **Order No. 044-87321 \$31.02**

F - Mechanical Digital Micrometer - Quick, easy to read. Enameled metal body with satin chrome thimble. Outside micrometer has 0-1" range. Mechanical counter reads to .001". Resolution: .0001". Accuracy: .0001". Ratchet stop on thimble applies even pressure for measuring. Adjustment wrench included with fitted wooden storage case. **Order No. 044-87322 \$52.39**

Precision Mic™ - A few twists of the precision micrometer and you'll know your chamber head-space and bullet seating depth to within 0.001 of an inch!

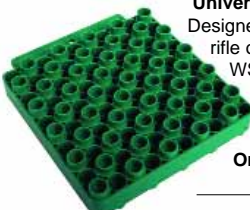

Measures from the datum point on the case's shoulder to the base! An indispensable tool that gives you SAAMI tolerance readings! **\$50.84 each**

Universal Case Loading Block-

Designed to fit most any standard rifle or pistol case including the WSM, WSSM and Ultra Mag family of cartridge cases. Holds up to 50 cases. **Order No. 044-9452 \$8.32**

Berdan Decapping Tool -

For efficient removal of Berdan primers, nothing beats the Berdan Decapping tool. Decap 8mm Rimless, 6.5mm Mannlicher-Schoenauer, & more. Includes case holder & hex wrench. **Order No. 044-9525 \$55.46**

Primer Pocket Swager Combo -

The perfect tool for quick removal of primer-pocket crimps from military cases. Unlike reaming, the pocket swager forms a perfectly round pocket correct in dimension for American Boxer-type primers. Comes with swaging heads for large and small pockets; fits nearly all 7/8" x 14 presses with RCBS-type removable shell holders. Not for use on progressive presses. **Order No. 044-9495 \$28.95**

Lube Dies - Decap and lube cases in one step with the RCBS Lube Die. Designed for progressive presses like the Pro 2000®, Auto 4x4, Piggyback™-3, and Piggyback™ II, as well as the AmmoMaster®, but works just fine in single-stage presses. Four sizes cover 45 popular calibers. It's faster and cleaner than a lube pad; easy to refill with lubricant (RCBS® Case Lube-2); standard 7/8"-14 thread. Includes one 2oz bottle of Case Lube 2.

LUBE DIE #1 Order No. 044-87551 \$33.87
222 Rem., 222 Rem. Mag., and 223 Rem.,

LUBE DIE #2 Order No. 044-87552 \$33.87

Universal Decapping Die - Use the RCBS

Universal Decapping Die to quickly remove primers from case prior to cleaning. A single die handles calibers from 22 through 25. Die body, decapping assembly with lock nut die lock ring and plastic storage box are all included. **Order No. 044-87580 \$16.01**
HD Unit 27- 45 cal 044-87585 \$16.78

Case Lube Kit - Properly clean and lube cases for resizing the simple way with this complete kit. Includes Case Lube Pad, 2-ounce bottle of Case Lube-2, and Accessory Handle with two interchangeable Case Neck Brushes for 22 thru 30 calibers. **Order No. 044-9336 \$19.19**

Case Slick Lube -

Case Slick is an exclusive formulation that provides exceptional lubricity for resizing or forming of metallic rifle and pistol cases. **Order No. 044-9315 \$8.55**

	Case Lube-2 (2oz)	Order No. 044-9311	Price \$3.47
	Case Lube-2 (1 gallon)	044-9313	131.57
	Case Lube Pad	Order No. 044-9307	Price \$8.90

Primer Pocket Swager Bench Tool

New!

Primer Pocket Swager - Bench Tool -

- Simplifies removal of staked primer pockets and requires 35% less force than other tools
- Rugged construction and foam padded handle
- Comes with hardened steel swaging heads and rods for small and large pockets
- Accommodates cases 22-caliber and larger
- RCBS Limited Lifetime Warranty

Order No. 044-9474 \$81.61

RCBS Powder Handling

Little Dandy™ Pistol Powder Measure - Perfect for handloading pistol shooters and select small-caliber rifle shooters. There are 28 interchangeable fixed-charge powder rotors available and you can load any popular powder with the Little Dandy™ in up to 400 different load combinations. There's no readjustment needed after changeover. Can be used handheld or conventional bench-mounted tool with optional Powder Measure Stand. **Order No. 044-86040 \$34.29**

Little Dandy™ Rotor Knob - Attaches to the Little Dandy™ Rotor with a setscrew, making the rotor easier to turn. Crafted of high strength aluminum with knurled outer surfaces for maximum finger-touch control. **Order No. 044-86046 \$5.15**

Little Dandy™ Rotors - Fixed-charge powder rotors that load any popular powder with the Little Dandy™ in up to 400 different load combinations. (See Charge Chart Below) **\$10.01 each**

Advanced Powder Measure Stand - This stand will raise any powder measure (with standard 7/8"-14 thread - this stand is not threaded, but is the same diameter as standard threads and will bolt tight with powder measurers locking nut) leaving plenty of space for positioning a powder scale pan or cases in a loading block under the drop tube. Bolts easily to a reloading bench or table. Also serves as a stand for holding a Piggyback™ II, -3 or -4 when not in use. **Order No. 044-9092 \$20.28**

Powder Checker - Visually check powder charges when you use a progressive press. The Powder Checker sits between the powder charging and bullet seating stations. Probe rod lets you visually confirm that the case is properly charged with powder before bullet seating. The Powder Checker also shows low and high charges too. Black oxide finish for contrast & better visibility. For use with rifle and pistol cases. **Order No. 044-87590 \$29.36**

Lock-Out Die - Detects a "no powder" or a "double charge" condition in the progressive reloading process. It locks up, halting the travel of the ram, alerting the reloader to the problem so the cause can be corrected. For use with straight-wall pistol calibers, 9mm & larger, and only on progressive reloading presses. **Order No. 044-87540 \$46.61**

RCBS Priming Accessories

Universal Hand Priming Tool - Combines the universal shell holder from the APS tool and with the primer tray from the standard tool and offers unmatched performance. The universal shell holder accepts cases from .32ACP to .45-70 Government. The patented safety gate isolates the primer seating operation from the primer supply virtually eliminating the possibility of tray detonation. The removable primer tray orients your primers for use and will fit any manufacturers primer packaging. Includes accessories to seat large and small rifle or pistol primers. **Order No. 044-90201 \$56.23**

Hand Priming Tool - Our hand priming tool not only seats primers quickly, it's also the safest. A patented safety mechanism separates the seating operation from the primer supply, virtually eliminating the possibility of tray detonation. Fits in your hand for portable primer seating. Primer tray installation requires no contact with the primers. Uses the same RCBS® shell holders (post-1980) as RCBS presses. Made of durable cast metal. Includes large and small primer plugs. **Order No. 044-90200 \$37.33**

Primer Catcher - Made to keep spent primers off the floor when ejected from fired cases. Plastic clip holds Primer Catcher snug and secure to press. Easily removed for emptying. For Rock Chucker™, "JR" and Reloader Special Presses only. **Order No. 044-9114 \$7.65**

Primer Tray-2 - The Primer Tray-2 handles today's larger primer package quantities. The square shape makes it easier to handle. Grooved tray surface quickly positions primers anvil-side up. **Order No. 044-9480 \$4.69**

RCBS Pow'r Pull® Kit - This kinetic style bullet puller's rugged one-piece body and user-friendly ergonomic handle resolves mistakes quickly and easily. The three case holding chucks will accommodate case from 5.7x28mm and .22 Hornet up through the WSM and RUM family of cartridges. **Order No. 044-9412 \$17.81**

Die or Press Maintenance Kits - Keep your reloading gear in pristine condition with the RCBS® Die or Press Maintenance Kits. Outfitted with the necessary chemicals and brushes to clean reloading dies and presses, these kits are perfect for removing dirt, oil and other debris from every nook and cranny. They also come equipped with special chemicals and oils designed for safe, long-term storage of your reloading equipment.

	Order No.	Price
Die Maintenance Kit	044-99972	\$24.24
Press Maintenance Kit	044-99971	18.59

Automatic Priming Tool - The Automatic Priming Tool is fast, accurate and highly sensitive due to a unique single-stage lever system. Primers feed through the auto primer feed tube one by one, preventing potential contamination by oily fingers. Two primer rod assemblies and two primer feed tubes are included.

	Order No.	Price
Auto Prime Tool	044-9460	\$85.83
Auto Prime Feed Combo	044-9580	25.60
APF Tube Assbly, Large (Holds 100)	044-9581	11.50
APF Tube Assbly, Small (Holds 100)	044-9582	11.50

RCBS APS Priming System

APS Hand Priming Tool - Uses CCI priming strips to eliminate headaches from spilled primers. The universal shell holder eliminates the need for additional shell holders. Full lifetime RCBS Warranty! **Order No. 044-88507 \$50.61**

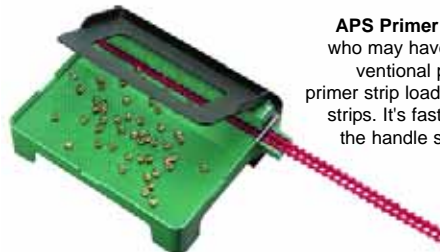

APS Bench-Mounted Priming Tool - Created for those reloaders who prefer to have a separate, specialized tool dedicated just to priming. It's a tool with exceptional feel for concise and consistent primer seating.

The handle of the bench-mounted tool is large by design to provide hours of comfortable loading. Handle position can be adjusted for bench height or personal preference.

Order No. 044-88501 \$100.00

APS Press-Mounted Priming Tool - For those of you who have limited space on your bench or prefer priming cases on a press. RCBS has designed an APS press-mounted priming tool for you. It provides the same convenience, speed and precision as the bench-mount tool except it attaches to any single stage press that accepts standard 7/8" x 14 dies. **Order No. 044-88503 \$63.88**

APS Primer Strip Loader - For those of you who may have a supply of CCI primers in conventional packaging, not to worry. The APS primer strip loader allows you to quickly fill empty strips. It's fast and simple to use; each push of the handle seats 25 primers, and its compact size makes easy storage.

Order No. 044-88505 \$30.49

APS® Unprimed Primer Strips - These strips are color-coded for fool-proof identification. Each strip holds 25 primers. Strips can be loaded with the primer of your choice using the striploader. Primers not included. **\$4.74 Each Pack**

RCBS Neck Expander for Cast Bullets

Strongly recommended when reloading cast rifle bullets in bottleneck cases. In one step, a neck expander die expands the case neck and slightly flares case mouth — critical for accurately seating bullets without shaving lead and bullet weight from their sides.

Redding Reloading Presses & Powder Measures

The Boss

The Boss - The Boss's cast iron construction insures that it will last a lifetime, yet it is priced with light-duty aluminum presses! The BOSS is powerful, remarkably easy to use, and yet sensitive enough to seat primers without crushing them.

Features:

- Rigid cast iron frame.
- 36" frame offset gives the best visibility and access of all comparable presses.
- "Smart" primer arm automatically moves in and out of position with ram travel. Priming arm is positioned where it should be - at the bottom of ram travel for the lowest leverage and best feel.
- Offset handle is in the most comfortable operating position yet out of the way for best access and visibility.
- Positive ram travel stop.
- Powerful compound linkage.
- 3 holes for rigid mounting.
- Accepts all standard 7/8"-14 threaded dies and universal shell holders.
- Shell holders may be rotated to any comfortable position desired.
- Includes primer catcher.

Order No. 076-72100 \$119.53

The Boss Pro-Pak

The Boss Pro-Pak contains the following:

- The Boss Reloading Press**, includes primer catcher.
- Model 2 Powder and Bullet Scale Powder Trickler**
- Pad Style Case Lube Kit**- Consists of a non-skid lube pad and case lube.
- Deburring Tool**- Accepts cases from .17 to .45 caliber.
- Model 18 Case Preparation Kit**- Plastic accessory handle with all the tools and brushes you need to properly clean your fired cases before resizing.
- Powder Funnel**
- Metallic Cartridge Reloading** - 3rd Edition. A single source for detailed information on advanced handloading issues, while offering a wide variety of loading data.

	Order No.	Price
THE BOSS PRO PAK	076-20000	\$266.98

Versa Pak Reloading Kit - Includes all the items listed in the Pro Pak (less press) plus a Model 3 Master Powder Measure, a 1400 XT Case Trimmer, Imperial Dry Neck Lube in Application Media, a starter size of Imperial Sizing Die Wax and our DVD, "Advanced Handloading, Beyond the Basics".

Order No. 076-35000 \$346.61

The T-7 Turret Press

The REDDING T7 Turret Press combines strength, power and convenience with the speed and versatility of a turret press!

Slide bar priming system sold separately

Features:

- 7 Station Turret Head
- Heavy duty cast iron frame.
- 1" Diameter Ram
- 4-3/4" Press opening
- Interchangeable turret heads
- Powerful Compound linkage with positive Ram stop
- Accepts all standard 7/8"-14 threaded dies and universal shell holders.
- Shell holders may be rotated to any comfortable position desired.
- Includes Smart priming arm for seating both large and small primers.

	Order No.	Price
T7 TURRET PRESS	076-67000	\$261.74
Extra Turret	076-67002	61.42
Slide Bar Priming System	076-99600	39.11
Extra Slide Bar Primer Arm	076-99585	14.22

The Big Boss II & The Big Boss

The Big Boss II and original Big Boss Reloading Presses - Both the original Big Boss and the new Big Boss II reloading presses have all the desirable features of the "Boss" reloading press, but are built on heavier frames with a 1" diameter ram and longer 3.8" usable ram stroke for reloading the largest magnum cartridges.

The Big Boss II now features the unique Redding "Spent Primer Collection System" used on the T-7 and Ultramag presses. This top of the line single station press has the largest window opening and longest usable ram stroke of any press in its class.

Features:

- "Spent primer collection system"
- 1" diameter ram
- Large 4-1/2" frame opening
- 3-3/16" of ram stroke for easy reloading of magnum cartridges
- "Smart" primer arm that moves in & out of position with ram travel
- Heavy duty cast iron frame with 36" offset for easy access and visibility
- Heavy duty compound linkage
- Steel adapter bushing accepts all standard 7/8"-14 threaded dies & is removable for use with oversized dies
- Frame with bushing removed accepts 1-1/4" - 12 dies

	Order No.	Price
Big Boss II	076-97000	\$168.39
Big Boss	076-79000	\$150.94

The Ultramag

The ULTRAMAG features a huge 4-3/4" frame opening and 4-1/8" of usable ram stroke, making it ideal for loading oversized cartridges such as the old Sharps "Buffalo Cartridges" and British "Nitro-Express" rounds.

Order No. 076-70000 \$272.21

The Competition Model 10X-Pistol Powder Measure was designed specifically for handgun and small capacity rifle cartridges. The result is a very specialized small capacity powder measure with a charge weight range of approximately 1 to 25 grains. Measure has a drum assembly that can be easily changed from right to left-handed operation. By simply removing the micrometer unit, the drum orientation can be changed so that the operating handle is on the left side of the powder measure.

Order No. 076-03400 \$167.52

Model 3 Powder Measure -

- Cast mounting bracket included with all Redding Powder Measures.
- Large capacity clear powder reservoir.
- Clear "See thru" drop tube accepts all calibers from .22 thru .50 cal.
- Body has standard 7/8"-14 thread to fit mounting bracket and optional bench stand with locking ring for fast dumping.

	Order No.	Price
Model 3 Powder Measure	076-03000	\$111.68
Model 3 Measure w/ Universal & Handgun Metering Chambers	076-03200	136.11

Model 3BR Powder Measure -

Designed with the accuracy and reliability of the original Model 3 Powder Measure. The Model 3BR Powder Measure utilizes all of the features of the original Model 3 and to that Redding added the conversion features that Benchrest shooters were looking for.

	Order No.	Price
Model 3BR Powder Measure (includes Universal Chamber Charge range appx. 5 to 100gr)	076-03500	\$141.34
Pistol Metering Chamber (Fits only 3BR Measures, Charge appx. 0 to 10gr)	076-03331	42.75
Model 3BR Measure w/both chambers	076-03700	173.62

Model BR-30 Powder Measure - The drum and micrometer limits the overall charging range from a low of 10 grains (dependent upon powder density) to a maximum of approximately 50 grains. The diameter of the metering cavity was redesigned and the metering plunger was given a unique hemispherical or "cup" shape. This shape creates a powder cavity that resembles the bottom of a test tube to alleviate irregular powder settling and to enhance charge to charge uniformity. Shown with optional bench stand and mounting clamp (sold separate) **Order No. 076-03300 \$167.52**

MODEL 2

MODEL 2: 505 grain capacity, 1/10 grain accuracy, pour spout pan, simple two counterpoise system, 1/10 grain over/under graduations. **Order No. 076-02000 \$75.03**

MODEL 5 TRICKLER: Weighs a pound so it won't move all over your bench while you are trying to use it. Perfect height for most powder scales. **Order No. 076-05000 \$20.07**

The die box is a handy cartridge loading block and storage package. All Redding dies have industry standard 7/8-14 threaded bodies.

Full Length Die Sets for bottleneck cases contain two dies. The full length resizing die contains a decapping rod assembly with a neck expander (size button). The seating die includes bullet guide, built-in crimping ring and the proper seating plug.

Straight Wall Case Die Sets contain three dies. The full length resizing die contains a decapping rod assembly. The expander die contains a neck expanding plug. The seating die includes bullet guide, built-in crimping ring and the proper seating plug.

Deluxe Die Sets for bottleneck cases contain three dies. The full length resizing die contains a decapping rod assembly with a neck expander (size button). The seating die includes bullet guide, built-in crimping ring and the proper seating plug, and neck sizing die.

