***We are reprinting the Election Mail Cover Story from March 17, 2016, to emphasize the importance of the 2016 election cycle.**

Background

The presidential primary season is wrapping up and the Postal Service™ is preparing for the general election in November 2016. In addition to the presidential campaign, there will be high-visibility congressional, gubernatorial, and other state and local races.

With elections comes Election Mail and Political Campaign Mail and proper handling of each is critical.

Concerns have been raised regarding how the change in delivery standards could require additional time for Election Mail, Political Campaign Mail, and ballots to reach voters. The Postal Service takes these concerns very seriously and plans are in place from coast to coast to ensure the timely receipt, processing, and delivery of election and political mail.

Generally, citizens use one of three methods to cast their votes — a traditional polling place via electronic or paper ballot, an absentee paper ballot, or early in-person voting. Although traditional poll voting is still the most popular method, voting by mail is increasing across broad segments of the American electorate. For example, in the 2014 midterm federal election, 25 percent of voters cast ballots by mail — an increase of 3.5 percent over the 2012 presidential election.

Election Mail

Plan Objectives

- Educate and inform the public on proper mail handling, key dates, and general election mail/political mail tips.
- Reinforce message that the Postal Service takes its job of delivering ballots and other election/political mail very seriously.
- Emphasize correct use for Tag 57, *Political Campaign Mailing*.
- Highlight correct use for Tag 191, *Domestic and International Mail-In Ballots*, and ensure this mail is correctly identified and promptly processed.
- Build awareness that official Election Mail and Political Campaign Mail are normally related to the same election event, but they are actually two distinct types of mail.
- Assure election officials that ballots will be handled correctly and educate them on the changes related to service standards so they can make changes to their processes in order for ballots to be mailed and returned in time.
- Increase attentiveness among employees that when they encounter official Election Mail or Political Campaign Mail in the mail stream to always handle it promptly and provide it with equal care and attention.

Key Messages

- The U.S. Mail is an important part of the U.S. election process, and the Postal Service is confident in the dependable and timely delivery of Election Mail and Political Campaign Mail.
- Voting by mail works and the Postal Service can be trusted to deliver ballots in a timely manner.
- The Postal Service is instituting a state-by-state outreach program to ensure election boards, political candidates, and mailers are aware of the deadlines for Election Mail and Political Mail.
- The Postal Service takes pride in the popularity of U.S. Mail as an efficient and effective means for citizens to participate in the voting process.
- The Postal Service expects to handle millions of ballots this election cycle — proof that mail is a dependable and protected way to cast your vote. The Postal Service strongly recommends allowing five days for the safe delivery of Election Mail ballots.

Key Voter Message — Return Ballots

Customers who opt to vote through the U.S. Mail need to familiarize themselves with their local jurisdiction's requirements regarding timely submissions of absentee ballots, including postmarking requirements. Voters should contact their local election officials for questions about local deadlines. The Postal Service recommends mailing ballots early to account for any unforeseen events or weather issues and to allow for timely receipt by election officials.

Key Election Official and Political Mailer Message — Return Ballots

Delivery times vary based on the class of mail, where it's entered, and where it's going. Most mail will be delivered within 5 days. Standard Mail® may take longer depending on where the mail is being sent from and delivered to. Election Mail coordinators can provide additional information about standard delivery times.

Whether the decision is to use First-Class Mail® or Standard Mail, working closely with local Postal Service election mail coordinators to determine a delivery time for the mailing is strongly encouraged. Contact information for coordinators can be found at <http://www.usps.com/electionmail>.

FAQs

1. What is Election Mail?

Election Mail is any item mailed to or from authorized election officials that enables citizens to participate in the voting process, such as ballot materials, voter registration cards, absentee applications, and polling place notifications.

2. What is Political Mail?

Political Mail is any material mailed at First-Class Mail or Standard Mail prices for political campaign purposes by a registered political candidate, a campaign committee (federal, state, or local), or a committee of a political party (Democratic National Committee, Republican Congressional Campaign Committee).

