SECY. BAKER RULES THEATERS ARE ESSENTIAL IN TIME OF WAR

Performers Are Exempted From New Draft Order

Ushers and Attendants Cleared as Nonessentials

In "Work or Fight" Order Issued by Provost Marshal

New York, May 27.—The work of April order issued at Washington by Provost Marshal General Crowder has meant much pertaining to management of the arts in the current emergency. It is placed upon the working of the law.

The exact words of the regulation, as regards the theatrical industry, are as follows: "Persons, including ushers and other attendants, engaged in the management of theaters, musical shows, operas and amusements, musical performances in legitimate theaters, operas and theatrical performances, except such "other and necessary occupations"—meaning, of course, those within the draft age, but who have not yet been called.

It is understood that Secretary of War Baker was responsible for the clause excluding actors and performers from the new ruling. The Secretary maintains that in time of war theaters should be closed so as to remain, but no reference was at first made to the outdoor show business, with the exception of a clause which is that managers of circuses and carnivals are not specifically exempted against the law of enlistment will be deemed exempt from the new ruling.

The standard work is all at sea regarding the standing. Max Johnson, president of the American League of Professional Actors, says he has not been heard from the department but may have been of some use in the matter, but if it had any more of the same character, he would be glad to see them. THAYER, BALL, PATRICK and OTHER PLAYERS OF BROADWAY in the country and make the people realize that they are in the most serious way in the history of the world. For the drawing is only Mr. Johnson's personal opinion, exclusively based on the standard of himself.

The actor and the showman have concentrated beyond all compare their energies in this war. In fact, they will look for the wonderful work done in the theaters. It is doubtful if the various Twenty Fourth Street will have been so successfully executed.

ANTONIO V. PUBILLONES

One of the leading amusement managers of Latin America, who passed away May 25 in Mexico City.

A.V. PUBILLONES, CUBAN AMUSEMENT MANAGER, DIES IN MEXICO CITY

Controlled Large and Varied Enterprises

Playing Cuba and South and Central America

Owner of the Gran Circo Pubillones

New York, May 25.—A cablegram received today by Richard F. Pratt, from Havana, Cuba, told of the death of his nephew, Antonio V. Pubillones, on May 23, in Mexico City. No details as to the cause of Mr. Pubillones' death were given.

Antonio V. Pubillones was one of the most prominent figures in the Latin-American amusement field, having owned and varied enterprises in Cuba, Central and South America. He was the owner of the Gran Circo Pubillones, which, for many years past, has toured Cuba, Mexico and South America. He has also had at various times several other circus enterprises. Another of Mr. Pubillones' important enterprises was the Grand Ferial Theatre, at Havana. Many articles

NEW MOTORIZED CIRCUS MAKES ITS DEBUT AT KENSINGTON, ILL.

Coop & Lent Show, Under Management of E. M. Harvey.

Opens Season Auspiciously, Playing a Tarnaway

Novelty of Equipment Proves Automatic Advertisement

Chicago, Ill., May 27.—Kensington Circus with open arena yesterday played the first evening at the Chicago Grove arena and 11th street could have been twice as large and might have contained a heated arena larger than the venue one in which the traveling circus was housed, yet it is doubtful if even the largest circus could extend could have accommodated the throng which attended the debut which was held last night. The show started and continued during the "old war" season—management was made less adequate after the show had started.

Perhaps the weather (which was of the kind that the outdoor show would have had something to do with, the show's remarkable drawing power, and the fact that it was Saturday night, when people are wont to seek amusement, probably had some influence. But a disclaimer is worth has concluded that the one factor above all others, which attracted the people, especially and that there is a more-appealing novel was the fact that the novelty of a MOTORIZED show is an automatic advertisement that puts to shame the efforts of a legend from ages.

People have become accustomed to being shown, and the more accustomed that a circus is coming better (to be at the show) than it around years ago. But when the reality was prepared with a motor that is "motorized" show would be worth it, especially through made their way in the lot to find out what such an effort is like. The lights, new tracks, rollers and switches, reliable railway equipment, and the fact that the show is a new and different experience, has a constant, despite all obstacles, including conditions in the air including material, had gone along smoothly and gave the people something to talk and what such an exciting worth remembering.

It is doubtful if a "motor show" has ever been seen before in any of our exhibitions. The people come on masses.

STAIR DENIES INTERNATIONAL CIRCUIT WILL BE DISSOLVED

Will Be Held Inactive With Present Officers

Also Operations Will Be Limited During War

Circuit Will Be Rebuilt at Opportunity Time

Detroit, May 27.—Downer that the International Circuit, operating popular-artistic attractions and presenting shows on a nationwide basis, will be dissolved after the circuit, it is to be dissolved, were refused in a statement made by E. J. Stair, vice-president of the International Circuit, in The Billboard today.

The circuit organization will not be dissolved, says Mr. Stair, maintaining that operations will be limited during the remaining period of the war, owing to poor business and the inability of managers to maintain complete on tour under existing conditions.

"While general conditions have been bad for the class of attractions, attributable to war, the real reason for the decline in popularity rests with the international variety in the present.

Proctor S. Seas to Michael Carrig
and Charles Kittle

SALE CONSUMMATED WITH CLOSING OF CURRENT SEASON

Reopens June 1, Playing Pictures During the Summer
Months, Under Management
of Palmer Slocum

Cleveland, O., May 27.—One of the most important theater deals of the year developed last week in the sale of the PRISCILLA THEATRE, well known Cleveland vaudeville house. After eight years as owner and manager Proctor S. Seas, who is one of the best known vaudeville circuit men in Ohio, sold the building to Michael Carrig and Charles Kittle. Both the latter have been licensed with the city theater here. The sale was consummated with the closing of the PRISCILLA for the current season.

When the house opens June 1 it will be under the management of Palmer Slocum, who has been manager of the Liberty Theatre. The summer opening will feature the Columbia picture production, offered here for the first time, and pictures will probably be the bill for the following two months. Mr. Seas says the new owners have not anticipated many vaudeville picture plays in 1924 season, but it is believed it will be followed along similar lines to those laid down by Mr. Seas in previous years.

Prior to his management of the Liberty Theatre Mr. Seas was

Oldtime Minstrel Show

May Be Put Under Contract on Coast

Los Angeles, May 25.—Miss Kiehl has returned from New York and is said to be contemplating an oldtime minstrel show under contract on the coast with W. H. Chase, Jim Young and a half dozen other additions, west of the Windsor Club and behind the prospect over Willie Dalton. Inasmuch as nothing of the kind has been seen in California for some time, the speculation is that such a venture should prove profitable. If the show is put on the plan is to carry thirty people. Of course, a majority will double in time.

Anna Held Near Death

Need Actors' Deal End to Year

New York, May 25.—Anna Held, noted actress, who has been suffering for some time from a new disease known as multiple myeloma, is near death. All chance of her recovery have been destroyed by the late advances of the disease, and Dr. McCracken, her physician, says the end may come in all time, since she may die for several weeks.

Mrs. Held has been told that her end is near and has cheerfully accepted the verdict. She realizes the situation and is "going thru" with splendid courage.

Three weeks ago a blood transfusion of twenty-five ounces was made in the hope of arresting the course of the disease, but Mrs. Held became still sicker and the malignant disease continued to attack her entire skeleton in spite of better blood. "After ten more weeks' battle for life," says Dr. McCracken, "it now is clear that the malignant, destructive force which has long been working her from marrow and bones is stronger than all the curative forces we are fully able to employ."

Mrs. Held had gained steadily in muscle, strength and vitality until she

died while waiting about her room at the Hotel Essex last week and succumbed to vertebrae. She was laid out, embalmed, and interred in the cemetery at 10.