Pistol Trim Dies

Redding trim dies for pistol calibers allow you to file trim your cases without excessive resizing. Pistol trim dies require extended shellholders. See adjoining chart for available calibers and the extended shellholders required.

Neck Sizing Dies

These dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important to note that since these dies size only the neck and not the shoulder or body, fired cases should not be interchanged between rifles of the same caliber. Available individually or in a Deluxe Die Set.

Taper Crimp Dies

Designed for handgun cartridges which headspace on the case mouth where conventional roll crimping is undesirable. Also available for some revolver cartridges, for those who prefer the uniformity of a taper crimp.

Form & Trim Dies

Redding trim dies allow you to file trim your cases without unnecessary resizing because they are made to chamber dimensions. Other manufacturers use sizing die dimensions, forcing you to full length resize when trimming. For case forming and necking brass down from another caliber, Redding trim dies can be the perfect intermediate step before full length resizing

Profile Crimp Dies

These handgun cartridge crimp dies were designed for those who want the best possible crimp. Profile crimp dies provide a tighter, more uniform roll type crimp, and requires the bullet to be seated to the correct depth in a previous operation. These dies are not for cartridges that headspace on the case mouth.

Pistol DieSets In Titanium Carbide

Titanium carbide differs considerably from tungsten carbides, and is one of the most ideal materials for resizing cartridge cases. Titanium carbide has the highest hardness of any readily available carbide, and those smooth rounded micrograins present a slippery, non-galling surface that is simply unattainable with other carbides.

Pro Series Die Sets In Titanium Carbide - The "Pro Series" is a specially prepared three (3) die set for use in progressive reloading machines. Since the most popular machines do not make use of an expander die, it has been eliminated in the "Pro Series" sets. The sizing die is the extraordinary Redding Titanium Carbide, complete with a decapping unit.

ALL DIES ARE SUPPLIED WITHOUT BUSHINGS
SEE NECK SIZING BUSHINGS FOR #S

Redding's Bushing Style dies create positive alignment between the bullet and cartridge case prior to bullet seating. The precision fitting seating stem is allowed to move well down into the chamber of the die to accomplish early bullet contact. The spring loading of the seating stem provides the positive alignment bias between its tapered nose and the bullet ogive. This spring loading and bullet alignment are maintained as the bullet and cartridge case move upward until the actual seating of the bullet begins.

Body Dies
Body Dies are designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck.

Neck Sizing Bushings

Bushing storage box is available separately.
Order No. 076-76999 \$2.13

TO DETERMINE BUSHING SIZE:

The correct bushing size can be determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer. With this measurement, subtract .002" to .003". This will allow for approximately .001" brass spring back after sizing and will result in a proper press fit for the bullet of .001" to .002".

Heat treated steel. The sizing diameters are hand-polished with a surface hardness of Rc 60-62 to reduce sizing effort. *Notes that is available but is not part of our inventory.

Steel Neck Sizing Bushings \$12.44

30-06 Springfield	076-74148	30.57

Redding Decapping Pins 5 Pack

Order No. 076-01057P \$2.13

Shell Holders

Redding shellholders are of a Universal "Snap-In" design recommended for use with all Redding dies and can be used with other brands as well. Look at the number in parentheses after die caliber in the die listings for proper fit. If you need one for a caliber not listed, please ask our Tech.

How to find Shell Holder Size: Look at the die caliber in our Redding die listings, and the number of the shell holder is listed next to the caliber in parentheses.

Example: 223 Remington(SH#10)

Shell Holders \$7.33

Redding Case Trimmers and Accessories

Model 2400 Match Precision Case Trimming Lathe - The Model 2400 Case Trimming Lathe uses the extended cast iron frame of the Model 1400-XT to maximize case length capacity. The innovative push button chuck lock simplifies loading and unloading while facilitating perfect alignment of the case and pilot. Also increases case length capacity; accommodating not only the latest long action cartridges but old time classics as well. Case lengths up to 3-1/4" can be handled.

The Micrometer adds precision and repeat-ability to the case length adjustment. Changes of as little as .001" can be easily dialed in.

Includes:

- Universal collet (no others to buy)
- Replaceable Titanium Nitride (TiN) coated cutter
- Six pilots - .22 cal., 6mm, .25 cal., .270 cal., 7mm and .30 cal.
- Two neck cleaning brushes (.22 thru .30 cal.)
- Large and small primer pocket cleaners.

Model 2400 features:

- Micrometer...easy adjustments of .001".
- Cast iron frame to maintain precision alignment.
- Push button collet chuck is ideally suited for use with optional power adapter.
- Handles 3-1/4" case length.
- Universal collet fits all popular cases - no others to buy.
- TiN (Titanium Nitride) coated replaceable cutter.

Order No. 076-24000 \$149.31

Model 1400-XT Case Trimming Lathe - Cast iron frame that has been extended to handle all the latest long action cartridges. This case trimmer was designed using precision lathe principles. The TiN coated cutter is held stationary while the case is turned; this produces cases that are perfectly square, resulting in increased accuracy from your handloads.

Includes:

- Universal collet (no others to buy)
- Replaceable Titanium Nitride (TiN) coated cutter
- Six pilots - .22 cal., 6mm, .25 cal., .270 cal., 7mm and .30 cal.
- Two neck cleaning brushes (.22 thru .30 cal.)
- Large and small primer pocket cleaners.

Order No. 076-14000 \$86.21

Model 1400 Cutter Shaft Only	076-14030	8.00

Bench Stand & Clamp

For convenient bench-top mounting of Redding Powder Measures. Will also fit all other Powder Measures with 7/8-14 thread mounting. This bench stand is not threaded; it is secured with a locking ring which enables you to rotate the measure to any desired position and permits quick dump of the reservoir. Clamp allows mount without bolting.

	Order No.	Price
Bench Stand	076-06000	\$30.22
Double "C" Clamo	076-30520	21.97

Redding / Imperial Sizing Die Wax - The original non-liquid sizing die lube. 1 oz. tin.
Order No. 076-21022 \$5.15

SAECO Lead Hardness Tester

A precision instrument which accurately determines the hardness of a bullet casting alloy. The SAECO Lead Hardness Tester pays for itself by allowing you to convert scrap lead into casting alloy.

Order No. 076-42000 \$143.81

Rifle Primer Pocket Uniformers

Designed to cut primer pockets to a uniform depth and square to the case head. The depth of cut is to SAAMI specifications and is controlled by a shoulder ground into the cutter that cannot change.

Each cutter is supplied with an integral holder having a #8-32 threaded shank to fit the Redding accessory handle.

	Order No.	Price
Large Primer Pocket Uniformer	076-09100	\$25.06
Small* Primer Pocket Uniformer	076-09105	25.06
Power Screwdriver Adapter	076-09110	2.31

*Note: Small Rifle Primer Pocket Uniformer is dimensionally correct for small pistol. Do not use the Large Rifle Primer Pocket Uniformer for Large Pistol.

DIE SPACER KIT For use with combination die sets and all 7/8-14 reloading dies to quickly compensate for case length or make a no-crimp adjustment without the need to move the lock rings.

The kit includes three spacers: (.062) No-crimp or partial resizing, (.125) 44 Spl/44 Mag spacer, (.135) 38 Spl/357 Mag spacer.

Order No. 076-80901 \$8.00

Redding Case Neck Gauge

Possibly one of the most important tools you will ever use! A quick and easy way to sort cases by neck wall thickness and uniformity. This tool allows you to accurately measure the neck wall thickness of the cartridge case and determine its uniformity.

Two mandrel sizes are supplied to allow measurement of all cases from .17 cal. to .338 cal.

Mounting base allows direct attachment to your reloading bench, or use the Redding double "C" clamp

Order No. 076-26400 \$78.21

Pilot stops are required for each caliber (see chart below). Two pilot stops are supplied with the tool, .22 cal. and .30 cal.

Stainless Steel Pilot Stops \$6.22ea

Precision CNC machined stainless steel, for use with the Redding Case Neck Gauge and Flash Hole Deburring tools. For 3/16" dia mandrels unless noted with an asterisk (*). *Pilots for small diameter 9/64" mandrels.

Order No.	Caliber	Order No.	Caliber

076-06125	25cal	076-06133	338cal

*Pilots for small diameter 9/64" mandrels

Both tools use Stainless Steel Pilot Stops listed below.

Universal Flash Hole Deburring Tool with Handle

For all calibers from .22 thru .338 cal. using standard (.080") flash holes. This tool controls the cutting depth with a built-in stop that locates on the inside web of the case. A unique feature of this tool is the cross drilled hole for chip relief. Uses standard pilot stops for 3/16" mandrels. Includes .30cal pilot stop

Order No. 076-06100 \$21.33

Small Flash Hole Deburring Tool with Handle

For .17 & .20 cal. and cases with small (.060") flash holes. This tool does not control the cutting depth. The operator must control the cutting depth using the small pilot stops for 9/64" mandrels. Includes .22cal pilot stop

Order No. 076-06110 \$21.33

Co-Ax[®] Case And Cartridge Inspector - Forster's exclusive Co-Ax[®] Case & Cartridge Inspector provides you with the ability to ensure uniformity by measuring three critical dimensions: Neck wall thickness, Case neck concentricity, and Bullet runout. Measurements are in increments of one-thousandth of an inch so accuracy is superb. **Order No. 070-010482 \$71.44**

FORSTER PRODUCTS

Extremely accurate and remarkably easy to use because they size the neck and shoulder of the case in just one step. Bushing Bump Dies also prevent over working the case necks, and allow control of the amount of neck tension for your bullet seating operation.

Headspace Gages The best way to check your rifle chamber for safety.

Every gunsmith knows that proper use of a headspace gage is the most reliable way to test the length of a rifle chamber. "Headspace" is the distance between the face of the breech and the base of the cartridge when the action is closed, and excessive headspace can be dangerous as well as impair accuracy. For instance, unsupported brass fired in a rifle action with excessive headspace can rupture, allowing gas to blow rearward like a rocket exhaust.

Important Guidelines For Measuring Headspace:

- If a rifle closes on a GO gage, the rifle chamber will accept any ammunition that is made within S.A.A.M.I. (industry standard) specifications.
- If a rifle closes on a NO GO gage, the rifle chamber might have excessive headspace. Most gunsmiths chamber a rifle's headspace between the GO and NO GO dimensions.
- If a rifle closes on a FIELD gage, rifle chamber is dangerously close to or already over the S.A.A.M.I. specified maximum chamber size.

Forster Case Trimming

The "Original" Forster Case Trimmer - The right choice for most calibers with bullet diameters from .171" to .459". It's actually a fine miniature lathe with a superior shell holder design based on a Brown & Sharpe type collet. Collets #1 through #4 fit the "Original" Case Trimmer and hold the rims of most rifle and pistol calibers within that range. The "Original" Case Trimmer allows you to go as far as you need to go with your reloading because it allows you to expand your system by adding any of the accurizing accessories. **Order No. 070-CT1010 \$54.39**

The "Original" Forster Case Trimmer Kit - Kit comes complete with the "Original" Case Trimmer, collets 1, 2 & 3 and pilots 22, 24, 25, 27, 28 & 30 which satisfy the needs of most rifle handloaders. **Order No. 070-CTK100 \$82.09**

Forster "Classic" Case Trimmer - Larger than the "Original" Case Trimmer, the "Classic" accommodates a large range of classic cartridges. It's suitable for more than three-hundred different big bore calibers from popular big game rifles to classic black powder calibers. The "Classic" trims case lengths from 1 7/8" long through 4 1/8" long; shorter cases can be trimmed by mounting on a standard length base(sold separately). **Order No. 070-CLCT00 \$74.57**

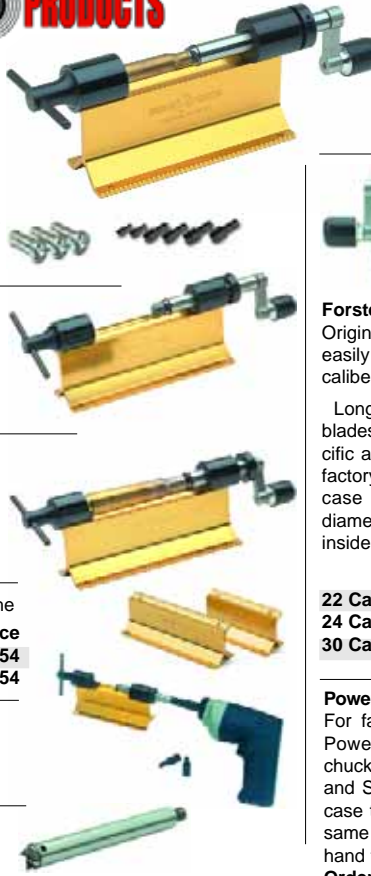

.50 BMG Case Trimmer - Enthusiasts of the .50 Cal BMG cartridge now have access to a reloading tool to help them economize on the high cost of ammunition. The .50 BMG Case Trimmer is designed specifically for the reloading needs of .50 Cal BMG shooters. It does not require a collet but it comes complete with a #510 pilot and rim holder. Optional # 505 pilot may be needed for some 50 BMG Cases. **Order No. 070-50BMGCT \$80.21**

Short And Long Case Trimmer Bases - Two optional bases are available for the "Original" Case Trimmer.

	Order No.	Price
Short Trim Base .374 or shorter (4 5/8" long base)	070-CTB102	\$15.54
Long Trim Base for .375 or longer (6 1/2" long base).	070-CTB103	\$15.54

Power Adapter - This simple to use device screws onto the cutter shaft of your Forster Case Trimmer in place of the hand crank. The adapter functions best with a cordless screwdriver that has an rpm of 140 or higher. It may also be used with a small power drill. **Order No. 070-PA1000-100 \$12.05**

	Order No.	Price
Replacement Cutter Shaft .17 Cal. Only	070-CT1010-CTC417	\$14.90
Replacement Cutter Shaft All Cal. But .17	070-CT1010-CTC400	14.90

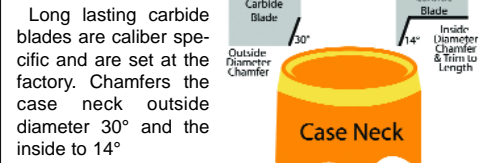

Deburring Tool - Those sharp corners and edges that result from trimming a case can be removed quickly and accurately with an Inside-Outside-Deburring Tool. DBT Base is fast and saves allows you to keep your trimmer ready for trim jobs!
Order No. 070-DB1000 \$15.54

Optional DBT Base - DBT Base is fast and saves allows you to keep your trimmer ready for trim jobs!
Order No. 070-DB2000 \$24.35

Forster 3 in 1 Case Mouth Cutter - Accessory for your Original Case Trimmer. It fits over the cutter shaft and easily secures with one set screw. It is available in three calibers.

Order No.

22 Cal	070-3CUT224	\$54.41
24 Cal	070-3CUT243	54.41
30 Cal	070-3CUT308	54.41

Power Case Trimmer w/out collet or pilot - For fast and accurate case trimming try the Power Case Trimmer. The cutter shaft chucks into a drill press. The same Brown and Sharpe type collet that makes our hand case trimmer so accurate is used. Uses the same collets and pilots as the hand tool.
Order No. 070-PT1010 \$51.39

Case Trimmer Collets and Pilots

These collets and pilots are designed for use in both the Forster hand and power trimmers. (Please be careful when ordering these. If you give the wrong number, you will receive the wrong item). **If you order the .17 pilot, you must order the .17 caliber cutter shaft in the trimmer section to use the pilot!

	Order No.	Price

Berger Bullets

- Extra heavy tapering jacket wall
- Internally bonded lead core
- Reliable expansion and penetration
- 80%+ weight retention.

Swift Scirocco - Scirocco II bonded is the perfect bullet design for today's fast, flat-shooting, long-range cartridges. Its scant ogive, 15-degree boat tail base and Signature Black Tip™ create a sleek, aerodynamic profile that helps maintain down-range velocities and flat trajectories. .

Swift Rifle Bullets

- Cross-member jacket design
- Bonded front core

Swift A-Frame - Famous for its ability to combine three critical performance features – controlled expansion to 2X original diameter, deep penetration and 95% weight retention at all velocities. This has made it the bullet that hunters shoot with confidence, at any game, of any size, close up or far

Barnes Rifle Bullets

Triple Shock-X Bullets - Lead Free 100% Copper Construction, Fast expansion and won't fragment.
Maximum Range X-Bullet - Copper Body with a patented tungsten based Silvēx® Core and Delrin® Tip.
Varmint Grenade™ - Copper-tin composite core, Lead Free and accurate!
Tipped Triple Shock-X Bullets - 100% Lead Free Copper Construction with Polymer tip for instant expansion.
Banded Solids™ - Machined from homogenous copper/zinc alloy. Won't disintegrate or deflect on heavy bone.
MPG™ Frangible- Multi-Purpose Green (MPG™) technology developed for military and law enforcement applications. MPG bullets feature a highly frangible, powdered-metal copper-tin core inside a guiding metal jacket.

MatchKing® - For serious rifle competition, the hollow point boat tail design provides that extra margin of ballistic performance match shooters need to fire at long ranges under adverse conditions.

GameKing® - Designed for hunting at long range, boat tail design greatly reduces drag. Resulting in higher retained velocity, greater striking energy, a flatter trajectory and less wind drift than comparable flat base bullets.

BlitzKing® - Lightly constructed poly-tipped bullets provide explosive expansion while minimizing ricochets, and lightweight to obtain high velocities with flat trajectories.

