

Buyers' Guide

Web Based and Proprietary Client
Devices Framework (SP-19-013)

We are XMA

Our purpose is simple. To deliver IT solutions which enable customers to evolve and transform the way they work.

As a supplier on Scottish Government national frameworks, we fully understand and embrace current initiatives to drive digital transformation to help deliver economic growth, improve public services and prepare young learners for the future workplace. We have helped many public and private sector organisations across Scotland on their digital transformational journey, delivering agile solutions with best in class technology providers.

As a sole supplier for a number of years across a trio of major national frameworks in Scotland, we demonstrate a proven ability to deliver cost effective IT solutions, underpinned by an established service and delivery model.

SHOP.XMA.CO.UK

About the framework

XMA has been awarded the Scottish Government National Framework Agreement for Web Based and Proprietary Client Devices (SP-19-013) with a live start date of 30th November 2019. The framework enables schools, colleges, universities and all public sector bodies in Scotland to purchase web based and proprietary client devices, accessories and services.

Buyers are reminded of the obligations contained in the Procurement Reform (Scotland) Act 2014 in relation to the award of contracts valued equal to or greater than £50,000 including those awarded as a result of a framework call-off/mini competition.

In particular, Buyers should note that in accordance with Section 23(2) the award of contracts must be publicised on the Public Contracts Scotland website and in accordance with Section 35 contracts must be registered in the contracting authority's "contracts register".

As an existing supplier on Scottish Government national frameworks, we understand and embrace

current initiatives to drive digital transformation to help deliver economic growth, improve public services and prepare young learners for the future workplace.

In this buyers guide, you will find interactive links to give you more information about products, upgrade options and accessories, and to take you to the XMA Scotland Webpage, where the framework documents can be found.

You can contact any of the XMA framework account team to discuss your requirements and find out how we can help.

Confidentiality

The Buyers Guide contains commercially sensitive information and should not be copied and shared with any third party unless prior agreement is provided from Scottish Procurement. All pricing includes delivery and excludes VAT.

Framework Agreement

Everyone at XMA is very proud to have been awarded the contract to fulfil this Framework Agreement for the Scottish Government.

The key aims of the Framework Agreement are to:

- Deliver a range of best in class, future proofed devices and services on a call-off basis, ensuring value for money throughout the term of the Framework Agreement;
- Include flexibility to introduce new technology through a process of continuous improvement during the term of the Framework Agreement;
- Increase the uptake of eProcurement and expand eProcurement capability, through the adoption of cXML ordering and invoicing, resulting in increased transactional efficiencies for buyer and supplier;
- Maintain a standard of Cyber Resilience including accreditation to Cyber Essentials Plus or equivalent standards;
- Provide the same level of service to all Framework Public Bodies, regardless of their size or geographical location

The following core products are within the scope of this Framework:

Web Based Devices

- 11.6" Mobile Device Optimised for Web Based Computing (Chromebooks)
- 14" Mobile Device Optimised for Web Based Computing (Chromebooks)

Proprietary Devices

- A range of fixed, mobile and tablet computers based on two proprietary operating systems (from Apple and from Microsoft)

Thin Client Devices

- A range of thin client, manufacturers, devices and technologies

A range of Open Source Tablet Devices

- The products and services available through the framework will continuously develop and expand. You can find details of the core products within this buyers guide, with links to find the full range, available now, at shop.xma.co.uk

Framework Team

Framework Account Managers

For advice on which of the framework devices is best for your institution, speak to our Framework Account Managers. This team can also provide help on any accessories and services that you require to go alongside them.

XMA is the UK's number one Google Premier Partner for Education

We are currently the largest reseller of Google into education in the UK. We have been a Google Partner since 2014. During 2015 we reached and have maintained Premier Partner Status in Education.

As organisations move to the cloud, migrating to Office 365 and G Suite as a platform, we have seen Chrome devices grow in Education, Health and Public Sector. Investment in Virtual Desktop Infrastructure drives the desire for businesses to mobilise the workforce. We have the expertise and accreditations to provide the knowledge and advice on best practices to ensure successful deployments.

