- Step 12 After filling in details and after uploading the required documents, review the entire form including Fee Details in the **REVIEW SECTION**. In case, the learner wants to change any of the information filled by him/her then he/she can click on the **EDIT** button/icon of each section. After changing the information, the learner needs to again click on **NEXT** button to reach the **REVIEW SECTION**.
- Step 13 If all the information, given by the learner in the registration process is correct, then the learner can continue to make online payment by selecting the available Payment Gateways like IDBI, UBI, ICICI Bank etc. CSC wallet can also be used by CSC Village Level Entrepreneur (VLE) for making admission fee payment online. Payment will include the programme fees as applicable and **Rs. 50/- as online processing charges.**

NOTE: Kindly note that the fee payment is to be made online only. No Bank Draft/Demand Draft/Cash/Cheque or any other mode of fee payment is acceptable. All CSC and NIOS AVIs (Study Centres) are authorized for facilitating the learners to take admission online. There are no other Agencies/Cybercafe/any other institutions recognized by NIOS for doing Online Admission.

Every AVI is provided a panel on the portal with student registration, fee payment and many more features. In case the registration is done by the AVIs and the payment is made by AVIs through the AVI panel, the AVI can pay the NIOS share only for each individual student. In such case, the feature of paying the registration fee in two equal installments will be disabled for the AVIs. In case the learner pays the fees himself by choosing the AVI, the programmes/course fees would need to be paid by him/her online.

- Step 14 If you want to pay later, then click on pay later button.

Step 15 To make the payment later, you have to login again to the portal using the user name & password sent on the registered email address while registration.

Step 16 After successful transaction, the learner will receive the Fee Payment Receipt in the learner's registered email and also through SMS on his/her registered mobile number.

Step 17 After successful transaction, a Reference Number will be generated which can be used for communicating with NIOS until your admission is confirmed. Once the payment is done successfully, the learner will be allowed to see the dashboard in his/her login.

If the transaction fails then the learner needs to make the transaction again.

Step 18 For any correction in the filled in data such as name correction, father name correction, mother name correction, date of birth correction etc., student can login to the dashboard and use e-services on payment basis.

Step 19 After successful verification of the documents, payment details and the information submitted by the learner while registration, his/her admission will be confirmed and an Enrolment Number will be generated. Appropriate communication will be sent to the learner through email and SMS after the admission is confirmed by NIOS team. **Admission fee share as appropriate (AVI 60% NIOS 40% or otherwise specified) will be transferred to the AVI after the admission is confirmed. After confirmation of admission, the details of the learner along with the programme and courses selected will be reflected in the AVI's panel.**

If the candidate registers on his own then he/she has to pay full fees to NIOS, and if the candidate registers through the AVI, then only 40% of the fee share i.e. only NIOS share has to be paid.

However switching is not allowed i.e. the candidate registered on his own and then goes to the AVI, in this case 100% fee has to be paid by the learner to NIOS.

Step 20 The dashboard in the learner's login will provide the feature to manage all student related activities such as Printing the Fee Payment Receipt, Printing the Identity Card/ID Card, checking the status of the study material, which will be sent to the learner from the NIOS free of cost, registering for exams, examination fee payment and other e-services.