Varminter® - Lightly constructed bullets provide explosive expansion while minimizing ricochets.

Pro-Hunter® - The flat base design has been skillfully blended with Sierra's custom-tapered jacket design helps assure maximum expansion, optimum weight retention and deep penetration for game-stopping.

Sports Master® - Handgun bullets engineered to provide consistent, reliable expansion. Serrated "Power Jacket" on hollow cavity and hollow point bullets. Expands uniformly for consistent weight retention.

Berger Match Grade Bullets - Match grade bullets, Berger uses the highest quality copper and lead available. Features the J4 Precision Jacket, recognized around the world for the best concentricity available.

100 Per box unless otherwise noted
 **Notes 200 per box

Note about Bullet Twist: Bergers recommended bullet/barrel twist rates are listed next to the bullets. Where Twist is listed, it refers to twist of barrel or faster (example 1 in 19" = 1 in 19" or faster)

See Page 108

Best Bulk Bullet Deal Around!

Varmint Nightmare Bullets

Midsouth's Varmint Nightmare - Our original Varmint Nightmare is a great choice for all varmint hunters. This is a .22 caliber .224 diameter bullet that comes only in 55 grain. Packaged in 500 count or 2000 count. These bullets have a cannellure.

Caliber	Weight	Order No.	Price
22cal .224dia	55gr(500)	004-22455SP500	\$40.68
22cal .224dia	55gr(2000)	004-22455SP2000	157.05

Midsouth's .224 Diameter Varmint Nightmare X-Treme - Our Varmint Nightmare X-Treme is derived from an undisclosed premium bullet manufacturer. Also a .22 caliber .224 diameter bullet but with the choice of 50 or 55 grain. Varmint Nightmare X-Treme packs a powerful punch that will get the job done right.

Hornady GMX™ Bullets

The Hornady GMX™ (Gilding Metal eXpanding) bullets. GMX bullets are constructed of the same gilding metal used to make ultra-consistent Hornady bullet jackets. Gilding metal doesn't foul like "sticky" solid copper, and strategically located grooves in the bearing surface of the bullet reduce pressure. These additions make the GMX easy to load using standard published data for comparable Hornady SST® bullets.

Accubond® - Poly Tipped, Fully tapered, heavy alloy jacket is bonded to the special lead alloy core designed for controlled expansion, deep penetration and a 60-70% weight retention.

Partition® - Special lead alloy dual-core construction provides superior mushrooming at all impact velocities.

Ballistic Tip - Fully tapered jacket and special lead alloy core allows controlled expansion and optimum weight retention. Polycarbonate tip resists deformation in the magazine and initiates expansion upon impact.

Custom Competition™ - Form fitted lead alloy core & quality jacket engineered to exhibit unmatched accuracy.

E-Tip - 100% Lead Free! Exclusive E² Cavity (Energy Expansion Cavity) allows for immediate and uniform expansion with 95%+ Weight Retention, OD green polycarbonate tip

Ballistic Tip Lead Free - Lead Free! Metallic Colored Polymer Tip, Explosive Expansion, Larger Cavity. Certified for use in California's Non-Lead Zone.

On Target Powder Drop

American Design

American craftsmanship on German high quality CNC machine

On Target Powder Drop - Throw range 0-85 grains. Culver type powder drum individually fitted into the body hole, complete with 2 drop tubes and 1 bottle. Machined C-Clamp at rear.

Order No. 175-800200 \$245.05

Maximizes the best features of two great types of hunting bullet construction. It delivers the extreme accuracy and retained energy you would expect from a tipped bullet, in combination with the outstanding penetration and weight retention that only a bonded non-tipped bullet could deliver. Devastating on-game performance from 50 to 500 yards.

Trophy Bonded Bear Claw - Machined jacket from gilding metal, and a solid rear shank for integrity.

Grand Slam - Thicker fluted jacket for controlled expansion and weight retention.

TNT Bullets - Varmint bullet, small hollow point opening. Thin, straight-taper jacket for complete roll-back.

TNT Green - These excellent varmint options use non-lead technology for great terminal performance.

Trophy Bonded Sledgehammer - Retained weights of over 95%, Fusion Bonded Core, Solid copper shank.

UniCor - True bonded jackets for integrity, Profiled for a variety of shooting sports.

GoldDot - Core and jacket are notched for uniform expansion. Nose profiled for smooth function in semi-autos

Glow Ammo is a cold tracer technology that can be applied to any cartridge that you are hand loading. It turns a bullet into a non-incendiary tracer. There is no fire hazard because there is no fire or flame associated with the trace Glow Ammo and it's safe to shoot at any range. The light signature is only visible from the shooter's perspective, so your trace will not give you away. Apply the glow material to the base of the bullet and hand load as usual. The Glow Ammo technology does not adversely affect accuracy and only adds about one grain to the base of the bullet. Glow Ammo is best suited for the low-light situations that criminals prefer! Glow Ammo is easy to use and is addictive fun on the range and invaluable for personal self-defense.

COMPONENT & AMMUNITION UPDATES : While prices do seem to have stabilized somewhat, availability seems to be the issue this year. As our administration settles in, demand for shooting related products has more than doubled. Manufacturers are trying their best to supply what is being ordered, but it seems they are having a hard time catching up. The prices shown in this catalog are current as of February 2012. We apologize for any increases or price discrepancies in advance.

Magnus Bullet Company Lead Cast Bullets

Magnus Bullets are hard case match grade, synthetic lubricated bullets that are made in the USA (in Alabama). Contains virgin alloy of 8% anti-mony, 2% tin, and 90% lead, 18 to 20 BHN hardness. These quality rifle and pistol bullets were used to set the National Civilian Team Record in 1991 (a record that to date is unbeaten). For any questions on performance, etc., call Terry at Magnus Bullet Co., 256-420-8359.

COMPONENT & AMMUNITION UPDATES : While prices do seem to have stabilized somewhat, availability seems to be the issue this year. As the administration settles in, demand for shooting related products has more than doubled. Manufacturers are trying their best to supply what is being ordered, but it seems they are having a hard time catching up. The prices shown in this catalog are current as of February 2012. We apologize for any increases or price discrepancies in advance.

Bullet
Guide

- SWC** - Semi-Wad Cutter
- BB** - Bevel Base
- TC** - Truncated Cone
- FP** - Flat Point
- LN** - Long Nose
- RNFP** - Round Nose Flat Point
- FB** - Flat Base
- DEWC** - Double Ended Wad Cutter
- WC** - Wad Cutter
- JSP** - Jacketed Soft Point
- TCFM** - Truncated Flat Meplat
- JSPHB** - Jacketed Soft Point
Hollow Base

**Advanced Handloading
Beyond the Basics - DVD**
Redding, Sierra and Wolfe Publishing have teamed up to bring you an advanced handloading DVD. This video covers advanced techniques needed to enhance your ammunition accuracy.

John Barsness hosts this DVD and teaches you how to use advanced tools to make your handloads shoot better. **Order No. 144-5449 \$19.09**

RCBS Precision Handloading DVD -
Comprehensive review of RCBS equipment and accessories. Tips and tricks on how to safely and efficiently load a high volume of rounds. Narration by Jim Scoutten of Shooting USA®

NormaUSA Unprimed Brass

Norma products are known worldwide for high quality. Cartridge cases are an important factor in this reputation. Superior quality ensures a long life and many reloads. Norma cases are made of the best possible raw materials with the narrowest tolerances, and they deliver accuracy round after round.

The case neck is annealed to become softer. This prevents gas leaks and enables the case to hold the bullet firmly for at least 10 years without cracking as a result of aging material. Further down on the case body, the hardness increases to avoid unnecessary stretching. If it is too hard, it would bring the risk of cracks.

Furtherest down, around the primer pocket, the brass should be firm. Here, the hardness is nearly twice that of around the neck. The structure of the material reveals the hardness. During processing the large, soft grains are broken down into smaller ones, which makes for a harder material. At the annealing, small grains become bigger and the hardness decreases.

The Kit contains a quart of Case Cleaner, a bucket and strainer bag.

Case Cleaner Kit & Case Cleaner - Restores brass casings to a bright finish in seconds. Just immerse the casings in the solution for from 20 seconds up to five minutes, rinse, and dry. It cleans the inside of the casings and the primer pocket where tumbling media is not effective.

Solution is reusable, economical and environmentally friendly. 1 quart cleans approximately 1500 casings.

	Order No	Price
Iosso Cleaning Kit	200-10400	\$14.61
Case Cleaner 32oz	200-10401	7.32
Case Cleaner 1 Gal	200-10402	21.82

See our test of the Iosso Cleaning Kit on YouTube -

Go visit our YouTube Channel - Or, go to our website and see it on the Iosso Cleaning kit page!

Iosso Case Polish -

Cleans and polishes brass casings to a high luster. Removes powder fouling, tarnish, residue, oxidation, and discoloration. Reduce tumbling time by adding Iosso Case Polish to your media before tumbling.

IMR 8208 XBR

Introducing IMR® 8208 XBR Super Powder - Shawnee Mission Kansas- IMR® Legendary Powders introduces a super powder, IMR 8208 XBR. IMR 8208 XBR is a remarkably advanced technology propellant perfected for the greatest match, varmint and sniper rounds known today---223 Remington/5.56mm, 308 Win./7.62 mm, 6mm PPC, 204 Ruger, 6mm BR, 22-250 Remington and similar calibers.

This short grain extruded rifle powder exhibits a previously unheard of consistency with virtually no change in velocity at temperatures ranging from -40 degrees F to 165+ degrees F. Uniformity from shot to shot translates into tack driving accuracy and this powder has passed the test:

- Currently loaded in premium factory sniper type ammunition
- Leading competitive bench rest shooter Mr. Lou Murdica won numerous matches with it in 2009, starting with Heavy Varmint Grand Aggregate at the Cactus Classic
- August 2009 Mr. Jim Carmichel won the International Benchrest Shooters Association's 40th Group National Championships, Heavy Varmint Grand Aggregate. Because temperature conditions change, bench rest shooters vary charge weights during a day's competition. What is significant here is that Jim shot the exact same load of IMR 8208 XBR both days to win the event

Hodgdon / Hornady Powders!

LEVERevolution & Superformance - Hodgdon® Powder Company and Hornady® Manufacturing have teamed together to answer the frequently asked reloading question; "Can I buy the powder used in Hornady LEVERevolution and Superformance factory ammunition?" Yes, this is the same spherical propellant used in Hornady's innovative and award winning high performance factory ammunition. Because these propellants are tailored for specific applications, the number of cartridges and bullets is limited, but where it works, it really works!

	Order No.	Price
Leverevolution 1lbs	034-HLR1	\$19.03
Leverevolution 8lbs	034-HLR8	136.27
Superformance 1lbs	034-HSP1	19.03
Superformance 8lbs	034-HSP8	136.27

Hornady Critical Defense Handgun Ammunition

Built for Concealed Carry guns

- The patented FTX™ bullet will expand reliably EVERY SINGLE TIME!
- Patented Flex Tip® bullet
- Optimized propellants burn quickly, reduce recoil and limit muzzle flash to protect night vision.
- Shiny nickel cases resist tarnish and greatly enhance low-light chamber checks.
- Cannelured and crimped bullets to avoid setback.

Hornady Steel Match

Steel Match ammunition is loaded at the Hornady factory with optimized propellant for each load that provides consistency and the highest levels of accuracy. Utilizing polymer coated steel cartridge cases, and non-corrosive berdan primers, Steel Match ammunition delivers Hornady quality and performance, but with an economical price (saves as much as 40% when compared to brass case match ammo).

Hornady TAP Ammunition for Personal Defense

Hornady's family of TAP For Personal Defense ammo is superior tactical ammunition designed specifically for protection from deadly threats. TAP For Personal Defense ammunition is engineered to deliver reliable, consistent performance every single time. Revolutionary black, nickel-coated cases eliminate the potential for corrosion and improve feeding in all firearms. Propellants are engineered to protect your night vision by minimizing muzzle flash.

Hornady Superformance™ Ammunition -

The standard by which all ammunition will be judged. Superformance ammunition is 100 to 200 fps FASTER than any conventional ammunition on the market today, and achieves this performance in EVERY gun, WITHOUT increases in felt recoil, muzzle blast, temperature sensitivity, fouling or loss of accuracy.

Superformance uses ultra progressive propellants that take your favorite SST or GMX bullets to levels of performance that are simply unattainable with conventional propellants.

Superformance provides increased performance, and is safe to use in ALL firearms, including semi-autos, lever gun and pump actions.

What Makes Superformance Different? Hornady increases your favorite rifle's performance up to 200 fps WITHOUT extra chamber pressure, recoil, muzzle blast, temperature sensitivity, fouling or loss of accuracy. Superformance™ uses ultra progressive propellants that take your favorite SST® and GMX® bullets to levels of performance that are simply unattainable with conventional propellants.

Sizzling Velocities -

Superformance ammunition is 100 to 200 fps FASTER than any conventional ammunition on the market today. It achieves this performance in EVERY gun without increases in felt recoil, muzzle blast, temperature sensitivity, fouling or loss of accuracy.

Superformance Ammo Loads -

The GMX® bullet is constructed of gilding metal (95% copper 5% zinc) which reduces fouling and increases accuracy. GMX® bullets deliver flat trajectories, DEEP penetration, devastating terminal performance and 95% weight retention from 2000 to 3400 fps. The GMX® bullet is tough enough for any game and is "California Compatible."

The SST® bullet has earned the reputation of being a tough, accurate, flat shooting hunting bullet. Its polymer tip streamlines the profile to deliver high B.C.'s and initiate rapid expansion. The extra heavy jacket and InterLock® feature reduce the chance of core/jacket separation and increase penetration. The SST® is one of the most advanced hunting bullets on the market today.

Hornady Steel Match

Steel Match ammunition is loaded at the Hornady factory with optimized propellant for each load that provides consistency and the highest levels of accuracy. Utilizing polymer coated steel cartridge cases, and non-corrosive berdan primers, Steel Match ammunition delivers Hornady quality and performance, but with an economical price (saves as much as 40% when compared to brass case match ammo).

COMPONENT & AMMUNITION UPDATES : While prices do seem to have stabilized somewhat, availability seems to be the issue this year. As the administration settles in, demand for shooting related products has more than doubled. Manufacturers are trying their best to supply what is being ordered, but it seems they are having a hard time catching up. The prices shown in this catalog are current as of February 2012. We apologize for any increases or price discrepancies in advance.

Specialty Rimfire 22 WRF Only!

.22 (WRF) Winchester Rimfire Jacketed Hollow Point 45gr - For use in 22 Win Rimfire Only! 50 per Box Order No. 020-0069 \$9.39

22 WMR 45 gr Critical Defense® - Unaffected by thick and heavy clothing, the 45 gr. FTX bullet delivers superior controlled expansion and terminal ballistics comparable to the 380 Auto Critical Defense load. It offers superb accuracy and devastating terminal performance in a rifle. Silver nickel-plated cases prevent corrosion and are easily visible in low-light situations.

Order No. 003-83200 \$11.21

Rimfire Miscellaneous

Rimfire Thickness Gauge- Sort ammo by rim thickness for similar ignition qualities and improved accuracy. Gauge attaches to your caliper and includes bushings for both .17 and .22 cal rimfire.

Order No. 005-RF17 \$23.56

Ruger® 10/22® Magazine Loader - Loads all factory magazines with 22 LR and 17 Mach 2 rimfire ammo. Loads all 10/22 high capacity magazines. Holds more than 50 rounds at a time. Loads high capacity magazines in seconds

Order No. 097-40430 \$23.54

22 Rimfire Ammo Case

This Case-Gard SB-200 for .22 ammunition holds up to 200 rounds (100 in individual compartments and 100 in factory packaging). Has heavy duty snap lock latch. Has EZ grip surface.

Order No. 008-SB200 \$10.20

Champion Bullet Trap - A heavy duty, all steel construction trap designed for use with .22 caliber rimfire ammunition only. Provides a large 10"x11" target area. Comes with bulldog target clip. Please use extreme caution when using this. USE ONLY .22 CALIBER AMMO!! Truly a handy item for when you're target practicing with your favorite .22. Weighs approximately 21 pounds.

Order No. 097-40801 \$64.32

Tipton Gun Vise & Range Box

Tipton® Bench Vise- Molded of high strength plastic. Impervious to oils and solvents. Small storage trays for loose parts. Large tray for bulkier tools. Compartments for solvents, oils, etc. NOT FOR USE AS A BENCH REST!!! **Order No. 094-782731 \$40.80**

Tipton's Best Gun Vise - Designed to accommodate the widest possible range of firearms for cleaning, maintenance, or gunsmithing, and easily converts to handle bolt-action rifles, break-open shotguns, AR-15's, & handguns.

A central aluminum channel lets the user move individual components to the ideal position for their firearm. Each individual component then adjusts to the perfect position for secure support. The rear base features two adjustable offset clamps for a tight grip on a wide range of buttstock configurations. **Order No. 094-181181 \$96.01**

Tipton® Range Boxes- The ideal organizer box for shooters and hunters, the Tipton® Range Box organizes everything you need for the range, from cleaning supplies to targets. Comes with removable storage compartment. **Order No. 094-458509 \$46.39**

The Tipton® Gun Butler™ - A convenient all-in-one solution to all your cleaning/carrying/storage needs. Two removable non-marring forks (which snap into the base for easy storage) hold the gun securely in place, while thoughtfully-planned compartments and slots hold bore solvent, jags, brushes, mops, a cleaning rod, spray lubricant, and tools. **Order No. 094-100333 \$21.99**

Lyman Revolution Gun Vise

Three Lockable Positions,
The Only Vise That
Revolves!