3. What is Franked Mail?

Franked Mail is official mail sent by members and members-elect of Congress, the Vice-President, and other authorized individuals. Mail must relate to the mailer's official business, activities, and duties. Franked Mail has a written or facsimile signature of an authorized user in the upper right corner of the envelope or a franked label, followed by "M.C." standing for member of Congress, or "U.S.S." for U.S. Senate. A Franked Mail label is required for items larger than a flat sized envelope. Franked Mail must not be returned for postage or delivered to the recipient as "postage due."

Mass Franked Mailings are identified by Tag 11, *Congressional Mail*, and are **NOT** eligible to use the red Tag 57. Franked Mail should not be detained, except for mail security, and must be dispatched and delivered as addressed.

4. How many states use Vote-By-Mail?

Twenty-two states have some form of Vote-By-Mail elections. Three of the 22 states — Oregon, Washington, and Colorado — hold all elections by mail. 19 states besides CO, OR, and WA allow "certain types of elections" to be held entirely by mail. For more information, visit: <http://www.ncsl.org/research/elections-and-campaigns/all-mail-elections.aspx>.

5. How many ballots is the Postal Service projecting it will deliver for this year's elections?

The Postal Service handled more than 25 million return ballots (not including military ballots) in the last Presidential election. The expectation is that there

will be more ballots this year since there is another Vote-By-Mail state.

6. How many ballots were delivered to troops around the world in the 2012 general election?

Between September 1, 2012, and November 30, 2012, the Military Postal Service (MPS) received 51,725 absentee ballots from local election offices for distribution to overseas military members. A total of 89,329 voter ballots were transmitted back to the U.S. and local election officials using Priority Mail Express®. The difference between the number of ballots received and transmitted back is likely due to the fact that many voters chose to receive their blank ballots electronically, but printed them out and returned them by mail. The overall average transit of voter ballots from the absentee voter to election offices was 5.6 days. For more information, visit: <https://www.fvap.gov/uploads/FVAP/Reports/2012report.pdf>.

7. Is the Postal Service ready for the increased volume?

Yes. The U.S. Mail is an important part of the U.S. election process, and the Postal Service is confident in its dependable and timely delivery of Election Mail and Political Campaign Mail.

8. Will the service standard changes made last year impact voting by mail in any way?

No. Postal Service representatives are working closely with local and federal election officials to address and alleviate any concerns. The Postal Service is ready and committed to ensuring timely delivery of all election and political campaign mail.

9. What is the Hatch Act?

The Hatch Act (5 U.S.C. §§ 7321-7326) limits certain political activities of most executive branch employees. For example, the law prohibits employees from engaging in political activity while on duty or in the Federal workplace. It also prohibits them from soliciting or receiving political contributions. Employees who violate the Hatch Act are subject to a range of disciplinary actions, including removal from federal service, reduction in grade, debarment from federal employment for a period not to exceed 5 years, suspension, reprimand, or a civil penalty not to exceed \$1,000.

10. How does the Hatch Act affect the Postal Service and its employees?

The Postal Service is non-political — meaning the organization cannot and does not support any political party or affiliation over another. The continued effectiveness of this organization depends on the ability to deliver all political mailings without giving the perception that the views of one candidate, polit-

ical party, or political viewpoint are endorsed over another.

It is the responsibility of all Postal Service employees to know and obey the Hatch Act restrictions. This means that employees may not display political buttons while on postal property or place bumper stickers on a Postal Service vehicle indicating a preference for a specific candidate, party, or a political position. Employees are also urged to not participate in any political discussions where customers are present.

This brief summary does not address all of the Hatch Act prohibitions. For additional information about the Hatch Act, visit the Ethics page on *Blue* at <http://blue.usps.gov/uspslaw/Ethics.htm>, contact the HQ Ethics Helpline at 202-268-6346, or send an email message to “Ethics Help” (internal email) or ethics.help@usps.gov.

11. What is Vote-By-Mail?

A ballot is automatically mailed to every registered voter in advance of Election Day. Traditional in-person voting precincts are not available.

12. What is No Excuse Absentee Voting?

All states will mail an absentee ballot to certain voters who request one. The voter may return the ballot by mail or in person. In 20 states, an excuse is required, while 27 states and the District of Columbia permit any qualified voter to vote absentee without offering an excuse. Some states offer a permanent absentee ballot list. Once a voter asks to be added to the list, she/he will automatically receive an absentee ballot for all future elections.

