A militant organization which will fight adverse influences and afford protection to every one of its members. It is going to assume that "if you are not with us you are against us." No one will be permitted to straddle. Membership is going to be compulsory. Plain words, eh? Yes, and we mean them. We intend not only to save the game but to put it back stronger and more severely entrenched than ever before. But everyone must bear his part of the expense and do his share of the fighting. Those that sidestep either will not be permitted to enjoy the fruits of our victory. We shall see to that. We must get together, stick together and fight shoulder to shoulder.

## RATS' TACTICS IN OKLAHOMA CITY STRIKE PROVE A BOOMERANG

Mountford's Chain Strike Was Called by Executive Order

Not in Harmony With View Sent by Him to Miss Cowen

Some Facts in the Case and Evidence in Support Thereof

The protest, sustained effort of the White Hall officials to resist as to proceed contrary to the country that the white who play Oklahoma City during the present strike are in danger of personal violation, coupled with the campaign of misrepresentation which the union side are indulging in, both as to their own motives and the public, prompts the following remarks of the article now in progress in that city and its vicinity.

Early in the week hands granted in the Oklahoma City Theatrical Managers and Owners' Association their approval for the contract. Besides providing for a minimum in salaries of about \$10 a week the contract called for various other considerations, such as 20 cent per hour for overtime and setting on the show, and 25 cent per hour for taking out the show; the latter time to start one hour after final curtain. It further provided that all work should stop at the outside time, and for double time on Sundays in this a seven-day week.

Two out of five of the managers assembled were out of the city at the time the demand was made, and the same hands were requested to await their return. Inasmuch as the strike hands indicated as treating with the managers as an association and not as individuals (and that demand reasonable by the managers, but was not accepted by the men).

The managers were then approached by the stage hands to sign the strike, and in a few days they walked out without any further objection. Following the action of the stage hands, the managers had gone out with the stage hands.

The plans of the strikers were filed with mounting force and it was the fact that the White Hall entered into the controversy.

Chris Tinsford's former, former State organizer of the White Sox, was the first of their forces to arrive in Oklahoma City. It was the case and all seemed best of this organization and all other organizations that they would make the situation "a matter of force."

A "massive attack" was favored, including the T. A. T. R. S. Operative. (Continued on page 16)

But few outside of a few Louisiana friends realized the prominence of Mr. Brueggerhoff's position and the accomplishment of his death came as a surprise here, where he was looked upon as one of the leading men of the community.

Louis N. Brueggerhoff was one of the most prominent men in fair circles and was widely known among outdoor showmen, with whom he came in frequent contact through his secretaryship of the Louisiana State Fair and many other fairs in Louisiana.

## C. E. CORY SELLS HIS INTEREST IN THE HAGENBECK-WALLACE SHOWS

Ill Health the Primary Cause of His Step

For some time negotiations have been carried on and it is said that the sale of Mr. Cory's stock in the show will be consummated early next week. This was announced by Mrs. Cory, wife of the general manager of the show. The health of Cory has been impaired for several months and he is retiring from the circus business for the season. Cory is a neighbor of the Hagenbeck-Wallace Circus and has held an official position with the show for many years. The Hagenbeck-Wallace Circus is now owned by Crawford Park, between Tenth Street and 10th."

The Hagenbeck-Wallace show is generally credited by many persons with the show, but they are not sure and supply from some indications that Hagenbeck-Wallace is not of great significance. Hagenbeck-Wallace is not of great significance.

# PRESS AGENTS Advance Men

### RELEASE IT OR NOT

There are a lot of men in the press who are not only not interested in the news but are also not interested in the public. They are interested in the money that can be made out of the news.

And if the ordinary public, who come in to get the news, find that the press is not interested in the news, they will not come in any more.

Therefore, if you are a press agent, you will find it well to get the public side of the news. You will find it well to get the public side of the news.

After a long while, when the news is not of interest to the public, the press agent will find it well to get the public side of the news.

What remains to be done is to get the public side of the news. You will find it well to get the public side of the news.

There has been some talk about the press agent's work. It is not a very pleasant job, but it is a very important one.

When the public is not interested in the news, the press agent will find it well to get the public side of the news.

After the first few days, when the news is not of interest to the public, the press agent will find it well to get the public side of the news.

WHY CLASSIFIED ADVERTISING PAYS

The fact that the Classified Advertisements are "classified" is a worthy feature. Although they are not classified, the pricing power is not affected in any way—rather strengthened.  
Facts with the largest classified advertising departments have always been the best, paid-for and the best trained producers. The Billboard's Classified Department is without a rival in the management and financial world. Your ad here is read by thousands of showmen and performers who depend upon this department to get their wanted ads sent out in full or trade what they do not want and can not longer use.  
Advertising here is quality at a quality price, with classification is not the matter of your ad.

While The Unattainable is a story of love, it is not a love story in the ordinary sense. It is a story of a young man who is in love with a girl who is in love with another man. The story is told in a simple, direct, and unadorned way.

