As Fear of Civil War Grips Nation—

YUGOSLAVIA SAYS 'YES' TO AXIS

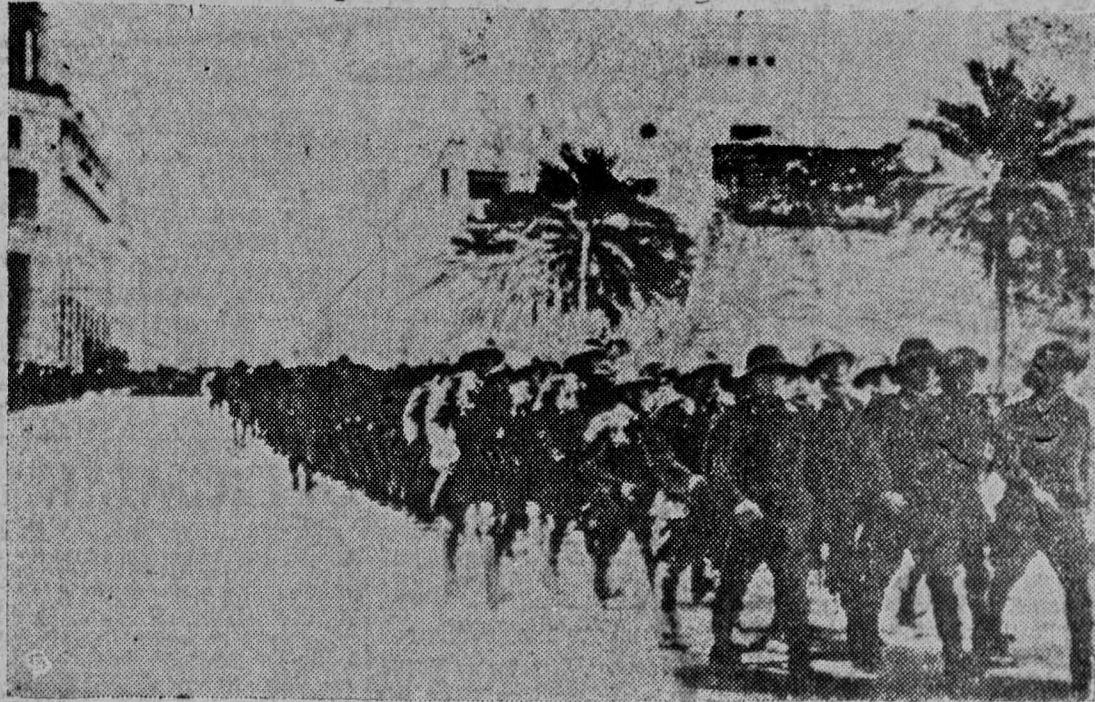

Russia Assures Turkey of Assistance If Germany Forces Country Into War

Move Indicates Soviet Against Axis Activities

Mutual Peace Treaty Will Be Re-Affirmed; Talks Held in Moscow

Ankara, Turkey, March 23.—(AP)—Diplomatic sources said early today that if the Turks are forced to fight Germany, now established on their frontier with Bulgaria, Soviet Russia will give Turkey the same help she is giving China. (Russian aid for China has been primarily in supplies.) This, these sources said, will be the meaning of a common Turkish-Russian declaration reaffirming their treaty of friendship and non-aggression. They said they expected it would be made in general terms within the next few days. The declaration, it is believed, will be published in Moscow and not signed formally because of the existence already of a non-aggression pact between the two countries, they added. It was understood to have been negotiated at Moscow by Vyacheslav Molotov, Soviet premier and foreign commissar, and Akhmet Aliyev, the Turkish ambassador. Russia recently rebuked Bulgaria for granting German troops permission to enter, telling her the U.S.S.R. "cannot share the opinion of the Bulgarian government as to the correctness of the latter's position." In that light, these sources said the Russian-Turkish declaration may be regarded as highly significant for the future of warfare in eastern Europe as well as further indication that Moscow is coming out into the open against further Nazi expansion in Russia's own spheres of influence. Should Germany and Turkey become embroiled, they said, it is expected that Russia will give all possible material aid to the Turks since it is to her interest to keep the Germans away from the Dardanelles, Turkish-guarded gateway to the Black sea, one of Russia's most important commerce routes. It was not learned immediately when the declaration would be published.

Germans at Tripoli Now Bolstering Fascist Defenders

Released by the German censor, this radiophoto from Berlin shows German troops marching through Tripoli, important seaport in the Italian African colony of Libya. These troops have already appeared in action and it is reported that Italian supply ships running the British Mediterranean blockade are loaded heavily with German tools of war.

Nazis Claim 22 British Ships Sent to Bottom Within 48 Hours

Workmen Balk At Union Acts On Army Job

FORT GEORGE G. MEADE, Mo., March 22 (AP)—Army construction corps officials said today that more than 500 workmen employed here had registered complaints against two labor unions which Capt. Charles Meyers estimated had collected "conservatively" \$400,000 in initiation dues as a pre-requisite to employment. The workmen have been engaged in erecting barracks and other buildings for an influx of soldiers expected to reach nearly 30,000. Several hundred complaints—most of them carrying the phrase "why must we pay union dues before we can work for Uncle Sam?"—were written, the army officials said, and many more were given verbally to army officers and construction company representatives.

Germans Say Many Of Sinkings Occur Near English Patrols

BERLIN, March 22 (AP)—German battleship squadron ranging the north Atlantic has sunk 22 British ships totalling more than half the 224,000 tons of British losses recorded in the past 48 hours, Germany announced today. An authorized source added: "This is only the start." The remainder of the destruction was credited to submarines, 77,000 tons; and the Luftwaffe, 31,000. The occasion was chosen to restore "we sail against England" as the theme song of the war communiques on the radio. The official war bulletin declared: "Fleet Admiral Lutjens, as leader of a battleship unit, reports as successes thus far during extensive operations by a strong sea power in the north Atlantic, the sinking of 22 enemy merchantmen amounting to 116,000 registered tons. "German battleships saved 800 survivors." DNB, official German news agency, declared many of the sinkings of British patrol vessels and that five ships from Canada were destroyed "very near enemy battle-

Government Officials Told to Join or 'Else'

Day Marked by Mass Resignations of Anti-Axis Officials; Foreign Minister Will Go To Vienna Today

BELGRADE, Yugoslavia, March 22 (AP)—The Yugoslav government, yielding to a German ultimatum, committed itself tonight to enter the axis orbit despite grave fears that the step might cause civil war. Mass resignations of high officials opposed to the alliance, street demonstrations in many cities, and uneasy friction in the army ranks were grave manifestations of the violent and growing internal dissent. The harried chief regent, Prince Paul, was reported on reliable authority, however, to have arranged for Premier Dragsis Cvetkovic and Foreign Minister Aleksander Cincar-Markovic to leave for Vienna Sunday night to come to terms with the axis, barring last-minute complications. The atmosphere was surcharged with the possibility of such complications. Government quarters said the German minister to Yugoslavia had issued a flat warning that there must be "an immediate end of procrastination" because Adolf Hitler was not prepared to tolerate delay past Sunday night. With this ultimatum hanging over his head, Paul was reliably reported to have patched up his broken cabinet by persuading Serbs to take two of the positions vacated by anti-axis members and handing the third portfolio to a Slovene already in the cabinet. According to the government plan, the cabinet would be reformed tomorrow and approve the German demands in time for the trip to Vienna, just 24 hours later than originally intended. Many observers believed, however, the government had only temporarily fixed things up. For example, the Army Reserve Officers' association disbanded today with the statement: "We have learned of an agreement which does not conform with our national honor and independence. This is why we give expression to our protest as reserve officers and combatants and have decided to dissolve our organization. "We declare ourselves ready to defend with our lives our independence, sovereignty and the frontiers of our country. We are true to our king and fatherland and inspired by national ideals."

'Aid-to-Britain' Appropriation Sped Through

Congressmen Expect Final Approval Of Measure Tomorrow

WASHINGTON, March 22 (AP)—The \$7,000,000,000 appropriation for the British aid program was sped through the senate appropriations committee in less than an hour today, and congressional leaders tagged the measure for final approval by Monday. Although the appropriations group approved the huge expenditure unanimously, Senator Nye (R-ND), ranking minority committee member, declared he might renew on the senate floor an effort to cut the amount in half. The committee made no changes in the measure passed by the house. Senate committee members declared, however, that Mr. Roosevelt would use \$1,300,000,000 of the \$7,000,000,000 appropriation to replace equipment transferred under his existing authority. Under the measure, expenditures would be divided into eight categories, but the president could transfer up to 20 per cent of one allocation to another provided no item was increased by more than 30 per cent. The allotments follow: Ordnance, \$1,343,000,000; aircraft, \$2,054,000,000; tanks and other vehicles, \$362,000,000; ships, \$629,000,000; miscellaneous equipment and supplies, 260,000,000; Facilities for building defense equipment, \$752,000,000; farm, industrial and other commodities, \$1,350,000,000; repairing ships and other defense articles, \$200,000,000. A total of \$40,000,000,000 would be provided for unspecified purposes and \$10,000,000 would be allocated for administrative expenses.

G.O.P.'s Spot H. E. Spangler

As Candidate For Consider Committeeman National Chairman

DES MOINES, March 22 (AP)—Iowa republican sources today reported they had "known for some time" that Harrison E. Spangler of Cedar Rapids, is definitely a candidate for GOP national chairman. Spangler is Iowa republican national committeeman. Reports yesterday from Indianapolis, Ind., quoted Congressman Joe Martin as saying that he would resign the GOP chairmanship Monday at a meeting of the national committee in Washington, D. C. Spangler was understood to be in Washington today. The late Harry B. Swan of Atlantic, state chairman who was killed in an automobile accident several days ago, also was mentioned before his death as a national chairman possibility. The Spangler candidacy, however, reportedly preceded the Swan boom among Iowa and some other midwestern republicans. Reports here said "definite commitments" have been made by GOP committeemen in other parts of the nation in behalf of Spangler. To Elect Chairman Meanwhile, Iowa republican state committeemen began to gather here today preparatory to tomorrow's meeting at which a successor to Swan will be named. Leading possibilities for the job of Iowa state chairmen were: Shannon B. Charlton, Manchester, fourth district committeeman; Clyde McFarlin, Montezuma, fifth district committeeman; Thad B. Snell, Ida Grove, ninth district committeeman, and Walker Hanna, Burlington, first district committeeman.

