HP All-in-One - 20-c219in (2CC54AA)

Active as of 13-11-2017

Overview

Redesigned. Reliable. Ready for you.

Whether your family is looking to surf, stream or tackle that next big assignment, this budget friendly All-in-One has been redesigned to give everyone what they need. A splash of color and reliable, trusted performance make this the perfect living room go-to.

Whether your family is looking to surf, stream or tackle that next big assignment, this budget friendly All-in-One has been redesigned to give everyone what they need.

Powered for every day

The latest processors¹, plenty of storage and a range of IPS display sizes power your content and give the whole family an awesome view. Now everyone can get connected without slowing down.

A pop of personality

A little bit of color can really bring a whole room to life, so we redesigned our All-in-One with a new, stylish stand design and a colorful ripple pattern.

Quality everyone can count on

With over 100 tests², you can depend on your HP All-in-One to help your family through every homework assignment, school project, and all-day movie binges.

1 year limited parts, labour and on-site service, toll-free technical phone support for the first 30 days.

Overview

- 1 Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations.
- 2 HP Total Test Process testing is not a guarantee of future performance under these test conditions. Damage under the HP Total Test Process test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.

Specifications

- 1 McAfee LiveSafe 30-day free trial offer (Internet access required. First 30 days included. Subscription required for live updates afterwards.)
- 6 Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. Intel, Pentium, Intel Core, Celeron, Intel logo and the Intel Inside logo are trademarks of Intel Corporation in the U.S. and other countries.
- 7 Intel® Turbo Boost performance varies depending on hardware, software and overall system configuration. See <http://www.intel.com/technology/turboboost/> for more information.