# TORONTO'S BIG FAIR PROMISES TO BE A RECORD-BREAKER

## Attendance and Receipts at Canadian National Exhibition Expected To Exceed Those of 1913—World at Home Shows and Other Attractions Getting Big Play

**Toronto, Sept. 1.—(The Canadian Exhibition)**—The Canadian National Exhibition, which opened on an international exhibition on the 1st of August, is now in the midst of its most successful season in the world. Some years ago by virtue of its liberal policy and broad appeal it came to be regarded as the greatest fair held annually on the American continent. Each succeeding year has shown a steadily in the event fair and the "great annual fair" has proved an unmitigated success, as will be attested by some facts as to the work and national importance and popular appeal.

Toronto is an ideal spot for such a show as the present exhibition has developed into. It is in possession of the best of the water frontage of the Canadian National Exhibition grounds. Some idea of the size and importance may be gathered when it is understood that the grounds cover an area of 100 acres. It is a great natural park with wide roads and walks, verdant lawns, trees and flowers, situated with elaborate buildings and monuments.

Something like thirty-two stately permanent buildings of steel, glass and brick, granite and rock in architecture.

# Vaudeville Reviews By Special Wire

## Kelth's Royal, New York

(Closed Monday Evening, September 5)

New York, Sept. 5.—It will be the audience at the Royal this afternoon who will witness the greatest feat of the century in vaudeville. The performance is to be given in the next few minutes, while the bill, on the other hand, has been selected to give the audience, just before the act, some of the most interesting and amusing material that has ever been assembled at a public attraction. (See Page 6 of this issue.)

No. 1.—**Wasserman, Trott and Todd**, the quartet being a long, straight row of comedians with a waddling lead, coming under a line of gaudy music while through from scene to scene. The more work visible had had here a good routine, and several in several scenes, the standard routine scene. Some scenes.

No. 2.—**Wally Nelson and William Hays** kept the audience in a continuous state ofilarity with their victims. Miss Hays in a particular scene, capable of depicting most scenes, both physical and mental, with Williams has been a humorist and has been here to get the audience away from the audience.

No. 3.—**Wally Nelson, Nelson and Davidson** have a lot of original comedy, an act which has the most variety of style that has been a laugh and silly situation, while they have been to get the audience away from the audience. Some scenes.

No. 4.—**Wally Nelson and Davidson** have a lot of original comedy, an act which has the most variety of style that has been a laugh and silly situation, while they have been to get the audience away from the audience. Some scenes.

## Flatbush, Brooklyn

(Closed Monday Evening, September 5)

Brooklyn, N. Y., Sept. 5.—Talent marked the opening of the Flatbush Theater, the newest house in the city, and certainly general credit being due to the management for the fine selection of comedians, who are to give the audience a most interesting and amusing performance. ### SELIG AND ESSANAY PLANS ARE NOT YET COMPLETE

Producing Companies Formally Announce Withdrawal From V-L-S-E, But No Definite Statements Are Made Regarding Future Releasing Affiliations

Chicago, Sept. 3.—Formal announcement of the withdrawal of the Selig Polkska and the Essanay Companies from the V-L-S-E, Inc., was made this week by the presidents of the respective organizations.

Selig's decision of withdrawal with the following explanation took place yesterday, while those of the Essanay will not be made until September 15.

The remaining plan of the Selig Company stands intact at the present time. It was stated that a new organization for handling their product will be announced in the near future.

William S. Selig, president of Selig, writes that there is nothing too strongly urged upon the part of the committee. The withdrawal will have occurred upon the following terms in connection with other operating organizations, but at this time it has not yet been decided. My firm has been a member with any other member, and as a matter of course in the company we have not decided on an exclusive plan. Our main business is the Essanay film and feature, and I prefer, not a slight alteration, but I will continue and directed by Mack Sennel, and I believe that Mack Sennel, together with Mack Sennel, Thomas Powers, Columbia Pictures and others. The withdrawal leaves me out of the August 15, but I believe that I have been a help here. This has the intention of getting the picture, but I do not wish to be connected with Selig. The film company would be the same with all kinds of reasons. Play an attention to this.

George E. Essanay, president of Essanay, speaking of the withdrawal, says "business agreement" on the part of the withdrawal from V-L-S-E. "There will be withdrawal in the work of Selig," he said. "In fact, it will be decided on a larger scale than the other. We will get in our distribution. Selig already has announced that the picture is a matter of days. There will be nothing in the way of a firm decision. The picture is already made and from what you can understand the picture through the new organization.

"The thing of this week, however Selig E. Walker, reported by Associated Press, which recently was obtained through V-L-S-E,

will, after September 15, go out through the new picture company.

The return of Selig, which includes Mack Sennel, announced by Eugene O'Brien, and the return of Essanay, including Thomas Powers and Mack Sennel, have been announced, and an announcement of their return will be made at some time in the near future. For other features we will not be involved. These plans are not yet made. Near the Essanay, Selig has been and Eugene O'Brien and the Essanay for further business. It will not be—Selig Walker and the Essanay. There will be no plan in the near future.

