**Cat6 900 Series Patch Cables** - Achieves a higher performance connection by reducing interference from nearby cables and IT hardware. The CAT6 standard delivers higher performance and reliability than CAT5e by reducing packet loss and the need for retransmissions.

CAT6 900 Series Patch Cables						
Length	Gray	Blue	Black	Red	Green	Yellow
1'	A3L980 -01-S	A3L980 -01-BLU-S	A3L980 -01-BLK-S	A3L980 -01-RED-S	A3L980 -01-GRN-S	A3L980 -01-YLWS-S

**Bulk Cables**

Belkin bulk cable is available in 1000-foot lengths. 250-foot and 500-foot boxes are also available in some of the items below. Please contact your Belkin representative for more information.

**CAT5e 700 Series Bulk Cable** - Reliable CAT5e standard performance

CAT5e 700 Series Bulk Cable				
Type	Gray	Blue	Red	Yellow
Stranded UTP	A7J304 -1000	A7J304 -1000-BLU	A7J304 -1000-RED	A7J304 -1000-YLWS
Stranded UTP Shielded	A7J304 -S	A7J304 -1000-BLH	A7J304 -1000RD -H	A7J304 -1000YL -H
Solid UTP	A7L504 -1000	A7L504 -1000-BLU	A7L504 -1000-RED	A7L504 -1000-YLW
Solid ScTP	A7L504 -1000-SH			
Solid Plenum -Rated UTP	A7L504 -1000-P	A7L504 -1000-BLP	A7L504 -1000-P-R	
Solid Plenum -Rated FTP Shielded	A7L504 -1000-P-H			

**CAT6 900 Series Bulk Cable** - The CAT6 standard delivers higher performance and reliability than CAT5e by reducing packet loss and the need for retransmissions.

CAT6 900 Series Bulk Cable				
Type	Gray	Blue	Red	Yellow
Stranded UTP	A7J704	A7J704 -BLU	A7J704 -RED	A7J704 -YLW
Solid UTP	A7L704 -1000	A7L704 -1000-BLU	A7L704 -1000-RED	A7L704 -1000-YLW
Solid Plenum -Rated UTP	A7L704 -1000-P	A7L704 -1000BL -P		

**Integration Series CAT6 System Bulk Cable** - Impedance-matched to function flawlessly with Integration Series CAT6 System components. Integration Series bulk cables build upon the performance benefits of CAT6 to ensure end-to-end system performance.

Integration Series CAT6 System Bulk Cable			
Type	Gray	Blue	Red
Solid UTP	A7L714 -1000	A7L714 -1000-BLU	A7L714 -1000-RED
Solid Plenum -Rated UTP	A7L714 -1000-P	A7L714 -1000-BLP	A7L714 -1000-P-R

**Patch Panels**

Belkin Patch panels support multiple labeling systems, accept both 568A and 568B wiring schemes, and ship with an included strain-relief bar.

Integration Series CAT6 system patch panels are optimized to seamlessly interface with integration Series bulk cable and patch cables. Impedance-matched components ensure end-to-end CAT6 performance throughout a structured cabling infrastructure.

Patch Panels		
Type	CAT5e 700 Series	Integration Series CAT6 System
12-Port Wall -Mount	C-PP5-12-W-BK	F4P638-12AB5-WM
12-Port Rack -Mount	C-PP5-12-F-BK	F4P638-12-AB5
24-Port Rack -Mount	C-PP5-24-F-BK	F4P638-24-AB5
48-Port Rack -Mount	C-PP5-48-F-BK	F4P638-48-AB5

**Keystone Jacks**

Belkin keystone jacks are designed for easy installation. The inserts can be wired for both 568A and 568B, and snap quickly and positively into a variety of surface-mount boxes and wall plates.

Integration Series CAT6 System inserts are impedance-matched to interface seamlessly with integration Series bulk cable and patch cables.
