Education Solutions

Complete Your 21st Century Classroom with these Best-in-Class Accessories

You've made a serious commitment to classroom technology. Now make sure that investment is safe while also boosting productivity with smart accessories from Kensington. We have complete solutions for educators including security access management and education pricing which makes it easy to choose Kensington. And it's all backed by over 30 years of innovation and a commitment to customer service.

Tablet Solutions for Teachers and Students

Don't lose a minute of valuable learning time due to broken or stolen tablets. Protect and secure your iPads with these innovative solutions.

Fact: 30% of iPad® deployments in the US are in Education.**

Create a Convenient Workstation in or out of the Classroom with a Kensington Keyfolio

In the classroom and on the go, the Kensington KeyFolio delivers productivity and the protection the education environment demands. The Bluetooth® keyboard is the ultimate productivity booster with a built-in stand that adjusts to the perfect position. There are even SecureBack models that add theft protection. And no matter which KeyFolio you choose, you'll gain complete screen and case protection for the iPad.

Rugged Cases, Worry Less – Learn More

Nothing can cut into learning time like a damaged or stolen iPad. Kensington Rugged Cases for iPad are built to protect the iPad in the demanding K-6 environment. Each features a tough padded case and a beefy handle that doubles as a convenient stand. Rugged Security Case models add theft protection.