13. What are Absentee Ballots?

An absentee ballot is a ballot completed and typically mailed in advance of an election by a voter who is unable to be present at the polls.

14. Does the Postal Service process mail less now than it used to?

No. Mail is processed daily.

15. Do the return ballots need to be postmarked by a certain date?

That varies on a state-by-state basis. There are currently 13 states that require postmarks in order to accept ballots post-election: AL, AK, IL, IA, MD, NY, NC, ND, OH, UT, WA, WV, and WI. Go to your state’s election website for specific information.

16. Do the return ballots need to be postmarked even if there is a meter?

It depends on the location. Go to your state’s election website for specific information.

Political Campaign Mail

Direct mail is the winner's choice. It is the spark that can start voter action. When the message is relevant and personal, it is powerful. And when people listen to power, they are more likely to act. See why, year after year, direct mail continues to prove itself as one of the most engaging and effective channels for winning campaigns — <http://www.deliverthewin.com>.

Objectives

- Emphasize correct use for Tag 57, *Political Campaign Mailing*.
- Increase attentiveness among employees, so when they encounter official Political Campaign Mail in the mail stream, they always handle it promptly and provide it with equal care and attention.
- Process and deliver Political Campaign Mail in a timely manner.

Key Messages

- The U.S. Mail is an important part of the U.S. election process, and the Postal Service is confident in the dependable and timely delivery of Election Mail and Political Campaign Mail.
- Political Mail is an important communications method for candidates to reach constituents directly.
- The timely processing and delivery of political mail promoting candidates and causes is essential to the success of this election mailing season.
- The best campaign is a multi-channel campaign.
- Tag 57, *Political Campaign Mailing*, can be used for any political campaign mailing by a registered political candidate, campaign committee, and committee of a political party, or political message mailing by a political action committee (PAC), super-PAC, or other organizations engaging in issue advocacy or voter mobilization.
- More information: <https://www.usps.com/business/political-mail.htm>.

Why Political Mail?

- Mail can reach 100% of target voters.
- Mail prompts action — often through other channels.
- Mail lifts all boats — it's all in the mix.
- Mail is tested and proven. Direct mail works.

What's Different This Year?

- A political mail website — <http://www.deliverthewin.com> — has been created to provide a variety of information and to act as an online platform to promote direct mail through support materials including white papers, case studies, etc.
- Connections to digital content such as augmented reality are being touted to emphasize the link between digital and hard copy content as a means to extend and increase effectiveness of political messaging. Augmented reality mailpieces allow campaigns to promote their messages in a way that engages voters.
- A Political Mail dashboard is being created to provide real-time visibility as well as tools for analyzing and sharing data.
- Webinars will be presented highlighting key political industry topics.
- The Postal Service has sponsorship agreements with the American Association of Political Consultants (AAPC) and Campaigns and Elections (C&E) to help promote the use of mail early and often in the political arena. Activities include attending events, co-sponsored webinars, advertising and white paper development and placement, and direct meetings with political operatives.

Election Mail vs. Political Campaign Mail

- **Election Mail** is any item mailed to or from authorized election officials that enables citizens to participate in the voting process, such as:
 - Absentee ballots,
 - Vote-By-Mail ballots,
 - Other balloting related materials,
 - Voter registration cards,
 - Absentee applications,
 - Polling place notifications, and
 - Voter reply mail.
- **Political Mail** is any material mailed at First-Class Mail or Standard Mail rates for political campaign purposes by a registered political candidate, a campaign committee (federal, state, or local), a committee of a political party (Democratic National Committee, Republican Congressional Campaign Committee), or Political Action Committees (PAC), Super-PACs, and other organizations engaging in issue-advocacy or voter mobilization.

What's an Absentee Ballot?

Not all voters can get to the polling place on Election Day. An absentee ballot is the printed ballot marked by an absent voter, sealed in a special envelope, and given or mailed to the municipal clerk.

The number of ballots mailed back to election officials with insufficient postage is on the rise. Each election cycle presents a different set of parameters for ballot creation and for the size and weight of the return mailpiece. Election officials should consult with Postal Service officials to determine the proper postage required for mailing ballots to voters and the return of ballots to election officials.

Absentee and Early Voting

Most states have a method for any eligible voter to cast a ballot before Election Day, either during the early voting period or by requesting an absentee ballot. In 13 states, early voting is not available and an excuse is required to request an absentee ballot.