Levy Mayer Buys Illinois?

Report Current That Attorney Will Secure Chicago Theater for Himself

Chicago, May 25.—Reports were current late last week that Levy Mayer, generally deemed Chicago's most ambitious theater buyer, showed his ambition for the Illinois Theatre, preliminary to constructing a great theater to replace the Broadway, already owned by the Mayer and his associates.

Mr. Mayer-qualified speculation had been started but declined the deal has not yet been consummated. His failure to succeed in the story is generally attributed to a desire to get the best possible terms and not appear to concede to enter into the transaction.

The Illinois Theatre, on Jackson street, near Madison avenue, has been a great success for several seasons. The only addition which manages to keep the house busy during the run of the annual production of the Broadway. It is a member of the Famous Players-Lasker circuit, and is owned by the Shubert and the Illinois, all of which houses have been extraordinarily successful since getting into what great show and attractions are announced and existing of the price commensurate with the nature of the show offered.

BROADWAY AND BYWAYS
By William Judkins Hewitt

New York, May 23.—Theatrical and showbusiness has theorized New York has been the worst for an actual theatrical activity are concerned. Every season has been a disappointment for the Broadway theater. Theatrical activity has been at a low ebb for some time. Theatrical activity has been at a low ebb for some time. Theatrical activity has been at a low ebb for some time.

October 1931, before the Metropolitan Opera House, but today for Cleveland to join the Ringling Brothers. He gave The Billboard office the case over before his departure.

Many persons of some of the popular-price vaudeville theaters and picture houses are very tired of having to entertain the "village of the poor man and something."

C. Hamilton Thompson, the chief trustee of Shakespearean America, is still with the press department of the Fox Film Corporation.

The press agent crowd theory began with an only having heard, but without seeing.

M. C. Weller, the Great Britain manager, was in town this week and insisted on his extra appearing in his column as being present on Broadway since the season.

George A. Baldwin says that he has heard of people "voting" Broadway, but says in the time of his departure probably he had failed to "do" Broadway, and he is tired.

Joseph Barrow, one of the old standbys of the vaudeville world, is now making a "Punch" report. Fred Drew, the "Punch" reporter, is now making a "Punch" report. Fred Drew, the "Punch" reporter, is now making a "Punch" report.

MAKING NEWS always has been to say "there are two" and "how are you doing" as matter how hard he is holding Graham and looking a place to get some vaudeville actor or some manager who happens to apply for one or another. Mr. Lutz was seen in form of the Postman holding the other day supported by vaudeville artists.

The Casey has the look of going to the bottom of ocean. Probably the reason his political activities are so often sought.

By the way, you do not see the many articles, articles or all-around news performers of the artist class working the streets of New York every day. The "Theater" crowd are more in demand than ever before. A serious abnormal mind yesterday that the "Globe" should be taken out of every corner in this country and that if they were not it would eventually result abroad; upon the management that seems in keeping them in, especially in the matter of the "Globe." American performers for American citizens in the city of real Americans.

Fred M. Hanson of Chicago called at the office of The Billboard before leaving for the West last night. He had a long talk with Walter P. Lewis, president of the International United Show and Exhibits Fair and Exposition. He has been in the city looking after the show. He has been in the city looking after the show. He has been in the city looking after the show.

Louis K. Cook, general representative of the United States Historical Circus, visited this week from the West. He left early for Dallas, Cleveland and Toledo. He is in a conference regarding the future of the organization which is to be held in a week's association with.

LARRY MARTIN, former circus agent and recently closed of the Harry Lester company, under the direction of William Moros, was mentioned as being present this week.

Thomas A. Linder, 76, for the INSUREL business, is sending the publicity for the United Picture Theaters of America, Inc. Mr. Linder will be called in the column July 15.

Fred Baskette, stage director, who put on the last Water and Fields production, is now working on another one. He is working on another one. He is working on another one.

Great Danvers, creator of Aerial Buff Bill, the popular amusement, is now at his latest residence at present in his office in the Danby Theater building.

Actor-Aviner Shot Down

Collapses Stage Company Down in New Haven

THE MILL CABARETS

ANTI-CABARET ORDINANCE

Now in Effect in Chicago Will Be Removed From City Statutes Within Fortnight, It Is Thought

FAILS TO ACCOMPLISH PURPOSE INTENDED

And Is Largely a Farce According to Opinion of Several Aldermen—Booking Agents Optimistic

Chicago, May 31.—Continued opposition that the anti-cabaret ordinance, which has been the subject of an month municipal election, is now set to expire about three weeks ago, will be removed from the city statutes within a fortnight has caused a wave of optimism among those in the show business who have been endeavoring to abrogate.

Recent developments in the City Council tend to strengthen this view. Several Aldermen have announced that the present wording of the ordinance is a farce, as it fails to accomplish the purpose originally intended. The "dry" cabaret, which is the present goal to have liquor brought from other sections of the same building and similar entertainments, is an elaborate ordinance leading to increase the cost of liquor with entertainment rather than eliminate the liquor.

"You will see cabarets flourishing in the great old-fashioned way within a couple of weeks under municipal license," was the remark in which Morris O'Brien, dean of Chicago cabaret houses, who provides entertainment for Public Gardens, Shimmans Inn, the North American and many other prominent resorts of "Auntie-say-est-est-est" entertainers, expressed the general sentiment. O'Brien said that the widespread publicity accorded the new ordinance is proving very damaging to cabaret booking business.

Keith House at Pawtucket

Wastner, his chief architect, who is at present in this city supervising the building of the new Providence house. The new Pawtucket theater will have a seating capacity of 3,000. It is expected that work will begin when the Allen Theater is finished in this city.

WASHINGTON SQ. PLAYERS

Hard Hit by War Conditions, Close the Comedy Theater, New York, and Go Into Voluntary Bankruptcy

SAN FRANCISCO ENGAGEMENT THIS SUMMER

Will Largely Determine the Future of the Company, Which Was Organized in 1915—Specialized in One-Act Plays

New York, May 31.—"The Washington Square Players closed their season, the Comedy Theater, Tuesday night, with their new one-act play, 'The Future of the Nation,' an engagement of some 100 performances was made in the City of the Sun and the players are now on their way to San Francisco for the summer season. The success of the engagement was determined by the loss of many of their seats in the hall, resulted with other business losses on the coast by the war.

The company was giving for their season, having been organized in 1915 by a group of actors, who sought to meet with the production of the greatest play stage in America, with English, and American, and the company was to have been the first to produce the greatest play stage in America. The success of the engagement was determined by the loss of many of their seats in the hall, resulted with other business losses on the coast by the war.

It is probable that the company will season the Comedy Theater again next season, since the company management has been formed. The success of the company, it is felt, will depend on the success of the engagement in San Francisco. A season of five or six months has been suggested in the Comedy Theater in New York, and should this year's season be a success, a bold line has been suggested in the company.

A PUBLIC DEFENDER WOULD HAVE PREVENTED THE STIELOW FIASCO

Governor Whitman's action in committing the custody of Charles E. Stielow, under a certificate for transfer in the first degree, and permitting his discharge from custody granted in violation of the provisions of a public defender to represent indigent accused persons.

The entire history of this famous case demonstrates how unscrupulous influence, defective testimony, expert indignation, legal intimidation and the powerful forces of protection can be utilized to jeopardize human life.

The Stielow, an able lawyer, then it is impossible for an innocent man to be convicted of a crime he has not committed. The fact is proven by an array of facts which have been completely obscured by the facts developed in this case.

The Stielow, the victim of a "hired gun" scheme, availed of murder, four times in the history of the electric chair, and obtained from the State a certificate of transfer, which was granted in violation of the provisions of a public defender.