Husband Kills Mother-in-Law, Stabs Family

CHICAGO, March 22 (AP)—A Iowean husband today slew his mother-in-law and stabbed his pretty young wife and infant son, Police Chief Joseph Pilat of suburban Berwyn said, during a quarrel that stemmed from his opposition to a divorce. Mrs. Ethel Sanders, 45, was slain. Mrs. Nedra Evans, 22, who last week was selected as "the most beautiful brunette model" by a society of illustrators, and her child, Douglas Evans, two, were rushed to a hospital with wounds inflicted with a hunting knife. The chief reported that William Mortimer Evans, 25, confessed the attacks and attributed the dispute to his wife's plans to obtain a divorce. In his statement to the police Evans said: "My mother and her mother got into an argument and her mother called the police. I went after her and pulled the telephone from the wall. She started to hit me over the head with the phone and I stabbed her repeatedly with my hunting knife."

4 Destroyers Collide in Night Sea Maneuver

WASHINGTON, March 22.—(AP)—The Navy tonight disclosed that four large destroyers of the fleet force collided and were damaged slightly in technical exercises at night off Pearl Harbor, Honolulu, last night. There was no loss of life and no serious injuries to personnel, a navy spokesman said. The destroyers, all among the fleet's newer vessels, were the Aylwin, commanded by Lieut. Commander Robert H. Rogers, Staten Island, N. Y.; the Farragut, commanded by Lieut. Commander G. P. Hunter of Chesnut Hill, Mass.; the Somers, commanded by Commander Jeffrey C. Metzler of Elgin, Ill., and the Warrington commanded by Commander Frank G. Fahrton.

U.S. to Send France Flour

Will Be Trial For Relaxing British Blockade

WASHINGTON, March 22 (AP)—The United States announced today it would send \$1,000,000 worth of flour to the short-rationed people of unoccupied France as a gift, and informed quarters said the shipments would be a trial by the British of the practicability of relaxing their blockade. This was taken to mean that if no benefit accrues to Germany from the shipments, the British might permit additional food to go to the territory governed by Vichy. In agreeing to permit the freighters "Ile de Rey" and "Leopold" through the blockade, the British government insisted on provisions to insure that none of the food—or the ships—would benefit Germany or the German army. The state department announced that "the French government has given all assurances required" that: 1. The shipments will be sent solely to ports in unoccupied France. (None of France's Mediterranean ports has been taken over by the Germans and it is expected the flour will be unloaded at Marseilles.) 2. Every pound of food sent will be distributed within unoccupied France under the direct supervision of the American Red Cross. 3. Not a single pound of similar or equivalent foodstuffs will be permitted to pass from unoccupied France to occupied France. (A provision considered necessary by the British in view of reports that the Germans have been "siphoning" food from the unoccupied area into the German-controlled area in the north.) 4. The ships will return immediately to the United States. (A provision designed to insure that the two French vessels will not be turned over to the German authorities, and will not attempt to make unauthorized voyages in other areas.)

High School Players to Open Production Festival Tomorrow

"The play's the thing," is the slogan of all committees, judges and participants of the Iowa play production festival which will be held on the university campus beginning tomorrow and lasting through Friday. High school players will open the festival tomorrow morning, and hold full sway until Friday evening. Junior colleges will present their plays on Saturday, March 29, and the community play productions will be given April 3, 4 and 5. Play in U. Theater All sessions of the entire festival will be presented on the stage of the university theater, using a specially designed set which may be readily adapted to any type of play. Fourteen plays are scheduled for tomorrow, all in the class C high school group, with the first session beginning at 9:30 a.m. Judges for the class C schools are Lola Hughes, director of dramatic art at Iowa City high school, and Father James J. Donohue of the English department at Loras college, Dubuque. Class B high school plays will be judged by Major Charles C. Mather of Culver military academy, Culver, Ind. Class A high schools and the junior college plays will be judged by Prof. Wesley Swanson, president of the National Collegiate Players, and a member of the faculty at University of Illinois. All Iowa high schools may participate in the play festival, but are divided into three classes, according to their enrollment. Comments By Judges At the end of each session the judge will give a critical analysis of the plays presented during the session. Casts and directors will be invited to ask questions at this time. Announcements of awards will be made at the conclusion of the final session in each class. Season tickets may be obtained at the office of the extension division or at the theater for 50 cents. Admission for a single session is 25 cents. Official Urges Waterway Plan In Broadcast

WASHINGTON, March 22 (AP)—Contending that the St. Lawrence waterway should be developed as a defense measure, Adolph A. Berle, Jr., assistant secretary of state, said tonight that there was no assurance the European war would end before the project could be completed three years hence. "Everybody hopes that the war may be over before three years have passed," he said in an NBC broadcast. "But since nobody can guarantee that, we must not take any chances. We thoroughly believe that Great Britain will win this war, but we propose to be fully prepared for defense no matter what happens. "We think that there will be total victory for peace-loving nations in Europe. But if there is not, we are going to be set for the total defense of our own continent and our own hemisphere." President Roosevelt transmitted to congress yesterday an agreement negotiated with Canada for development of a deep-water route via the St. Lawrence from the Great Lakes to the Atlantic. Both congress and the Canadian parliament must approve the project before it can be undertaken.

Axis Looks For U.S. Downfall, Press Declares

ROME, March 22.—(AP)—The fascist press, in its daily attention to United States aid for Britain, said in effect today that the axis powers were out to overthrow American as well as British democracy. "The new Europe," declared the well-connected Relazioni Internationali of Milan, "will not forget at the opportune moment President Roosevelt's action and from now on assigns its powerful arms to the duty of liquidating with its victory over the London democracy also, the spurious democratic remnants across the ocean." Said the newspaper Il Giornale D'Italia: "The democratic powers wanted war and now must undergo defeats and ruin. The Italian revolution, begun 22 years ago, is today a world revolution." Tomorrow Italy will celebrate the 22nd anniversary of Benito Mussolini's formation of the fascist party. The day will be observed with what have been announced as "autere rites," largely mass meetings of fascist youth Italy's beleaguered Libyan oasis of Giarrabub, defended by a handful of fascist troops under a wounded commander, has fallen to superior British forces, the high command reported. Newspapers called the oasis "four months of resistance 'pure glory'."

CIO Strikers Ask U.S. Aid In Settlement

By THE ASSOCIATED PRESS A striking CIO diecasters union asked yesterday that the government take over operation of the Harvill Aircraft Diecasting corporation's plant at Los Angeles. Edward T. Cheyfitz, international secretary-treasurer of the union, said he had telegraphed this request to President Roosevelt because the company had broken off negotiations for a settlement. His charge was denied by Thomas F. Burns, senior labor consultant sent by the office of production management from Washington to the strike scene, and by Paul Shoup, a consultant in the strike appointed by the OPM. They expressed hope for an early settlement and said that neither the company nor union had "taken a position that interferes with" continuation of discussions. Cheyfitz said the consultants had proposed a plan for the strikers to return to work and arbitration of issues, but, he asserted, the company rejected arbitration, particularly on a union demand for a wage increase. There were persistent reports, meantime, in legislative circles at Washington that the government was considering taking over the Allis-Chalmers plant at Milwaukee, shut down for two months by a strike of CIO-United Automobile Workers.

Army, Airmen Split Refused

Department Opposes Division of Flyers Into Separate Force

WASHINGTON, March 22 (AP)—Undertaking a new almost ten-fold expansion of the air corps, the war department turned thumbs down today on a congressional proposal to transform it into a separate force like Germany's Luftwaffe. Opposing a bill by Senator Clark (D-Mo.) to establish a semi-independent air force and set up a new overall department of national defense, Undersecretary Patterson of the war department said the course of the European war had demonstrated that all operations must be under a single commander. "Although Germany has a separate air force," Patterson wrote the senate naval committee, "it has throughout maintained this essential unity of military control directly under the head of the government, who has his own chief of staff." Secretary Knox noted that the navy as well as the army had opposed the proposed defense reorganization for years. Air officials said today that the army air corps of 800,000 officers and men which congress was told the war department contemplated would approach in size those of Germany and Great Britain.

CIO Auto Workers Say AFL Favored

DETROIT, March 22 (AP)—The United Automobile Workers (CIO) announced today it has filed a complaint with the national labor relations board that representatives of the American Federation of Labor and the Ford Motor company met secretly at Cleveland in February to make plans to "foster and encourage" the AFL as a "company union among the employees of the Ford Motor Co. and Lincoln Motor Co."

Censorship

IF THE FREE PRESS BECOMES FUGITIVE

Censorship is a word that has ugly and unpleasant connotations to most men associated with the American press. Since the first drafting of the Constitution the tradition of the free press has been closely associated with the success of our democracy.

In dark corners now there is muttering about the advisability of muting this greatest and most effective voice of justice and freedom. There have been suggestions, so far only hinted, that this voice talks too much. They have been made by those who believe that the right of the American people to form their own opinions, from a complete knowledge of what is going on, in times of tension is an inconvenience and deterrent to national welfare.

We are hearing of things that we should not say, and of things we should mention only slightly, if this censorship should ever come to be. When that time comes, naturally enough, there are going to be more things than ever that we will know about, and that the public should know about, but that we will be powerless to convey to that public.

We do not expect that time to come, and we certainly are not recommending that it should come. In saying this we may be too optimistic. So it is well that we be prepared, and that the members of the public be prepared, too, against the time when these same misguided democrats might stifle our right to inform.

As one measure of this preparation—just in case it is necessary, remember—we want to educate our readers about a trick of reading called Reading Between the Lines. Many persons of a nasty, low, suspicious turn of mind practice this interesting feat all the time. They are the persons who peruse an innocent, simon-pure piece of writing, and in every clean-cut phrase see undertones of treason and of blasphemy.

They are the persons who interpret the word "equality" as "communism." The word "liberty" in an editorial or article, to them, means "revolution." "The most good for the greatest number" means, to them, "supreme anarchy."

In normal times a person such as this is a pest. These are not normal times, however, but times of international suspicion and distrust. Therefore we are asking our readers to learn this skill, as a precaution against the time when those mutters about the freedom of the press may have their way, and send American newspapers under censorship.

If that time of censorship comes, we should be hardput to get our message to the American public. It must necessarily be done by stealth. It must be written, in fact, between the lines of a pale, righteous editorial, so that only those who can read Between the Lines may understand it. We print an example, here, for the practice of those who are interested.

ADOLF HITLER—I

Adolf Hitler was born in the village of Braunau, Upper Austria, April 20, 1889, the son of Alois (Schicklgruber) Hitler, a customs official, and Klara Polzl Hitler. She was a Bohemian, a native of Prague, later capital of Czechoslovakia.

world, have the same freedom or liberties as do Americans. In this land one is free to go where he pleases, say what he pleases, read what he pleases.

The typical American is an upstanding, vigorous, free-thinking individual. He holds his head high and looks the world in the face. He is not afraid to stand defiantly in the eye. As the blood in his veins is that of fearless, enterprising pioneers, so is his spirit that of the undaunted men who conquered and settled this great land of ours.

