WHY CHOOSE LENOVO®

GROWING TOGETHER WITH OUR PARTNERS IS MORE THAN A STRATEGY. IT'S IN OUR DNA.

- By complementing, not competing with our channel, we have made **LENOVO® THE FASTEST GROWING PC** Vendor* on the planet.
- Over 95% of our business in EMEA is **WITH OUR PARTNERS.**
- We design and build PC and PC-Plus solutions that are faster, lighter and more capable than ever before to help you **REACH NEW CUSTOMERS.**
- Our services, financing and accessories are developed to **DRIVE YOUR MARGINS** even higher.
- Lenovo demand generation programmes **DRIVE CUSTOMERS** to your doors (and websites).
- Our co-marketing programmes enable you to **BUILD** specific and localised **CAMPAIGNS.**
- A single inventory that combines TopSeller™ and Special Bid products ensures the **FASTEST POSSIBLE DELIVERY** to you.
- Lenovo Partner Network programme provides simple web access to our product materials, training and marketing assets to **HELP YOU GROW** with Lenovo.
- The more you grow, **THE MORE YOU EARN.** LPN partner levels offer additional benefits to support loyalty and growth.
- Our dedicated channel team will ensure you receive the **BEST SUPPORT** when working with Lenovo.

- Significantly more powerful - latest generation Xeon E5-2400
- Substantially more memory slot capacity 8TB HDD capacity
- Supports RAID 0/1/5/10/6/50/60
- Memory capacity up to 192GB
- Open standardbased architecture, based on IPMI 2.0-compliant protocols and inter faces.
- New design has 80+ Gold PSU. Spread Core architecture and high efficiency power modules can support low voltage CPU and memory.

LENOVO® THINKSERVER RD630[1]

- latest generation Xeon™ E5 2600 processing performance, with up to 16 cores.
- Built-in full redundancy and sophisticated hardware RAID on every model – for man aged networks enjoy vault-safe data protection and lightning-fast data performance.
- Open standards, protocols IPMI 2.0 compliant interfaces mean easy, worry-free inte gration into your existing network
- up to 45% more efficient than previous generation servers.
- Sophisticated cooling segmentations, with six zones to maximize system efficiency
- 3-year onsite Base Warranty
- Tool—less and modular system, fits easily into hybrid environments
- Up to 24TB Storage capacity Cost-effective SATA, robust SAS or latest generation SSD choices.

SUPPORTED SOFTWARE FOR LENOVO® THINKSERVERS™

Exceptional Machines Deserve Exceptional Software.

Microsoft® Windows Server® Operating Systems Offerings.

Lenovo offers Microsoft Windows Server Operating Systems for Lenovo ThinkServer™ systems as Reseller Option Kits (ROK). These offerings, available to Business Partners only, are packaged in easy-to-purchase kits which are competitively priced. The kits are designed to provide resellers with flexible Microsoft Operating System products that can be easily installed and configured for customers.

All Windows Server 2008 versions have the following features:

- **Virtualization:**
  Hyper-V™ technology, an integrated hypervisor, is ideal for highly flexible virtualized environments
- **Scalability:**
  Offers higher CPU and RAM support to meet your growing business needs
- **High Availability with Failover Clustering:**
  Reduces downtime and improves business continuity
- **Security:**
  Network Access Protection (NAP) helps prevent non-compliant computers from accessing an organization's network, helps verify the health of connecting computers, and helps enforce compliance with an organization's security standards
- **Flexible Application Access for Remote Users:**
  Terminal Services RemoteApp (TS RemoteApp) allows users to access individual applications instead of a computer desktop with applications that run on the host computer and send only the application windows to the user, reducing administration and deployment costs

The kits are designed to provide resellers with flexible Microsoft Operating System products that can be easily installed and configured for customers.

Windows Server 2012 offers the following key features:

- **Beyond standard virtualization technologies**
  Hyper-V in Windows Server 2012 builds on a complete virtualization platform to provide the building blocks of a private cloud, offering secure multitenancy, flexible resource placement, enormous scalability, and cross-premises reliability for hosted services.

- **The power of many servers with the simplicity of one**
  Windows Server 2012 makes it as easy to manage many servers across multiple sites as it is to manage a single server, while delivering the reliability and scalability of multiple servers without additional costs. With new advanced features and capabilities designed to improve manageability, performance, and reliability at the individual server level up to the data center and beyond, the latest version of Windows Server gives you the power of many servers with the simplicity of one, regardless of the size of your environment.

- **Every app on any cloud**
  It is an open application and web platform that lets you build symmetrical and hybrid applications and high-density web sites for the data center and the cloud.

- **Flexibility**
  Windows Server 2012 enables hybrid and symmetrical applications across premises and private, hosted, and Windows Azure public clouds.

- **Full Windows experience anywhere**
  For business users to be able to roam and stay productive on different devices in different locations, their experience needs to be the same or as close to the alternative, which is using a laptop or PC on the business user's desk. Windows Server 2012 has a number of improvements to enable a personalized, rich user experience across different deployment models and network conditions.

THE LENOVO® IDEAPAD® S310/ S410 NOTEBOOK

S310/ S410
Lenovo ideapad S310 and S410 is the new affordable thin & light notebook, featuring latest Intel® Core™ processor, thin & light design and tactile metallic finish.

SPECIFICATIONS:

Preloaded Operating System:	Windows 8
Processor / Level 2cache:	Up to the latest Intel® Core™ i5 processor
Video Graphics:	Up to AMD Radeon™ HD 8570M 2GB graphics
Li-Ion Battery Life:	Up to 5hrs productive usage
Memory/HDD	Up to 8GB DDR3- 1600Mhz(Support Dual Channel) [4 DIMM slots 1x4GB/1x2+1x4GB/2x4GB)]
Travel weight/with optical drive:	‹1.8 kg / ‹3.96 lbs
Hard disk drive:	Up to 1TB HDD storage [320GB / 500GB / 1TB (5400 rpm)] Or up to 500GB SSHD storage with integrated 8GB NAND flash
Display / resolution:	**S310** 13.3": high-definition (1366 x 768) display, 16:9 **S410** 14": high-definition 200 NIT (1366 X 768) display, 16:9

For available MTMs configuration, please contact your country 4P manager or find more information on Lenovo web site www.lenovo.com choosing the selected country.

THE LENOVO® IDEACENTRE® A730

A730

IdeaCentre® A730 uniquely combines a frameless display supporting 10-point multi-touch for greater accuracy with a widely adjustable screen angle (from -5 to 90º) that allows comfortable use in any position

WIDE RANGE OF APPS AND GAMES

SPACE-SAVING DESIGN

10-POINT MULTITOUCH

WIDELY ADJUSTABLE SCREEN ANGLE

SPECIFICATIONS:

Preloaded Operating System:	Windows 8
Processor / Level 2cache:	Up to 4th generation Intel® Core™ i7 processor
Video Graphics:	NVIDIA® GeForce® GT745M 2GB NVIDIA® GeForce® GT740M 2GB
Sound	Integrated stereo speakers supporting Dolby Home Theater v4 certification for immersive surround sound
Dimension:	650 x 220 x 480 mm
Memory/HDD	Up to 8GB DDR3- 1600Mhz(Support Dual Channel) [4 DIMM slots 1x4GB/1x2+1x4GB/2x4GB)]
Display/resolution:	27" Quad HD (2560x1440) or 27" Full HD (1920x1080) frameless multi-touch display, 16:9 widescreen
Connectors	4 x USB3.0; 6 in 1 Card reader (Integrated stereo speakers supporting Dolby Home Theater v4 certification for immersive surround sound), Mic-in, line-out

For available MTMs configuration, please contact your country 4P manager or find more information on Lenovo web site
www.lenovo.com

THE LENOVO® IDEAPAD® S405

S405

The IdeaPad® S405 notebook features a slim under-22mm profile and a tactile metallic finish, all at an affordable price. With a 14'' widescreen display, lightweight design AccuType keyboard and large touchpad, it makes for the perfect travel companion.

SPECIFICATIONS:

Preloaded operating system:	Windows 8
Processor / Level 2 cache:	Up to AMD A8 quad core processor
Video Graphics:	AMD® Radeon™ HD 7450M Discrete Graphics with 1GB VRAM
Li-Ion Battery Life:	Up to 5hrs productive usage
Hard disk drive:	1,8kg
Display / resolution:	14'' high-definition (1366x768) display, 16:9 widescree
Hard disk drive:	Up to 500GB HDD

For available MTMs configuration, please contact your country 4P manager or find more information on Lenovo web site www.lenovo.com choosing the selected country.

THE LENOVO® IDEAPAD® Yoga 13*

Yoga 13

IdeaPad® Yoga 13 is the world's 1st multi-mode Ultrabook™ providing the ultimate flexibility between work and play in a device featuring a 10-point multitouch screen that can fold back 360º!

SPECIFICATIONS:

Preloaded operating system:	Windows 8
Processor / Level 2 cache:	Up to Intel® Core™ i7-3517U
Video Graphics:	Intel® GMA HD 4000 graphics

THE LENOVO® THINKPAD E535

E535

- New generation AMD® Vision processor with faster integrated graphics engine
- AMD® Dual Graphic technology that produce greater visual performance combined with the Vision APU and Radeon discrete graphics
- AMD® Vision with 62% up faster graphic performance
- Integrated HD 720p camera with face tracking captures highresolution video even in low light environments
- Dolby Advanced Audio for increased audio clarity on VOIP applications and maxi mized volume output
- Enhanced keyboard design with numeric keypad and spill resistance

SPECIFICATIONS:

Preloaded operating system:	Windows 8 Pro Windows 8 Windows® 7 Professional with Windows 8 COA+Windows 8 Pro RDVD DOS
Processor/Level 2 cache:	Up to AMD® A8-4500 (4C,2.8GHz/1.9GHz, 4MB, DDR3-1600)
Video Graphics:	Up to AMD Dual gfx HD7670 (1GB vRAM) + AMD Radeon HD7640G (Integr. in A8-4500)
Li-Ion Battery Life:	Up to 8 hours (with Battery Safeguard Hardware Authentication)
Travel weight/with optical drive:	2.45 Kg
Hard disk drive:	Up to 750GB/5400rpm
Display / resolution:	15.6" HD AntiGlare
Ports and Slots:	(1) VGA, (1) HDMI 1.4, (3) USB 3.0 (1) USB 2.0 with powered "always on" (1) RJ45, (1) 4-in-1 slot

