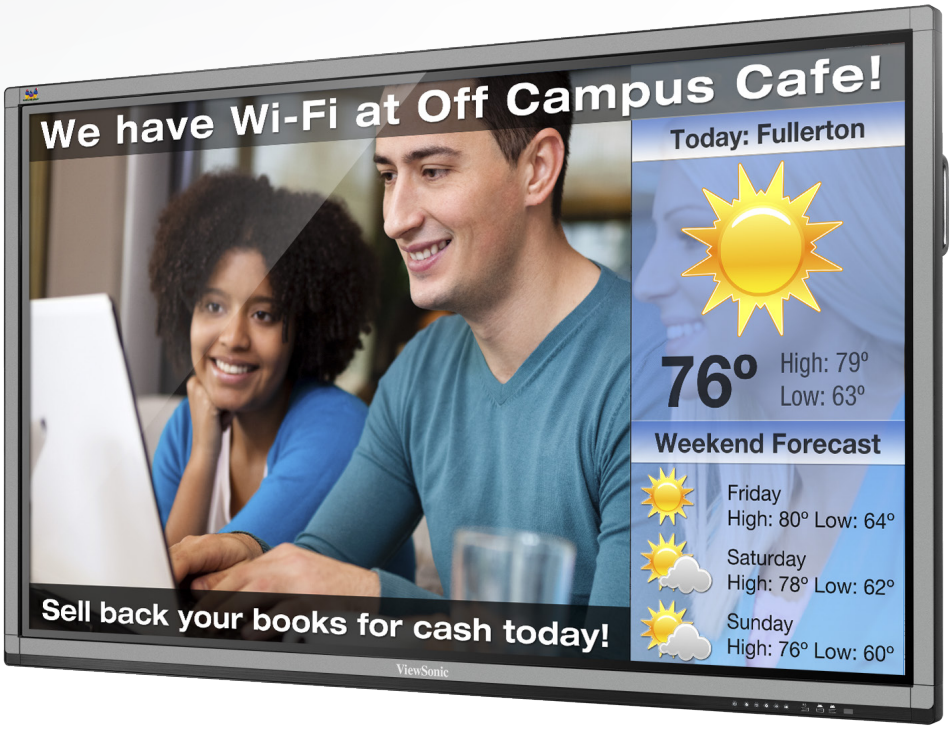
70" (69.5" viewable) 10-Point Touch Interactive Commercial Display

Built-in Dual Core ARM CPU and Pre-installed Annotation Software

CDE7060T



For interactive learning in the classroom, or brainstorming in the boardroom, the ViewSonic® CDE7060T is the ideal interactive display solution to increase engagement and collaboration. With astonishing 10-point simultaneous touch capabilities and pre-installed annotation software, this 70" (69.5" viewable) large format display lets multiple users write or draw on the screen with their fingers and styluses. An embedded ARM dual-core processor and Linux OS provide lightning-fast computing and smooth touch capabilities, ensuring that students and co-workers alike enjoy a responsive screen with each tap, pinch, and swipe. An optional slot-in PC provides additional computing power, while optional ViewBoard™ software delivers more robust annotation options that make presentations in the classroom or office even more productive and interactive.

Key Features:

- **10-point multi-touch interactive screen**
- **Built-in ARM Dual Core CPU with 8GB storage**
- **Pre-installed annotation software**
- **Optional slot-in PC**
- **Optional interactive education software**

Designed for:

- **Business**
- **Education**

70" (69.5" viewable) 10-Point Touch Interactive Commercial Display