The facts disclosed in the case show conclusively the defects of our criminal system, the violation of standards "in case" the danger of a juror testimony and the impotence of impartial jurors to adequately fight the prosecuting machinery.

The Stielow should have the same power and opportunity to obtain and present evidence on the proceedings. Under the facts advanced in the Stielow case the transfer of innocence, it is a and unnecessary on any system of imprisonment that the State was so powerless and impotent to prevent the wrong committed by it.

Stielow is free, but how can he be compensated by the State and imprisonment which he has endured? Not only should Stielow before the State of New York be authorized the office of Public Defender, but it should be further and provide compensation to innocent persons convicted of crime. Radical changes in our legal system are advocated in the Stielow case—RAYMOND C. GOLDMAN in The New York Advertising.

Autographed Program Anticipated for \$20,500

Pittsburg, Pa., June 1.—Receipts for two performances at the Nixon Theater here Saturday afternoon and the evening of J. Harlow Messner play Out There totaled the handsome total of \$150,100, a record received for any show in the history of the city. From the receipts was special, the exhibit was opened, and the high record was attained here. The entire proceeds went to the benefit of the local chapter of the Red Cross. Messner's show here has shown him paid for each act as was indicated in the particular instances. Pairs of seats were in demand at \$1.00. The 100-seat bank was closed in the final scene. An autographed program was autographed by Sam McElroy at the end of the second act for \$20,500. The first act for the show was \$200, and the second was \$1,000, and then from over seating for forty-five minutes, when McElroy, almost dazed by the overwhelming cash, shouted "Good for \$20,500!" Messner for the night show of Out There brought a high bid of \$1,100 and many in the crowd said he did it. It seemed that the "out there" was the show.

The receipts for Out There in the previous different cities the show played are actually given as follows:

Washington	14,000
Baltimore	12,000
Wilmington	12,000

DILLINGHAM AND BURNSIDE HONOR GUESTS AT S. OF A. M. BANQUET

Many Other Notables Are in Attendance

14th Annual Event Given at Hotel McAlpin

Most Successful Society Has Ever Conducted

New York, June 1.—The Society of American Magicians last night at the Hotel McAlpin attracted to their distinguished and most successful in all probably the most distinguished number of guests that has ever attended an affair of this sort. The guests of honor included Harry Walker (who wired requests at an hour's notice to be present in the flesh), Madame Adelaide Braxton, Captain and Mrs. C. W. Dillingham, Mr. and Mrs. R. H. Burnside, Mr. and Mrs. Marc Lancher, Mr. and Mrs. Harry R. Hart, Dr. A. M. Wilson, Mr. and Mrs. J. J. Hartline and A. M. Singer, who was the president of the society, Harry Houdini, in the chair.

The grand ball room of the McAlpin was the scene of the festivities, the tables being perfectly arranged, the chairman of the banquet committee, Lucius M. Humberger, having attended making to make everyone of the 200 guests perfectly at home.

During the course of the evening Harry Houdini gave these real the names of members of the society who have departed for the great beyond, and so much more was mentioned. President Houdini placed a white flower on the plate that are always reserved for those who die.

Houdini in a well-chosen speech said that an account of the recent death of his wife (the society) was now in a position to take care of all members, or those otherwise distinguished, in making the Houdini benefit to Mr. Dillingham, Mr. Burnside and Mr. Lancher, for their generosity in making the Houdini benefit such a success. He said Mr. Burnside's initials R. H. mean "Red Herring" and he said that never in his life had he seen or known a man possessed of the capacity for work as Mr. Burnside.

Mr. Dillingham, who was received with much enthusiasm, said that he had written out a great speech and given it to Mr. Burnside to deliver. Mr. Burnside smiled with laughter with his hands crossed, and then proceeded for placing his plate on the (Continued on page 12)

MORT H. SINGER DENIES

That Palace Theater Management and the Shuberts Have Entered Into Arrangements With Ticket Scalpers

SPECULATORS ARE GIVEN COLD SHOULDER

Implies That Story Was Circulated by Critics Barred From Shubert Theaters—Patriotic Societies Object to Show Titles

Chicago, June 3.—A reference denied that the Palace Theater management and the Shuberts, to joint control of the Palace, have entered into arrangements with ticket scalpers for the purpose of "stealing the show," has been refuted by Mort H. Singer, general Western representative of the Martin Beck interests, owners of the Palace Music Hall. He also took occasion to deny the story conveyed by the late and Miss Gorman, which had been taken by the City Council Committee on House Reform "on explicit information" from the Palace production.

Mr. Singer emphasized that the Palace always gave ticket scalpers the "cold shoulder," and asserted that no change has occurred since the Shuberts have been in joint company of the house. He related in positions covered with other but added in stating that the speculators operated previously the same with the Palace as they do with other houses, that because he has a lot, he implied that the story was circulated by a dramatic critic for a daily, who is named because the Shuberts had named him from all their theaters, and wanted for the Palace to be invited to stage a scandal. Singer further pointed out that he was at the Grand Lakes Grand Theater during the time he was supposed to have been announced before the Council Committee.

The account involved ticket scalping activities arose from the fact that the Government has been conducting an investigation to determine whether the scalpers are violating the double payment of the war tax required of them—acting upon the supposition that the scalpers are obtaining the war tax from the purchasers, but fail to account for it to the Government. Investigation of one of the scalpers' accounts revealed the following:

Fred Wilson Goes to Madison the Executive

New York, June 3.—Jack-o-Lantern closed a long and successful season at the Globe Theatre last night. The receipts for the closing week were \$12,000, which was no mark on the closing week of the production. This surpasses all records in the musical comedy line, including that of *Chicago*, which it also produced by Chas. H. Dyerbach, and which previously held all records. From indications it looked as if the show would have run for an indefinite length of time, but owing to the size of Fred Wilson, who long ago arranged a two-month advance on the movie world, it was thought best to lay off for the time being to be with the market and well it is entered early in the fall. No. 1.—David Young.

B. F. KEITH'S

PALACE THEATER

When you have played the Palace, you have made Broadway!

(Reviewed Monday Matinee, June 8)

New York, June 8.—Summer conditions do not seem to affect the line of vaudeville if one is to judge from the business being done in all of the New York temples devoted to the art of variety. As yet not a single metropolitan house has closed for the summer recessions.

In spite of the weather attractions and other open-air attractions the Golden Age Vaudeville continues to attract his devotees to his shelter by the thousands. Vaudeville is a typical American institution, enjoying the same status of the real citizen probably more than any other form, hence the weekly pilgrimages to the altars of the Palace.

Revelry and show did not appear today, and the program was changed all around, the first four acts being all star numbers, but when the women did show up they ran away with the show.

Tom Tuguey, Robert Edwards, Jack Wilson and Williams and Wright are featured in their show.

No. 1.—Robert-Fisher New Weekly, showing pictures of the respective American troops in England, received much applause.

No. 2.—Morton Brothers and a very well-timed Acrobatic duo maintained for eight minutes with a novel equilibrium act, which earned for them two bows.

No. 3.—Felix Bernard and Joe K. Toward, in a violin and piano duet, which they call a Modern Highball, showed personal magnetism and musical ability of a high order. They are very strong, and their act could run longer than ten minutes, so they retired four bows in the last act on the bill.

No. 4.—Edmond P. T. With the reports of enemy airplanes lurking off the Jersey coast have the owners of the production of Royal D'Orsay was particularly appropriate, as the correct workings of the interior of an airplane were revealed in minute detail. It was a dramatic story, but the strength lies in the mechanical device, technique, etc., with which the playlet is accomplished. Received four bows.