THE LENOVO® THINKPAD T SERIES

T Series

- Smart multitasking, smart performance 3rd generation Intel® Core™ standard volt age processors
- Genuine Windows® 7 Professional (64 bit)
- Full range of technologies that include Solid State Drives (SSDs), Lenovo RapidBoot Technology, NVIDIA® Optimus™
- Superior display and 3D experiences with up to 100% graphics performance iprovment with Intel® HD Graphics
- Pre-loaded Rescue and recovery for easy data back-up and recovery
- Active Protection System protects your hard drive
- Most secure Wireless with Client Security Solution

SPECIFICATIONS:

Preloaded operating system:	Genuine Windows® 7 Professional 64 bit
Processor/Level 2 cache:	Intel® Core™ i7-3520M (2.9 GHz, 4MB L3, 35W)
Video Graphics:	Up to NVIDIA® N13P-NS1 Optimus Graphics with 1GB DDR3 Memory (T430) Up to NVIDIA® NVS 5200M, 1GB (T430s) Up to NVIDIA® N13P-NS1 Optimus Graphics with 1GB DDR3 Memory (T530)
Hard disk drive:	Up to 500GB/7200rpm or 180GB SSD (T430, T430s, T530)
Display / resolution:	T420: Up to 14.0" HD+ (1600 x 900) (230 NITS) T520: Up to 15.6" FHD (1920 x 1080) (95% Gamut 270 NITS) T420s: 14.0" HD+ (1600 x 900) (230 NITS)
Ports and Slots:	T430: MiniDisplayPort with audio, VGA, (2) USB 3.0, (1) USB 2.0, (1) Always on USB 2.0, (1) 4-in-1 SD Card Reader (SD/SDHC/SDXC/MMC slot), (1) Express Card 34mm, (1) Smart Card Reader* T530: (1) MiniDisplayPort with audio, (1) VGA, (2) USB 3.0, (1) USB 2.0, (1) Always on USB 2.0, (1) 4-in-1 SD Card Reader, (SD/SDHC/SDXC/MMC slot), (1) Express Card 34mm, (1) Smart Card Reader* T430s: MiniDisplayPort with audio, VGA, (2) USB 3.0, (1) Express Card 34mm, (1) Always on USB 2.0, (1) 4-in-1 SD Card Reader, (SD/SDHC/SDXC/MMC slot), (1) Smart Card Reader*

THE LENOVO® THINKPAD T430u

T430u

- Powerful 3rd generation Intel® Core™ ULV (ultra low voltage) processors
- Windows 8 Pro for better performance
- Up to two times graphics performance improvement with Intel® HD graphics
- 14'' HD panel with high brightness levels display images clear and smooth with lively colors
- NVIDIA® GeForce® GT 620M (1GB VRAM) for improved gaming and multimedia
- Ten times fast data transfer rate means fast performance with USB 3.0 for external devices
- Easy to handle 21 millimeter ultrabook
- Better typing experience with the new precision island-style sixrow keyboard

SPECIFICATIONS:

THE LENOVO® THINKPAD T431s

T431s

- The Lenovo® ThinkPad® T431s is an ultrabook powered by the latest 3rd generation Intel® Core™ i processor up to i7
- Windows 8 Pro for better performance
- It weighs just 3.6 Kg. and is less than 21 mm at its thickest point.
- The elegant ThinkPad® T431s is everything an enterprise-class ultrabook should be. It has a strong and durable carbon fiber top cover with magnesium bottom shell for robust strength and durability without adding any additional weight.
- Intel vPro is also available for enteprise security and Intel HD graphics for greater visual experience.

LENOVO® DESKTOP C340/C345

C340
· The 20'' Lenovo® C340 All-in-One PC reshapes the affordable home computer, uniquely combining a smart space-saving design in multiple color options with convenient family-friendly features. It may look thin and tidy, but it can handle your home tasks and media with ease, and can easily be expanded after purchase. C340 is packed with family-friendly features that work great with Windows® 8 and can only be found with Lenovo.

C345
· The Lenovo® C345 reshapes the affordable home computer into a smart space-saving All-in-One PC, uniquely combining family friendly features with the performance of an AMD® dual core processor. Great for email, video playback and organizing photos, the C345 also comes with Lenovo Assistant — an easy to use interface to organize your favorites, clean up history and junk files, and manage the PC's network connections and energy consumption, making it the ideal PC for the entire family.

Video Graphics:	Up to NVIDIA® GeForce® GTX660 1.5GB or AMD Radeon™ HD 8670 2GB grap
Sound	-
Memory/ HDD	Up to 32GB DDR3- 1600Mhz(Support Dual Channel) [4 DIMM slots (4GB /6GB /8GB /12GB/ 16GB/24GB/32GB)] Up to 2T HDD
Connectors	2 x USB 2.0 , 2x USB 3.0 9 in 1, support (MS,MS Pro, SD,SDHC, SDXC, MMC; CF I,CF II,MD), Mic-in, line-out

LENOVO® DESKTOP Q190

Q190

- The IdeaCentre® Q190 is the world's smallest desktop PC. Uniquely compact, it comes with a range of multimedia features that can turn your TV into an entertainment hub for games, videos and web browsing. With Full HD graphics, up to 7.1 surround sound, plus an optional Blu-ray Disk™ drive supporting Blu-ray 3D™ playback, it doubles up as a mobile home theater system.

SPECIFICATIONS:

Preloaded Operating System:	Windows 8
Processor / Level 2 cache:	Intel® Pentium® Processor 2127U
Video Graphics:	Up to HD Graphics 4000 w/ Core® i3 2365M
Sound	7.1 Channel surround sound support via HDMI
Memory/ HDD	Up to 8GB DDR3- 1333 Mhz(Support Dual Channel) [SODIMM slots (2GB/4GB/8GB)]
Connectors	4xUSB2.0(rear); 2x USB3.0(front), 6 in 1 Card Reader (SD /SDHC / SDXC / MMC / MS / MS_Pro), Headphone Microphone HDMI, SDXC(optical)

LENOVO® DESKTOP B540

B540

- High-performance processor and graphics technologies for the ultimate gaming experience
- Integrated 5.0 speakers supporting SRS® Premium Sound audio enhancement for immersive surround sound
- HDMI in1/out for connecting to otherhigh-definition devices
- 23'' Full HD frameless display supporting 3D vision
- Frameless space-saving all-in-one design, featuring a sliding plastic rear casing in a brushed-metal finish
- State-of-the-art multi-touch technology makes your computing experience more interactive
- YouCam – advanced webcam software for facial tracking and image effects makes the whole webcam experience more fun and interactive

SPECIFICATIONS:

Preloaded operating system:	Windows 8
Processor / Level 2 cache:	Intel® Core™ i7-3770s
Video Graphics:	NVIDIA® GeForce® 615 2GB graphics with DirectX® 11
Sound:	Stereo speakers with Dolby Home Theatre V2
Memory/ HDD:	Up to 8GB DDR3 memory – 1600 MHz [2 SODIMM slots(1x2GB/2x2GB/1x4GB/1x 2GB+1x4GB/2x4GB)
Dimension:	576.6mm / 22.7 in (H), 110.3 / 4.34 in (D),411.9mm / 16.22 in (W)
Display / resolution:	23'' Full HD (1920x1080), 16:9 widescreenframeless display supporting 3D vision & frameless Multi-touch[1] technologies
Connectors:	4xUSB2.0, 2xUSB3.0 (optional connectors,headphones, mic, HDMI [in (optional) / out (standard)], 6in1 card reader, TV tuner(optional)

LENOVO® DESKTOP B340

B340

- The IdeaCentre® B340 all-in-one PC uniquely combines a 21.5''
  frameless screen with state-of-the-art optional
- 3D vision. Plus, with up to Intel Core i5 quad core processor and
  mainstream graphics,
- it is great for multimedia entertainment. Bringing you an interactive
  experience developed over one year

SPECIFICATIONS:

Preloaded operating system:	Windows 8
Processor / Level 2 cache:	Up to Intel® Core™ i5s-3330S processor
Video Graphics:	NVIDIA® GeForce® 615 2GB graphics with DirectX® 11 NVIDIA® GeForce® 615 1GB graphics NVIDIA® GeForce® 615 512M graphics
Sound:	Stereo speakers with Dolby Home Theatre V2
Memory/ HDD:	Up to 8GB DDR3- 1600MHz(Support Dual Channel) [2 DIMM slots (1x2GB/2x2GB/1x4GB/1x4GB+1x2GB/2x4GB)]
Dimension:	542.2(H)x392.8(W)x113.8(T) mm 21.34x15.46x4.48 inc
Display / resolution:	23'' Full HD (1920x1080), 16:9 widescreenframeless display supporting 3D vision
Connectors:	4xUSB2.0; 2x USB3.0 (optional), 6 in 1 (SD, SDHC, SDXC,MMC, MS, MS-Pro) Multi-card reader, headphone, mic, HDMI

LENOVO® THINKCENTRE EDGE SERIES

EDGE 72

· New Ergonomic Design
· Windows 8
· Superfast 24sec boot up time and less than 7 sec shut down with Lenovo Enhanced Experience 3.0
· Superior performance with Up to 16 GB 1600 MHz7 DDR3 memory
· Intel® integrated Graphics
· Up to 1TB HDD Storage
· Spill proof Edge Style Keyboard

LENOVO® THINKSTATION E31 TOWER/SFF

E31 THINKSTATION TOWER/SFF
· Latest generation Intel® Xeon® E3-1200 v2 processors
· Windows 8
· Faster memory performance means better application responsiveness and multitasking
· Integrated Intel® HD Graphics or discreet NVIDIA® Quadro® and NVS graphics for enhanced 2D and 3D performance gains.
· Certified by multiple leading ISVs, ensuring maximum performance and reliability.
· EPEAT Gold certification, for lower toxic material, greenhouse gas emissions, and electricity consumption.

* Compatible with E31 SSF

LENOVO® THINKSTATION C30

C30

· World's smallest dual-socket workstation with powerful performance Intel® Xeon® E5 2600 processors
· Windows 8
· Larger storage capacity up to 12TB and increased memory support for 256GB 1600MHz DDR3
· Supports NVIDIA® Quadro high-end professional next- generation graphics, including Maximus technology
· ISV CERTIFIED for performance demanding professional graphics applications
· High energy efficiency with compliance to Energy Star 5, GREENGUARD certification, and EPEAT Gold standards.