He is proud of his country's greatness, knowing that it is built upon traditions of worth and unflinching honesty, and that there is no place here for chicanery or de-state structure will be as vulnerable to attack, as it is. He looks with proud disdain at lesser countries that have succumbed to independence upon the state comes as a result of fear-trigue within and invasions from without. He knows that that can never happen in a land whose structure is based upon solid worth, as is America's.

That is an example of what we mean. Read the sample editorial above several times. Become adept at creating the small, still message from the big, sanctimonious printed words.

The time may come—understand we say "may come"—when the only kind of comment an American paper may print is comment that says always "God Bless America," or "The President can do no wrong," or "Our country is always right." If this happens, it will be because leaders of some controlling circle are sure that the American people are not level-headed enough to form wise and just opinions when they know the complete story of the rapid-fire events of today's world. It is then, when criticism is needed, that our right to criticize and inform will be denied. It is then that you may have to Read Between the Lines.

A MAN ABOUT MANHATTAN

BY GEORGE TUCKER

NEW YORK—A deceptively unattractive sight in west 48th street, just off 6th avenue, is a weather-stained table standing on the sidewalk against the facade of the Bryant Book shop.

On this table is piled a rabble of books, many of them as weather-stained as the table itself. You will find old mystery thrillers, travel journals, memoirs, and many similar volumes, some second hand, others the left overs of old stock that did not sell.

But now and then one snatches a real bargain from the pile—bright, new volumes with their jackets still shiny and untouched. It is possible that these occasional finds are tossed into view as a come-on. I don't know. But I can tell you that I picked up a copy of William Faulkner's "The Unvanquished" there for just 35 cents. The volume was unsold. It had never been read. The list price was \$2.50. "The Unvanquished" is a series of interrelated short stories about the last two years of the Civil War, when it was all over, except for the fighting and the dying.

Later, at the Lexington, where I had supper, Lani McIntire chided me for misspelling his name in a recent story. "My daddy was Irish, not Scotch," he explained. "There are no 'y's' in McIntire—only two 'i's'."

Lani is one of three brothers who, via Hawaiian music, have learned the way to promotion and pay. He is a composer and for years has headed his own orchestra. His older brother, Dick, operates more than 20 studios on the west coast, where the "Dick McIntire System" of steel-guitar playing is featured. Al, the youngest of the trio, is a bass player in Lani's band.

Though these boys are half-Hawaiian, and were born in the Islands, neither could play a note when they departed from Honolulu. Dick and Lani went into navy and learned to play by sneaking off to the anchor locker, where the anchor chains are kept, to study and practice. Lani says his father left Ireland and traveled to Hawaii on an old sailing vessel. He went ashore, founded a steam laundry, and lived out his days there. Lani's mother was pure Hawaiian.

The Mediation Board Places Responsibility

WASHINGTON—You won't find the punch of Mr. Roosevelt's labor mediation board in its enabling executive order. On its legal surface it looks like a coroner's jury, set up to ponder serious strikes probably after they occur and then largely upon the cordial invitation of both strikers and management. But it has hidden preventive power which no doubt furnished some inspiration for Mr. Roosevelt's determination to set it up.

In its unapparent essence, it gives the government a moral hold on the responsible national labor leaders and those leaders who are causing much of the trouble. It places responsibility. Decisions of the board will no doubt have to be reached unanimously. Split judgment on questions of fact would only render the rulings impotent. Therefore, when the two C.I.O. and two A.F.L. representatives on the board join with their public and business colleagues, they will in effect join the government and the people in a crushing movement to put down all the unruly in their ranks.

Threat of this consolidated power hanging over the heads of the local union leaders should eliminate rump walkouts, such as the one now tying up Vanadium steel, source of needed special parts for machine tools.

CAN'T STOP STRIKES

No one expects the board to be able to stop strikes. Even in England a law against strikes failed to prevent several recently. What Mr. Roosevelt hopes to get now is a general acceptance by labor of the principle that disputes should be taken to the conciliation service and the board for fair judgment before the drastic strike weapon is used.

It remains to be seen what success this moral suasion will have, but it is only fair to say few of the well-informed have hopes as high as Mr. Roosevelt.

VICTORY FOR PERKINS

The new arrangement represents a rather complete victory of Miss Perkins over Sidney Hillman. Up until an hour before the executive order was finally signed, it contained a phrase connecting the board with the O.P.M., of which Mr. Hillman is demi-boss. This phrase was stricken out, not only upon the request of Miss Perkins but upon advice of the other head of O.P.M., William Knudsen, who thought his organization had plenty to do with production without getting mixed up in labor settlements.

Obviously Miss Perkins was trying to protect her brood in her labor department against superimposed authority of the O.P.M. But her prevailing argument was that this should be a free and independent agency under the president.

BIG NAME HEAD

Mr. Hillman also wanted a big name at the top. A good many advisers around the president shared Hillman's view that a dominant personality would aid the purely extra-legal purposes of the set-up. At one time, about a week before the announcement, Bernard Baruch was practically signed to furnish the glamor. But he backed out, pleading his years and health, and the president's choice of Clarence Dykstra represented a reluctant compromise between the Hillman and Perkins viewpoints. Dykstra already having two other jobs, either one of which would be enough to keep him busy.

The Self-Exiled Austrian

Embittered by his failure to gain recognition as an artist, Hitler quit Vienna and Austria and went to Munich, chief city of Bavaria, Germany, early in 1913. He was 24 and penniless but still clung to his art ambitions.

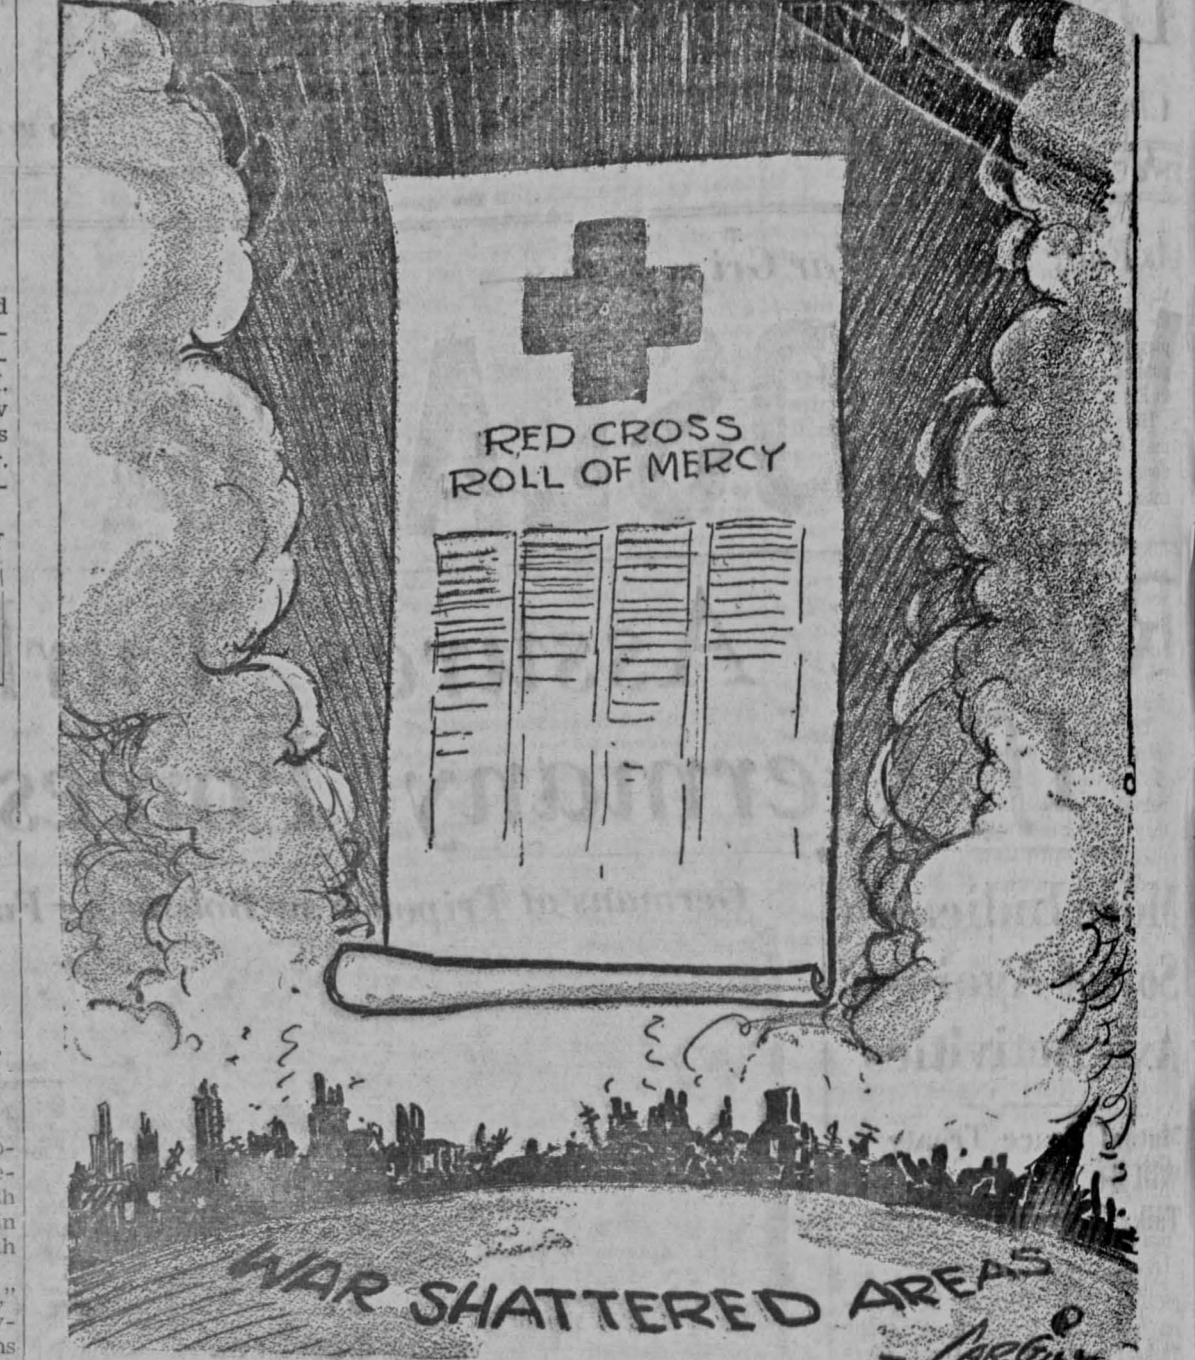

When war came to Europe, Aug. 1, 1914, the frustrated young man quickly enlisted—not in the Austrian, but the German army. He first saw action in the bloody battle of Ypres. It was his first contact with the British.