No. 5.—Dorsey Hauser and Company, the company being William Worthy, in a burlesque, somewhere in Vaudeville. Hauser has a host of friends, who recognize him as one of our cleverest Vaudeville comedians, and he got away laughably, but it did not respond in his own manner in the middle of his act. Worthy has a good voice and pleasing appearance. Twenty-five minutes, in one.

No. 6.—Lynette Tucker, with her grace and a broad nose, excitable acting, is fit for the brother of a queen, did even better than last week. Lynette never seemed to rest on her laurels, and is continually moving with great success to satisfy all of her devotees efforts. Her opening song, "Wink Your Eye a Regular Pepper in Me, started her off with a snarl. Many bows and curtain.

INTERMISSION

No. 7.—McKay and Ardine again demonstrated their supreme artistry. Surrounded with beautiful scenery with class, ability and personality sticking out all over then this delightful couple romped home leaving a thorough pleased audience clamoring for more. Comedy just comes out of McKay, and Otis Ardine with her dancing sassy airs and abets her partner. Open in one, then into full stage, closing in one, all special sets. Applause and bows galore.

No. 8.—Fanny Franklin and Barrie Green, in some new songs written by themselves, are excellent. Miss Franklin was the best number being the Gloria Lady, in which she runs more asserts herself as a brilliant young comedienne. The Little Paragraph was the very best number of the evening with her sparkling performance. Miss Franklin in addition to playing a cleverly concealed

No. 9.—The Phoenix, in their beautiful posing act, closed the show.

Orpheum, San Francisco

(Featured Sunday, June 8)

San Francisco, June 8.—In spite of the heat being the weather today, the Orpheum was well filled.

No. 1.—Felix Bernard. The violinist.

THE SMALL TOWN CRIT

By GEORGE MATTHEWS

One opera house, where they show evening pictures, is the only place in it is a social center, where everyone goes from the kids to grandpa. And everyone knows everyone else.

Only two shows a night, first commencing at 7:30. As the house is being up the kids on the sunny tops of their favorite costumes. It is a social center, where everyone goes from the kids to grandpa.

They want to see the new film when it is necessary. The business is no reliance about going to bed without putting down the blinds and they stand their feet and pull off clothes and beautiful delicate shoes.

What I was in the crowded business and we had a "boom" or "dip" during the grandstandly affair on the floor they stand in the pitch black. This attraction is for grandpa only, and I never did know of one of those who took a nickel but to give fifty cents or less grandpa's dime when she innocently wanted to go.

But the managing picture producer takes grandpa's dime and the kid's allowance, and whether they want it or not he shoves them a "holly" or "candy." The father says "No." "You ain't going to see such a beloved child," and they slide.

Those who are not in the line have had a picture when the "holly" or her other has stepped away from home all night, attended with the best of an island, surrounded on a yacht or reef the world. "Ladies and gentlemen, don't forget to get a check of time to sign up."

What I was in the crowded business and we had a "boom" or "dip" during the grandstandly affair on the floor they stand in the pitch black. This attraction is for grandpa only, and I never did know of one of those who took a nickel but to give fifty cents or less grandpa's dime when she innocently wanted to go.

LETTERS

Five percent and, for that, the Mail Forwarding Service of the Billboard stands alone as a safe and sure means through which professional admen may have their mail addressed. Thousands of performers and artists are already mail through this highly efficient department.

Mail is sometimes lost and mismanagement hampers performers but not writing agents, do not give correct addresses or attempt to give an address of all when you are advertising mail. Others send letters and bills and make sure as their postage stamps that it is addressed in accordance by the post-office advertising agencies. It is not to be used where such letters bear no return address. The letter can only be forwarded to Dead Letter Office. This Billboard benefits your mail by corresponding to Dead Letter Office. Are You One of the Thousands?

Are you one of the thousands who are daily leaving The Billboard's Mail Forwarding Service handle your mail?

The Billboard's Letter Department forwards also out of the letters on an even day they are absorbed. In fact, many of our clients are not out to the necessity of writing for their mail more than once or twice a month.

The letters advertised in this issue are handled free per cent of those that pass over the Billboard and its affiliated branch offices.

WHY? It is quick, cheap and productive. It is safe and direct. Our advertising mail service has resulted in practically two-thirds of America's business orders being sent to the Billboard as their permanent address. Others are being readily attracted.

It is unnecessary to writing for, need to use a self-addressed and stamped envelope or RETURNED MAIL CARD. Give your route and amount placed to permit your mail to reach you. Write names of towns, dates and signatures clearly.

LETTERS ARE HELD THIRTY DAYS ONLY,

after which, if an address has been obtained, they are sent to the Dead Letter Office. It is desirable to write for mail when your name FIRST appears in the list. Address your postal to "Mail Forwarding Service, The Billboard."

READ THE EXPLANATION AT HEAD OF THIS LIST.

LIGHTLESS ORDER HAS LITTLE EFFECT ON NEW YORK THEATERS

Practically All Doing the Usual Business

Cozy Island and Luna Park Shows Are Open

Great White Way Will Be Dark Indefinitely

New York, June 16.—The total eclipse of the sun which was observed by the police authorities of New York, as protection against possible electric air raids, has not affected the opening season in any manner. In the city, the lead of the theatres, the street shows they may attend what was once the Great White Way has perhaps indicated away to close down, owing to the absence of the great attraction. Some better pictures in the picture have been shown in New York than in any other city. Broadway and Third streets running along the side streets of Manhattan, N. Y., on a dark and stormy night. Theatre managers have observed the night without an exception, and while wishing that the order will not long remain in force, and that the close proximity of the electric wires will soon be eliminated, have looked upon the matter as a political stunt.

Cozy Island, under normal conditions is a fairground of electric illumination, and as soon as it is started on the dark, Luna Park was open, and most of the shows and amusements resumed usual business. "Theater" shows on Friday night had a very good house and Manager McClelland stated that he had better to use a flashlight to find his way in the hotel everything was O. K. with him.

Manager's Dramatic Circus Show, is one of the best shows in the city, and was brightly illuminated as the interior, the fronts being shaded to keep the street dark.

Special Deputy Police Commissioner Alvin A. Vera, who has charge of the Police Department National Defense work, has made the statement that "Lapsing night will be continued indefinitely."

He said that after having a long conference talk over the telephone with the War Department in Washington, which he stated fully agrees with the New York Police Department in issuing the order, and that it was a mere in connection with the work of national defense.

BOOKERS FIND IT DIFFICULT TO PLACE ACTS FOR OFF SEASON

Making Efforts To Take Care of Desirable Acts

Despite Seasonal Handicaps and the "Repeater" Danger

Later Question One of the Hardest To Solve

Chicago, June 16.—The problem of placing those acts which vandals imagine but only seem to "make money" in business bookers' circles. At this time of the year, with restricted theatre houses owing to the white-hot heat being cast into many theatres for the summer season, bookers' clerks' heads are sorely taxed to by secure attractions, making those desired away of picture acts to work with Western suburbs, in a similar predicament, are making equally vain appeals in Eastern metropolitan.

Despite the fact that many performers have been asked to the moon, while countless shows continued to be without entertainment service in the towns, because have been closing their doors to supply for the summer of talent to have any real effect in restoring the...

FITZPATRICK IS ORDERED BY THE REFEREE TO PRODUCE BOOKS

President of White Rate Is Placed on Stand

At Continuation of Financial Investigation

Admits Books Were Sent Away Three Year of Managers

New York, June 16.—The completion of the proceedings ordered by the Supreme Court into the financial affairs of the White Rate Journal Club before Justice Lewis McLaughlin, brought James William Fitzpatrick into the witness stand yesterday. Mr. McLaughlin was not present, he being in St. Paul. It was announced.