NOTE

LENOVO® ENHANCED EXPERIENCE
FOR WINDOWS 8

ENHANCED EXPERIENCE 8

Microsoft's sleekest, most innovative operating system yet. Built around touch technology and tiled applications, Windows 8 takes the PC experience to a new level of customization, consumption, and creation. Windows 8 Pro is beautiful, fast and fluid. It gives you all the benefits of Windows 8, plus new levels of productivity, security, and mobility without sacrificing performance or choice.

Created specifically for the new Windows 8, Lenovo has combined the best hardware and software features to create Lenovo Enhanced Experience 8.

ENHANCED EXPERIENCE 8 INTERACT

TOUCH - 10-finger multitouch displays and pen input Lenovo's user experience teams have finely honed touch input across all of our platforms to give you greater accuracy and control. Perfect for multiplayer games.

TYPE - Our legendary keyboards are now even better. More comfortable. More accurate. Still spill-resistant. Lenovo has set a new benchmark for the industry and added simplified control for Windows 8. Multimedia controls and indicator lights add convenience, plus many models include backlighting, so even in dimly lit surroundings you're unhindered.

CLICK - Intelligent touchpads optimized for Windows 8. One clean, smooth surface, with easy scroll and zoom functions.

WAVE - Lenovo Motion Control lets you navigate and execute commands through simple gestures. Yes, it's a lot like magic! Conveniently flip through your ebook. Scroll through your photos. Skip to the next song.

ENHANCED EXPERIENCE 8 CONNECT

LENOVO CLOUD STORAGE - Access to your files, from anywhere on any device. Auto-sync content, back-up data, and share files across Windows, Android, iOS and Blackberry devices. 5GB free storage. Data is encrypted on transfer for an extra level of security. Plus, single sign-on with a Lenovo ID.

LENOVO MOBILE ACCESS - This wallet-friendly pay-as-you-go wireless WAN (WWAN) mobile broadband service enables online access anywhere, anytime. Flexible pricing and no contract needed—30 minutes or up to 30 days. Perfect for travelers and anyone on-the-go.

ENHANCED EXPERIENCE 8 DISCOVER

EXCLUSIVE LENOVO TOOLS - Discover all the amazing things you can do. Learn how to get the most from your PC with Lenovo Companion. Monitor your system performance with Lenovo Support. Stay up to date and get exclusive music, games, and video content delivered to you.

LENOVO COMPANION. Become the PC user you always wanted to be. Learn about new apps, what they do and how to get them.

LENOVO MOBILE ACCESS. Stay connected as long as you want with exclusive pay-as-you-go broadband solution.

LENOVO QUICKSNIP. Snip it. Crop it. Save it. Share it. Easy, fast, and a really cool way to capture and share your experience.

LENOVO SUPPORT. Be at ease with your PC. Understand your system's performance. Know when to take action and how to address the need.

LENOVO SETTINGS. Controls in one place to optimize your device performance.

THINKVANTAGE® TECHNOLOGIES

PRIMARILY FOR LENOVO THINK FAMILY

ThinkVantage® Technologies: ThinkVantage Technologies software/hardware solutions are designed with large enterprise and midmarket in mind to help reduce the total cost of owning a PC. They help you to generate new opportunities for high value services and give you real potential to increase your margin by providing you with a competitive edge.
www.lenovo.com/innovation/europe

MOBILITY

Access Connection: Effortlessly switches your connection to match your location, including authentication keys, proxy settings, default printer, browser landing page, and more. Provides a simple user interface for WiFi, WWAN, Bluetooth, Ethernet, and modem connection. You can design custom connectivity profiles for your customers

DURABILITY

Active Protection System™: Using the same motion sensor used on cars' airbags, it detects sudden changes in motion and temporarily stops the hard drive to help protect valuable data caused by everyday notebook accidents.

SECURITY

Client Security Solution: hardware/software combination that helps protect vital security information like passwords, encryption keys and electronic credentials, while helping to guard against unauthorised user access. (Selected models: download may be required).
Secure Data Disposal™: Makes removing confidential information on a disk drive fast and simple, and makes certain the data is irretrievable

SUPPORT

Rescue and Recovery®: A complete recovery system to recover from nearly any software fault. Even includes a spare operating system for use when Windows will not boot. Includes Express Recovery, which fixes registry and Windows control file issues. Often fixes system problems in a 2-3 minutes.
ThinkVantage® button: invokes Rescue and Recovery if pressed during boot. Launches ThinkVantage Productivity Center if pressed after boot up, a customizable self-help center. You can design custom content for your customers.
System Migration Assistant™: Script-driven PC data migration. You can design custom, effortless migration capabilities for your customers.
ThinkVantage System Update: Automatically distributes drivers, BIOS updates, and TVT software updates. You can customize software delivery packages for your customers.

OTHER LENOVO SOLUTIONS

LENOVO ESSENTIAL SERIES & IDEA FAMILY

Lenovo and Idea products are competitively-priced and loaded with unique tools and software for growing businesses, making your customers' life easier every single day. For you this means more business and more profitable opportunities.
www.lenovo.com/innovation/europe

SUPPORT

OneKey™ system recovery : Recover from a virus with the press of a button*.

*Some models restore to initial, factory state only.

SECURITY

Veriface™ facial recognition technology: make your face your password. Its a fun and easy way to log in to your PC.

DURABILITY

Active protection system™: protects hard disk drive from shocks. Uses an accelerometer to monitor movement of the system and stop the drive to help protect against damage when a fall or similar event is detected. Available on selected IdeaPad laptops.

ENTERTAINMENT

Multimedia center: a single interface helps you play CDs, DVDs and more.Dolby® Audio - select laptops feature Dolby® Home Theater™ or Dolby® Sound Room™audio so you can immerse yourself in realistic and vivid theater-style sound.

THIRD PARTY OPTIONS PORTFOLIO

The Third Party Options portfolio has been created to provide a strategic, OEM product set that enhances the existing ThinkPad®, ThinkCentre, ThinkVision® and ThinkPlus Accessories Brands. It allows us to present a selection of OEM products, enabling our Business Partners and Customers to order from us whilst leveraging the manufacturers direct service and support capabilities.

All Third Party products carry standard service and warranty as supplied directly from the manufacturer of the product.

Please note that we do not provide service and warranty directly on any of the OEM branded products within the Third Party Options Portfolio. For further details, contact the relevant manufacturer directly.

0B33307 - 1 LPT Printer Port PCIe ExpressCard

ExpressCard providing one Printer port. Where absolute compatibility with classic desktop LPT parallel printer ports is a necessity. Guaranteed low latency, memory mapped, no compromise high performance interface
Now with Brainboxes Lifetime Warranty and Lifetime Support!

0B33308 - 1 Port RS232 PCIe ExpressCard

EpressCard providing one port RS232. Where absolute compatibility with classic desktop serial COM ports is a necessity. Guaranteed low latency, memory mapped, no compromise high performance interface. Up to 921,600 data transfer rates and the 128 byte deep transmit and 128 byte receive FIFOS, coupled with 1Mbit/s line drivers deliver uncompromising performance on your laptop.
Now with Brainboxes Lifetime Warranty and Lifetime Support!

0B33309 - 1 Port RS232 and 1 Printer Port LPT PCIe ExpressCard

ExpressCard providing one RS232 serial port and one Printer port. Where absolute compatibility with classic desktop serial COM ports and parallel LPT printer ports is a necessity. Guaranteed low latency, memory mapped, no compromise high performance interface. Up to 921,600 data transfer rates and the 128 byte deep transmit and 128 byte receive FIFOS, coupled with 1Mbit/s line drivers deliver uncompromising performance on your laptop.
Now with Brainboxes Lifetime Warranty and Lifetime Support!

0A61643 - Ethernet to 2x Serial Adapter

Ethernet to Serial device server providing access to two RS232 serial ports. Up to 230,400 data transfer rates, coupled with 1Mbit/s line drivers deliver uncompromising performance.

Now with Brainboxes Lifetime Warranty and Lifetime Support!

0A61419 - 1 PCI Express Full Height 1 Port RS232 Serial Card

PCI-E card provides 1 industry standard 9 pin RS232 serial COM port in a single PCI-E slot. Available as Full Height card, and fits in any PCI Express slot e.g., x1, x4, x8 or x16 lanes.

Now with Brainboxes Lifetime Warranty and Lifetime Support!

0A61318 - PCI Low Profile 1 Port RS232 Serial Card

Universal PCI card provides 1 industry standard 9 pin RS232 serial COM port in a single PCI slot. Available as a low profile card.
Low Profile is the industry standard small form factor design for PCI. Universal PCI is fully compatible with both 3.3Volt and 5Volt PCI slots; protecting your investment into the future.
Now with Brainboxes Lifetime Warranty and Lifetime Support!

57Y3543 - Low Profile Universal PCI 1 x LPT

Universal PCI card provides 1 industry standard 25 pin parallel port in a single PCI slot. Available as a low profile card. Low Profile is the industry standard small form factor design for PCI Universal PCI is fully compatible with both 3.3Volt and 5Volt PCI slots; protecting your investment into the future.
Now with Brainboxes Lifetime Warranty and Lifetime Support!

30R5196 - Universal 1 Port PCI RS232 serial card

Universal PCI card provides 1 industry standard 9 pin RS232 serial COM port in a single PCI slot. Available as standard height card and also as a Low Profile card. Low Profile is the industry standard small form factor design for PCI. Universal PCI is fully compatible with both 3.3Volt and 5Volt PCI slots; protecting your investment into the future.

Now with Brainboxes Lifetime Warranty and Lifetime Support!

45J9150 - Universal LPT Parallel PCI Card

Universal PCI card provides 1 industry standard 25 pin parallel port in a single PCI slot. Available as a standard height card. Universal PCI is fully compatible with both 3.3Volt and 5Volt PCI slots; protecting your investment into the future.

Now with Brainboxes Lifetime Warranty and Lifetime Support!

57Y3476 – PCI-Express Low Profile 1 Port RS232 serial card

Low profile PCI-E card provides 1 industry standard 9 pin RS232 serial COM port in a single PCI-E slot.
Available as Low Profile card.
Low Profile is the industry standard small form factor design fits in any PCI Express slot e.g., x1, x4, x8 or x16 lanes.