Dick Shelton Returns With Musical Mariners for Pep Jamboree April 4

Choice of Pep Queen Highlights Pi Ep Dance

Dick Shelton and his Musical Mariners will return April 4 to the main lounge of Iowa Union to play for the Pep Jamboree, an annual informal party sponsored by Pi Epsilon Pi, local pep fraternity. Highlight of the dance will be the presentation of the traditional Pep Queen and her attendants.

Shelton will bring his band to Iowa City direct from the Blackhawk hotel in Chicago. Featured vocalists will be Gloria Gilbert and Skip Farrell, who appeared with him at an earlier appearance at the Homecoming Party here this year.

The Musical Mariners were first introduced to a coast-to-coast radio audience by the Pith Summer Bandwagon in June, 1939, and they were the first unknown band that ever appeared on the Summer Bandwagon. Now they are heard nightly over radio station WGN and the Mutual Broadcasting system from the Blackhawk.

Committee members for the Pep Jamboree are Arnold Levine, A4 of Centerville; Nyle Jones, A3 of Iowa City; Walter Wright, A3 of Des Moines; Walter Sanford, A2 of Davenport; Ed Glazer, E4 of Sioux City; Howard Beals, A2 of Cedar Rapids; Louise Nathanson, A3 of Pipestone, Minn.; Margaret Mary Lynch, C3 of Algona; Rosemary Devlin, A3 of Clinton; Jean Ludwig, A4 of Ottawa, Ill., and Kathleen Davis, A2 of Des Moines.

Selection of the candidates for the title of Pep Queen will be made at a meeting of the committee Tuesday night. Nominations will be sent in by all women's organizations on the campus.

Iowa City Churches Extend Invitation to Young People

University students are invited by the churches of their choice to attend social and devotional meetings of young peoples' groups today.

"The Meaning . . ." . . . of Prayer" will be the topic discussed by Stacy Hull, A4 of Winona, Miss., at the meeting of the Roger Williams club of the Baptist church. The meeting will start at 6:30 preceded by a supper and social hour at 5:30.

In charge of the supper is Mary Lou Borg, A2 of Des Moines.

The Rev. Elmer E. Dierks will continue his discussion of "The Story of the Christian Church" at the Roger Williams Sunday school meeting at 9:45 this morning.

A Social evening has been planned for the members of the St. Paul Lutheran student association tonight in the church. The program will start at 7:30.

In charge of the evening's entertainment will be Don Wehrspann, M2 of Ottosen, and Vernia Holt, N1 of Ottosen.

"Epistles . . ." . . . to the Galatians," a continuation in the series of discussions, will be led by the Rev. A. C. Proehl, at the 6:30 vespers meeting of the Zion Lutheran student association tonight.

Lowell Satre, G of Webster City, will be in charge of the meeting.

A luncheon and social hour will be held at 5:30.

Windy Session will be the theme of the dinner-mite supper hour of Wesley foundation at 6 o'clock tonight in the Methodist student center.

The Rev. Robert H. Hamill of Centerpoint, former student pastor of the Methodist church here and director of student work until

last fall, will discuss "A Sower Went Forth."

Edison Anderson, G of Terrell, Tex., will be vocal soloist.

At the informal Information, Thanks! hour at 8 o'clock Prof. William Morgan of the school of religion, and Mrs. Morgan will continue with the third of their discussions on "Personal Resources for Marriage."

Rabbi Morris Kertzer of the school of religion will speak on "My Pilgrimage to the Holy Land" at the 6:30 meeting of Westminster foundation of the Presbyterian church tonight. James Walter, D1 of Breda, will be in-charge of the meeting.

Two violin solos will be played by Enid Ellison, A2 of Webster Groves, Mo.

The usual supper and social hour will be at 5:30 p.m.

"Social Message . . ." . . . of Christ," the second in a series of pre-Easter services, will be discussed by Alexander Kern of the English department, tonight at the Christian church Youth fellowship meeting in the Kappa Beta house, 125 S. Lucas. Mr. Kern will speak at 6:30 following a worship service at 6 o'clock led by Lorna Johnson, A2 of Newton.

Betty Colvin, A2, and Pauline Colvin, C3 of Waterloo, are co-chairmen of the informal party following the discussion.

"A Doctor Looks . . ." . . . at Religion" is the subject to be discussed by Dr. Ralph A. Dornier of the university hospital, tonight at 6:30 at the student association meeting of the English Lutheran church.

Stephen Westly, A3 of Manly, will be in charge of the meeting.

A fellowship hour and luncheon will precede the meeting at 5:45.

Pres. Hancher Wishes Women 'Casual Perfection'

Gives Advice To Delegates On Careers

"A casual perfection—that is exactly what I wish for each of you," Pres. Virgil M. Hancher told delegates and university women attending the vocational guidance conference luncheon in the river room of Iowa Union at noon yesterday.

"Our lives seem over-organized and most of us are too busy to think, although this is the time we ought to be thinking," he went on. "We know that over-tension and over-strain leads to imperfection. We must learn to bear these times calmly, sanely and wisely."

"But don't forget," he cautioned his audience, "those people whom you will meet when you have to face the world all had to face the world in their day."

President Hancher was introduced by Margaret Kuttler, A4 of Davenport, who also introduced the leaders of discussion groups and committee members for the conference.

In charge of the conference arrangements were June Hyland, A4 of Traer, chairman; Agnes Agnew, J4 of West Liberty; Mary Barnes, A2 of Iowa City; Enid Ellison, A2 of Webster Groves, Mo.; Barbara Kent, A3 of Iowa City; Mary McLaughlin, A3 of Monticello; Mary Louise Nelson, A2 of Laurens, and Jeanne Rowe, A3 of Cedar Rapids.

Jobs Open Now For Teachers, Instructor Says

Teaching opportunities for women majors in speech and dramatic art are better this year than ever before, according to Dr. Gladys L. Borchers of the department of speech of the University of Wisconsin. Dr. Borchers spoke during the afternoon session of the speech and dramatic art discussion in the senate chamber of Old Capitol, yesterday.

"Finding work in the dramatic field is a hard job," Dr. Borchers admitted. "However, determinedness to act and willingness to take the hard knocks will make it possible to get into this field. Background gained in college productions is very important experience when applying for a job."

"The study of speech and dramatic art is more important than merely as training for a profession. Recent studies have not only proved that students talked much more effectively after they took speech courses, but also proved that they developed more attractive personalities," Dr. Borchers said.

Other jobs in the dramatic and speech field include directing small community groups; reading in the field of interpretation; directing discussions, and speech pathology, according to the speaker.

"A new day has dawned in radio for women speech and dramatic majors," said Mrs. Pearl Broxam, program director of WSUI, who led the last part of the discussion.

Girls Advised On Vocations

Conference Speaker Urges College Coeds To Train Themselves

"Why should girls think seriously about vocations?" was the topic of the address given yesterday morning by Mrs. Marguerite W. Zapoleon of Washington, D. C., to the general group gathering of the "Facing the Future" vocational education conference held in Iowa Union and Old Capitol.

Mrs. Zapoleon said there were three definite reasons why girls ought to think in terms of vocations while still in college: first, most of the girls have to earn their livings, and even if they don't have to, it's a good feeling to know that they can if necessary; second, their contribution to the family and community is greater if they've had the experience of working and earning a living; and third, they can make the best contribution to society if they are trained to use their talents in some particular line, either as domestic workers, paid workers or volunteers.

Mrs. Zapoleon declared vocational planning need not be too detailed or too final. She explained that circumstances change constantly and the individual herself grows and develops continually, so in vocational training the girls should make very definite plans for the immediate future, but if planning for the far future, should keep in mind provisions for change and adjustment.

"Many women," according to Mrs. Zapoleon, "make the mistake of going into a particular field of work, simply because there is a greater demand for women workers in that field, without considering whether they have the basic qualifications for the work."

Mrs. Zapoleon also believes that most people are fitted for a great number of occupations, and would be equally successful in any certain number of different jobs, providing they are basically suited and trained to the work.

College women, she said, often do not relate their college experiences to future experiences. It is important for the girl to look at her college subjects in terms of how they will prepare her for work. She emphasized the importance of the try-out element (a chance to compare one's self with others) in extra-curricular activities.

Mrs. Zapoleon reported that in Alabama College for Women in Marietta, Ala., they had made a study in which they contacted employers throughout Alabama and successful women workers and asked them what qualities in women workers they believed to be most important for success in a job. The first three requisites were being thoroughly reliable, possessing the ability to assume responsibility in business emergencies and being tactful in meeting and dealing with all sorts of people.

Recent statistics, she said, showed that 82 per cent of all government workers were women, and

Director Talks At Discussion

History of Nursing, Opportunities Topic Of Lois B. Corder

"Nursing is one of the oldest professions for women, and yet one of the least crowded," Lois B. Corder, director of the university school of nursing told college women yesterday morning at an informal group discussion. Miss Corder is also chairman of the Red Cross committee for the state of Iowa.

"In the field of institutional nursing there are educational, administrative, and bedside nursing opportunities," Miss Corder said, "but in these progressive times, many other opportunities for nursing are opening. Industries and businesses employ hundreds of nurses; many nurses are employed in the interest of public health, and the national defense program is offering positions to thousands of nurses."

Miss Corder emphasized the main personality and character qualifications necessary for a good nurse as being good health, average mentality, reliability, loyalty, and above all a sense of responsibility to the profession and a deep interest in it.

"There are three groups of nursing schools in existence—privately owned and operated, sectarian nursing schools, and state nursing schools, such as we have here," Miss Corder explained. "Some schools offer a three-year course with no college work

Chaperon

Mrs. Gladys C. Platt, Alpha Xi Delta chaperon, will be presented to the campus at a tea this afternoon from 4 o'clock to 5:30 in the chapter house. Shirley Kugler, A2 of Idaho Falls, Idaho, president of the local chapter, Frances Pehrson of the alumnae chapter and Jean Springer, A2 of Princeton, Ill., will receive. Members of the committee in charge are Carol Christiansen, A3 of West Hartford, Conn.; Harriet Hoerner, A3 of Dubuque, and Miss Springer. Kay Mason of the alumnae chapter and Barbara Essley, C4 of New Boston, Ill., will pour. Pastel colors will be the theme of the decorations for the tea.

Strand Gives Benefit

"Of Human Bondage," starring Bette Davis, will be shown Tuesday and Wednesday at the Strand theater as a benefit performance for the local Greek war relief fund, it was announced yesterday.

'Facing Future' Groups Hear Marye Dahnke

"Anyone can have any job he wants if he wants it badly enough and is willing to pay the price."

