## Cosgrave anxious to launch Co-Lin soccer season

WESSON – Tom Cosgrave is a year older and wiser. Copenh-Lincoln's head soccer coach was introduced to the Mississippi Association of Community Colleges Conference soccer programs last spring and gained valuable insight, despite the abbreviated schedule which was often derailed by COVID-19 restrictions and quarantines.

Co-Lin's 2020 fall campaign was delayed until the spring of 2021 due to the China virus, also known as the Coronavirus.

The Big MACCC is loaded with talented players. Many of them journeyed to the Magnolia State from nations around the world. In Co-Lin's case, four young men and four young women claim their roots in England, a soccer-crazy nation.

Cosgrave, 30, is a native of England. He has been a USA resident since 2009. He was a 4-year starter for Belhaven University and later married April Satcher of Florence. They have a 1-year-old daughter, Layla.

"Last year we laid a good foundation," said Cosgrave. "COVID limited our practices last year and a lack of depth killed us."

For the record, the Co-Lin men posted a 3-7-2 record and the women were 1-9. Certainly, better results are ahead. Co-Lin had taken a 4-year hiatus before resurrecting the soccer program.

"We hope these new players will help us make the playoffs this season," said Cosgrave. "We have 16 new girls and that's a dramatic improvement. We are anxious to see how they can compete."

To say the least, competition is keen in the Big MACCC. The Holmes women advanced to the NJCAA's National Championship game last season but lost in overtime. The Jones men reached the national tourney. Cosgrave said Pearl River probably had the best men's team in the conference but lost in the regional playoffs.

"The standard is good in the state," said Cosgrave. "The game is physical and so much quicker in our conference. We need more depth."

He said recruiting has gone well. "We have some quality international players mixed with some good local players. We signed some outstanding players from some outstanding programs in Mississippi. You have to challenge your players to get better at every position on the field."

He said summertime workouts, absent last year; helped his players become acquainted with teammates and work better together. Naturally, the English players, who were familiar with a cooler climate, had a difficult time adjusting to the heat and humidity.

Representing England on the Co-Lin men's team are sophomores: goal keeper Ben Parkinson of Bury (Woodhey High School); team captain Joel Ibanez, Isle of Man; Matt Preston, Manchester; and freshman Luke Ricci, Manchester.

Last season, striker Eli Fratesi of Leland scored nine of Co-Lin's 16 goals. Fratesi made an impressive recovery from ACL surgery his senior year and became an offensive weapon.

ELISE MULLINS

BEN PARKINSON

Cosgrave said he expects freshman Mac Sorey of Flowood to make a big impact as a midfielder this season. Triston Lee of Bogue Chitto (West Lincoln) is a sophomore striker.

### New outlook for Lady Wolves

Sixteen new faces on the Co-Lin women's team are the result of Cosgrave and assistant coach Patrick Ross trolling the state for soccer talent. Among the returnees is midfielder Elise Mullins of Meadville (Franklin County).

Mullins was named to the MACCC All-South Division Second Team.

"Elise was the hardest working player on our team," Cosgrave noted. "She never stopped running and worked in the center of the field. She made it very difficult to get past her. She is a credit to the team, both on and off the field."

Mullins will be joined by two former Franklin County teammates this season: sophomore striker Kylie Robinson and freshman Jenna Long.

Another local player is freshman defender Makayla Martin of Brookhaven Academy.

Cosgrave said sophomore striker Taylor Ford of Florence will be a key player on this year's team.

Sophomore Lady Wolves from England are goalie Alexandra Moon of Poynton with Worth, Mickie Palfreman of London, midfielder Anacina Leyland of St. Helens, and Charlotte Lammiman of Hull.

Cosgrave complimented the area soccer programs. Franklin County, Brookhaven Academy, Brookhaven and Adams County Christian School have talent. Franklin County has a well-established and successful soccer tradition.

His experience with teenage travel teams from the Jackson area also helped with the recruitment of players. Cosgrave carried a travel team to Spain last summer. Among the players was one of Mississippi Gov. Tate Reeves' daughters.

He said several of the MACCC soccer coaches direct travel teams during the offseason. "I know most of them from travel teams."

This summer, Cosgrave was given the opportunity to coach a USA National Team for boys, age 16 and under.

The team traveled to Greece for a series of exhibition games.

"It was a great experience for me and the team," said Cosgrave. "We had players from New York, California, New Jersey, Colorado and other places. The Mediterranean scenery is beautiful."

He said he enjoyed watching the Olympic Games on television, especially the soccer. The favored USA women's team was upset 3-0 by Canada in the semifinals. He said Canada and Sweden had the best teams.

A former professional team member in England, Cosgrave and his countrymen were excited to see England reach the Euro Championship. They lost in overtime to Italy on a penalty kick.

England's greatest year was 1966 when the Brits won it all.

### Co-Lin debuts at Belhaven

Thursday, the Wolves and Lady Wolves make their debut at Belhaven University, starting with the women's game at 5 p.m., followed by the men at 7:30.

Two preseason scrimmages were canceled due to a COVID outbreak on both Co-Lin teams. Cosgrave said 14 of the Lady Wolves tested positive and received the mandatory 10-day quarantine.