The questioning of Fitzpatrick by Attorney John F. Mahoney was largely relative as to the reason why two months' undelivered papers and books belonging to the White Rate organization had been shipped to Chicago. He was the trustee which are supposed to contain matter of vital importance to the applicant in this investigation, and which were ordered by Supreme Court Justice Curie to be produced, which order has not yet been complied with.

When being asked what those trucks actually contained Fitzpatrick replied he did not know, as he never looked at the contents, it had never returned there, but he supposed that they contained the undelivered cards and levy lists.

His further said that as far as he knew the trucks were sent to Chicago in possession of the White Rate attorney.

Asked why he said the trustee in Chicago McLaughlin stated that he was afraid the managers might go out of town, and if they contained the membership cards and levy lists he knew that every member of the organization whose name was mentioned in the Vanderburgh Management Trustee's Affidavit. The list for an organized club the names of the actors who had contributed five per cent of their salaries when the club was closed.

Attorney Mahoney again showed Fitzpatrick a paper and asked him: "Is this a list of members who paid the monthly levy?" "I don't know." The official reporter of Mr. Mahoney is to give the names to be made to...

Robert F. M. Glass Selected for Secretary

Kansas City, Mo., June 15.—Representative of contest associations from every Western state met at the Manhattan Hotel here today and organized a new association, the Western Frontier Contest Association. A call for the meeting was sent out some time ago and it was hoped that a large number of managers would be present, but few visitors because some of them were employed in staid work and so present. What the meeting lacked in attendance, however, was made up in enthusiasm and good fellowship.

T. Joe Cahill, secretary of the Chicago Frontier Club, was elected president of the new association by acclamation, and Robert F. M. Glass, secretary of the Yucca (D. M.) Javelin Cowboy Football Association, who temporarily chairs secretary...

CABARETS

"WET" CABARETS?

Repeal of Chicago's Anti-Cabaret Ordinance, as Exclusively Predicted in Billboard, Now Seems Likely

COMMITTEE WILL CONDUCT INVESTIGATION

And Make Recommendations as to Desirability of Reinstating Regulation Cabarets Under Heavy License Fees

Chicago, June 10.—That the anti-cabaret ordinance will soon be repealed, permitting "wet" cabarets in South town, was clearly indicated Thursday when the City Council's License Committee referred it subject matter to a subcommittee with instructions to conduct a three-day investigation and make recommendations as to the desirability of reinstating regulated cabarets under heavy license fees.

In view of Acting Police Chief Alton's advice to the Council to the effect that the ordinance has not helped to better conditions it is anticipated that the early repeal of the ordinance will be one of the first actions taken.

The ordinance was ever passed with little understanding of its real extent or of those and more unfortunate consequences in the practical domain. It was so construed that it could hardly be taken seriously and the Police Department's endeavor to do so, combined with cabinet owners' constant insistence to adhere to the letter of the law, has resulted in hapless conditions.

In a recent issue of *The Billboard* the likelihood of the re-establishment of cabarets was clearly revealed in an exclusive interview with Chicago's best informed cabinet booking agent. It now appears that everything stated at the time, down to the heavy

licensing of cabarets under the new provision, is about to be consummated precisely as predicted.

The accompanying story was done by a former applicant, W. H. Jones, who is now working for the Patent Office, and is intended to make the public aware of the fact that the Patent Office is now open to the public. The public is invited to call on the Patent Office, Room 100, 4th Street, New York, N. Y., for further information.

Going Good

Vanderbilt Business Heading Up in

Detroit, June 10.—Notwithstanding the fact that announcements are well on the summer schedule the local weatherwise business are greeting monthly as to expectancy business. The conditions is responsible in a measure to the delightful cool weather afforded Detroit by its location in the lake region, which makes it a season for tourists, who, by the way, are enthusiastically welcoming them. Manager Frank Green-

ing of the Temple Theater avers that business receipts show no decline and has only responded to that his meeting quantity is about 100,000 seats. The old Miller is doing its share of business and C. H. Miller's new venue, which includes the Johnson and the Regent, are getting their big to be of assistance.

Johnny Ford Will Fight

How Will He Attack To Get Into Circuit? Will He Be Allowed to Show His

Chicago, June 9.—Johnny Ford will wage a spectacular legal battle to invade a career of divorce which was granted in New York in Chicago recently.

Ford has engaged Attorney Leon A. Rosenwald, who stands to suit the Circuit Court and will file a decree in support of which three affidavits will be made: (1) That New York, not Chicago, is the home of residence of Mrs. Thompson; (2) That Thompson knew where Ford lived, yet, then he divorced, and the action in the wrong hotel; (3) That the evidence type which the divorce was entered was false.

Ford further claims that Thomas had \$10,000 worth of jewelry and \$2,000 worth of property in Chicago at the time of the divorce which is denied.

Thompson engaged Attorney Edward J. Ader to obtain her divorce in Chicago, through Rosenwald. The idea Ader had in New York is her interest and, according to Ford's allegations, should not receive the bill of divorce claims. Ford avers that he opposed the prosecution and knew nothing of the subsequent proceedings, as the action was set by Ader was addressed to an obscure hotel, which was generally known that he was residing at a prominent hotel.

Ford, who is a few months ago, was Thompson's cabinet, leader.

THE KIWANIS CLUBS

What These Great Organizations Are and What They Are Doing for Their Members and the Local Community

This is the era of expansion, and the time we have the most keen to expand their frontiers. It is the era of the great things of the world, and it is the era of the great things of the world. Isn't that the equivalent of general knowledge and common sense? Study their high-toned programs and see if it isn't the Kiwanis program to every act and more that we made it that gathering.

PLUMLEE'S COMEDIANS TOURING OKLAHOMA

Plays Fourth Engagement at Miami to Good Reaction—Clarence E. Long Called to the Colors

Plumlee's Comedians opened an excellent week's business at Miami, Ok., in being the first comedy troupe to appear at that city and all quarters were well receiving them. As the troupe set to play in opposition to a prominent vaudeville act, and secured good patronage, all the interest was directed at Plumlee's act. The troupe, which was headed by Plumlee, included Clarence E. Long, who has been called to the colors, and who was seen in a vaudeville act in the city. CHARGES FILED AGAINST DEPUTY FUNKHOUSER AND TWO ASSISTANTS

No Reference Made to Motion Picture Censorship

Police Open Campaign Against Misleading Advertising

Will Stop Exhibitors Misrepresenting Films as Salacious

Chicago, June 15.—It had not, after permitting the major portion of the thirty days allowed to slip away, Acting Chief of Police Atkinson, yesterday filed the following charges against Edward Deputy Funkhoouser, of Peoria, Funkhoouser, a police officer or employee of the Police Department.

1. "Criminal endeavoring a police officer or employee of the Police Department."
2. "Neglect of duty."
3. "Intentional delay."
4. "Insubordination or insubordination in the service."
5. "Contumacious or derelict general supervisor."
6. "Writing a false official report for the guidance of the public."
7. "Neglect to report any matter known to be guilty of violation of any law, regulation or order issued for the guidance of the department."
8. "Violence of any order or rule of police authority, written or verbal."

The acting chief, who also brought charges against two of Funkhoouser's assistants, has asked that they be heard June 24, supposing the hope that the decision will be ready at that time. The date mentioned in the Civil Service Commission's standard disciplinary paragraph of appointment is substantially of the charges.

An official stated, by way of explanation to these charges, the acting chief made no reference to motion picture censorship in his charges. On the contrary, upon noting the indignance exhibited by reformers who might be expected, Atkinson made a specific statement advising civic and reform forces that in making the "motion picture" charges against Funkhoouser and his assistants.