This was the assertion of Marye Dahnke, director of the home economics department of Kraft Cheese company, in her informal talk on "Retailing of Foods" before one of the discussion groups of the "Facing the Future" vocational education conference held yesterday morning in the University Club rooms of Iowa Union.

"Industry isn't as sure of women as it is of men; therefore women aren't paid as much or advanced as rapidly. Women must pay that price because they aren't usually as stable in business as men," the speaker pointed out.

Miss Dahnke listed some of the types of work open to home economists as advertising and advertising promotion, consultant service, equipment field, finance field, the entire field of foods, journalism in magazines and newspapers, radio, work in restaurants and tea rooms and the field of textiles.

Personal qualifications necessary for an applicant in any field, Miss Dahnke listed as initiative,

Tomorrow Three Organizations To Meet

LEAGUE OF WOMEN Voters Foreign Policy study group will meet for the last time this season in the board room of the public library at 1:30 p.m.

BETA SIGMA PI will meet in the assembly rooms of the light and power company at 8 p.m.

OLD GOLD Theta Rho Girls will meet for a potluck supper at 6 p.m. in Oddfellow hall.

Colored Movies To Be Shown To Tau Gammas

"Mexican Magic," technicolor movies will be presented by Dr. Nathaniel G. Alcock of the college of medicine at the meeting of Tau Gamma at 7:30 p.m. tomorrow in the north conference room of Iowa Union.

Shirley Johnson, A3 of Iowa City, will preside at the meeting. Sing fest rehearsal has been scheduled to meet this afternoon at 2 o'clock in room 109 in Schaeffer hall.

All town women are invited to attend the meeting tomorrow evening.

Mt. Mayon, 7,943-foot volcano in Albay province, Philippines, is considered the most perfect cone in the world.

Personnel Field Shows Demand For Graduates

"In the comparatively new field of personnel work there is recognition of the individual worth of the worker—a new interest in the human factor labor," Mrs. Rheua Pearce of the personnel department of Marshall Field and company explained in her discussion of store personnel yesterday morning.

"In this day of greater need of competent personnel management, the careless firm must pay in unemployment compensation, poor relations between worker and executive, strikes and the like," Mrs. Pearce added.

Personnel types in which students are most interested may be divided into two classes—college and industrial. Counselor service, medical care, vocational guidance and placement bureaus are included in the college personnel division.

Industrial personnel covers a wide field of possibilities such as employment personnel and transfer, health and safety bureaus, research work, service programs and labor relations.

"In department store personnel work, the successful individual must possess such characteristics as being able to get along with people, to talk with people about themselves and to motivate groups," the speaker indicated.

There is an increasing demand for college graduates in the personnel field, she said.

City High To Give First Spring Concert

Iowa City high school will give its first spring concert in the school auditorium tomorrow at 8 p.m.

The orchestra will be directed by William Gower. The boys and girls' glee club will be under the direction of Ansel Martin.

There will be no advance sale of tickets and no seats will be reserved.

Rummage Sale Will Be Given By City High

Mrs. George Gay, publicity chairman for the Iowa City high school music auxiliary rummage sale, has announced the following committees for the sale:

Mrs. W. H. Simpson, Mrs. William Petersen, Mrs. E. E. Norton, Mrs. P. O. Norman and Mrs. Albert Hensleigh, rummage committee.

Mrs. William Bierney and Mrs. George Spence, magazine committee. Mrs. Fred Goff will be in charge of the collection of coat hangers.

The rummage sale will be held Saturday in the community building from 8:30 a.m. to 7 p.m. Mrs. C. L. Woodburn is chairman of the sale.

Students from Iowa City high school are collecting clothes, dishes, magazines and hangers for the sale.

Anyone wishing to contribute articles for the rummage sale is asked to phone Mrs. David Thomas, 5391, or Mrs. Frank Berger, 2245, and they will have the items collected.

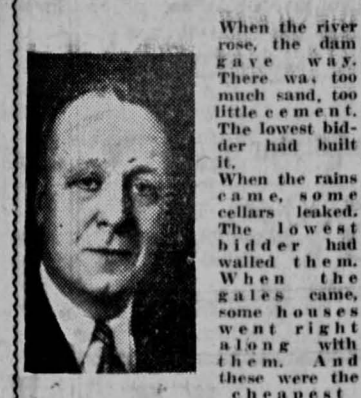

The sale will be open to the public.

This percentage was increasing due to national defense work.

Varsity Rifle Teams Shoot In State Meet

Defend Title Today Against 15 Entries In Waterloo Matches

Two university rifle teams composed of the members of Iowa's varsity rifle squad and Coach Sgt. H. W. Wendlandt left at 6 o'clock this morning for Waterloo to defend their state championship trophy at the Iowa State Rifle association's Gallery Rifle tournament.

Iowa's two four-man teams, out to retain possession of the state trophy, will also be aiming their sights in an effort to break the state record of 1,019 points out of a possible 1,200 that they themselves made last year.

15 Teams Entered

Approximately 15 teams from throughout the state will enter the match, beginning at 8 o'clock this morning in the Waterloo national guard armory and carrying through until early this evening when tabulations and awards will be made.

University riflemen will also be competing for the individual grand aggregate trophy awarded to the highest scorer in the match. Besides individual competition, the university will enter a pair of two-man teams in that event of the match.

First, second and third place medals will be awarded to individual winners and to winning two-man teams by the Becker-Chapman American Legion Post Rifle club, co-sponsors of the meet.

Members of Team

Eight university riflemen and Sergeant Wendlandt left this morning for the match. Firing on the first Iowa team will be Robert Kadgihn, A4 of Iowa City; Virgil Pettit, A3 of Des Moines; Conrad Schadt, A4 of Williamsburg, and Sergeant Wendlandt.

Ralph Bohlin, A4 of Iowa City; Jay Higbee, A4 of Iowa City; Kenneth Heller, E4 of Marengo, and J. Murray Ruby, A3 of Seymour, will compose the second team. Kay Staller, A1 of Keota, will compete for individual honors.

Pettit and Sergeant Wendlandt, and Kadgihn and Schadt will make up the university's two-man teams.

Speaks To Negro Forum

DR. S. BOSE

Dr. Sudhindra Bose, lecturer in the political science department, will be guest speaker at the meeting the Negro Forum at 7 o'clock tonight in the north conference room of Iowa Union. Dr. Bose will speak on "Social Problems in India."

Annual Mecca Week Banquet Held Last Night

A cloud of confetti and a bushel of toy horns brought out the "Irish" boisterousness of the engineers, last night, as they celebrated their 37th annual Mecca banquet, in the river room of the Union.

Prof. Raymond B. Kittredge, acting as master of ceremonies, contributed his expression to the program.

Speakers on last night's program were Dean Francis M. Dawson; Prof. B. J. Lambert and Forrest Seymour, assistant editor of the Des Moines Register and Tribune editorial page, who was the main speaker of the evening.

Hugh Guthrie, E2 of Murdo, S.D., was announced winner of the freshman scholastic award for having the highest grade point of any freshman in the engineering college last year.

Following the announcement of the newly chosen Transit staff, winners of the Transit's annual essay contest were announced. "Engineers Are Eccentrics" by Bill W. Elliott, E1 of Marshalltown, took first place, while William E. Schweizer, E1 of Keokuk, author of "Gun Versus Slide Rule," was second place winner.

The traditional Mecca week play was presented in the form of a "Quiz" contest in which five students and five faculty members took part. Though the majority of the laughter was at the expense of the faculty members, they were given the winning score in the contest.

Advertising Editor Offers Women Tips On Future Careers

For all determined women careerists Miss Elaine Patou, editor of the Minneapolis Tribune's "Peg-About-Town" shoppers page stated, "You don't find your job, you drift into the field you are naturally fitted for."

She conducted the vocational conference advertising discussion held yesterday afternoon in the House Chamber of Old Capitol.

Miss Patou presented in poster form a copy of her shoppers' page which appears every Sunday in the Minneapolis Tribune. In combination with this she traced each stage in development, from the actual soliciting of ads to the final make up which she does herself.

"Write cleverly and subtly so that the advertising pills melt away in the tonic of content," she recommended.

"Advertising openings being offered to graduates are more vast and far reaching than ever before. Newspapers, magazines, house organs, fashions, department stores and advertising agencies are all on the outlook for fresh ideas.

Scout Council Organizes 13th Iowa City Pack

 Ottumwa 9 11 7 2-29

By MAXIE ROSENBLUM
 OTTUMWA, March 22 (Special to The Daily Iowan)—St. Mary's Ramblers overcame a three-period deficit here tonight to edge out Catholic Central high of Ottumwa, 34 to 29, for the Class B sub-state title and a berth in the state tourney at Des Moines next week end.

Behind the offensive drive of Coach Francis Sueppel's high-scoring trio, Co-captains Bill Bock and Jim Chadek and forward Tony Brack, the Ramblers staged a fourth quarter rally to outscore their opponents, 19-9, and to forge into the lead for the first time in the game.

Central broke through for eight points in the first two minutes of the contest while the Iowa Citizens were still adjusting themselves to the tempo of play. Brack finally opened the scoring for the Ramblers with a close-in shot followed quickly by a bucket by Bock. "Flicker" Chadek swished one from the corner of the court after Sullivan's charity toss to end the first canto, 6-9.

The Marians' second period play was still shaky as Ottumwa outscored the Sueppelians by two points. Morrissey and Carr, back court Gaels who led their team's scoring with nine and eight markers, paced the Ottumwans in their first half attack.

St. Mary's began coming into its own after the rest period to bring the count within one point of Central at the beginning of the last quarter and then to knot the game shortly after with a free throw by Bock.

Ed Chadek Scores
 Wee Ed Chadek looped in the first basket in the period to put the Marians in the lead for the first time in the contest. Brack dropped in a penalty throw to give the Iowa Citizens a three point advantage.

"Bullet Bill" Bock then drove through with a bucket in the final minute followed closely by a counter by Jim Carr, lanky Ottumwa guard. With the gun in the air to end the contest, Jim Chadek clinched the victory with a neat shot from the side to end the evening's scoring.

Close officiating resulted in 19 penalties all together with St. Mary's collecting 10. Three men left the contest by the foul route with Tom Toohy and Bock replaced in the final canto. Love fouled out for Ottumwa.

Leading scorer of the evening was Bill Bock with 12 markers, while Jim Chadek and Tony Brack poured in 11 and 9 points respectively. Guard Morrissey contributed for nine points to lead the Ottumwa attack, followed by teammates Love and Carr with eight markers each.

Rice Shatters Indoor Two-Mile Mark in Chicago

CHICAGO, March 22 (AP)—Little Greg Rice, the human dynamo from Notre Dame and one of the greatest distance runners the American track ever has seen, ran the fastest indoor two-mile yet recorded tonight in the fifth annual Chicago relays.

