

The filtered Elkay EZH2O surface mount, chilled bottle refill station is distinguished by its robust and compact space-saving design.

The unit quickly delivers a clean water bottle fill whilst enhancing sustainability by reducing the user's dependency on disposable plastic bottles. The filtered Elkay EZH2O Hands free bottle refill outlet features sanitary no-touch sensor activation with an automatic 20-second shut-off time, while the built-in Green Ticker counts the quantity of bottles saved from waste.

Product features

- Sanitary no-touch auto sensor activation
- Filtered and refrigerated water
- Quick fill rate
- WaterSentry Plus filtration with visual LED filter replacement monitor
- Up to five year warranty*
- WaterMark™ certified

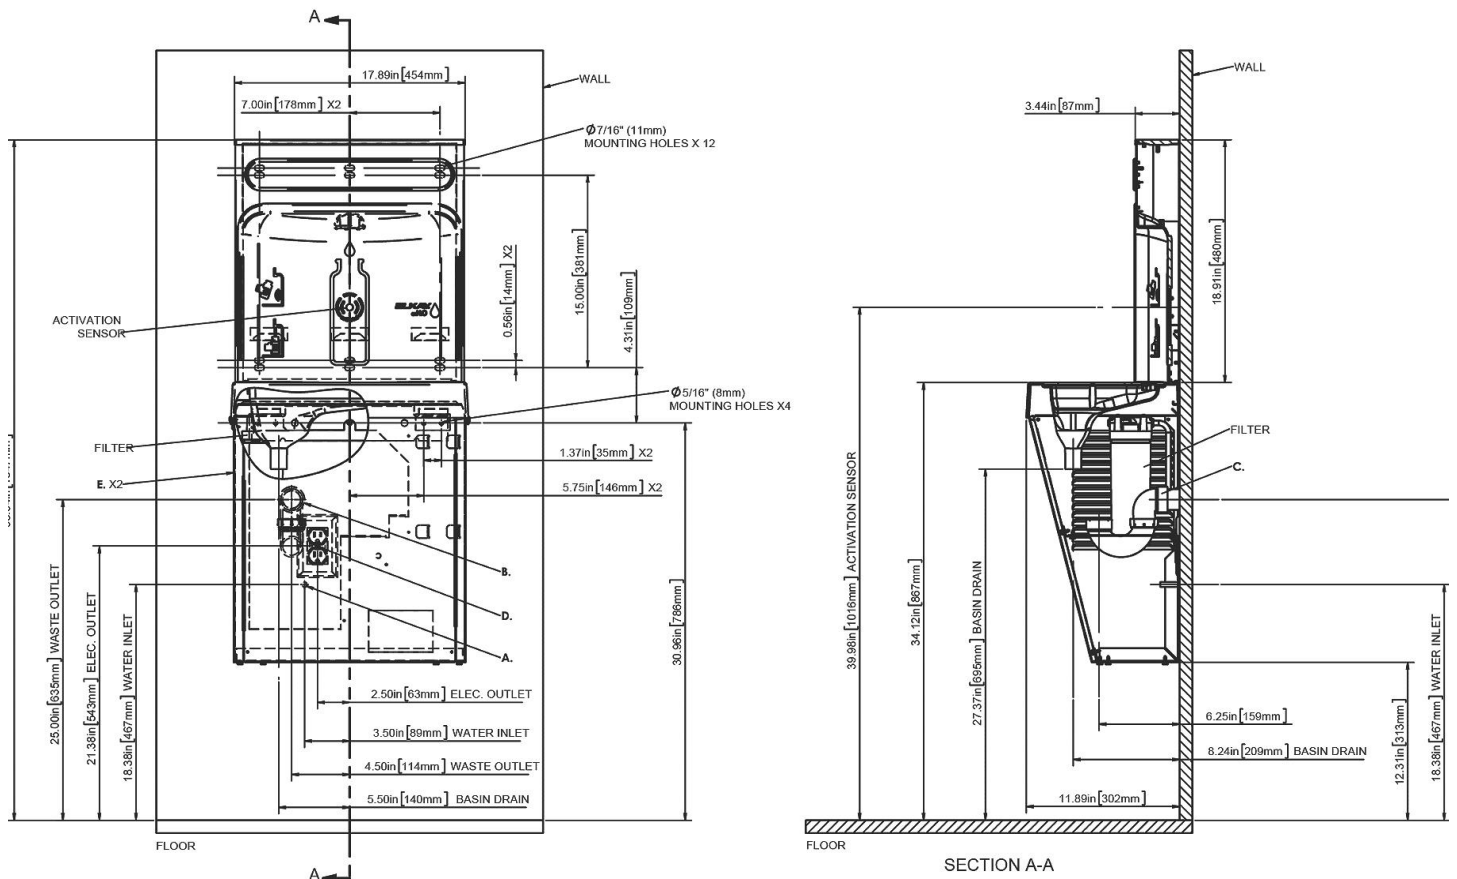

WaterMark Certified (Certificate number: 023305)

The WaterMark Certification Scheme (Scheme) is a mandatory certification scheme for plumbing and drainage products to ensure they are fit for purpose and appropriately authorised for use in plumbing and drainage installations.