Now with Brainboxes Lifetime Warranty and Lifetime Support!

45K1775 - 1 Port RS232 ExpressCard

ExpressCard providing one RS232 serial port.
Velocity megabaud data transfer rates and the 128 byte deep FIFOS, coupled with 1Mbit/s line drivers deliver uncompromising performance on your laptop PC. Being mobile no longer limits your options. Standard and ruggedised card options to suit your needs. Now with Brainboxes Lifetime Warranty and Lifetime Support!

41A1747 - 1 Port PCMCIA RS232 laptop card

A PCMCIA type II card providing one RS232 serial port.
Velocity megabaud data transfer rates and the 128 byte deep FIFOS, coupled with 1Mbit/s line drivers deliver uncompromising performance on your laptop PC. Being mobile no longer limits your options.

Now with Brainboxes Lifetime Warranty and Lifetime Support!

78Y2361 - USB to Serial 1 Port RS232

USB to Serial is the quick low cost way to connect your computer to a serial comms enabled device. Operating at up to 921.6Kbaud data rates, 128 byte deep transmit and 256 byte receive FIFOs, coupled with 1Mbit/s line drivers deliver uncompromising performance on your Laptop/PC.
Now with Brainboxes Lifetime Warranty and Lifetime Support!

45K1803 – LX Triple Display Lift Stand

Simultaneously lift and tilt displays for maximum ergonomic comfort. This stand expands desktop computer across three smaller displays or two larger displays. Works with most LCD monitors with diagonal screen-size up to 53 cm (21"). Stand can be used to hold two widescreen displays of up to 76 cm (30").

Weight Capacity: 10.9–22 kg combined display weight.

78Y5370 - Neo-Flex Dual LCD Lift Stand - Black

Affordable, height-adjustable dual-monitor stand for maximum productivity and comfort. 127 mm (5") height adjustment ergonomically accommodates average range of user. Maximum LCD outside width is 56 cm (22").

Install displays at 3.5° or 8.5° upward angle for optimized viewing conditions Weight Capacity: 6.4–15.5 kg combined display weight. Note: Monitors must be equal in weight or +/-1 pound (0.45 kg)

Privacy Filters

51J0321 – 3M 13.3W Privacy Filter

Utilizes 3M's unique microlouver privacy technology, which allows persons directly in front of the computer to view on-screen data clearly, while blocking the view of those around you.

Helps protect the computer screen from scratches and fingerprints.

Compatible with ThinkPad X300 and X301 systems.
Available Part Numbers for Privacy filters:
0A61769 3M 14.0W Privacy Filter from Lenovo
0A61770 3M 12.5W Privacy Filter from Lenovo
0A61771 3M 15.6W Privacy Filter from Lenovo

THIRD PARTY SOFTWARE OPTIONS PORTFOLIO

SOFTWARE SOLUTIONS TO MEET YOUR NEEDS

Lenovo's Integrated Software Solutions provide unique value to you. These solutions are designed to enhance and complement the total cost of ownership value proposition delivered by our award-winning ThinkVantage Technologies. With offerings focused on security, usability and management, Lenovo offers integrated software products that help you to manage, protect, and recover the most valuable asset for you — your information.

LANDesk Solutions

LANDesk Management Suite for ThinkVantage Technologies

The Lenovo-exclusive LANDesk Management Suite for ThinkVantage Technologies is a comprehensive, integrated management console optimized for desktop and notebook client management, and integrated with Lenovo's acclaimed ThinkVantage Technologies to provide best-in-class PC lifecycle management capabilities.

- Management of TVTs
- Policy manage & enforcement for TVTs
- Device discovery
- Inventory management
- System migration
- Image deployment
- Software license monitoring

Sophos Solutions

Sophos Safeware for ThinkVantage Technologies

The leading global provider of data security solutions partners with Lenovo to offer Sophos Safeware for ThinkVantage Technologies (TVT).

- Full disk encryption & pre-boot authentication
- Advanced security algorithms
- Protect against unauthorized access & manipulation
- Central administration for ease & lower IT costs
- Provides one button recovery with Lenovo's Rescue & Recovery solution

Sophos SafeGuard® Easy

Secure, feature robust, and user-friendly SafeGuard® Easy is the most robust security tool in the industry, yet is virtually invisible to the end user. Because SafeGuard® Easy encrypts and decrypts on demand, users will never be interrupted.

www.thinksophos.com

Computrace®for Intel Anti-Theft PC Protection

With Computrace® for Intel® Anti-Theft PC Protection, you can manage IT resources remotely.

- Protect encrypted data from unauthorized access
- Secure hardware environments with software-based encryption keys placed in escrow instead of on the hard disk
- Disable the PC locally or remotely
- Restore notebooks to full functionality without compromising local security features

Special volume pricing can be provided as well as special pricing for government and education sectors. To get more details on products and pricing and to find out how LANDesk for ThinkVantage® can benefit you and your customers contact your local reseller manager.

SOPHOS
computer security

SafeGuard Easy full hard disk encryption simply and effectively encrypts your PC's entire hard disk drive so data thieves are unable to read your files. This is especially important as identity theft, privacy control, and regulatory compliance have generated heightened interest in data security. Sophos SafeGuard Easy is the most advanced and most trusted solution worldwide.

SafeGuard PrivateDisk is a personal electronic safe for users who store and frequently use confidential data on notebooks, PCs or removable media. SafeGuard PrivateDisk provides an easy to use virtual disk volume on the computer. The encrypted volume allows transparent encrypted read/write access on any media. The data is safeguarded, at all times, from unauthorized access.

SafeGuard Enterprise is a modular security suite that meets all current and future demands on data security. No matter where information is saved, or who it is being exchanged with, SafeGuard Enterprise secures data on mobile and fixed computing devices, on removable media, servers and in e-mails. The core of the brand new security suite is the central Management Center which for the first time enables companies to simply and effectively implement security guidelines across platforms to meet regulatory compliance requirements.

AbsoluteSoftware
the absolute best way to track, manage & protect your digital world.

Computrace by Absolute Software

Absolute® Software specialises in software and services for the security and management of computers and mobile devices.

Why Computrace® for Lenovo Think products?
Computrace provides persistent endpoint security features that are embedded in all Lenovo laptop, desktop & workstations since 2005. Computrace technology helps customers get control of their assets anytime, and uses hardware and software data to stay compliant and protect against data loss.

Why Computrace for Lenovo Tablets products?
The ThinkPad Tablet is the first Android device to have Computrace persistence built in that allows customers to remotely delete some or all of the data from the tablet, freeze it with a message to the user, monitor its location on an internet map and build geofences to be alerted if the tablet is not where it's supposed to be.
Once Computrace Mobile is activated device resets or wipes will not disable Computrace tracking software.

Product Features
Asset Administration - a cloud-based interface where you can manage your entire deployment within a single interface regardless if a device is on or off your network.
Data & Device Security - Remotely delete sensitive data on missing computers and produce an audit log of the deleted files; lockdown system at OS level. Use the Device Freeze feature to freeze a computer and display custom messages for specific action.
Geotechnology - Track assets using GPS or Wi-Fi technology on an internet map. Build pre-defined areas (geofences) and apply rules with alerts if these rules are broken. Theft Recovery - Recover stolen assets with the help of police and the Absolute Theft Recovery Team. (This feature is not available on Computrace Mobile).

LENOVO THINKVISION® LCD MONITORS

ThinkVision LT1953 Wide

The Lenovo® ThinkVision® LT1953 19-inch LED Backlit LCD Monitor is an economical display solution for any environment. With a consistently narrow, 16.8mm bezel, the LT1953 is optimized for multi-monitoring. Tiny PCs, 3rd party Thin Clients and the Lenovo® USB soundbar are supported with ease. For consummate visuals, the LT1953 offers a 16:10 aspect ratio, 1440 x 900 native display resolution and VGA and DVI connectors. If you need a monitor that offers value for money, mesmerizing visuals and strong green values, look no further than the ThinkVision® LT1953.

ThinkVision LS2023w

Introducing the Lenovo® LS2023w 20'' widescreen monitor, built with all the simplicity and elegance of Lenovo desktops. These monitors are consistent in design with the ThinkCentre® Edge desktops, with slim front edges and high-glossy finish on the sides. The screen delivers bright display and picture quality, while increasing efficiency and productivity with support for VGA and DVI-D ports. The LS2023w contains a Mercury-free panel and Arsenic-free glass and is certified by TCO Displays 6.0, ENERGY STAR® 5.11 and EPEAT® Gold. Adopting the latest green standards, the monitor provides amazing visual quality, while reducing energy consumption and environmental impact. The trendy monitor is easy-to-use with convenient handle space, tilt stand, VESA mount and better cable management, making LS2023w the most suitable monitor for your business.

ThinkVision L1900p

The L1900p is thoughtfully engineered as the most versatile commercial monitor that is energy-efficient and environmentally responsible. With a resolution of 1280 by 1024 at 86dpi, the L1900p is compatible with most business applications and yields excellent image quality that is crisp, clear and yet comfortable to look at. An adjustable stand that enhances user experience, while power consumption at up to 30% less than conventional models makes L1900p the natural choice for business users seeking optimal productivity with dualmonitoring and multi-monitoring deployment.

ThinkVision LS2223w

Introducing the Lenovo® LS2223w 21.5'' widescreen monitor, built with all the simplicity and elegance of Lenovo desktops. These monitors are consistent in design with the ThinkCentre® Edge desktops, with slim front edges and high-glossy finish on the sides. The screen delivers bright display and picture quality, while increasing efficiency and productivity with support -free panel and Arsenic-free glass and is certified by TCO Displays 6.0, ENERGY STAR® 5.11 and EPEAT® Gold. Adopting the latest green standards, the monitor provides amazing visual quality, while reducing energy consumption and environmental impact. The trendy monitor is easy-to-use with convenient handle space, tilt stand, VESA mount and better cable management, making LS2323w the most suitable monitor for your business.

LENOVO THINKVISION® LCD MONITORS

ThinkVision LT2323p

The Lenovo ThinkVision LT2323p 23'' WLED widescreen monitor is built in keeping with the highest industry standards. Widely praised by the organizations responsible for standards like the UL Environment Gold certification, Energy Star 5.1, TCO Edge 1.1, and EPEAT Gold, the environmentally-friendly monitor delivers the best visual performance on a 1920 x 1080 resolution. The multiple interface options provided on the monitor allow you to connect DVI, VGA, DP, and USB devices. Whether you are watching a video, creating a magnificent design, or working on your office applications, the monitor gives the best display. In all, the Lenovo ThinkVision LT2323p is a display that is high on energy efficiency, green features, manageability, and usability.