The South Bend mite was timed in eight minutes, 51.1 seconds, bettering his own accepted record for the distance as well as his previous low time for the event recorded just a few weeks ago in an eastern indoor meet.

Rice laid back in second place for the first mile and a half, allowing Ralph Schwarzkopf, former Michigan ace, and others to set the pace. Schwarzkopf dropped out after a mile and a half, Rice taking the lead, lapping two runners before making his final sprint for the tape.

He hit the finish about 20 yards ahead of Mel Trutt, Des Moines, who was timed unofficially at near record time. Joe McCluskey of

By BOB HIATT
 The Iowa Fakes and Dysart's cagers swept through the semifinals of the Iowa City Gold Medal tournament last night in two torrid tilts which ended with the Fakes whipping the D & L quintet, 47-27, and Dysart's mowing down a scrappy Wilson Packers five, 48-28.

Paced by Ken Pettit, who poured in 17 points for top scoring honors of the evening, the Fakes ran away with the contest from the opening whistle. Johnny Grimm, former University of Iowa star, rang up 12 markers, to take second place in the scoring. Two of Grimm's buckets came in the first two minutes of play, and combined with a goal by Pettit to give the Fakes a six-point lead before the initial period was well started.

The D & L aggregation was headed by Howard Irvine, who garnered seven markers, and sparked the attack of the losers. Don Weagley counted six points for the D & L five.

Wilson Packers put up a spirited battle in the opening engagement of the evening before losing to Dysart's, 39-28. The Packer five were out in front at halftime by a New York was third.

His 8:51.1 time was also better than the two mile outdoor record of 8:56, held by Miklos Szabo of Hungary, who set the mark in 1937.

Rice's accepted mark for the two-mile, which he now has won in 19 straight starts, was eight minutes, 56.2 seconds, set last year.

 The Iowa Fakes and Dysart's cagers swept through the semifinals of the Iowa City Gold Medal tournament last night in two torrid tilts which ended with the Fakes whipping the D & L quintet, 47-27, and Dysart's mowing down a scrappy Wilson Packers five, 48-28.

Paced by Ken Pettit, who poured in 17 points for top scoring honors of the evening, the Fakes ran away with the contest from the opening whistle. Johnny Grimm, former University of Iowa star, rang up 12 markers, to take second place in the scoring. Two of Grimm's buckets came in the first two minutes of play, and combined with a goal by Pettit to give the Fakes a six-point lead before the initial period was well started.

The D & L aggregation was headed by Howard Irvine, who garnered seven markers, and sparked the attack of the losers. Don Weagley counted six points for the D & L five.

Wilson Packers put up a spirited battle in the opening engagement of the evening before losing to Dysart's, 39-28. The Packer five were out in front at halftime by a New York was third.

His 8:51.1 time was also better than the two mile outdoor record of 8:56, held by Miklos Szabo of Hungary, who set the mark in 1937.

Rice's accepted mark for the two-mile, which he now has won in 19 straight starts, was eight minutes, 56.2 seconds, set last year.

Wisconsin Wins Eastern NCAA Cage Tourney

Madison Wins, March 22 (AP)

The University of Wisconsin's basketball team tonight won the national collegiate athletic association's eastern cage crown and a right to represent the eastern district of the association in the NCAA national meet at Kansas City next Saturday by defeating a stubborn Pittsburgh five, 36 to 30.

Dartmouth, in a preliminary game, won third place in the eastern tournament by noosing out a versatile North Carolina team, 60 to 59.

Outplayed during the first half and trailing 8 to 14 at the intermission, Wisconsin, displaying the skill and fight which brought it the Big Ten title, dominated play during most of the final half.

The Badger high-powered scoring combination, Gene Englund, center, and Johnny Kotz, forward, sparked the Wisconsin attack. Englund collected 11 points, and Kotz was good for 10. Both also starred on defense.

Mainstay of the Pittsburgh offensive was Captain Eddy Stralocki, forward, who was particularly effective on long shots. He lagged 12 points.

The Badgers' avenged a 34 to 36 licking the Panthers handed them last December. The other two teams which defeated Wisconsin during the past season, Minnesota and Marquette, were defeated in return engagements. Wisconsin has compiled a record of 19 victories and three defeats this season.

Loy Julius Finishes in Fourth In 128-Pound Class of NCAA

Sherman Third In Consolation

Johnson, Fleming Fall In Consolation Rounds; Team Ties for 10th

BETHLEHEM, Pa., March 22 (Special to The Daily Iowan)—Iowa's 128-pound Big Ten wrestling champion Loy Julius, finished in fourth place in his weight division in the final round of the national collegiate wrestling tournament here tonight.

The diminutive Hawk was defeated by Burl Jennings of Michigan State, who went into the finals to defeat Mike Stepecky of Kent State for the title.

Julius dropped an 8-3 decision to Dillard Talbutt of Oklahoma A. and M. in final round for fourth place honors in the 128-pound division.

Billy Sherman, Coach Mike Howard's top-notch 121-pounder, threw Charles Parks of Appalachian with a half Nelson and body hold in 3:10 for third place in the consolation matches.

Art Johnson and Bob Fleming, the other two Hawkeye grapplers entered in the meet, were eliminated in the quarter-final round of competition but failed to place in the consolation round.

Aggies Win Crown
 Piling up a total of 37 points on four firsts, a second and two third places, the Oklahoma Aggies won their fifth straight national collegiate wrestling championship tonight against a field of 38 rival colleges.

Four Aggies won individual titles—Al Whitehurst, at 136 pounds, David "Buddy" Arndt at 145, Jack Van Bember at 155, and Virgil Smith at 165. Whitehurst was the only defending champion.

Sharing the spotlight with the Aggies were Michigan State's wrestling twins, Merle and Burl Jennings who won the 121 and 128 pound titles, and Dick Diabattista, University of Pennsylvania sophomore 175 pounder, who upset Al Crawford, of Appalachian college, Boone, N. C., former National A.A.U. champion to win the east's only individual championship.

Hawkeyes Place
 Michigan State's Spartans, coached by an Oklahoma A. and M. graduate and boasting four Oklahoma boys in their lineup, placed second in the team title race with 26 points. Other team scores: Minnesota 11, Yale 8, Appalachian, Kent State, Wisconsin 7 each; Kansas State and Pennsylvania 6 each; Franklin and Marshall, University of Iowa, Iowa State Teachers, five each; Penn State, Lafayette, Iowa State college, Illinois, three each; Ohio State, Duquesne, Michigan, Temple two each; Virginia Military Institute, Springfield, Rutgers, Wyoming, one each.

Leonard Levy, of Minnesota, captured the eighth championship by defeating Larry Pickett, Yale's Eastern association champion, in the heavyweight finals.

Iowans Finish High
 How the Iowans finished in the final round of the national collegiate wrestling tournament tonight:

145 pound class (final) David Arndt, Oklahoma A. and M., defeated Vernon Hassman, Iowa State Teachers, (8-3).

121 pound class (third place—consolation)—William Sherman, Iowa, threw Charles Parks, Appalachian, with half Nelson and body hold in 3:10. Parks receives fourth place.

128 pound class (third place—final)—Dillard Talbutt, Oklahoma A. and M., defeated Loy Julius, Iowa, (8-3). Julius takes fourth place.

165 pound class (for third place—final)—Charles Hutson, Michigan State, defeated Sam Linn, Iowa State, (4-0). Linn takes fourth.

Canadiens, Blackhawks Tied
 MONTREAL (AP)—A goal by Charlie Sands after 14 minutes and four seconds of the second overtime period gave the Montreal Canadiens a 4 to 3 victory over the Chicago Blackhawks last night and squared their Stanley Cup hockey playoff series at one victory apiece.

PASSING THE BUCK by BILL BUCKLEY

"Where's Oscar?"
 In answer to innumerable queries as to the whereabouts of Oscar Hargrave, former sports editor of The Daily Iowan, let it now be said that Oscar is connected with the Rock Island Argus, an afternoon paper, in connection with the city desk.

Dick Evans, who developed into a standout end on the 1939 football team after two years of comparative obscurity, and who is now taking graduate work here after a season of pro ball with the Green Bay Packers, has been working with the winners of this year's team in spring drills. . . And don't think the boys don't listen to the voice of experience.

They say that Leslie MacMittel, who is the current king of the milers in the east, has a pulse rate of only 38 per minute, as compared with the normal 72. . . Glen Cunningham also is a slow-motion specialist, with a rate of only slightly above 42. . . In fact, it seems that all top-notch long-distance runners have extremely sub-normal pulse rates. They go together, like M and X.

Football Foibles:
 Reminiscing on Chicago's former football fame, it is found that the Maroons once played 23 games in one season. . . And the largest score ever recorded in a college game was George Tech 220, Cumberland 0. . . Then there's the story that Coach Lynn Waldorf of Northwestern has never called a spring practice in the six or seven years he's been there, without precipitating a snow storm or extended cold weather spell. . . While this year, Michigan held its first session outside despite low temperatures and snow on the ground.

Looking over the roster of the St. Wenceslaus of Cedar Rapids basketball squad, one is greatly reminded of the starting lineup of the Pitt football team. . . Some of the names are Zohl, Trsnak, Polansky, Pavek, Erecg, Capek and Navratil.

Analogue state prep basketball notes concern Wisconsin's all-star get-together. . . The tourney is sponsored annually by the state university, and is publicized widely by the university press service. . . It has three divisions, A, B and C, and the grand championship is called "Unlimited". . . Fans cram the Badger fieldhouse, which seats in the neighborhood of 13,500, for all the games, much as Iowa fans supported the state tourney here last spring. . . The spirit of cooperation is so good, that any dissenting voices to change the setup are hooted down almost unanimously. . . It is done in Wisconsin, and CAN be done in Iowa.

Big League Baseball—Johnnie Humphries, who transferred his ability from the Cleveland Indians to the Chicago White Sox this year, pitched only one game for the Tribe last year. . . He turned in a three-hit job that time

All sophomore women who have not passed the university swimming test, and do not have a medical excuse filed in our office, must register for swimming in the spring term.

PROF. MARJORIE CAMP
Easter Vacation Employment
Students and all persons interested in work during the period from noon, April 9 through April 14 are now to report to the university employment bureau, Old Dental Building.

BOARD ACCUMULATION:
Sixteen and one-half days of board can be earned during this period by working not more than nine hours daily. The accumulated meal credit will be charged off at the rate of three (3) meals a day when classes are resumed.

DAILY BOARD: (3 meals) Since all jobs, especially those at meal hours, cannot be combined into accumulation schedules, a large number of men and women are needed who can work for three meals a day only for the brief vacation or part of it.