States offer three ways for voters to cast a ballot before Election Day:

1. **Early Voting** — In 37 states (including three that mail ballots to all voters for every election) and the District of Columbia, any qualified voter may cast a ballot in person during a designated period prior to Election Day. No excuse or justification is required.
2. **Absentee Voting** — All states will mail an absentee ballot to certain voters who request one. The voter may return the ballot by mail or in person. In 20 states, an excuse is required, while 27 states and the District of Columbia permit any qualified voter to vote

absentee without offering an excuse. Some states offer a permanent absentee ballot list. Once a voter asks to be added to the list, she/he will automatically receive an absentee ballot for all future elections.

- 3. Mail Voting** — A ballot is automatically mailed to every eligible voter (no request or application is necessary). In-person voting sites may also be available for voters who would like to vote in-person and to provide additional services to voters. Three states mail ballots to all eligible voters for every election. Other states may provide this option for some types of elections.

Vote-By-Mail

Twenty-two states have provisions allowing certain elections to be conducted entirely by mail. For these elections, all registered voters receive a ballot in the mail. Typically, the voter marks the ballot, puts it in a secrecy envelope or sleeve, places it into a separate mailing envelope, signs an affidavit on the exterior of the mailing envelope, and returns the package via mail or by dropping it off.

Ballots are mailed out well ahead of Election Day, and thus voters have an “election period,” not just a single day, to vote. All-mail elections can be thought of as absentee voting for everyone. This system is also referred to as “Vote-By-Mail.”

Three of the 22 states — Oregon (2000), Washington (2011), and Colorado (2013) — hold all elections entirely by mail. Other states permit all-mail elections in certain circumstances, such as for special districts, municipal elections, when candidates are unopposed, or at the discretion of the county clerk. Traditional in-person voting precincts are not available in these three states. Instead, voters are

able to return ballots by mail, in a drop-off location, and in some cases vote in-person at voter centers.

Generally, states begin with providing all-mail elections only in certain circumstances, and then add additional opportunities as citizens become familiar with procedures.

At least 15 states and the District of Columbia, allow some form of permanent absentee voting. In some states, this system is called “permanent mail-in voting.” Permanent absentee voting operates in a similar manner to all-mail elections. Voters in these states can sign up to have a ballot automatically mailed for every election where the voter is eligible.

Tag 57

Tag 57, *Political Campaign Mailing*, is a red container tag designed to provide visibility to political mail while it's in the mail stream. It can be used for any political campaign mailing by a registered political candidate, campaign committee, and committee of a political party, or political message mailing by a political action committee (PAC), super-PAC, or other organizations engaging in issue advocacy or voter mobilization. A registered political candidate or party is an individual or organization recognized by a government election control authority (national, state, or local), according to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®).

Tag 57

Tag 191

Tag 191, *Domestic and International Mail-In Ballots*, is a green container tag that has been in use since November 2007. It may be used by election officials to identify trays and sacks of their ballot mail destined for either domestic or international addresses. The tag (shown right) provides greater visibility to ballot mail during Postal Service handling.

- There are special procedures for APO/FPO/DPO Absentee Ballots for the 2016 presidential general election. These procedures are in effect between September 1 and November 8.
- During this time, the Postal Service will provide special handling for dispatch via the International Service Centers.
- The Postal Service recommends that ballots be returned no later than the mailing dates found at <https://www.usps.com/election-mail/2016-americans-overseas-ballot-mailing-deadlines.pdf>.

Label 11-DOD

- The Military Postal Service distributes the labels overseas and pays for the postage.
- The Priority Mail Express ballot label is only for absentee ballots mailed from Military Post Offices overseas.
- The label may be used on any size ballot envelope. It always goes in the upper right corner.
- Voters can keep part of the tracking label and use the tracking number to track their ballots.
- At the ISC, absentee ballots receive special handling including accelerated sortation, special tray identification, and priority transportation.
- Overseas U.S. military and civilian citizens will be returning their absentee ballots either via the Military/Diplomatic Postal Service (APO/FPO/DPO) or via the international mail system.
- The ballots will arrive by international transportation at one of the Postal Service’s gateway offices for Customs clearance and initial processing at select designated offices (ISC/P&DC).
- At these facilities, the mail is processed by postal automation equipment in an initial domestic primary sort for distribution throughout the United States.