Lenovo LT2323z

Lenovo LT2323z 23'' IPS LED widescreen monitor for rich performance and enterprise productivity. With the best VoIP experience qualified by Microsoft® Lync™, you can indulge in long conference calls or video chats at the comfort of your desk. Integrated HD camera, speakers, and dual digital microphone. Industry-leading technology is topped with the highest industry standards for environmental safety and energy efficiency including: ULE Gold, TUV-Green mark, Energy Star 5.1, TCO Edge 1.1, and EPEAT Gold certification. Lenovo's LT2323z is the industry's first TUV green mark certified monitor. Inspire productivity with wider multi-angle viewing, hardware split duo screen and USB 3.0 connectivity. The best in features, green leadership, productivity, all in one monitor – the Lenovo LT2323z has everything you need.

ThinkVision LT1952p

For enterprises that need a green, fully functional display screen, with unparalleled visual quality, the ThinkVision LT1952p is the best choice. Compatible with virtually any hardware platform, the LT1952p offers VGA, DVI-D, and DisplayPort connections. The LT1952p is a breeze to use with exceptional LED performance, swivel, tilt, and lift options, 5 milliseconds response time, and a 1000:1 contrast ratio. The LT1952p delivers high energy cost savings, through compliance with go green certifications. The monitors are mercury-free, contain reduced toxic chemicals. The LT1952p delivers the best value on investment for large enterprises.

Lenovo LS1922 Wide

The Lenovo LS1922 18.5'' widescreen monitor is design with the latest W-LED backlight technology, the LS1922 monitor provides great display quality, while saving up to 20% power consumption compared to previous monitors. The Lenovo LS1922 simplifies viewing multiple applications on a single display with the wide 1366 x 768 resolution, increasing efficiency and productivity. The Lenovo LS1922 is an ideal choice for users seeking a classy, reliable, and eco-friendly monitor with high performance at a great value.

LENOVO THINKVISION® LCD MONITORS

ThinkVision LT2252p

For large enterprises that demand performance, quality, and green values, Lenovo introduces the ThinkVision LT2252p.The LT2252p offers multiple input options for hardware compatibility – VGA, DVI-D and DisplayPort .A color gamut of 72%, higher resolution and contrast ratio gives you the best screen space and clarity needed to be productive. The monitor complements the speed of your ThinkCentre with lightning fast 5 milliseconds response times. Collaboration is more effective with lift, tilt, pivot and swivel features. With no comprise on quality, the LT2252p offers remarkable savings with certifications for green energy.

ThinkVision LT2452p

Designed for large enterprises, the LT2452p is the perfect companion for your ThinkCentre desktops. Using a display has never been more comfortable, with exceptional on screen performance, with In-plane Switching (IPS) for wide viewing angles. Engineered with collaboration in mind, the 24" widescreen has lift, tilt, swivel, and pivot capacity, allowing for high viewing comfort. The LT2452p also offers high energy savings with green certifications. Additionally, the four USB ports allow you to connect portable devices directly to your screen, adding expansion options to your PC. The LT2452p widescreen monitor is the right choice for those who need an ultimate display to increase productivity and ease of use.

Lenovo LT1421p Wide

The LT1421 is slim and lightweight, while the USB cable connection makes an easy set up for ad-hoc meetings, without projectors. Adjust tilt angle with a photo frame stand to make data sharing and collaboration simpler. Drive innovation easily, using multilevel brightness options for viewing comfort in any environment. See more, do more with multiscreen support and low energy consumption. available with Screen Cover or Protective Case.

ThinkVision LT1712p

Compatible with virtually any desktop hardware, the ThinkVision LT1712p offers support to connect a Tiny PC or third-party thin client. The seventeen-inch square display fits easily on a smaller desk, saving extra workspace. Save up to 70% space using a Tiny PC with this monitor. Integrate the monitor smoothly into the workplace with the VGA and DVI ports. In addition, the monitor is a breeze to use with the tilt and height adjustable stand. Qualified with Energy Star® 6.01, TCO Display 6.02, ULE Gold and EPEAT® Gold certifications, the LT1712p is environmentally friendly and helps to save energy. The monitor is designed with 65% recycled plastic to increase eco-efficiency. For enterprise and commercial users who need a space saving and fully green monitor with unparalleled quality, the LT1712p is the ideal choice.

LENOVO THINKVISION® LCD MONITORS

Lenovo LS2323 Wide

The Lenovo LS2323w 23'' widescreen monitor is designed for a crystal clear video performance and to save costs. Presented in a slimmer profile, the monitor delivers amazing brightness and picture quality with the Full HD WLED display. The LS2323w increases efficiency and productivity, supporting multiple interfaces with VGA and DVI ports on a single display with1920X1080 wide resolution. The monitor is qualified with compliance to TCO Displays 6.0, Energy Star® 6.0 and EPEAT® Gold Certifications. Adopting the latest green standards, the monitor provides amazing visual quality, while saving energy consumption and environmental impact. The LS2323w is an ideal choice for users seeking a well-designed, reliable and eco-friendly monitor with high performance at a great value.

ThinkVision LT2013p Wide

The Lenovo ThinkVision LT2013p Wide 19.5-inch HD WLED Monitor is smart investment for now and future. With a consistently narrow bezel is optimized for multi-monitoring. Tiny PCs, 3rd party think client with L Bracket and the Lenovo USB Soundbar are supported with ease. Footnotes

1. Dual core models only.

2. Compatible, however optimized for ThinkPad W510.

3. Requires the 90W AC Adapter 40Y7659 or the adapter provided with the system.

4. To be used with the ThinkPad and IdeaPad 90W Slim AC/DC Combo adapter. For more information, visit: www.lenovo.com/support/slimadaptertips or www.lenovopowertips.com

5. To be used, and is included with the ThinkPad and IdeaPad 90W Slim AC/DC Combo adapter. For more information, visit: www.lenovo.com/slimadapter or www.lenovopowertips.com

6. System may be placed on the ledge, but no port replication or docking support is provided.

7 Support for DVI-D (Digital Video Interface - Digital) function is determined by graphic subsystem on notebook.

8. Uses the system 90W AC adapter, which can be purchased separately

9. Requires a docking solution to provide the PS/2 function.

10. Requires a bluetooth enabled system or an optional USB Bluetooth Receiver

11. Supports attachment of flat panel monitors with a 75mm or 100mm VESA mount. Weighs less than 10.9 kg (24.0 lbs) when desk mounted or 7.98 kg (17.6 lb) when wall mounted

12. 65W AC adapter supports models with integrated graphics only. Those with discrete graphics should use the 90W AC adapter.

13. This system is not compatible with any of the docking stations that clip into the monitor stand, however it may be placed on the bottom plate of the monitor stand once the optional pegs are removed.

14. USB-only attach.

15. To be used along with ThinkPad system battery for an all-day computing experience. Attaches under the ThinkPad using docking connectors, not supported when using Series 3 port replicators or docks.

16. Compatible with selected ThinkPad models. ThinkPad model configurations offering WXGA with NVIDIA Quadro FX 2800M graphics.

17. Series 3 dock eSATA and audio ports are inactive, ThinkPad eSATA and audio ports are active.

19. To be used along with ThinkPad system battery for an extended computing experience. For more information, go to www.lenovo.com/alldaycomputing

20. May be used as the primary hard disk drive or requires ThinkPad Second HDD Adapter for Ultrabay Slim (41U3148) when used in the Ultrabay.

22. Lenovo USB Modem (43R1814) is compatibile, however the system, some or all models, has an integrated modem.

24. Compatible with selected ThinkPad models. ThinkPad model configurations offering 54mm ExpressCard slot.

26. Available on select WWAN ready ThinkPad models. For more information, visit www.lenovo.com/support/wireless

27. PC2-5300 and PC2-4200 memory can co-exist on the same system but will operate at the PC2-4200 speed.

28. Not compatible with select models operating switchable graphics

29. Compatible with: LT2452p, LT2252p, LT1952p, L2440p, L2440x, L2321x, L2261, L2060, L2251x, L2251p, L2250p, L1951p, L1900p, L1711p, L215p, L215, D195, D185 monitors

30. Support for models with switchable graphics requires driver version 4.6 available at www.lenovo.com/support/usbportreplicator

31. Compatible when using system without docks or port replicators.

32. Supports system only. Does not support Series 3 docking stations.

35. "Fn" and "Hotkey" operations vary by system, for operation information go to: www.lenovo.com/support/keyboards

36. Requires the optional 16V power tip (41R4343).

37. To be used, and is included with the 90W Ultraslim AC/DC Combo and 90W Slim AC/DC Combo Adapter. For more information, visit: www.lenovo.com/slimadapter or www.lenovopowertips.com

38. To be used, and is included with the Lenovo 90W Ultraslim AC/DC Combo Adapter, also compatible to the 90W Slim AC/DC Combo Adapter. For more information, visit: www.lenovo.com/slimadapter or www.lenovopowertips.com

42. Operates at the system's supported speed.

49. Requires ThinkPad Ultrabase Series 3 (0A33932).

50. For 2nd HDD support in the ThinkPad Ultrabase Series 3 (0A33932), the ThinkPad Serial Hard Drive 9.5mm Bay Adapter III (43N3412) is required. These drives are supported as the primary hard drive upgrade in the X220, X230 systems.

51. Compatible when using ThinkPad Battery 52 (0A36285). Not compatible when using ThinkPad Battery 52+ (0A36286).

52. Compatible when using ThinkPad Battery 67 (0A36316). Not compatible when using ThinkPad Battery 67+ (0A36317).

55. Lenovo ThinkVision monitor does not include a DisplayPort cable. To attach using monitors DisplayPort monitor port to the systems DisplayPort monitor port, the Lenovo Lenovo DisplayPort to DisplayPort Monitor Cable (0A36537) is required.

56. This system is not compatible with any of the docking stations that clip into the monitor stand, however it may be placed on the bottom plate of the monitor stand once the optional pegs are removed. X6 and X200 UltraBases are also supported on the stand once the optional pegs are removed.