Lyman Revolution Gun Vise - This versatile gun vise is engineered with a full range of adjustment, tilts, clamps and inserts to securely hold any firearm. The padded contact points protect the firearm during cleaning, maintenance or gunsmithing, even bore sighting. Perfect for Pistols! **Order No. 015-7832250 \$71.38**

Gunslick Gun Maintenance Center

Match-Grade Gun Maintenance Center - Clean, repair and mount scopes on your gun all with the Match-Grade Gun Maintenance Center. Now you have a place to securely hold your firearm, making it easier for routine up-keep. With its built-in cam-lock vises and convenient drawers and solvent/parts holders, you can do a little bit of everything quick & easy. For Rifles, Pistols & Shotguns! **Order No 097-51000 \$55.76**

MTM Cleaning Solutions

MTM Gun Vise- Another affordable alternative to a normally high-dollar shooter's item. The MTM Gun Vise! Supports both rifles and shotguns for just about any kind of gunsmithing or maintenance need. Clamps down with a non-marring, rubber padded hold. High and low gun forks allow for level maintenance or a sloped clamp up for drainage. Organize cleaning items into 14 separate compartments. Eleven screw driver bit holders (jag & brush holders), are molded into the unit. Also holds two cleaning rods. Made to last from rugged, chemical and solvent resistant polypropylene plastic. **Order No. 008-GV30 \$32.39**

Portable Maintenance Center-

Finally, a portable rifle/shotgun maintenance center that is excellent for field, range, or home use. Fits on top of A760 or can be used on any level surface. Base is compartmentalized for storage of gun cleaning equipment, tools and gun forks. Also can be used as a shooting rest. **Order No. 008-RMC1 \$29.39**

Accessory Box- Will hold a variety of tools, ammo, ear-muffs, bipods, rifle rests, targets, scopes, reloading dies, binoculars, handguns or numerous other items. Measures 21"x9"x9 1/4". Use your own padlock! Accessory box only. **Order No. 008-A760 \$39.12**

Sight-In Clean Rest-

Great for sighting in rifles and shotguns or to pattern your shotgun. This rest is sturdy for steady holding. Rear adjustment knob allows for precise horizontal positioning. Rubber over-molded, padded forks are adjusted and held in place by using two of four slots located in the base of rest. Guns are gripped for quick and easy shooting or cleaning. Size: 11" x 20" **Order No. 008-SNCR30 \$32.05**

Sight-In Clean & Rest- Same rest as above but comes with a 21"x13"x9" carry case. **Order No. 008-SNCC30 \$52.20**

Jag and Brush Case- Divided into four compartments, this handy case allows you to section brushes and jags by caliber. Digging for brushes will no longer be an issue, you'll see exactly where your cleaning tips are, every time you need them. **Order No. 008-JAG00 \$2.76**

Hoppe's Cleaning Cradle & Pad

Hoppe's Cleaning Cradle - The perfect cleaning system anywhere you need it, this Hoppe's Cleaning Cradle sets up in seconds at the range or on the tailgate of your truck, ready to securely hold any long gun-big & heavy or small and light. Over-molded rubber saddles keep the firearm secure. Adjusts for length, so it works with most guns. Disassembles to fit in your range bag or cleaning. **Order No. 060-HCC \$20.82**

Hoppe's Gun Cleaning Pad - This attractive hunter green pad protects firearms and working surfaces from scratches and spills. Soft acrylic material absorbs eight times its weight in fluids. Non-Slip vinyl backing prevents fluid spills from soaking through onto work surface, allowing you time to wipe up any spills. Simply machine wash and dry. 12"x36" **Order No. 060-MAT2 \$8.32**

HOPPE'S

- Removes loose grit and abrasive contaminants prior to the scrubbing action of the brush.
- Removes hardened deposits with the finest, bench shooter specification, phosphor-bronze brushes.
- Cleans the bore with perfectly-sized floss providing 160 times more cloth than a patch.
- Prevents rust and corrosion with a few drops of gun oil applied to the trailing end of the cord.
- Removes metal fouling.
- No exposed metal to damage sensitive crowns or riflings.

Tipton Patch Catcher- Cleaning the barrel on your rifle, shotgun or muzzleloader can be a messy choir. Solvent splatter, drips and dirty patches always seem to end up where you don't want them. Strong solvents and powder residue can stain clothes and work surfaces. The Tipton Patch Trap puts an end to the mess.
Order No. 094-777890 \$8.28

Tipton® Action Cleaning Swabs 100-pack
Replacement swabs for the action cleaning kit. **Order No. 094-115373 \$4.61**

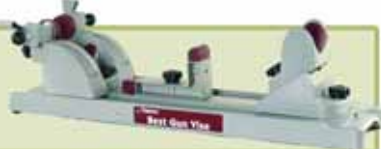

Tipton Large Pipettes, Pack of 12 - All-plastic, disposable "eye droppers" are just the ticket for measuring and transferring liquid products. Great for cold bluing solutions, cutting oils, solvents, preservatives, etc. Two lengths, 3-1/2" and 6" lengths match the job at hand. Put the product just where you want it.
Order No. 094-146527 \$3.73

The Tipton® Gun Butler™ - A convenient all-in-one solution to all your cleaning/carrying/storage needs. Two removable non-marring forks (which snap into the base for easy storage) hold the gun securely in place, while thoughtfully-planned compartments and slots hold bore solvent, jags, brushes, mops, a cleaning rod, spray lubricant, and tools.
Order No. 094-100333 \$21.99

Hoppe's Cleaning Chemicals, Oils and Lubricants

Hoppe's Elite Cleaning Chemicals- The most universally used solvent for removing primer, powder, lead and metal fouling - for preventing rust. Quick, super-efficient, safe and easy to use. Flows freely and penetrates rapidly. A favorite with sportsmen throughout the world.

	Order No.	Price
Elite 4oz Bore Gel	060-BG4	\$9.46
Elite 4oz Gun Oil	060-GO4	9.46
Elite Foaming Bore Cleaner 4oz	060-EFGC4	8.27

#9 Solvent- The most universally used solvent for removing primer, powder, lead and metal fouling - for preventing rust. Quick, super-efficient, safe and easy to use. Flows freely and penetrates rapidly.

	Order No.	Price
#9 Solvent 4 oz.	060-904	\$4.23
#9 Solvent Aerosol	060-905	3.97
#9 Solvent 1 Quart	060-932	14.79
#9 Plus BlackPowder Solvent 8 oz.	060-999	4.99
#9 Solvent for Semi-Auto guns	060-SA904	7.07

Bench Rest 9 Copper Solvent 4 oz. - Formulated especially for bench rest shooters to clean their bores of copper fouling overnight (instead of 3 or 4 days). Bench Rest-9 is powerful, safe and fast, and contains no abrasives. Also great for removing powder, lead and plastic foulings from all firearms. **Order No. 060-BR904 \$7.07**

Cleaner Degreaser- High performance cleaner/degreaser spray was created to get rid of oils, and grease deposits from gunmetal parts. Allows for cleaning without complete disassembly. **Order No. 11oz Aerosol 060-CD1 \$5.31**

Rust & Lead Cloth- Remove rust and lead deposits without hard scrubbing. Non-abrasive and will not harm wood finishes. After shooting, wipe around the action, chamber, and muzzle for quick lead and carbon removal. CAUTION: Continued hard scrubbing may remove some blued finishes. **Order No. 060-1215 \$3.62**

Silicone Cloth- Ideal for cleaning all metal, wood and plastic equipment. Treated cloth is excellent for fishing or hunting. Flannel, silicone treated. **Order No. 060-1218 \$2.77**

Benchrest Weatherguard Lube Oil- Use before and after hunting or fishing trips for moisture and rust protection. Contains a moisture fighting agent that drives out moisture while lubricating your firearm. **Order No. 060-BR1003 \$3.06**

Lubricating Oil 2.5oz- Use before and after hunting or fishing trips for moisture and rust protection. Contains a moisture fighting agent that drives out moisture while lubricating your firearm. **Order No. 060-1003 \$2.18**

Precision Lubricator- Convenient to use and carry. Needle-thin extra long stem spouts designed to reach hard to get at spots. **Order No. 060-3060 \$4.10**

Gun Grease- Specifically compounded for protecting idle firearms. When applied to bore or exterior metal parts it displaces metal "sweat" from gun surfaces. Provides long term protection when cleaning is delayed. Also lubricates moving parts while protecting them from corrosion. **Order No. 060-1102 \$2.42**

Moisture Displacing Lubricant- MDL drives out moisture and at the same time cleans, lubricates, protects and prevents corrosion on metal surfaces. Ideal for immediate after-use protection of guns, fishing gear, and most outdoor equipment. Prevents damage from moisture, salt, and friction. **Order No. 060-MDL \$4.64**

Dri-Lube with Teflon- Reduces friction on metal and bearing surfaces. It contains no sticky oils or silicones and will not attract dust or dirt. Easy aerosol spray-on application. Evaporates in seconds, leaving a dry lubricating film. **Order No. 060-DL1 \$4.73**

Lubricating Field Wipes- Wipe out moisture and keep out rust! These handy wipes, lube and protect! Soaked in lube oil with weatherguard **Order No. 060-1631 \$7.52**

Hoppe's Moly Spray- Great for competition shooters who demand the highest level of performance. Prevents wear and reduces friction. Available as an aerosol can for bores and bullets.

HOPPE'S

	Order No.	Price
MOLY 4oz Aerosol	060-3068	\$9.33

Birchwood Casey Cleaning Chemicals, Oils and Lubricants

Gun Scrubber- Jet-action, high pressure solvent/degreaser that blasts away dirt and fouling - and air dries immediately. Removes all kinds of oil, grease, grit and softens powder residue. Excellent for removing preservative coating from bullet molds, and cleaning all reloading tools. **Order No. Price**

Synthetic Safe 13oz Aerosol	012-33344	\$8.28
-----------------------------	-----------	--------

Super Strength Bore Scrubber- No need for two different solvents, one for copper and one for fouling. Each ingredient was specifically chosen for its ability to attack, dissolve and remove all types of barrel fouling. Rust preventive additives as well for long term protection. Great for all firearms. **Order No. Price**

10 oz. Aerosol	012-33640	\$6.21
3 oz. Liquid	012-33625	2.65
6 oz. Aerosol	012-33635	5.59
16 oz. Liquid	012-33645	9.41

Synthetic Gun Oil - A superior lubricant for all climates. Contains Teflon lubricant to greatly reduce the friction between mating surfaces. Will not gum-up or lose its viscosity under extreme temperature variations from -55 F to +300 F. The natural solvency of Synthetic Gun Oil cleans as it oils while its low evaporation rate assures protection against rust. **Order No. Price**

Synthetic Gun Oil Aer. 10oz	012-44140	\$6.21
Synthetic Gun Oil 4.5oz.	012-44128	3.97
Synthetic Gun Oil Aer. 6oz	012-44135	5.59

Barricade Rust Preventative- Provides long-lasting protection from rust for your firearms. It rapidly drives out moisture from metal pores and deposits a transparent coating which seals the surface with a protective film that clings tightly to all metal. Withstands 500 hours in ASTM humidity test & 96 hours in ASTM salt spray test. **Order No. Price**

Rust Prev. 4.5 oz Liquid	012-33128	\$3.97
Rust Prev. 6 oz Aerosol	012-33135	5.59
Rust Prev. 10 oz Aerosol	012-33140	6.21

Barricade Take Alongs - Individually wrapped 5" x 8" cloths soaked in Barricade. **Order No. 25 Barricade Take Alongs 012-33025 \$5.29**

Lead Remover Cloth - Brings back original luster. Quickly removes leading, burn rings and carbon. 1 ea - 9x12" **Order No. 012-31001 \$5.17**

Gun & Reel Silicone Cloth - Leaves a lusterous lasting protective film. 100% Cotton flannel cloth covered in pure silicone. 14.4x15" **Order No. 012-30001 \$3.46**

#77 Black Powder Solvent 16oz.- Water-soluble cleaner. Safe to use with natural lubricants. Effectively dissolves powder residue and loosens any metal traces for easy removal. **Order No. 012-33745 \$4.71**

Gunslick Chemicals

Foaming Bore Cleaner, 12 oz.- Order No. 097-92098 \$9.90

Nu-Gun, 5 oz.- Ready your gun for shooting. Simple spray-on formula removes factory applied coatings to improve accuracy and function. **Order No. 097-84114 \$5.03**

Ultra-Klenz, 11 oz.- Remove 99% of the powder fouling, remove copper and loosen lead deposits. Also leaves a light coat of lubricant. **Order No. 097-84110 \$7.74**

Gun Flush, 16 oz.- Gun Flush give your firearm a swift thorough cleaning. This high pressure cleaning solution removes grease, oil and dirt. Also lubricates and leaves a layer of rust inhibitor to protect against moisture. **Order No. 097-84112 \$7.78**

Copper Klenz, 4 oz.- Copper Klenz removes more copper residue than leading comparable brands. Also removes 99% of powder fouling. **Order No. 097-84116 \$5.58**

Gun Dri, 4 oz.- Keeps rain, snow, condensation and humidity at bay. Water will not adhere to the steel for up to 48 hours after application. **Order No. 097-83008 \$5.27**

Ultra Lube, 5 oz.- Ultra Lube bonds to metal surfaces for superior lubricity and offers layers of powerful protection from corrosion. **Order No. 097-85006 \$7.33**

Gun seal, 5 oz.- An instant long lasting waterproof barrier that penetrates deep into metal pores to protect against corrosion, in the field or the safe. **Order No. 097-83004 \$5.05**

Gun Grease, 2 oz, Advanced, graphite based lubricant specially formulated to keep your firearm working smoothly. Perfect for both storage & use. **Order No. 097-83012 \$1.48**

Butch's Gun Care Products

Revolutionary gun solvents designed by well known bench rest competitor Butch Fisher. Butch has received nothing but the highest praise from competitive shooting circles.

Butch's Bore Shine- Quickly removes all forms of bore fouling including copper with an absolute minimum of effort. **Order No.**

Butch's Bore Shine 4oz 015-02937 \$7.51

Butch's Bore Shine 16oz 015-02941 19.22

Butch's Gun Oil 4oz- An excellent bore conditioner to be used with Butch's Bore Shine. Designed to withstand extreme heat & pressure. **Order No. 015-02948 \$5.35**

Butch's Black Powder Bore Shine 8oz- For black powder shooters who want a fast, and better way to clean & protect muzzleloaders. **Order No.015-02949 \$6.89**

Ballistol Sportsman's Oil

Ballistol dissolves traces of lead, copper, zinc, brass and tombac, which are used to make projectiles and jackets for them. Due to its alkaline character it is ideal for cleaning and maintaining black powder firearms.

4.5oz Can	012-40028	\$4.18
10oz Aerosol	012-40040	6.52

RIG® Universal™ Gun Grease - A thin film of RIG® Universal™ Gun Grease will help keep your firearms rust-free. Inside and out it protects your rifle, handgun, shotgun or muzzleloader against rust and corrosion. Lubricant and preservative.

	Order No.	Price
3 oz net wt Plastic Jar	012-40027	\$4.89
12 oz net wt Plastic Jar	012-40045	9.76

Shooters Choice Cleaners and Lubes

Quick Scrub III- Aerosol Fights Grime and Fouling. For Trouble-Free Actions and Precision Trigger Pulls! (Without Disassembling). **Order No. 104-DG315 \$8.30**

Polymer Safe Quick Scrub 12.5oz Aerosol- Completely safe to use on polymers, plastics, synthetic stocks, bluing, Teflon, paint, camouflage and wood finishes. Will not harm delicate optics or sights. **Order No. 104-PSQ12 \$8.30**

Rust Preventative 6oz Aerosol- A superior anti-oxidant moisture displacing agent engineered to preserve all gun metals. Protects against: Rust, corrosion, fingerprints and body acids, pitting, & salt air. **Order No. 104-RP006 Closeout! \$5.43**

Xtreme Clean Bore Cleaner 12oz Aerosol- Quickly removes copper, carbon lead and powder fouling. Ammonia free, fast acting, non-abrasive – harmless to the bore surface. Convenient to use aerosol. **Order No. 104-XT012 \$11.34**

Shotgun and Choke Tube Cleaner 12oz Aerosol- Designed specially to remove fouling from barrels, choke tubes and ports. Cleans receiver and trigger assembly. Removes plastic wad, lead shot and powder fouling. **Order No. 104-SG012 \$9.89**

Copper Remover 8oz- Special extra strength formula for tough jobs. Increase accuracy by totally removing copper or gilded metal fouling in firearm bores, put there by jacketed ammunition. **Order No. 104-CRS08 \$8.52**

FP-10 Lubricant Elite- Temperature Operating Range: -76°F to +500°F. Advantages: Used by U.S. Special Forces. Out performs Teflon® based products, reduces friction & wear, protects against metal damage, eliminates most malfunctions.

	Order No.	Closeout Price
4 oz bottle	104-FPL04	\$6.43 (limited quantities)

Lead Remover 4oz- Lead remover quickly removes fouling without the need for harsh abrasives. Removes lead, powder and carbon fouling. Restores accuracy, safe, quick and easy, non-abrasive, helps prevent rusting. **Order No. 104-LR004 \$8.30**

Synthetic High Tech All Weather Grease 10cc- Engineered to meet the most demanding needs for firearm lubrication and protection! Great for nickel, stainless, and chrome moly. Quick and easy to apply, doesn't gum-up, odorless (for the hunter). Doesn't wash off with water **Order No. 104-G10CC \$5.78**

Shooters Choice MC#7 Bore Cleaner & Conditioner- Safe, quick and easy. Conditions bore for impact accuracy on first shot. Seasons bore to resist fouling build-up. Non-abrasive – harmless to the bore surface. Removes All Types of Fouling: Powder, Lead, Plastic shotgun wad fouling, Carbon, Copper.