Policies, Procedures, and Forms Updates

Manuals

DMM Revision: Alternate Postage

Effective July 11, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, by updating section 604.5.5, Alternate Postage.

Alternate Postage is an electronic postage payment mechanism for single-piece First-Class Mail® letters or postcards, addressed to any domestic address, that weigh no more than one ounce each. Alternate Postage has proven to be a viable option for senders to share information with numerous receivers. To expand its use, we are simplifying the requirements. To use Alternate Postage, also known as Share Mail™, mailers no longer have to have a signed marketing agreement nor do they have to have unique Intelligent Mail® barcodes. Production pieces still have to be submitted to ensure readability by postal processing equipment so proper payment of postage occurs.

Mailers wishing to participate in this program must submit their request in writing to the USPS®, prior to mailing.

DMM Revision: Full-Service Automation Option — Annual Permit Fee Renewal

Effective July 11, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 705.23, to modify the annual fee renewal date process.

To help simplify the waiving of the annual permit fee process for those who are enrolled in the Full-Service option under DMM 705.23, the Postal Service is changing the calculation requirement from previous 12 month average to the fee anniversary renewal date. This change will reflect the current practice which simplifies the calculation process. This allows for a fixed point in time so that both cus-

tomers and postal employees can better manage the process and expectations.

As background, the annual presort fee may be waived for mailers who provide more than 90% of their presort-eligible volume as Full-Service. This presort fee waiver is at the individual permit level. The fee waiver calculation itself is based on two numbers:

- 1. Numerator – total Full-Service volume, and
- 2. Denominator – total presort-eligible mail volume.

The Annual Fee Renewal date is determined when a mailer’s fee renewal is due. The first mailing presented on this anniversary date starts the determination of whether the presort fee is due. Each anniversary renewal date resets the percentage to 0%. Each mailing presented after that is used to recalculate the Full-Service percentage, and if the cumulative volume falls below 90%, *PostalOne!* will prompt for the fee to be paid. The date the fee is paid will become the new anniversary date. Once the fee is paid, the system will not validate the Full-Service percentage until the next Anniversary date. This eliminates the need for a constant recalculation of the previous 12 months.

23.3 Fees

23.3.1 Eligibility for Waiver of Annual Fees and Waiver of Deposit of Permit Imprint Mail Restrictions

* * * * *

[Revise item c. to read as follows:]

c. If any mailing (of the classes and shapes of mail in 23.3) presented under a mailing permit causes the permit holder’s Full-Service ratio (i.e. the percentage of all the permit holder’s Full-Service eligible pieces that were actually mailed as Full-Service items) to fall:

1. The start date for the initial verification process is the renewal or anniversary date of the permit fees. Each subsequent anniversary date will reset the Full-Service percentage to 0%. The first mailing starts the cumulative process and if the cumulative mailing falls below the threshold percent of 90%, the annual fees are to be paid promptly. Once the annual fees are paid, the next validation date of the Full-Service percentage is the next anniversary date.
2. The provision in 23.3b for presentation of mailings at multiple offices is discontinued for all mailings presented under the applicable permit imprint.

DMM Revision: Destination Network Distribution Center Price Eligibility

Effective July 11, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* in various sections to clarify that mail prepared under labeling list L601 for offshore ZIP Code™ destination ranges 006-009, 967-969, and 995-999, is not eligible for Destination Network Distribution Center (DNDC) discount prices.

As a result of DMM and labeling list transitions starting with the August 8, 2000, *Federal Register* notice (65 FR 48385), and subsequent updates, information on offshore ZIP Code eligibility for DNDC discount prices has been omitted in various sections of the DMM and as a footnote to labeling list L601. This DMM revision clarifies that the above mentioned offshore ZIP Code ranges are not eligible for DNDC discount prices for any applicable classes of mail. Also, labeling list L601 will be updated to reinsert the offshore ZIP Code DNDC discount price eligibility information.

Although this clarification will not be published in the DMM until July 11, 2016, this revision is effective immediately.