57. Not compatible with ThinkPad Battery 52+ (6 cell) (0A36286).

58 Not compatible with ThinkPad Battery 19+ (6 cell Slim External (0A36280).

59. To be used along with ThinkPad system battery for an all-day computing experience. Attaches under the ThinkPad using docking connectors, not supported when using Series 3 port replicator (4336), docks (4337, 4338) or ultrabase (0A33932).

85. Requires Lenovo Slim Power Tip (0B47048).

86. Requires ThinkPad Slim Power Conversion Cable (0B47046).

87. Compatible with Win XP & Win 7. Win 8 unofficially supported by the latest driver package: http://support.lenovo.com/en_US/guides-and-manuals/detail.page?DocID=UM014961

88. Compatible with Win XP, Vista & Win 7. Win 8 unofficially supported by the latest driver package: http://support.lenovo.com/en_US/guides-and-manuals/detail.page?DocID=UM014961

Accessories and Upgrades Lenovo ThinkPad® (T,L,X,W Series)

Footnotes

1. Dual core models only.
2. Compatible, however optimized for ThinkPad W510.
3. Requires the 90W AC Adapter 40Y7659 or the adapter provided with the system.
4. To be used with the ThinkPad and IdeaPad 90W Slim AC/DC Combo adapter. For more information, visit: www.lenovo.com/support/slimadaptertips or www.lenovopowertips.com
5. To be used, and is included with the ThinkPad and IdeaPad 90W Slim AC/DC Combo adapter. For more information, visit: www.lenovo.com/slimadapter or www.lenovopowertips.com
6. System may be placed on the ledge, but no port replication or docking support is provided.
7 Support for DVI-D (Digital Video Interface - Digital) function is determined by graphic subsystem on notebook.
8. Uses the system 90W AC adapter, which can be purchased separately
9. Requires a docking solution to provide the PS/2 function.
10. Requires a bluetooth enabled system or an optional USB Bluetooth Receiver
11. Supports attachment of flat panel monitors with a 75mm or 100mm VESA mount. Weighs less than 10.9 kg (24.0 lbs) when desk mounted or 7.98 kg (17.6 lb) when wall mounted
12. 65W AC adapter supports models with integrated graphics only. Those with discrete graphics should use the 90W AC adapter.
13. This system is not compatible with any of the docking stations that clip into the monitor stand, however it may be placed on the bottom plate of the monitor stand once the optional pegs are removed.
14. USB-only attach.
15. To be used along with ThinkPad system battery for an all-day computing experience. Attaches under the ThinkPad using docking connectors, not supported when using Series 3 port replicators or docks.
16. Compatible with selected ThinkPad models. ThinkPad model configurations offering WXGA with NVIDIA Quadro FX 2800M graphics.
17. Series 3 dock eSATA and audio ports are inactive, ThinkPad eSATA and audio ports are active.
19. To be used along with ThinkPad system battery for an extended computing experience. For more information, go to www.lenovo.com/alldaycomputing
20. May be used as the primary hard disk drive or requires ThinkPad Second HDD Adapter for Ultrabay Slim (41U3148) when used in the Ultrabay.
22. Lenovo USB Modem (43R1814) is compatibile, however the system, some or all models, has an integrated modem.
24. Compatible with selected ThinkPad models. ThinkPad model configurations offering 54mm ExpressCard slot.
26. Available on select WWAN ready ThinkPad models. For more information, visit www.lenovo.com/support/wireless
27. PC2-5300 and PC2-4200 memory can co-exist on the same system but will operate at the PC2-4200 speed.
28. Not compatible with select models operating switchable graphics
29. Compatible with: LT2452p, LT2252p, LT1952p, L2440p, L2440x, L2321x, L2261, L2060, L2251x, L2251p, L2250p, L1951p, L1900p, L1711p, L215p, L215, D195, D185 monitors
30. Support for models with switchable graphics requires driver version 4.6 available at www.lenovo.com/support/usbportreplicator
31. Compatible when using system without docks or port replicators.
33. Supports system only. Does not support Series 3 docking stations.
35. "Fn" and "Hotkey" operations vary by system, for operation information go to: www.lenovo.com/support/keyboards
36. Requires the optional 16V power tip (41R4343).
37. To be used, and is included with the Lenovo 90W Ultraslim AC/DC Combo and 90W Slim AC/DC Combo Adapter. For more information, visit: www.lenovo.com/slimadapter or www.lenovopowertips.com
38. To be used, and is included with the Lenovo 90W Ultraslim AC/DC Combo Adapter, also compatible to the 90W Slim AC/DC Combo Adapter. For more information, visit: www.lenovo.com/slimadapter or www.lenovopowertips.com
42. Operates at the system's supported speed.
49. Requires ThinkPad Ultrabase Series 3 (0A33932).
50. For 2nd HDD support in the ThinkPad Ultrabase Series 3 (0A33932), the ThinkPad Serial Hard Drive 9.5mm Bay Adapter III (43N3412) is required. These drives are supported as the primary hard drive upgrade in the X220, X230 systems.
51. Compatible when using ThinkPad Battery 52 (0A36285). Not compatible when using ThinkPad Battery 52+ (0A36286).
52. Compatible when using ThinkPad Battery 67 (0A36316). Not compatible when using ThinkPad Battery 67+ (0A36317).
55. Lenovo ThinkVision monitor does not include a DisplayPort cable. To attach using monitors DisplayPort monitor port to the systems DisplayPort monitor port, the Lenovo Lenovo DisplayPort to DisplayPort Monitor Cable (0A36537) is required.
56. This system is not compatible with any of the docking stations that clip into the monitor stand, however it may be placed on the bottom plate of the monitor stand once the optional pegs are removed. X6 and X200 UltraBases are also supported on the stand once the optional pegs are removed.
57. Not compatible with ThinkPad Battery 52+ (6 cell) (0A36286).
58 Not compatible with ThinkPad Battery 19+ (6 cell Slim External (0A36280).
59. To be used along with ThinkPad system battery for an all-day computing experience. Attaches under the ThinkPad using docking connectors, not supported when using Series 3 port replicator (4336), docks (4337, 4338) or ultrabase (0A33932).
85. Requires Lenovo Slim Power Tip (0B47048).
86. Requires ThinkPad Slim Power Conversion Cable (0B47046).
87. Compatible with Win XP & Win 7. Win 8 unofficially supported by the latest driver package: http://support.lenovo.com/en_US/guides-and-manuals/detail.page?DocID=UM014961
88. Compatible with Win XP, Vista & Win 7. Win 8 unofficially supported by the latest driver package: http://support.lenovo.com/en_US/guides-and-manuals/detail.page?DocID=UM014961

Footnotes

2. PC2-6400 and PC2-5300 memory can co-exist on the same system but will operate at the PC2-5300 speed. PC2-6400 is supported on Q965 chipset (not 946GZ or Q963 chipset).

3. PC2-6400 and PC2-5300 memory can co-exist on the same system but will operate at the PC2-5300 speed.

4. PC2-5300 and PC2-4200 memory can co-exist on the same system but will operate at the PC2-4200 speed.

5. Supports attachment of flat panel monitors with a 75mm or 100mm VESA mount. Weighs less than 10.9 kg (24.0 lbs) when desk mounted.

6. Compatible with L151, L151p, L171, L171p, L172, L174, L1700p, L190x, L191, L192p, L193p, L194 Wide, L197 Wide, L1900, L1940 Wide, L1940p Wide, L201p, L220x Wide, L200p Wide, L2240p Wide flat panel monitors

7. Attaching the cable lock to any ThinkCentre form factor not only secures the ThinkCentre to the work area, but it also prevents users from opening the chassis itself.

12. Compatible with: LT2452p, LT2252p, LT1952p, L2440p, L2440x, L2321x, L2261, L2060, L2251x, L2251p, L2250p, L1951p, L1900p, L1711p, L215p, L215, D195, D185 monitors.

13. Attaches to ThinkCentre's system DisplayPort or the installed DisplayPort graphics card. For more information, go to:
www.lenovo.com/support/graphiccards   or   www.lenovo.com/support/monitoraccessories

14. "Fn" and "Hotkey" operations vary by system, for operation information go to: www.lenovo.com/support/keyboards

16. Attaches to the installed DisplayPort graphics card. For more information, go to: www.lenovo.com/support/graphiccards   or
www.lenovo.com/support/monitoraccessories

17. ThinkPad In-Ear Headphones has 1.2-meter (3.94-foot) cable length. Best suited when system is in close proximity of the system. For example: Small Form Factor (SFF)-on-desktop environments.

18. Compatible when second graphics card is not installed.do not install any other adapter card besides graphic card

19. Requires ThinkCentre Tiny Storage Unit Kit (0A65637).

20. Requires the Lenovo-installed, system specific PS2 adapter. For more information, refer to the systems Hardware Maintenance Manual.

Footnotes

2. PC2-6400 and PC2-5300 memory can co-exist on the same system but will operate at the PC2-5300 speed. PC2-6400 is supported on Q965 chipset (not 946GZ or Q963 chipset).

3. PC2-6400 and PC2-5300 memory can co-exist on the same system but will operate at the PC2-5300 speed.

4. PC2-5300 and PC2-4200 memory can co-exist on the same system but will operate at the PC2-4200 speed.

5. Supports attachment of flat panel monitors with a 75mm or 100mm VESA mount. Weighs less than 10.9 kg (24.0 lbs) when desk mounted.

6. Compatible with L151, L151p, L171, L171p, L172, L174, L1700p, L190x, L191, L192p, L193p, L194 Wide, L197 Wide, L1900, L1940 Wide, L1940p Wide, L201p, L220x Wide, L200p Wide, L2240p Wide flat panel monitors

7. Attaching the cable lock to any ThinkCentre form factor not only secures the ThinkCentre to the work area, but it also prevents users from opening the chassis itself.

12. Compatible with: LT2452p, LT2252p, LT1952p, L2440p, L2440x, L2321x, L2261, L2060, L2251x, L2251p, L2250p, L1951p, L1900p, L1711p, L215p, L215, D195, D185 monitors.

13. Attaches to ThinkCentre's system DisplayPort or the installed DisplayPort graphics card. For more information, go to www.lenovo.com/support/graphiccards   or www.lenovo.com/support/monitoraccessories

14. "Fn" and "Hotkey" operations vary by system, for operation information go to www.lenovo.com/support/keyboards

16. Attaches to the installed DisplayPort graphics card. For more information, go to: www.lenovo.com/support/graphiccards   or   www.lenovo.com/support/monitoraccessories

17. ThinkPad In-Ear Headphones has 1.2-meter (3.94-foot) cable length. Best suited when system is in close proximity of the system. For example: Small Form Factor (SFF)-on-desktop environments.