# THE GREATER VITAGRAPH

## THE WELDING OF TWO GIGANTIC BUSINESS-BUILDING FORCES

**T**HE name, "VITAGRAPH," has been all you have had to know about a film for the past twenty years.

The name, "GREATER VITAGRAPH," is a title which tempts the imagination. ]

The name, V-L-S-E, stands for all that is Fair, Square and Upholding in moving picture business practices—for SERVICE—HELPLESSNESS—COMMERCIAL EQUITY.

### On September First Vitagraph and V-L-S-E Became One

Vitagraph brings to the absorption unequalled resources in capital, capacity and experience. It offers the exhibitors of America the superlative productions of a twenty-five million dollar corporation. ]

To this allegiance V-L-S-E brings a selling organization of twenty-three exchanges and a large sales staff, every one of whom has been carefully schooled for one purpose—THE FULLEST AND MOST CONSCIENTIOUS SERVICE TO THE EXHIBITOR.

To it also the V-L-S-E brings sales policies which, by reason of their equity, have won for this company probably the greatest volume of good will ever achieved by any organization of any kind in a similar period of time.

The union of these two great forces into one compact, smooth-running WHOLE throws open the door of OPPORTUNITY to the exhibitors of America as it has never been opened before.

## DE VEAUX CLAIMS CHARGES AGAINST LEADERS HAVE BEEN COVERED UP

Asks Why Members of White Race Do Not Demand Proof

Instead of Being Satisfied With a Mere Denial by Those

Who Have Been Charged as Enemies to the Organization

Columbia Theater Bldg., New York, September 8, 1935.

Editor The Billboard,

Dear Sir— I would ask the space to set at rest some misgivings and also to stop misrepresentation in order that the purpose of protecting those justly criticized in the official staff of the White Race Society Union of America.

In the first place I was distinctly satisfied that I stated the true statements published or written over my signature and it is in my way do I repeat or rephrase for any charge made by me against the officers of the White Race.

As an organization of theatrical performers who are united together for the purpose of forcing reforms in the manner in which business is conducted it is necessary for the membership to have some real proof in their own and others to make the work right without fear of just criticism, but at the same time they must not be filled in the weakness of their cause when conducted by men who are not above suspicion. If their leaders are openly charged with lack of faith in their cause, if their leaders are charged with TREASON to the cause of the organized ACTOR, WHY DO NOT THE LAY MEMBERS DEMAND THE PRODUCTION OF THE PROOF OF THESE CHARGES, and not be satisfied with a mere denial by those charged as being ENEMIES to the organization that are expected to honestly represent? HAVE THESE INDICED THESE STATEMENTS AS "PIRATES" A MANOEUVRE AS THESE CHARGES WERE "COVERED UP"? The charges were published and read by thousands of members of the profession and the MEN WHO CHARGED HAVE, in meetings of the White Race, succeeded in covering up these charges by MAKING FALSE STATEMENTS as to the persons of those who OFFENSE THEIR SCHEMES.

And then, on and on, who state that I, in my way, oppose the purpose and principles of an ACTORS ORGANIZATION that is organized for the purpose, LIFE, and LIFE TO COVER HIMSELF. If these were do

Chicago, Sept. 5.—The formation of a new motion picture releasing company to be known as the Edson-Ellison-Selig-Essanay has just been completed, thus getting a step in the process and growth that have been being around, born at both ends, since the dissolution of the old V-L-S-S.

Selig and Essanay have been without a releasing channel since Vitaphone withdrew from the Four some weeks ago, taking Louis with it, and a number of producers are to be how they might market their products have been floating around, largely overlooked.

Public statements were made this week in a Billboard representative in Chicago that a merger of Edson, Ellison, Selig and Essanay interests in the interests of the profession and

## GRIFFITH'S NEW PRODUCTION IS ACCLAIMED THE MASTERPIECE

Colossal in Theme and Graphically Presented

Intolerance Far Surpasses The Birth of a Nation

Film Spectacle Is Given Premiere at Liberty Theater, N. Y.

New York, Sept. 5.—(Put out to rest in Intolerance!) A thousand bows to Mr. Griffith! The best work of cinematography in the history of the industry in the very case. None will dispute that David Wark Griffith is an acknowledged master of the moving picture drama, not only today but for all time to come.

He does not do death with in mere words. Even the vocabulary of a lexicographer would not be capable to do it even the simplest justice.

Practically all the New York newspapers that covered the premiere at the Liberty Theater Tuesday night seemed to vibrate to pay it homage in some fashion from one to three columns. An enormous mob had brought up was the audience of five-hundred—possibly the most ideal of them—than they fairly shouted their admiration, kept the points of their hands but looking their hands under the same strain to which they were taxed in their stapes. Indeed, during the intermission between the first and second chapters, the whole house with one voice demanded a special dress rehearsal to be given to their respective be accepted such from the producers and thanked his leadership in a few well-chosen words that attempted to bring credit for this screen set will give his own address, not to his entrance.

The handle stage appeared in the cost that portrayed it.

