2. All attendees of the pre-bid conference held on April 4, 2017 shall disregard all hard copies of the solicitation which included a draft Amendment 01 as provided and replace with this Amendment 01 dated April 4, 2017.
3. On page 1 of the solicitation delete Section 2 - Contract Number and Section 3 Solicitation Number in their entirety. Replace the Section 3 Solicitation Number with GAGA-2017-I-0017.
4. On page 3, delete Section B.4 Price Schedule in its entirety and replace with Section B.4 Price Schedule incorporated as Attachment A. See Attachment A to this Amendment 01.
5. On page 21, add Sections C.1.1 – C.1.5 as follows: **C.1.1 Service Provider Invoice (SPI)** - DCPS currently receives a discounted rate between 80-90% depending on the discounted service. Using this billing method, the District would pay between 10-20% of the cost of service and the contractor would recoup the balance by completing the [FCC Form 474](#). More information can be found at <http://usac.org/sl/service-providers/step05/default.aspx>

C.1.1.1 The contractor must understand and accept that they will request reimbursement from USAC using the SPI method once the Funding Commitment Decision Letter is received and invoice the District only for the non- discounted amounts due on E-rate approved transactions while simultaneously invoicing the Universal Service Administrative Company (“USAC”) for the balance [Service Provider Invoice Method “SPI”].

Until the funding letter is issued, DCPS will be responsible for 100% of the service costs on a monthly billing basis.

C.1.2 - Discounted Invoice Process (SPI Method) Invoicing - Within fourteen (14) days from the date that Contractor delivers to the District, E-rate approved materials or services, when delivery of such services triggers a payment obligation under Contractor’s contract with the District, Contractor must invoice the District for its share of the pre-discount cost of those materials or services.

C.1.3 - Timely Filing - Contractor shall be solely responsible for timely filing invoices with USAC. Accordingly, Contractor understands and agrees that District will NOT be liable to Contractor and Contractor shall have no recourse against the District for any discounted amount that Contractor submits late to USAC for payment, if USAC refuses to pay the invoice due to late filing.

C.1.4 - Invoice Rejection - Contractor understands and agrees that District shall not be liable to Contractor and Contractor shall have no recourse against the District for any discounted amount that Contractor submits to USAC for payment if Contractor is at fault for USAC’s refusal to pay; if the District is at fault, the

District shall not be liable to Contractor and Contractor shall have no recourse against the District for the amount at issue until both the District and the Contractor have exhausted their administrative remedies of appeal to USAC and/or the FCC.

C.1.5 - District Approval - Contractor shall submit to the District for its review and approval before submitting it to USAC for payment a copy of every invoice that Contractor intends to submit for services that it has provided or, in appropriate circumstances, will be providing to the District. The District shall not unreasonably delay or withhold approval of Contractor's USAC invoices. As Contractor is solely responsible for timely filing invoices with USAC, it understands that it must submit invoices to the District sufficiently in advance of any USAC filing deadline to ensure that there will be adequate time remaining for it to meet the USAC filing deadline after the District has had a reasonable opportunity to review and approve them.

6. On page 22, Section C.3 (Definitions), delete FCC Form 498 and replace with FCC Form 474: *Service providers file an FCC Form 474 (SPI Form) to request payment of the discount amount for eligible services after billing applicants for the non-discount share of the cost of those services.