	Order No	Price
16 oz Replenisher Bottle	104-MC716	\$21.69
2 oz Resin Bottle	104-MC702	5.20
4 oz Wide Mouth Jar	104-MC704	7.79

Miscellaneous Cleaners and Lubes

J-B® Non-Embedding Bore Cleaning Compound- BoreCuts Through Toughest Bullet Jacket & Powder Fouling, Paste Formulation, Cushioned Abrasive Action Leaves Bores Sparkling. **Order No. 048-083065002 \$7.63**

Sweet's 7.62 Solvent- Popular with Varmint Hunters & Benchrest Shooters! Quickly removes fouling & copper **Order No. 048-100000001 \$13.90**

One Shot Gun Cleaner & Dry Lube- One Shot reduces friction, cleans grit, grime and gunk from firearms, loaders and more. 5.5oz aerosol **Order No. 005-9990 \$7.80**

CR-10 Bore Cleaning Solvent 8oz- Barnes CR-10 bore cleaning solvent is great for removing copper, brass, and lead fouling! **Order No. 035-CR10 \$8.24**

Break Free Cleaners and Lubes

Break Free CLP- Break-Free's flagship product, CLP is a unique formulation of synthetic oils and individual proprietary ingredients which synergize in combination to do three important tasks simultaneously: Effectively Clean, Lubricate and Protect metal.

	Order No.	
12oz Aerosol	080-CLP12	\$9.67
4oz Aerosol	080-CLP2	5.79
4oz Plastic Bottle	080-CLP4	5.80
1 Gallon	080-CLP7	77.56

Break Free Collector 4oz Liquid Bottle- Collector Liquid provides a protective coating against rust and corrosion on metal to metal finishes; no need to remove before use. Developed for military use to protect weapons for up to 5 years in storage. Ideal to protect gun collections, knives & swords. **Order No. 080-CO4 \$5.42**

Break Free Bore Cleaner Foam 3oz- Non-toxic and odorless, Bore Cleaning Foam chemically removes copper and brass compounds from the barrel in 15 minutes, and leaves a protective film behind to impede the accumulation of residue. Fast, easy, effective, safe and efficient. **Order No. 080-BCF3 \$9.28**

Break Free Powder Blast 16oz Aerosol- Powder Blast is a powerful, high pressure solvent gun cleaner that blasts away powder residue, grease and oil build-up, leaving the firearm clean and ready for lubrication. **Order No. 080-GC16 \$8.91**

Break Free Lubricant - Preservative 16oz- Designed for firearms under sustained fire (aka: "Lots of shooting"). Specially formulated polymerized synthetic oils preserve and lubricate. **Order No. 080-LP4 \$6.19**

Flitz Polishing

Flitz Polish - Paste - One product, Many uses. Metal, Plastic, Fiberglass, Glass, Corian®... A concentrated cream, Flitz Polish is unsurpassed in its ability to Clean, Polish, Deoxidize and Protect. Tough, durable protection Easily Removes: Tarnish, Rust, Water Stains, Chalking, Lime Deposits, Heat Discoloration, Lead & Powder Residue, Oxidation, Bugs, Tar, Oil, Fingerprints, Tree Sap, Bird Droppings, Graffiti, Dyes, Black Streaks/Scuff Marks.

Order No. 194-BP03511 \$8.34

Flitz Premium Microfiber Cloth - Super-Premium Microfiber Polishing Cloth. Clean faster, easier, cheaper! Use it everywhere, ON ANY SURFACE! Made from StarFiber® Microfiber technology, this cloth works better than any other cloth on the market today -- with or without chemicals.

Removes: Dust, Dirt, Fingerprints, Grease and Oil, Polish, Waxes, Bugs and Tar, Nicotine

Order No. 194-MC200 \$5.57

Lyman Revolution Gun Vise - This versatile gun vise is engineered with a full range of adjustment, tilts, clamps and inserts to securely hold any firearm. The padded contact points protect the firearm during cleaning, maintenance or gunsmithing, even bore sighting. Perfect for Pistols! **Order No. 015-7832250 \$71.38**

Montana X-Treme Cleaners and Lubes

The Montana X-treme™ line of gun cleaning products is specially formulated to handle the toughest cleaning problems in each shooting discipline. These advanced cleaners and conditioners will reduce the time necessary to clean firearms and extend barrel life. Montana X-treme™ is endorsed by many of today's top shooters.

Montana X-treme™ Bore Solvent - Designed specifically for removing all forms of fouling in today's high velocity firearms. Copper and powder fouling are removed completely and very quickly. Contains ammonia, but is formulated to have no adverse effects on barrel metal. It is completely barrel safe. Endorsed by numerous competition shooters and law enforcement agencies.

16oz Order No. 165-07000 \$17.72
4oz Order No. 165-07005 \$6.17

Montana X-treme™ Copper Killer 50 BMG Solvent - The industrial strength copper remover that all shooters have been looking for. It is completely barrel safe and contains no acids, amines or chlorides.

4 oz Order No. 165-07035 \$7.33
16 oz Order No. 165-07040 \$20.53

Montana X-treme™ Bore Cleaning Compound - A superior non-embedding cleaning & polishing compound that quickly removes all forms of fouling. Used on a regular basis, it leaves a mirror like finish that helps prevent future copper and powder fouling build-up. Reducing copper and powder build-up helps retain its accuracy longer. 10ml syringe. (Closeout Limited Quantities) **Order No. 165-07045 Closeout! \$5.50**

Montana X-treme™ Bore Conditioner - A bore lubricant specially formulated for x-treme accuracy in today's precision match grade barrels. It is a super refined, low residue oil that has been processed to eliminate the factors that cause oil to gum and congeal. Contains no P.T.F.E., silicones or synthetics of any kind which leave residue behind that can affect accuracy. 4oz bottle.

Order No. 165-07030 \$6.69

Montana X-treme™ Copper Cream - A creamy liquid (bore cleaner) that quickly removes all forms of fouling, including copper, lead, plastic wad residue, powder fouling and moly. This formula makes quick work of those problem barrels that are hard to clean and is completely barrel safe. It is non-embedding and non-abrasive to barrel metals and is highly recommended for new barrel break in. 4oz.

Order No. 165-07025 \$6.87

Montana X-treme™ Cowboy Blend - Specially formulated for our friends in the cowboy action shooting sport but can be used in any firearm that has lead and powder fouling. This product has been tested and recommended by many of the top handgun shooters in the sport. 16oz Bottle.

16oz Order No. 165-07010 \$17.72
4oz Order No. 165-07014 \$6.17

Montana X-treme™ Gun Grease - An extremely effective lubricant that works well at temperature ranging from (-50o to 600o F.). This anti-friction grease was developed specifically for the firearms industry. It deposits a fine protective and lubricating film on metal that will continue to function after the top layer of grease has extruded away. It is virtually unaffected by corrosive moisture and will not mitigate from hot surfaces. Works great for weatherproofing metal. 10 ml Syringe

Order No. 165-07020 \$4.92

Montana X-treme™ Gun Oil - A non-teflon lubricant and rust preventative designed for high and low temperature conditions. It is designed as a finishing or storage oil to follow routine bore cleaning. Works great for weatherproofing metal surfaces. Helps prevent copper and lead fouling.

4oz Applicator Bottle Order No. 165-07015 \$5.75

New! Montana Xtreme Cleaning Kit

See Page 170

Montana X-treme™ Nylon Bore Brushes - Extremely stiff, heavy bristles that provide an excellent aid to removing stubborn powder and copper fouling. Ammonia and oil based cleaners will not easily dissolve these bristles as they will with bronze brushes. All brushes are the standard 8-32 thread except for the 17 & 20 cal brushes which are the 5-40 thread.

Birchwood Metal Finishing

Complete Perma Blue Paste Gun Blue Kit- Make your gun like new with the Perma Blue Paste Gun Blue Kit. Complete, easy to follow instructions are included with each kit. A generous supply of everything you need to do a "first class" job is included.

Kit includes:

- 2 oz PERMA BLUE Paste Gun Blue
 - 3 oz Cleaner-Degreaser
 - 3 oz Blue & Rust Remover
 - 00 Steel Wool Pads
 - Blueing Applicators, Sponge, Service Cloth Sheath® Rust Preventive Gun Wipes Complete Instruction Guide
- Order No. 012-13701 \$11.01**

PERMA BLUE LIQUID GUN BLUE. The #1 best seller, Perma Blue Liquid Gun Blue, is the proven way to touch-up scratches and worn sports or to completely re-blue most guns. It will give a non-streaky, even blue-black finish to steel (except stainless). All parts to be blueed must be thoroughly cleaned with a metal cleaner and any rust must be removed before applying the blue. Apply without heating with swab or "Q-tip". Two applications are normally required followed by a sealant to enhance the finish and protect it from rust. **Order No. 012-13125 \$4.68**

PERMA BLUE PASTE GUN BLUE. The longest lasting finish but slower to darken than the liquid blues. Easy to use, Perma Blue Paste Blue reacts slowly with the metal but builds up a denser finish that will outlast the liquid blues. A dark blue color may require three or more applications of Perma Blue Paste but each coat takes only 30 to 60 seconds to work. **Order No. 012-13322 \$4.68**

SUPER BLUE LIQUID GUN BLUE. A double-strength blueing solution designed for blueing the highly polished steel parts and hardened steels containing nickel and chrome alloys. SuperBlue is the blackest blue but is not as easy to use as Perma Blue to get an even, non-streaky finish. Use caution to confine the solution to the area to be reblued as it will have an effect on the existing blue. **Order No. 012-13425 \$6.24**

PLUM BROWN BARREL FINISH. Produces a rich, authentic, old style brown finish for original or replica firearms. Plum Brown is ideal for restoring antique guns, muzzleloaders and other metal antiques. A durable, protective and attractive finish that's simple to apply. 5oz. **Order No. 012-14130 \$6.61**

BLUE & RUST REMOVER. Blue & Rust Remover is a safe, reliable solution that removes rust and old blue easily and quickly without damaging base metal. Safe for removing old finish from firearms, muzzleloaders and antiques. Also excellent for removing rust from tools, gauges and precision instruments. **Order No. 012-16125 \$3.17**

ALUMINUM BLACK METAL FINISH. The room temperature chemical used by gunsmiths and industry to blacken aluminum parts. Fast acting liquid is easy to apply with no dimensional change. Aluminum black is also excellent for blackening name plates, plaques, trophies and other engraved items. **Order No. 012-15125 \$6.24**

BRASS BLACK METAL TOUCH-UP. Fast acting liquid used by gunsmiths and industry to blacken or antique brass, copper and bronze parts. **Order No. 012-15225 \$6.24**

Markron Stock Scratch Eraser

Gun Stock Scratch Eraser - Removes scratches from clear-coat gun stocks and buffs to a high-gloss shine. 4oz. **Order No. 238-GSSE \$8.95**

Super Black™ Touch-Up Pens- An easy and effective way to touch-up nicks, scratches and worn areas of black anodized aluminum or black painted surfaces. Use like a marking pen with no mess - simply rub on with "chisel point" felt tip. **Order No.**

- Gloss Black** 012-15101 \$4.90
- Flat Black** 012-15102 \$4.90

Gun Blue & Stock Finish Kit

Deluxe Perma Blue® Liquid Gun Blue & Tru-Oil® Gun Stock Finish Kit- Here's the kit for making that old favorite look like new. Easy to use PERMA BLUE Liquid Gun Blue and TRU-OIL Gun Stock Finish, A complete combination kit.

Kit includes:

- 3 oz Perma Blue Liquid Gun Blue
- 3 oz Tru-Oil Gun Stock Finish
- 3 oz Cleaner-Degreaser
- 3 oz Walnut Stain
- 3 oz Blue & Rust Remover
- 3 oz Stock Sheen & Conditioner
- Blueing Applicators, Sponge, Service Cloth Sheath® Rust Preventive Gun Wipes Complete Instruction Guide

Order No. 012-20001 \$18.91

Stock Finishes & Specialties

GUN STOCK WAX. A high quality formula combining protective and beautifying qualities of the finest, carnauba, beeswax and silicone. Produces a lustrous water repellent film that will not rub off like oils. Offers maximum protection against finish cracking from weather and handling. **Order No. 012-23723 \$4.21**

STOCK SHEEN & CONDITIONER. The easy way to give your newly finished Tru-Oil gun stock a traditional satin finish or to clean, beautify and polish your old stocks. Removes surface imperfections and gives your stock a smooth, hand-rubbed finish. Will not fingermark. **Order No. 012-23623 \$4.21**

Walnut Stain- Water soluble stains are sun-fast, true to color and non-bleeding. Produces a clear, rich color without grain clouding or smearing. Highlights the grain and enhances with natural beauty of wood. Color intensity is easily controlled by adding water to concentrate or using full strength for light colored woods such as birch. **Order No. 012-24123 \$3.75**

GUN STOCK SEALER & FILLER. Sealer & Filler seals out moisture and fills the pores in one easy step. A clear sealer and filler lets you choose your favorite stain or leave the wood in a natural tone. **Order No. 012-23323 \$4.21**

GUN STOCK REJUVENATOR. If your shooting equipment look worn out, bring it back to life with Stock Restorer and Protectant! Enriches the color of synthetic stocks, and enhances the luster of wood stocks. Harmless to metals. 2oz pump spray bottle. **Order No. 012-23422 \$4.21**

Tru-Oil Finish- Easy for the amateur to use and dries quickly so that you can apply several coats in a day. Its unique blend of linseed & natural oils dries fast and will not cloud, yellow or crack with age and resists water damage.

Birchwood Casey Sight Black

Sight Black 3.5 oz. Aerosol- Convenient take-along "jet" black spray that stops glare! Great for hunting, skeet, trap and target shooting. Sight Black gives a velvety, flat black coating to barrels, sights and other metal surfaces. Dries instantly. Harmless to precision sights and all finishes. Exclusive hand snorkel tube to control spray. **Order No. 012-33925 \$6.52**

Muzzle Magic™ Foam - Bore Scrubber® Foaming Gel Bore Cleaner - Foaming Gel 2-in-1 Bore Cleaner quickly, easily and safely removes all types of fouling...carbon, powder, copper, lead and plastic wad residue. Contains no highly toxic ingredients and is safe for use on steel. Solvent clings to and penetrates neglected or fouled bores. Great for rifles, shotguns and handguns. 5oz **Order No. 012-33633 \$6.52**

Bore Guides

MTM's Bore Guide assures perfect alignment of a cleaning rod to the bore, prevents solvent contamination of magazine and trigger mechanism, and protects a rifle's finish. Four sizes to choose from.

For .17 to .243(6MM) Calibers- Fits Remington 700, 788, 40X short actions; Mauser 300, Ruger 77 short actions; and similar bolt sizes. **Order No. 008-BGRS \$7.82**

For .17 to .243(6MM) Calibers- Fits Remington 700, 788 long actions; Winchester 70 short actions; Savage 110; Weatherby Mark V long actions & Vanguard actions; Ruger 77 long actions. **Order No. 008-BGWS Closeout! \$7.17**

For .25 to .378 WBY. Mag. Calibers- Fits Remington 700, 788 long actions; Winchester 70 & 54 long actions; Ruger 77 long actions; Mauser 300; Weatherby Mark V long actions & Vanguard actions; Browning A-bolt long action standard & magnum calibers; Savage 110; Mossberg 3500; Sako long actions(AV); and other long actions. **Order No. 008-BGWL \$7.82**

Gunslick Bore Guide- Lightweight aluminum • Chemical resistant finish • Universal adapters included to fit .17 to .415 caliber centerfire bolt action
Order No. 097-18008 \$20.82

Universal Bore Guide - The Universal Bore Guide is just what's needed to properly clean almost any caliber of centerfire bolt-action firearm. Three interchangeable chamber tips fit bore sizes from .17 to .416 caliber. Aluminum Action Collar fits .695"/.700" (17.65mm/17.78mm) diameter bolt actions of any action length. Threaded Brass Pin locks the guide into the action in place of the bolt to allow proper cleaning from the breech.
Order No. 060-UBG \$24.41

HOPPE'S

AR-15 Bore Guide - Designed specifically for the AR-15 style firearm, the Bore Guide is durable and made from aluminum. The knurled end makes for easy removal from the firearm. A large solvent port allows access to full length of brushes and mops. And the chemical resistant o-rings hold this bore guide in place.
Order No. 097-18202 \$25.05

Streamlight Stylus® Reach™ The same great features as the Stylus® but has a flexible cable extension, allowing you to get deep into the tightest spots. With a waterproof, aircraft aluminum casing and a tough PVC shielded cable, the Stylus Reach is built to illuminate those unforgiving, hard-to-reach areas. It's unbreakable, 100,000-hour LED - which never needs replacing.

Order No. Price

White Light 210-65618 \$17.11

HOPPE'S

Hoppe's Bore Light- A great tool for clear inspection under any conditions. Illuminates the bore fully, so nicks, scratches, pits and fouling can be seen easily. Locking feature can lock light on for longer inspections. USES TWO AAA BATTERIES (NOT INCLUDED) **Order No. 060-BRL1 \$4.62**

Snap Caps & Action Proving Rounds

Hard Anodized solid Aluminum, Exact Size, CNC Machined(Handles just like real ammo) Very durable primer(Absorbs repeated impact of the firing pin over 3,000 times)

Lyman Trigger Pull Gauges

Trigger Pull Gauge - The Lyman Trigger Pull Gauge is designed to be the fastest and most accurate Trigger Pull Gauge available on the market.