CASH EMPLOYMENT: Although employment payable in cash is very unlikely, your application will be taken and given consideration.

So that the regular student employees can have the privilege of a vacation, all persons are urged to help secure the maximum number of substitutes. All substitutes, even though secured personally, must report in person for approval and assignment at the university bureau.

35 Appointed to Advisory Board

Cancer Control Committee Has Drive in April

Mayor Henry F. Willenbrock, President Virgil M. Hancher and 33 other prominent Iowa City and university officials have been appointed as a 1941 advisory board to the newly organized Johnson county executive committee co-operating with the Women's Field Army of the American Society for the Control of Cancer.

A local drive in connection with the National Enlistment Campaign will be conducted by the Johnson county executive committee April 1 to 30. The committee's main duty is to promote educational campaigns by use of pamphlets, speeches and lectures. Two pamphlets, "Cancer Facts for Iowa" and "The Story of Cancer for High Schools" are now available.

Members of the executive committee are: Dr. Pauline V. Moore, chairman, Johnson County Medical Society committee for the control of cancer; Dr. H. Dabney Kerr, head of department of radiology, University hospital; Dr. Everett D. Plass, head of obstetrics, University hospital.

Mrs. H. D. Brice, Johnson county captain; Mrs. Lewis A. Bradley, deputy captain; Mrs. E. W. Paulus, local board, and Mrs. Clarence G. Strub, local board.

Lieutenants will be chosen from advisory board members to assist in carrying out the campaign. Each lieutenant will have charge of a county sub-division and will distribute literature concerning symptoms and control of cancer.

The annual enlistment campaign is designed to make it possible for anyone desiring to help to do so by working with a branch of the field army or enlisting or contributing one dollar. The money will be used for educational purposes, research and direct aid.

Advisory board members, besides Mayor Willenbrock and President Hancher, are Dr. Frank L. Love, president of Johnson County Medical association; Dean Ewen M. MacEwen, college of medicine; Dr. Pauline V. Moore; Robert E. Neff, university hospital administrator; Judge Harold D.

Mrs. Arthur V. O'Brien, of Iowa City, state director of the field army in Iowa for the last three years should be contacted for further information on the campaign.

Restaurateurs To Get Remit On Power Bill

Gas, Electricity Used In Foods Processing Now Ruled Tax Free

Iowa City restaurateurs will receive a 21 months' rebate from the Iowa City Light and Power company on all bills for gas and electricity used in the actual processing of foods.

In a letter to Roland Smith, president of the local restaurant owners group, Secretary Paul H. Martin of the Iowa association said the state tax commission had given approval to the plan.

The remission grows out of a special act of the Iowa legislature, March 26, 1939, which provided restaurant owners with gas and electricity tax free, providing it was used in foods processing.

Iowa City operators will receive the refund dating from passage of the act to Dec. 31, 1940.

Martin said operators should file an affidavit with the power company giving a reasonable estimate of the amount of gas and electricity used during an average month's operation.

Blanks for computing the amount of power used in food processing may be procured at the power company.

Estimates show that on a \$50-a-month bill for the past two years, the rebate would amount to approximately \$24 per operator.

Rev. F. W. Sutton To Officiate Today At Bowman Funeral

Funeral service for Mrs. Belle Bowman, 70, who died at her son Edward's home in West Liberty Friday, will be held at 2 o'clock this afternoon in the West Liberty Church of Christ with the Rev. F. W. Sutton officiating. Burial will be in Oak Ridge cemetery.

Survivors include four children, Edward of West Liberty, Joe of Wilton, Mrs. Nellie Rogers of Jackson, Mich., and Mrs. Amy Bowman Riley of Medford, N. J.

Navy Representative Contacts Local CAA For Student Pilots

Arrangements with local CAA officials for the selection of student pilot material sometime in April was made here yesterday by Lieut. Comm. K. C. Huffman, St. Louis, representing the U.S. navy. Lieut. Huffman flew here from his home city, arriving at the Municipal Airport shortly after 9 a.m. He said that advanced information concerning the course may be obtained by writing the U.S. naval reserve flight selection board, New Federal building, St. Louis.

Employment Bureau To Classify Skills Of Local Eligibles

Director William E. Barnes of the Iowa state employment service yesterday called upon the Iowa City employment office to assist in the re-classifying of all eligible men and women available for national defense work.

W. H. Simpson, manager of the bureau here, said his office would remain open from 8 a.m. to 12 noon each day to handle persons desiring to re-register for possible work under the 20 billion dollar government program.

"It is necessary for the office of production management to know how many skilled workers are available throughout the nation and what their past experience has been," the request stated.

In order to facilitate the work locally, Simpson suggested that each person bring a written statement of his work abilities over the last 10 or 15 years to assure "close classification." Included in the report should be the type and size of machines operated.

Director Barnes, undertaking a survey of Iowa's available skilled workmen for national defense, said the registration was purely voluntary and promised no certain employment.

The local branch of the state office is located in the community building.

CAMPUS GUEST STAR OF THE WEEK

JANE NUGENT
Miss Jane Nugent draws the weekly D and L award for the honor that she has received from the women of the Iowa Campus by being elected U.W.A. president. Jane is a native of Oak Park, Illinois, a Junior in the College of Liberal Arts. She has been very active in extra curricular activities... serving in the capacity of Business Manager of Frivol and at the same time maintaining a high scholastic average.

Doug & Lola of the D & L GRILL, favorite Rendezvous of the Campus Leaders, congratulate this week's winner. Please stop in for a meal "On The House"—your choice of the menu.

You should always have a jar of cookies on hand for the family to nibble on between meals. And here's where the **PASTRY PANTRY** comes in. They specialize in baking delicious home-made cookies—"the kind grandmother used to make." Dial 324, 111 East Burlington.

Poor old Bob Johann really got his dates mixed... Thought he had a date with Martha Lois Koch for the Club Cabaret... didn't... thought he had a date with her for this week end... didn't... stayed in Des Moines.

Spring is here! The birdies are a-singing and the last of the ice is floating down the old Iowa river. You are getting that old year to remain out-of-doors, and throw away those books... shall we say, "spring-fever." Perhaps you have already taken out your favorite irons, restructuring your racket... all ready for your first work out. Spring into a **YELLOW CAB** to take you to the courts and golf course. **YELLOW**s are dependable, courteous, and moreover safe. Don't give yourself a track-workout in walking over to these sport centers, but Dial 3131 and ask for **YELLOW**. Remember it's a "Thinking Fellow, that calls a **YELLOW**."

The Irish went out together on St. Pat's day. One Irish lassie came home with the Irishman's S.A.E. pin. Shure and it's Pat Hogan and Danny Whalen we're talking about.

Wonder how Becky Johnson handled the situation this week end when Chuck Waldron, her Des Moines love, came to town... Dick Breunier, Phi Psi is on the other end.

"Top down on your motor car" is part of a song and such a pleasant song these days if one has a motor car with a convertible top. Otherwise, one might just be lost in the Easter parade. **NALL'S** used cars have an appeal to students who are looking for same. They're guaranteed, re-conditioned cars now at lower prices because the supply is greater than it will be later, the choice is better, and the time has come for the spring race to begin. Get in the groove and stop at **NALL'S**... cause if it's a new one or a used one... **NALL'S** have it.

At **WILLARD'S**, with Spring, comes something new and mighty neat. It's panorama mesh, a new material that's dressey, cool and practical. You'll love one two piece dress in brown mesh. It has a long fitted coat of the same material with pearl buttons and dainty lace around the neckline and pockets. Others have short jackets, but they all have the look for an Easter parade. Polka dots in brown silk make for a tricky little spring frock and **WILLARD'S** have these too...

Jackie Doran, Theta siren, has cleared her decks for the spring season by returning the five-armed star of Ted Wolf, Sigma Nu...

Mr. Spring will be giving you an inspection from head to foot... and what will he say? Don't let him catch you with winter shades of hose with pastel skirt and spring shoe! Meet inspection and receive a full salute by wearing **SEARS** Royal Purple hose. **SEARS** have the hose in soft spring shades to blend with the hues in your skirt... in sheer, full-fashioned hose. Don't get a call-down by Mr. Spring... so call in to **SEARS** for your spring hose.

Beauty, voice, dramatic ability—it takes more than one talent to click in television. And it takes more than mildness to click with television actress Sue Read in a cigarette. "I smoke Camels," she says. "They combine a grand extra flavor and extra coolness with the extra mildness that is so essential to me."

SUCH A GRAND-TASTING CIGARETTE—CAMELS. AND THEIR EXTRA MILDNESS IS VERY IMPORTANT TO ME!

THERE ARE NO "RETAKEs" in television. Every night is first night. "That's the thrill of it," says Miss Read. "And the thrilling thing about Camels to me is that they always taste so good. I don't get tired of smoking Camels. And they really are so much cooler and milder."

The more you smoke Camels, the more

you'll appreciate the freedom from the irritating qualities of excess heat... the extra mildness and extra coolness of Camel's slower-burning, costlier tobaccos. And you'll enjoy Camel's full, rich flavor all the more, knowing—by the word of independent tests—that you're getting less nicotine in the smoke (see above, left).

J. Pluvius 'Reigns' At Dartmouth's 31st Winter Carnival - But Fails To Dampen Festive Spirit

Oldest and best known of college mid-winter carnivals is the famous Dartmouth Winter Carnival. This affair is tops for entertainment and showmanship, draws students from all parts of the country each year. After weeks of the usual cold Hanover weather, a freak warm spell brought rain to Dartmouth just in time for Carnival. The snow sculpture took a beating and snow conditions for the skiing events were poor, but the weekend was a huge success just the same. Even though they had to sit through a driving rainstorm, 2000 people sat on a snow-covered hillside for an hour to watch the colorful spectacle of Outdoor Evening. J. Pluvius found that no matter how hard he tried, he couldn't daunt the fun-loving students and their dates.

Towering more than 40 feet above the campus, "Heyderdahl", the largest snow sculpture ever constructed, set the winter sports theme for the Carnival. Heyderdahl was the first Norwegian ski jumper, made his first jump in 1547. This mammoth ice sculpture, higher than a three story building, was constructed in about two weeks, required the work of some 30 members of the Dartmouth Outing Club to do the job. Charles Weisker, left, designed "Heyderdahl" and supervised the work.

The grace and skill exhibited here by Roger Simpter, Dartmouth '49, won for him the ski jumping title at the Carnival.

Backing Up Move With Heavy Troop Concentrations on Balkan Front—

RUSSIA PROMISE

Slav Leaders Threatened With Death

Called Traitors For Submitting To Nazi Order

Guarded Train Takes Ministers to Vienna To Sign With Axis

B-U-L-L-E-T-I-N

(A report from Belgrade said Russian war materials began moving across the Caucasus frontier into Turkey only a few hours after announcement of the friendship agreement.)

