NIOS has devised a suitable method of evaluation considering the practical nature of vocational courses where more emphasis is laid on evaluation of skills acquired during the course of study. #### *Practical and Theory Examinations*

Both the Practical and Theory Examinations are conducted twice in a year in April–May and in October–November. Practical Examinations are organized at AVI/SAIED only.

# 5. Vocational Stream

In our country, the dropout rate after primary schools is high, perhaps due to economic and cultural reasons. Hence, it is important that an option be provided for locally relevant education to such learners. Some illustrative sectors, where vocational education can make meaningful contribution to the developmental efforts are Agriculture and Animal Husbandry, Handlooms, Handicraft, IT, Retail, Beauty and Wellness etc. The students at the Secondary and Senior Secondary level must be fully equipped with basic knowledge, technical skills, appropriate attitude and entrepreneurship ability so that they can undertake self employment or skilled wage work.

It is also visualised that many students would like to go in for vocational courses at Secondary and Senior Secondary level through the open learning system as it provides freedom to combine subjects in the scheme of examination. Open learning system is increasingly becoming popular because of its capacity to provide academic and vocational education in a flexible and learner friendly manner,

particularly to those learners who could not get access to the formal education system.

NIOS has introduced Vocational Stream at **the Secondary and Senior Secondary Level**, whereby concerted efforts will be put on skill training in the same or related areas combining it with two academic subjects to earn a Secondary or Senior Secondary certificate alongwith individual certificates for each vocational course.

Initially, the Vocational Stream will be available in the areas of Agriculture and Animal Husbandry, Home Science and Hospitality at Secondary level and Computer and IT and Ayurveda and Yoga at Senior Secondary level. **Re : National Open School-Equivalence of Senior Secondary Certificate Examination**

**Dear Sir.**

We have noted that Govt. of India have set up the National Open School on 23 November, 1989. The 'NOS' offers courses preparing students for the Secondary and Senior Secondary School Examinations, apart from other courses. The Govt. of India, through a Resolution, vide No. F5/23/90 dated 14 September 1990, vested the National Open School with authority to examine and certify its students.

The Association of Indian Universities, at their recent meeting has granted equivalence of the courses of NOS with those of other examinations of recognized boards for purposes of admission to higher studies at Indian Universities. The matter has been brought to the notice of all Universities in the country for their appropriate action.

Kindly write to us in case of any difficulty by the students; we would approach the Universities accordingly.

Thanking you,

**Yours faithfully.**

**Sub: Eligibility of NIOS learners for admission to pharmacy courses.**

**Ref: Your letter No.V.13025/01/2013-PMS dt.12.6.2015**

Sir

With reference to the subject cited above, it is informed that the above cited issue was considered by the 97<sup>th</sup> Central Council of the PCI in its meeting held in June, 2015 and decision is as under-

“The Council’s earlier decision on NIOS was reviewed. Keeping in view the larger interest of the country where thrust is given to skill development, the Council considered the issue of students who have passed from Open School system for admission to pharmacy courses. The Council reviewed its policy with the condition that quality assurance in the standards of education should be maintained by all stakeholders and if necessary evolve a mechanism for the same such as the conduct of an exit examination after the completion of the D.Pharm course and before the registration of the candidate as a pharmacist under the Pharmacy Act and approved that a student who has passed from Open School education system of the Central Govt. / State Govts. institutions be made eligible for admission to pharmacy courses as per the concerned Education Regulations.”

It was further decided that an exit examination for the purpose of registration as a pharmacist will be in respect of all D.Pharm pass out students.”

As regards inserting a sunset clause in the Education Regulations, 1991, it has been decided by the Council-

- a) to initiate steps for phasing out the diploma course in pharmacy by 2020.
- b) no new D.Pharm course be given permission from 2017-2018 academic session.

Yours faithfully