Unlike other gauges, there are no weights or sliding pointers to contend with. Simply place the gauge on the trigger and pull! This instrument will accurately record the results, as you can take multiple readings and then take the average weight for the string at the touch of a button!

- 0-12 Pound Range
- 1/10 Ounce Accuracy
- 10 Pull Averaging
- Reads in Kilograms
- Strain Gauge Technology

Order No. 015-7832248 \$52.59

Timney AR-15 Triggers

Replace creepy two-stage triggers with one that is smooth and breaks crisp. The trigger is factory preset with a pull weight of either 3 or 4 pounds. Installation is quick and no adjustments are necessary, 100% true drop-in trigger. The trigger module installs using your rifle's original hammer/trigger pins and the proprietary design eliminates pin rotation and walkout.

Note: Large Pin or Small Pin - Does your receiver have large or small pin holes? Measure your existing pins with a caliper. Pins that measure approximately 0.169" in Outside Diameter are large pin. Pins that measure approximately 0.154" in Outside Diameter are small pin.

GrovTec Hammer Extensions

Hammer Extensions - Adding a horizontal extension to hammers provides a larger contact surface and outstanding grip and control. Especially useful on scoped firearms where clearance can become an issue, GrovTec hammer extensions are made with the finest materials and finish in the industry. Can be mounted on the right or left side. Each hammer extension is specific to the firearms it fits. Do not use any hammer extension on a firearm not directly specified in the hammer extension's fit list.

Tactical & AR-15 Mount Systems

AR-15 / M16 Gooseneck Co-Witness Carry Handle Aluminum Scope Mount - This mount allows attachment of the Eotech Hologight to the rifle carry handle. The mount places the Hologight forward of the carry handle allowing co-witness of the iron sights and optic. (Both sights visible at the same time). Hard anodized aircraft grade aluminum construction. **Order No. 221-PM103A \$44.69**

AR-15 / M16 Colt Delta Style Extended Length Aluminum Scope Mount - This extended mount allows use of iron sight while the scope, red dot or holographic sight is mounted to the rifle carry handle. Accepts standard Weaver STANAG rings. Hard anodized aircraft grade aluminum construction, includes hardware. Measurement: 6 9/16th inches long. **Order No. 221-PM100 \$13.59**

AR-15 / M16 Colt Delta Style Scope Mount - The Delta style mount allows the use of AR-16 / M16 rifle sights while a scope, red dot or holographic sight is mounted to the rifle carry handle. The mount accepts standard Weaver STANAG scope rings. Manufactured from hard anodized aircraft grade aluminum. All hardware included. No permanent modification required. **Order No. 221-PM002 \$13.59**

AR-15 / M16 Flat Top Picatinny Rail Aluminum Scope Riser - The scope riser allows optics to be raised 3/4" of an inch. The riser ensures proper scope height without the need for extra high rings. The riser is quick detachable, held in place by a full length spring loaded locking bar with two thumb screws. Accepts Weaver and STANAG rings on its Picatinny rail. Constructed of hard anodized aircraft grade aluminum. **Order No. 221-PM066 \$23.95**

AR-15 / M16 Flat Top Dual Ring Aluminum Scope Mount - The mount ensures proper scope height without the need for extra high rings. The mount is quick detachable, held in place by a full length spring loaded locking bar with two thumb screws. Constructed of hard anodized aircraft grade aluminum. **\$44.69**

Weaver® AR-15 Mounts - These sturdy, versatile mounts easily attach to various AR-15 style weapons. Picatinny style rails accept Weaver® Top Mount Rings to secure your optics. Utilize the Tri Rail design to mount a variety of accessories including tactical lasers or flashlights.

Timney AR-15 Triggers

Replace creepy two-stage triggers with one that is smooth and breaks crisp. The trigger is factory preset with a pull weight of either 3 or 4 pounds. Installation is quick and no adjustments are necessary, 100% true drop-in trigger. The trigger module installs using your rifle's original hammer/trigger pins and the proprietary design eliminates pin rotation and walkout.

Note: Large Pin or Small Pin - Does your receiver have large or small pin holes? Measure your existing pins with a caliper. Pins that measure approximately 0.169" in Outside Diameter are large pin. Pins that measure approximately 0.154" in Outside Diameter are small pin.

Pachmayr Recoil Pads

Pachmayr Decelerator Pads are the finest recoil absorbing pads on the market today. They are based on proven designs that are made from a completely new material and elastomer with greater shock absorbing qualities than rubber, but can be easily ground without oozing or gumming. Maintains shape even when stored butt down. All Decelerator pads are 1" thick, available in black or brown as noted, with black base. All pads have a fast mount skeet face. **MUST BE INSTALLED BY A QUALIFIED GUNSMITH!**

Lyman Sights

Lyman Target Sights - Lyman has recreated the sight that Lyman Gun Sight Company was founded on in 1878. It has been designed for the Winchester Model 94 and is featured on the new Winchester 1894 Centennial. The No. 2 features height index marks on the aperture and is elevation adjustable only. It comes with both .093 hunting aperture and a .040 target aperture. The Winchester 94 Tang sight fits Win models 1894, 1885, 1887, 1890, 62 and 62A. The Marlin Tang sight fits models 336, 1894, 1895 and 30 series lever actions. The new 1886 model fits Winchester 1886 and Browning replicas. Note: these will not fit rifles with a tang safety.

Butler Creek Slip-On Recoil Pad

Brown Slip-On Recoil Pad - Convenient slip-on cushioning reduces felt recoil. Ideal for firearms with plastic or metal buttplates. Improves accuracy by minimizing fatigue and flinching. Elastomer material has a leather-like texture and appearance.

	Order No.	Price
Small Slip-on 4.85" x 1.50" .75" Thickness	060-50325	\$12.03
Med Slip-on 5.10" x 1.60" .75" Thickness	060-50326	12.03
Large Slip-on 5.30" x 1.72" .75" Thickness	060-50327	12.03

RP-250 Black Recoil Pad - has been designed to prevent a rifle's buttstock from sliding down your shoulder during recoil. The horizontal ribbed grooves and traditional Pachmayr rubber material do this job very effectively. **MUST BE INSTALLED BY A QUALIFIED GUNSMITH!** One size only! 5.55"x1.925"x.50" **Order No. 010-00404 \$15.31**

Hevi-Shot Choke Tube Systems

ENVIRON-Metal, makers of World Performance HEVI-13® turkey loads and waterfowl ammunition, announces the introduction of a performance line of HEVI-SHOT® Choke Tubes!

Constructed to ENVIRON-Metal's exacting specifications, the tubes are made from premium 17-4 stainless steel and are built to handle all lead, high density, and steel pellets.

The HEVI-SHOT® Choke Tube Systems are optimized for three types of hunting:

- Turkey Hunting, where hunters are looking for extremely tight patterns for ultimate performance at extreme range;
- Waterfowl hunting over decoys, where more patterns improve performance;
- Waterfowl hunting for jump shooting and pass shooting, where hunters require tight patterns that give them long range control.

The HEVI-SHOT® Choke Tube Systems will answer the most common question HEVI-SHOT® hunters ask, which is "What choke tube should I use with HEVI-SHOT®?"

	Waterfowl Combo Mid & Extreme Range Choke Tubes \$88.95	Waterfowl Extreme Range Choke Tubes \$47.44	Waterfowl Mid-Range Choke Tubes \$47.44	H13 Turkey Extreme Range Choke Tubes \$47.44

Indian Creek Shooting Systems Choke Tubes

Indian Creek Shooting Systems Black Diamond Strike Choke Tubes - Designed to knock turkeys right off their feet. Precision engineered to the industries tightest tolerances. Accommodates all lead, steel and hybrid heavy loads with shot sizes from #2 through #8. The Strike has been proven to increase pattern density by 40% or better. That means tighter groups, more pellets down range, and more birds in the freezer! Don't settle for anything less, be ready to Strike that trophy gobbler this spring!

*Indian Creek recommends 3" 2oz #6s Hevi-13 for .665 constriction. The .655 will shoot all lead shells very well.

5 time winner in the NWTf Still Target Shoot!

Black Diamond Triumph Waterfowl - Anyone that's hunted waterfowl knows what a challenge it presents. Indian Creek invented the Black Diamond Triumph to put the odds in your favor. The Triumph will accommodate shot size #2 through #8 including steel and hybrid heavy loads. With their dashing moves and amazing agility waterfowl are the ultimate target but this year it's time to Triumph with a Black Diamond Choke Tube in your favorite gun.

Carlson's Ported Turkey Choke Tubes

Designed for the Serious Turkey Hunter each Super Full Choke has been specifically bored to throw the optimum pattern at short and long distances. Each choke is ported, allowing gases to escape quickly, reducing recoil and muzzle jump in the process. Chokes are manufactured from aircraft stainless steel and a blue non-reflective finish has been added. Additionally each choke is knurled, allowing for fast, easy removal and insertion. Lifetime warranty.....**\$31.21ea (*\$34.34)**

Tactical Sling - 1 1/4" nylon web tactical sling with sewn-on 1 1/4" swivels. Open snap converts sling from carrying mode to shooting mode. Length adjustable with snap open or closed. Ideal for tactical team rifles or shotguns. Converts to a hasty sling for shooting. Order No. 060-26993 \$21.10

Quake Industries

The Claw® Original Rifle Sling - This utilizes the latest in "soft touch" materials. The durable, non-slip polymer pad is molded directly onto the sling webbing and will allow approximately 1/2" of stretch. As an added value, The Claw® Rifle Sling comes with Hush Stalker II™ Sling Swivels which will not squeak, rust or rattle, and are 2 1/2 times stronger and lighter than conventional metal swivels. These swivels fit all standard studs and will not dent or mar the finish on your stock.

Pachmayr Tactical Grip Gloves

These "Stretch-to-fit" Grip Gloves are custom molded for each top-selling pistol and are ideal for the popular polymer frame models which have no replacement grips available. In addition, Pachmayr's Decelerator material delivers recoil reduction and enhanced control that no other slip-on can match.

Pachmayr Gripper Grips for TC Encore & Contender

Contender

Contender Accessories from Pachmayr- Three grip design offer the best control for this heavy recoiling handgun. Each features a patented air pocket recoil chamber and deep checkered finish. (Does not work with G2). The Pachmayr TC Contender forend fits all round barrel models including 12" and Super 14. Will not fit Super 16. The forend adapter adapts one forend for use with either 10" round, 12" or Super 14 barrels. Forend has adapter built in. Can be changed to fit either 10", 12" or 14" T/C Contender barrels.

Presentation - This classic, original rubber grip design by Pachmayr is deeply checkedered and has a classic style. Presentation grips are also designed to be the best pointing grips available.

Gripper - Made from a specially formulated rubber compound optimized for control and recoil absorption. Features finger grooves, a slight palm swell and a covered backstrap.

Gripper Decelerator - The same as the Gripper, featuring the finest recoil absorbing material available.

Gripper Professional - A smaller version of the gripper Grip. This features an open backstrap. Perfect for smaller hands and or concealed carry.

Compac & Compac Pro - These special rubber compound grips are designed for control and concealability. Secure non-slip finish is the first choice for concealed carry. Compac Pro's are smaller versions of the Compac.

New To Midsouth!

SAFARILAND

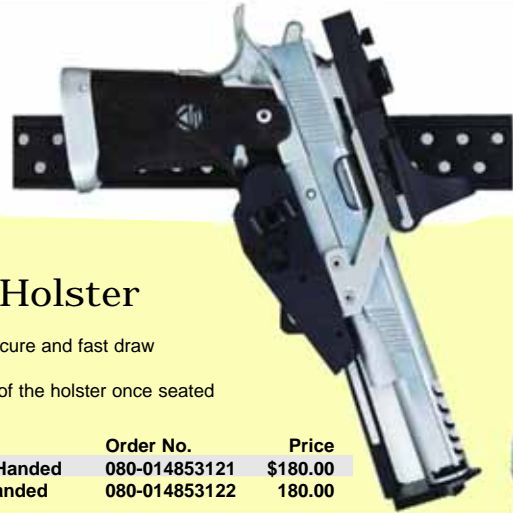

"I feel that the new Safariland ELS (equipment locking system) is the most versatile competition rig on the market today. Gone are the days of having to have a belt set up for each sport or having to completely disassemble an existing belt."

"Once an ELS receiver is mounted to the belt, it can accept an AR mag pouch, single or double stack mag pouch and a shotshell carrier. The holster can also be attached using an ELS receiver. An accessory on the belt can be changed by merely pushing two tabs together and pulling up. A new accessory can be slid into the receiver and pushed until it locks into place therefore a mag pouch can be replaced with a shotshell carrier in seconds."

- Kevin Angstadt
Midsouth Sponsored
Triple Action Shooter

Kevin Angstadt, is quite an accomplished Action Pistol shooter! Kevin has placed in the Top 5 at the NRA Bianchi Cup three times and within the Top 25 nine times. In May 2010, he became the first Action Pistol shooter to become 'Distinguished' in Production, making him the first Action Pistol shooter to be Triple Distinguished! With over 52 Regional and State Championship wins under his belt, we are proud to have Kevin wear the Midsouth logo!

Model 014 Open Class Competition Holster

- Body Machined out of aluminum to stabilize the handgun, yet offers little resistance for a secure and fast draw
- Ball joint on holster allows complete freedom of movement to customize the handgun draw
- Front nosepiece designed to retain handgun and help prevent gun from being knocked out of the holster once seated
- Fully adjustable nosepiece accommodates barrels from 5" to 7.5" (13 cm - 19 cm)
- Fit a variety of competition handguns, with or without red dot or magnified optics
- Injection-molded adjustable trigger guard lock
- Incorporates a simple push lock which secures handgun into the trigger block
- Available in Black.

	Order No.	Price
Right Handed	080-014853121	\$180.00
Left Handed	080-014853122	180.00

"The model 013 holster is an updated version of the model 012 which I have used for years. The 013 features a lock that keeps the gun in the holster and can be deactivated by a flick of the trigger finger during the draw. I have other locking holsters but the model 013 by far holds my guns more securely than any other. My holster is mounted to the belt with an ELS receiver. I can remove the holster from the belt with the gun in the holster with the confidence that the gun will not fall out. I can't wait to get my hands on the New Model 014 to try it out." - Kevin Angstadt

ELS Competition Belt (Model 032) -

- Reinforced to hold heavy competition handguns and ammunition
- Hook lined to loop to 030 underbelt
- Pre-cut holes to mount ELS 35 Receiver Plates in multiple locations and angles
- 1.75" (45mm) Belt Width
- Black

Uncle Mike's Holsters

Sidekick® Vertical Shoulder Holsters - Keeps your gun secure regardless of where your hunting and shooting takes you. A wide, comfortable shoulder harness, combined with an inside belt loop and an offside belt loop, distributes the weight of your gun and keeps it in place. The design of the holster itself protects the handgun, yet makes it easy to draw and re-holster. Can be worn under street clothes or over hunting clothes. Available as noted for non-scoped or scoped guns.

Sidekick® Ambidextrous Hip Holsters - Fully ambidextrous holster with belt loops on both sides, plus a removeable belt clip for use as an inside-pant holster. Intergal magazine pouch on forward edge of holster next to the belt accommodates most single or double row magazines. Velcro retaining strap secures magazine but provides easy access. Simple to convert from right to left. Holster constructed of tough, patented SIDE-KICK laminate of Cordura nylon, weatherproof closed-cell foam padding and smooth nylon lining. Non-stretch retention strap and molded thumb break. String steel belt clip powder coated for rust and corrosion resistance.

Uncle Mike's Holsters

Inside-the-Pant Holsters - Ultra-thin four-layer laminate no thicker than conventional suede leather holsters. Internal moisture barrier won't transmit perspiration to gun. Smooth nylon lining for easy draw. Offered in 2 styles; Open Style as shown or with Fold-Over Velcro Retention Strap. Suede-like exterior helps anchor holster inside pants or skirt. Fold-Over Hook & Loop retention strap releases quickly with thumb and meets requirements of many jurisdictions.

Tuffpak by Nalpak

THIS WILL CARRY 5 GUNS!

The best part is that Tuffpak doesn't even look like a gun case!
(Tuffpak may be carrying golf clubs or a tripod for a camera.)

The Tuffpak has plenty of room for all your gear. Up to five long guns in their soft cases or any combination of guns-n-gear. With this much room, you'll be taking fewer bags on your trip. Inside, there's 50" in length and 10" in diameter. At only 17 lb., you can fill it up and not worry about exceeding any weight restrictions. Even if it does get close, you can easily move the case on its built in wheels.

Tamper-Proof Key Lock and Molded Ribs, Removable Lid, Tuff Webbed Strap, Twin Carry Handles, "Side Release" Buckle, High-Tech/Lightweight Materials, Wheels! TSA Lock models are TSA Airline approved.

	Order No.	Price

Caldwell Shooting Supplies

Order No. 094-101777 \$77.15

- Ultra stable design
- Great recoil reducing performance
- AR-15/lever action compatible
- Heavy Duty steel frame construction
- Durable non-marring feet in front & rear
- Fast, precise pivoting elevation system
- Gun retention strap included
- 25 pound capacity weight tray

The Lead Sled™ Solo - The newest addition to Caldwell's line of recoil reducing rests. Heavy duty steel construction provides a stable and solid shooting platform. Its unique offset frame is designed to accommodate all rifles including detachable magazine rifles like the popular AR-15 platform as well as lever actions guns.

