## **Biomedical Engineering**

**Bioinstrumentation** 

(SEMESTER-BY-SEMESTER CURRICULUM DISPLAY) Effective Semester: 7/2009

Current:X Proposed:

DEGREE TITLE: B. S. in Biomedical Engineering CONCENTRATION TITLE: N/A CURRENT DEGREE KEY: 14BME097

Minimum Total Credit Hours Required for Graduation 127-128<sup>I,J,I</sup>

## Major/Program requirements and footnotes:

<sup>1</sup>Choose from EC 201 or 205, or ARE 201.
<sup>2</sup>Choose from an appropriate sequence of electives. These must include at least 15 hours of engineering topics.
<u>No specific emphasis</u>: Students will work out a plan of study with their advisor that includes at least two 300- or 400-level BME electives to demonstrate an area of depth. One course can be an appropriate non-engineering course.
<u>BIO encehanics</u>: (A) MAE 214 or CE 313: Solid Mechanics; (B) MAE 303 or CE 332: Fluid Mechanics; (E) AME 542: Elective or appropriate course altered to the emphasis areas. There must be a sequence of at least three related upper-level BME electives to demonstrate an area of depth. One course can be an appropriate non-engineering course.
<u>BIO mechanics</u>: (A) MAE 214 or CE 313: Solid Mechanics; (B) MAE 303 or CE 332: Fluid Mechanics; (E) AME 541: Biomechanicate; (E) AME 541: Biomechanicate; (E) AME 541: Biomechanicate; (E) AME 541: Biomechanicate; (E) AME 541: Diomechanicate; (E) AME 541: Diomechanicate; (E) AME 541: Biomechanicate; (E) junior year

junior year. Biomedical Instrumentation: (A) Any BME elective or appropriate course approved by the student's advisor; (B) BME 422: Fundamentals of Biomedical Instrumentation; (C) BME 412: Biomedical Signal Processing; (D) BME 425: Bioelectricity; (E) and (F) Take two from BME 480: Biomedical Microcontroller Applications; ECE 308: Elements of Control Systems; ECE 436: Digital Control Systems; ECE 455: Computer Control of Robots; ECE 456: Mechatronics; ECE 561: Embedded Systems; and BME 522: Medical Instrumentation. Students following this emphasis area may choose to take a GEP course in the fall semester of the junior year and BME Elective A in the spring semester of the senior year.

\*General Education Program (GEP) requirements and GEP Footnotes: To complete the requirements for graduation and the General Education Program, the following category credit hours and co-requisites must be satisfied. University approved GEP course lists for each of the following categories can be found at http://www.ncsu.edu/uap/academic-standards/gep/courselists/index.html

- A. Mathematical Sciences (6 credit hours one course with MA or ST prefix)
- Fulfilled as part of the Major requirements.
   **Natural Sciences** (7 credit hours include one laboratory course or course with a lab) Fulfilled as part of the Major requirements.

  - C. <u>Humanities</u> (6 credit hours selected from two different disciplines/course prefixes) Choose from the University approved GEP Humanities course list.
     D. <u>Social Sciences</u> (6 credit hours selected from two different disciplines/course prefixes) Choose 3 credits from the University approved GEP Social Sciences course list in a discipline other than Economics.

Economics 205 (or EC 201 or ARE 201), taken as part of the Major requirements, satisfies 3 credit hours needed to fulfill . . . .

the GEP Social Sciences requirement.

 Physical Education/Healthy Living (2 credit hours – at least one 100-level Fitness and Wellness Course) Choose from the University approved GEP Physical Education/Healthy Living course list.
 Additional Breadth - (3 credit hours to be selected from the following checked University approved GEP course lists)

\_Humanities/Social Sciences/Visual and Performing Arts or \_\_\_\_\_Mathematical Sciences/Natural X Sciences/Engineering

G. Interdisciplinary Perspectives (5-6 credit hours) Choose from the University approved GEP Interdisciplinary Perspectives course list.

 H. Introduction to Writing (4 credit hours satisfied by completing ENG 101 with a C- or better )

The following Co-Requisites must be satisfied to complete the General Education Program requirements:

U.S. Diversity (USD) I.

Choose from the University approved GEP U.S. Diversity course list or choose a course identified on the approved GEP course

- lists as meeting the U.S. Diversity (USD) co-requisite.
- J. Global Knowledge (GK)
- Choose from the University approved GEP Global Knowledge course list or choose a course identified on the approved GEP
- course lists as meeting the Global Knowledge (GK) co-requisite. K. <u>Foreign Language proficiency</u> Proficiency at the FL\_102 level is required for graduation.