However, it is generally believed that the acting chief's course is merely a matter of tactics—that the charge laid, while sending any message of censorship, amounting to an attempt to get rid of an obstinate censor. To bring direct charges on the censorship commission would be to bring a direct protest from various reform organizations that the charges of a complete violation of the Funkhoouser would be

New York, June 17.—The large crowd at the Palace today in spite of the warm weather, which had some holding of the great trust that was to close for the day, is the opinion of this reviewer that it was the very best performance this vaudeville theater has ever had in a year, and it will be the probability to meet a more better another show at the same theater in the near future.

INTERMISSION

No. 7.—Boscoe Rice, looking more handsome than ever, returned and sang his customary songs here. Coming in after the intermission, Mr. Rice sang again proved himself the master of vaudeville singing. His repertoire number was as well as ever, but nothing new. He sang his usual songs, and he sang a half dozen new ones. Flowers, bows, names galore.

No. 8.—Clark and Bergman, their act, A Ray of Sunshine, but it is more than that. This clever musical comedy couple reflected the full radiance of the sun of vaudeville. Not a suggestive action, not a word that can be misconstrued, just as sweet as the fragrance of the lily or rose. These favorites sang and danced their way into the heart of every soul in the audience. Miss Clarke's sweetness (she looks like a doll) and Bergman's vivacity combine to make this act one of the artistic gems on the stage today. Eighteen minutes, in full stage, with many bows.

No. 9.—Al Herman, a combination of Henry Wong and Helen, received a reception on his entrance. He has a knack of putting his material over that is hard to get across, and in this way he is a very funny. A song, "In My Sister's House You Stay, and you stay in the house," is a very funny. He sang his usual songs, and he sang a half dozen new ones.

No. 10.—Paul Stator, presenting the Ford Opera of 1914, held all the first night's show here. With its six acts, and its stage pictures are handled in the extreme.—ELEPHANT.

National War Savings Day June 28th

That's the day we sign up.

That's the day we tell Uncle Sam just how hard we want to win this war. That's the day our government has officially set for us to purchase War Savings Stamps.

On June 28th every man, woman and child in the United States will be called upon to pledge his or her full quota of War Savings Stamp purchases for 1918.

You will be expected to pledge the full amount that you can afford—no more—but by the same token, no less.

In every state, county, city, town and village the War Savings Committees are preparing for this big patriotic rally of June 28th. Unless you have already bought War Savings Stamps to the \$1,000 limit, get busy with paper and pencil and figure out the utmost you can do.

Remember this. You take no chances when you go the limit on War Savings Stamps. They are the best and safest investment in the world.

They pay you 4% interest compounded quarterly. They can't go below par. You can get back every dollar you put into War Savings Stamps any time you need it. You can turn them in at the Post Office any time for their full value plus interest.

Uncle Sam is asking hundreds of thousands of men to give their lives to their country. He is asking you only to lend your money.

What are you lending?

CARNIVAL CARAVANS
BY ALI BABA

Dear Friend (All):
When carnival season is at its height, millions of people flock to the carnivals and circuses and are well pleased to see them. It is a good thing for the people and for the country.

(The Circus's Labor Union)
I am sorry to have to tell you that the circus is a laboring industry. The circus men are not happy and are not well paid. It is a pity that the circus men are not better paid and are not better treated.

He has since been in the production of the motion picture business, which produced the motion picture in which appeared in the country of the name of the late George Fitzmaurice, 20.

Some recently had been completed for the studios in Washington, D. C., of the Motion Picture Production Company, which will be the name of the new organization.

Just Returned From Porto Rico and Santo Domingo

ON THE STEAMSHIP COAST

Phenomenal success attended all my efforts. Will return on first available steamer. My Amusement Company is now in full operation in San Juan, Porto Rico, under the management of Jack Brandon during my absence. Business being done is beyond all expectations. The new Porto Rican Cantonment just opened with 25,000 soldiers. Seven days and seven nights a week play. WANTS Shows, Concessions and Riding Devices of all kinds; nothing is too high or too good for the entertainment of these people. Will furnish 50 per cent of the capital and will go in on a 50-50 basis with any showman that can produce the goods and knows what getting big money means. Skill games are mopping up coin in a manner that is hardly believable, and want plenty more. Man with a Whip can pay for it in three weeks in this territory. Mechanical House, Pit Shows, Platform Shows, get in on this if you can deliver the goods. It is from now on a twelve months in the year proposition for first-class, money-getting showmen. Would like to hear from all the boys at the Beaches that are running on an uncertainty. Address, write, wire or call

FREEMAN BERNSTEIN, Putnam Building, 1483 Broadway, New York City, N. Y.

P. S.—The boys that I advanced a few hundred dollars can come back and get a few more dollars if they need it. Those that did not show up at the steamer are the losers.

APPALLING DISASTER BEFALLS SHOW FOLK

HAGERBECK-WALLACE TRAIN IN COLLISION

SCORES KILLED AND INJURED

FIRE ADDS TO HORROR

EMPTY TROOP TRAIN RUNNING AT HIGH SPEED CUTS THRU

Crashes on Rear of Show Train Entering Station—No Attention Paid to Warning Signals by Engineer of Troop Train

Scores lives demonstrated there have been little service and serious deficiencies in all departments of the railroad system were world, but never in the annals of anyone, national, nor all branches of the State, has there ever been such a catastrophe, involving thousands and thousands of lives, as that which befell the unfortunate show-train of the Hagerbeck-Wallace Circus only last Saturday morning just as the train was passing the City, Ind., en route from Michigan City to Hammond, the next station. Just as the first streak of morning light was appearing thru the thick of night, when all was sound asleep in their beds, the million heads of sleepers awoke and "with life whiled back he reaped the harvest laid in a breath, and the horror that grew between."

The first arrival of the circus party got away all right, and the second group was just no the outskirts of Gary, Ind., when a loud horn was discharged. The motion was stopped and young trainmen went into the track and set up red and blue signals. Despite their warnings all empty passenger seats came along with the red and blue signals, and were completely safe for circus company passengers. The train, with the sleeping show-folk, did not see the signals until the motion of the terrible disaster that smothered them. Only then it was professional brethren and others were either killed live mangled or injured to death in the few which remained immediately beside and covered the wrecked motion, while nearly the entire motion of the train of a more or less serious nature.

There seems to be absolutely no doubt as to what caused the frightful calamity. Each official and employee of the road agreed that the engineer must either have been asleep at his throttle on the 7 1/2 hour stretch, or his heavy loads of long railroad cars

crashed into the waiting circus train. This supposition is borne out by the statement of a flag man at Gary, who stated he carried to see the troop train stop by which all danger signals ahead were set properly. He threw his lantern into the engine cut in an effort to attract the engineer's attention, but without effect. Also by the statement of the brakeman at Frankton, a suburb of Gary, who witnessed the entire wreck. Less than a couple of days after the circus train set to look after his but has he says it was off the main line at the Michigan Central to the Gary & Western, at that point would have been closer to the lot at Hammond, and he noticed that the block signal had been properly set, and that the two block signal had not been cleared by the circus train as it crawled off the main line to the side line, when the troop train was eight or nine miles behind, all the signals. It was traveling very fast and had not the circus train been there the troop train would not have been able to stop for the block signal and would have run into the wreck. This entire motion, which should have been cleared and headed by the troop engineer, was more than a mile and a half out of the spot where the crash came. By that it is evident he ran past the red and blue signals, which were set up on the main line.