For this standard, the following destination facility definitions apply:

- a. A destination network distribution center (DNDC) includes all network distribution centers (NDCs) and auxiliary service facilities (ASFs) under L601 and L602. DNDC prices are not available for ZIP Code ranges 006-009, 967-969, and 995-999, as indicated in labeling list L601.
- b. A destination sectional center facility (DSCF) includes all facilities in L005.
- c. A destination delivery unit (DDU) is a facility that delivers to the addresses appearing on the deposited pieces in a destination entry Parcel Select mailing. Refer to the Drop Shipment Product maintained by the National Customer Support Center (NCSC) (see 608.8.1 for address) to determine the location of a 5-digit delivery facility.

IMM Revision: Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes

Effective August 28, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) to reflect classification and standards changes for Priority Mail International® service.

Currently, the Postal Service dispatches Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes in the letter-post stream, while all other Priority Mail International items are dispatched in the air-parcel stream. We are moving the Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes to the air-parcel stream so that these items can receive the expanded access to tracking and insurance available to all other Priority Mail International items.

Priority Mail International service provides reliable and affordable international delivery service to more than 180 countries. The price for Priority Mail International service remains unchanged. We are making the following classification changes to support the shift of Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes from the international letter-post stream to the air-parcel stream.

Customs Forms

The Postal Service will require all Priority Mail International items to bear PS Form 2976-A, *Customs Declaration*

and *Dispatch Note* — CP 72. Currently, Priority Mail International Flat Rate Envelopes do not require a customs form if they contain only nonnegotiable documents, weigh under 16 ounces, are no more than ¾ inch thick, and are uniformly thick. They also do not require a customs form if they are entered by a known mailer as defined in 123.62. None of these exceptions will apply any longer.

Using a customs form will provide scanning visibility for all Priority Mail International service items, provided the items are scanned en route and in the destination country.

Items Valued Over \$400

Currently, mailers may not use Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes for items valued over \$400. With the change to the air-parcel stream, this restriction will no longer apply, and mailers may mail items valued over \$400 by all forms of Priority Mail International service, subject to individual country limitations.

Insurance

The same insurance that is included at no additional charge to Priority Mail International items will be available for all Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes — \$100 document reconstruction for nonnegotiable documents and \$200 merchan-

dise insurance for lost, damaged, or missing contents. Additional merchandise insurance is available at a fee, subject to country availability and limitations; no additional document reconstruction insurance is available.

Extra Services

With the change to the air-parcel stream, the sender has the option to add return receipt service to Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes on a country-specific basis.

Certificate of Mailing and Registered Mail service will no longer be available as extra services for Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes.

Mail Sealed Against Inspection

Currently, Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes are sealed against inspection. All other Priority Mail International items, whether in USPS-produced or customer-supplied packaging, are not sealed against inspection. With the change to the air-parcel stream, no Priority Mail International items, including Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes, will be considered sealed against inspection. Regardless of physical closure, the mailing of Priority Mail International items constitutes consent by the mailer to the inspection of the contents.

Return Charges

Currently, when a foreign postal administration returns undeliverable-as-addressed Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes to a U.S. sender, return charges are not due, whereas Priority Mail International parcels are subject to the collection of return postage and any other charges, including charges assessed by the foreign postal administration. With the

change to the air-parcel stream, Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes will also be subject to the collection of return postage and any other charges.

Inquiries and Claims

With the change to the air-parcel stream, mailers of Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes will be able to initiate inquiries concerning the loss, damage, missing contents, or improper delivery or return of their items mailed to a foreign country.

Invalid USPS Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Priority Mail Express™ shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to the Military Postal Service Agency at <https://amps.usps.gov/ijy2/frm.htm>.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

A. Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

A1. Mail addressed to "Any Servicemember," or similar wording such as "Any Soldier," "Sailor," "Airman," or "Marine"; "Military Mail"; etc., is prohibited. Mail must be addressed to an individual or job title such as "Commander," "Commanding Officer," etc.

A2. APO/FPO/DPO addresses shall not include a city and/or country name.