The story of a Nation was set against on that, as "The New York Herald" aptly puts it, "It completed its triumph as the first single reel production company to release film."

One observation of this production makes it necessary for the publicity department to recall the laymen that it cost three times the money, raised \$1,000,000. For this in its making and completed over twice the number of people than Griffith's last masterpiece which opened the Liberty 500 over the performance. It is a work of art, a masterpiece of artistry throughout the well-known terms of the United States, because it is necessary for the publicity which will be before it. If the birth of a Nation did this, Intolerance will

## STEADY GROWTH IS EVIDENT AT VITAL MEETING OF N. A. M. P. I.

Will Probably Mark an Epoch in Picture History

Sevenfold Important Companies Seek To Enroll

Committee Appointed To Attend Mayors' Convention

New York, Sept. 11.—The meeting of the National Association of the Motion Picture Industry, which was held at the association's headquarters in the Times Building last Wednesday, will probably mark an epoch in the history of motion picture events. Not that there were any spectacular things accomplished, but because of the well-timed and steady growth of the organization—a growth based upon stability and confidence in its object.

Sevenfold important companies, after a searching investigation into the ability and aims of the organization, made application for membership. The fact is significant. Possibly the most important feature of the meeting was the appointment of a committee to visit upon the convention of Mayors in Newark, N. J., with

## THREAT TO CALL STRIKE MOUNTFORD'S SWAN SONG

October or November Set as Time by Agri-Dictator, Whose Recent Utterances Give Evidence of Weakening on His Part  
—Admits He Was Bluffing

New York, Sept. 21.—Henry Mountford, international secretary of the White Sox, at a meeting held last week, told the members that a strike would be called in October or next later than November. At the same time he exhorted the members to hold onto every nickel they can get their hands on, from now on, and that the proposition was through hitting. Mountford's threat to call a strike apparently has not caused any considerable flurry on Broadway, about the only ones who are viewing his declaration with any seriousness being members of the White Sox who would be hard hit if the "war" in the event the situation proved to be one through "hitting" their means for looking at it in a serious light is obvious.

Mountford admits he has been bluffing. That he is about to abandon this policy at the late date is a relief of members. Further, it is a definite gain since it is shown by what is thought by many to be an attempt to secure the services of leading members of the White Sox who would be hard hit if the "war" in the event the situation proved to be one through "hitting" their means for looking at it in a serious light is obvious.

### Norworth as Headliner

Opens on Keith Circuit at Colonial, New York, September 22

New York, Sept. 21.—Marking his first appearance in this country since his triumph in the money table in Europe Jack Norworth will make a tour of the Keith Circuit this season as a headliner. He will have a single act, beginning his tour at the Colonial Theatre last week.

### It's Up to Whitbeck

BRIDGEVILLE, Pa., Sept. 21.—E. E. Pail is again trying the three-act act of his, Royalties Theatre, and will have Whitbeck headlining the house if things go through he will give with it like time. Three before the three-act day was attempted here and failure resulted in both cases. But this new Whitbeck now shows a general assurance in headline. Despite the excessive heat and the depression. The show, the good acts and the Fox and T. L. G. program, with the usual live Whitbeck publicity and before he can break get them, and the last of the Fall two-day season will be so soon.

of the constancy of the members, saying they "left the work to a few men instead of doing some of the fighting themselves," adding, "There were some members here when we did things and were stubborn, but you have changed them."

It is thought by some that Mountford's proposed strike is an effort to forestall possible action by the A. F. of L. committee, which will be held in Baltimore in November, at which an attempt will be made by the Actors Equity Association, the Amusee International Union and other organizations.

### Billy Fegarty Killed

In Fall From Seventh Story of Bennett Hotel, New York

New York, Sept. 21.—Billy Fegarty, of the team of Kirk and Fegarty, was seriously killed by falling from the seventh story of the Bennett Hotel on West Forty-seventh street at 4:30 o'clock this morning. He was married to Genevieve McEwen, a granddaughter of Patrick, Mar. 23, 1846, and was in the room at the time of the accident. Fegarty and Kirk had appeared with success in all the principal cities of the United States and Europe. They played the Orpheum Circuit twice, and it was only yesterday that they left their agents to contract that would carry them along to consecutive bookings both East and West over the United States and Europe. They had been partners for almost three years. Billy Fegarty was prominent in the show business when he joined the Theatres, Burke & Taylor, before some of his partners, Edna, George, and others. He began work in Europe, where his reputation was established. He was 29 years old. Near 30 and out of the profession will mourn his loss. He was a well-known man.

### Anna Wilson's Debut

New York, Sept. 18.—Anna Wilson, the leading player who was the beneficiary of the Public School, who's the leading player in the vaudeville circuit, will appear at the Orpheum and Colonial Theatres, which will be known as Debut. She will be the first time for Mrs. Wilson on the "vaudeville" stage. She was graduated from the Irving place school. Mr. Wilson has also written another sketch, called "Foghorn," in which Irene Thayer will have the principal role.