BELGRADE, Yugoslavia, March 24 (AP)—Yugoslavia's leaders, called traitors and threatened with death for their submission, departed by special train tonight for Vienna to sign up the country with the German-Italian-Japanese military alliance.

The train, guarded by 50 secret agents, departed from a suburban station in an atmosphere of gravity, and upon the faces of the emissaries—Premier Dragisa Cvetkovic and Foreign Minister Cincar-Markovic—there were no smiles.

Gloomy Departure

There were no flags, no bands, and the public was barred from the platform. Attaches of the British legation announced almost at the same time that it was crowded with Serbs who wanted to enlist in the allied forces.

Vice Premier Vladimir Macek, head of the country in Cvetkovic's absence, stayed behind to try to deal with the internal disorder clearly threatening the country.

The Way Clear

Technically the way for Yugoslav membership, at Germany's demand, had been cleared by replacement of two dissident Serb cabinet ministers.

Within a few hours after Yugoslavia has signed on the dotted line, probably at noon tomorrow at Vienna, diplomats fully expect Germany will set in motion an attack on Greece.

Hardly had official quarters admitted the irrevocable decision had been taken to sign the pact when Soviet Russia and Turkey were reported by unofficial but reliable sources in Istanbul to have a counter-blow ready in case Turkey feels she must fight.

These sources said Turkey and Russia would reaffirm their friendship declaration of 1926, a step toward Russian aid "short of war" for Turkey.

At the same time high diplomatic quarters here reported that Russia had forbidden export of oil to the reich since March 1, the day Bulgaria signed with the axis, as an emphatic sign of disapproval of Germany's steady advance in the Balkans.

In a last minute effort to prevent the Yugoslav-axis deal from going through, British Ambassador Ronald Ian Campbell personally delivered to Foreign Minister Aleksander Cincar-Markovic a note (See THREATS, Page 7)

Strike Called In Huge Steel Defense Plant

BETHLEHEM, Pa., March 24 (AP)—A strike was called late today at the huge Bethlehem Steel company plant where 18,000 employees have been working on defense contracts aggregating more than \$1,000,000,000.

An hour after members of the CIO's steel workers organizing committee were ordered out, groups of pickets began marching outside each of the plant's six main gates. Chief of Police Ernest Stocker said there was "no trouble and everything is very quiet." The pickets made no attempt to prevent anyone from crossing their line.

AFL Workers March Into Harvester Plant; CIO Members Gather

CHICAGO, March 24 (AP)—Hundreds of AFL workers marched into the McCormick works of the International Harvester company under the eyes of 700 policemen today but CIO strikers called for a "mass mobilization" of fellow unionists and contended "no one will walk into" the plant tomorrow.

A spokesman for the firm stated that 3,223 employees went to work on the day shift, which provided jobs for 5,344, including office help and foremen, before a strike sponsored by the CIO Farm Equipment Workers Organizing Committee closed the big farm implement factory three weeks ago.

The FEWOC demands elimination of piece work, wage increases and recognition. The organization is on strike at three other Harvester plants in Chicago, Rock Falls, Ill., and Richmond, Ind. The McCormick works has no defense orders but makes some parts for other plants with defense contracts.

French Bread, Meat Allowances Reduced

VICHY, France, March 24 (AP)—The government announced today that the daily bread ration will be reduced from 300 to 240 grams (8.5 ounces) in France's occupied zone, effective April 1, and that it will be kept at 240 grams in the unoccupied zone.

At the same time, meat will be reduced 20 per cent—to 12 tickets of about 3.18 ounces each per month.

President Signs Bills For More Improvements At Scattered Bases

WASHINGTON, March 24 (AP)—Legislation approving a \$340,526,283 outlay for naval works, including development of offshore bases in two oceans, became law today.

The White House announced that President Roosevelt had signed two bills which authorize the program. Other bills to appropriate most of the money are on the way through congress.

The measures authorize development of the Samoan naval base and improvements at Guam, both in the far Pacific, and in Alaska, northern bastion of the Pacific defense, as well as shore projects in continental United States.

The legislation also authorizes expenditures for the development of Atlantic and Caribbean sites leased from Great Britain. Formal leases for the bases are to be signed at London within the next two days by Ambassador John G. Winant and Prime Minister Churchill.

Joseph Martin Will Remain G.O.P. Head

WASHINGTON, March 24 (AP)—Representative Joseph W. Martin, Jr., of Massachusetts, agreed today to remain as chairman of the republican national committee after the committee had voted unanimously to reject his resignation.

Because of his duties as house minority leader, however, Martin said he would need a salaried assistant or executive director to do the main chores at the committee. He added he already had the power to name such a man and probably would do so in a few weeks, although he had no one in mind at this time.

Harrison E. Spanger, national committee chairman from Iowa, and State Chairmen Arch N. Bobbitt of Indiana and Kenneth Wherry of Nebraska, were mentioned, among others, for the post.

The committee, meeting for the first time since the November elections, avoided policy discussions and devoted its sessions solely to organization problems.

Martin opened the meeting with a plea that the republican party "police and audit the new deal administration to protect our country from financial, political, and social bankruptcy."

Nazis Report British Losses 30,000 Tons

New Raiding Scheme Of Synchronizing Battleships Employed

BERLIN, March 24 (AP)—Germans officially reported today the destruction of at least 30,000 additional tons of British shipping, and issued an eye-witness account of how a earlier "cat and mouse" drama ended in the sinking of 1,000 tons by U-boats supported by battleships—a new raiding technique.

The Nazi story of the war sea thus was in two sections. First, dealing with current action and issued by the high command itself, declared that U-boats operating in the North Atlantic just knocked out 27,500 tons; two small ships aggregating 1,000 tons had been sunk by reconnaissance planes north of Scotland in the waters of the Shetland islands a 6,000-ton merchantman had been "subdued" by dive-bombing attacks; that in Mediterranean south of Crete 1,000 tons of shipping had been attacked and heavily damaged.

The second engagement, which the Germans termed history that it was "probably the success by cooperation of battleships and U-boats in ocean warfare," was said to have taken about at mid-Atlantic.

German surface ships were declared to have held off British warships, including a British battleship of the 31,000-ton "M-class" while submarines probed about beneath to loose their pedoes.

Senate Okays Appropriation

Seven Billion Dollar Bill Passed After 2-Hour Discussion

By RICHARD L. TURNER
WASHINGTON, March 24 (AP)—The senate passed the \$7,000,000,000 lease-lend appropriation bill today by a national-unit vote of 67 to 9 and plans were to fly it tomorrow to President Roosevelt, vacationing in the Caribbean.

The action came after less than two hours' discussions and the position did not so much as an amendment. The debate, fact, consisted largely of comments of position from so many the senators who had against the original lease-lend authorization bill, but for its appropriation.

The \$7,000,000,000 fund, the nation's largest peacetime appropriation, would provide, among things:

- \$2,054,000,000 for aircraft accessories.
- \$1,343,000,000 for ordnance supplies.
- \$1,350,000,000 for the purchase of miscellaneous agricultural and industrial articles.

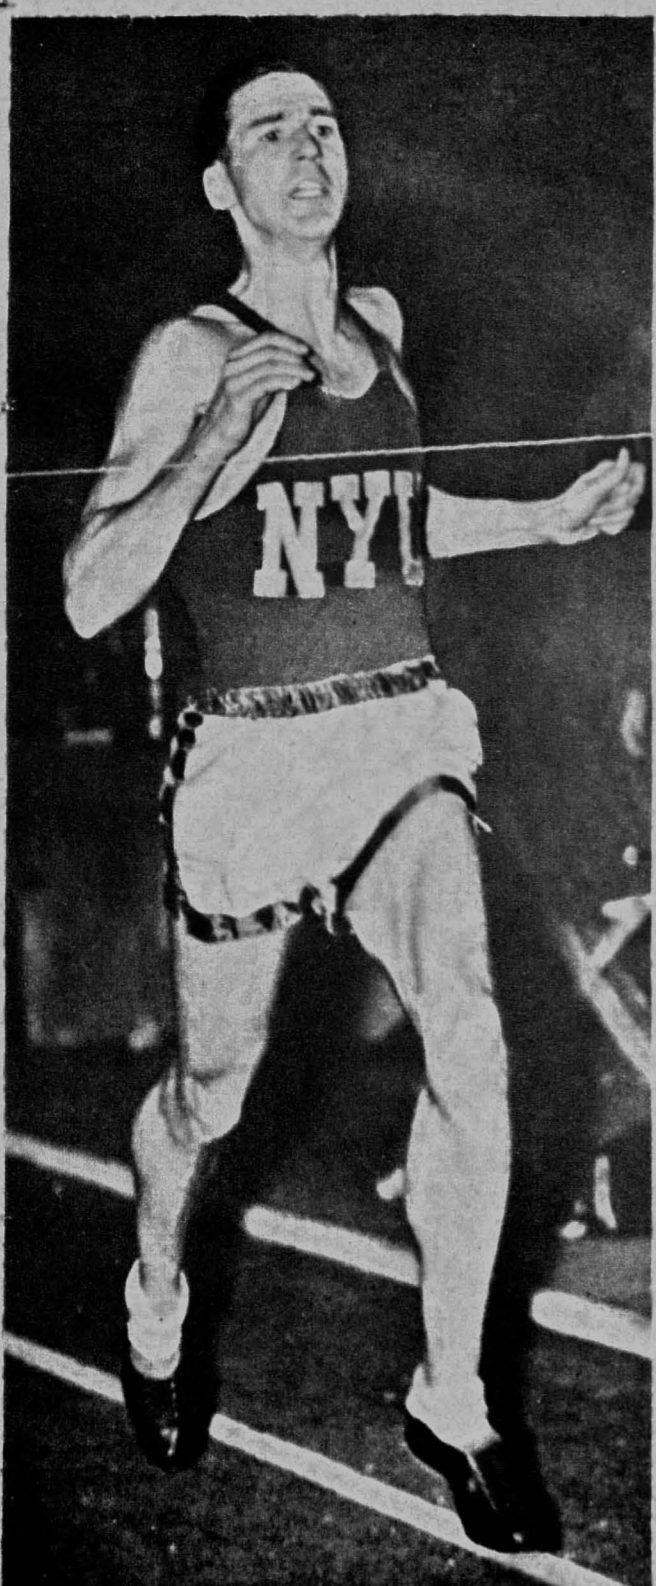

Lesser sums were included for tanks, for repairing and fitting belligerent vessels in can ports, for building or wise acquiring factories or sites for the manufacture of supplies, and for the expense of administering the act.