Footnotes

1. ThinkStation models offer two PCI-e x16 graphic slots allowing two graphic cards to be installed

2. Supports attachment of flat panel monitors with a 75mm or 100mm VESA mount. Weighs less than 10.9 kg (24.0 lbs) when desk mounted or 7.98 kg (17.6 lb) when wal mounted

3. Memory operating speed is dependent lowest installed speed, processor and the DDR3-1333 configuration. For more information on memory configuration, operation and limitations, go to: **www.lenovo.com/support/thinkstationaccessories**

4. Mixing UDIMM and RDIMM is not allowed. Memory operating speed is dependent lowest installed speed, processor and the DDR3-1333 configuration. For more information on memory configuration, operation and limitations, go to: **www.lenovo.com/support/thinkstationaccessories**

5. Mixing UDIMM and RDIMM is not allowed. Memory operating speed is dependent lowest installed speed, processor and the DDR3-1066 configuration. For more information on memory configuration, operation and limitations, go to: **www.lenovo.com/support/thinkstationaccessories**

6. Mixing ECC (Error Correcting Code) and non-ECC is not allowed. Mixing of memory speeds is allowed, however, the system operates at the lowest installed speed.

7. For ThinkStation S10, D10, E20, S20, D20, E30, S30, D30 attaching the cable lock not only secures the ThinkStation to the work area, but it also prevents users from opening the chassis itself. For ThinkStation C20, C20x, C30 attaching the cable lock only secures the ThinkStation to the work area.

8. Mixing of Serial ATA and SAS Hard Drives is not recommended. Most S10 models are configured with Serial ATA Hard Drives, and most D10 models are configured with SAS Hard Drives.

9. If a 2nd processor is installed, the 2nd processor must match (matched pairs) existing installed Intel Xeon processor.

10. Mixing ECC (Error Correcting Code) and non-ECC is not allowed.

11. Compatible with: LT2452p, LT2252p, LT1952p, L2440p, L2440x, L2321x, L2261, L2060, L2251x, L2251p, L2250p, L1951p, L1900p, L1711p, L215p, L215, D195, D185 monitors

12. Attaches to DisplayPort graphics cards. For more information, go to:**www.lenovo.com/support/graphiccards** or **www.lenovo.com/support/monitoraccessories**

13. "Fn" and "Hotkey" operations vary by system, for operation information go to:**www.lenovo.com/support/keyboards**

14. USB-only attach.

15. Requires the Lenovo-installed, system specific PS2 adapter. For more information, refer to the systems Hardware Maintenance Manual.

16. S20, C20 are SATA-based. SAS hard drives require the Lenovo-installed SAS controller adapter on S20.

17. 13. Attaches to systems DisplayPort, or the installed DisplayPort graphics card. For more information, go to: www.lenovo.com/support/graphiccards or www.lenovo.com/support/monitoraccessories

43. USB Y cable is always required for USB Optical Disk Drive

55. Lenovo ThinkVision monitor does not include a DisplayPort cable. To attach using monitors DisplayPort cable. To attach using monitors DisplayPort monitor port to the systems DisplayPort monitor port, the Lenovo Lenovo DisplayPort to DisplayPort Monitor Cable (0A36537) is required.

56. Lenovo ThinkVision monitor does not include a DisplayPort cable. To attach using monitors DisplayPort monitor port to the systems, or an installed graphics card with DisplayPort, the Lenovo Lenovo DisplayPort to DisplayPort Monitor Cable (0A36537) is required.

57. Lenovo ThinkVision monitor does not include a DisplayPort cable. To attach using monitors DisplayPort monitor port to an installed graphics card with DisplayPort, the Lenovo Lenovo DisplayPort to DisplayPort Monitor Cable (0A36537) is required.

58. Mixing UDIMM and RDIMM is not supported. Mixing of memory speeds is allowed, however, the system operates at the lowest installed speed.

59. Some E31 SFF do not have the appropriate face-plate for installing these options…

*1 - the 2nd processor must match the existing processor in Slot 1
*2 - 0C19488 requests a Intel direct attach 10Gb Ethernet adapter (here OC19486) as prerequisite
*3 - RD430 MTM 3065-B3x already has two 800W PSUs. It cannot have more PSU as options.
     And it is the model default for RAID 500 II.

Lenovo ThinkServer® 3rd Generation OCM Tower Series

*1 - Requires the ThinkServer RAID adapter installed (ThinkServer RAID 500 Adapter II (P/N 0A89464) or ThinkServer RAID 700 Adapter II (P/N 0A89463)

*2 - A management module included in the following models:
    0390-19x, 1Ax;
    0441-12x, 15x, 16x

*3 - 1pcs RAID 500 Adapter included in the following models:
    0390-12x, 17x
    0393-13x
    0441-11x, 12x, 15x, 16x, 19x, 1Dx, 1Fx, 1Gx, 1Jx

    If system already has RAID 500 adapter, you cannot add RAID 700 adapter without removing RAID 500 adapter; inverse, the same.

*4 - Only for following models:
    0393 - All models
    0441 - All models

LENOVO SERVICES

A Portfolio of Award-Winning Services for the DO Machine

We partner with you to provide a single source solution designed specifically to address the needs of your or your customer's organization, whether it's a one-person business or a global enterprise. Lenovo offers a comprehensive portfolio of services that support the full lifecycle of your Lenovo IT assets.

• **Warranty Service and Support** - a fixed-term, fixed-cost service solution that fits your budget and allows you to accurately predict equipment expenses over the term of coverage. The duration of cover includes the original product warranty period.

• **Warranty Extensions are** available for periods of up to five years (depending on the system). Match service coverage duration with the expected lifecycle of your PC.

• **Warranty Upgrades** allow you to vary response time and level of service to match your critical support needs up to on-site service giving you the convenience of service delivered at your place of business.

• **Accidental Damage Protection (ADP)** covers accidents beyond the system warranty and protects from non-warranted operational or structural failures incurred under normal operating conditions. With a single, predictable upfront investment, you can decrease downtime, increase productivity, and accurately predict and budget service costs for the year.

• **Keep Your Drive (KYD)** allows our customers to keep their drive, improving data security and potentially alleviating civil liability risks associated with data breach. available for all Think-branded products.

• **Priority Technical Support –** designed with the growing businesses in mind it represents an enhanced warranty plan that provides direct anytime-access to the right level of technical support on the first call, making your priority our priority. Get faster resolution of PC problems, with low, predictable pricing that helps manage overhead costs!. Available for all Think systems.

• **Sealed Battery Warranty Extensions and Upgrades** designed for ultraslim ThinkPad and ThinkPad Edge notebooks, extend both system and battery warranty to 3 years carry-in repair or on-site next business day service with ADP and KYD option. The upgrade includes a one-time battery replacement if it fails to meet the minimum performance standards.

• **Lenovo Online Data Backup - Enterprise Edition** helps to protect business-critical data, ensuring files are protected against unforeseen circumstances. The web-based administrative console provides easy account management, allowing you to either select pre-configured backup and recovery settings or customize them for your users. Please contact our Services Support Centre (SSC) for customized offering.

Find detailed information about each service on the following pages.

LENOVO SERVICES

NEW MACHINE & PART NUMBER NOMENCLATURE

Starting in February, Lenovo's IT systems will be migrating to a new platform. With that you'll see a significant change to Lenovo's part number nomenclature. This new format is designed to simplify our part number structure and processes, and allow for continued growth in our world-class portfolio. This 10 digit nomenclature allows to converge and ensure enough variability in numbering going forward, and to add a country differentiator at the end of the string. This will significantly reduce the number of Machines in the future, improving efficiency and clarity for our partners and customers.

Services part numbers will be visible simultaneously with the new hardware systems they support. They will be announced and orderable with general availability of the new systems.

LENOVO SERVICES

Recognized Globally

Lenovo is consistently recognized for service excellence. When you sell Lenovo Services, you naturally become an extension of that excellence. With Lenovo Services, the customers get a single-source solution with global coverage and scalable operations, providing reliable, product specific expertise that you can rely on.

Lenovo Award-Winning Service and Support

- Lenovo's tech support has been recognized around the globe as consistently best in class from industry sources like TBR, Laptop Magazine, PC Magazine and IDC Dataquest.
- Lenovo's service packages offer access to a wide range of information technology support services available from one of the world's leading technology services organizations.
- Our global network of regional support centers offers consistent, local-language support to your organization, customers and employees, wherever they are.

The range of service level options from Lenovo is based on specific product types and by services brand:

Service Upgrades with Sealed Battery Warranty

Lenovo's new 3-year battery warranties are available in conjunction with a purchased extension or base 3-year system warranty on several ThinkPad® and ThinkPad Edge notebooks with sealed battery technology.
A practical solution for ThinkPad X1 and ThinkPad Edge 420s owners:

- A single battery replacement by a trained technician, beyond the 1 year base battery warranty, across the term purchased
- Like for like replacement of the current size battery
- No defect or failure required
- Each bundled service package is available with Customer Carry-in Repair option or On-site Service call (next business day response time)
- ThinkPad Protection and Hard Disk Drive Retention can be purchased within the bundle

Lenovo helps Think mobile customers stay productive without sacrificing the mobility their ThinkPad provides them.

[table updated with X1 and E420s compatible service part numbers]
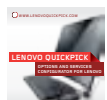

LENOVO SERVICES - SUPPORT

Lenovo ThinkPad Tablet Services

Secure, customise and upgrade the ThinkPad tablet with full portfolio of enterprise level services, and specific features to help business professionals do more on the go. Better management of multiple devices, more customisation options, higher productivity and enhanced security give you the peace of mind to make the ThinkPad tablet the go-to system for the critical business needs.

Lenovo offers a comprehensive portfolio of commercial grade services, giving customers a single-source solution with global coverage and reliable, product-specific expertise that customers can rely on. Warranty Extensions and Upgrades for the ThinkPad tablet are available for periods of 2 or 3 years (total duration), beginning with the initial warranty start date.

With **ThinkPad Tablet Protection,** your tablet is protected beyond the system's base warranty from non-warranted operational or structural failures due to drops, minor spills, electrical surges or failure of the integrated screen.