Seven of the Co-Lin men also tested positive. Cosgrave said vaccinations to combat COVID are critical for athletic teams and students. Mississippi is one of the least vaccinated states, lagging behind the national average.

By comparison, Cosgrave said England was determined to end the year-long quarantines. England has a 92 percent vaccination rate.

Co-Lin begins a 15-date MACCC menu Aug. 31, at Northwest in Senatobia. What follows will be four straight road tests against Holmes, Sept. 7; Southwest, Sept. 10; Meridian, Sept. 14; Gulf Coast, Sept. 17.

The Wolves and Lady Wolves make their Stone Stadium debut, Sept. 21, hosting Pearl River. Jones visits Sept. 24. The women play the first game, followed by the men at 7.

### Area football teams in action

COVID-19's ugly specter has sacked two local teams. West Lincoln's game at Franklin County, Sat. Aug. 28; and Enterprise's Friday game against Ethel have been axed.

Loyd Star's game with the Mize Bulldogs was nixed due to the COVID outbreak in Smith County. Instead, the Hornets will host St. Andrew's Friday night. Loyd Star battled Bogue Chitto to a 14-14 deadlock in last Friday's jamboree.

Hopefully, Brookhaven will host Lawrence County Friday night on King Field. Bogue Chitto is slated to host Pisgah.

The KDMC Kickoff Classic has returned to Co-Lin's Stone Stadium. Brookhaven Academy faces Central Holmes Friday night at 7 and the Wesson Cobras welcome the Tylertown Chiefs Saturday night, also at 7.

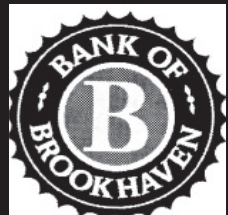

Franklin County replaced West Lincoln with Bay Springs and will host the Bulldogs Friday night. Hazlehurst visits Newton, Copiah Academy visits Riverfield (La.) Academy and Crystal Springs hosts Lanier.

In Pike County, North Pike hosts Parklane in a revenge match, South Pike hosts Pearl and McComb visits Jackson Jim Hill.

Copiah Academy was the only winner among area MAIS teams last Friday night as the Colonels whipped Madison St. Joe 34-19. Parklane lost 35-0 to Oak Forest and ACCS overpowered Brookhaven Academy 46-21 as the Rebels amassed over 600 yards total offense.

## PROVIDING HELP FOR SOMEONE WITH SUICIDAL THOUGHTS

When celebrity chef and travel television personality Anthony Bourdain committed suicide in 2018 at age 61, the world was taken aback because it seemed like Bourdain was on top of the world. Many well-known people have committed suicide, including Robin Williams, Chris Cornell, Margot Kidder, and Kate Spade. In 2021, 'Dawson's Creek' writer Heidi Ferrer committed suicide after a year-long battle with COVID-19.

Those close to people who have taken their own lives often wonder what they could have done to help. Although suicidal thoughts are not exclusive to the rich and famous, the tales of celebrities who take their own lives serve as sobering reminders that even those with fame, money and success may still fall into depths of depression that can lead to suicidal thoughts.

Suicide is a public health problem that affects people from all walks of life. Various factors can contribute to thoughts of suicide, and promoting supportive behaviors and improving education can reduce the numbers of suicides and suicide attempts. Consider these statistics, courtesy of the Centers for Disease Control and Prevention and the Government of Canada.

- Suicide is the tenth leading cause of death in the United States.
- More than 47,500 Amer-

icans took their own lives in 2019.

- In 2019, 12 million American adults seriously thought about suicide, and 1.4 million made an attempt.
- More than 10 Canadians die by suicide every day.
- Suicide rates are on the rise in the United States, increasing by 33 percent since 1999.
- For every death by suicide, at least seven to 10 survivors are significantly affected by the loss.

While certain instances of suicide seemingly come out of the blue, there are certain warning signs that may be present. Recognizing these signs can help people get prompt assistance. The National Institute of Mental Health reports that the following are some signs that a person may be having suicidal thoughts.

- Talking about wanting to

die or wanting to kill themselves.

- Mentioning feelings of hopelessness or indicating there is no reason to live.
- Speaking of great guilt or shame.
- Acting very anxious or agitated.
- Displaying feelings of unbearable emotional or physical pain.
- Searching for legal ways of killing oneself.
- Taking great risks that could lead to death.
- Using alcohol or drugs more often.
- Saying goodbye to family or friends and giving away important possessions.
- Displaying extreme mood swings.

Suicidal thoughts are an emergency and taking action can save lives and prevent injuries. The Substance Abuse and Mental Health Services Administra-

tion says if a person believes someone may be thinking about suicide the following actions should be taken.

- Call 911, if danger for self-harm is imminent.
- Ask the person if he or she is thinking about suicide. Listen without judgment.
- Remove any objects that could be used in a suicide attempt.
- Stay with the person until additional help arrives.
- Call SAMHSA's National Suicide Prevention Lifeline at 800-273-TALK or text the Crisis Text Line's number (741741).

Suicidal thoughts or actions are symptoms of extreme distress and should not be ignored.