The Lead Sled DFT Shooting Rest - Dual Frame Technology absorbs more recoil and adjusts 22" to fit rifles and shotguns of all sizes. Fine windage and elevation adjustments with fingertip control. 2.5" of elevation adjustment on smooth ball bearings. Baffled tray keeps lead shot bags in place and holds up to 100 lbs of shot. Rubber feet prevent slippage.

Includes a filled front bag specially designed for the DFT

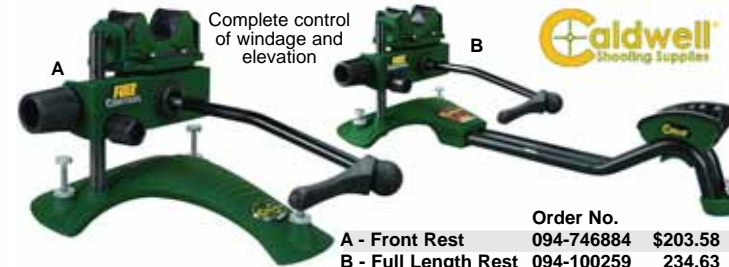

Order No. 094-336647 \$199.75

- The Lead Sled™ Plus** -
- Up to 95% recoil reduction
 - Ideal for magnum rifles & slug guns
 - Innovative, adjustable weight tray slides to accommodate bar bell weights as well as weight bags
 - Holds two 25 lb. bar bell weights
 - Holds up to 100lbs. of lead shot
 - Fingertip elevation adjustment
 - Filled front bag included
 - Padded rear rest
 - Non-marring rubber feet
 - Adjustable height rear foot
 - Improved "no wobble" elevation ram

\$120.87

Order No. 094-820300

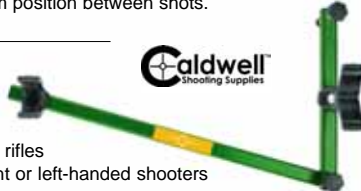

Complete control of windage and elevation

Order No. A - Front Rest 094-746884 \$203.58 B - Full Length Rest 094-100259 234.63

Fire Control Rest™ - Perfect fingertip control over the location of your crosshairs when your trigger breaks. This control means unmatched accuracy, precision, and repeatability in sighting-in, handload development or competition. The glass-smooth mechanisms inside allow you to move the front bag up and down and left and right to accommodate small shifts in wind or firearm position between shots.

- Caldwell 7 Rest™** -
- Overmolded supports
 - Folds compact for transport and storage
 - Works great with AR-15s and lever-action rifles
 - Ambidextrous - folds to accommodate right or left-handed shooters
- Order No. 094-101557 \$30.29

A - The Rock BR - This high-quality rest is designed for the most accuracy-minded shooters around - Bench Rest Competitors - but everyone who wants the best from their rifle will benefit from the advanced design of the Rock BR. The rest weighs a satisfying 15-1/2 lbs, thanks to its cast-iron base. Fine elevation adjustments are made from a large-diameter rotating wheel that glides on a set of ball bearings. Coarse elevation adjustments are made with a locking collar. A full 5" wide synthetic 3-lobe bag is included. Order No. 094-440907 \$165.52

B - The Rock Shooting Rest - Wide cast iron base makes this one stable! 1" Diameter steel center post with large elevation wheel for quick height adjustments from 4.5" to 7.25". Three leveling feet, with bubble level mounted on the cradle. Cradle accepts a wide variety of bags (Not Included) Order No. 094-383774 \$74.01

C - The Rock JR - Uses same Universal Front Bags as The Rock enabling you to choose a configuration to match your rifle. Elevation wheel provides height adjustment from 4-1/2" to 7-1/4" at your fingertips. Includes an unfilled medium front bag. Order No. 094-323225 \$35.59

Caldwell Rest Bags- Perfect compliments for "The Rock" sold above! Made of Cordura & Leather. Available filled with ground walnut shells or unfilled. The approximate shipping weight of filled bags is shown.

Uncle Buds Bulls Bags

Uncle Bud's

BULLS BAGS holds your firearms like a vice. It's unique patented design increases stability while reducing felt recoil. Unlike other clamping systems, the Bulls Bag will not affect your point of impact.

Self-tightening, four-chamber butterfly design protects the finish of your gun. This one bag system eliminates the need for a toe and heel bag. Two bag systems creates 2 points of upward pressure, and one point of downward pressure on the gun, creating a flex in the shooting pattern.

Shooting Tables

MTM Predator Shooting Table- Molded Polymer tabletop. Collapses in seconds. Weighs less than 18lbs. Ideal for use with the MTM Predator Shooting Rest!

Doubling as a maintenance bench or muzzle loader table at the range, the MTM Predator Shooting Table is ideal for sight-in and testing firearm performance. It is also ideally suited to the back-forty shooter or the prairie dog hunter on the go.

-L-35" x W-28" x H-30"
Order no. 008-PST01 \$66.36

Protektor Shooting Bags & Rests

The original source of sandbag rifle rests and pistol rests. All leather and leather covered items are made with the best top grain cowhide leather that is available. All bags are unfilled unless noted.

A - Sissy Bag- The "Sissy Bag" may be that to some, but it absorbs plenty of recoil when placed in back of any rear sandbag. This bag is 4" in diameter by 8 1/2" high. Carrying strap stitched to the top. **Order No. 103-15 \$19.60**

B - Bunny Ear- A replica of the Rabbit Ear, but is only half as high and not as long. **Order No. 103-14 \$25.48**

C - No. 13 Rabbit Ear Rear Bag- Complete two-compartment bag sewn to the top. This compartment which forms the ears is 4 3/8" by 4 3/8" on its base. Each ear is 2 5/8" high and each is filled separately.

	Order No.	Price
Unfilled	103-13	\$25.48
Filled	103-13F	27.93

D - Standard Front Bag- The No. 7 Standard Front Bag is great for every shooter. Bag size (height from bottom to top of saddle) is 4". a base or black (wood) 6" wide by 6" long by 2" to 2 1/4" high (thick) is used under this bag. **Order No. 103-7 \$21.36**

E - The No. 1 Small Owl Ear Front Bag- Narrow hollow center to accommodate most hunting rifles. Bag size is 2 1/4" wide by 5 3/4" long by 1" high (in the center) and about 1 1/2" to 1 3/4" from ear to ear in the center. **Order No 103-1 \$15.97**

F - The No. 2 Regular Owl Ear Front Bag- Hollow center to accommodate the forend of most sporter or varmintier rifles. Bag size is 2 1/4" wide x 5 3/4" long and 1" high (in the center), and about 2" to 2 1/2" for ear to ear in the center. **Order No 103-2 \$15.97**

Owl Window Bags - These bags have two extra bags sewn on so that the bag can rest on a car door with the window down. The bags can be used by disabled hunters or disabled veterans to shoot from a vehicle. (Legal with permit in some states). Also these may be placed on rounded areas such as a wooden fence railing.

	Order No.	Price
G - Sml Owl (No. 1) Ear Window Bag	103-4	\$21.56
H - Reg Owl (No. 2) Ear Window Bag	103-5	21.56

Metal Rifle and Pistol Rest - Welded steel adjustable tripod rifle and pistol rest. Strong enough to stand on and it won't break if dropped like cast aluminum will. Black enamel finish and made to accommodate all Protektor Model front bags. (Adjusts from 4 3/4" to 8 1/4" high.)
Order No. 103-52 \$48.02

Caldwell's Stable Table™ Deluxe Shooting Bench - This tri-pod design has fewer joints and tighter connections than other fold-up style shooting tables. This means minimal wobble, which produces an extremely stable shooting bench. Also, the tabletop features recesses designed to hold ammo boxes, binoculars, etc. In addition, the tabletop incorporates a raised ridge around the outside to keep ammunition, cartridge cases or cleaning supplies from rolling off the table onto the ground. Padded seat Weighs less than 50 lbs.

Order No. 094-252552 \$194.47

MTM Shooting Rests

The MTM Predator Shooting Rest - Provides a stable, teeter free platform, at half the cost of a metal rest. Adjusts in Length to fit various rifles and handguns. Adjusts in Height for Pinpoint Accuracy while shooting. Provides firm footing on uneven surfaces. **Order No. 008-PSR30 \$35.09**

Easily converts from a rifle rest to a stand alone handgun rest.

MTM Front Rifle Rest- Excellent, rock-solid stability at a price any shooter can afford. Wide, wobble free stance with gripping rubber feet. Handgun support & extra wide, rear leg designed for comfortable handgun support. Two-Point rear footing for added stability. Precision Dialed Adjustment offer 3.5" of vertical deviation for pin-point accuracy. **Order No. 008-FRR \$18.81**

MTM Shoulder-Gard Rifle Rest- Magnum Rifle Recoil Reduction! This new weightable, 4 point flex base shooting rest is designed to ease the punishment of sighting in powerful magnum rifles. Integrated recoil reduction sling helps absorb most of the energy, while up to 50lbs of storage weight (Not included) in the central storage compartment stabilizes your shot. Forearm support adjusts 3.5" vertically for pin point accuracy. **Order No. 008-SGR \$32.05**

Plastic Pistol Rest- So versatile, it will accommodate any size handgun from derringer to a 14" TC Contender. Adjusts for 20 different heights. Measures 6"x11"x2 1/2". Rubber padding is molded to the front to protect your firearm. Can also be used as a front rifle rest. **Order No. 008-PR30 \$16.05**

Spot and Shoot Tripod Adaptor- Convert any tripod with standard screw threads into a shooting tripod in seconds! The MTM Adaptor features a quick release scope or camera mount plus a non-marring shooting pad. Made of rugged polypropylene. **Order No. 008-SST \$16.29**

Shooters Ridge Shooting Rests

Zero Kick Rifle Rest- Reduces up to 90% of felt recoil. Make use of the old weights in your basement, or add shot bags to further reduce recoil. Front and rear sand bags for traditional shooting feel. Has front and rear elevation adjustment as well as Micro windage adjustment. Sturdy, light-weight aluminum construction **Order No. 097-40805 \$131.40**

Deluxe Rifle Rest- Constructed of rigid tubular steel with a durable, high-tech powder coated finish is designed to eliminate felt recoil. Comes with leatherfront sand bag. Attaches by Velcro. Right or left handed shooters, precise windage adjustments **Order No. 097-40804 \$101.28**

Steady Point Tri-Stance Rest with Sandbag
 -Leveling Screws on each leg for uneven surfaces
 -Adjustable Stay-Put foot pins keep rest stationary
 -Vertical Adjustment feature with locking device

The Hornady Delta Rest- NINE DIFFERENT SHOOTING HEIGHTS! This lightweight gun rest is perfect for varmint shooting or sighting in rifles. Eliminates bulky tripods or heavy rests. It has a removable end cap and hollow cavity for easy filling. **Order No. 005-010062 \$16.98**

Shooting Shields

A- PAST® Magnum Plus Shield- Delivers essential additional protection for big bore cartridges from 7mm calibers and up. Tuned and tested for maximum effectiveness during the critical 2-millisecond peak impact "pain window". Body shaped over the shoulder, onto the arm design architecture protects against buttstock slip. Stays in place, yet lightweight, 1/2" patented foam protection system covers a larger shoulder area than the Magnum Shield. Excellent for all shotgun sports (hunting, trap, skeet, sporting clays, etc.) and large caliber rifles! **Order No. 094-310010 \$26.12**

B- PAST® Field Shield- Right & Left Hand. Contoured for close fit and fastest gun mounting. Protection with the greatest flexibility using lightweight patented 1/4" foam protection system. This makes a great shield for trap and skeet shooters and is also a good starter shield for the young shooters just getting into the sport! Don't get bruised and rattle your body, use a shield! **Order No. 094-350010 \$21.50**

C- PAST® The Heraean Shield for Women- allows today's women shooters to get a customized competitive edge to shoot with under tunic Olympic freedom plus the recoil protection formerly available only from outerwear. Slides easily under the bra strap. Stays firmly in place with perfectly placed velcro closures. Lightweight patented foam system: silky smooth cotton blend cover. Excellent for lady shotgunners and rifle shooters. One Size Fits All **Order No. 094-360000 \$13.83**

D- PAST® The Magnum Shield - The Original Recoil Shield. Superior protection for use with medium to high caliber rifles during sight-in, practice and field action. Original 1/2" patented foam protection system. Excellent for all shotgun sports (hunting, trap, skeet, sporting clays, etc.) and large caliber rifles! Right & Left Hand Shooters. **Order No. 094-300010 \$21.50**

E- The PAST® Super Mag Plus Ambidextrous Shield - Has the same quality construction as all PAST® shields, but it is designed to ease the blow of heavy duty calibers like the .416 Rigby and the .500 Nitro. **Order No. 094-330110 \$30.74**

Champion Traps & Throwers

MatchBird 3/4 Cock Trap w/seat - This MatchBird seated trap provides multiple mounting positions for the easy-to-use 3/4-cock trap. Throws targets up to 70 yards and quickly attach to a 2-inch receiver hitch for sturdy and comfortable clay tossing. Throws all clay target sizes, standard, mini, midi, and rabbits.

Order no. 097-40904 \$157.47

SkyBird™ 3/4 Cock Foot Release Trap - Designed for use as a balanced foot release ground trap. The foot release trap is excellent for shooting alone, just step and release. This balanced trap throws all types of targets up to 70 yards. Shoot standard, mini, midi, & doubles.

Order no. 097-40903 \$97.27

THE BENEFITS OF A 3/4 COCK TRAP - A 3/4 Cock Trap has a one-way clutch that allows throwing arm travel in only one direction. When the throwing arm is tripped and a clay target thrown, the inertia of the arm carries it to about an 8 o'clock position. The one-way clutch does not allow the spring to pull the arm back to the twelve o'clock position, but instead stops it at the furthest distance traveled, which is closer to the setter. This feature requires less force and a much shorter distance to fully cock the trap for the next throw.

High Fly™ String Release Manual Trap -

Target is thrown with a simple pull of the string. Features a target clip for secure placement and a consistent flight path. Stake in the ground or mount to a tire.

Order no. 097-40901 \$22.98

Super Sport™ Hand Thrower -

Easy, Fun to use handthrower that can be used by any age. Throw standard, mini, midi, and even challenging rabbits. Order no. 097-40900 \$11.97

Trius Traps & Throwers

4 Height Adjustments

The Trap Thrower - The Trap Thrower is "The Original Foot Trap" and the only one with these exclusive features: High angle retainer, Can thrower, and Tire mounting bolt all in one. Regulation singles fly up to 65 yards. Fully adjustable without tools. The most complete and versatile trap you can own! Order No. 010-10205 \$56.61

The Trius TrapMaster2 - Designed to give the operator sit down comfort on a padded seat and the variety of pivoting action. No anchors are needed, as the operator's weight anchors the TrapMaster. Comes complete with the easy cocking Trius Trap to give the ultimate performance in clay target shooting.

Order No. 010-10225 \$94.14

4 Height Adjustments

One easy step cocks & releases target!

One Step Target Thrower - Almost effortless to use! Arm is set and target (s) placed on arm without tension. Operator steps on the pedal to put tension on the arm and release target in one continuous motion. One person can throw and shoot! Order No. 010-10201 \$82.49

The Birdshooter - The Birdshooter comes with a "T" base to hold with foot, as well as a tire mounting bolt! Aluminum arm plus oil impregnated bushings make it easy to cock and will give you years of trouble free use. High angle retainer.

Order No. 010-10220 \$35.37

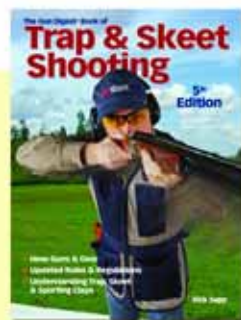

EZ Throw II & EZ Double Throw - The patented power curve throws a clay target an average of 20 yards further than before. Available in single throw or heavy duty double throw for versatility. Double throw allows for adjustable horizontal and vertical separation.

	Order No.	Price
EZ Single	008-EZ11	\$3.98
EZ Double	008-EZDT	12.09

Flightmaster Jr. Thrower - Delivers high performance at a 'casual' price. Heavy duty steel construction. Finger pull trigger allows for point and shoot target throws. High Strength aluminum arm partially resets after each cycle. Adjustable tension spring (up to 50 yard throws). Comes with an assembly/adjustment wrench. Balanced design eliminates the need for mounting. Order No. 097-40240 \$46.39

The Gun Digest Book of Trap & Skeet Shooting, 5th Edition - By Rick Sapp The Gun Digest Book of Trap & Skeet Shooting, 5th Ed., covers every facet of trap and skeet shooting and provides valuable insight on how to improve and win at clay-busting sports. Choose the right shotgun, and fit the gun to your needs. Understand the hows and whys of chokes - in plain language! Get the most current data on shells, loads, and reloading. From the latest rules and regulations to the hottest new guns and gear. Pages: 256 Order No. 043-Z5055 \$14.27

Shooting Chrony Chronographs

Every CHRONY measures the speed of bullets, arrows, shotguns and air-pellets, paintballs, etc. from 30/fps, to 7000/fps. and within 0.5% accuracy. A CHRONY chronograph completes your reloading needs at an affordable price. It can go with you anywhere. Just unfold (like a book), mount onto a tripod or place on a table, insert diffusers (sky-screens) and shoot in less than 2 minutes. Every CHRONY is made of 20 gauge steel but weighs less than 2 1/2 lbs.: It is powered by one 9 volt alkaline battery (not included) and equipped with an extra large LCD-readout: 0.5" high- when folded, it is 7 1/2" long, 4 1/2" wide and 2.75" high.