### Maud Miller as a Single

New York, Sept. 18.—Maud Miller, beneficiary of the team of Miller and Gannon, has decided to return to the vaudeville stage and will appear shortly as a "single" attraction, which will make a tour of the Orpheum Circuit.

### Joe Levy Joins Brother

New York, Sept. 18.—Joe Levy, for three years with the William Lane booking agency staff, has severed his connection with the firm to join his brother, Moe Levy, who is a former manager of Love, in his newly organized agency, located in the Pausan Building, 1105 Broadway.

THE NEW YORK WORLD

JOE FANTON and CO. with E. G. SWELL, MISS SWELL.

**I'll Show You the Surest Way to Become a Successful Performer**

**TIGHTS**  
 The most popular and profitable way to become a successful performer.

# "THE FOOLS THERE ARE"

That the agitator is fast slipping and losing his hold as well as the confidence of his few remaining followers is becoming more and more apparent by the perusal of his weekly "official" announcements paid for by money racket out of the throats pockets of the members and spent with a lavishness intended to belate the true financial conditions of the organization when it could find a better means in relieving the needs of the sick and distressed.

Now he has established a "ret rate" system. "Come in now and save \$6.00." Why come in at all? "Stay out and save \$16.00" is what the wise ones are saying. But with him and the organization's peevish financial condition, it's a case of get what you can as quickly as you can. If artists will continue to withhold their support, in a few weeks more the price will be down to about thirty-nine cents. (Too much at that.)

Again, take the case of the two poor wretches who were "compelled" to "humbly apologize" and to pay for having their apology published. Here you see they considered, now that they have been "pardoned" by the "king," what is to become of them? In the first place, what did they do that required apologizing? Earned their own bread and butter in their own way as free citizens of a free country, interfering with no one excepting the monarchical dictations of a servant whom they, poor fools, with others, were paying a princely salary of ten thousand dollars a year. He orders them to quit. He and his loyal organizers and delegates all drawing fat salaries paid by the members. He and they can well "order." He is sleek and well fed, well shaven and measured, knows that his next meal is assured and that as long as there is one born every minute he will get his. How about those who obey his orders? Will he or his organization pay their room rent and furnish them meal tickets? Ask him. Will any manager give them work? You know what is thought of an actor who leaves an act in the lurch. Would you give them employment? Is there any sane artist who believes that the managers are going to have any future use for strikers or contract breakers? They will find that the "executive democracy," the "pardon" granted them by his high and mighty majesty, will not pay laundry bills nor secure their engagements. Compare their present status with those upon whom the national executioner has frowned: Al. Harvey and Co. (who, in spite of statements to the contrary, is at this writing working), Hager & Goodwin, E. E. Clive and Co., Chuck Hiss, Downes and Gorman, Hartman & Verady, Royal Gearys, Dorella Duo, Onetta, The Parities Trio and Maetia Van Bergen. These latter, in asserting their independence by refusing to permit a man who has been a failure in everything he has attempted (including his present activities) to dictate as to how they shall earn their livelihood, by standing freely for their individual rights, in fact by being men and fulfilling contracts they had signed, have won the admiration of all (excepting the few disgruntled ones), AND, WHAT IS MORE TO THE POINT, ARE ASSURED WORK.

Furthermore, a few weeks ago, when Mr. Agi-Dictator thought he could win the Oklahoma strike, he sent long telegrams stating emphatically "we will win." He would turn Vaudeville upside down. He would put Showgirls out of business. The bottle was to be won in the "Western Theatre of War." Now, when he realizes that he has lost, it proves only to have been a "training camp," a "joke." As a "joke" we always recognized it and knew that it was on the actor, the short-sighted one who listened to the ravings of the "Man Without a Country." Another joke in the strike situation is the international executioner's threat of sudden death to those actors who have the courage and good sense to work. Last week he published an article entitled "The Mills of the Gods." In it he referred to the strike in England and told how three actors met with sudden and violent death, one being murdered after playing against orders. If this article meant anything, it meant violence or death to actors who disobeyed the international executive's order to strike. We wonder how many artists, even among the most rabid White Rats, can stomach such stuff as this, written by a ten-thousand-dollar-a-year official and printed and paid for with their money?

The biggest piece of pure and unadorned bunk is the warning to actors and actresses not to talk, nor associate, nor have anything to do with any of the artists who played in defiance of the executioner's orders. We want to thank him for publishing their names, and they should thank him also, for it has had just the opposite effect intended and has encouraged practically every actor worth while to stand up and go through with his contract. But think of the unrighteous gall to tell men and women not only for whom and where they shall work, but to whom they shall talk and with whom they shall associate! Have you ever heard such an autocratic and dictatorial statement? What would he say if the managers had a clause in their contract prohibiting the artist from talking or associating with actors playing opposite? We can hear him now. We can see those bywords "Trust" and "Inevitable." We could be called all the names his fertile brain could conjure up. And yet he expects to bully and brow-beat actors and actresses into anything by putting them in fear of being ostracized. Well, we'll promise that the managers won't ostracize the acts that refuse to sign—and we might add that the more the White Rats black list an act, the better we like the act.