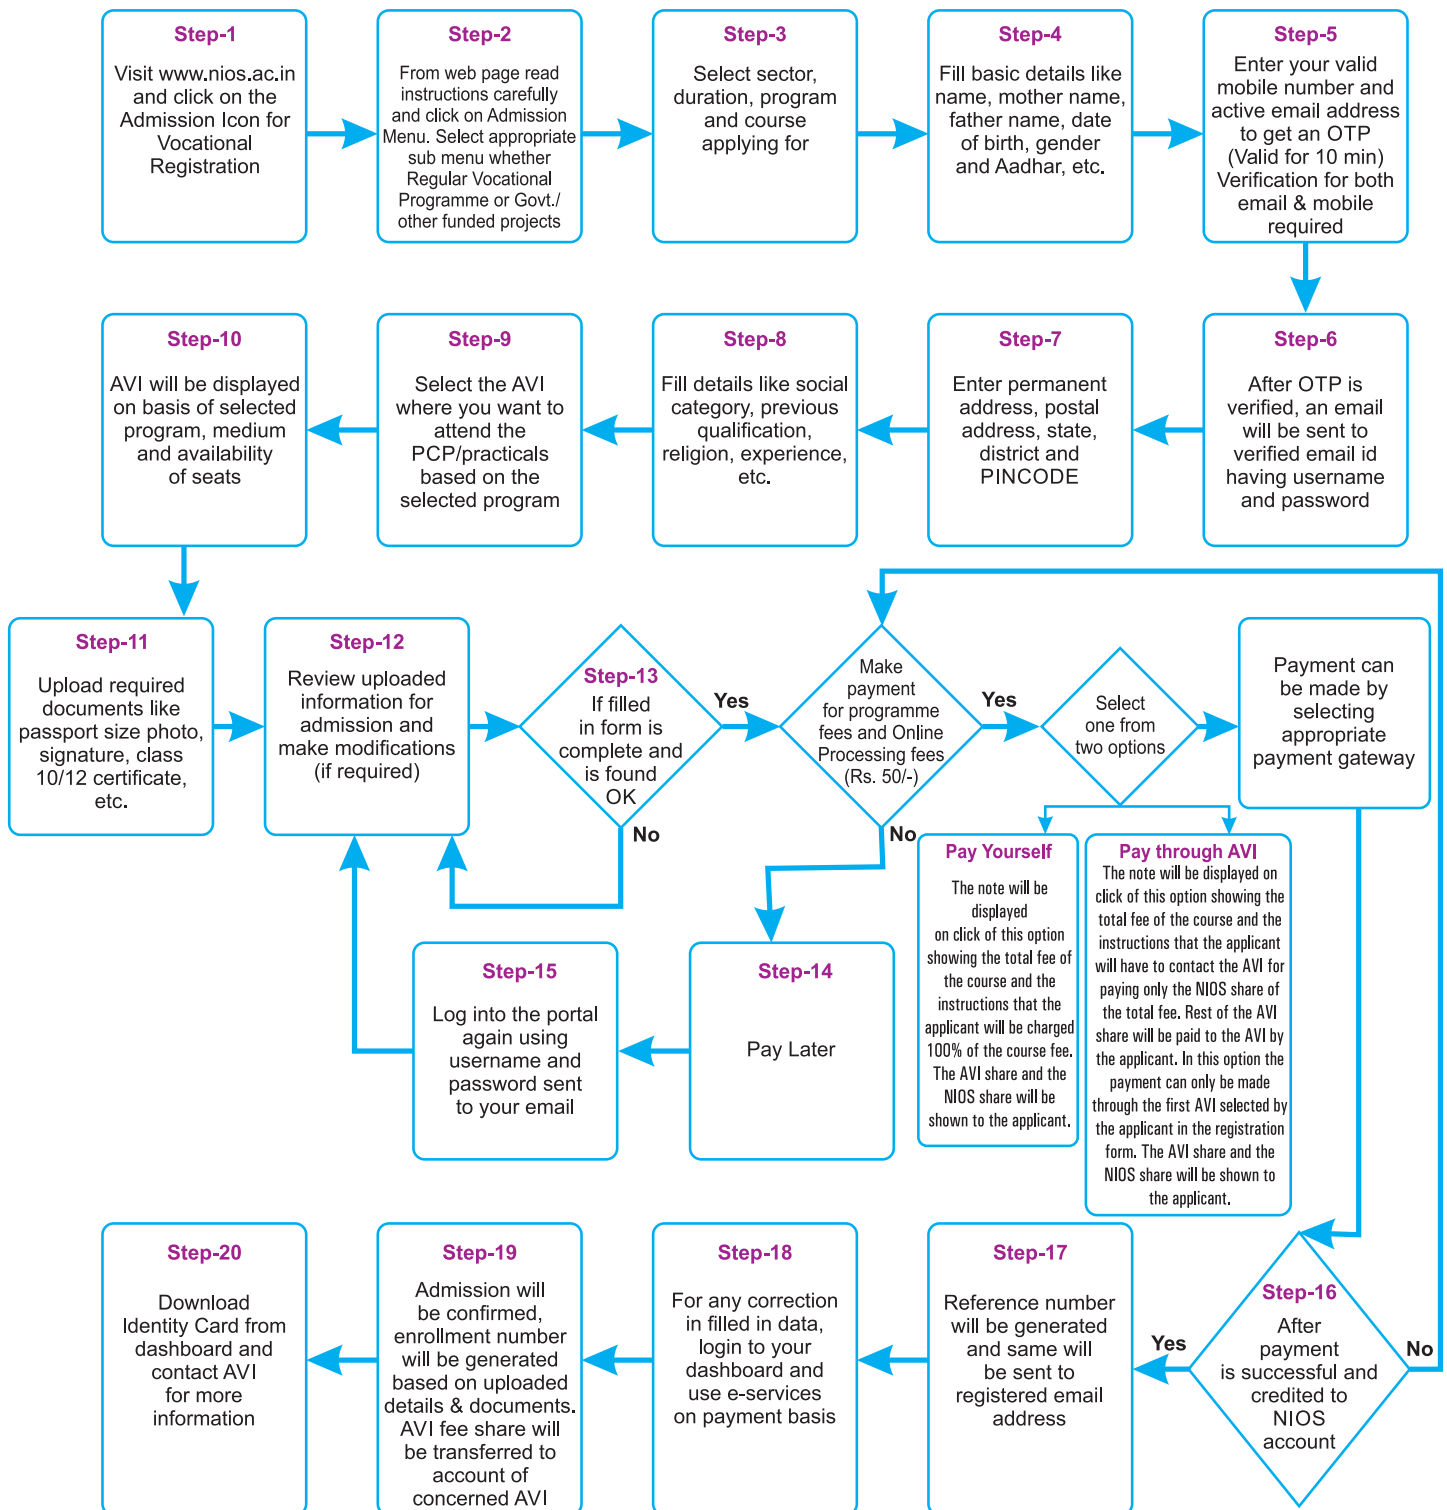

AVIs will be provided a panel to view the list of confirmed students, which are allotted to their AVI.