The general passenger agent of the Michigan Central also admits the gross error of the troop train was to blame for the accident. He points that he himself all the usual danger signals placed out by the circus train men to guard their train against accidents. He states the engineer ran past two red signals, two red light signals and the usual number of long placed blue signals, when there are neither red flag visible a few minutes and very pronounced in the darkness. It is his opinion the troop crew suspect they were taken suddenly ill, as from the fact that he blew his whistle for the motion at Gary but two minutes before he could hardly have been asleep. This official further states that the Hagerbeck-Wallace train of last Saturday morning was the worst in the history of the road. The engineer was not probably about an hour or two off his feet on the way as they returned to

many years. The engineer in charge of the empty passenger train, according to the general passenger agent, had been in the vicinity of the road for many years and was one of the most trusted employees.

Immediately after the wreck, and during the great excitement surrounding it, both the engineer and his train would avoid their engine, and, as far as the officials and other railroad employees were aware, they were the only occupants of the troop train, to which the terrible crash and loss of human life did not comparatively little of its damage.

Less than an afternoon the engineer was apprehended at his home in Jackson, Mich., where he had fled after the accident. He was arrested upon a charge of manslaughter and breach of way to obstruct the pathway of the circus train. The train, was also found at his home in Michigan City, and he, too, was arrested and placed under bond.

According to the best information obtainable, the number of dead and missing total 51, while the number of injured will probably reach 150. It is less Monday afternoon at least had been removed from the wreck, and according to Mr. Schultz, all of the employees are still missing, and are supposed to have been discovered by the sea which commenced the sea.

Most of the missing and a majority of the unidentified dead are working men. Practically all of the staff and performance have been accounted for.

PRODUCERS IN QUANDARY

Trying to Figure Status of Traveling Road Shows—
Many Prominent Touring Companies
May Be Shelved This Season

SITUATION DEVELOPS ALARMING POSSIBILITIES

But Few Contracts Issued—Draft, Increase in Rates
and Work or Fight Order Bring About
Chaotic Conditions

New York, June 22.—An unprecedented state of affairs has been found by an investigator to exist today regarding the activities of managers and producers of big road shows. It has been learned that many prominent touring companies may be shelved this year. Some of the reasons for this are: (1) The fact that many of the producers have failed to issue contracts for their annual work, have been stalled on some points or other until the situation has developed alarming possibilities.

Some managers claim that at present there is no solution to the problem in amount of the draft. They say that they may have contracts in certain instances, the show may be off or at the end of a good business, but that as only some of the contracts may be taken away, and the rest left uncollected without draft.

Others claim that an amount of the increase in national value is what is needed to carry as large a company as ever before, and if the amount is reduced there will be an end to it. It being pointed out that the value of the country has been reduced to a great extent in New York, and so on as the quality is reduced the result will be a disaster for the producers. Managers frankly admit that the practical solution is today that of shortening the season of the metropolitan theaters.

They claim the work or fight order has worked havoc with producers' business. While some companies are making good on the ruling, it is probable that many of the small shows will be closed as a result.

Some believe perhaps in the history of Broadway have developed a chaotic situation and some have been so.

The managers and producers fully realize that we are in a war, and that it is in their middle class. In fact, some and other sides now in view is realizing that they are going to fight the interests of our Government, but they cannot agree on how

they can conduct their business on the road.

It is understood that some of the prominent people interested are going to ask for a ruling as to the exact status of traveling road shows.

Theater Building Must Stop

New York, June 22.—The Government claims to check theater building during the period of the war. The argument is that some theaters at the time are unnecessary and that the capital, labor and material going into these might serve a warlike purpose. The ruling is that with necessary other suits against theaters.

EVER since the case of some theaters has been the subject of discussion the theaters are being asked to suspend operations until further notice, and the request really amounts to a demand.

Many theater managers agree that while the order is promulgated by the government it will also help the theater business, as many theaters already are in a state of suspension, and it is to make this possible.

CIRCUIT OF SHORT JUMPS

Believed by Managers To Be Solution of Difficulties Brought About by Increase in Transportation Charges

ELABORATING ON NEIGHBORHOOD THEATER IDEA

To Employ Acts Profitably and Consecutively—New Development May Witness Absorption of Smaller Circuits

Chicago, June 28.—A great strengthening of the neighborhood theater idea, with less-to-less interurban connections, is now being worked out by the major managers and owners of the circuit as the opening of the new season. It is believed that a stabilized circuit of very short jumps, which can be made easily by street cars within a few hours, is the only practical solution of the major economic difficulties encountered by railroad transportation increased charges.

While chronic the Western Yachtmen Managers' Assn. have always made it a point to gather in an early house at possible to increase the strength of the house and city in which it is located have covered more than the clearance of tickets in the district, houses out of transportation was a comparatively small loss, but now it is assumed that it will be not only impossible to induce acts in such long jumps within ordinary limitations that would make these engagements profitable to large management.

While recent years the neighborhood theater program has been built up to a great extent in Chicago, but rivalry of circuit made it impossible for any one circuit to get anything like general control. Between now and fall strategic plans will be laid on the part of larger circuits to acquire small ones for better management, especially, so that the chain of city and interurban theaters will be broken, admitting of transferring of acts from one theater to another at a minimum of expense.

The Martin Beck scenario are prepared not only in galaxy in all scheduled houses that may be open in a "day," but also to build new expansion houses wherever necessary. The movement out of building does not mean these large operations, because they feel

George Peck Looks Forward to a Big Season and Refuses to See Any "Glooms" During Business Hours

TELLS OF AMERICAN CIRCUIT IMPROVEMENTS

Believes Circuit Will Be Much Stronger This Season, With Good Territory and Up-to-date Houses

New York, June 10.—George Peck, King of the Burlesque Troupe as staged on the circuit as Circuit, in one of the best comedies in New York last year, declares he has no glooms about the burlesque season but looking at almost two years ahead, sees the road for a season and will make an effort to make some changes.

His hope so far is to avoid that old saw in the winter months, he wishes that Mr. Peck had not been so successful in New York, but he is not going to let this be a hindrance to his work. He is going to do his best to make his season as strong as possible, and he is going to do his best to make his season as strong as possible, and he is going to do his best to make his season as strong as possible.

Mr. Peck is not worrying over anything else, except the condition of the circuit. He says that he is going to do his best to make his season as strong as possible, and he is going to do his best to make his season as strong as possible, and he is going to do his best to make his season as strong as possible.

It is a matter of fact that the burlesque circuit is going to be much stronger this season than it has been in the past, and it will be a matter of fact that the burlesque circuit is going to be much stronger this season than it has been in the past.

ON ACCOUNT OF THE WAR

That's the only reason we can offer for the delay in issuing our 1918 catalogue. Conditions were so uncertain and prices have been changing so frequently that we decided to wait until we could give you a catalogue with prices that could be depended upon to a measurable degree. If an occasion dictates we may issue it before.

1918 CATALOGUE WILL BE OUT JULY 1

Send us your address for that week and we'll send you a copy.

DON'T WAIT

Select your orders for the "Fourth" from our 1917 book if you haven't a copy we'll send you one, and we guarantee to fill them at the lowest price. Express serving is especially slow—get busy or you may be disappointed, and that's the worst to send your address for first week in July.

Every Hand in the Land!

Every Hand a Saving Hand

Every Hand a Helping Hand

Lend Your Quarters to Uncle Sam

Every One of Us Must Save Here for Victory "Over There"

EVERY one must lend some money to the Government. And every one can lend some, if only a little. No matter how slim our purse or how small our earnings, each and every one of us can spare a little for our Government if we practice a little thrift.

By investing in WAR SAVINGS STAMPS the person with only a few cents to spare can do his or her share as well and as nobly as the man with a million to invest. Remember, the Government does not ask you to give your money, but to lend it at interest. You make it work not only for those "over there" but also for you here, no matter how much or little it may be.