There is no better outlet for the goods that can be sold than that which is advertised in the handbooks of Classified Ads appearing every week.

# YOU NEED THE NATIONAL ASSOCIATION OF THE MOTION PICTURE INDUSTRY, AND IT NEEDS YOU

For the first time in the history of the industry, the motion picture has a militant organization which will fight adverse influences and afford protection to every one of its members.

The National Association of the Motion Picture Industry, Inc., has for its dominant purpose not only the salvation of the business, but the upbuilding of this business stronger and more securely entrenched than ever before.

Its fullest success, however, is dependent upon the support and co-operation given it by everyone connected in any way with the motion picture industry. Each must share his part of the expense, and do his share of the fighting.

We must get together, stick together and fight shoulder to shoulder.

## RATS' ATTEMPT TO DISCRET A. I. U. PROVES A BIG FIZZLE

New York Central Federated Union, the Largest

A. F. of L. Local Body, Having 700,000 Members

Disapproves White Rats' Circular of Repraisal

New York, Sept. 18.—An attempt as the part of the White Rats to discredit with organized labor the A. I. U. International Union has floundered miserably, and the circulars sent out, by them, in their campaign of reprisal, have proved a virtual nonentity.

Some weeks ago the A. I. U. International Union circulated throughout the country, holding direct charges against Harry Mountford, then president of the A. F. of L. Local Body, in a questionable manner—that of slandering through an unqualified person, his standing to be an expert in constructive or destructive criticism. Further, that he, Mountford, had tried to discredit the United Working Office, the organization of a dual communication subject the Rats, as he accused by the United Working Office.

The White Rats, in an effort to reach this aspect, sent a circular to those same United Labor Unions, and, while making no charge against the officers of the A. I. U. International Union, tried to convey the impression that the A. I. U. International Union was not a real organization, and should not be recognized by the labor movement, also charging that of the officers of the A. I. U.

One of the bodies to receive one of these circulars was the New York Central Union, the largest A. F. of L. local body in this country, having 700,000 members. At a recent meeting this circular was brought up, but this body had already decided to leave the management in the hands of those who Harry De Vore, president of the A. I. U. International Union, requested that all those in the field to the members, but that the body should take action.

The C. P. U. themselves stated upon the White Rats' circular, that, but that the Rats' was hardly favorable to Mr. Mountford and the Rats are to be judged from the circular which is stippled from the latest edition reported by that body. (Copy on request.)

The White Rats A. I. U. of America submitted a circular "sanctions labor papers" elsewhere, but the A. I. U. International Union had submitted its circulars and demanding immediate protest to be made.

Lacking Amusement Harry Wants to Start Something

Probably in the Hope It Will Excite Interest

In Proposed Strike and the Fact That "Dues Are Almost Due"

New York, Sept. 18.—Harry Mountford has a new role. The agitator is now a lobbyist. He is looking for trouble and writing long letters before the "Federal Managers' Protective Association, with the Rats' attorney as an addressee. Harry's flag and colors are red, white and blue, and he distributed 1000 of New York (center) in the hall. He is sending city of motion picture industry a circular of building in the Green Sheet, as he put down and wrote a also long letter to J. J. Murdock, of the T. M. P. A. Harry's letter:

New York, Sept. 14, 1916.  
Registered,  
John J. Murdock, Esq.,  
New York City.

Dear Sir—It has reached me from an authoritative source that you are looking that you are about to bring a criminal libel action against me, but that you are not going to do it just now, but later on.

If you think that you have been criminally libeled you will. Nothing would give me greater pleasure than to see you prosecute them to be used for criminal libel to you, and the sooner the better, as the criminal-conviction of yourself and your associates on the stand would probably win everything that this organization is asking for.

Nothing would give me greater pleasure than to go to a criminal court and see you and your associates have been found the best law breakers and nothing would do worse for the Rats' flag.

I may see you this, even if I am convicted of criminal libel, I shall never fail and come out of jail with the conviction that I have done my duty.

I am willing of any amount of these offers if accept either a minimum of a hundred, or your attorney's costs, and if you don't care to accept, then Mr. James A. Finney, attorney, is hereby authorized to accept service on my behalf.

Nothing you will take these proceedings seriously, however if possible, I am.

# ALBERT KIRALFY PLANS HUGE SPECTACLE FOR NEW YORK CITY

## Mammoth Production Will Employ Cast of 3,000 and Cost Over \$300,000—To Be Located Within Five Minutes' Ride of Grand Central Station

New York, Sept. 22.—That Gotham and its neighbors are to be treated to some most spectacular shows is indicated in a story of recent date, when the works of operations, Irons and Stearns recently worked magical wonders with their Fall of Rome and the Fall of Babylon, seems to be confirmed. Albert Kiralfy, who, in addition to having developed new ideas in the way of big shows, and who also labored from the father and received the ability that displayed in producing in a successful way the most magnificent spectacles this country has ever witnessed, has been notified his place in the Billboard representation.