ALPHA CHRONY All the features of the Delta plus:

- 1) 1-string, from 2 to 32 shot memory (numbered)
- 2) Measures high, low and average velocities, extreme spread and standard deviations
- 3) Stereo jack for optional remote control.
- 4) Retrieval of individual shot velocity measurements.

BETA CHRONY All the features of the Alpha plus:

- 1) 60-shot memory (divided into 6 numbered strings from up to 10 shots each)
- 2) Can be switched off, taken home and switched on for reviewing information retrieval or downloading onto your computer.
- 3) Moves instantly from string to string, interrupts shooting on any string, returns to any string without memory loss, each string delivers its own statistics, etc.

MASTER GAMMA CHRONY All of the features of the Beta plus:

- 1) 1000-shot memory (divided into 100 numbered strings of up to 10 shots each.)
- 2) Change string size capability
- 3) Rapid-fire mode measures velocity of 1800 rounds per minute.
- 4) Ballistic Chrony Printer(14 foot interface cable)and LCD Remote.
- 5) In the timer mode, the velocity is measured as well as the time elapsed between shots; the timer is shot activated, not sound activated.

*Download Ballistic Programs for IBM computers in DOS, Windows '95, and IBM ballistic Interface (All sold separately)

THE MASTER CHRONY comes with the following models:

the **Master Delta**, the **Master Alpha**, the **Master Beta** and the **Master Gamma** chrony. The Master Chronys have the same capabilities as their counter parts. However, the Master Chronys have a remote which brings the LCD readout and most electronic components as well as other controls right up to your bench and away from the bullets path.

The Gun Digest Book of Long Range Shooting - LP Brezney gives hunters and shooters instruction and advice on how to shoot well at 500+ yards. Learn how to make the most of your shooting gear, as well as additional equipment that will increase success at distance. Covers Optics, rifles cartridges, barrels, triggers and more. 224pages **Order No. 043-Z0735 \$14.27**

RCBS Ammomaster Chronographs

AmmoMaster® Chronograph - Whether you are checking the velocity of your arrows, paintball gun, favorite hunting rifle or seeing if your pistol load makes major Power Factor, this is the unit for you. Forgetting to bring your diffusers and supports is a thing of the past as all the parts store neatly into the AmmoMaster housing. The detachable keypad display has a 20' cord that allows you to edit the string and not have to use binoculars to see the velocity. The display shows you the last velocities recorded. The AmmoMaster Chronograph has a velocity range of 50-7000 feet per second and will also measure in meters per second. The memory is capable of storing 100 velocities in 10 strings of 10 shots each. The edit function allows you to delete a shot(s) and display the following functions: average velocity, high, low, extreme spread and standard deviation.

Features

- 100 shot memory
- Self contained carry case
- Velocity range 50-7000 feet/meters per second
- Operates on one 9 VDC battery (not included)
- Detachable keypad display
- Standard camera tripod mounting
- RCBS one year warranty

New! Gamo Bull Whisper Air Rifles

One of the latest innovations from Gamo® is the new Bull Whisper™ barrel, this technology allows Gamo® airguns to reduce the sound dramatically due to the incorporated sound dampener into the bull barrel.

The compressed air propels the pellet and passes through the Bull Whisper that keeps part of the air reducing the noise but keeping the same velocity.

RWS Airguns

Length	Barrel	Weight	Trigger	Cocking
45"	18-7/16"	8.3 lbs.	3.3 lbs.	36 lbs.

460 Magnum - The 460 Magnum utilizes an under-lever cocking mechanism that provides superior leverage when cocking the airgun, resulting in less cocking effort than other spring airguns. The 460 offers magnum velocities of 1350 fps in .177 and 1150 fps in .22. With an easy to use top-side loading port, micro adjustable sights, fixed rifled barrel, scope capability, and a classic American Sporter stock with rubber butt pad, the 460 magnum delivers the performance, power, and grace expected from an RWS rifle.

	Order No.	Price
.177cal Velocity up to 1350 fps	062-2166445	\$450.33
.22cal Velocity up to 1150 fps	062-2166447	450.33

Model 48 - A new generation of side lever cocking magnum air rifles. Has record breaking power. Fixed barrel with velocity of 1100 feet per second in .177 caliber. Both front and rear sights are adjustable. Two stage trigger with adjustable pull.

	Order No.	Price
Diana Model 48 .177 Cal	062-2166200	\$356.56
Diana Model 48 .22 Cal	062-2166205	356.56

RWS 350 Feuerkraft Pro - With a velocity in the range of rimfires the RWS 350 Feuerkraft Pro Compact provides the power of Diana's 350 Magnum with the German craftsmanship of an ambidextrous elegant straight wood stock that's ambidextrous and topped with 3-9x40 air gun scope. This 350 Pro Compact comes with an RWS Lock Down mount that makes scope mounting a breeze. Velocity - FPS 1250.

	Order No.	Price
RWS 350 Feuerkraft Pro .177 Cal	062-2166157	\$351.90

Beretta Airguns by Hammerli

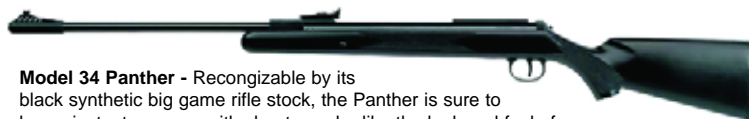

Length	Barrel	Weight	Capacity
30.75"	17.5"	5.25 lbs.	30

Beretta CX4 Storm - Powered by an 88g CO2 cylinder housed within the airgun, this exciting 30-shot semi-automatic .177 caliber carbine will provide years of shooting enjoyment. With over 200 shots from one 88g CO2 cylinder, this Beretta replica airgun is fun, fast, and accurate.

	Order No.	Price
.177cal Beretta CX4 Storm Velocity up to 600 fps	062-2253005	\$258.75

Multi-Reticle Sight MRS - Red dot with variable reticles, 4 different reticles by turning switch, integrated mount for Weaver rail. **Order No. 062-2300569 \$52.80**

Model 34 Panther - Recognizable by its black synthetic big game rifle stock, the Panther is sure to be an instant success with shooters who like the look and feel of a big game rifle stock to complement their airgun action. Built from rugged injected molded plastic, the Model 34 is lighter than traditional wood airguns, which makes carrying it all day a breeze. Add in the standard TruGlo open sights and you have a model that shoots with the best of them while performing with cat-like precision.

	Order No.	Price
Diana Model 34 Panther, .177 cal 1000 fps	062-2166022	\$175.79
Diana Model 34 Panther, .22cal 800 fps	062-2166023	175.79

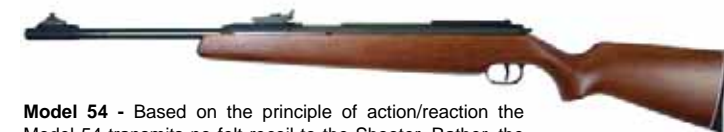

Model 34 - A competitively priced gun for the shooter who expects performance and power. Gun comes with a scope rail, two stage adjustable trigger, and synthetic piston seals.

This bow also allows for easy installation of the optional crank cocking device while maintaining a sleek low profile look and feel. Package includes QDQ Quiver, 3-20" Arrows, and Premium Red Dot Scope

Nikon Bolt XR 3x32mm Crossbow Scope (BDC 60 Reticle) Designed to do what other crossbow scopes do not, the Bolt XR features bright, fully multicoated 3x Nikon optics, a large ocular that makes full use of its wide field of view, 3.4-inches of eye relief and quick focus eyepiece with ±4 diopter adjustment.

The advanced BDC 60 reticle offers precise aiming points out to a very achievable 60 yards based upon velocity of approximately 305 fps. You can match virtually any crossbow velocity and bolt weight using Spot On Ballistic Match Technology. Order No. 125-8461 \$159.95

HS Scents Cover-ups & Lures

Primetime Scents come in 2oz. amber bottles with an atomizer.

Premium Doe Estrus - Made from 100% natural doe-in-heat urine, collected during the estrous cycle, plus secretions taken during the 24-36 hour breeding period. Order No. 052-03003 \$4.28

Natural Doe Urine - Natural whitetail doe urine is taken during the pre- and post-rut periods. It provides an excellent territorial, non-threatening curiosity appeal. Order No. 052-03013 \$4.14

Dominant Buck Urine - Made from buck-in-rut urine, this scent will cause a buck's territorial urge to minimize his caution. Works dominant bucks into a frenzy. Order No. 052-03016 \$4.23

Premium Doe Estrus Plus - Collected during the 24-36 hour estrus cycle, is now spiked with the most potent sexual and territorial deer musk. This special blend stimulates and challenges a buck's natural hormonal urges during the rut. Order No. 052-03005 \$4.80

PRIMETIME® Cover Scents - Cover scent both when walking and while in the stand. 2 oz. amber bottles with atomizer.

	Order No.	Price
Raccoon Urine	052-03026	\$2.83
Red Fox Urine	052-03025	2.83

Scent Wafers™ - Solid Scent Wafers have a pure concentrated scent that masks odors. Scent can't spill, freeze or wash away. The wafers can be pinned to clothing or hung from hunting site. Available in a variety of cover scents. 3 wafers per resealable container which revitalizes wafers after use.

	Order No.	Price

The Attractor Digital Caller

Includes a holster for the remote and a belt clip for the base unit.

Hunter's Specialties® Attractor from Johnny Stewart Wildlife Calls has plenty of features built into a light-weight, compact digital caller. Each handheld caller comes with five pre-programmed 16-bit sounds. The base unit has an 8-ohm, .5-watt speaker that pivots 180° for directional calling. The 30-second sounds can be played in a loop for continuous action.

The handheld remote has a range of 50 yards. The remote operates on a 12-volt, 23-amp battery and the base unit on 4AA batteries, which are all included.

Jack Attack!

FOX PRO JACK ATTACK!

The Jack Attack comes standard with two toppers; a bird topper which resembles a woodpecker, and a jack topper which imitates a rabbit or rodent. It simulates two distressed animals to entice those weary predators in close enough for you to make the shot!

Only \$99.02

FoxPro Digital Callers & Decoys

SPITFIRE FEATURES

- Internal Storage
- User Accessible Micro SD Card.
- External Speaker Jack
- Connect an additional speaker to the SpitFire for more volume.
- Internal Speaker "On/Off" Switch
- Turn your internal speaker on or off with the convenient slid switch located on the front of the unit.
- Pilot Lamp/Low Battery Indicator
- Tripod Mount

- Operates on 4 'AA' Batteries

Order No.
297-SF1 \$199.95

The SpitFire features a rugged ABS injection molded housing for superior strength and durability. A single high quality horn speaker is built in for great volume and a crisp sound. An auxiliary jack is present to plug in an approved auxiliary device, such as the FOXPRO Jack-in-the-Box Decoy. The external speaker jack allows you to plug in an additional speaker to increase your volume if desired. You can disable your internal speaker via the speaker "on/off" slide switch. The low battery/pilot light allows you to see when your SpitFire is turned on and also blinks when your batteries are getting low. The tripod mount located on the bottom of the SpitFire allows you to elevate your caller off of the ground when hooking it up to a tripod.

The SpitFire runs off of 4AA batteries. Alkaline batteries are recommended for use with this unit. You will see run times of 20-24 hours off of a fresh set of alkaline batteries. It comes with 24 high quality FOXPRO sounds. The SpitFire is user reprogrammable from home. The sounds are stored on a micro-SD card. A compatible reader/writer (not included) is necessary for reprogramming. It is capable of playing FOXPRO's own FXP audio files as well as MP3 and WAV files

Outdoor Edge Cutlery

SwingBlade / SwingBlaze (Orange) -

Simply push the lock button and the blade changes from a drop-point skinner to the most functional gutting knife for big game.

This innovative design cuts beneath the skin to open game like a zipper. Eliminates the chance of cutting hair or internal organs. The SwingBlade is hand finished shaving sharp from AUS-8 stainless steel and subzero quenched for superior edge retention and performance. Rubberized Kraton® handles ensure a positive, non-slip grip, even when wet. The SwingBlade comes complete with a quality nylon belt sheath and is lifetime guaranteed.

Mace Pepper Spray & Security Items

We Do Not Sell Mace Products in Massachusetts, Hawaii and New York

10 % PepperFoam Large Model 67 gram - 10% PepperFoam is a revolutionary new defense spray that combines a unique blend of 10% pepper solution and foam to produce a powerful deterrent against personal attack. PepperFoam's thick, pepper-impregnated foam spray coats an attacker's face, making it difficult to see. When the attacker attempts to wipe the foam away, the pepper is ground into the face and eyes, causing a severe burning sensation. PepperFoam's highly visible, amber-colored lather makes it easier to aim at a small target. Features MSI's "Flip-Top" safety cap. **Order No. 134-80245 \$9.76**

10 % Pepper Gard Defense Spray - Superior formula of high-grade OC pepper used by police. Offers powerful protection against attackers. OC pepper causes eyes to slam shut, uncontrollable coughing and choking and a painful burning sensation. Features MSI's "Flip-Top" safety cap and "Finger-Grip" dispenser, plus keychain. Flip-Top & Finger-Grip not available on 134-80184.

Triple Action Pepper Tear Gas - "TRIPLE-ACTION" Pepper Formula is a superior grade personal protection product that "does it all!" Leading defense spray formula, used by police departments, combines premium quality OC Pepper with CN Tear gas along with a UV marking dye. "TRIPLE-ACTION" makes ordinary pepper sprays obsolete. OC Pepper causes eyes to slam shut and uncontrollable coughing and choking plus an intense painful burning sensation. CN Tear gas causes profuse tearing and disorientation. UV dye marks the assailant and can aid in identification once apprehended. Features MSI's unique "Flip-Top" safety cap and "Finger-Grip" dispenser. (Flip-Top & Finger-Grip not available on 80185).

Perfect for the reloader with limited working space, an overwhelmed workbench, or someone looking for solution to portable reloading needs. The sturdy powder coated steel stand places your press at the perfect counter stool or standing height. The 10 inch triangular steel top plate uses the Patented quick change Lee Bench Plate system.

Lee Reloading Stand

Fits: All Lee metallic presses (Fasteners for mounting one press are included).

only \$88.72

Order No. 006-90688

Includes a sturdy steel shelf with two bench plate receivers that will neatly and securely store your extra presses or mountable accessories. Included with the stand is one storage bin for component or tool storage, which clips onto the steel bin bracket provided with the stand. Each leg has eight mounting holes that allow you to accessorize your stand with a multitude of bins, shelves or accessory die racks. Includes drawing to customize and make your own extended work surface. This reloading stand is perfect for the apartment-dweller or anyone who is limited on space.

Notes: Comes with one storage bin and bracket, top plate, intermediate shelf, drilled wood bench block, complete fastener set and two steel concrete block hangers.

Additional Accessories

Die Rack - Holds your dies at the ready, designed for the Lee Reloading stand. Can also be wall or bench mounted. **Order No. 006-90680 \$6.81**

Hardwood Base Blocks - Precut hardwood blanks for Lee Bench plate or Reloading stand. Includes 6 bolts, nuts & washers. **Order No. 006-90571 \$9.54**

Bin and Bracket - Sturdy steel bracket and parts bin. Includes fasteners to allow direct mounting to the Lee Reloading stand. Perfect for holding bullets, cases and loaded rounds. **Order No. 006-90687 \$9.54**

John Nosler Going Ballistic

"Going Ballistic" The Life and Adventures of John Nosler - By John Nosler as told to Gary Lewis. This is the tale of a hunter, innovator and self-taught ballistics engineer. He first hunted moose in Canada in the 1940s and recognized the need for a projectile that would stand up to the velocity generated by the new magnum rifle cartridges. He developed a bullet that married the qualities of penetration and expansion - the Nosler Partition. Order No. 115-50160 \$19.83

Born in California, raced his home-built cars on the dirt tracks of Huntington Beach and Pomona. Moved to Oregon and embarked on his legendary big game hunting career.

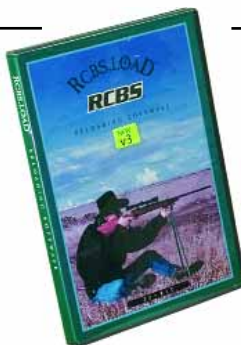

Sierra Infinity Version 6.0 Reloading Software - Improved Atmospherics - revised to improve atmosphere model and add improved altitude estimates with atmospheric conditions. Revised print formats - MOA (clicks) column and field print added for more "field friendly" print outs. Tabular formats added for tactical shooters in MOA and MIL including uphill and downhill calculations. Profiled Winds - allows for 5 separate wind zone conditions downrange for deflection/drop/rise calculations. Twist rate - calculates recommended twist rate for each bullet/muzzle velocity/stability factor. Recoil - calculates recoil momentum and energy for each gun weight/bullet weight/powder charge weight/muzzle velocity combination.

SABRE Red

Sabre Security Sprays And Personal Defense

Gate Keeper Door Alarm by SABRE Red -

Home invasions occur every 14.5 seconds in the USA. A new trend is developing internationally as intruders rob you while you sleep and leave with your former possessions by means of your automobile. GATEKEEPER takes you out of R.E.M. and into action. The piercing 120 decibel siren will likely startle and deter the intruder while waking you. Its door wedge design blocks inward opening doors giving you precious time to reach for your SABRE pepper spray. Small, practical and easy to use GATEKEEPER lets you rest easy until it's time to take action!

Features:

- 120 decibel door alarm
- Door wedge helps to block inward opening doors
- Non skid bottom