You may purchase WAR SAVINGS THRIFT STAMPS by paying the small amount of 25 cents at a time. Sixteen Thrift Stamps plus a few cents in cash are exchangeable for a Five Dollar WAR SAVINGS STAMP.

The Five Dollar Stamps cost from \$4.16 to

\$4.23 each, according to the time purchased, and will be redeemed on January 1st, 1923, at \$5.00 each.

The Stamps will be sold during May, 1918, at \$4.16 each, and the price will increase one cent a month during 1918.

At the average 1918 selling price, WAR SAVINGS STAMPS will yield you on the redemption date four per cent interest compounded quarterly. In case of necessity they may be redeemed before January 1, 1923, with about three per cent interest.

The investment is the soundest on earth. The entire wealth and security of the United States is back of them.

WAR SAVINGS STAMPS are as easy to buy as postage stamps. They are sold at post offices, banks or trust companies, many railway stations, stores, factories, agencies and other public places.

Let's All Invest and Help—Every Hand in the Land.

THIS LIST IS THE MEDIUM

that brings performers and independent managers together. It is your booking agent, and works absolutely without cost, excepting the time spent in sending the proper data to insure the theater being listed in these columns. The Billboard keeps the list as nearly correct as it is possible to do, and performers and managers are requested to send in corrections as occasions arise. Forty-one of the United States are represented in this list at present, and four of the Canadian provinces. Your aid in adding new houses to the list, and in keeping it corrected up to date, will be appreciated. It is of incalculable value to all concerned.

N. A. M. P. L. WITHDRAWS FROM MOTION PICTURE EXPOSITION

**'Decides Conditions in General Due to War Make
Such an Event Inadvisable—Exhibitors'
League May Conduct Ex-
position Independently**

New York, June 25.—There seems to be quite a difference of opinion between the National Association of Moving Picture Exhibitors and representatives of the Motion Picture Exhibitors' League as to the advisability of holding the annual exposition of the National Association of Moving Picture Exhibitors in the summer in Boston during the week of July 1 to 12.

After an extensive session, which lasted several hours, June 24, William Boyd, president of the exposition, and the Motion Picture Exhibitors' League discussed the pros and cons of the exhibition at length. It was decided that the board will, with the concurrence of the National Association of Moving Picture Exhibitors, conduct the exhibition in the summer of 1918, but it was made it upon the condition that the exhibitors of the exposition should participate in the same. The decision to abandon the project of the exposition for this year came after a vote of 10 to 8.

The exhibition committee, whether or not to hold the exposition, was first brought up to a vote, and the exhibition committee to hold a conference with the exhibitors of the National Association of Moving Picture Exhibitors and the exhibitors of the National Association of Moving Picture Exhibitors.

This proposition was adopted by a large majority, and it was decided to hold the exhibition in the summer of 1918, but it was made it upon the condition that the exhibitors of the exposition should participate in the same. The decision to abandon the project of the exposition for this year came after a vote of 10 to 8.

After the crash of the balloon had died away, and the rescued had naturally following with death-dealing and destructive catastrophe had given away to a host some of the horror of the affair, the men that sat the top of the balloon was drinking. Some days living memory were really weakened out of their sleep by the sound of the grating and squeaking of the aer and steel, and then came the stream of such and grating groans of the hapless victims caught under the twisted iron and splintered debris of the storm trails and the heavy overcasting soap lines. Glad to find the assistance of the citizens' efforts and immediately began to remove them from underneath the wreckage. But before they could get the heaviest twisted situation of the way the debris took form and they had to stand by helplessly and hear to the pitiful shrieks of those pinned in the wreck. Several men began to give their suffering fellow beings. "I add to the horror of the scene there was a voice to be heard, on the few employees of the circus who were up at the top, and the high-pitched, shrill scream, together with the lead victims' voice, compelled to see their children, friends and comrades, who had escaped death from the outbreak, back to earth before their eyes. In less than that that it takes to utter the name of the man was a miracle of saving human

also cut. Upon recognizing that the picture was taken, a man in a suit to have shown his back into the air of the story, took a lot, desperate endeavor in a distant direction, but all in vain.

Authorities are of the opinion that the explosion of the large tank, F. Baggett, who escaped from the danger probably entirely and most probably when the tank was full of air. The explosion was the result of the explosion of the tank, which at the last moment, escaping with some persons.

COMPLICATIONS DIFFICULT

Great difficulty was experienced in carrying out the removal of the disaster. The recovery of the single victim members of the circus' higher management was not comparing into, of those at the various hospitals with the complete almost total in order to ascertain the names of the missing who could be listed as dead. Before eight last Saturday at 10:30, a doctor began recognition, when taken from the exploding tank, and some of the hospitalized victims. Rescuers were made to have all the wounded removed so that they could not be listed with the dead.

Comparatively few performances were scheduled at about five per cent of the circus' total performance were among the dead, most of the victims being among the working crew. The number in which these were annihilated, was shown by the fact that not more than 100 "hard" workers were observed. Among the victims who remained were many colored negroes.

HEAVY DEATHS

Over 200 people were taken away by members of the circus' personnel, who, the Chesapeake National Guard and temporarily slight their own activities in their endeavor to relieve the suffering of others. Among these were Jack Kelly, the star, an actor, who, the suffering from cerebral lesions, immediately cut about attacking other lives and relinquishing his death. Also Todd, of the Flying Tenth, the severely injured, violently endeavored to assist his wife, Jennie, when she brought in the theory Hospital. Day, in a dying condition, the Lindstrom, of the same act, father of Mrs. Todd, refused to leave the scene of the disaster, but he suffered from severe internal injuries, and he succumbed to the fate of others in the lot.

A provident passerby was revealed in the fact that the circus, whose daily work consisted in producing manufactured electricity, was among the performers, made, visibly affected by the explosion. With barely an exception, the picture was seen by

CHARGE IN SUPERVISED SECURITY of the more sophisticated and hounding hordes of his circus acts. Those who had been rescued were instantly taken care of by the hospital, who telephoned to nearby troops for ambulances, warm, blankets and blankets, as of the time the first aid arrived. Then, after a measure of about 100 miles, the wreck was a complete mass of iron and twisted steel, arranged in a circle, forming a wall, the perimeters of whose lower ends were the dead

A VOLUNTEER NURSE

Most of the more injured at the Mercy Hospital, Gary, were directed to in a ward at the first floor by Mrs. Ward S. Finch, 117 N. Centre avenue, Chicago, an organizer for the Delphian Educational Society, who, as done as the head of the Greater, well-known bar services to Mayor Rodgers of Gary.

"When I heard about the I thought I could be my assistance was a white" was the way in which she explained her action to a reporter. The kindergarten student at the hospital, shortly mentioned, appreciated the work of Mrs. Nichols, who did anything possible to ease the injured without passing for a moment's rest beyond the collar gate.

EXACT LOCATION

The wreck occurred near Bay Street and Ninth streets, Gary, Indiana, about two miles northwest of Gary, Ind., at about 4 a.m. Saturday, May 15, P. reports erroneously give the location as Indiana, Ind.

CAUSE

The second section of the circus train, headed by West-Thomas, Ind., where the circus was scheduled to arrive Sunday, stopped just east of the 15th & E. crossing between a 100 ft. An empty show train, made up of steel platform, was a short distance behind it, also fully loaded. The circus train crashed into the fire sleeping coaches of the circus train. Comparatively few were killed outright, but the circus train appears here in some buildings the cause of the explosion. BLEASING ENGINEER The circus train crew came agitated in the way with warning manufacturers as soon as the train came to a stop. The witnesses said to have been taken a break on the tracks, but they were not needed. Two block signals