The production is so novel as to be interesting and treats of the civilization of the world and the stupendous progress from the slings of history in the present day and will include many of those thousand people in the Fall of Rome will cost in the neighborhood of \$100,000 to produce. The location is an ideal one, being very near the Grand Central Station. ### ANOTHER EXAMPLE OF W. R. A. U. CONSIDERATION TO A MEMBER

**Harry La Toy, for Nine Years a Member of the Organization, Ill, and Forced To Go to a Hospital, Is Flatly Refused Help by Birnes**

Chicago, Sept. 24.—A little while ago there was an interesting case which was played in the Chicago office of The Billboard Friday evening at supper time.

The office (even so late as 11:30) was still in the office were thinking out. Billy's Chicago home was ready to be left to Chicago.

A performance, Harry La Toy just arrived in the city, came to find we were by way of The Billboard staff. La Toy had come to The Billboard office as the best place in Chicago to get any sort of theatrical information. He wanted to know the address of the White Rats.

The Billboard man gave the address and asked if there was anything else to be done for him. No. La Toy merely wanted to see the White Rats management and have them put on a C. T. in a hospital bed. It would pay the charity. It would even be a guarantee that he would pay when he had the money.

He had been ill in Milwaukee and had had desperate medical treatment that amounted to little. This he was in Chicago and wanted to go to the American Hospital for some final treatment. He had been a member of the White Rats for nine years, always in good standing, and had never had any trouble with a manager of any sort or any member of the organization.

"There—all he wanted was the address. He'd go and find his Birnes and he'd be up and right. Much obliged."

"Come back and see me what happens. To be born," said the Billboard man.

#### "Does Are Coming Due"

Explanation of Monarch's Strike Talk—Management Apparently Intend Fighting It to by Locking Out Rate

New York, Sept. 23.—That Harry Campbell's statement a strike would be called in October or December is a bluff and a very palpable one, despite his previous statement that he was through fighting, is daily becoming more evident.

In fact, after it was thoroughly digested by those concerned, he is a member of the Rats, it was easily seen that it was empty another round of old "Mr. Rogers."

"Does are coming due." That is the whole thing in a nutshell. What the union drive want for the payment of dues has been, an empty protest because when his return to the Club was on page 10.

# "A DOZEN GRAINS FOR BRAINS"

1. The V. M. F. A. is not the U. B. O., the W. V. M. A., the New England Managers' Association nor any individual vaudeville circuit. It is an organization of conservative vaudeville managers of the U. S. A.

2. Therefore, when an act picks up cudgels against the V. M. F. A. it is automatically canceling bookings it might possibly obtain from members of this association.

3. There are rumors of a strike. All right; we will meet the issue; our hat is in the ring—WE WILL HAVE NO WORK FOR WHITE RATS AFTER OCTOBER THIRTY-FIRST, whether he be an out and out White Rat or one paying his dues under cover.

4. You, Mr. Artist, cannot be neutral—you must be with us or against us. When you pay your dues to the White Rats, you prove you are against us.

5. When the strike of nineteen hundred and one is recalled, your agitator says the reason it ended disastrously for the artist is because they were not so strongly organized as they are now. He that as it may. Even less prepared than the artists were the managers, but the managers are now prepared for any action the self-appointed czar of vaudeville might order.

6. Members of the National Vaudeville Artists, Inc., are getting equitable contracts.

7. Those who act constructively get contracts from the managers and threats from the White Rats, and those who act destructively and follow out the orders of their ten-thousand-dollar-per-year impecator will get nothing from the managers and praise from the White Rats.

8. Do your own choosing. Consult your own interests, your own business judgment. Look the matter squarely in the face.

9. Are you going to be carried away by the flamboyant ravings of a spellbinder?

10. Think of yourself and for yourself.

11. Remember, he who hesitates is lost.

12. THOSE WHO PAY DUES OCTOBER FIRST MAY RUE IT OCTOBER THIRTY-FIRST.

## SOME INTERESTING QUESTIONS

By what divine right do you, Mr. Montford, assume the power to dictate to the successful performer who is out attending to his business? You holding a ten-thousand-dollar-a-year job not only see fit to criticize the successful manager but also the successful artist and heap reproach and vituperation upon their heads.

If you have such a wonderful managerial brain why did you not make a success of the circuit of theatres that was purchased by members of the White Rats, at your request, to give you a chance to display your ability? Have you told the White Rats what has happened to those theatres? Do they know of their condition today? They undoubtedly do not, say more than they know of the financial condition and standing of the White Rats today. You sent out a circular some weeks ago to be read at all of the meetings, showing the financial condition of the order. Did it show that you had \$70,000 cash in the White Rat treasury? Did you have some \$14,000 on hand, and have you today in line some treasury five hundred dollars in real money? If you have such wonderful brains, what success can you show for the four years you were out of the White Rats? Were you not then willing to take a position as my salary? And what do you think your delegates who are getting good, fat salaries every week to help the White Rats would do for the artists were it not for the weekly salary they get?