Whatever vertical market our customers are from, we work in collaboration with Google to take the following approach:

- Technical workshop
- Senior leadership engagement and commitment
- Infrastructure consideration
- Pilot devices with deployment support
- Technical and end user training
- Ongoing support

Following Google best practice has led us to providing over 140,000 devices in the last 5 years across UK markets, including more than 50,000 into Scotland through the Framework, allowing us the opportunity to deliver best value by making all the resources mentioned above available to framework customers.

You can find a selection of HP Chromebooks in this document and many more upgrade options and accessories at shop.xma.co.uk

Apple Solution Expert

XMA are the biggest reseller of Apple into education in the UK. We have amassed a huge amount of experience which we are able to share whilst working in partnership with framework customers.

Through XMA's status as an Apple Solutions Expert, we are able to work directly with Apple to ensure the best value to customers from deployments and associated ecosystems.

Whatever vertical market our customers are from, we work in collaboration with Apple to take the following approach:

This includes everything from access to Apple systems engineers providing guidance with the technical elements of deployment, to assistance with professional development and training for staff (which can be completely funded by Apple for Educational Institutions), to guidance and assistance with Apple Device Enrolment and MDM solutions.

Apple Solution Expert is an essential element of being able to provide best pricing through a compliant supply chain, and to be able to deliver Apple Professional Learning (APL), the training plan associated with using Apple devices and ecosystems.

Microsoft Approved Device Reseller

With our Microsoft Partner status, XMA is offering the best upfront discount levels for framework customers.

Over and above this, by working with XMA and Microsoft to deliver solutions, framework customers can access the Microsoft End Customer Investment Funds (ECIF) programme, which gives access to funding from Microsoft to assist with all elements of a Microsoft Surface deployment, including:

- Proof of concept and loan devices.
- Pilot deployment and technical assistance.
- Application development.
- Training and adoption.
- Surface "Lighthouse" status (for strategic partnerships with Microsoft).

The ECIF programme helps to offer affordability to decisions around workspace transformation.

Open Source Tablet Devices

XMA are pleased to announce the inclusion of the Samsung Android tablet range to the Web and Proprietary Devices Framework Agreement.

Samsung offer the most secure Android platform and the proactive relationship with the major MDM providers gives confidence on deployment and management of the devices.

XMA can offer the assurance that devices purchased through the Scottish Government Framework will offer the ability to make full use of the Samsung Knox Solution for security, mobile management, device customisation, and workspace productivity. The range of devices is wide to meet all business use cases and the 2 year warranty offers peace of mind - Samsung have the lowest return rate of any manufacturer. There is also support for Microsoft Office 365, CISCO, SAP, Citrix, and many more apps available through Google Play...

Warranty

XMA Framework Warranty Cover

Every device offered on the framework includes a collect and return warranty, managed by XMA.

That means if something goes wrong that we can't help you with over the phone, we will arrange to have the device collected, repaired and returned to you.

If a problem develops with any device purchased through the framework, call our help desk on the number below. We may ask you to perform some basic troubleshooting that could get you back up and running immediately, but you should have the following information to hand:

- Serial number of the faulty unit
- Location of the faulty unit
- Description of the fault
- Contact Details

Call: 01727 201 850 **Monday to Friday:** 08.00 - 18.00

Visit: www.xma.co.uk/hardwaresupport

If you prefer to e-mail us with details of the problem, use the address below:

Email: hardwaresupport@xma.co.uk

These details should also be used to report any devices that are Dead On Arrival (DOA) i.e. they do not function as expected out of the box, within 30 days of delivery.

Warranty Cover

What is covered by standard warranty?

- Any hardware failure or defect under conditions of normal use during the 1 year life of the limited warranty
- A battery which has depleted to less than 50% of its capacity
- Any manufacturer options or accessories sold as standard at the original point of sale and which are specifically designed and authorized for the device under cover

What is not covered by warranty?

- A battery that has a reduced capacity but still holding more than 50% of its charge
- Damage to the machine or lack of functionality caused by fluid or accidental damage
- Cosmetic damage
- Software and applications other than where exclusively supported by the manufacturer under their standard warranty
- Defective media retention – an enhanced warranty service is offered for institutions that require to maintain device storage or have it securely destroyed

Ensure you have the most up-to-date framework buyer's guide by visiting the framework portal at:

www.xma.co.uk/scotland

If you have any questions relating to the framework contact us via any of the framework team.