Tablets need considerable customisation before they are ready for business use. Lenovo's unique Factory **Services and Asset Tagging** give you the customisation, security and tracking ability you need to get the ThinkPad tablets effectively integrated into the organisation. Our Imaging Technology Center offers no touch provisioning with a single point of contact, saving your organisation time and money, while increasing productivity and providing the security needed for an enterprise environment. Lenovo engineers have extensive experience getting Windows® and Android to sync and so your customer's security settings are enabled right out-of-the-box - before an end-user can compromise them.

LENOVO SERVICES - PROTECTION

Keep Your Drive (KYD)

This solution based service option compliments the warranty upgrades and allows users to keep their hard drive or system disk to secure their data in case of any failure. If the customer's hard drive fails, they can retain the failed drive and Lenovo will provide a replacement hard drive (under the terms of the Lenovo warranty for selected Lenovo machines). The non-return hard drive service is advisable everywhere where protecting critical data is important to the business. It eliminates the need for tracking failed drives in transit and the associated paperwork, giving IT staff the time to concentrate on mission-critical business activities. Lenovo's KYD covers multiple drives in a system and multiple failures (some server systems can have as many as 12 hard drives).

Accidental Damage Protection (ADP)

A predictable way to keep productivity high and PC repair budgets low - Lenovo's ADP compliments warranty services with accidental damage coverage for ThinkPad notebooks.

What's covered?

ADP covers repairs and replacements damaged by the following accidents:

· Operational or structural failures under normal operating conditions or handling
· Minor liquid spills
· Unintentional drops and bumps
· Damage from electrical surges
· LCD screen failure

What's not covered?

· Cosmetic damage and damage from intentional misuse
· Damage due to unsuitable operating environment or improper maintenance
· Theft or loss
· External peripherals, consumable parts (i.e. batteries), removal or alteration of parts, mice, accessories, keyboards, printers, scanners and External power supplies
· Third-party products (even if sold by Lenovo)

LENOVO SERVICES - SUPPORT

Priority Technical Support for PC's

The ultimative service package expands Lenovo's award-winning service capabilities by giving larger customers even faster access to our advanced tech support, saving time and improving overall productivity. This enhanced warranty plan gets a fast tech-to-tech support along with IT management tools to help reduce internal helpdesk costs and better manage your overall IT environment.

The new solution is designed for customers whose business operations require priority attention to their IT support needs. Your customer's employees and operations may be found anywhere in the world. So might their IT problems. With Lenovo's Priority Technical Support, they'll have access to help almost anywhere they are.

The consolidated support packages consist of:

· 24 x 7 telephone tech-to-tech support
· 9x5 next business day onsite warranty service
· Priority call routing
· Advanced Level Technicians
· Electronic Call Tracking System
· Escalation management with customer-defined severity
· Third party software support

SERVICES FOR LENOVO THINKSERVER™

THOUGHTFUL IDEAS TO SUPPORT LENOVO SERVERS

Your customers' decision to buy a server will be made carefully and thoughtfully, taking into account not only how the server will support their business, but also how the server will be supported. Lenovo makes that decision easy. Lenovo ThinkServers are engineered for exceptional quality to support your customers' growing business needs. But, what's more, they are ably supported by award-winning Lenovo services.

Lenovo services to support ThinkServers were not only designed to address small business server support needs, but also to complement your portfolio. They facilitate sales and give you additional opportunities for revenue with the flexibility of offering complete packages or individual solutions. You can offer your customers an even higher level of service and support for their ThinkServers – leveraging Lenovo's existing support infrastructure to extend your capabilities, without any additional investment in personnel or technology. You can strengthen your relationship as a trusted advisor by providing an exceptional product with exceptional support.

PRIORITY TECHNICAL SUPPORT

BECAUSE EXCEPTIONAL MACHINES DESERVE EXCEPTIONAL SUPPORT.

ThinkServers will operate in an 'always-on' condition for years at a time, providing business-critical application support to your customers. The consolidated support package enable you to upgrade the base warranty to 3 or 5 years with:

- 24x7 hardware & software phone support
- Onsite service with next business day response
- Priority call routing to get to the front of the call queue
- Advanced-skill technicians to augment your staff and solve problems fast
- Telephone-based troubleshooting for Lenovo software with "warm" transfer to certain third-party software vendors.
  All without the added investment in infrastructure, technology and personnel.

LENOVO SERVICES

Lenovo Services for IdeaPad

The IdeaPad netbooks are complemented by an array of security and protection services that ensure users can enjoy a worry-free netbook experience. Additional services have been selected to complement the way our different segments will use their IdeaPad. These offerings focus on protecting our user's netbook and keeping their content safe.

Accidental Damage Protection

Mobility, small form factor and high usage demand protection against unexpected IT expenses. Coverage is provided for repairs resulting from drops, spills, electrical surges and more.

Specific warranty extensions and upgrades are available and are shown on the table.

Lenovo Services for IdeaCentre desktops

The warranty plans for Idea desktops extend terms and upgrade service levels of Lenovo initial base warranty. At any time during the initial warranty period, customers can choose to extend base warranty and get the fast and convenient warranty support up to 3 years.

Accidental Damage Protection

The ADP option for Idea desktops helps protect against unexpected repair expenses or new system purchases by providing coverage due to drops or fall, minor liquid spills or electrical surges and in case of all-in-one desktops also including cracked LCDs.

Lenovo Services for essential Lenovo PC

The Lenovo Essential series products have a limited warranty that covers core electronic components and limits coverage of all other hardware components. The applicable Lenovo Services extend this same limited warranty coverage - all at a price that is easy on the wallet. Specific warranty extensions and upgrades are available and are shown on the table.

LENOVO SERVICES

Electronic Service Pack

With service packages from Lenovo you purchase quality 'off-the-shelf' services solutions with fixed terms & price which can be ordered at the same time as ordering a machine. Then simply activate it on-line via the web using the given unique registration number. To register on-line via the web go to www.thinkpad.com/services/thinkplus. Electronically Lenovo Service Packages are always available when ordering and are never out of stock.

Physical Service Pack

To provide an hardcopy alternative to the well known e-pack service products, Lenovo Services also developed a family of physical service packages in limited top-sellers selection. Each physical pack (PHP) is registered individually (by the End-user) by following the enclosed instructions. The registration portal can be found at http://services.lenovo.com/registration.

Service Delivery Definitions

All Lenovo hardware products are delivered with base warranty which is an integral part of the system specifications. Lenovo provides customers with a manufacturer's warranty against faulty workmanship or defective parts, providing that the product receives normal use. The length and service comfort level are given by machine type and cannot be downgraded. The warranty period starts with the date when the product is sold to the end customer (proof of purchase date) and covers all parts and labour for a given warranty period, mostly one or three years. The length of the warranty period extension or upgrade may be up to maximum five years for Think products and three years for Idea PCs..

Warranties may be transferred to another customer if the product is sold during the warranty period. By accessing the service, the Customer may be required to provide proof of purchase to make a claim[1]. The customer is requested to work with the Lenovo repair service representative during the problem determination and to perform those activities that Lenovo may request. The problem determination aim is to identify whether the problem resides with the customer's Lenovo machine or whether the reason might be caused by other machines or software. Some problems can be resolved with a replacement part that you install yourself (such as keyboard, mouse, speaker, memory, hard disk drive, or port replicator), called a "Customer Replaceable Unit" or "CRU." If so, your Service Provider will ship the CRU to you for you to install.

Under **Customer Carry-in** or **Mail-in** repair, the product will be repaired or exchanged at a designated service center, with delivery or shipping arranged by the customer. The Customer is responsible for the delivery or mailing, as their Service Provider specifies, (prepaid by you unless specified otherwise) the product, suitably packaged to a designated location. After the product has been repaired or exchanged, it will be made available for the Customer's collection. For Mail-in Service, the product will be returned to the Customer at Lenovo's expense, unless their Service Provider specifies otherwise.

Courier Collect or **Collect & Return** - should the product require repair, Lenovo will offer a pick-up and return service. The Customer just calls our dedicated helpdesk who will quickly diagnose the problem and make the necessary arrangements to initiate the return service. The customer has to prepare the failing machine for collection arranged by Lenovo. (Collect & return service may involve packaging the product and taking to a local collection point.) A courier will pick up the customer's machine and deliver it to the Lenovo Repair Centre. Following repair or exchange, Lenovo will arrange the delivery of the repaired ThinkPad to the same customer's location where it was originally collected. The customer is responsible for installation and verification.

LENOVO SERVICES

Onsite Service level - a service technician will repair the product at the customer's site and the customer is requested to cooperate to determine the problem remotely firstly.

The Next Business Day response time is an average target and not a committed service level, neither for response time nor for problem resolution time. Lenovo provides service during normal business hours (e.g. Monday to Friday 08:00 to 17:00), excluding public and national holidays.

Limited Statement of Warranty & Warranty Lookup function is on:
www.lenovo.com/warranty/support

Services Support Centre

Need help and assistance on Lenovo Services portfolio? A new point of contact is available for you now - Services Support Center (SSC). Direct any of our Pre-Sales Services questions to the dedicated team of our Lenovo Services Agents available via Live Chat online or by phone on Monday - Friday in working hours. The Services Sales Support is provided in English.

Look for the phone numbers and Services Support Live Chat banner on the Lenovo Partner Network central
www.lenovo.com/partners

[1]If warranty has been transferred, a copy of the original purchase document which includes the machine serial number must be provided, not a copy of the transfer document.

LENOVO QUICKPICK

LENOVO QUICKPICK

AN EASY-TO-USE, WEB-BASED, OPTIONS AND SERVICES CONFIGURATOR FOR LENOVO SYSTEMS.

WWW.LENOVOQUICKPICK.COM

lenovo. FOR THOSE WHO DO.

What Is LENOVOQUICKPICK.COM?

Easy-to-use, web-based compatibility tool for Lenovo Services and Accessories. It's the fastest way to identify recommended or all standard warranty and protection service options compatible with a given system, including part numbers, description, list price and any applicable compatibility notes.

How to access and use Quick Pick?

Lenovo Quick Pick is available on the public web, so all have fast and accurate access with no login required. To access the new compatibility tool online go to **www.lenovoquickpick.com** and choose your country. Then click on the Browse Services tab and enter the product Machine Type to get the list of all supported and recommended services displayed instantly.