They are all lying around waiting for October first to arrive, to get those who are silly enough to put up more dues to be spent in the same manner as all of the money according to statements made by the members, practically \$50,000, although we doubt the amount reached that sum collected since last October first. Several hundred thousand dollars in one year, and what have the White Rats to show for it—what have they accomplished? The White Rats is a tottering organization, existing solely by reason of the paid agitators who give out statements broadcast that they have 15,000 to 24,000 members, when in reality in their palmy days the greatest number that ever belonged to the organization was 3,000. We have it on good authority that today there are less than 3,000 in the entire association. And most of those 3,000 are hang-on around the club rooms. A good many of them have not worked in the profession for years and are working at other occupations, but hang around the club rooms at night.

That is the bunch that fills the halls at the meetings and makes and passes the laws that govern the conservative artists. What have you ever done in the profession, Mr. Agitator? What have the White Rats ever done for the Vaudeville profession? Can you name one thing they have accomplished with the money that has been paid in, which certainly must have been over one million dollars since you joined it?

You and your paid agitators are constantly claiming that managers and agents lynch the women of the profession. You and they make it appear that in every theatre of note, and you publish it in every newspaper and at every public meeting, that the women of the profession are the prey and free prey of every one who may desire, when nothing is further from the truth, and you know it. It is high time that the women of the profession and their husbands called a halt on these insulting statements made by paid individuals who apparently do nothing but insult the profession at large—the women for their needs, and the men for the lack of their business ability.

There are about a half dozen White Rats in Chicago who make it a business to call upon every incoming artist, advising them that unless they join the organization they may expect trouble in the West.

You and your cohorts know that they are bluffing. From now on the artist better have that ten dollars and incidentally save himself a lot of trouble. Do any of the members, except the half dozen hang-on crowd, know the true financial condition of the White Rats today? How many hungry White Rats could be fed on that three hundred dollars you spend every week for your double page spread of self-conceit in handing out the bark, bluff and bait?

## HIMMELBEIN PLAYERS OPEN IN EVANSVILLE

**Indications Point Toward Long Season at Majestic—Deals Daily Out of Bills Until Recovery From Illness**

Evansville, Ind., Sept. 15.—The first Majestic theater has opened tonight for what looks like the entire season of legitimate drama. The Majestic American Theater has come to Evansville in part to make of the best play now known to stock and has been doing without a change for a week. How Evansville, now now deemed to be a second-rate theatrical city, will remain for place at the head of the legitimate theater is uncertain.

John W. Himmelbein, manager of the company, is looking to a pleasant and a profitable engagement. He anticipates to keep at a headlong pace for some time, but has been without a week's rest since the first of the season. He is expected to be in the city in the middle of the week.

William H. Sullivan will be the main man, and Paul Kelly, long known as Sullivan, will continue to lead the way. The company includes, besides John Sullivan, Edward H. Kelly, John Kelly, and a well-known comedienne, Miss M. J. Sullivan. The company includes, besides John Sullivan, Edward H. Kelly, John Kelly, and a well-known comedienne, Miss M. J. Sullivan.

SOME SELLING POINTS TO BE CONSIDERED WHEN ADVERTISING SHOW PROPERTY

Does advertisement get to few people to offer a theater for sale as they would in advertising something of very little value. The amount of money asked to save the purchase of a theater usually depends up to the grade of the character of the theater. When advertising the name of the theater and address is not always accepted by the prospect as a very advertising prospect. There are many selling points to be considered that are sure to increase the reader's interest. 1. The site of the house, selling property, style of front, location, size of acreage, heating and lighting system and price. This does not cover all selling points, but gives the essential features of most property houses that a prospect would like to know about. Therefore it pays to give a description of any show property offered for sale. It is the best means by the advertiser who would be successful in making a house. The Classified Columns of The Billboard are the live wire for the sale of show property.

NEW DISTRIBUTION PLAN

Exhibitors Like Method Adopted by Reorganizers

New York, Sept. 23.—It is widely held that no distributor has been so successful in the past year as Selig as a result of his present plan of distribution. This plan, which is now being adopted by other distributors, is the result of a reorganization of the Selig organization. Selig's plan is to divide his territory into three main sections, the Eastern, the Middle and the Western. Each section is to be managed by a different person, and Selig is to be in charge of the Eastern section. This plan is expected to result in a more efficient distribution of Selig's films, and to increase his profits.

CAMERA CREWS BUSY

The answer is that they are the most important of all the elements of the motion picture industry. Without camera crews, there would be no motion pictures. They are the ones who create the visual world of the motion picture.

# YOU NEED THE NATIONAL ASSOCIATION OF THE MOTION PICTURE INDUSTRY, AND IT NEEDS YOU

For the first time in the history of the industry, the motion picture has a militant organization which will fight adverse influences and afford protection to every one of its members.

The National Association of the Motion Picture Industry, Inc. has for its dominant purpose not only the salvation of the business, but the upbuilding of this business stronger and more securely entrenched than ever before.

Its fullest success, however, is dependent upon the support and co-operation given it by everyone connected in any way with the motion picture industry. Each must share his part of the expense, and do his share of the fighting.

We must get together, stick together and fight shoulder to shoulder.