B. Regardless of mail class, a customs declaration (i.e., PS Form 2976, PS Form 2976-A, or PS Form 2976-B) is required for all items weighing 16 ounces or more, or any item (regardless of weight) containing potentially dutiable mail contents (e.g., merchandise or goods) addressed to or from an APO, FPO, or DPO ZIP Code. If mailed using Priority Mail Express service, mailpieces requiring a customs form that are addressed to or from an APO, FPO, or DPO location must bear a properly completed PS Form 2976-B. No customs form is required for items weighing less than 16 ounces when the contents are not potentially dutiable (e.g., documents). The surface area of the address side of the mailpiece must be large enough to contain the applicable customs declaration. The following exceptions apply:

- Known mailers are exempt from providing customs documentation on non-dutiable letters or printed matter. (A known mailer is a business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, pays postage through an advance deposit account, uses a permit imprint for postage payment, and submits a completed postage statement at the time of entry that certifies that the mailpieces contain no dangerous materials that are prohibited by postal regulations.)
- All federal, state, and local government agencies whose mailings are regarded as "Official Mail" are exempt from providing customs documentation on any item addressed to an APO, FPO, or DPO except for those APOs/FPOs/DPOs to which restriction "B2" applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

B2. All federal, state, and local government agencies must complete customs documentation when sending potentially dutiable mail addressed to or from this APO, FPO, or DPO.

C. Cigarettes and other tobacco products are prohibited.

C1. Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

D. Coffee is prohibited.

E. Medicines (prescription, over-the-counter, vitamins, and supplements) are prohibited when mailed to individuals for human or animal use. This prohibition does not apply when medicines are sent as official mail only between specifically designated agencies such as pharmaceutical distributors, hospitals, clinics, and pharmacies.

E1. Medicines or vaccines not conforming to French laws are prohibited.

E2. Any matter depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited. Although religious materials contrary to the Islamic faith are prohibited in bulk quantities, items for the personal use of the addressee are permissible.

E3. Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The FAS table below outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For additional information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks should use the table with the POS ONE terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to Randall Sobol at randall.f.sobol@usps.gov.

Information Security

Store Smart While Backing Up Personal and Postal Service Information Online

Information security is our shared responsibility when we connect online at work and at home. CyberSafe at USPS™ offers tips to securely perform a data backup on your personal and Postal Service™ computers and devices.

From family photos to critical business information, both your personal and professional computers and devices store important information. This information can be compromised by computer malfunctions, theft, or accidental deletion. By taking the steps to perform a routine data backup, you can guard your data.

Here are two processes for securely performing a data backup on your personal and Postal Service computers and devices:

1. Protect your personal information against data loss.

Back up important data stored on personal computers or devices to prevent losing your most important information. To perform backups on your personal devices, follow these three steps:

- *Make copies of your data:* Many computers come with backup software installed, so check to see if you have this software.
- *Select hardware to store your data:* When conducting a backup, you may store your data on a physical device, such as a USB flash drive or external hard drive, or on the web using cloud-based storage.
- *Secure the backup device that holds your data:* After backing up your data to a device, make sure you keep this device somewhere safe.

2. Explore instructional resources for storing and sharing USPS information on your Postal Service computers or devices.

Preventing data loss on Postal Service computers and devices is also important. Postal Service computers contain data from our employees, suppliers, and customers. Employees are encouraged to back up important data stored on Postal Service computers and devices.

CyberSafe at USPS released an instructional guide on backing up USPS® information which can be accessed at <http://blue.usps.gov/cyber/assets/pdf/essential-data-backup.pdf> or at <http://blue.usps.gov/cyber/>.

The Corporate Information Security Office also provides a Data Loss Prevention (DLP) technology tool to safeguard against accidental disclosure. To learn more about the DLP tool, visit <http://blue.usps.gov/cyber/>.

If data on your Postal Service computer has been stolen or misused, call 866-877-7247 or email CyberSafe@usps.gov.

CyberSafe at USPS offers additional resources on information security and sharing data at <http://blue.usps.gov/cyber/>.

USPS has also partnered with the Department of Homeland Security's (DHS) Stop. Think. Connect.™ campaign. DHS addresses performing a data back up on their website: <https://www.stophinkconnect.org/>. Online security is a priority for USPS employees, suppliers, and customers, so store information securely!

Keep You and Your Family CyberSafe

Information security is our shared responsibility when we connect online at work and at home. CyberSafe at USPS™ offers tips to keep you and your family safe on the Internet.

