Security

Secure it: As the leading authority in notebook security we understand that preventing hardware theft is the first and most important step in protecting the irreplaceable content stored digitally on computer systems. Our Secure IT category is home to a comprehensive range of mobile and desk security solutions for individuals and organisations.

Connect it: Create a simple USB connection between your notebook and multiple monitors and maximise your space with our docking solutions, Multi View Monitor Adapters and USB hubs. Literally Connect IT, in the home, in the office or on the move through intuitive, universally compatible devices that are ready when you are.

Control it: The devices we use to control our notebooks and PCs become extensions of ourselves. They impact our output and satisfaction. Be inspired by our lifestyle and performance ranges of mice, presentation controllers, keyboards and trackballs.

Productivity

Carry it: Our range of notebook carry cases and travel bags marry function and style to suit individual lifestyles. This seasons selection benefits from our latest comfort and protection evolutions whilst subtle branding and design accents sets our Carry IT range apart.

Power it: Realise your ambition to travel lighter and work smarter. Power and charge multiple devices simultaneously and more energy efficiently with our range of notebook power adapters and accessories.

Optimise it: Our range of ergonomic solutions are engineered to aid relief from and help protect against, poor posture, eyestrain and RSI conditions. There's a science to workspace setups and we translate it into solutions to benefit your comfort and wellbeing now and in the future.

Smartphone

Play it: Our Smartphone solutions category contains everything you need to ensure your stay connected on your iPhone, Blackberry or other phone.