The learner is suggested to furnish correct and authentic information and should upload valid, authentic and relevant photo/documents in the respective sections in the application form. No changes shall be permitted in the application form after the payment is done. Furnishing incomplete/wrong information or uploading irrelevant photo/documents will make NIOS liable to cancel the registration/admission at any point of time.

For queries regarding online admission, the learner can always send an e-mail to voconline@nios.ac.in

The question papers for the theory examinations may be bilingual i.e., in Hindi and English. You may, however, write

your examinations in Hindi, English or a scheduled regional language irrespective of the medium opted for study at the time of admission.

4.3 Evaluation : Some Highlights

NIOS has devised a suitable method of evaluation considering the practical nature of Vocational Courses where more emphasis is laid on evaluation of skills acquired during the course of study. In many cases, the component of internal assessment has also been introduced to ensure continuous evaluation. Thus, there may be three components of evaluation:

- (a) Practical Examination
- (b) Theory Examination
- (c) Internal Continuous Assessment (if any)

Practical and Theory Examinations

Both the Practical and Theory Examinations are conducted twice in a year in April–May and in October–November. Practical Examinations are organized at the AVI/SAIED only.

Internal Assessment

NIOS has a provision of Internal Assessment in different courses as detailed in Table-II from pages 36 to 44. This is based on Periodical Tests, Viva-Voce, Assignments, Projects, etc. It will be conducted by AVI/SAIED. Passing in Internal Assessment, wherever applicable, is a necessary condition for passing the examination.

Results are declared approximately eight weeks after the last paper of the Public Examination.

The details about the duration of Theory and Practical examinations and the maximum marks for each paper are given at Table II from pages 36 to 44.

5.

Vocational Stream

In our country, the dropout rate after primary schools is high, perhaps due to economic and cultural reasons. Hence, it is important that an option be provided for locally relevant education to such learners. Some illustrative sectors, where vocational education can make meaningful contribution to the developmental efforts are Agriculture and Animal Husbandry, Handlooms, Handicraft, IT & ITES, Beauty and Wellness etc. The students at the Secondary and Senior Secondary level must be fully equipped with basic knowledge, technical skills, appropriate attitude and entrepreneurship ability so that they can undertake self employment or skilled wage work.

It is also visualised that many students would like to go in for Vocational Courses at Secondary and Senior Secondary level through the open learning system as it provides freedom to combine subjects in the scheme of examination. Open learning system is increasingly

becoming popular because of its capacity to provide academic and vocational education in a flexible and learner friendly manner, particularly to those learners who could not get access to the formal education system.

NIOS has introduced Vocational Stream at **the Secondary and Senior Secondary Level**, whereby concerted efforts will be put on skill training in the same or related areas combining it with two academic subjects to earn a Secondary or Senior Secondary certificate alongwith individual certificates for each vocational course.

The Vocational Stream is available in the areas of Agriculture and Animal Husbandry, Home Science and Hospitality at Secondary level and Computer and IT & ITES and Ayurveda and Yoga at Senior Secondary level.

Re : National Open School-Equivalence of Senior Secondary Certificate Examination

Dear Sir.

We have noted that Govt. of India have set up the National Open School on 23 November, 1989. The 'NOS' offers courses preparing students for the Secondary and Senior Secondary School Examinations, apart from other courses. The Govt. of India, through a Resolution, vide No. F5/23/90 dated 14 September 1990, vested the National Open School with authority to examine and certify its students.

The Association of Indian Universities, at their recent meeting has granted equivalence of the courses of NOS with those of other examinations of recognized boards for purposes of admission to higher studies at Indian Universities. The matter has been brought to the notice of all Universities in the country for their appropriate action.

Kindly write to us in case of any difficulty by the students; we would approach the Universities accordingly.

Thanking you,

Yours faithfully.

Sub: Eligibility of NIOS learners for admission to pharmacy courses.

Ref: Your letter No.V.13025/01/2013-PMS dt.12.6.2015

Sir

With reference to the subject cited above, it is informed that the above cited issue was considered by the 97th Central Council of the PCI in its meeting held in June, 2015 and decision is as under-

“The Council’s earlier decision on NIOS was reviewed. Keeping in view the larger interest of the country where thrust is given to skill development, the Council considered the issue of students who have passed from Open School system for admission to pharmacy courses. The Council reviewed its policy with the condition that quality assurance in the standards of education should be maintained by all stakeholders and if necessary evolve a mechanism for the same such as the conduct of an exit examination after the completion of the D.Pharm course and before the registration of the candidate as a pharmacist under the Pharmacy Act and approved that a student who has passed from Open School education system of the Central Govt. / State Govts. institutions be made eligible for admission to pharmacy courses as per the concerned Education Regulations.

It was further decided that an exit examination for the purpose of registration as a pharmacist will be in respect of all D.Pharm pass out students.”

As regards inserting a sunset clause in the Education Regulations, 1991, it has been decided by the Council-

- a) to initiate steps for phasing out the diploma course in pharmacy by 2020.
- b) no new D.Pharm course be given permission from 2017-2018 academic session.

Yours faithfully