The Internet is part of everyday life for you and your family members. Your kids are also online, and spend an increasing amount of time on mobile devices, such as cell phones and tablets. Just as the Internet makes it easier for your family to accomplish everyday tasks, it also provides cybercriminals with easy access to your family's personal information.

The CyberSafe at USPS initiative (<http://blue.usps.gov/cyber/>) encourages you to make online security a priority for you and your family. Start with these simple tips to protect your family's information while on the go and to improve online safety for your kids.

1. Be CyberSafe this summer.

While you enjoy good weather with the family, don't forget to prioritize online safety. Follow these simple tips, whether you're traveling or at home:

- Before leaving the office for travel or vacation, lock all hard copies of USPS® information resources in a secure filing cabinet.

- If you're on the road, lock your devices in the trunk of your car before leaving the vehicle.
- When leaving a hotel room, fasten your laptop to an unmovable object by using a locking device or lock your computer in the room safe.
- Never leave your devices unattended in a public space.
- Before leaving your home or office, disable remote connectivity and Bluetooth capabilities to prevent your devices from connecting to unstable wireless networks.

2. Improve the Cyber Safety of your kids.

As summer begins and the school year ends, it is important to talk to your kids about online safety. Take the following steps to help kids be aware of information security risks:

- Create an open dialogue with kids so they can feel comfortable coming to you, if they see something online that makes them feel uncomfortable,
- Emphasize the concept of credibility — not everything they see on the Internet is true, and people on the Internet may not be who they appear to be.

- Remind your kids to keep their personal information private — including the names of family members, their school, telephone number, and address.

If data on your Postal Service computer has been stolen or misused, call 866-877-7247 or email CyberSafe@usps.gov.

CyberSafe at USPS offers additional resources on information security and sharing data at <http://blue.usps.gov/cyber/>.

USPS has also partnered with the Department of Homeland Security's (DHS) Stop. Think. Connect.™ campaign. DHS addresses performing a data back up on their website: <https://www.stopthinkconnect.org/>. When you take simple steps to protect yourself online, you create a safer Internet for your family and coworkers.

Stamp Announcement 16-26: Jaime Escalante Stamp

©2015 USPS

On July 13, 2016, in Washington, DC, the U.S. Postal Service® will issue the *Jaime Escalante* First-Class Mail® stamp (Forever® priced at 47 cents), in one design, in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 473800).

The stamp will go on sale nationwide July 13, 2016.

The U.S. Postal Service honors Jaime Escalante (1930–2010), the East Los Angeles teacher whose inspirational methods led supposedly “unteachable” high school students to master calculus. The digital illustration by Jason Seiler depicts Escalante in a style meant to resemble an oil painting. The illustration is based on a photograph taken by Jaime W. Escalante, on May 6, 2005, in the actual classroom at Hiram Johnson High School in Sacramento, California, where his father formerly taught. The story of Jaime Escalante and his students attracted national attention with the release of the 1988 movie, *Stand and Deliver*. Art director Greg Breeding designed the stamp with original art by Jason Seiler.

On July 15, 2016, in Syracuse, NY, the U.S. Postal Service® will issue the *Pickup Trucks* First-Class Mail® stamps (Forever® priced at 47 cents), in four designs, in a pressure-sensitive adhesive (PSA) double-sided booklet of 20 stamps (Item 680900).

In 2016, the U.S. Postal Service celebrates pickup trucks, the rugged and reliable work vehicles that Americans have driven for nearly a century. Each of four new stamps features one of the following iconic models: the 1938 International Harvester D-2, the 1948 Ford F-1, the 1953 Chevrolet, and the 1965 Ford F-100. The strong, sturdy 1938 International Harvester D-2 had a distinct barrel-shaped grille and its elegant styling mirrored the look of luxury automobiles of the era. The 1953 Chevrolet, featured large windshields that provided drivers with excellent visibility, a distinctive curvy grille that bulged in the middle, and a six-cylinder engine. The 1948 Ford F-1 included features like the roomy “Million Dollar Cab,” a sharp horizontal five-bar grille, and a six- or eight-cylinder engine. The 1965 Ford F-100 had a new grille that featured 18 small rectangular openings. It also featured what Ford dubbed “Twin-I-Beam” independent front suspension. Art director Antonio Alcalá designed the stamps with original artwork by Chris Lyons.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
