Mondopad™

Now with 2.0!

In-room and remote visual collaboration made easy

InFocus Mondopad elegantly blends video calling, whiteboarding and more into one giant touchscreen PC for efficient face-to-face collaboration with people in any location.

Bridge communication gaps, strengthen teams, capture and share information, and save time and money. You'll never want to meet without it.

Generate, share and capture ideas

Bring teams together instantly from anywhere in the world

Get more done in less time with less cost and no travel

Captivate and collaborate with attendees in and out of the room

80-inch

70-inch

57-inch

Key Features

- Big, bright 1080p touch display everyone in the room can see
- Native HD video calling and data sharing that's crystal clear
- Interactive whiteboard and on-screen annotation
- BYOD-friendly to connect and share with any device
- Built on a fast and flexible i7-based Windows PC
- Wireless keyboard and mouse included

Save time with one easy-to-use and -manage system. Start meetings right away with one device that is always on and ready for presenting, video conferencing, whiteboarding and annotation.

Save money by bringing people together anytime without expensive and time-consuming travel while still achieving the benefits of face-to-face interaction. See and hear personal intangibles, such as facial expressions and body language – making the sharing of ideas and collaboration more effective.

Captivate audiences in the room and around the world – with a bright HD multi-touch display that's so big everyone in the room can see it, and an adjustable HD camera and mic array that accurately captures the sights and sounds of the room.

“[Mondopad] has enhanced audio and video calling capabilities compared with SIP/H.323 conferencing systems costing five times as much.”

Dan Odom, instructional technology lead at Brenau University

“There is no doubt in our minds that businesses and educators could benefit greatly from a device like the Mondopad.”

DigitalTrends

See faces and content side by side with **dual-stream** video conferencing capabilities. You can even split them onto a **second touch display** – where one display shows participants' faces while the other shows content.

Video Connect to the World

Instantly **bring people together** from anywhere in the world to visually collaborate on the same content and do better work in less time.

InFocus video calling service is included for the first year, so you can **make and receive video calls right away** – or add your own video conferencing client onto Mondopad like on any other PC.

Have **instant 4-way conversations** on a Mondopad when you upgrade to InFocus 121 Premium video calling service. **New!**

Bring up to 25 people together with an InFocus ConX Video Meeting room they can enter from a PC, Mac, tablet or smartphone.

Bring Your Own Device

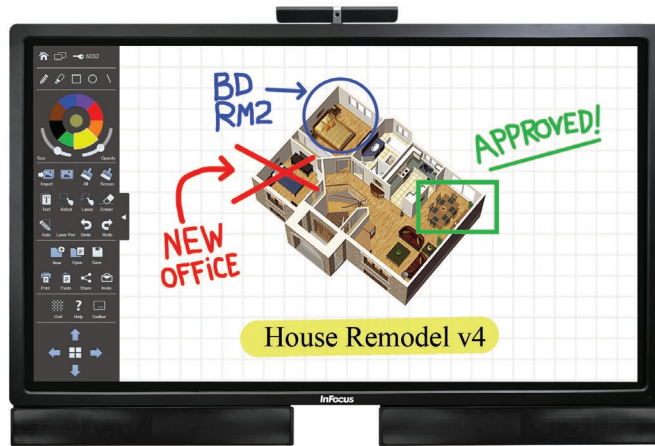

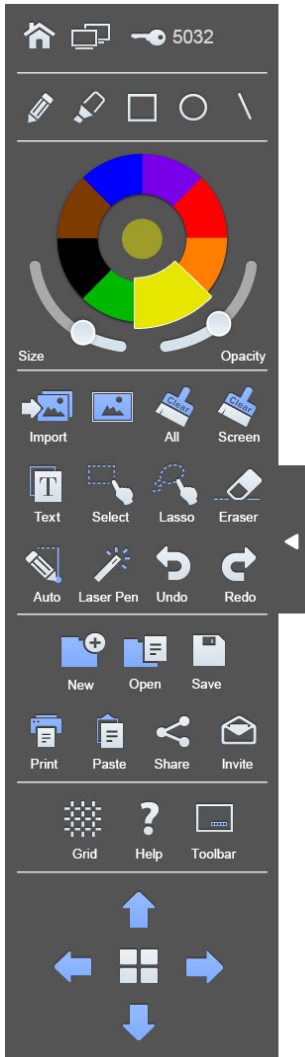

Participants can securely connect and share content with Mondopad from PCs, Macs, tablets or smartphones – making meetings more collaborative, productive and sustainable.

- Cast your device's screen to the Mondopad **New!**
- Control the Mondopad, such as advancing slides, web browsing or annotating, with your device from anywhere in the room
- See what's being presented on the Mondopad from your device
- People can also video-call your Mondopad from a PC, Mac, tablet or smartphone

Wide-angle HD camera and noise-cancelling microphone array accurately capture the sights and sounds of the room.

Speaker bars deliver clear voices and powerful multimedia to the whole room.

“You can underline, circle, cross out, tick, highlight and erase. And then save it all and/or email it. It’s brilliant.”
Gearburn.com

Whiteboard

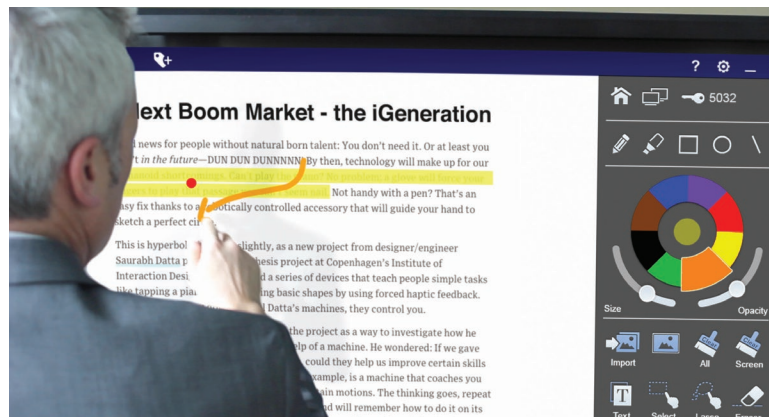

Stop taking pictures of your stained, old-fashioned whiteboard and step up to the digital Mondopad. Brainstorm, capture and share your ideas on an interactive whiteboard without borders or barriers.

- A complete collection of digital pens, highlighters, shapes and lines in a spectrum of colors is at your fingertips
- Create a whiteboard on a canvas of up to 100 display screens in size
- Auto-shape the circles, squares and lines you draw for instant professionalism **New!**
- Paste backgrounds and images onto a whiteboard or wallpaper the entire canvas
- Collect, save and email info captured on the whiteboard right from the Mondopad
- Up to five people can draw at the same time

Annotation

Never lose an idea. Quickly and easily take notes on anything you’re presenting and then save the changes.

- Use the same whiteboard tools to mark-up whatever you’re presenting
 - Presentations, spreadsheets, images, etc.
 - Web pages
 - Videos **New!**
- Save your notes as an image and email it directly from the Mondopad

“With the unique ability of the Mondopad to draw and annotate, our personnel in their respective classrooms can see anything the instructor is talking about.”

Mike Heimbecker, Fire Inspector, Addison Fire Protection District
